MINNESOTA STRIKE DISORDERS CLIMAX IN STREET RIOTING

Police of Minneapolis Encounter Stern Resistance During Efforts to Bring Order to Troubled City

(By The Associated Press) Flying bricks and policemen's heads being hurled to a score of persons in Minneapolis Saturday as street fighting and rioting marked the attempt of police to open arteries for commercial truck transportation, paralyzed since Tuesday night by a city-wide strike of union truck drivers.

Disorders occurred in spite of tentative settlement reached early in the day in conferences with Governor Olson of Minnesota.

Tragedy Settles Difficulties In two-hour transportation fields, Minneapolis was more affected than any other city.

Picked Assail Trucks The pitched battles on the streets of Minneapolis were precipitated by an attempt of fruit trucks to leave a warehouse under police guard.

Other streets being pressed back by the police-bombarding the trucks with rocks and paving fragments.

Considerable property damage was caused to the fan houses of two firms fighting for supremacy in the district.

The schools in Old Forge Borough, Escanaba, Pa., remained open as work in that area was not interrupted.

Fourteen national guard companies are being quartered at the Huntville-Sinclair company coal mine at Moberly, Missouri, where "manning" mines were sought to halt mining operations.

DILLINGER AND NINE PARTNERS INDICTED

Verdict of Jury Accuses Group With Obstructing Justice

MADISON, Wis., May 19 (AP)—John Dillinger, triple desperado, and nine companions, four of them women, were indicted by the federal grand jury which reported its findings here today.

Named in the indictment are Dillinger, Nelson Hamilton, Homer Van Meter, Harry Campbell, Carroll, George Nathan, Rose Anker, Alvin Karpis, Patricia Young and Marion Slaughter.

All the women except Patricia Young were exempt staid in the county jail here, they were arrested April 23 when federal agents successfully raided the Little Bohemia saloon in Springfield, Wis., in an attempt to nab Dillinger.

W. Carter Baum, a department of justice agent, and three state workers were killed during the raid.

Rose Anker's correct name is the name of the woman who was named in the indictment as Patricia Young.

Accepts Dictatorship

King Boris, King of Bulgaria

(By The Associated Press) A coup d'etat in Bulgaria today accepted a military dictatorship in Bulgaria, and was followed by the king's resignation.

MILITARISTS SEIZE RULE OF BULGARIA

As Yugoslavian Troops Gather on Border

(By The Associated Press) A coup d'etat in Bulgaria today accepted a military dictatorship in Bulgaria, and was followed by the king's resignation.

The Bulgarian dictatorship announced its plans to establish a "new" government.

Whether King Boris, the 40-year-old monarch who has the reputation of being a fighter, was the sponsor of the coup d'etat, or had it thrust upon him by the army, was not immediately apparent.

Whatever his original position, the king acquiesced promptly to the new state of affairs.

Budweiser Leads Field of 255 For Frogs' Hop Crown

ANOLEA CAMP, Calif., May 19 (AP)—While 255 frogs hopped, skipped and jumped in Calaveras county today, Budweiser was crowned king of the hop.

The nearest leap in the preliminaries today was 8 inches by Budweiser, the champion frog.

The surprise of the day was supplied by "Frog Jack," entry of the "General Green," electric frog trained in the back yard of Louis Frenzel, Anolea Camp electric leader.

"Smoke," the shock-absorbing entry of the Washington N. E. fire department, skipped out 11 feet 4 inches for the second best mark of the preliminaries.

The surprise of the day was supplied by "Frog Jack," entry of the "General Green," electric frog trained in the back yard of Louis Frenzel, Anolea Camp electric leader.

Under the rules, the frogs leap together and are allowed three successive jumps.

The surprise of the day was supplied by "Frog Jack," entry of the "General Green," electric frog trained in the back yard of Louis Frenzel, Anolea Camp electric leader.

FEDERAL OFFICIALS URGE ADOPTION OF BUILDING PROGRAM

Desperate Plight of Those Engaged in Construction Trades Pictured for Senate Banking Committee

(By The Associated Press) More than a million of those on federal relief rolls are one-time workers in the building trades.

Harry L. Hopkins, the federal relief administrator, so told the senate banking committee today in rallying with Secretary Perkins and Charles Edison.

Polished and self-assured, the secretary of labor called the proposal "one of the most essential features of the recovery program."

Responding to questions by Senator Keam (R-NJ) and other committee members, who digressed from the bill long enough to sum up the unemployment situation briefly, Hopkins said a sore spot that had shown little improvement was in the building trades group.

Hopkins, one of those who helped draft the measure, said it provided "not only relief but it provided 2,000,000 additional jobs."

The relief administrator said the housing situation in this country "is nothing less than a scandal."

Of the more than 4,000,000 families in federal relief, 200,000 million to one million live in tenements and are represented by workers in the building trades.

Edison, national emergency council director for New Jersey, said the bill was aimed at the "most desperate problem we have to face today."

He said his opinion there would be no real recovery until the problem of the lagging heavy goods industries was solved and testified that a study of the bill had convinced him that it "was the answer to all his prayers."

Secretary Perkins said, "I will give you exactly the type of people who have been lacking in the building trades."

She said there was no accurate data to measure unemployment in the building trades.

Prater Scrambles Swiftly From Car As Bomb Explodes

SALT LAKE CITY, May 19 (AP) Sheriff E. P. Prater of Twin Falls, Idaho, scrambled from his automobile and panic-stricken pedestrians hunted cover when a automobile bomb exploded near the state street today.

