MILE-LONG PARADE CONVENTION EVENT

Committee Chairman Outlines Arrangements for Spectacular Street March

A mile-long parade, which is to be the feature of the Idaho American Legion convention, is being planned for the morning of the fourth day of the convention. The parade will start at 10:30 a. m. and will be in motion at 11 o'clock tomorrow afternoon. J. H. Hogan, convention general committee chairman, announced last evening.

The parade is to form on South Second street between Fourth and Seventh avenues north and East. The line of march was announced as follows: South on Rhoads to Second avenue west on Second to East on Fourth street north to South on Fourth street north to East on Third street north to East on Third street east to the Legion Memorial building. The first float will be formed in Rhoads street under direction of J. H. Hogan, J. J. Hughes, Dr. D. W. Brown and J. H. Hogan. Automobile section will form on Fourth avenue north under direction of J. H. Hogan. Commercial section will form on East on Third street east under direction of O. R. Oyster and Charles Austin.

SMITH MAPS NWA CAMPAIGN IN CITY

School Superintendent Accepts Service Under His Superior of World War

William B. Smith, Twin Falls superintendent of schools, is serving as a time during the World War period as adjutant of the Infantry Brigade of the 10th Army. Smith was commander, returned from several days' vacation trip in the Wood River area in the summer of 1918. He was elected "grand marshal" of the Twin Falls World War recovery campaign committee. He held the post for the first time in his life. Smith, with Mrs. B. M. Johnson, named, returned from the campaign, died today in a local hospital. Secretary of the Chamber of Commerce, J. H. Hogan, is in charge of the study of the campaign. He will be in charge of the study of the campaign. He will be in charge of the study of the campaign. FEEDER PROPOSES AUCTION MARKET

M. M. Daniels Plans Establishment of New Livestock Service in Area

A livestock auction market for the Lewiston region is being established in connection with designated annual feeding yards in Twin Falls. M. M. Daniels, traffic agent for the Union Pacific system here, has taken over the operation of the Short Line on his own account last June 8, it was announced here yesterday.

Mr. Daniels is personally supervising an extensive improvement program at the feeder yards, including installation of a drainage system, water and sewer lines and other facilities are to be constructed and installed in readiness for the first livestock market. The market is forecast to be held within the next two or three weeks.

What the Blue Eagle means to you and how you can get it

The President's Reemployment Program is advancing to complete success. No such sweeping demonstration of the unity of a whole people against a national danger has ever been made. In this vast surge of patriotism it is necessary to keep our common purpose always clear. When 125,000,000 people attempt to act as one man there are sure to be some misunderstandings. It is time to restate as clearly as possible the aim of the whole endeavor and the duty of each individual. That is the purpose of this message—to state officially, briefly and clearly the simple rules for common guidance. It is an evidence of the self-sacrificing service of the whole country that this newspaper has donated this space. In that spirit the whole country is acting. This plan depends wholly on united action. That unity is almost complete. In the next few days let us close up every gap in the ranks and nail the flag of the Blue Eagle on the door of every man who works another man.

W. H. Johnson

OFFICIAL EXPLANATION OF THE PRESIDENT'S REEMPLOYMENT AGREEMENT

(Sometimes mis-called "The Blanket Code")

This Agreement binds you to put its terms into effect from the time you sign the Certificate of Compliance with the President's Reemployment Program. It is approved by a Code for your trade or industry, that Code takes the place of this Agreement.

Child Labor

(1) After August 31, 1933, not to employ any person under 16 years of age, except in seasonal between 14 and 16 may be employed (but not in manufacturing or mechanical industries) for not to exceed 8 hours per day or 40 hours per week. A. M. and 7 P. M. in such work is not to interfere with hours of day school.

This means that after August 31, 1933, you agree not to employ any children under 14 years old in any kind of business. You may employ children between 14 and 16 years old, but only for three hours a day, no more than between 7 in the morning and 7 at night, and arranged so as not to interfere with school. You agree not to employ any child under 16 years old in a manufacturing or mechanical industry, at any time.

longer hours, but you agree to pay them at least time and one-half for each hour over the limit set in paragraphs (2) and (3) P. R. A.

