RESIDENTS OF BUHL ENJOY MANY EVENTS

BUHL, Nov. 3 (Special to The News)—A musical meeting, a surprise party, a dinner, and club meetings occupied the time of Buhl people in the first half of the week.

Musical Society of the Christian church met at the home of Mrs. B. Taylor Wednesday afternoon, with Mrs. E. L. Brock assisting. There were 12 women present. Mrs. H. S. Piper, president, presided during the business session and presented Scott Palmer, a young man from Point, conducted the devotional.

Mrs. Ruth B. Stroud read a paper on the Yakima Indians. Mrs. Chris J. Benly read two letters from Mr. and Mrs. Walter O. Manias, Pendra Road, India. There were two new members, Mrs. Edna Butler and Mrs. Ruth B. Stroud, added to the society, and Mrs. Floyd Handwick was a guest of the society. The hostesses served refreshments.

Twenty-five members of the Epworth League of the Methodist church gathered at the home Tuesday evening for a surprise party for Miss Wilkita Kendall. The occasion was the celebration of her birthday. The evening was spent at games and Mrs. Kendall served delicious refreshments to the group. Among the guests were Miss Ola Buck and Miss Yvonne Howard, Jerome, who are house guests at the Kendall home.

Mrs. H. S. Piper entertained at dinner Sunday in honor of her son, Ralph, who was born in Twin Falls, Idaho, where he will visit for a short time and then go to T. A. where he will spend the winter. Parties were held for Elizabeth and Lois Miller, Kenneth Smith, Ozra Quire, Donald Wade, Ralph and Henry Piper and Mrs. H. S. Piper.

Rebecka Kennington met at the home of Mrs. C. H. Kregg, Wednesday afternoon for a fall meeting. Mrs. A. F. Warren was assistant hostess. Two guessing contests were conducted and the remainder of the afternoon was spent socially. The next meeting will be at the home of Mrs. Anna Kume, November 16.

Mrs. J. C. Hamilton entertained the Quins Wednesday afternoon at the home of Mrs. Anna Kume, November 16. There were four tables of bridge in play and Mrs. George Stuecher was high score. Mrs. Clifford Duncan was a guest of the club.

Mrs. A. W. Jacomini entertained her bridge club at the home of her son and daughter-in-law, Tuesday evening. There were three tables in play during the evening and Mrs. Clifford Duncan was high score and Mrs. O. L. Smith, low.

HOLLISTER YOUTH FALLS TWO STORIES TO GROUND

HOLLISTER, Nov. 3 (Special to The News)—Hugo, 20-year-old son of Mr. and Mrs. Joe Standice, remained unconscious 12 hours after falling from the second-story window of the Standice home Tuesday morning about 5 o'clock.

It is thought the accident occurred as a result of the waking in his sleep. The crash of glass in the window awakened the family. They found him on the ground unconscious, and put in a rush call for a physician, who reported no bones broken, several lacerations and a ruptured blood vessel in his head.

NATION AWAITS TALK BY BORAH OVER RADIO

BOISE, Nov. 3 (Special to The News)—Senator William E. Borah, Idaho's alter-longed orator and international figure, will speak Saturday night, November 5, to the voters of all southern Idaho before the hours of 8 and 9 o'clock over radio stations KIDO, Boise, and KSL, Salt Lake City. It was announced by Republican state headquarters Tuesday.

Borah's Saturday night address is expected to be the most important speech of the current campaign, who will discuss questions of national importance as well as matters affecting the state.

Idaho's senior senator is one of the most important figures in the current election. He has the entire nation guessing as to what his final attitude in the campaign will be and his Saturday night speech will be news in every corner of the country.

BURLEY'S IRRIGATION BOARD DELAYS ACTION

BURLEY, Nov. 3 (Special to The News)—Directors of the Burley Irrigation district meeting Tuesday, took no action with reference to continuing the maintenance of the canal system for the winter. It is thought possible that funds recently released for use of the Burley district, by the secretary of the interior, under the judgment of the legal adjudication which tied up these funds, might be used for payments due the government for operation of reserved work.