Then a crowd assembled and police rushed from the public safety building half a block away.

Prater said he thought his gasoline tank had exploded. He was reassured by Chief of Police W. L. Payne, who laughingly explained the planing of the car near the Salt Lake police station.

JEPPSEN MYSTERY TAKES FRESH TURN

Unidentified Man Sought in Baffling Death of Ogden Girl

SAN FRANCISCO, May 19 (AP)—A mysterious acquaintance whom Louise Jeppsen, slain Ogden, Utah, girl, seemed to fear a few hours before her battered body was found in Golden Gate park was sought tonight by attorneys for Millard Hickman, marine engineer, accused of the girl's murder.

Hickman, who was arrested in Ogden, Utah, revealed the secret for the unidentified man, who asserted he was seen by Miss Jeppsen the night of her death.

"He was greatly agitated when he saw this man," said McKenna, "and we are anxious to talk to him. We have several witnesses who saw his hesitation at the time."

Police, meanwhile, indicated they were "thoroughly satisfied" with the identification of the man as the Hickman, who they assert, left his hotel with the girl at 3 o'clock last Sunday morning and did not return until after 4 o'clock.

He was transferred today to the county jail, and on Monday is scheduled to enter his plea in a perjury case.

Prosecuting officers again announced they would resist efforts of McKenna to delay trial of the case until July.

Police investigation revealed two persons whose testimony might fix the approximate hour of the killing.

Q. A. Nieborger and Harry Rose, both informed police they had heard screams within a few minutes after 4 a. m. while passing where Miss Jeppsen's body was found.

Speaking Of Government Efficiency

Chicago Stockyards Burns; 10 Million Property Loss;

500 Hurt, 1200 Homeless

CLEAR SAILING FOR ROOSEVELT PROGRAM

Fire Racing Through District Wipes Out 42 Blocks, Under Control After 4 1/2 Hours Fight

(By The Associated Press) CHICAGO, May 19—Chicago's most disastrous fire since the city-destroying holocaust of 1871 tonight wiped out 42 square blocks of property in Packingtown and the adjacent area with an estimated loss of \$10,000,000.

The conflagration, starting as did the historic fire of '71 in the stockyards area, raged uncontrolled for four and one-half hours, but under control by 7 a. m. (central standard time) did the directing efforts of 2,000 firemen.

Fire Marshal Michael Corrigan, who declared that the blaze was under control.

Every available piece of fire fighting equipment in the city was thrown into the melee. Firemen off duty and on vacation were hurriedly summoned to the scene.

Despite its wide sweep, the blaze did not reach the stockyards, major packing plants. They were located in a westerly direction from the flames, although they started near the western limit of the millage yards, apparently from a carelessly tossed cigarette.

At least 100 persons were rendered homeless.

A score of famous landmarks in Packingtown—best-of-the-world—were destroyed.

Hundreds of cattle, sheep and hogs—trapped by the scorching fire—perished in the flames.

Many of the buildings were of brick and concrete, but many were of wood and were completely ruined.

Blasts North Flares A series of explosive blasts set off by firemen to stop the fire, razed several structures in its path but was effective in stalling its progress.

Mayor Edward Kelly termed the blaze the worst since most of the community was laid waste by the fire of 1871.

Fire Marshal Corrigan described it as the most extensive he had ever seen.

Many of the buildings were of brick and concrete, but many were of wood and were completely ruined.

PEACE DOVE LANDS IN SOUTH AMERICA

New Pact Ends Protracted Dispute Between Peru and Colombia

RIO DE JANEIRO, May 19 (AP) Representatives of Peru and Colombia today reached a peaceful settlement of the differences between the two nations.

The formula for the settlement, drafted by Alfredo de Melo Franco, foreign minister of Brazil, pledged both nations to observe all existing treaties.

WOMEN IN GENTLE PLOT HELD APART

Mona Gallagher and Loretta Woody Placed in Separate Cells

LOS ANGELES, May 19 (AP) To keep them from receiving possible communications from the outside, Mona Gallagher and Loretta Woody, of Twin Falls, Idaho, women companions of the "Red" couple, were ordered placed in separate cells and held incommunicado.

The order was issued by United States District Attorney Pierce M. Hall to officials at the Orange county jail where the two women are held.

They were indicted in connection with sending the \$60,000 ransom which had been paid for the release of the women.

NATIONAL REPRESENTATIVES: BRADEN, KING AND FRIZZELL. New York, Chicago, San Francisco, Los Angeles, Seattle.

The news assumes no financial responsibility for errors in advertisements but in cases where the publisher is a party to the error...

WAR BETWEEN STATES. A plain case of cutting off the nose to spite the face is a sort of internecine warfare that is being waged by neighboring states.

WHEAT BLIGHT. Into a crazy world, apparently plagued with too much food, comes a ray of hope. The American wheat crop may be one of the smallest on record.

WASHINGTON. Congress has now reached the stage where personalities are beginning to enter into legislation.

TRUCKS CROSSING STATE LINES. It works like this: A Nevada merchant, the other day, thinking to utilize his own trucks profitably, bought a carload of flour in Twin Falls.

EARLY CLOSING WANTED. Twin Falls merchants have been obliged to keep their stores open until 10 p. m. in order to attend to the business of the day.

