Twin Falls Delegation at Boise Asks Elimination of Bridge Charges

BOISE, June 26 (AP)—No action has been taken, Governor C. Ben Burton said today, relative to the request by a Twin Falls delegation that the state undertake some plan whereby toll charges through the Twin Falls area, including bridges near Twin Falls, could be eliminated.

The delegation conferred with the governor this afternoon. It included Duncan Johnston, Twin Falls mayor; Elsworth McRobert, Twin Falls banker; R. T. Hoffman, newspaperman; Claude Detweiler and Frank L. Cook. They were presented to the governor by T. J. Lloyd, Idaho FERA official.

The bridge, at the time of its construction, was considered one of the highest, if not the highest of its type then in use. It is located on the Sawtooth Park highway. It was constructed to eliminate the river crossing through the Snake River canyon and to shorten the distance between south side and north side cities along the Snake river.

Roosevelt Charts Progress In Campaign for Recovery— Points to 'Security' Goal

He said the first principle of the program would be the people of the nation.

"The second," he continued, "is to place the use of land and water resources of this country to the end that the means of livelihood of our citizens be made adequate to meet their daily needs."

"And, finally, the third principle is to place the use of land and water resources of this country to the end that the means of livelihood of our citizens be made adequate to meet their daily needs."

"The third principle is to place the use of land and water resources of this country to the end that the means of livelihood of our citizens be made adequate to meet their daily needs."

Belief as Long as Necessary Mr. Roosevelt asserted the nation's program will have always been as long as necessary and would seek recovery on the basis of belief.

Referring to congress he said, "This congress displayed a greater freedom from partisan party spirit than any other peace time congress since the administration of President Washington himself." He added that the administration was seeking men and women on the basis of ability.

"Belief is an intangible quality to the people, the president told his plans for the summer and his confidence in the four members of the American possessions from Puerto Rico to Hawaii.

"After four weeks on board ship," he reported, "it plan to land at San Francisco, to make a tour of the whole trip, for I am hoping to inspect a number of our great national projects on the Columbia, Mississippi and Mississippi rivers, and to see some of our national parks, and, incidentally, to learn much of actual conditions during the trip, to bring the continent back to Washington."

While in France during the war our boys had to carry the United States' God's country. Let us make it and keep it God's country."

same title as all the silver in the country, as was done with gold.

The silver act set forth that the national policy was that the national currency system should have a monetary backing consisting of one fourth silver and three fourths gold.

To bring its silver holdings up to that ratio it will be necessary for the treasury to sell \$10,000,000 worth of silver, far more than is known to be in the country.

One explanation of tonight's action was a suggestion, unofficially advanced, that the treasury was to keep the domestic supply of silver in the United States to avoid as much as possible upsetting the foreign exchange rates by its foreign purchases.

American silver exports last month amounted to \$18,000. In April they were \$14,000, March \$68,000, February \$74,000 and January \$82,000. Total for the five months of \$31,000. This, however, was

Housing Bill Becomes Law Lumber Dealers Cut Prices

as private agencies were ready to take themselves off.

The most immediate result probably will come from the federal mortgage insurance program. The law made by private agencies for home modernization and repair.

The insurance of new mortgages may take longer to have a perceptible effect but those who drafted the law feel this is its most important feature.

The government will insure mortgages which meet its specifications up to 80 per cent of the appraised value of the home, or 90 per cent of the purchase price.

The kind of mortgage that may be insured, however, must be a first mortgage on a new or existing home.

The limit on an individual home mortgage is \$10,000 and on a low income project \$10,000,000. The total of mortgages insured cannot exceed \$10,000,000 unless the present increases that figure.

Second mortgages also may be insured up to 80 per cent of the appraised value of the property, but the first mortgage must be paid in full.

To protect funds in building and loan associations, the government will guarantee individual deposits up to \$5,000. The Federal Reserve deposit guarantee plan.

