SESSION ASSURES FAIR AT JEROME

Chamber of Commerce Sponsors Exhibit, Providing No Tax Money Be Used

JEROME, Aug. 23 (Special to The News)—Jerome county will have a fair this year, but no tax money will be used in financing it, and committees will be appointed to work with the fair board in the near future, as a result of a meeting held here this week.

Frank Dayley, president of Jerome County Chamber of Commerce, said at this meeting to formulate definite plans for the fair. Those attending were Guy Humphrey, chairman of Appeal Committee; Guy Humphrey, chairman of Pleasure Plains Orange; Joe Handy, master of the Canyon Side Orange; E. M. Green, master of the Pioneer Orange; and also members of the Jerome county fair board, O. L. Thorson, president; Earl F. Kennedy, secretary-treasurer; W. W. Wilson, R. E. Shawver, directors; Tom Ripcord, county agent; John Smith, J. C. Lawrence, members of the Jerome Orange; also L. W. Sandberg, Harry Nims and Guy Stanton, members of the American Legion.

After some discussion this group of citizens went on record to have a fair providing it did not use any revenue derived from taxation.

They also passed a resolution instructing the chairman of the meeting, Frank Dayley, to appoint a committee to work in conjunction with the fair board in putting on the 1939 fair.

The tentative plan is not to pay out any prizes for entries of livestock, agricultural, fancy work or other exhibits, except those in connection with the 4-H club district fair; to have all odds, civil operations and Grand Stand operate in the work and management of this fair, and in arranging for exhibits and also forms of entertainment.

There is not any definite arrangements for the grandstand attractions or racing yet, but this committee expects to make arrangements to take entire charge of the grandstand attractions and pay for the cost of this entertainment out of the revenue derived from the sale of tickets.

Jerome Chamber of Commerce is sponsoring and promoting this fair with the co-operation of the various units of the county under the supervision of the fair board.

Earl F. Kennedy, who is secretary-treasurer of the Jerome county fair board, will continue his work for the fair, he said, the chamber of commerce.

EGAN'S COUNSEL OUTLINES CASE

Defense Experts to Prove Verne Doran, Without Aid, Killed Elderly Woman

SAN FRANCISCO, Aug. 23 (AP)—Defense counsel for Frank Egan and Albert Thumlin on Tuesday made a statement of the case. Verne Doran, who was killed by the woman, said she was robbing her home.

Doran was the star witness of the prosecution, which closed its case today. Doran had testified he and Thumlin, working under orders from Egan, had rolled the woman into an automobile over her in her garage.

The long-awaited defense charge that Egan and Thumlin were the victims of a frame-up came when Verne Doran, Egan's attorney, in his opening statement said the defense would prove Doran told a fellow prisoner while he, Doran, was in the city jail that he was in a terrible position, that he feared his wife was going to be topped in an underworld expression for Doran's part in the frame-up and that he was going to put the finger on two others in order to save himself.

"We will show you that several hours before the murder of Doran, a professional burglar, solicited the aid of an ex-convict to rob the home and Thumlin, Doran's attorney, said that Doran did not know Mrs. Hughes, and we will show you that Doran still thought Mrs. Hughes was in Napa but encouraged the wife to go to the house and be killed and killed her."

"We will show you by the testimony of people and witnesses that it was absolutely impossible for the defendants to be at the place Doran said they were."

As for Egan's financial relations with Mrs. Hughes, Hallinan said, "We will prove by numerous checks that he had accumulated over a period of years that he alone did Frank Egan not owe this lady money, but that he carried her over a long period of time and paid her various bills."

NORTH IDAHO HAILSTORM RUINS CROP OF WHEAT

LEWISTON, Idaho, Aug. 23 (AP)—A rain smothered forest fire in Central Idaho last night, but it devastated 200 acres of spring wheat in a belt three miles wide and 1/2 or more long in the Camas Prairie.

Had the hail struck sooner, between 30,000 and 40,000 acres of wheat would have been destroyed, but most of the fall wheat in the path of the storm had already been harvested. Lightning also struck the farmhouses near Lewiston during the storm and it was destroyed by fire.

Insurance business estimated today that only 20 per cent of the hail loss was covered by insurance. It was the first time a hailstorm of such magnitude struck the wheat belt at night.