Privilege to use these funds in such manner, however, would have to be obtained from Washington, and if granted, would materially reduce amounts available for enlarging work. It would also reduce the annual maintenance charge payable in March.

The enlargement program now being carried on has increased the capacity of irrigation water from 350 second-feet to 897 second-feet, and will probably show a further increase of the additional 2 second-feet in 1923. Ultimately, there is to be an additional 180 second-foot pump installed at pump station number one, with additional building enlargement. There will then be six pumps at number one station, with enlargements and replacements at the other two stations.

Much of the enlargement work has been done during the winter months, when canals have been drained of water.

GOODING LISTENS TO BISHOP TITUS LOWE

GOODING, Nov. 3 (Special to The News)—Speaking on "Three Philosophies of Life" before Titus Lowe, Portland, was the chapel guest at Gooding college on Tuesday. The first philosophy centers around the ideal, "The World Is His and 'Til Take It," said the speaker.

"The World Is Mine and 'Til Keep It" was the second ideal. As the third point of view, "The World Is His and 'Til Share It," was offered.

KIMBERLY RESIDENTS GATHER FOR SOCIALS

KIMBERLY, Nov. 3 (Special to The News)—A Girl Reserve meeting, a Halloween party, and a dancing party were among social events of the younger set here this week.

The Girl Reserve cabinet enjoyed a "popcorn" supper at the Stevens-Jensen home, Miss Ueda Day told the group of the conference activities. Members of the cabinet, Eleanor Jensen, Ellen Scott, Georgia Quenell, Fay Hill, Alberta Nelson, Vera Olson, and Maxine Mason, each gave reports. The meeting followed a talk on "Personal Hygiene."

Miss Ellen Scott entertained at her home Halloween night for four couples. Dancing was the evening's diversion, and the hostess served elder and doughnuts. Guests were Miss Francis Newkirk, Carol Laughlin, Miss Pamela Wilson, Kendrick Bishop, Eugene Brown, Charles Laflam and Frances Scott.

Miss Maxine Mason entertained Friday night at a dancing party. Those present were Chloé Foster, Elfred Pleasford, Carol Laughlin, Ellen Scott, Eleanor Jensen, Dorothy, Esther Miller, John Baty, Frances Scott, Le Howell, Charles Latham, Bill Falcon, Howard Jansen, and Sigman Selwood.

"If You Want a Man In The Senate Who Represents Every Phase of Activity In This State You Can't Get a Better Man than Senator Thomas"

In These Ringing Words---

Senator Borah— Urges the Re-election of Senator Thomas

Must Maintain the Tariff!

Says Senator Borah—"While I am not a high tariff man, the tearing down of the tariff walls in a time like this will force American labor and American agriculturists into penance."

SENATOR WILLIAM E. BORAH

Senator Thomas IS a Friend of Labor!

Here's His Declaration:

"I have supported the program of labor because I believe that men must be put to work at a living wage before prosperity is completely restored."

"Our country will not have prosperity until the laboring man himself is prosperous. Industry must have customers and farmers must have people demanding and able to buy their produce. There are no customers for industry and no demands for what the farmers raise unless men are at work."

"If the millions now out of employment and the millions more who are underfed in the United States could be put on full rations there would be no surplusage, and this depression would end."

"I will continue to support measures favorable to the working man until such time as we would have established more security for the labor of a man who offers an honest effort to the world."

THERE'S POWER FOR IDAHO IN TEAMWORK

SENATOR JOHN THOMAS

Senator Borah Took Up Fight Because of His Colleague's Illness

At Shelley, speaking to 2000 people, Senator Borah said: "As you know Senator Thomas has been taken out of the campaign on account of illness. I do not suppose he will be sufficiently recovered to take any part in the campaign, so, therefore, I am taking up the fight for him."

