Two hours the fire raged about and through the village, driven by a 25-mile-an-hour northwest wind. Then the fire raged westward, threatening the town.

RETAIL GROCERS AND MEAT SHOPS ADOPT NEW HOURS

Districts' Food Distributors at Organization Meeting Agree Upon 63-Hour Business Week

Grocery stores and butcher shops, effective next Wednesday, will open at 8 A. M. and close at 7 P. M., except on Saturday when the closing hour is to be 9 P. M., according to a resolution adopted at the organization meeting here last night of the South Central Idaho District Retail Food Distributors' association. Approximately 100 grocers and meat dealers attended the meeting, which was held in the district court room.

The new schedule, providing for a 63-hour business week, is to replace shorter schedules which have been in effect in the district last week.

W. E. Studebaker, Bull, president of the lately organized Idaho Retail Food Distributors' association, presided at the meeting here tonight, and also presided at the organization meeting of the district association, with C. D. Starr, Bull, secretary, and R. O. Wilson, Kimberly, treasurer.

Each of eight centers within the district was given a vice president in the district organization's setup, and vice presidents were elected last night as follows:

Traverse: Twin Falls: L. C. Barlow, Burley: C. D. Oyer, Rupert: A. D. Moseley, Jerome: Harry Blomer, Shoshone: John W. Grosser, Gooding: R. C. Wilson, Kimberly: G. A. Love, Pile.

Compensating Schedules

The new schedule of business hours which grocers and meat dealers of the district adopted here last night is to compensate for a longer work-day and work-week authorized for grocers and meat dealers' employment under national government administration program, a number of speakers explained. Whereas the minimum 48-hour business week provides for a maximum 40-hour employee's work week and permits a minimum 48-hour business week, one speaker explained, the retail food handlers' approved tentative code provides for a 48-hour maximum employee's work week.

Last night's meeting proceeded to organization of the district association after R. O. Wilson, Kimberly, reported on the organization of the state association and read the legislative code of the national organization, and L. H. VanBier, Bull, read the state association's constitution and by-laws.

Urging necessity for organization, the chairman stated, "If we don't belong to an organization with an approved code, without question we are going to be forced to run our stores seven days a year for days of district, state and national associations is cheaper than we want, and besides we see the benefits of organization, including a direct contact with the national government administration."

World Council "Eight" One man proposed a telegram to the president proposing to "cancel the blue eagle displayed by stores that do not conform to state regulations." This suggestion was altered to provide for a recommendation to this effect from district to the state and national organizations of retail food distribution, after H. Vogel, Twin Falls, remarked that this issue had been raised in "four or five telegrams already dispatched from here to the Washington" national grocery administration chief.

The meeting seemed more concerned about uniformity of business hours throughout the district than about any particular schedule of hours. Three Shoshone men leaped to their feet and a spirited statement came from a Rupert man when Mr. Vogel ventured the opinion that only Twin Falls grocers and meat shops, and not all of them, had conformed to agreement of last Tuesday to open stores at 8 A. M. and close at 7 P. M.

The schedule of business hours that the grocers and meat dealers adopted last night was proposed by J. P. Kinney, Twin Falls, and seconded by L. H. VanBier, Bull. The chairman declared it was adopted after the meeting went on record by majority vote in favor of making these hours effective next Wednesday.

Necessity for uniformity of business hours and methods was emphasized by Alvin Casey, Twin Falls, while the "Kreuz Zeitung" was working it out for it. He expressed opinion that national food distributors' final code would be announced about next Thursday.

Another speaker said he understood August 31 is to be the dead line, and that the government will take charge then if satisfactory codes have not been adopted before that time.

WOMAN SUES FOR DIVORCE ON GROUNDS OF CRUELTY

ON GROUNDS OF CRUELTY AND neglect, Mrs. Isabelle Hayes has started suit in the district court here for divorce from Alvin Hayes, with whom she was married at Oakley in December, 1901. J. P. Kosharek, Twin Falls, is her attorney in this action.