DECECY TO IMMIGRANTS. Mrs. Vincent Astor, patriot, ex-quintely gowned and with the air of a social queen, appears before a congressional committee.

BREAKFAST FOOD. Let this be a warning to all fond mothers who call young sons by names other than their given names.

THE NEW CAR. Father: "How many miles to a gallon?" Mother: "What color is the upholstery?" Son: "How fast will she go?"

THREE IN ONE. Alfred P. Sloan, president of General Motors, advises stockholders to become "politically conscious."

Stockholders moreover, should go still further. The new partnership is not dual, but triple. They should also become "socially conscious."

Naturally government has to be socially and economically conscious, along with its political consciousness. It cannot act wisely without thinking in this three-fold way.

It is like driving a three-horse team. It is the driver's job to keep all three pulling together. Otherwise he falls, and all fall.

Both the White House and the Democratic leaders are well aware of this situation. It is inspiring them to speed up adjournment with every aim for the bag-in-the-processor-closure.

Another deer turkey that has stirred up discussion is the Food and Drug bill, sponsored by Senator Copeland of New York and signed by Assistant Secretary of Agriculture Rex Dugwell.

The powerful lobby that has fought this measure unceasingly for a year is said to be well organized.

Word has been passed around among the opponents that it might possibly get through the Senate largely to help Copeland's campaign for reelection.

After voting with great regularity in the Senate, they have now come up in the House the Democratic bloc has just learned the Democrats are going to try to grab their seats this fall.

Our State Department says that Turkey is still looking for a place of refuge. He has been given a special home 200 miles from Paris where he is kept under close guard.

NOTES. State and Commerce Department has plans laid for a visit to the United States by the Turkish ambassador.

THE ONLY MEASURE on the "must" calendar is the \$12,000,000 forestry appropriation, the committee has passed.

A beautiful brick and stone chimney of unusual design. Some fine light-colored tile is used in the interior walls, giving unusual and charming light to both interior and exterior.

A feature of the plan is that every room can be reached from the hall. This portion of the house is especially well planned.

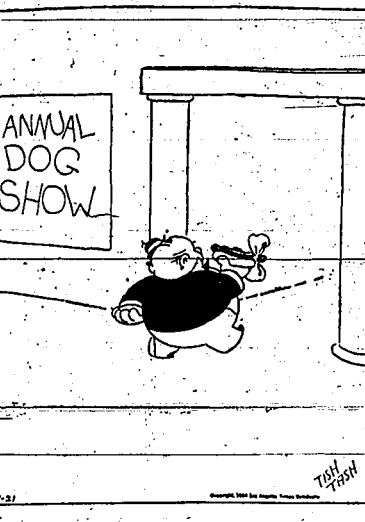

This house is built on a slight rise and the front entrance is reached by a few steps. The size of the lot should be 50 by 100 feet.

A New Yorker at Large. By MARK HARBON

NEW YORK.—The mad men are at large again. The mad men are at large again. The mad men are at large again.

It has been several months since their volcanic mood has been witnessed around town. But a sample popped up again on the other evening with the devastating effect of a West Indian hurricane.

One of Hollywood's better known stars, a serious minded man, was sitting himself in a suite on the eighth floor of a hotel that overlooks the city.

The beret-tin Pan Alley lady won the cooperation of a friendly mounted policeman, brought him and his horse into the freight entrance of the hotel and carted them on the baggage elevator up to the sixth floor.

With the cork mounted on his horse in the hallway, they opened the door of the actor's suite with a flourish.

The actor, who was sitting at the desk, looked up at the policeman and said: "What's the matter?"

The policeman, who was sitting on the horse, replied: "I'm looking for a pair of detectives that followed me here."

MINIDOKA FOREST'S SEASON UNDER WAY

Government Service Planning General Improvement In District

BURLEY, May 19.—The camping and picnicking season is developing in earnest in various parts of the Minidoka forest, as judged by the cars of outdoor enthusiasts seen on the forest roads each day. The forest road construction programs have made more and better camp sites available—labor and funds at the expense of the government, have been expended in several places providing conveniences such as tables, stoves, benches, toilets, etc. A generous supply of pure cold water has been piped out in some cases from springs a considerable distance away. Suitable driveways and parking spaces for cars have been arranged to overcome the present haphazard system of blocking roadways and disturbing other campers. Incidentally, orderly parking makes the use of favorite spots possible for more people.

Fire Sites Planned

Sites suitable for small warming fires, in addition to the stoves for cooking purposes or the fire pits have been planned, and in some instances built by arranging large rocks in circles, varying sizes. These should be used as a preventive measure against allowing fires to escape in the forest, and destroying valuable properties. Such sites have been selected so that the heat from the fire will not injure the trees overhead.

Apparently, unthinking individuals fail to realize what recreational improvements are for, or that they are intended for convenience and service and not to be used as targets or obstacles, disturbed or destroyed. It appears all too many persons have adopted the following code of natural ethics when in the forest:

1. Shoot all signs at sight.
2. Leave your name and address wherever possible to write.
3. Distribute generously around camp scraps of paper, lunch remains, vegetable peelings, etc.; otherwise, throw them in the creek or spring—it all helps to improve the scenery and makes the camp-site more inviting.
4. Chop limbs and bark from the trees where handy.
5. Leave your camp fire burning.
6. Ignore all known laws, state and national—Who cares?
7. Don't ever plan on coming back.