Senator Thomas Voted to Put Power Tax on Power Companies

65 Lawyers Are Already in the United States Senate

"What I wish to say to you regarding Senator Thomas will be supported by the Congressional Record, and whatever faults the Congressional Record may have it always speaks the truth as to what took place. I do not contend there is any wilful misrepresentation but there has been a misunderstanding as to his vote on the tax bill regarding the tax on electrical power. The facts are, and the Record discloses, that every time the issue was raised as to who should pay the tax, Senator Thomas voted that it should be paid by the power companies and not by the consumer," says Senator Borah.

Senator Borah Says He Has Complete Confidence and Faith in Sen. Thomas

"Certainly Senator Thomas stands with me on the League of Nations question. If he did not, I would not support him. Let it be understood that I have never spoken in behalf of any candidate in whom I did not have complete confidence and faith," says Senator Borah.

Senator Thomas Voted for Debenture

Senator Borah says: "It has been said in the campaign that Senator Thomas voted against the Debenture. The facts are that Senator Thomas came to the support of and voted for the Debenture."

Economy and Expanding the Currency

Senator Borah said: "We both (Senator Thomas and myself) stood for a cut of 20 per cent on salaries of senators, while the bill that was passed only reduced them 10 per cent."

Senator Borah says further: "Senator Thomas assisted me in every possible way in my fight to expand the currency. He voted and supported the amendment which I offered and which was passed."

SCHOOL DISTRICTS GET TO TRIAL OF DIVISION OF FUNDS

Two-Year-Old Suit for Reapportionment of \$46,158 Of Money for Education Claims Court's Attention

A suit started in July, 1930, when six of Twin Falls county's independent school districts seek a reapportionment of \$46,158.22 state county school funds alleged to have been illegally apportioned to Piler and Hollister rural high schools was continued in an audit common school districts between January 1, 1929, and July 1, 1929, was brought to trial in district court at Boise in the district court here yesterday.

Asserted misappropriations, allowed to have been made by a former county superintendent of public instruction, now dead, were brought to attention in an audit made in April, 1930, by C. H. Davis, Twin Falls accountant, who testified at yesterday's hearing. Trial was continued to P. M. today to permit the accounting to present additional evidence.

Presenta Double Question

The question presented is whether the independent districts have any legal redress, if it is determined that there has been misappropriation, and whether the independent districts actually have been misappropriated.

Counsel for the independent districts held the questioned apportionments should have been made in proportion to the number of teachers and number of pupils, and that relief funds should have been given only where districts levied a 10-mill special tax to keep schools in operation and 8-mill high school tuition tax. It is alleged that apportionments were made in violation of the law, for building purposes and to cover overhead accounts.

Attorneys for the rural high and common school districts argue that the court is without jurisdiction to order a new apportionment; that there is no money for such an apportionment; that the statute of limitations has run against a portion of the questioned apportionments, and that the defendant districts levied in good faith all of the money involved in this action.

Independent school districts seeking the reapportionment are those of Twin Falls, Kimberly, Buhl, Maroon, Hansen and Oshadness. They are represented by the prosecution of this action by James R. Bothwell, Twin Falls attorney. Independent districts not listed as parties-plaintiff in this suit are those of Piler, Hollister, and Marlaush.

Attorneys representing the defendant common school districts are Sweeney and Breyler; Frank L. Stueben and J. H. Blundell, and J. W. Porter.

Defendant Districts

Defendant school districts, with the amount that each is alleged to have received from the state appropriations, include:

- Millers, \$78,841; Rock Creek, \$177,815; Dolan, \$60,000; View, \$18,231; Willowdale, \$73,820; Excelsior, \$116,418; Park Lane, \$201,386; Pogonson, \$60,000; River-ton, \$246,149; Springdale, \$109,252; Berger, \$120,122; Amsteddam, \$111,951; Alameda, \$107,871; Arden, \$382,441; Roseworth, \$317,820; Northway, \$474,282; Imperior, \$167,131; Hotta, \$109,616; \$79,821; Sunnyside, \$328,110; Wolf Valley, \$192,920; Seedorf, \$131,122; Piler rural high school district, \$271,610; Hollister rural high school district, \$261,877.