There are a few very special cases where highly skilled workers must be allowed to work more than the limit of hours in order to keep up on order or continuous process, but, here again, you agree to pay them at least time and one-half for each hour they work over the limit set in paragraphs (2) and (3) P. R. A.

Minimum Hours

(2) Not to work any accounting, clerical, banking, office, service, or sales employees (except outside salesmen) in any store, office, department, establishment, or public utility, or on any automotive or household passenger motor vehicle, delivery, or freight service, or in any other place or manner, for more than 40 hours in any 1 week and not to reduce the hours of any store or service operation to below 35 hours in any 1 week, unless such hours are less than 35 hours per week before July 1, 1933, and in the latter case not to reduce work hours at all.

Minimum Wages

(3) Not to pay any of the classes of employees mentioned in paragraph (2) less than \$15 per week in any city of over 500,000 population, or in the immediate trade area of such city or less than \$14.50 per week in any city of between 250,000 and 500,000 population, or in the immediate trade area of such city or less than \$14 per week in any city of between 2,500 and 250,000 population, or in the immediate trade area of such city and in towns of less than 2,500 population to increase all wages by not less than 20 per cent, provided that this shall not require wages in excess of \$12 per week.

This means that after August 31, 1933, you agree not to employ any children under 14 years old in any kind of business. You may employ children between 14 and 16 years old, but only for three hours a day, no more than between 7 in the morning and 7 at night, and arranged so as not to interfere with school. You agree not to employ any child under 16 years old in a manufacturing or mechanical industry, at any time.

This sets out the schedule of minimum wages which you agree to pay all employees, except factory or mechanical workers or artisans. The wages are set out in terms of dollars per week, but if your employees are paid by the hour, you may use the following schedule:

Place of Business	Minimum Wage
In cities of 500,000 or over—	37½ cents per hour
In cities of between 250,000 and 500,000—	36½ cents per hour
In cities of between 2,500 and 250,000—	35 cents per hour

This means that you agree not to work any of the kinds of employees listed in this paragraph (except outside salesmen) for more than 40 hours a week. This paragraph covers all employees except such as mechanics, electrical workers and artisans. However, no limit on hours and no minimum wages apply to purely agricultural labor, domestic servants, or persons working for you solely on a commission basis, but if you have persons working for you who are guaranteed a base pay in addition to their commission, then their base pay plus commission must equal the minimum wage.

If your business is in a town of less than 2,500 population, you agree to raise all wages at least 20%. If raising all wages 20% causes you to pay over \$12 per week, then you need not raise wages more than 20%. If your business is in a town of less than 2,500 population, you agree to raise all wages at least 20%. If raising all wages 20% causes you to pay over \$12 per week, then you need not raise wages more than 20%.

(3) Not to employ any factory or mechanical worker or artisan more than a maximum week of 35 hours until December 31, 1933, but with the right to work a maximum week of 40 hours for any 6 weeks within this period and not to employ any worker more than 8 hours in any one day.

Instead of paying by the hour, you may pay by the week at a rate which gives the same weekly earnings for a week of 35 hours. For example, instead of 40c an hour, you may pay \$14 a week.

(4) The maximum hours fixed in the foregoing paragraphs (2) and (3) shall not apply to employees in the following cases: (a) In the case of two persons in towns of less than 2,500 population in which there are no other persons in the trade area; (b) persons registered pharmacists or other professional persons employed in their profession; (c) employees in a manufacturing or service occupation who receive more than \$15 per week; (d) employees on emergency maintenance and repair work; (e) employees in very special cases where hours of highly skilled workers on continuous processes and machinery, such as order or continuous production, but, here again, you agree to pay them at least time and one-half for each hour worked in excess of the minimum. Penalties for the purposes of this agreement shall be determined by reference to the 1930 Federal census.

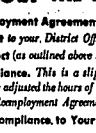

(4) Not to reduce the compensation for employment now in excess of the minimum wages hereby agreed to (notwithstanding that the hours worked exceed the limit) in order to increase the pay for such employment by an equitable readjustment of all pay schedules.