Twenty small fires were started by lightning strikes on the farmhouses. The rain definitely eliminated danger of further spread of the smoldering 1,500-acre fire on Fish creek in the Selway forest.

BERLIN ANSWERS HITLER'S ATTACK

(Continued From Page One) Hindenburg's emergency decree of August 9 providing severe penalties for political violence, the manifesto said.

"The terms of that decree must be imposed the same moment they were put into effect against every lawbreaker and every traitor to the party. The reich's government will use all its power to make the law respected by everybody and to silence anyone to revolt against it."

Emphasizing that the government was not willing to yield to political pressure in dealing with the first death sentences imposed by the speed court at Reutheim, the manifesto concluded:

"Violent charges against verdict should be addressed to the originators of bloody occurrences and not to the government which in the interest of all had to resort to such sharp measures. The government will not in the bud all attempts to tamper with the principles of the constitutional state and to let its political position."

In government circles it was said that no one had done the five condemned men of the Nazi movement more harm than the manifesto. By its scathing denunciation of the von Papen government he was accused of having identified himself with men found guilty of murder.

A government spokesman said Hitler had made it extremely difficult for Chancellor von Papen to show leniency.

Under immediate plans for the conference Mr. Hoover will preside over the opening session Friday. In addition to delivering the opening address he will call upon Secretary Miles and Chapin, Governor Meyer of the federal reserve board; Chairman Fomere of the Reconstruction corporation Chairman Fort of the home-loan bank system; and Paul Beiler, farm loan commissioner.

After this series of brief addresses, the president plans to have the business and industrial leaders confer among themselves to coordinate their own activities on a national scale.

On Thursday, the day before the conference opens, the chairman of the 18-business and industrial committees will meet with a majority of the government leaders named as an executive committee to plan details of the conference. The conference itself probably will last two days.

BUNL HEALTH CAMP TERM REACHES END

41 Children Average Gains Of 5 Pounds Each in Six-Week Conditioning Period

BUNL, Aug. 23 (Special to The News)—McClary Memorial health camp at Bunl closed its second week of eight-week term Sunday and the camp, which had rung with the noise of children at play, was all quiet Monday morning, as the last of the children departed, leaving only seven tired but well-satisfied adults to take care of equipment.

The committee expressed gratitude in the work accomplished. Of the 41 children present at camp, only one failed to make a noticeable gain, and, according to Mrs. C. O. Smithson, chairman, this youngster was a child gaining 11 pounds.

These children consumed upwards of 100 gallons of milk, which figured as the largest single food item in the camp's menu, amounting to \$160. Fruit, ice, butter, meat, fish and vegetables were largely donated, reducing cost of operation to a minimum.

Salaries amounted to \$258, and were taken care of by donations from out-of-the-county children, amounting to \$370.

The local committee expressed gratitude to the talented help for their spirit and willing cooperation in every detail of the camp.

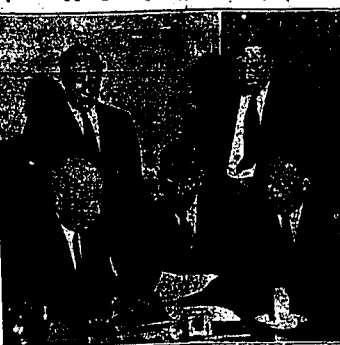

Miss Kathleen Abbey, house, executive secretary and chairman of the "rural sale," was present at the committee meeting held Tuesday and outlined detailed plans for the summer of 1934.

Those in charge at the camp were Mrs. Elmina Murray, superintendent; Miss Bertha Hopping, playground superintendent; Miss Genevieve Wilcox, Miss Harriet Todd, assistant; Marie Knox, Miss E. Bartlett, and Mrs. W. H. Griffith, caretakers. Local committee in charge: Mrs. C. O. Smithson, chairman, Mrs. T. P. Runyon, Mrs. Neld L. Larson, Mrs. Harry Wilson, Mrs. C. C. Votler, Mrs. Florence Allen, Mrs. F. E. Bartlett.

Two items of outstanding interest resulting from the present term are: Acting upon numerous requests both from Twin Falls county and many points in southern Idaho, the committee decided to hold a short term for ten-to-14 day girls previous to the regular term; this is a promise, conditioned by the receipt of sufficient funds.