In addition there are two lapsed common school districts, \$100,000 charged with \$468,113, and number 23, charged with \$270,615.

NATIONAL MONUMENT SCHEME ONCE THREAT TO TWIN FALLS

Development of the Twin Falls tract was a real men job—many were included—each playing his peculiar part.

It may be of interest to those who have seen the well developed, fertile tract of the Snake river valley, to know that the Snake river valley was once a barren, treeless plain, and the ultimate inception of the project as a reality.

It is safe to state that had this project failed to materialize during that psychological period, the development of southern Idaho, by means of irrigation, would have been retarded many years. There would still be the sage brush desert and the wealth of homes created by the construction of this project would not be here.

To one of the very early pioneers of the state must be given the credit for visualizing a transformed desert, to him, likewise, must be given credit for making the first serious attempt to straining the feasibility of such a development. He voiced the practicality of diverting the Snake river upon this area. Others, listening, finally caught the import and magnitude of the proposition, and carried the word to the outside world. Then, finally came the men who were to perform the task.

During the interval covering the period from the original vision of the capital was actually available for construction, and the many near disasters, and the great success of these handicaps were made.

How many know that the establishment of a national monument came very near wrecking the development of this tract. It was in the middle nineties that a small group of people, visiting the Snake river, and reports on the study given by Mrs. A. D. Bobber, Mrs. H. B. Burkhardt, Mrs. C. M. Patton and Mrs. J. P. Huddleston. A general discussion followed.

About fifteen members were present. During the business meeting the plans for the November seventeenth luncheon to be served at one o'clock, were completed and invitations were sent to the Piler and Knott groups.

SCHOOL BOARDS MEET WITH BOISE OFFICIAL

Frank O. Keenan, Boise, secretary of the Idaho bureau of public instruction, will be here Saturday evening to confer with members of any board of trustees of any school district, who are interested in the common, which desires to borrow money from the Idaho school endowment fund on tax anticipation notes. It was announced yesterday by Mrs. Rose J. Wilson, county superintendent of schools in whose office the meeting will be held at 8 o'clock.

Loans will not exceed 60 per cent of unexpended taxes for current year and can be used only in payment of current year indebtedness.

In a letter received yesterday by Mrs. Wilson, it was stated by Mr. Keenan that so many inquiries had been received by him from this county regarding such loans that he desired to come here and hold a session with those interested.

The first baseball game played in Idaho, at Lewiston, was between Port Wayne, Indiana, and Quincy, Illinois, teams in 1823.

Strangely enough, for every emergency, for every great undertaking, there lives the man to meet the situation, and perform the task—whatever it might be. It was indeed fortunate that the Idaho senator had, who had made a study of the rules and regulations of the United States general land office, and the laws pertaining thereto, particularly as they might affect his State and the inhabitants. It was but natural that the senator should turn to his well informed secretary, who, because of the very knowledge that he possessed, was capable of making a clear presentation of the situation to the department at Washington.

This versatile young man appraised the two projects at their true value, and quickly decided that a well developed irrigation project would come nearer housing and feeding thousands of people than would a national monument. Here the national monument became a thing, and thus, it was through the advice and ability of Addison T. Smith, then the Senator's secretary and representative in congress from Idaho, that the Twin Falls project was saved for a brilliant, successful development as we see today.

Mrs. J. A. Dyer contributed a lovely wreath to the "Sparrows." Mrs. D. Clark presided over the business session.

Mrs. Dyer served as chairman of the program, which included two vocal selections, "Sweetheart" and "Ereaser" by Mrs. J. S. Feldhusen, with Mrs. A. Wilson Fick at the piano; a comprehensive discussion of the platforms of the two major political factions, by Mrs. E. J. Malone; two vocal numbers, "By the Bend of the River," and "In the Luxembourg Garden," by Mrs. O. P. Duval with Mrs. R. S. McClellan at the piano.