Provisions of the legislation will insure the payment of interest on new type mortgages will cover all other loans for the purpose of the cost of the mutual insurance and principal payments.

For the year 1933, exports totaled \$19,041,000 and imports \$20,225,000. For 1932, exports totaled \$19,260,000 and for 1931 exports \$24,485,000 and imports \$23,654,000.

For the three years and the month ending May 31, 1934, exports were \$68,697,000 in exported silver almost double that, or \$127,000,000, imports \$127,000,000, however, the last few months have seen the rate of export rapidly increase.

DANGER CONTINUES TO PILE UP LEAD

North Dakota Governor Wins Sweeping Victory at Primary Polls

PARROT, N. D., June 26 (AP)—North Dakota voters today chose their leaders today—"we want Langer," in the same manner, turned thumbs down on state officials who sought to the chief executive of the state, his conviction by the United States government.

The state Republican party approved Langer's nomination for governor and apparently had satisfied virtually the entire Langer faction list of voters.

Langer, vice, exceeded the number cast for his two opponents, T. H. Thompson and J. P. Moe. He received 100,000 out of 234,000 of the state's precincts. The vote: Langer 57,909; Thompson 29,365; Moe 28,132.

Opponents Fear Badly

Candidates of the anti-Langer faction of the Non-Partisan League, including veteran state officials who have retired and recognize Langer as chief executive since his conviction, were facing badly on the basis of today's vote.
United States Senator Louis J. Prater, endorsed by the Non-Partisan League, was defeated by Langer.
Two liquor control measures, which were proposed to legalize the sale of alcoholic beverages, appeared solid for defeat on the face of meagre returns, while a school law measure was defeated.

Governor Holds Out Hope to Groups Requesting Double Allotment

Relief agencies and workers here who have been trying to make a monthly allotment of \$100,000 for the work that had been done with \$15,000 to \$20,000 of CWA funds, expressed encouragement last evening over Governor C. Ben Hoot's statement that "I am rather of the opinion we will be able to secure more money in the future than in the past which will enable us to take care of a larger portion of men and women who need employment in Idaho."

The governor's statement was contained in a letter acknowledging a resolution lately adopted at a meeting here of Federal labor unions of Twin Falls, Burley and Rupert, and New Deal clubs of Buhl, Pler and Teton, which adopted a resolution that \$200,000 monthly CWA allotment be doubled. The letter was addressed to James W. Wilson, executive secretary of the Idaho CWA, secretary of Twin Falls Federal labor union. It said:

Gathers Data

"Received your resolution setting forth the fact that an allotment of \$200,000 was not sufficient to take care of the unemployed, and suggesting that we make a request for \$500,000.

"In your information, we have sent in a request for \$500,000 for relief. We have spent two weeks gathering facts to substantiate our case, and I am rather of the opinion we will be able to secure more money in the future than in the past, which will enable us to take care of a larger portion of men and women who need employment in Idaho."

Spanish Villagers Nab Bank Robbers

SAN SEBASTIAN, Spain, June 28 (AP)—Peaceful villagers today practically ruined a gang of "Dillinger-type" bank robbers.

Eight men in a fast motor car, bristling with guns raced into San Sebastian, held up the local banks and stole \$3,000 pesos (\$7000), then went to the Bank of Guipuzcoa and took 35,000 pesos (\$4000) more.

Authorities notified at the surrounding towns to be on guard. The townsfolk at Pasaia, Guipuzcoa, and other towns, carrying furniture for a barrier.

The speeding bandits saw the barrier and tried to turn off but the car was wrecked and they fled on foot.

Mounted guards—the Spanish equivalent of Texas rangers—captured six and recovered most of the loot.

Law Balks Marital Plans of Couple, 'Too Old' to Wed

MODesto, Calif., June 28 (AP)—Because the bride-to-be was "too old" to marry, the law today balked at the matrimonial plans of Mrs. Lydia A. Wright, 61, and Charles S. Patterson, 62.