POSTMASTER NAMES KNOCKE ASSISTANT

FAIRFIELD, May 19.—Postmaster Claude Ballard recently announced the appointment of Leonard Knocks as assistant to begin his duties May 15. Miss Ruth Leeper held the position for the past two years.

Mr. B. F. Wilson received word Tuesday morning of the death of her brother, Harris Baller of Hollywood, California.

The regular meeting of the Red Cross First Aid was postponed by the death of Mr. B. F. Parkinson, because of absence of several members.

Mr. and Mrs. John Henry Bangdon are the parents of a daughter, born Sunday, May 5.

Workmen finished staining the woodwork and oiling the floors at the Community church last week.

Fight For Freedom Opened By Children Of Alice Wynkoop

CHICAGO, May 19 (AP)—Asserting that Dr. Alice Wynkoop had lost 17 pounds since her incarceration in the women's reformatory at Dwight, Ill., her children and counsel yesterday opened their fight for an appeal for the 34-year-old physician, who on March 29 began a 25-year term for the slaying of her daughter-in-law, Rheta Gardner Wynkoop.

Attorney W. W. Smith said he would incorporate the bill in the trial record and file the complete record with the supreme court.

VOCATIONAL STUDENTS STAGE ANNUAL PICNIC

BURLEY, May 18.—Home Economics club and Future Farmers of America held their annual picnic Thursday afternoon at Artesian. About 60 members of the two high school clubs attended the swimming party and picnic. Miss Ruby Pool and Darbi Bockwitz, instructors in home economics, and Ernest Palmer, director of the F. F. A. boys, attend Jim Wolfe and Mayjorie Yellon, presidents of the two organizations, were in charge.

The American Legion—Auxiliary—met Thursday evening in the basement of the Presbyterian church for a short general business meeting. Plans were discussed for the observance of Memorial day. The Auxiliary will place crosses at the graves of soldiers in Cassia county cemeteries and will cooperate with the American Legion in other plans in honor of the day.

Mite boxes were opened at the meeting of the Missionary society of the

Methodist church Thursday afternoon at the home of Mrs. Gilbert Rogus. Mrs. A. E. Coleman was in charge of the devotions and Mrs. L. D. Atkins of "The Mission" gave the demonstration was directed by Mrs. Rogus with the members of the missionary group taking part. Mrs. M. E. King will be hostess at the next meeting of the society to be held June 7. Mrs. Lawrence Dunn will lead the lesson on the topic of "Roadbuilders of Tomorrow."

Mrs. W. L. Tutty entertained 14 women at her home Friday afternoon in honor of Mrs. Charles M. Reed, who will leave Burley the last of May to make her home in Oregon, and Mrs. Frank Boyd, former resident of Burley, now living at Mountain Home, who is the house guest of Miss Lettie Schodde. The afternoon was spent in sewing and the hostess served refreshments. Garden flowers were used in decorating.

Wedding Bells Ring For Gooding Mason

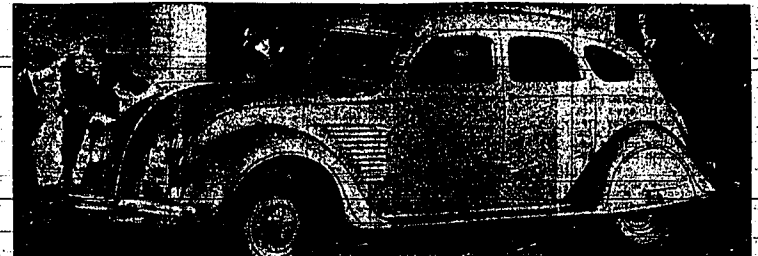

PAYETTE, Idaho, May 19 (AP)—Mattie Malison of Gooding, past grand commander and past grand high priest of the Idaho Community of Knights Templar, was married here Friday afternoon during the state convention. His bride, Dorothea N. Morris of Los Angeles, arrived in the morning and was met at the home of Mrs. Malison and Mrs. Albert E. White of Payette. White is past commander of the Payette Community.

The Rev. C. O. Heath, Methodist minister, read the marriage service and the couple left in the evening on a honeymoon trip to California. They will live at Gooding.

McMurry Mixed Paint

You are Saving Money by Painting your home

WHEN a building needs paint, you save real money by giving it this protection promptly.

It costs only a few cents depreciation of your property—a loss in its value that takes out of your pocket many more dollars than the cost of a paint job. And even after suffering this loss, you will finally have the painting to do also.

No question about it, paint is a big money-saver—particularly when you select a paint of proven durability. Ask men who know paint—architects and good painters. They use and recommend McMurry Mixed Paint because it has proved itself the paint of longer life.

SENIORS AT BUHL RECEIVE DIPLOMAS

Record Crowd Hears Dean Of Southern Branch Address Class

BUHL, May 19.—A class of 69 graduates received their diplomas from the high school here, Friday evening. More than 1000 persons were present at the auditorium for the program which marked the close of the school year.

Dr. John R. Nichols, dean of the southern branch of the state university at Pocatello, delivered an inspiring address to the graduates centering his subject around individual and group problems. Concerning individual problems, Dr. Nichols said, "Whether you continue your education in higher institutions of learning or not, you will be confronted with these individual problems: Economic independence, appropriate marriage and upbringing of children, and development of religious and ethical appreciation. As a group you will face the problem of international cooperation, the war problem, and the political problem."