The tea service following the program was made unusually attractive by a color scheme of yellow and pink.

DON'T TRIFLE WITH COMMON CONSTIPATION

Constipation gets its grip on a person almost unawares. It often starts with such little things, headaches, listlessness, bad complexion, unpleasant breath. If unchecked, it may seriously impair your health.

Fortunately, you can avoid this danger by eating a delicious cereal, Kellogg's All-Brain brings Relief.

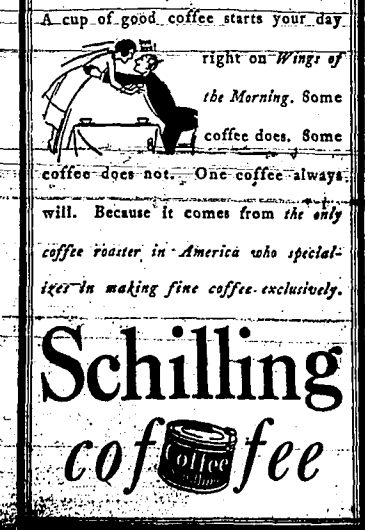

Biological tests demonstrate that the "bulk" in bran is similar to that in leafy vegetables. Inside the body, it forms a soft mass, which gently clears out the intestinal wastes.

How much better than taking unpleasant patent medicines. Two tablespoonsful of ALL-BRAIN daily are usually sufficient. Serious cases, with every meal. If not relieved this way, see your doctor.

IRREGULARITY MARKS DAY ON STOCK MART

Compromise, Develops After Desultory Sag During Greater Part of Session

MARKETS AT A GLANCE

NEW YORK, Nov. 3 (AP)—Stock market irregular, gold mining stocks advanced. Bonds: Heavy; rails sag. Curb: Irregular; utilities rose. Foreign exchange: Irregular; sterling declined. Cotton: Quiet; weak stock and grain markets; Southern cotton steady. Sugar: Higher; Cuban support. Coffee: Quiet; trade buying.

CHICAGO: Wheat: Weak; cheap offerings New Argentine wheat; weakness Minnesota wheat. Corn: Barely steady; sympathy decline wheat; increased country demand. Cattle: Irregular. Hogs: Active and strong to higher.

By JOHN L. COOLEY (Associated Press Financial Writer) NEW YORK, Nov. 3.—Stocks arrived something of a lull in the late market today after a desultory sag during the greater part of an active session.

Closing changes were irregular. Wheat's descent to fresh lows had much effect on other futures. Corn and stock's ability to hold above the average October 10 level was open to favorable interpretation, although just how strong the resistance really was could hardly be determined in a turnover of only 1,011,150 shares.

Gold Issues Steady: This morning issues gleamed bright. The ruling made one of those periods when the country's confidence in the declining commodity prices. Home state was the headline, climbing to a record high at 118 and closing 117.50. Good McIntyre's Peruvian, Alaska Juneau and Dome also participated in the move, although unimportant.

Otherwise the day's trading was set to familiar cloth—a little erratic, but an easy sell and buy section and finally some relatively covering. Net changes for United States: American Telephone and Telegraph, Westinghouse, Allied Chemical, Standard of New Jersey, Dupont, American Tobacco, B. & O., P. & W., and Consolidated Gas. Numerous others were fractional, although the down predominated in the average. Curb was active in the general run, closing 2 points off.

Cotton Market: Cotton had a narrow market, although December edged under six cents a pound to the lowest since the 1920's. Demand of commodities was accepted as a major reason for slackness in the security market. The week's weakness being a prominent bearing talking point.

Banking statistics largely influenced by the fact that the week under review covered the month-end. Seasonal demand plus the November 1 turnover, brought an expansion in the average. Curb was active in the general run, closing 2 points off.

