COUNCIL AT BURLEY
REDUCES TAX LEVY

Action Follows Program of City Economy Adopted For Last Three Years

BURLEY, Aug. 10 (Special to The News)—City council today adopted the program for the fiscal year beginning in May just passed, which made a reduction of two mills. This is in line with the amount put into effect by the present administration for the last three years. In 1931 the levy was 20.62, and in 1932 it was reduced to 20.12, and this year to 19.14.

The 1933 levy is all the more notable because of the total valuation of taxable property is about \$1,400,000, or \$100,000 more than in 1932. In fixing the present rate of the city council made a final proposal of \$450 for the amount to be collected for the various departments. The appropriation, as adopted, amounts to:

General fund \$4,000
Street and bridge 6,416
Police 4,243
Fire 3,702
Electric 17,700
Water 2,475
Irrigation 3,413
Cemetery 2,815
Contingent 2,475

The total appropriation amounts to \$121,220. In addition there is a special appropriation of \$203 for the public streets and sidewalks, and \$100 for bond interest and sinking fund which is appropriated \$879.

STRAY STOK STRIKES
RICHFIELD HUNTSMAN

RICHFIELD, Aug. 10 (Special to The News)—A stray stork from a hunter's flock, which was shot by John Workman, Richfield, in the leg, inflicted a painful wound.

The bird was hunting birds on the opening day of the season when he was shot. The hunter was able to return to his duties at the Elm State Lumber company office after treating his injury.

CUBAN CRISIS SWIFTLY
MOVES TOWARD CLIMAX,
AS POLITICIANS WRANGLE

(Continued From Page One)
The Cuban crisis has become a definite plan in mind, and the administration is confident of its fulfillment. It is obvious he expects President Machado to get out of the way as the first step in the program.

Representative Fish, generally speaking, is regarded as the leading force in the "New Deal" States administration.

He believes the next move would be a withdrawal of American troops from the island government and the next armed intervention as permitted under the treaty granting Cuban independence.

"I do not think armed intervention is contemplated, or if it is, it will be a last resort," said Fish. "If it is required, I will back the president. It can only say that I have the greatest confidence in the leadership of President Roosevelt and Ambassador Welles in their present view."

To all outward appearances Mr. Roosevelt was unconcerned and confident of a speedy settlement of the Cuban strife. However, he kept close contact with developments over the telephone before morning late in the day to a nearby boat camp.

He had a luncheon guests Ambassador Coha, publisher of the New York Times, and Frank Weston of the Boston Herald.

Smiling but silent, William H. Woodin, the secretary of the treasury, left the summer white house during the return to his home. He was under orders from the president that he should not be present at the other morning, but before returning to his duties at the capital after his seven days. But it was emphasized that he is going to return.

Fish represents this old Republican district. He has been one of the outspoken critics of the administration. He emphasized both to the chief executive and to the newspaperman, however, he was wheedled in his support of the president on the Cuban policy.

CUBAN CRISIS SWIFTLY
MOVES TOWARD CLIMAX,
AS POLITICIANS WRANGLE

(Continued From Page One)
police cursed him and threatened his life. The force of transport and other industries which have tied up most of the normal activities in the republic continue to operate despite efforts of the government to induce workers to return to their jobs by granting various concessions.

The food situation consequently grew more serious. Army units which entered the city again last night in response to the appeals of the state in the distribution of certain essential commodities to hospitals and other places of special needs.

It was made clear that Ambassador Welles' efforts at mediation were supported not only by President Roosevelt but by the leaders of the Conservative and Popular parties in Cuba, whose newspapers were published testfully.

It was reported in well-informed quarters that the president had many unspoken in the island-wide strike of the last fortnight met last evening and that he had taken the night before to return to work until constitutional guarantees are restored.

President's special committee, all its demands accepted by the government, had promised that the workers would return to their jobs. Delegates from the unions, however, overruled the committee.

EXPERTS REGARD 1933
GRAIN CROP PROSPECTS
AS POOREST IN YEARS

(Continued From Page One)
and the condition of all spring wheats 4.6 per cent per normal. The winter wheat yield per acre was estimated at 20.5 bushels, based on reports from regions where the crop has been harvested.