The second item of unusual interest was the receipt in full of the payment of the \$400 check which was threatened in the closing of the bank and the consequent payment of all bills, with a balance left over for next year.

VOICES OF THE NIGHT

By A. M. S.

While fleecy clouds float lazily across an azure sky,
The night wind sings to murmuring leaves
A low wailing lullaby.

In the old millpond across the way
The frogs sing loud and long,
While lively crickets gaily chant
Their shrill monotonous song.

The sound of merry laughter
Comes floating down the street;
Low chirp of drowsy song bird,
Soft pad of hurrying feet.

The old moon watching over all
Sheds a radiant silver light
And smiling, seems to listen
To the voices of the night.

ANNEXATION FAILS AT SOLDIER CREEK

Twin Falls County's Biggest School District Votes Against Joining Rogerson

Voters of Soldier Creek, Twin Falls county's largest school district, voted solidly at an election last Saturday against a proposed annexation of 257 square miles of their district to the adjoining Rogerson school district.

The annexation proposition will not be submitted to an election again this year, county commissioners and the board of supervisors, after a public hearing, following the canvass.

Soldier Creek district, with only one child of school age within its borders, cannot meet the state law's minimum requirement. At least 100 children of school age for school district organization and will continue to be an unorganized district, the superintendent said.

Last Saturday's election was held upon application of Soldier Creek voters who requested that the snow-blocked roads prevent their participation in an election last Saturday.

The proposed annexation would have given the Rogerson district a total area of 367 square miles, and an increase of several thousand dollars in property valuation.

PIONEER OF OREGON ANSWERS FINAL CALL

John Shaw, 80, Pasadena, California, a one-time Oregon Indian fighter under the one-armed General Howard who was noted in the annals of the early days of the Northwest, died at the Twin Falls general hospital at 7 o'clock last night. He had undergone a major operation a short time before. Since last April he had been a guest at the home of his son, W. A. Shaw, 225 1/2 first avenue north.

Mr. Shaw was born in Scotland, near Glasgow, March 12, 1852. Shortly after his coming to this country he settled at Summerville, Oregon. He engaged in freighting and farming there, during the time he was not engaged in Indian warfare. Six years ago he established his residence at Twin Falls.

He was a member of the Odd Fellows lodge for 27 years, and was a member of the Christian church.

He is survived by two sons, W. A. Shaw, Twin Falls, and J. Shaw, Roseburg, Oregon; a brother, Angus Shaw, LaGrande, and a sister, Mrs. James Standley, LaGrande.

The body is to be taken to the former home in Oregon. It had not been determined last evening whether funeral services would be held here, but the body will remain now at the Twin Falls mortuary.

Veteran Cyclist Visits Twin Falls

A 72-year-old cyclist who during the past five years has pedaled approximately 10,000 miles through some 30 states, arrived in Twin Falls yesterday, on route from Yellowstone national park to Portland.

He is George M. Sanford, former Oakland, California, shipyard worker. He had been something of a traveler in his younger years, he explained here last evening, and when he was declared too old to work any more he decided to see more of the country.

Cycling, he said, is a very satisfactory mode of travel. He carries on his bicycle his bed-roll, a folding stove and cooking utensils, a small suit case containing a change of clothing, a grub bag, water bucket and a folding chair.

"One never runs out of gasoline, and one can stop whenever the notion strikes him," he said. "I don't believe I have had a punctured tire since I started out last spring, though I have had to buy a new rear wheel."

Briefly he sketched his travels this season through Yosemite and across Nevada to Salt Lake City and then northward into Yellowstone. He pedaled across Nevada, he said, until he got to Wendover and there he learned there was a 22-mile stretch of loose gravel road ahead so he left the highway and finished the trip to Salt Lake City by rail. An all-night combat with mosquitoes and ants at Battle Mountain, Nevada, he said, has been his most disagreeable experience on the road.

The veteran cyclist's previous excursion, he said, took him through the Sierras and to New York City and other eastern centers.

"When I was in Yellowstone park the other day, a woman visitor there asked me if she hadn't seen me a year ago at Mammoth cave in Kentucky, and I told her I supposed so because I had been there," Sanford said.

"All the property I have is right there on that bicycle," he added. "I have burned several years ago, and I like to travel. I suspect I shall keep on traveling this way, and die on the road somewhere."
