## STEEL CORPORATION OFFICIAL PREDICTS BUSINESS HEADWAY

Eugene G. Grace Points to Evidence Substantiating Contentment that "Business Has Struck Bottom"  
**By FRANK H. MCCONNELL (Associated Press Staff Writer)**  
NEW YORK, Jan. 26.—Eugene G. Grace, president of the Bethlehem Steel Corporation, today said that the past six months of stabilized operation in the steel industry without any further dipping of the price of steel, indicated to him that "business had struck bottom."  
"I hope three months from now, when our first quarter earnings are made public, that I will have a checkbook order for a million dollars," he said. "But one of these things will turn up. And I don't think it will be so long as a lot of people think."  
Grace, who never has been known to make a pessimistic forecast,  
The board is composed of the four members of the county commission and a resident taxpayer of the county appointed by the governing body of officers.  
The bill was passed by the house yesterday with several members protesting it did not reduce appropriations enough, being approximately \$200,000 below the appropriation of the year.

## BOISE CLERICS HIT AT GUARDS CAMP

After Ministers Voice Protest to Committee, Army Men Note Flaw in Logic  
BOISE, Jan. 26 (AP)—Abolition of the Idaho national guard summer camp at Idaho and disengagement of the 60,000 appropriation for administration of the guard and the national guard, were advocated by a delegation from the Boise ministerial association in a protest before the appropriations committee of the legislature.  
The speakers were Rev. Hugh B. Probst, pastor of the First Presbyterian church; Rev. C. W. Ward, pastor of the First Methodist church; and Rev. R. D. Damon, pastor of the Wright Congregational church.  
"We have listened to the senator and heard him say that the national guard is a burden on the state and that it is not necessary to pass the present appropriation bill," said Probst before the end of the month.

## HERO OF OCEAN RESCUE LANDS WITH 22 SAILORS SNATCHED FROM DEATH

**By ROBERT BY JOHN (Associated Press Staff Writer)**  
NEW YORK, Jan. 26.—A hero of the sea came to port today as a slender figure in a small boat, but he would have none of the credit for the feat which had earned him the title "hero."  
The slim young master of the American merchant ship "The S. B. O." was Henry Victor Lohman, the young British wireless operator who came to his post throughout the "night of terror," as some called it.  
Lohman's ship was swept over the edge of the sea and one ship of the air felt the fury of a storm that swept up the Atlantic seaboard to the north of the coast.  
Three steamship pilots were believed to have drowned when their vessel was swept over the edge of the sea. Lohman was the only survivor of the crew of 22.

## BALDRIDGE ASSAILS RUSS-FEE PROPOSAL

WASHINGTON, Jan. 26 (AP)—Proposal of Governor C. H. Ross to place state departments on a fee or self-supporting basis, was described today by the former Governor, H. C. Baldrige, as "the greatest hoax ever proposed."  
Speaking at the closing session of the Idaho Retail Hardware and Implement Dealers' association, Baldrige denounced "who is to pay the increased fees? The farmers—our midway overburdened taxpayers."  
"The way to reduce taxes, he said, is to reduce the tax ad valorem tax by turning back to the counties 2 cents of the gasoline tax. That would save them \$1,000,000 a year. It has come within budgeting light-years."

### JEROME'S CHAMBER OPPOSES SALES TAX

#### Form of Levy Appears Acceptable Only if Imposition Means Other Savings

JEROME, Jan. 26 (Special to The News)—That no sales tax be enacted unless its proceeds be immediately deducted from the ad valorem tax now in force, is the decision of the Jerome Chamber of Commerce reached last night when 25 members of that organization met here. Opinion indicated that a sales tax would be acceptable only if it meant other savings.

The chamber's position was made known by the action of its executive committee, which has been organized since the passage of the proposed Idaho law after which the proposed Idaho bill is modeled, and said that he believed that no sales tax should be levied unless it meant other savings.

H. W. Burbank, secretary of the North Idaho Canal company, explained the chamber's position under the law after which the proposed Idaho bill is modeled, and said that he believed that no sales tax should be levied unless it meant other savings.