Reports of production of barley, flaxseed, hay, beans and potatoes all were below the unusually low level of production of last year.

It added that fruit production was expected to be about 10 per cent below the present year's crop. The upward trend in oranges and grapefruit has partially offset the lower reports of apples, peaches, pears, grapes and prunes.

The potato crop may be the smallest since 1927.

Indicated production of other crops, with the forecast for a month into last year's production, follows:

Wheat, 158,000,000; 170,000,000 and 180,000,000; flaxseed, 2,500,000; 2,800,000; 3,000,000; beans, 2,000,000; 2,200,000; 2,400,000; corn, 3,800,000; 4,000,000; 4,200,000; grain sorghum, 60,000,000; and 130,000,000; hay (dry), 6,000,000 tons; 6,500,000 tons; 7,000,000 tons; 7,500,000 tons; 8,000,000 tons; 8,500,000 tons; 9,000,000 tons; 9,500,000 tons; 10,000,000 tons; 10,500,000 tons; 11,000,000 tons; 11,500,000 tons; 12,000,000 tons; 12,500,000 tons; 13,000,000 tons; 13,500,000 tons; 14,000,000 tons; 14,500,000 tons; 15,000,000 tons; 15,500,000 tons; 16,000,000 tons; 16,500,000 tons; 17,000,000 tons; 17,500,000 tons; LEGION'S SPEAKER URGES CHANGE IN BOARD OF WELFARE

Miss Edith Chapman Asks Organization to Work for Citizens' Council Which Would Appoint Executive

Declaring Idaho is the only state in the Union with neither physician nor trained public health workers among the executive personnel of the state health and welfare department, Miss Edith Chapman, legislative secretary of the American Legion in the United States, last night urged creation of a child welfare department which would appoint the chief of the state department and supervise the state health and welfare in the state.

Mrs. Chapman spoke before the Idaho State Auxiliary members of the Legion at the Pith Idaho district in the Legion Memorial hall here. She declared Idaho's pension laws for oldsters are inadequate, and said that census figures showed the percentage of child labor in the state is higher than in any other state. She declared the "ruin" of the United States public health service by child labor is the most appropriate subject for attention to the discontinuance of the health unit in Twin Falls county, hereafter the only health unit in Idaho.

Dr. Davis Presides
Dr. J. N. Davis, Kimberley, district doctor, presided at the regular meeting of the Idaho Falls, department committee, which was held at the home of Mrs. Chapman's sister and his presence.

Miss Chapman said she was told by a doctor at a meeting she would find no child labor problem in this state. She then looked up the federal census figures, she said, and found that the percentage per thousand of 10- to 15-year-old children gainfully employed in Idaho is 17.5, compared to 1.8 in New York state, which consistently considered the center of child labor legislation.

Continuing this phase of her address, Miss Chapman said that by coming in contact with a family of laborers in an Idaho beet field. The mother was working in the field at 5 A. M., washed nearby clothes, got to school, went into the fields immediately after school and worked until dark.

Questioned Her Work
"I do not think it does a boy any good to work in a beet field," Mr. Paul said.

"I do," Miss Chapman replied. Mrs. Chapman said that the chairman of the Kimberley Pith auxiliary, said she knew of children who were in the field, and she was working in the field at 5 A. M., washed nearby clothes, got to school, went into the fields immediately after school and worked until dark.

"These children were from 18 to 20 pounds underweight," Mrs. Thompson said.

"The thing to do with the schools is to get them out of it," Mr. Paul said. He said in a discussion the condition and hours would determine the harmfulness of each case, and that the state health department should be held responsible for other district meetings which have been held and which will follow as the result of bringing the open problems which should be faced at the conference later.

Mrs. Chapman urged legislators and Auxiliary members first to obtain the facts which would be available in the report of a fact-finding commission, second, to strive for creation of a child welfare board, and third, to control the state health and welfare department by the department's head agency and the director for fitness by this board, and third, to have the state health and welfare department have the state health laws should be obtained by the state. The present law provides for 18-21 months for a mother and one child, and monthly for each additional child, the speaker said.