Superintendent M. V. Van Patten presented the class and W. R. Hatfield, president of the board of education, presented the diplomas. John Barker was salutatorian for the class and William Swiger was the valedictorian. William Boyd, in addition to his school orchestra, Hooping and John Barker will have their names engraved on the Tolson building in the city of Washington, the leading school citizen chosen by the class and faculty. Musical numbers in addition to the school orchestra were a solo by James Wright, "Asleep in the Deep"; Helen Trindle played a piano solo, "Romance"; the boys' glee club sang, "Only You, the girl's glee club sang, "The Countess Dances"; Rev. O. Gordon Oublette, pastor of the local Presbyterian church, pronounced the invocation and benediction.

GRADUATES LISTED

Members of the 1934 graduating class that received diplomas last evening were: Edward A. Ahlman, Harold Nelson, John A. Barker, Angie Irene Blankenbiller, William Hiles Boyd, Frances Brackett, Ruth Brackett, Ray Bright, Vera Mae Line Brown, Beulah I. Churchfield, Albert Ray Crawford, Dazell Cuna-minham, Eva Doris Decker, Lena A. Duncan, Mary Marjorie Guler, Wilma Olive Fuller, Wendell Ganser, Melvin W. Goodwin, Fred Gosselin, Vella Gosselin, Dorothy Adeline Goud, Winton B. Gray, Ruth E. Halonen, Everett H. Hall, Vera Belle Hart, Harold Francis Healy, Lesene Elizabeth Hooping, William A. Higgins, Ruby Howard, Charles Dean Hyde, Victor E. Rader, Verla M. Johnson, Willetta Gayle Kendall, Fred T. Koto.

Ralph W. Lacy, Yarnona May Low, Charles David Lumm, Lillie E. Mass, Richard Martin, Carroll B. McElroy, Helma McLean, George L. Gordon, Lois Ernestine Miller, Dorothy Helen Moore, Annie Petras, Thordis Rangan, E. W. Richardson, Thelma Roberts, Carl H. Roland, George L. Runyon, Francis M. Ryan, Elizabeth Colwell Scott, Ellen I. Seaver, J. Marjorie Smith, Frank M. Southwick, Dorothy Eleanor Spielmann, Theda B. Stayer, William P. Swager, Opal Weaver, Wayne W. West, Belcher E. Wiskaler, Sylvia Winesgar, Leora Wood, James L. Wright.

DEMAN RE-ELECTED TO HEAD BURLEY SCHOOLS

BUURLEY, May 19.—George E. Denman, superintendent of the Burley schools for the past four years, was re-elected for the coming two years by the board of education here.

Francis Holop, David Jensen and W. W. McLaughlin, who composed the committee, met with the board regarding a plan of employment, salary schedule, and tenure. The plan presented by the committee was accepted by the board with the request that Superintendent Denman accept a satisfactory arrangement with the teachers, later returning the proposal to the board for consideration.

Teachers in the system this past year are all employed with the exception of Miss Katherine Brown who was not an applicant. The list is as follows:

High school: Vera Bryant, commemer; J. Brown, physical education instructor for boys; David Jensen, science; M. W. McLaughlin, science; Stella Kesson, mathematics; Clifford Mullikin, music; Ernest Paul, agriculture; John U. Rehder, shop; Ruby Poole, home economist; and Miss E. A. Soderstrom, English; Melvin F. Stewart, commemer; Mrs. Ella Rosecrans, librarian; and Horland Simmons, social science.

William Beck, principal of Junior high school, and the following junior high teachers: Ross Engh, mathematics; Dahl Beckwith, home economics; Virginia Darlington, music and English; Margaret Graham, civics; Phillip Hirscher, science and mathematics; Margaret Goshok, English; Benjicic Joseph, physical education; Elmo Parkley, science and mathematics; Winifred O'Rourke, social science; Josephine Morris, English; and Marguerite Sorenson, social science.

Overland school: Principal, D. C. Parker, fifth and sixth grades; Vera Anderson, first grade; Estu Mae Best, second grade; and Cora Garter, third and fourth grades.

Allier school: Principal, Emery T. Buehler, eighth, Buchanan, eighth, and Buehler, eighth, fourth, fifth, and sixth grades; Evelyn Gholde, third grade; Yerna Glouwendag, first grade; Loford Manning, sixth grade; Ruth Marshall, second grade; Elnora Buehler, third grade; Lucille McMillan, fourth grade; Ruth Story, fifth grade; Viola Warner, fifth grade; Margerie Wright, first grade; Lena Woolstenhulme, second grade.

Southwest school: Principal, Francis Holop, eighth, seventh, and sixth grades; Ferris Gee, first grade; Olive Edger, second grade; Anna Jepperson, third grade; Norma Wood, fifth grade; Ella Marie Oberholzer, first grade; Lucille Goodgrass, fourth grade.

Overland school: Jeanne H. Hyde, all grades.

SENIORS GRADUATE FROM HAILEY HIGH

HAILEY, May 19.—Thursday evening, graduation exercises were held at Hailey high school for one of the largest classes ever graduated in the county.

The program, given by Irene E. Win, who played the professional and recessional; Miss Kathleen Hyde, who offered prayer; Judge Gibson Condie who delivered the address of the evening; and Jack Harper who gave a vocal solo.

The other graduates were given by members of the class: Joe Lambert, salutator and trombone solo; Fern McFadden, Jean R. Foster, Alma Bonni, class prophet, Marjorie Glenn; and valedictorian, Bernice Thamm.