Superior Judge J. G. Needham issued a restraining order against the marriage, at the request of Attorney R. V. Wilson, guardian of Mrs. Wright and C. H. Ramont, county health officer.

Indignation was expressed by Mrs. Wright and Patterson, who had filed a notice of their intention to wed.

"I don't see why people get so funny about old people's business," the exclamation. "I love him; he loves me. It was love at first sight for both of us."

Then, wistfully Mrs. Wright fingered the gown that was to have been her bridal dress, on which she and Patterson had spent the last few days.

Mrs. Wright tossed aside her bridal bouquet.

"I don't see why they wanted to stop our marriage," she said.

"Charles is a good cook. He could take care of me. I met him a week or so ago through some acquaintances."

ALL-BRAN RELIEVED HIS CONSTIPATION

Dellious Cereal Brought New Health to Mr. Bartholomew

We quote from his voluntary letter: "I had considerable trouble with my stomach. Digestion was out of the question. I was in the habit of eating a cereal dish which gave me only temporary relief."

"Then I thought of taking ALL-BRAN. I started eating a cereal dishful two or three times a day."

"It has been over a year now since I ate that first dish of bran. From that day to this I have had the pleasure of enjoying the proper functioning of the digestive organs."

"Thanks to ALL-BRAN. I still eat it regularly and like it better all the time."—Lester Bartholomew, Cadillac, Mich.

Constipation is usually due to lack of "bulk" to exercise the intestines, and vitamin B to promote elimination.

ALL-BRAN supplies both, as well as iron for the blood. The "bulk" in ALL-BRAN is much like that of leafy vegetables. Certainly this food is more natural than taking harmful patent medicines. Two tablespoons daily will usually overcome most types of constipation. With each meal in meals—eat ALL-BRAN this way, see your doctor.

ROSEBERRY LEAVES KIMBERLY PULPIT

Methodist Pastor to Take
Over Rupert Position;
Andrews Successor

KIMBERLY, June 28—Arrangements were completed Wednesday afternoon for Rev. George O. Roseberry, pastor of the Kimberly Methodist church for the past three years, to leave Kimberly and reside in Rupert as pastor of the Rupert Methodist church.

During Mr. Roseberry's second year at Kimberly he was elected president of the Wood River Institute, a summer camp for young people of the Methodist church at Kelch, by a unanimous vote. This position was formerly held for several years by Rev. J. L. Kendall of Buhl.

During his past three years at Kimberly, Mr. Roseberry has been looked upon as an ideal citizen by the young people of Kimberly. He has taken an active part in the Boy Scout troops of Kimberly as an active-part in the student body of the Kimberly high school. In every organization among young people, Mr. Roseberry has been successful. When Mr. Roseberry leaves Kimberly, he has been a professor at Willamette university and Kimball school. Mr. Roseberry is highly recommended and with his family, is expected to be in Kimberly the last Sunday in July.

Former Senator's Son Sentenced to Jail For Picketing

JERSEY CITY, N. J., June 28 (AP)—Alfred Bingham, son of former Senator Hiram Bingham of Connecticut, who volunteered his services in the American Civil Liberties Union's campaign for peaceful picketing, was sentenced to 30 days in the Hudson county jail today. Notice of appeal was filed.

The specific charges against young Bingham, who is editor of the New York magazine, "Columbia News," were related in a public hearing yesterday afternoon. He was arrested last Friday while picketing the plant of the Miller Electric Manufacturing company. Sentence was passed by Criminal Court Judge William J. McCovey. Bingham was represented by Arthur Garfield Hays. The case was prosecuted by Lewis O. Hansen, a city attorney.

The picketing, a representative of the Furniture Workers' industrial union, a Communist-led wing union which started the picketing a month ago to protest against an alleged NRA violation of the company's contract, was found guilty on the same charges and fined \$25.

