LOS ANGELES, Dec. 26 (AP)—Tod Sloan rode to the top of the world today, but he did not ride to the top of the world's fame. He was in the ring with the world's greatest boxer, but he was not in the ring with the world's greatest philosopher, actor, or novelist.

In their place were the myriad notes of the city, the hum of auto horns, the clatter of typewriters, the rattling of a typewriter, the clatter of a typewriter, the clatter of a typewriter.

The gray outfit in which he rode was a simple one, but it was a simple one that had been worn by a man who had been a champion of the world.

## Coaches Suggest Changes In Rules for Thrill-Seeking Grid Fans

Football Mentors' Association Offers Plan to Open Up Game

By PAUL MICKELSON (Associated Press Sports Writer) CHICAGO, Dec. 26—Major changes in the college gridiron rules for 1936, designed to open up the game to thrill-seeking spectators, were approved by the American Football Coaches' Association today.

The proposed changes, most of them requested by a minority of the 400 coaches in attendance at the annual convention, were:

- 1. Permit forward passing from any point behind the line of scrimmage. (Under present rules, a forward pass must be at least five yards behind the line of scrimmage before being legal.)
- 2. Abolish the dead ball rule. (Present rules declare a ball automatically dead when any player of either team touches it.)
- 3. Increase the altitude rule from 10 to 15 yards.
- 4. Abolish the fumble rule. (Present rules declare a fumble automatically dead on point of recovery.)
