HIGH WINDS HURL TONS OF DUST IN DAKOTAS, ILLINOIS

Two Deaths Attributed to Storm; Airplane Schedule Disrupted; Fields Blown Clear of Plowed Soil

CHICAGO, May 10 (By The Associated Press)—Heavy clouds carrying thousands of tons of dust scooped up from drought harried fields of the Midwest plunged several states into semi-darkness today.

Airplane schedules were disrupted. In Chicago skyscrapers became ugly, unnatural appearing shapes to observers a block away.

At least two deaths were attributed to the high winds which blew the dust from the Dakotas to Lake Michigan.

Transported by winds which in the upper areas reached velocities as high as 100 miles an hour, the dust reduced visibility at the University of Chicago weather observatory from the normal six to eight miles to less than one mile.

United Air Lines pilots reported the heavy dust conditions prevented the normal take-off from Chicago and that the dust rose from high two miles above St. Joseph.

Utah-Idaho District Convention Under Way in Salt Lake City

SALT LAKE CITY, May 10 (AP)—A banquet tonight brought to a close the first day's program of the annual Utah-Idaho district conference which found 800 delegates from 23 Utah and Idaho clubs present with the sessions going on the way this morning.

Two business sessions, a men's banquet and a women's luncheon were held with Harry Bennett, Twin Falls lawyer, as toastmaster; a bridge game and a dance followed.

The organization moved quickly through the first business session, and then adjourned to the ballroom where the banquet was held.

"We are sharing" the Chicagoan had said when asked why he had come to the death of an older and the birth of a new.

### PARENTS, TEACHERS CONVENTION CLOSES

#### Delegates Stress Character Building as Pinnacle Of Endeavors

POCATTELLO, May 10 (AP)—The Idaho Congress of Parents and Teachers concluded its twenty-ninth annual convention here today with the adoption of resolutions.

Although some of the day's bidding for the 1935 meeting, a final selection will not be made until a future conference of the executive board.

In adopting the resolutions, which are calculated to influence the home and the school, the delegates voted for a motto—"The New Deal in our educational activities in the home, school and community—in conception and in deed of the greater moral and spiritual values of life, and that character building in our children is the primary duty of our parent and teacher congress endeavors, and would result in the highest advancement of our country, state, national and international interests."

#### Relief Funds for Schools

The resolutions urged consolidation of schools, centralized purchasing, supervised application of school materials and "the elimination of the indirect tax system; immediate action of congress to set aside \$50,000,000 for relief funds to aid destitute schools; and passage by congress of a bill which would set aside \$100,000,000 for relief of students during part time teaching under the F. E. A.

A full time office secretary with headquarters in Boise will be employed by the congress under an amendment to the by-laws passed this morning.

In the interests of citizenship, the convention resolved for promotion of good will movements; ratification of the child labor amendment; retention of present Idaho dry laws; support of tuberculosis testing program; federal rehabilitation program; and support of the federal humane education program.

up in anything he wants done. An anxious wife and family are awaiting word.

#### Scratch for Evidence

As an army of eager officers, including department of justice agents, combed the area, searching for evidence that would put them on the trail of the kidnapers, a few slender clues were turned up.

After being told by B. E. Lork of Arcadia that he had seen an Illinois woman (Dora M. Johnson) leaving four men in the vicinity of the Clarkston station on May 10, Friday, Beverly Hills police expressed the opinion that the abduction was the work of well-organized, middle-western "snatch" gang.

Officers generally were agreed that the job was done by carefully organized "big time" kidnapers because of the smoothness and sangfroid of the two pistol brandishing masked men who took Gettelle virtually from behind the backs of half a dozen guests at the party.

But the fifteen family comprising the invalid wife of Gettelle and their four children, shared their hopes on the watching trio and upon Ernest E. Noon, the oil man's attorney, who was designated as intermediary.

Noon indicated a small fortune was immediately available for payment of a ransom.

Wants to get Mr. Gettelle back alive, Mr. and Mrs. William Kingdon said. "The invalid wife condition is serious. For her sake we ask his captors to communicate with me quickly."

#### Police Start Checkup

A checkup of all suspicious characters was begun by police. District Attorney Byron Pitts expected to be the public to report any unusual occurrences that might lead to the trail. The recent allegations of certain civic groups were recalled that despite police efforts to keep middle western executives out of the area, southern California was becoming a dumping ground for undesirable.

Albert Hitchen, one of the guests at the party, disclosed that he had feared either he or some member of his family might be singled out as a victim.