The arguments of Hays and Hansen before Judge McCovey revolved around the legal interpretation of "peaceful picketing." The prosecution contended that neither Bingham nor Mrs. Dicker were employees of the furniture company and hence not entitled to picket.

County Judge Robert V. Kinkaid set next Monday as the date for hearing the appeal and fixed bail at \$500 for Bingham. Both cases will be heard three days before the appeal. The case of the son of Thomas W. Lamont, partner in J. P. Morgan and company, goes on trial on the same charges that brought conviction for Bingham.

Oregon Gold Rush Ends With Novices Striking For Help

BEND, Ore., June 28 (AP)—Dozens of weary men coming out of the Hampton hills district of Crook county, scene of Oregon's most recent gold strike, today characterized reports of rich strikes as "flips."

The amateurs among them were not discouraged by the reports. "Frenchie" Cuthler, veteran prospector from Gold Creek, near Burns. After carrying two years' worth of equipment into the hills, he decided to make a mudhole to test it. Cuthler reported finding one color. It would have been one of those colors to return a value of five cents. Cuthler told the group of amateurs watching the test. Shortly thereafter the exodus from Crook county began.

A rush to the region started earlier this week on reports rich gold strikes had been made.

AAA SAFETY LANE TO OPEN AT BUHL

BUHL, June 28—The Idaho State Automobile association and the state department of law enforcement announced the holding of safety lanes in Buhl on Friday and Saturday, June 29 and 30.

Cars will be tested for lights, brakes, horns, steering—and other safety equipment and the owner will be given an OK sticker for his windshield providing his car passes all of the tests. Otherwise he will be advised of the test. A number of state traffic officers will also be on the job and a large number of cars are expected.

Many thousands of cars have already passed through the lanes in various sections of the state and the department of law enforcement is encouraging the motorists to be testable. Brown stated.

DON'T SLIP UP ON SUMMER SLIPS

PATTERN 1899

by Anne Adams

The average summer outfit slips up when it comes to slip. Nobody over remembers to get enough. This design is shown to prevent that sort of "slipping." It's so simple and easy to make you can't possibly excuse yourself on the score of lack of time. As if you don't feel like investing in silk, well, synthetic materials are even better for this sort of garment. They cling and hang to the body... and, of course, as inexpensive as daisies. So far we failed to mention the pattern, and all we intend to say is... look at the cunning thing, included in the pattern.

Pattern 1899 is available in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100.

Send FIFTY CENTS (10c) in coin or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number on envelope. Enclose FIVE CENTS. CANZONERI STOPS FRANKIE KLINK IN NINTH ROUND

Tony's Left Hook Causess Downfall Of San Franciscan

Former Champion of Light-weights Wins Right to Third Bout With Ross, King of Two Divisions

By EDWARD J. NEIL
(Associated Press Sports Writer)
EBBETS FIELD, BROOKLYN, N. Y., June 28.—Tony Canzoneri, the belting beauty of Brooklyn, hammered his way right back into the thick of the lightweight title scene tonight as he walloped Frankie Klink, tough little fellow from San Francisco, into a technical knockout defeat in the ninth round of a ten round match.

A crowd of 12,000 filtered into the National League ball yard to see Canzoneri, once champion of the lightweight, win the right to his third meeting with Barney Ross, king of both the lightweight and welterweight, in most of the nation. He failed to floor the rugged Californian, but he made a mess of Frankie's features.

Decisive Punch
Klink, who lost a close decision to Ross last year, then drew to a blistering draw on the West coast, was doing all right for himself until he ran into the single punch that changed his whole complexion, as well as that of the fight in the ninth round.

Just beginning to hit his stride, Canzoneri, who lost both his title and a return bout to Ross within a year, suddenly blasted a left hook to Klink's face halfway through the fifth. The result of that one punch was amazing. The flash about Klink's right eye pulsed for a moment, like a blister on a rubber tire, and he shook his head frantically. Unable to see from that side Klink was a mark for Tony's flashing right hand from then on.