Money: Money: 1 per cent all day. Time: 10 days 1 1/2; 3 months 1/4; 6 months 1/4. Bankers' commercial paper 1/4. Bankers' commercial: Unchanged.

BARTER MOVEMENT BRINGS ORGANIZERS
 Natural Development Association Enters Twin Falls To Facilitate Exchange

Trying to help the unemployed to earn living and to restore the flow of commodities and services essential for human welfare—and succeeding to a remarkable degree—the Natural Development association of Salt Lake city, largest of the barter organizations that have sprung up throughout the country, has sent two of its organizers into the Twin Falls field.

These men, Jack Mathews and Jack McArthur, both of Logan Utah, who arrived in Twin Falls yesterday, expect to spend the next 10 days here forming a Twin Falls branch through which members may exchange their products and services among one another, using scrip issued by the association as a medium of exchange. Other organizers are at work at Idaho Falls. Branches of the organization have been formed and are in operation at Pocatello, Montpelier and Preston, Idaho, and in most of the towns of Utah. Mr. Mathews said last evening.

The association maintains headquarters in Salt Lake City, and has several stores of large proportions operating on the basis of exchange without using coin of the realm, having its own money in the form of coupons or scrip which are current in about 300 places in Salt Lake City. Labor employed, produce, fruit and practically all other articles are bought and sold. In January its total business amounted to \$40,000, in September over \$100,000. It has trucks, tools, equipment, property, to the value of \$25,000. It has built a small oil refinery, a sawmill, a soap factory, and has interest in a coal mine, saw mill, fruit-drying plant and so on. It has clinics in Salt Lake City upwards of 38,000 labor days to people who otherwise would be unemployed.

A list of services which Natural Development association scrip will buy in Logan, exhibited by Mr. Mitchell last evening, comprised more than 75 business concerns including clothing and furniture stores, automobile parts and repair concerns, dairy, hotel and cafe, piano teacher, theatre and a school of dancing.

Congressman Ends Drive at Rupert

Congressman Addison T. Smith, Republican nominee for reelection, will wind up his speaking campaign of major tour five weeks with an address at Rupert next Monday evening. It was announced at his campaign headquarters here yesterday.

Congressman Smith returned late yesterday from a speaking tour through eastern and southwestern Idaho, and addressed an audience at Buhl last evening, sharing the platform with C. A. Bostleman, Arvo, Republican nominee for lieutenant governor.

Congressman Smith is to fulfill a speaking tour engagement at Mountain Home today and will speak at Meridian this evening. On Saturday he will speak at Pocatello and on Sunday at Blaine. He is to be accompanied by Mrs. Bostleman the remainder of this week.

 120 Factory Close-Out
COATS \$1.77
 FRIDAY AND SATURDAY
 The Cheapest Coat in the Lot Sells For \$1.98 Around Town
 I closed these coats out personally from a sheep-lined coat factory in New Brunswick, New Jersey. This factory had closed up and I think it is a real buy. There are three different qualities in the lot. I paid the same for all of them so they are all being sold to you for the same price. The cheapest quality seems to be as good as the \$1.98 coats around town. The sizes are 6 to 18.

AND BREAKING THE MARKET ON MEN'S SHEEP LINED COATS
 45 Factory Close-Out Coats—Not as good as our regular \$2.98 Coat in the Men's Store, but as good as the \$2.98 Coats around town, as discovered by our check.
 These were closed out from the same factory as the boys. By comparison with regular values we don't consider it as good a buy as the boys but still you are saving 55 cents on a good average \$2.98 garment. Sizes 36 to 46.
\$2.43

ONE LOT MEN'S SHEEP LINED MOLESKIN VESTS IN OUR ECONOMY BASEMENT THERE IS NOTHING LIKE THIS IN TOWN TO COMPARE BY
 This is another factory close-out made last February after the season and closed out. The felt is heavy and good and the moleskin cover is high grade and tough. These are sleeveless vests at the price of a cheap shirt. Be sure and see this value.