Gettelle is a native of Davis, Oklahoma. He is joined by the J. C. Peary company at Kennerly, N. Y., coming, before its expansion into a far-flung chain organization in 1917 he established 12 Peary Stores in California and in other states, but continued with his oil interests and other investments that finally brought him to Fortuna.

Mrs. Gettelle formerly was Miss Feta Giffen of Kansas City.

not save-to-charge-on terms now offered by the kidnapers.

The child must be produced alive, said Ferns, before his abductors will allow payment of the \$100,000 which has been collected.

This indicated the kidnapers in their original communication, had set up a plan whereby the money was to be paid first, and June returned later, after the abductors were safe away, and coincided with information from the informer now held.

Today's frank statement by Fernando Robles that payment of \$150,000—negotiated with the aid of former information used by the family. Previously it had been announced—publicly—that reason for the kidnaping was to keep a rendezvous with the abductors with only part of the demand payment in his possession, hoping to negotiate personally for acceptance of the reduced amount. The kidnapers, however, never accepted him.

In addition to his plea to June's abductors to bargain for lesser ransom, the father issued an appeal to "the people and the newspapers of the United States" and the law enforcement agencies to "discontinue actively which might interfere with my plans to secure the safe return of our baby."

"I am not unmindful," he said, "of the great interest shown by the mothers and fathers of the country, and appreciate deeply the sympathy which actuates this interest.

"However, the continued sympathy and interest alone have not brought about the return of our children."

He declared new demanded by the public regarding his activities, "has made it impossible for me to continue negotiation," and said "un-

and found this year 20.5 per cent ahead of last year, in dollar value of trade.

Combination shows gains in this year is slightly better than that of the preceding two months. January was 18.7 per cent up from last year and February, 15.3 per cent. The four months were 18.3 per cent ahead of the first four months of 1933.

Segregating April data, receipts from 92 department stores show an aggregate gain of 11 per cent over last year. Receipts from 111 stores, including furniture stores in addition to department stores, the gain is raised to 22 per cent.

Specimens continued to indicate the direction of leading the Far West cities in retailing. In April, gains were 47.2 per cent, and the year to date was estimated at 19.3 bushels compared with 15.2 bushels for the 10-year average.

The report said hay crops and pastures made a poor start and their condition is substantially lower than on the same date in any of the past 50 years.

The pasture shortage was described as particularly acute in areas which also had serious drought last year and are suffering from a double scarcity of livestock feed.

It added that many of the sections most severely affected had not fully recovered from the drought of 1931 which destroyed crops over a wide area.

Studies Relief Problem

Harry L. Hopkins, the federal relief administrator, said today if the drought continued the rural relief problem, already acute in many farm

sections, would force the federal government to make even greater expenditures for relief of farm families.

Conditions were described as most serious in the area from the Dakotas and Montana south to New Mexico and the Texas Panhandle.

Conditions also prevail in other sections of the corn belt where reports indicate that hay crops and pastures need rain badly, small grains are beginning to suffer, and corn plantings have been delayed by lack of moisture in all sections except the eastern belt, Kansas, and Missouri.

Spring wheat planting has been seriously delayed in South Dakota by extensive drought and is slightly behind average in North Dakota and Minnesota.

Court Imposes Jail Sentence On Racing Driver For Assault

LOS ANGELES, May 10 (AP)—Saying the sentence might save Louis G. Tomasi's life by preventing him from participation in the Memorial day automobile race at Indianapolis, Superior Judge Charles S. Burnell today imposed a six-month jail term on Tomasi for assaulting John Bennis, newspaper photographer.

Judge Burnell also fined Albert "Babe" Stapp, another racing driver, \$100 for assaulting James Lee, a reporter.

As representatives of the Los Angeles Examiner, Bennis and Lee were roughly handled, Bennis being hurled over the fence and Tomasi, Ernie Triplett, victim of a race track accident, several weeks ago. The Examiner had been conducting a campaign against race track fatalities.

Tomasi and Stapp pleaded guilty to charges of simple assault. Stapp was originally accused of kidnapping "Babe" Stapp, but the charge was dropped.

After sentence was passed on him, Tomasi sought to have part of his jail term suspended and a fine imposed instead, so he could race at Indianapolis. Judge Burnell denied the motion and said: "This may save your life."

# Wide Divergence in Sales Trends During Past Two Months

SAN FRANCISCO, May 10 (AP)—Retail trade on the Pacific coast is stirring up considerable confusion just now, on account of the wide divergence in sales trends during the last two months.

Business was definitely off from the March levels. The explanation is commonly given that March absorbed the Easter trade this year, whereas the bulk of it came in April last year.