The Associated Press score card gave Klink two rounds, and the second round was called the "fifth round" and gave the remainder to Canzoneri. Canzoneri now will be recognized by the New York State athletic commission as the next opponent Ross must meet when he defends his lightweight title in New York. Canzoneri weighed 134 pounds tonight, Klink, 125½. Receipts were estimated at about \$5,000.

Oregonian Enters Semi-Final Play

Don Moe, Portland, Takes Brilliant Battle at Spokane

By FRANK G. GORRIS
(Associated Press Sports Writer)
SPOKANE, COOKING, June 28 (AP)—Squeaking out victory in a sparkling fight, Don Moe, 135½, of Portland, took his place in the semi-final play of the Pacific Northwest championship today. Moe, who is a famous linkman, kept Portland in the race for the Pacific Northwest title, but he was out of the semi-final places with comparative ease.

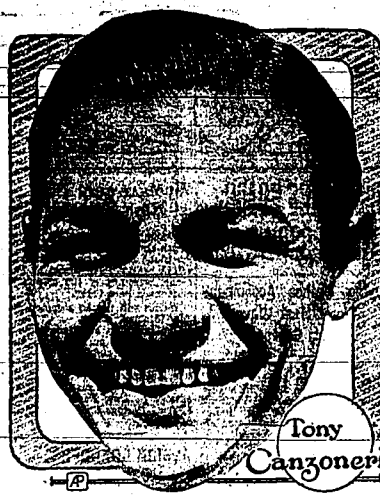

Moe, after blowing a live hole in the time he won back seven holes and ended out Bill Stout of England in a Walker Cup match four years ago, and copped the last two holes to eliminate Johnny Shields, Seattle, 2 up.

Why? conquered Bud Ward after an uphill fight, 3 and 2; Storey, 6 and 3; and White, 6 and 3. Storey, 6 and 3; and White, 6 and 3.

Fiermonte's Bid For Ring Crown Strikes A Snag

A PROPOSED return to the boxing ring by Enzo Fiermonte, handsome young Italian boxer who married the former Miss Helen Jacob, 24, received a setback after Enzo had established a defense training quarters at fashionable West Hampton, Long Island. The New York State Athletic commission warned that it would not approve the proposed match of Fiermonte and Maxie Rosenbloom with the latter's lightweight championship title at stake.

Noted Golfer Hurt In Plane Accident

BARNSTABLE, Mass., June 28 (AP)—One man was killed and two others, one of them Ray Van Aldine, noted golfer, critically injured in an airplane crash tonight.

Youthful Golf Enthusiasts Add To Club Activity

Ernie Scheller, professional at the Twin Falls Country club, last night predicted a gala summer golf season at the club due to new factors recently seen on the fairways. He says that some of the veterans, both men and women, are going to have to hustle since the youngsters who have just returned from school are taking to the course every day.

More likely, data at the club are in the offering if the pro doesn't change his mind. Scheller has as yet been unable to determine team positions completely on the feminine aggregation and wants a little more time. The weather has been unsteady and a number of them don't come out, Ernie said.

Ann Sweoley and Mrs. Paul Bieler are the most ambitious women golfers he has ever seen on the course. Scheller believes that the two will make the pair take to the links nearly every morning as the sun comes up and are training in exceptional condition. "They'll all have to watch those two," Ernie announced.

DETROIT, June 28 (AP)—Sweeping westward following a successful eastern invasion, the high-pressure Detroit Tigers stopped off at Navin field long enough today to take the measure of the White Sox 8 to 7.

Despite the fact that the mercury registered 104 degrees, June 28 proved for these parts, a game day. The Tigers, who had only one win in their last 10 games, ended their losing streak with a victory over the Chicago White Sox.

Marberry, who started for Detroit, lasted until the seventh inning. During the first six frames he pitched not a single Chicago. Chicago reached third. He blew up in the seventh, however, allowing six hits which went for as many runs.