"Mississippi imposes a sales tax on all property," explained Mr. Burbank, "and has been successful in that the state produces about \$400,000 a year monthly about 4 per cent of which is expended on education."

"In that state," however, the farmer already has been taxed until he can suffer little if any more while in Idaho the farmers would likely suffer if a sales tax were imposed on the state's products, 10 per cent of the population is Negro, whose living standards far below that of Idaho."

"Mississippi's sales tax is a method of getting at the Negro who pays no other taxes," said Mr. Burbank, "and already pay the highest average."

"Probably the strongest argument against the sales tax is that it would send much business and money to tax-free states, which, in time, would have a larger tax base than even if the tax later were removed, many small send out of the state by the tax," said Mr. Burbank.

D. A. L'Héritier, Jerome farmer, concluded Mr. Burbank's remarks by saying that he believed that no sales tax should be levied unless it meant other savings.

### WEATHER

FORECAST FOR TODAY AND TOMORROW—Occasional snow, little change in temperature.

Twin Falls vicinity temperatures in the 24-hour period preceding 10 a. m. yesterday ranged between 23 and 14 degrees above zero, according to the report of D. B. Chesney, government weather observer here. The day was cloudy and the barometer registered 29.27 inches at 7 p. m. Humidity ranged between 59 and 39 per cent of saturation. There was a trace of snow.

directors of the Hurley chamber of commerce also had gone on record as opposed to a sales tax. The chamber came over that day from Twin Falls where he reported a bitter sentiment against the tax among the merchants.

William Peters, Jerome Water company director, also spoke, introducing arguments both for and against the measure. He compared the tax to the gasoline tax which he claimed to be the most equitable and sound tax in the history of the state. Speaking of the proposed sales tax he said, "It is the most equitable and sound tax in the history of the state. It is also believed it should be an additional tax measure, however, and opposed it from that angle."

George Brenner, local real estate dealer, favored the sales tax on the basis of its fairness and simplicity. He pointed out that the tax which actually will raise money for government expense appears to be necessary. "No man would, or should, be unwilling to pay \$20 toward the support of the government of the state which affords him a place and a way to make a living. The sales tax is fair and offers a good method of tax distribution, reaching the renter as well as the property owner," said Mr. L'Héritier.

Opposes bill  
Dr. C. F. Zeller opposed the bill on the ground that it is merely an additional tax, as he understands it. He said it would afford no relief from the burden now placed upon the taxpayer. "The property tax," he said, "is the only state money available for payment on the county highway indebtedness. On his recommendation, the group voted to recommend rejection of the bill if anything, a raise in the rate."

### PROHIBITION AMENDMENT ENTERS IDAHO'S SENATE

BOISE, Jan. 26 (Special to The News)—A revised form of the proposed constitutional amendment to abolish prohibition in Idaho will be introduced in the senate tomorrow, Senator Stacy announced. Chief justice of the state, announced today.

The new measure will authorize the legislature to regulate, license or prohibit the traffic in intoxicating liquor. The one now in the state affairs committee provides for prohibition on opening day of campaign from now on. Stacy said that any law in introducing liquor is "never prohibited" in 1938.

Attorney General Bert Miller reported that the board of

### Men Use Hand Sled To Take Ailing Friend 15 Miles To Fairfield Doctor

PAIRFIELD, Jan. 26 (Special to The News)—A 15-mile trip over snow two and three feet deep was necessary this week to bring Fred Price, chairman of the Idaho Electric company on Big Snake river, to Fairfield, so that he might receive medical aid.

A party of three men, Allen Peterson, Richard Peterson and Eldred Star, of the Richard-Allen mine on Soldier creek, tracked in on snowshoes Tuesday, and on Wednesday brought the ill man back on a hand-sled, to a point where a horse-drawn sleigh picked them up.

As Christmas close, a man was sent to take medicine and to care for Mr. Price for a two-week period, but at that time, he seemed to be improving. However, his convalescence had continued so slowly that fear was felt for his safety without medical attention.

