### MINIDOKA GRANGE CONVENES

#### Paul Unit Plays Host to Gathering, Discussing Fair, Gas and Elections

PAUL, Aug. 29 (Special to The News)—Meeting Saturday in the hall belonging to Paul Grange at Paul, Minidoka County. Grange passed a resolution to turn \$100 over to the Minidoka community for the use of the fair grounds. This money was to come from a surplus left in the Minidoka bank fund to be turned over to the various subordinate Granges in Minidoka county in proportion to their membership rolls.

It was also decided to ask the representative of the Associated Community Co. company to the next Farmers meeting to discuss the disposition of funds collected to help the company in its organization.

Publicity was read on behalf of the passage of a constitutional amendment to be submitted at the coming election to provide that no water users in irrigation districts be permitted to vote for members of the irrigated districts boards.

### 200 ASTRONOMERS MASS INSTRUMENTS TO STUDY ECLIPSE

(Continued From Page One)

a special to expenditures by scientists. The eclipse of the sun, which will occur in the state of Oregon, is being studied by 200 astronomers from all over the world. The astronomers are gathered at the University of Oregon, where they will use special instruments to study the eclipse. The eclipse will occur on September 21, 1932.

Astronomers have set up a greater variety of instruments than ever before to study the eclipse. The instruments are being used to study the sun's corona, which is visible only during an eclipse. The instruments are also being used to study the sun's surface, which is covered with spots and other features. The astronomers are also studying the sun's magnetic field, which is believed to be the cause of the sun's activity.

Northwestern university wants to know the temperature and pressure changes occurring in this minute of temporary night because of their ultimate importance in Einstein's theory that space is curved.

Harvard, the University of California, Michigan, Cornell, Franklin Institute, the Carnegie Institution of Washington, the University of Cincinnati, Swarthmore, Indiana University and the University of Virginia are some of the institutions that are participating in the study. The study is being conducted by a committee of scientists from these institutions.

### CAR WRECK AT BURLEY HURTS THREE PERSONS

BURLEY, Aug. 29 (Special to The News)—Three persons, including S. P. Worthington, Cassia county commissioner, were injured in an automobile accident at a blind curve at 3 P. M. today (two miles south of here on Overland avenue).

Commissioner Worthington, driving one of the cars, received three rib fractures and cuts and bruises. J. Golden Kimball, Salt Lake City, one of the general authorities of the Church of Jesus Christ, Latter-day Saints, received minor cuts. Mr. Kimball was in the car with Mr. Worthington.

### FIVE WORKMEN DIE IN TUNNEL CAVE-IN

LIVERMORE, Cal., Aug. 29 (AP)—Crews of miners burrowed steadily tonight through tons of mud, rock and broken timbers and took out the bodies of four of the five men killed last yesterday in a cave-in in the Valle-Mocho section of the Coast Range tunnel being built to carry a mountain water supply from Pacific Beach to San Francisco.

The first three bodies brought to the surface were identified as those of:

FAY CROWLEY, 31. CHESTER KINGDON, 30. BOB MALENDOK, 27. The others killed were:

E. CLINE, 37. THOMAS DEWEENEY, 30. The cave-in occurred as timbering in the bore was being changed preparatory to lining the tunnel walls with concrete. Heavy rain was expected.

### Striking Illinois Coal Miners' Caravan Halted

PART OF the motor caravan of nearly 10,000 coal miners from central Illinois is shown as it was temporarily halted by Sheriff's deputies near Ploksneyville. The motorcade, en route to Franklin county to organize miners there, was turned back by clubs and shotguns in the hands of 800 deputized citizens that were crossing the Franklin county line.—(AP) Photo.

### Striking Iowa Farmers Set Up Temporary Camp

A GROUP of striking Iowa farmers is shown encamped near Council Bluffs, Iowa. In their drive to keep farm products off the markets by stopping market-bound trucks, in the hope of boosting produce prices. This picture shows the men assembling for an impromptu breakfast.—(AP) Photo.

### WAR VETERANS PICK STRIKING FARMERS IN CENTRAL STATES

(Continued From Page One)

log in the Des Moines vicinity came tonight though county officials reiterated that no violence would be tolerated.

County Attorney Carl Mastaglio said Governor Dan Turner had agreed to call troops if necessary, but the governor asserted "Police county is not nearby at the end of its resources in maintenance of good order during this affair."

The "Klaxki Shirts" members were held for investigation. Sheriff C. P. Keeling and County Attorney Mastaglio sought J. H. Mason, manager of the Des Moines Cooperative Dairy, setting according to his business methods used by his members in securing milk trucks through the highway. Several holiday adherents were cut and bruised when an escorted truck passed through a crowd of pickets massed on a narrow bridge.

The chamber of commerce at Sioux City has the driver first took into account measures two weeks ago, informed the governor of Iowa, Nebraska and South Dakota that picketing along the highway "is beyond the control of local authorities." The chamber asked the executive to take immediately such steps as will again make it possible to those who so desire to travel the highway.