Nevertheless, certain observers of retailing here remain puzzled over the situation. They were surprised first by the sensational gains in March—much greater than had been expected, even with the aid of Easter trade. And now they are about as much astounded by the April let-down.

The Federal Reserve bank of San Francisco, while issuing no comment on data made public today on retail sales, says that the March unprecedented action that Easter was a particularly important factor. The bank combined March and April figures to eliminate the influence of the shifting Easter trade,

Dr. J. C. Kieselbach, University of Nebraska, predicted, said the winter wheat prospects divided from \$2 to \$3 an acre three weeks ago to 20 now, and that "if the drought keeps up another 10 days the crop will be virtually a failure."

Parts of western Kansas were reported hopelessly burned by the drought with "others desperately in need of moisture."

Western ranges needed rain, several observers reported, but livestock was in good shape, their report said, however that "unless moisture is received throughout the Great Plains area, and in most of the territory east of the Great Di-

a world creed it has to be applied to a world divided into many and often hostile parts. We must maintain the broad principle upon which our work is based, but we cannot ignore different national expressions and customs."

"The nations lately at war are only resting on their arms. The world is no longer threatened with war from the same old causes—dynastic and religious for instance. But countries are more keenly envious than ever over their boundaries."

The Chicago lawyer and business executive stressed the demands of the times for international understanding for the promotion of good will. Illustrating his point, he said

one is unlikely to dislike a person he really knows.

Speaks on N. E. A.

He was followed on the program by Robert H. Hinkley of Salt Lake City, Utah F. E. R. A. administrator, who pointed to the organization's attitude as expressed in the maxim to which Rotary subscribes: "The profits best who serves most."

Hinkley appealed to all clubs to cooperate in making the N. E. A. function as it should, and commended to their consideration the division of community service which the federal government expects to bring forth soon.

Impressions of past district governors showed that the following were present: George O. Rolf of Salt Lake City; Dr. Horace O. Merrill of Provo; Walter H. Clague of Pocatello; Milton F. Tolman of Salt Lake City; R. S. Atkinson of Boise; Frank M. Driggs of Ogden and Roy C. Davidson of Burley.

WESTERN UNION GAINS

NEW YORK, May 10 (AP)—Western Union Telegraph company, for the quarter ended March 31, reported net income of \$48,747, equivalent to 26 cents a share on the capital stock, compared with net loss of \$19,000 for the March quarter last year.

Court Imposes Jail Sentence On Racing Driver For Assault

LOS ANGELES, May 10 (AP)—Saying the sentence might save Louis G. Tomasi's life by preventing him from participation in the Memorial day automobile race at Indianapolis, Superior Judge Charles S. Burnell today imposed a six-month jail term on Tomasi for assaulting John Bennis, newspaper photographer.

Judge Burnell also fined Albert "Babe" Stapp, another racing driver, \$100 for assaulting James Lee, a reporter.

As representatives of the Los Angeles Examiner, Bennis and Lee were roughly handled, Bennis being hurled over the fence and Tomasi, Ernie Triplett, victim of a race track accident, several weeks ago. The Examiner had been conducting a campaign against race track fatalities.

Tomasi and Stapp pleaded guilty to charges of simple assault. Stapp was originally accused of kidnapping "Babe" Stapp, but the charge was dropped.

After sentence was passed on him, Tomasi sought to have part of his jail term suspended and a fine imposed instead, so he could race at Indianapolis. Judge Burnell denied the motion and said: "This may save your life."

# MOTHER

Mother and Love—synonyms of Unselfishness and Inspiration. So closely indeed are they woven together that Mother answers for all.

From the earliest days of childhood when she loved all our hurts away to the last years of life when memory holds bright the picture of the earlier day, it is Mother who stays in our hearts, whose presence never departs and even when gone, seems to still linger on to protect us and guide us always.

Her sweet smile, her soft hands, her kind words brought comfort in childhood's tory. Her unfailing love, her counsel as true bright sunbeams from sorrow and they who have lost her in life never lose from their hearts, the thought that she always is near.

Mother loves the world into manhood. She teaches it how to be generous and kind. She fills all our lives with unselfish deeds and holds us to all worthwhile things. She dares the Dark Valley to bring us to life. She dares life to harm us until the Dark Valley calls. She fills all our lives with a part of herself, that makes her present, though absent, guiding though gone, the one Force that always remains.

The Little Present You Give Her Sunday, will make the day one of happiness for Mother (AND YOU), in our "CHINA SHOP" and the "HOME-WARE" Department there are HUNDREDS of delightfully suitable Presents for Mother.