When employees are doing emergency jobs of maintenance or repair work, they may be kept on the job for

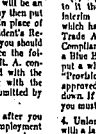

HOW TO EARN THE BLUE EAGLE

1. Sign the President's Reemployment Agreement (P. R. A.).
2. Shorten Hours of factory workers to 35 hours per week, and of all other employees to 40 hours per week. (See paragraphs 2, 3 and 4, P. R. A.)
3. Raise Wages. (See paragraphs 5, 6, and 7, P. R. A.)
4. Don't Employ Child Labor. (See paragraph 1, P. R. A.)
5. Cooperate with the President. To do this:
 - (a) Live Up to the Agreement. (See paragraph 8, P. R. A.)
 - (b) Don't Profiteer. (See paragraph 9, P. R. A.)
 - (c) Deal Only with Others "Under the Blue Eagle." (See paragraphs 10 and 12.)
- (d) Get a Code in by September 1st. (See paragraphs 11 and 13, P. R. A.)

HOW TO GET THE BLUE EAGLE

1. Sign the President's Reemployment Agreement.
2. Mail the Signed Agreement to your District Office of the Department of Commerce.
3. Put the Agreement into Effect (as outlined above in "How to Earn the Blue Eagle").
4. Sign a Certificate of Compliance. This is a slip distributed with the Agreement. It says: "I/We certify that we have adjusted the hours of labor and the wages of our employees to accord with the President's Reemployment Agreement, which we have signed."
5. Deliver the Certificate of Compliance to Your Post Office. The Postmaster will give you your Blue Eagle.

EXCEPTIONAL CASES

1. Where a Code Has Been Submitted. (See paragraph 10, President's Reemployment Agreement.) If your whole trade or industry is unable to live up to the President's Agreement, you should get together at once, with other employees in your Trade or Industry and, in group, submit a Code of Fair Competition to N. R. A. When it takes some time after a Code has been submitted for it to be finally approved, your group may petition N. R. A. to substitute the wages and hours provisions of your Code for the wages and hours provisions of the President's Reemployment Agreement.
2. Where a Code Has Been Approved. If a Code of Fair Competition for your Trade or Industry has already been finally approved by the President, you need not sign the President's Reemployment Agreement. In this case you should add to your Certificate of Compliance the following clause: "As the citizens of N. R. A. consented to announce, we have complied with the President's Agreement by complying with the substituted provisions of the Code submitted by the Trade/Industry."
3. Cases of Individual Hardship. (Paragraph 13, President's Reemployment Agreement.) If there are some peculiar reasons why temporary provision of the President's Agreement will cause you, individually, a great and unavoidable hardship, you may still get the Blue Eagle by taking the following steps:
 - (a) Sign the Agreement and mail it to your District Office of the Department of Commerce.
 - (b) Prepare a petition to N. R. A. setting out the reasons why you cannot comply with certain provisions, and requesting that an exception be made in your case.
 - (c) Have this petition approved by your Trade Association. If there is no Trade Association for your business, have your petition approved by your local Chamber of Commerce or other representative organization designated by N. R. A.
 - (d) If the Trade Association, or other organization, approves your petition, send it to N. R. A. in Washington with this approval.
 - (e) Comply with all the provisions of the Agreement except the one you are petitioning to have exempted.
 - (f) Sign the Certificate of Compliance, adding to it the following clause: "Except for those certain provisions regarding wages and hours which have been approved by the Trade Association, I/We certify that we have adjusted the hours of labor and the wages of our employees to accord with the President's Reemployment Agreement, which we have signed."
4. Union Contracts. If you have a contract with a labor organization calling for longer hours than the President's Agreement allows, and this contract was made in good faith by collective bargaining and cannot be changed by you alone, try to get the labor organization to agree to a reduction to the maximum hours allowed by the President's Agreement. If the labor organization will not agree, you may apply to N. R. A. for permission to work your employees as many hours a week as the contract calls for. Send to N. R. A. a request for this permission, with a certified copy of the labor contract and a statement of fact you date. This application will be handled by N. R. A. in the same manner as an application for relief in cases of individual hardship, filed under paragraph (14) P. R. A., but it may not be required to obtain the approval of a trade association or other organization. If N. R. A. approves your application or fails to issue a ruling, you may continue to work under your contract, but you will then be general-exception to work employees in accordance with the contract as officially written or modified, and can then sign the Certificate of Compliance adding to it the following: "Except as required to comply with the terms of the agreement in effect between the undersigned and the (Name of Labor Organization)."