Mrs. Chapman has addressed meetings in three Idaho districts, and will be heard at district

Willie Willis

ALVIN CASEY SPEAKS ON RECOVERY PROGRAM

Alvin Casey of Simpson and company spoke at the regular meeting of the Twin Falls Kiwanis club yesterday afternoon at the new Regester hotel yesterday.

Mr. Casey explained the workings of the United States recovery agency and how they are affected. He answered many questions concerning the recovery program.

GOSPEL SINGERS BRING DELIGHTFUL PROGRAM

Interpreted with piano solos and readings, a program of gospel singing and Negro spirituals, which the Imperial male quartet and accompanist presented on a second visit to Twin Falls, delighted an audience of 150 persons that crowded the Church of the Brethren church here.

The group gave a concert at Hanna Wednesday night, and will go from there to Idaho Falls to fill an engagement at the Methodist Episcopal church there this evening.

The federal government refused to aid Florida frog hunters in expanding their trade.

Florida has 65 airports.

Twenty-three thousand obsolete freight cars were burned in railroad yards at Spencer, North Carolina.

Georgia's first hole of 1933 cotton was laid at Savannah for 50 cents a pound.

WOOL PRODUCERS FACE PROBLEMS

AGED TWIN FALLS MAN SUGGUMBS TO ILLNESS

John Natus Herley, 78, resident of the Herley for a quarter of a century, died at 9:30 yesterday morning at his home here. He had been in poor health since last fall and had been seriously ill for three months.

Mr. Herley came west from the southeastern seaboard section in 1902. He moved to the Twin Falls area in 1908 and lived there until his death. He was a farmer throughout nearly all his life.

He is survived by his widow, Mrs. Carrie Herley, eight children, Mrs. Helen Herley, North Carolina, Mrs. Sue Gamack and Mrs. Jessie Gamack, Twin Falls, Mrs. Edith Herley and Mrs. John Herley, Elgin, and Mrs. Alice Herley and Mrs. Elsie Herley, a brother, Dr. Harry Whitmore, a sister, Mrs. Mary Powell, Leonor, North Carolina.

BEET CROP PROSPECTS CONTINUE EXCELLENT

With fields in splendid shape, the beet crop here last night said, was the best in years. The beet crop here last night said, was the best in years.

FAMILY TAKES BODY TO WYOMING CEMETERY

The body of Mrs. Kate A. Maloney, 61, who died Wednesday at Twin Falls county general hospital, will be sent by the White mortuary to the Wyoming cemetery in Cheyenne, Wyoming, for interment.

HIGHWAY LOOP ROUTE TOPIC AT CONFERENCE

Speakers at the Twin Falls highway conference in conference with Governor C. Ben Ross at Boise yesterday, discussed the proposed highway loop route on highway route 82, extending between Twin Falls and Idaho Falls last night.

Members of the delegation included J. W. Winans, commissioner, and J. D. Binns, engineer of the highway district, and T. L. Lloyd, Twin Falls.

OFFICER OBSERVES BRUSH FIRE FROM BOISE MAN'S PLANE

A brush fire, believed to have been started by a motorist yesterday along the side of the road about 17 miles south of Twin Falls, last night was rapidly burning through timber in the Lemhi forest, according to Lieutenant Joseph Beaver, who flew in Boise Tuesday afternoon.

CAR CRASH LEADS TO FELONY CHARGE

On a tour of inspection of oil and gasoline distribution properties in southern Idaho, a group of officials of the Utah Refining company, accompanied by A. L. Spruce, Boise, state manager of the Utah Refining Oil company, arrived in Twin Falls yesterday, to spend the night here and set out early this morning, continuing the tour to Burley, Rupert, Pocatello and Idaho Falls. J. A. Rich, district manager, accompanied the party to this district.