### Nampa Newspaper SUNDAY SCHOOL FETED

KNOLL, May 10—Mrs. W. Weaver and Mrs. Lena Atkinson-entertained Sunday school classes of the Methodist church of Twin Falls at Mrs. Atkinson's home, Saturday afternoon. Games were played and refreshments were served on the lawn.

After hearing arguments, the judge took the case under advisement. The motion was presented by attorneys for three trustees to vacate an order of District Judge John Price of Nampa. The trustee of the property to be foreclosed upon is the Nampa newspaper men. Evidence was presented that the two men had bought a majority of the outstanding ten year mortgage bonds and initiated the foreclosure April 30.

Acting in support of the old trustee's motion and against the proposed foreclosure, attorneys for the publisher company in their case were not properly notified of the action and that contrary to contents of the Nampa newspaper men, the trustee were still functioning. Counsel for Arant and Mainwaring asserted the old trustee had long since failed to function, that several were dead, and that protection of the bondholders' interests required foreclosure. In their original petition for foreclosure and receivership, the bondholders asserted they planned to take over publication of the paper if they were successful in foreclosure action.

### Planning Board To Scan Idaho Projects

BOISE, May 10—A meeting of the state planning board will be held in Boise May 28 and 29 to which representatives of all parts of the state will be invited to report on projects which the board is studying. The announcement was made today by Eugene Coe of Lewiston, chairman, by J. D. Wood, executive secretary, gave the agenda for the meeting as to consider the need for planning, to discuss the methods and mechanisms necessary for state and local planning to harmonize with the national program to develop ideas and suggestions, to secure such information as is available with reference to resources and the possibility of planned development, and to discuss the needs and plans of the people of the state with respect to a planned program of public works, coordinated private enterprise and social moves. Speakers, in addition to members of the board reporting on specific projects include Governor Fries, Marshall Dana of Portland, chairman of the Northwest planning commission, and C. W. Clure, national planning consultant.

### Three Applications For Primary Blanks

BOISE, May 10—Applications came yesterday from three men for petition blanks for entering the state primary.  
John H. Holsen of Idaho Falls generally elected to be a candidate for the Republican nomination for congress, and also for the Republican nomination for congress from the second district, and from R. E. Thomas of Groton, who has sponsored his candidacy for the Republican nomination for secretary of state.  
Holsen contested unsuccessfully in 1932 for the Republican nomination for United States senator.

### JEROME PIONEER DAY FESTIVITIES PLANNED

### Would you bake a new potato?

A new potato and a winter potato are both potatoes—but you prepare them differently. Also, drip coffee and percolator coffee are both coffee—but you prepare them differently, using two different kinds of coffee. Here's the reason.

In a Drip Coffee Maker, boiling water drips **only once** through a **coarse** specially prepared to yield its flavor **quickly**. While in a **Percolator**, the water **continues** to pass **many times** through a coffee prepared to yield its flavor **slowly**. The same coffee can be used for both methods, but like a "Jack-of-all-trades" it is "master of none"—neither drip nor percolator. In one or the other, little things happen. It's a little weak, or a little strong, or a little cloudy, or it has a little less flavor. It's these little things that make or mar good coffee. Be sure to use the correct coffee for each method.

Your grocer has two Schilling Coffees, identical in flavor, but each is specially prepared for its purpose—each one different in blend, roast and grind.

### AWARD ASSEMBLY STAGED AT BURL

Superintendent Presents Honor Society Pins To Students

BURL, May 10—Student activities at the high school here culminated in the year with the presentation of awards at assembly Wednesday afternoon.

Superintendent M. M. Van Patten presented gold pins, insignia of the National Honor Society, to six students who were elected by teachers and student body to become members of the local chapter of the honor society. Eligibility depends on character, scholarship, leadership and service. The awards went to Jim Penno, Virgil Swiger, Muriel Smith, Ruth Van Patten, Harold Head and Albert Crawford.

The most desired honor of the high school is the inscription of one name on the school's homepage, the Team Pole. The name of one boy and one girl, chosen on a merit point basis, is inscribed each year. The names of John Barker and Lessee Hooping of the 1934 class were announced Wednesday. Other candidates were Dorothy Spelman, Hope Prindel, Jay Briggs and Wendell Gannon.

Track Men Awarded  
Ormond Thomas, track coach, presented awards to the following: Third awards, Don Taylor, Wendell Gannon; second awards, Carroll McElroy, Frank Southwick, Ed Kerpa; first awards, Ralph Morse, Fred Broom, Fred Koto and Carl Roland, track manager.

Three yell leaders received the letter "A" and membership in the Yell Club. Fred Broom, Fred Koto and Lester Broom.