Anti-Profiteering

(9) Not to increase the price of any merchandise sold after the date hereof over the price on July 1, 1933, by more than is made necessary by actual increase in production, replacement, or increase cost of merchandise, or by taxes or other costs resulting from action taken pursuant to the Agricultural Adjustment Act, since July 1, 1933, and in setting such prices increase in value volume and to refrain from profiting advantage of the emergency.

The object of this paragraph is to prevent profiteering or speculation, so that prices will not rise faster than purchasing power and to carry the President's plan. The danger to be avoided was pointed out by the President on June 16, 1933, in the statement which he made on signing the Recovery Act. It reads thus:

"If we now inflate prices as fast and as far as we increase wages, the whole program will be set at naught. It cannot hope for the full effect of the Blue Eagle in those first critical months, and even at the expense of full initial profits, we shall price increases as long as possible. If we can then start a strong, sound upward spiral of business activity our industries will have little doubt of blockading operations in the last quarter of this year. The post-war demand of this people is very great, and if we can release it on so broad a front, we need not fear lagging in those areas where there is greater danger of too much leveling prices."

If you were selling your merchandise on July 1, 1933, below cost, you may have overpriced on the basis for determining the allowable increase under this paragraph.

Cooperation

(10) To support and patronize establishments which are members of the Code of Fair Competition (National Recovery Administration).

The success of the President's Reemployment Program depends upon public support given to those who raise wages and shorten hours in accordance with this Agreement, in order to reap the extra sales volume which they have incurred in doing their part.

Codes

(11) To cooperate to the fullest extent in having your Code of Fair Competition submitted by the District Office at the earliest possible date, and in any event before September 1, 1933.

Appropriate Adjustments

(12) Where, before June 16, 1933, the undersigned had contracted to purchase goods at a fixed price during the period of this Agreement, the undersigned shall make an appropriate adjustment of said fixed price to meet any increase in cost of merchandise, and to carry the terms of this President's Reemployment Agreement, having become bound by any Code of Fair Competition of the industry.

This Agreement will, usually, cover the costs of those who sign it. The purpose of this paragraph is to protect the undersigned from being taken advantage of by another, and so on to the consumer.

If you have a contract made before July 16, 1933, to buy goods at a fixed price, you agree to make adjustment with your seller that you pay him for the extra cost to him caused by his having signed this Agreement, or having come under a Code approved by the President.

In some cases the final buyer is the Government, which, under existing law, is generally not allowed to pay more than the contract price. The President has announced that he will recommend to Congress that appropriations be made to allow the Government to pay its part of the contract price. If you are a contractor under the Agreement for their increased costs. The President has also announced that he will recommend to Congress that appropriations be made to allow the Government to pay its part of the contract price.

Substitutions

(13) This Agreement shall cease upon approval by the President of a Code to which the undersigned is a party, or if the N. R. A. elects, upon submission of a Code to which the undersigned is subject, and substitution of any of the provisions for any of the terms of this Agreement.

As pointed out in the explanation of paragraph (11) P. R. A. above, the President plans to have all business groups draft their Codes, and therefore Codes should be promptly submitted. If N. R. A. finds that the wages and hours provisions of a Code which has been submitted are within the spirit of this Agreement, N. R. A. will authorize its industry to operate under those provisions rather than under the wages and hours provisions of this Agreement.

Exceptions

(14) It is agreed that any person who wishes to do his part in the President's Reemployment Drive by signing this Agreement, but who asserts that some particular provision hereof, because of peculiar circumstances, will make compliance with such a hardship, may obtain the benefits hereof by signing this Agreement and putting it into effect. The person who signs this Agreement, however, shall be held to the terms of his industry, or other representative organization designated by N. R. A., may apply for a stay of enforcement of this Agreement, but such stay shall be by N. R. A. If he agrees in such application to abide by the industry or other representative organization designated by N. R. A., the stay shall be for a period of 30 days. If you really want to do your part in the President's Reemployment Program, sign this Agreement. If some particular provision of this Agreement causes you, as an individual employer, great and unavoidable hardship, you may obtain the benefits hereof by signing this Agreement as entered into pursuant to section 4 (c) of the National Industrial Recovery Act and section 7 (a) of the President's Reemployment Program by sections 7 (a) and (b) of this act.