Senior graduates were: Barbara Walker, Bernice Hodgman, Othelia Amson, Enoch Hale, Virginia Ann Sorenson, Grant Rember, Evelyn Snow, Ellen M. McKay, Donna May Shields, Raymond Mendolia, Joseph McFadden, Jean R. Foster, and Edwin Shipp. A. A. Lambert of the school board presented the diplomas.

PLEASANT VIEW CLASS GRADUATES

KNULL, May 19.—Students of Pleasant View school graduated today.

The program consisted of a health play by the primary pupils, a reading by Patricia Campbell, and an original skit by members of the eighth grade class entitled "Twenty Years From Now." Missinga, Wilson and Carl Dossett received awards for scholarship and members of the basketball and track teams were given letters of commendation.

E. M. Dossett presented diplomas to the eighth grade class when constituted by Miss Helen Vogt, Wayne Vogt, Virginia Waddell, Carl Dossett, Clifton Smith and Orville Vogt.

The graduating class published an annual this year and a copy was presented each family by Kenneth Kall and Helen Strickland. The book will return to Pleasant View next year.

SCOUT SCHOOL PLANS LAST SCHOOL MEETING

BUURLEY, May 19.—A Boy Scout school, for scoutmasters and others interested in the movement, now being conducted Wednesday and Friday evenings at the first ward L. D. S. church, will come to a close within a week with a final meeting on the banks of Snake river.

Among troops having representatives at the school are: Allain, Heyburn, Henry W. Tucker's troop and one from the third ward, Andy Frederick, Trip Falls, scout executive, is acting as instructor, assisted by Donald Burley, chairman of the Cascade county area. Phases of scoutcraft being taken up at the school included the manufacture of troops in "underfoot" and second class work.

NEW WOOLWORTH MANAGER

BUURLEY, May 19.—P. C. Magallon, who has been chosen of the Woolworth store, succeeding C. W. Willoughby who has been recalled to Denver headquarters. Willoughby has been manager of the local store for some time and during a year ago Melisahn was transferred from the management of a store of the chain in Amarillo, Texas.

GOODING TRUSTEES SET REGULAR LEVY

GOODING, May 19.—The Gooding school board has set the annual tax levy for last year, 15 mills. The levy includes 8 mills for the general fund, 4 mills for the transportation fund, 2 1/2 mills for the interest fund and 2 of a mill for the sinking fund.

Woodhead, who is moving to Jerome, tendered his resignation and O. P. Anderson, a member of the board, was appointed treasurer for the remainder of the term to fill the vacancy caused by Woodhead's resignation.

Bids were opened for auditing the district's books.

Mrs. L. B. Taylor was re-elected teacher in the junior high school. DuWatt Koller of Wendell was elected for a position in Gooding-high school.

LUCKY TIGER Hair Oil DRESSING

Dry and Curly Hair

"Lucky Tiger Hair Oil Dressing has been great for us—we both use it and are both well groomed—it is not greasy and it really does not commend it." A fine complaint to old reliable Lucky Tiger Hair Oil Tonic.

THROUGH GATHERS FOR ROYAL NEIGHBOR MEET

GOODING, May 19.—A large audience attended the open session of the district meeting of the Royal Neighbors of America at Hamama Hotel last night.

Mrs. Alice Nash, from the head camp, at Rock Island, Illinois, gave the main address. The program consisted of talks, songs, readings, story dancing and dances by pupils of the State School for Deaf and Blind.

The P. M. banquet which was served at the Methodist church by the Ladies' Aid society for members of the R. N. A. laid covers for 125 persons.

ROAD JOBS, FARMS CALL FOR WORKERS

Reemployment Office Reports Shortage of Skilled Labor

A shortage of skilled labor for road construction jobs in the southern Idaho district was disclosed last evening by Health & Reynolds, national re-employment-office manager.

Within the past few days, he said, a number of skilled workers were sent from Twin Falls to work on North Side road projects, and now the road work is opening up in the Twin Falls area.

Fifteen men and 20 teams are to be supplied through the re-employment office to William Hoops, contractor, for beginning construction of the Addison avenue one-mile road building project in Twin Falls tomorrow.

Construction of the Buhl-Overman truck line is expected to begin early this week, giving employment to between 10 and 15 men.

Construction of the Buhl-Overman road has begun, workers being assigned to that work from the Buhl-West End district.

Demand for beet field labor locally continues to exceed the supply, the re-employment office manager said. Between 700 and 800 men were employed in beet fields last week.

Orders had been booked last evening for 37 more men to go to work in the beet fields Monday next. Beet thinning will continue about two weeks, and haying will begin this week.

ADVENTISTS GATHER FOR DISTRICT MEET

Seventh Day Adventists of the Twin Falls district met here yesterday in convention with 200 members from throughout the district.

The school head of the Gem State academy, Caldwell, accompanied by school officials, attended the meeting and played a concert in the American Legion hall last night at 8 o'clock.

The band of seven-piece organization directed by R. E. Young, Turner, Buder, gave a lecture in the Adonites club to open the forenoon session and the school officials opened the afternoon session.

At 4 o'clock in the afternoon the meeting was turned over to H. G. Hayden, Buder, director of the young people's department, of the conference and educational superintendent for the state.

