'In This Hour I Was Responsible for the Fate of The German Nation,' Declares Nazi Chancellor

(Copyright, 1934, by The Associated Press.)  
BERLIN, July 13 (AP)—Adolf Hitler with a touch of dramatic defiance defended before the world tonight his ruthless course of action which he said cost 77 lives in Germany to suppress a revolt that would have killed tens of thousands.

A plot of Ernst Roehm, executed storm troop leader, said forced him to "act with the speed of lightning," in the early morning hours of June 30 when "mutineers" were shot summarily by firing squads.

"In this hour I was responsible for the fate of the German nation," Hitler declared.

"This, he added, was his answer to the question as to why he did not "invade an ordinary course of action."

Supreme Court of People  
"And thereby," he continued, "the supreme court of the German people during those 24 hours was myself."

"I gave orders to shoot those who were mainly responsible for treachery."

"I issued orders further that if any mutineers tried to resist arrest they were to be immediately shot down. The nation must know that its order cannot be disobeyed without punishment by anybody."

# NEW CONTESTS IN CANDIDATE FILINGS

Rivalries for Nominations Develop in Both Party Line-Ups

New contests for nominations for Twin Falls county offices developed in candidate filings yesterday, when the Republican party when T. Marvin Mayo of Twin Falls and Glenda H. Gates of Allendale both filed for county assessor and another in the Democratic party when Roy E. Wilkinson of Deep Creek filed for first district county commissioner in opposition to George R. Hart of Buhl, chairman of the local and county Democratic committee.

Eleventh hour filings brought the Republican ticket race to its promised completion, with two contests for nominations, and declared candidates for only five positions—two state representatives, treasurer, surveyor and coronor.

Republican contests are for nominations for assessor and prosecuting attorney.