FIVE MEN AND TWO WOMEN OF UNITED STATES TENNIS FORCES WIN AT WIMBLEDON

By ALBERT W. WILSON
(Associated Press Staff)
WIMBLEDON, England, June 28.—The United States had almost a perfect day in the English tennis championships today with five men's and five women's singles victories. Showers finally caused a postponement of late afternoon matches after Frank Shields, Sidney B. Wood, Jr., Lester Stinson, George H. Lott, Jr., Dave Jones, Helen Hall Jacobs and Carolyn Babcock continued the American advance.

Only Jones and Lott of the Americans had any trouble. The former, now a Cambridge student, was formerly of Columbia university tennis and basketball star, rallied to beat J. Siba of Czechoslovakia, 6-3, 6-4, 6-3. Siba, 24, playing carelessly against Nicki Sharpe, unranked Englishman, won 7-5, 2-6, 6-4, 1-6, 6-4. Siba defeated the fifth, Fred Perry.

Max Jacobs met a fellow American, Dorothy Andrus, in a postponed second round match. Lott beat J. Siba while Babcock defeated Mrs. A. H. Mellows of England, 6-1, 6-3, in the third round. Sarah Palfrey, the club captain and survivor, did not play. From a competitive angle the feature of the day was the center court contest between Fred Perry, one of the defending Davis cup winners, and Captain Mansel, the giant Czechoslovak who defeated the British.

Perry still appeared to favor his ankle but outplayed Mansel from the baseline in win, 6-4, 6-3, 7-5, 6-4, 6-2.

Michigan Golfer Beats Team-Mate In College Event

CLEVELAND, Ohio, June 28 (AP)—Shimmering heat waves danced over the country club's fairways today but they held no terror for the Ohio State intercollegiate golf championship.

Charley Kocals, of the University of Michigan, recent winner of the Western conference crown, annihilated his team-mate, Woodrow Malloy, 4 and 2.

Automen Overcome Lead to Conquer Van Engelen-Hood

Western Auto motorists continued under the city spotlight tonight in the opening frame which they won 4 to 1. Van Engelen-Hood, a Londoner, was the victor in the opening frame which they won 4 to 1.

Mad Pace Ruins U.S. Chances of Retaining Trophy

Henry Cotton Covers Course In Seven Under Par for Total of 132; Shute and Kirkwood Score 143's

By GRANT TALBOT
(Associated Press Sports Writer)
SANDWICH, England, June 28.—Setting the maddest pace in the history of national championship golf, either in this country or America, Henry Cotton today added a record-making 5, seven under par, to his first round of 127 and spread the field at the half-way mark of the 1934 British Open tournament with a total of 132.

Al Padgam, a fellow countryman, won the 1934 British Open tournament with a total of 132. With Henry Shute of Philadelphia, the defending champion, and the Kirkwood club with the veteran Shilton, Charles Whitcombe, for third place at 143, America's chances were slim. The cup appeared so remote tonight that few even mentioned it. GUS SHUTE and AL PADGAM both had 143.

Only a complete collapse, it appeared, could prevent Cotton from being the first to reach the clubhouse. The British Open trophy still hangs in the balance. The British Open trophy still hangs in the balance.

Shute played steadily although not spectacularly for his 72. This was even par and he was one under for 36 rounds to find himself in the clubhouse. He was one under for 36 rounds to find himself in the clubhouse.

NEW YORK, June 28 (AP)—It began to look today as if Primo Carnera, former heavyweight boxing champion, might have fought his last fight in a bank. He also asked that an injunction restraining withdrawal of the money be modified.

CHICAGO, June 28 (AP)—Bill Guage, regular shortstop of the Chicago Cubs, underwent a successful operation for appendicitis today. After two weeks in the hospital, he expects to recuperate rapidly enough to be able to return to the Cubs lineup by the middle of August.