HEARING CONTINUED ON COPPINGER'S PAROLE

A hearing on the prosecuting attorney's application for rescission of Eugene Coppinger's parole was last Friday postponed for a second time, being continued to next June 5.

Admitted to parole after being convicted of burglary at Wilson Brothers store at Kimberly last September, Coppinger, according to the prosecutor, violated the parole when he participated in a melee at Kimberly late the night of last May 5.

Rescission of the parole would make effective a 140-14-year sentence of imprisonment on the burglary charge.

DRAWN \$100 FINE FOR POSSESSION OF LIQUOR

Accused of illegal possession of liquor, Henry Thomey of Twin Falls pleaded guilty when he was arraigned before Justice of the Peace H. M. Holler yesterday and was sentenced to pay \$100 fine and costs.

IDAHO RANGE LAMBS SELL ON OGDEN MARKET

OGDEN, May 19 (Special to The News)—Four cars of Idaho range lambs of the 1934 season were sold here today by Merrill and Whelan for John W. Jones, Hill City, Idaho, at 100 cents a pound.

WOMAN VIEWS EVENTS FROM SOCIALIST ANGLE

Discussing world economic and political conditions from her Socialist viewpoint, Lena Morrow Lewis, woman speaker and writer who has been actively identified with the Socialist party since 1902, will address a public meeting in Twin Falls high school auditorium at 8 o'clock Wednesday evening, May 23, according to word which H. H. Freeman received here yesterday.

Secretary of the San Francisco Socialist party for several years and state secretary for the Socialist party of California for five years, she was editor of the Labor World for two years and Socialist candidate for lieutenant-governor of California in 1923. She has been prominent in the Women's International League for Peace and Freedom.

WOMAN SEEKS DIVORCE

Alleging cruelty, Mrs. Mary Fulton, mother of a two-year-old boy, started suit in the district court here yesterday for a divorce from Robert Fulton.

In Salt Lake City, November 8, Mrs. Fulton asked also for a court order requiring Fulton to pay \$25 a month for support of herself and child. No community property is involved. Rayborn and Hayborn are Mrs. Fulton's attorneys.

NEW HOME FOR FROST

On Main avenue south, between buildings occupied by the White Horse and the Excelsior, a new pair shop, D. E. Frost, build gardener and dealer in garden plants, fruits and vegetables, is erecting a brick building, 20 1/2 feet, that, to be his new business location.

Heretofore he has occupied building in the new quarters on Shoshone street, new building.

FERA RESUMES ON RESTRICTED BASIS

District Conference of Relief Committees Precedes Activity

On a restricted basis, work on FERA projects will be resumed in the Twin Falls area early this week following a one-week complete suspension, J. P. Masterson, FERA district engineer, announced last evening.

Extent of the work, and projects on which work is to be resumed cannot be determined definitely until the amount of additional relief funds allotted to this state is known, Masterson said.

Associated Press dispatch Friday night quoted Congressman Compton J. White to the effect that a \$25,000 additional allotment for Idaho had been authorized. During the first eight working days of the month, the total original \$125,000 relief allotment for Idaho for the month was \$10,000.

Indicating one phase of the restrictions surrounding work relief resumption, Masterson said persons on FERA rolls now employed in field work are laboring under the impression that they will be stricken from the rolls if they attempt to leave that employment to return to FERA or work relief projects.

Looking toward resumption of FERA and work relief operations, Masterson said, state relief headquarters has called a conference of all local relief committees in southern Idaho counties to be held in the district court room in Twin Falls at 2 o'clock this afternoon. R. J. Lloyd, state chairman, will attend and address this conference.

Trade and win contest management last evening gave out the following statement:

"Tomorrow the mercantile big prize contest goes into the eighth week and competition is at the zenith mark. Scores of candidates have taken this time to look up their bets and are scoring votes by the thousands toward the grand prize, that beautiful Ford V eight tudor sedan."

No candidate need feel their efforts are less. A little extra effort for the next three weeks and who knows, you may be the lucky one. And don't forget—the high boys in this contest—the dealers who will receive a beautiful prize car."

A word to the wise "work will win" is the final word from the contest managers.

PRODUCE DEALER BOND INVOLVED IN LAWSUIT

Carl Flowsky, Incorporated, produce dealer, and Hartford Accident and Liability company, bondsmen, were named defendants in a suit which A. R. Hagar of the Hagar Produce company, Twin Falls, started in the district court here yesterday to recover \$28,840 plus interest in payment for six carloads of potatoes and onions which Hagar asserts he delivered to Flowsky but February 16, 1934, and for which he received no payment.

Claim is made against Flowsky's surety company, Citizens of Idaho's produce dealer's license law. Ray D. Agee is Hagar's attorney.

BUILDING AND LOAN EXPLAINS AGENCIES

"Distinction between the Federal Home Loan bank and the Home Owners' Loan corporation was explained by H. R. Grant, Mutual Building and Loan association manager in an interview yesterday. The home loan bank, he said, is a federal institution to lend funds to savings and loan associations only for the purpose of re-lending on modern homes and for servicing and remodeling homes. The corporation is designed for building and loan associations.

On the other hand, the Home Owners' Loan corporation deals with borrowers who are in distress and who to lose their homes through foreclosure.

TRADE, WIN CONTEST ENTERS EIGHTH WEEK

The boys are beginning to give the girls a real race with their honors going to Irene Bremer of Eden for the week. This young lady turned in the greatest number of votes for any individual week so far on record.