Members of the different music organizations with the music award were: Girls' Glee club: Wanda Meyer, Golda Schell, Norma Smith, Patsy Joyce, Marcia McQuinn, Maurine Hunter, Lois McShroom, Alta Curtis, Eupha Mayes, Belle Hart, Lillie Bendis.  
Boys' Glee club: Ralph Lacy, Everett Howard, Willard Bonar, Bob Broom, Fred Koto and Carl Roland.  
Band: Chester Radford, Bill Swiger, Charles Lunte, Ethel Olds, Clarence Keyes, Ruth Howard.

### WAR ON SQUIRRELS STARTS AT BURLEY

BURLEY, May 10—Starting May 15 and lasting one week the current early summer squirrel eradication campaign will take place, under direction of a representative of the U. S. Biological Survey and County Agent W. W. Palmer. This ground squirrel "war" will be conducted on government and state lands, and farmers are asked to be in attendance with saddle horses to distribute strychnine grain in rodent-infested areas. Farmers who will distribute the squirrel bait on their own lands will also be supplied with bait without charge.

The drives have been very well attended in the past, and the squirrel pest has been fairly well kept within bounds as a result. Whenever eradication methods have slackened, however, the animals become plentiful again within a short time. Usually more than one campaign is held each year.

Polson bait will be on hand ready for distribution in the following communities on the dates specified: Arden, May 15; Burley, May 15; Bonanza, May 15; Albion, May 15; Mountain View, May 15; Shoshone, May 15; Grange creek, Albion Cove.

### BORN AT BOISE SHOSHONE

SHOSHONE, May 10—Mr. and Mrs. T. H. Gooding Jr. are the proud parents of a daughter born at St. Luke's hospital in Boise. The child, Mrs. and Mrs. T. V. Strjnk are the parents of a son.

# 24th STRAUS 24th ANNIVERSARY SALE

## Beginning Friday, May 11th

After 24 years of serving the people of Southern Idaho, and 24 years of giving absolute satisfaction with good quality merchandise, we take this opportunity to give our many friends and customers, these substantial reductions on our entire stock of Men's and Young Men's Suits.

For spring we were just a bit too optimistic over conditions, and we purchased too heavily on our suit requirements. This is also in line with "our policy" of clearing our spring and summer stocks of Men's Suits before the arrival of "New Fall Goods."

Our stock is very complete and there is a correct model to fit every man who visits our store. The wise buyer will "Buy Now" and anticipate his needs for the future.

# Gehrig's Two Homers Feature Yanks' Win Over Chicago

## Slugging Gotham Infielder Drives In Seven Tallies

White Sox Get Only Eight Safe Blows and 3 Runs Off Ruffing-Cleveland Indians Annex Westland

NEW YORK, May 10 (AP)—Facing a somewhat prodigious awaiting on the part of Lou Gehrig, the Yankees assaulted big George Earnshaw and Lee Steine for a dozen well-timed hits today and swamped the White Sox under a 13-to-3 score in the first game of their series.

After that retired because of a "heavy cold" giving over his job to Lyn Lary after having equaled a "modern" major league record of four long hits in one game and having driven home seven runners, the Yanks stopped scoring as soon as he began getting on base. He got off in their last three innings.

## Cubs Strengthen Lead by Victory In Hitting Melee

Chicago Defeats Brooklyn With Each Club Making Three Circuit Walks As Wind Sweeps Diamond

CHICAGO, May 10 (AP)—A strong wind blew across Wrigley field today, wafting high-hit balls toward the right field bleachers, and as a result the Cubs and Dodgers collected three home runs apiece.

ST. LOUIS, May 10 (AP)—The Cardinals spotted the Giants three runs when Bill Hallahan was knocked out in three innings today then came from behind to win, 5 to 4.

MURDER AT MOCKING HOUSE

BY WALTER C. BROWN (Continued From Last Page)

SYNOPSIS—Anonymous letters have been threatening the life of Walter C. Brown, publisher of the Mocking House...

Chapter Five STRANGE HOST Several hours of intimate contact with Duffrene had failed to cloud Harper's mind...

Duffrene smiled scornfully. "There's not enough brandy in the world to dull the brain of mine..."

"Nonsense," the detective broke in. "You must not give way to such ideas. We'll clear up this case in no time..."

"We've got to put down some bait to tempt this fellow. I think the shortest way would be to give out an announcement that we are going to open up our house..."

Duffrene picked up his goblet and downed the contents in two gulps. The sneer had gone from his face and something stark and naked peered from his brooding eyes...