CAR CRASH LEADS TO FELONY CHARGE

REXBURG BOY GOES TO BURLEY TO FACE THEFT PROSECUTION

A car which Jay Wells, 19, Rexburg, crashed against a curb pump at a service station at Five Points, Twin Falls, early last Tuesday morning, was stolen from John Rider, Oklatka, according to a felony complaint filed at Burley yesterday.

Wells was released from the county jail here yesterday on payment of a \$25 fine for reckless driving, and was thereafter taken to Burley to answer to the car theft charge.

Officers here said Wells was traveling 50 to 60 miles an hour as he crossed Main avenue just before the crash in which the car was demolished and the curb pump hurled through the windshield and landed 40 feet away with only a scratch on the head to show for the mishap.

ANNOUNCEMENTS

The Daughters of America will meet Monday afternoon with Mrs. Fred Campbell, 148 Seventh avenue east.

Mississippi state office service reports that white rat stampage is at great demand.

A postoffice box, lost 44 years, was recently placed up by J. D. Binns of Central, South Carolina.

INSURANCE POLICIES FACTORS IN ESTATES

MAGICIANS ENTER FLOAT IN CONVENTION PARADE

Insurance policies figure prominently in two estates in which probate proceedings were started in the public court in Twin Falls yesterday.

Members of the party included H. J. Greenwood, vice president and manager; A. M. Johnson, vice president and secretary; and Treasurer W. S. Sutton, retail operations superintendent, and E. H. Putnam, transportation superintendent of the Utah Refining company, all of Salt Lake City.

Wells was released from the county jail here yesterday on payment of a \$25 fine for reckless driving, and was thereafter taken to Burley to answer to the car theft charge.

To Further the NRA Program in Twin Falls

The DRIVE-IN MARKET

GROCERY DEPT. Will Be Open Daily 8 A. M. to 12 Midnight EXCEPT SUNDAY

In the last few days a new interpretation has been put upon the N. R. A. rulings. We are anxious to further the good work of the movement and have increased our opening hours for the following reasons:

1. High Johnson has repeatedly forbidden grocery stores to slash store opening hours. This nation-wide emergency ruling we feel, certainly takes place over any local decision.

By retaining our original opening hours, we will employ more men. This is the spirit of the N. R. A. rulings. We are really anxious to do our part.

The Management. GROCERY DEPT.

52 Miles In 36 Minutes

AAA R. O. COLLE, Manager

G. O. Padgett Union Motor Co. Twin Falls, Idaho

Dear Mr. Padgett:

At the completion of the 10,000 mile Economy Test Run of the "Silver Flash" Ford V-8 has been under our supervision for the past ten days. I personally inspected all records and entries that have been made by our men and find the following data to be authentic:

C. D. Anderson, manager of the Idaho State Automobile Association for the Twin Falls territory, official check-off at all times at the Twin Falls end of the run.

Drivers: Taylor, Holden, Garrett, Payne.
Total Distance Run: Ten Thousand Seven Miles.
Average Speed Maintained: Forty-three Miles Per Hour.
Total Gallons of Gasoline Consumed: 303 Gallons.
Average Miles per Gallon, entire run: 19.9.
Average Miles per Gallon: Eighty-one change 5 quarts.
Number of Oil Changes: Eighty-one change 5 quarts.
Total Quarts of Oil Added: Nine.
Water Evaporation for the 10,000 miles: 2 pints.
Total Oil Mileage: 1,111 miles per quart.

Miss Jay Taylor won with a "Miles Per Gallon" Average of 22.4.
Driver No. 2 won with a "Miles Per Gallon" Average of 21.9.
Driver No. 4 won with a "Miles Per Gallon" Average of 19.8.
Driver No. 1 won with a "Miles Per Gallon" Average of 19.8.

As a final endurance test on this car and without any checking or tuning up of the motor, I personally drove the car to be in perfect condition with no dirt on the pistons, especially easy to handle at high speed, free from road shock, beautifully balanced on turns, an ease of control at all times that would please the most exacting driver.

Respectfully yours,
Fred L. Brown, Field Secretary.
Idaho State Automobile Association A. A. A.