It appears as though the grand prize belongs to any candidate. The prize is apparently far from won at this time.

No candidate need feel their efforts are less. A little extra effort for the next three weeks and who knows, you may be the lucky one. And don't forget—the high boys in this contest—the dealers who will receive a beautiful prize car."

A word to the wise "work will win" is the final word from the contest managers.

FUNERALS

DES RUISSEAUX—Funeral services for Miss Victor Des Ruisseaux, who died Monday morning at 9 o'clock at St. Edward's Catholic church. The funeral will be held at 2 o'clock this evening. Interment will be in Twin Falls cemetery.

STIMBOM—Funeral services for R. C. Stimbon will be held Monday afternoon at 2:30 o'clock at the Twin Falls mortuary. Interment will be in Twin Falls cemetery.

WEED WAR CONTINUES IN TWIN FALLS AREA

Calling attention to some lately published articles dealing with the weed war in phases especially relating to the southern Idaho sector, J. P. Masterson, director of Twin Falls county noxious weed bureau, yesterday gave out this statement:

"The farmers of the Twin Falls tract are again fighting the weeds with vengeance. Since the first of April more than a carload of carbon bisulphide has been used by the farmers for the killing of weeds. This is a new record for this time of year in the use of this gas. The same is true in regard to spraying.

Another most encouraging indication is the number of summer fallow or clean cultivated spots in the fields all over this tract. In connection with this I would like to call the farmers' attention to University of Idaho leaflet No. 1, issued March 24, 1934. This leaflet deals with the utilization of contracted wheat acreage. One of the seven approved practices recommended is that of clean cultivation or summer fallowing and to include the weed.

"I would also like to call the attention of the farmer to an article in the June issue of the Country Gentleman headed 'Minnesota Kills'."

"Our government is a representative democracy within a republic, based upon a written constitution forming the organic law of the land. I believe in that form of government; that its constitution and laws should be observed and respected.

"Our courts have interpreted, preserved and dignified our state and national constitution and you agreed to individuals their personal and property rights. I believe in the sanctity and justice of these courts. In the great majority of cases their decisions are equitable and just, and should be upheld and enforced for the common good.

"I believe in the right of petition

SOLEBERG CANDIDATE FOR ATTORNEY GENERAL

E. J. Soleberg of Rexburg, endorsed by Madison county Republicans for the Republican nomination for attorney general, has announced his candidacy with the following statement:

"Our government is a representative democracy within a republic, based upon a written constitution forming the organic law of the land. I believe in that form of government; that its constitution and laws should be observed and respected.

"Our courts have interpreted, preserved and dignified our state and national constitution and you agreed to individuals their personal and property rights. I believe in the sanctity and justice of these courts. In the great majority of cases their decisions are equitable and just, and should be upheld and enforced for the common good.

"I believe in the right of petition

Insurance Protects You

PUBLIC records show enormous verdicts resulting from automobile accidents. Forefront and good business judgment require that safety measures be taken beforehand. Place an auto CHANGE policy between yourself and misfortune. The cost is lowest and the service unexcelled. Policies are backed by ample resources on a full legal reserve basis.

A SIX COSTS LESS TO RUN

more emphatically true today than it ever was

CHEVROLET OVERHEAD VALVE SIX

... and the CHEVROLET Experience in building nearly ten million cars confirms it. And the record of over 3,000,000 Chevrolet Six owners removes any shadow of doubt about it. The only way to get real economy in a low-priced car is to insist on SIX cylinders and OVERHEAD valves.

is the most economical car in the world. SIX cylinders—no more!—because extra cylinders mean extra cost for gas, oil, upkeep and parts. OVERHEAD valves—noting else!—for the same good reason that airplanes use them. And speedsters! And racing cars. They get the MOST power out of the LEAST gas. That's why overhead valves are the choice of leaders—and champions. CHEVROLET MOTOR CO., DETROIT, MICH. Compare Chevrolet's low delivered prices and easy C.M.I.C. terms. A General Motors Value.

MILITARY HONOR for WESTINGHOUSE

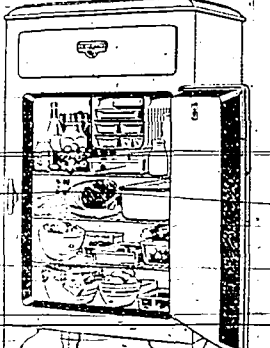

... and, are we PROUD Everyone knows that when the United States Government puts the stamp of approval on a thing it must be deserving of the honor. In competition with seven of the nation's leading manufacturers of electric refrigerators, Westinghouse has been awarded the contract for 1934 machines to be used by the United States army. Ask yourself if this isn't

The GREATEST PROOF of real value ever made by any electric refrigerator

The government's reason for choosing Westinghouse was based on total cost, including depreciation, over a period of ten years operation. You, too, should consider. MECHANICAL SUPERIORITY and ECONOMY OF OPERATION

Not only did Westinghouse outstrip all other refrigerators, but on the basis of current consumption alone, over a ten-year period, our nearest competitor was 25% higher, and among those manufacturers submitting a bid, two were 57% higher.

No wonder the U. S. Army chose Westinghouse to the total of 1367 MACHINES. HERE IS ONE OF THE MODELS CHOSEN BY THE U. S. ARMY. COME IN AND SEE THEM. YOU ARE SURE TO AGREE WITH UNCLE SAM.