LONDON (AP)—Roast swan is a delicacy on the menus of several clubs and restaurants here now, and "one can buy them" whole, roasted, in department stores. Each bird weighs about 30 pounds and will feed about 30 persons. They taste much like roast goose.

### RECEIVERS OPERATE CHAIN-OF-THREATRES

#### Charles D. Hillis and Adolph Zukor Take Up Functions On Court's Instructions

NEW YORK, Jan. 26 (AP)—Receivers in equity were appointed today to take over the Paramount Pictures corporation, largest company in the motion picture field.

The receivers named by Federal Judge William Bond were Charles D. Hillis and Adolph Zukor. The action was taken upon the petition of the Broadway and Twentieth Properties, Incorporated, a California concern which is a creditor to the extent of \$29,146.

Attorneys for Paramount Pictures agreed to the receivership as a condition in Judge Bond's chambers. In their answer they acknowledged allegations that the corporation lacked liquid assets to meet current obligations.

Zukor is president of Paramount Pictures, Hillis is an insurance executive, former chairman of the Republican national committee and the present Republican national committee member from New York.

The petitioning creditor set forth that the corporation has assets of great value, the holdings of the parent company and affiliates totaling more than \$165,000,000.

"It is still another action," Judge Bond said, "involving the receivership of a receiver in bankruptcy for one subsidiary, Public Enterprises, Incorporated. This company filed a voluntary petition setting up its liabilities of \$41,214,497 and assets of \$22,894,072."

In the equity action, a joint bond of \$50,000 was required of the receivers.

Earlier an involuntary bankruptcy petition was filed by a creditor of Public Enterprises, Inc., in San Francisco, California. J. Risen and M. J. Yellou, holders of a total of \$4000 of Public Enterprises' stock, were due in 1935.

It was alleged that the corporation, which incorporated in December 1932, "with intent to defraud," M. J. Yellou and other and like creditors, attempted to "convert" theatre properties of substantial value.

Paramount Pictures directors shortly after the receivers had

**ATTORNEYS' TILTS MARK MORALS CASE**  
**Wife of Accused Filer Man Supports His Protests With Testimony**

A series of attacks in attorney's arguments over questions of the admissibility of evidence marked the fourth day's proceedings yesterday in the trial in district court here of Elmer H. Blevins, father, against the state, charging the 34-year-old foster daughter of his wife's fiancé.

Mrs. Elmer H. Blevins, wife of the accused man, followed her husband to the witness stand and supported his testimony by her own protestations of innocence of the alleged offense.

Other witnesses were called to Blevins' behalf to testify that his reputation in the community was good, and that the girl-mother, Mary Young, who accused him, was given no portion of the truth. One group of three girls, former schoolmates of the girl-mother, told over certain statements regarding her conduct that they said were untrue.

It was indicated that the case might be given to the jury late today or early tomorrow. Members of the jury now on the panel for this trial were excused until Monday.

Mrs. Blevins' testimony revealed the breaking of family ties following the accusation of her husband by her mother's adopted daughter last spring. The betrayal came even when reference was made to statements attributed to her brother, H. O. Evans, to the effect that Blevins might serve a penitentiary term.

**Familiar Them**  
 Argument on the theme that became familiar during yesterday's proceedings is to be resumed by attorneys at 8 o'clock this morning, a half-hour before the time set for the jury to report for duty.

Mrs. Blevins remained on the witness stand most of the forenoon and afternoon and returned in the absence of the jury, a parade of nearly a score of defense witnesses began. The list included William Burns, L. V. Royler, W. E. Williams, H. R. Hammerquist, P. O. Graves and Rev. C. E. Seaman, pastor of the First Methodist Episcopal church.

In refutation of state's evidence that Mary Young and her foster father, William Young, had not gone to their home together on a designated occasion, H. O. Stoksbury, who the state included as a witness, was called to testify that they had met Young and the girl on the occasion that occurred.