The farmer-labor governor of Minnesota, Floyd B. Olson, who has recently expressed his sympathy for the holiday movement, announced he would propose to the conference of agricultural state governors at Sioux City September 1 a plan to control it. It would embody the farm cooperative of the states and end, and the governor said, afford a strong additional lever for the farmers in raising the law level.

At Des Moines two men were arrested for picketing. The chamber of commerce at Sioux City has the driver first took into account measures two weeks ago, informed the governor of Iowa, Nebraska and South Dakota that picketing along the highway "is beyond the control of local authorities." The chamber asked the executive to take immediately such steps as will again make it possible to those who so desire to travel the highway.

### \$500 Reward Offered for a Name

The distributor of one of the fastest selling lines of cosmetics in Hollywood are going to introduce a new Touch Powder which they claim is unequalled for its soothing and cleansing effects. Before spending thousands of dollars in advertising they wish to see the new Touch Powder has the best possible name, and are therefore offering a five hundred dollars reward to the person who suggests the name they choose as most suitable. Readers of this announcement are urged to send in their suggestions for a name at once, because two hundred and fifty dollars extra will be given the winner if name is mailed and post-marked before September 3, 1932. Each contestant must send only one name; otherwise he will be disqualified, and the name must be mailed to Hollywood Marvel Products Co., Studio B-223 1123 N. Spycamore Ave., Hollywood, California. Everyone is invited to suggest a name and in case of ties duplicate prizes will be given. Offer is of the firm, say that any names may win the seven hundred and fifty dollars, even if submitted on a postcard or scrap of paper, and your suggestion at once.

### NAZARENE PASTOR DELIVERS SERMON UPON SALVATION

Rev. Herschel Murphy Declares Personal Knowledge of Approval of God To Be Possible

"Taking for his text, John 9-25, 'One thing I know, that whereas I was blind, now I see.' Rev. Herschel Murphy, pastor of the Church of the Nazarenes, in his sermon Sunday morning, speaking on the theme, 'A Personal Knowledge of Salvation is in the Attainable.' 'Thank God, it is entirely possible in this modern day to have a personal and positive knowledge of an experience of salvation. An experimental knowledge is absolutely necessary! The blind man of the text made a very definite statement relative to his healing. He knew something had been done in his behalf. Just so with spiritual blindness—we can know: 'At the cross at the cross, where I first saw the light And the burden of my heart rolled away. It was there by faith I received my sight. And now I am happy all the day. While we may not have knowledge of Greek and Latin we can enjoy the comfort and approval of the Almighty upon our lives! Philosophy and science may be too complicated for some, yet their spiritual education need not be so limited. The study of psychology and the mysteries of the self may be too deep, many, yet they can know all the while with their soul. Even 'our greatest science may be too complicated. We may not know the bearing of the Panama canal from the equator from the continental divide, yet we can be blessedly sure of our relationship with God and the status of our soul with his master. While we are not setting a premium upon ignorance, yet we had rather be in heaven learning our A B C's than be in hell reading Greek and Latin, as one has aptly said. 'We may not understand the mystery of sleep or the muscular movements of the body; many learned men have puzzled over these remarkable functions of God's masterpiece; this is immaterial—we should know him who stands with God! Let us seek to know this. 'David admonished his son Solomon to 'know the Lord' there is a vast difference in knowing about God and knowing Him from a personal acquaintance. A historical knowledge alone, will not suffice. 'Jesus said on one occasion 'My sheep know my voice.' He also told the woman at the well she worshipped she knew not what but that the Jews knew what they worshiped. As the apostle Paul declared: 'I know whom I have believed.' He puts himself upon record here as having personal contact with God. As the poet hath said: 'Many count the Lord as a friend who in some far off world on high; But His presence sweet I enjoy each day. More and more as the years go by. 'The Apostle Paul makes it a very personal affair in Romans 8-16: 'The spirit itself bears witness with our spirit that we are the children of God.' Could anything be more definite? 'No more need we say 'I hope so' or 'I reckon so,' or 'I've been baptiz-

### Want Their Record To Stand

THEY LEFT the women's endurance flight record many hours behind them but Mrs. Louise Thaden (left) and Mrs. Frances Marañón kept their "flying hoodoo" circling over Curtiss Field, New York, because they wanted to set up a record that "no other women could touch." Picture below shows their plane during refueling operations.—(P) Photo.

### Scientists Prepare For Eclipse

ed and belong to the church; when our relationship with God! Praise thank if we are right with God... God for experimental knowledge of one thing we can know... that is grace!"

### THOMAS STUDIES WATER PROBLEMS

Consideration of Columbia And Snake River Transportation Claims Efforts

WOODING, Aug. 27 (Special to The News)—Senator John Thomas left today for a tour of inspection and hearings in connection with his duties as chairman of the senate committee on irrigation and reclamation. The first day of the tour, August 28, was to be occupied by the members of the committee inspecting construction features of the Hoover dam and housing and other facilities connected with the laborers on the dam. Labor conditions at Boulder city will receive careful scrutiny. The trip will take about ten days and will be crowded full of intensive study of the irrigation problems and water transportation matters concerning much of the Pacific coast.