If you really want to do your part in the President's Reemployment Program, sign this Agreement. HOMER HOOPER

IT'S MINE, I TELL YOU FROM ME

IT'S MINE, I TELL YOU FROM ME

HOLD THESE GLASSES

TO THE BEAN GROWERS OF IDAHO

WE have no doubt just passed through one of the most strenuous times in the history of the bean business. We have seen beans go from \$8.40 down to 90 cents. There seems to be no particular reason for this other than it was a periodical cycle—something that we seem to have about every so often. There is no question in our minds but that we are well past the crisis and that we may now look ahead to this coming year as a much brighter one in all lines of business, prices and especially the bean industry. My reason for thinking this way is due to the tremendous number of men going back to work and who will be going back in the next few months. Michigan is reporting 60% of a crop compared to last year. With very late plantings a late fall will be necessary in order for them to save all their crop. The very hot weather in August has cut the North Idaho crop very materially as well as our South Idaho crop. My guess is that when our beans are all threshed we will find the hot weather has damaged them considerably. The California crop, as reported by reliable shippers, is about normal, but something may happen to this crop to change it, and any differences we believe would be downward. It is a great satisfaction to us as warehousemen after going through these hard times and low prices to know that we have as many or more friends among the bean growers than before these hard times, and the only thing we can see to credit this to is the fact that we did our best. The market was very low at times but we paid the very best prices that we were able to pay.

We are taking this opportunity of thanking everyone for the business he has given us the past year and who made it possible for us to stay in business. We trust that when the bean season opens this fall you will be back with us and bring some of your friends, and we believe you will.

The Idaho Bean & Elevator Company has never stated that it was the best, finest, greatest, largest, or most influential bean company in Idaho. These are matters of opinion and cannot be proven. We do claim, however, that we have paid the grower the top price for his beans when there was a market for them and that we have always worked for the interest of the bean grower and the bean industry of Idaho. We have treated every customer alike. You did not pay more for services rendered, neither did you pay less. We have not built up our business by running down our competitors. We do, however, resent business going to a competitive company because that company misrepresented its business policies.

If you have never done business with us kindly ask those who have what their experiences have been in their dealings with us. They can not all be wrong in selecting this house.

Who was the first bean dealer in Twin Falls to put the price of beans up to \$1.50, \$2.10, \$2.50, \$2.75, and \$3.00? If you had beans to sell you probably know.

Don't Be Misled

We understand that this year all warehousemen will be forced to charge the same rate for cleaning, storage, handling and insurance. So far we are unable to give you these charges, but will know in a short time. We also understand that there will not be any price fixing, but that the old rule of supply and demand will govern. Therefore before storing your crop of beans don't overlook the necessity of having them in a warehouse where the purchaser will be able to buy them when you want to sell and at the market price that day. How many were able to do that last year? And again I ask you, who were the dealers who paid the top prices for beans the past season?

Many of our growers have been asking us the past few days, if our warehouse was an open house and if other buyers were allowed to buy out of it. They claim they have been told that they should store their

beans in a house that every dealer can buy out of. This is absurd. There is not a house in south Idaho

that is more open to the outside buyer than ours. It is true not many beans have been bought out of our houses, but the reason for that was because their price was not high enough and not that we did not have an open house.

Bean bags will be handled the same as in the past. Come in and get our new bean bags. If you are rushed and haven't the time to come in, call our telephone number. If necessary we will establish a 24-hour service during the rush of the bean season and will be ready at all times to give you the best of service.

Beans may be loaded at any railroad station or side track on either the North or South Side, and shipped to us at Twin Falls, providing there are 30,000 lbs. or more in weight in the car, at no additional cost to the grower. We pay the freight and use it on cars going out on our transit privilege.