A group of five school teachers called to testify in regard to Mary Young's reputation for truth and veracity included W. C. Nussbaum, Mrs. Ann Castlerline, O. O. Allison, Myrtle Decker and Ann Bell.

Former schoolmates who were summoned as witnesses yesterday were Anna M. Harshberger, Wanda Harshberger and Sarah Sheak.

**ACCUSED MAN MAKES JAIL TWICE IN DAY**

D. L. DeHart, 44, was back in Twin Falls county jail again Wednesday night within a few hours after he was released upon payment of \$50 fine for illegal possession of liquor. Police officers arrested him in a Third-street south lodging house early Wednesday on the liquor charge, and the sheriff arrested him and Fred Silimata, in the same lodging house Wednesday evening on a charge of disturbance of the peace.

**DAUGHTERS NOMINATE LOCAL ADMINISTRATOR**

Two women, Mrs. Edith Clark, Conville, Utah, and Mrs. Myrtle Peterson, Philipburg, Colorado, surviving children of Mrs. Mollie Eminger, Twin Falls nurse who died here last week, yesterday petitioned the probate court here for appointment of Curtis Turner, Twin Falls banker, as administrator of their mother's estate. The estate includes a dwelling house, notes and other property valued in all at \$2000. Hearing on the petition has been set for February 6. Frank L. Stephan and J. H. Blandford, Twin Falls, are attorneys for the petitioners.

**LIQUOR BRINGS PENALTY**

Ralph Schaefer, 41, one of four persons arrested here late Saturday night on liquor charges, pleaded guilty in the probate court here yesterday to a misdemeanor charge of illegal possession, and was sentenced by Judge Guy L. Kinney to pay \$50 fine and \$3 cost. Two other men and a woman, arrested with him, waived preliminary hearings when arraigned before United States Commissioner E. S. Bell, and were held under \$1000 bond each to answer in the federal district court.

**KIWANIS CLUB HEARS VARIOUS DISCUSSIONS**

O. K. Company, associate agent-branch at the federal bureau of plant industry station at Twin Falls, told Twin Falls Kiwanis club members at a meeting at luncheon at the Park hotel yesterday, that a sufficient quantity of a new cutley top-resistant strain of sugar beet seed will be available for all 1933 planting requirements. He outlined the progress of the development of this disease-resistant strain, in which three sugar companies have cooperated for several years and told of production of the seed under southern conditions where seed planted in the fall yields a seed crop the next season. A limited quantity of the new strain of beet seed will be available next week, he said, and commitments, he said, are continuing to fix the type of the new beet.

Another contribution to the Kiwanis club's program was William J. Tripp, Spokane, more widely known as Zoro, astronomer, appearing this week at the Roxy theatre. Zoro spoke briefly discussing the astronomy of the new year and the relation of the sun and planets, and remarked since the planet Mercury rules this year and since mercury is related to silver, the subject of the metallurgy may have an astrological aspect.

Tripp acknowledged receipt of an autographed photograph of President Hoover which Congressman Donald T. Smith secured from the president to replace another similar photograph that had been given to him.

It was announced that Company F, One Hundred Sixteenth Infantry, Twin Falls unit of the Idaho national guard, which has been sponsored by the Kiwanis club, is to give an annual ball here February 6, and Kiwanians were invited to give their active support to the affair.

**EVANGELIST DESCRIBES SETTING OF NATIVITY**

Referring to lately discovered Aztec manuscripts, and alluding to the Aztec name of the Christmas festival as "Nativity of the Sun," Dr. W. E. Anderson, Paris, Indiana, minister, lectured last night at evangelistic services at the Christian church last evening on the theme, "Why Was Jesus Born?"

A young people's quartet composed of Joy Krombholz, Dora Schulbach, Charles Allen and John Schulz, with piano accompaniment by Thane Johnson, conducted an evening of special music.

Dr. Anderson is to leave today at 2:30 P. M. on "The Value of Ignorance" and at 7:30 P. M. on "God's Love to the World."