The committee will reach Los Angeles August 30, and will continue its tour of the entire water resources of San Joaquin and the Sacramento valleys, as to storage, flood control and watershed, and a study of the proposals of the state of California for the solution of its major water problems. This study will take four days. At Redding, the California tour of inspection will be concluded, and most of the members of the committee will return southward, while the sub-committee, headed also by Senator Thomas, will continue northward to Portland. At Portland a hearing will be held September 1 to obtain additional data, to present to the engineers of the war department, relative to the further development of the Columbia and the Snake rivers, for transportation purposes. A preliminary report of the engineers approved of the transportation development of the Columbia-Snake rivers as far as Wallula, but felt that there was not sufficient tonnage above to justify development of the upper river system at this time. Bills introduced by Senators McNary and Steiwer of Oregon, and supported by Senators Borah and Thomas ask for the canalizing of the river system with a seven-foot channel to Lewiston, and on to Pittsburg landing. At the request of Senator Thomas the war department will postpone the date of its final decision on the matter, so that data assembled at the Portland and Lewiston hearings may be studied.

The Lewiston hearing, before the sub-committee, will be held September 1 and 2, and Congressman Burton in French and the Lewiston Chamber of Commerce will direct the compilation and presentation of data.

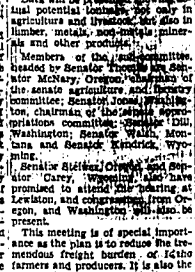

CHILD 4, HAS GOOD MEMORY FORNOTICE, Ohio.—Joseph Edward Rose, age 4, can call off, from beginning to end, 15-order, the 24 books of the Bible without faltering or hesitating. He can recite 10 poems from memory.

### Talks To Bride In England

SOON AFTER he arrived at his hotel, Captain Mollison called his bride of a few weeks in England and told her about his arrival in New York. His wife, the former Amy Johnson, is England's foremost aviator. Gerald Shepherd, acting British consular general in New York, is with him.—(P) Photo.

### Favors Farm Strike

GOVERNOR FLOYD B. OLSON, Minnesota, has suggested the use of martial law to assist Middle West farmers in their "strike" against selling their produce on a low market.—(P) Photo.

### MAKE THIS MODEL AT HOME

MINIATURE SKETCHES Step-by-Step Instruction Diagrams Included With This Pattern By ANNE ADAMS Adorable when mother wears her stunning new ensemble daughter will be able to show one too. Here we have "grown up" style points and yet be so girlish. This little jacket has cap sleeves for broad shoulders and the bodice is of contrasting color. One perky button trims the single head of the machine. Serge, Jersey or other lightweight wools are very appropriate and workable. Pattern 2415 may be ordered only in sizes 2 to 16. Size 4 requires 15 yards 36-inch fabric and 1 1/2 yard contrasting. Size 18 cents in colors or stamps (colors preferred), for each pattern. Write plainly your name, address and city, state and zip to: PATTERNS DEPARTMENT, TWIN FALLS NEWS.

### FILER RESIDENTS VISIT

WILSON, Aug. 28 (Special to The News)—"Pete" arrived in the last week included the following: Mr. and Mrs. G. R. Carter arrived Sunday from their home at Ely, Nevada, for a visit; at the home of Mrs. Carter parents, Mr. and Mrs. M. J. Macary. Miss Dorothy Case arrived home Saturday after an open week in Oregon. Earl M. Page, 1st. S. D., Missouri, last Monday for the Pacific Northwest.

### DEMOCRATS PLAN EVENT

WILSON, Aug. 29 (Special to The News)—Following the short meeting of the Grange Friday, September 2, at the local hall, there will be a session of the Women's Democratic club of the First Regeneration for an open meeting. There will also be a regular meeting of the Grange September 14, to which the entire community is invited. John Robertson, Twin Falls, will address the Democratic meeting Friday.

### BODY OF PIONEER GOES TO REPOSE AT ALBION

WILSON, Aug. 29 (Special to The News)—Funeral services were held today for Harry E. Winterburn, as at the Methodist church, with interment in the Albion cemetery under auspices of the Turley lodge of Elks.

Mr. Winterburn was born in Mt. Joseph, Ohio, and came to Albion in early days, with his father, J. W. Winterburn, a veteran of the Civil war and a Methodist minister, for some years pastor of the Albion church. Mr. Winterburn died at the home of his mother, in Burlington, Iowa. He is also survived by a sister, Mrs. Walter Powell, Burlington.

**"Nature in the Raw" is seldom MILD**

**THE PILLAGE OF PARIS**  
"Nature in the Raw"—after the great French artist Linnalms... Inspired by the savage fierceness of untamed Norsemen in the ruthless capture of Paris—845 A. D.

**Lucky Strike Cigarettes**  
**"It's Toasted"**

They are not present in Luckies... the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

**"It's toasted"**  
That package of mild Luckies

"If a man writes a better book, smashes a better iron, or makes a better muss-tray than his neighbor, he should build his house in the woods, the world will make a beaten path to his door."—RALPH WALDO EMERSON. Does not this explain the world-wide acceptance and approval of Lucky Strike?
