THE MANGER CROSS

Holy Bible

And as he journeyed, he came first Damascus; and suddenly there shined round about him a light from heaven.

And he fell to the earth, and heard a voice saying unto him, Saul, Saul, why persecutest thou me?

And he said, Who art thou, Lord? And the Lord said, I am Jesus whom thou persecutest.—Acts 9:2-5

Youth Victim Of Auto Collision On Blackfoot Street

BLACKFOOT, Sept. 8.—Lisa Adams, 18, son of Mr. and Mrs. L. T. Adams of Riverside, a nearby farming community, was killed by a Buick Buick touring car in an automobile collision on a downtown street intersection. It was a passenger in a car which collided with an automobile driven by J. Pease of Pocatello.

Pocatello, no "J. Pease" was listed in the directory, but he was believed to be Harold Pease of 642 Warsaw avenue, Atlanta.

A man named Lynn, also of Riverside, drove the car in which Adams was a passenger. There were no other injuries reported.

In Pease's machine were the driver's license, which could not be immediately located, a Miss Norma Root, and a man named J. Pease, Pocatello.

The sheriff of Blingham county could not find a license for the car, but both cars were overturned by the impact of the collision at the intersection of Cedar and West Main streets. Who was at fault in the accident was not reported.

Physicians said internal injuries caused Adams' death.

Salt-Lake Firemen Subdue Oil Flames

SALT LAKE CITY, Sept. 8.—Damage estimated at \$1000 was caused by a fire that raged for about two hours in the Utah Oil company refining plant here tonight.

Five companies of city firemen and 400 firemen from surrounding communities, quelled the flames which threatened for a time to spread to tanks and cause explosions.

Fire chief W. T. Hanson said the conflagration started when one of boilers of a continuous furnace at the plant exploded, causing a fire on boiler over.

Colorado Man Named Grazing Lands Chief

WASHINGTON, Sept. 8.—The Taylor grazing act, designed to conserve the nation's public domain lands, has been signed by President Hoover in the last Congress, will be administered by a Colorado cattleman.

Ferrington R. Carpenter of Hayden, Colorado, is the choice of Secretary of the Interior, taking the position of director of grazing lands. The appointment was announced today and letters telegraphed Carpenter to come to Washington immediately.

The Taylor act gives the Interior department jurisdiction over 30,000,000 of the nation's 170,000,000 acres of public land, most of which is located in 11 Western states.

Dynamite Explosion Kills Ketchum Man

LEWISTOWN, Idaho, Sept. 8.—Albert Livingston, 26, Ketchum, Idaho, was instantly killed when 17 full sticks of dynamite, carrying 2000 pounds of explosive, exploded. The body was instantly mutilated.

Livingston, Harold Roberts, 18, Spalding, Idaho, and E. E. Johnson, 38, address not given, all COO employees, were not out yesterday from the structure. They were supposed to be county to blow out stumps along a road being constructed.

Investigation is being conducted and equipped with rope, wires attached to the dynamite and the battery contacted as he walked and caused the explosion.

Hollis suffered severe injuries in the back and legs and Roberts' left ear drum was ruptured by the force of the blast.

Livingston was married by a sister at Ketchum, Mrs. Myrtle Stone.

ABRAHAM LINCOLN SAID, "YOU CAN TALK ALL OF THE TIME, BUT YOU CAN'T TALK ALL THE PEOPLE ALL THE TIME!" That held true 70 years ago and it still holds good today. The sudden outbreak of generosity on the part of one corporation has set us back to the beginning. The extension of a long competitive business concern. As a rule, they have some non-competitive concern along the use of their time to aid and abet them in their "dirty work." STRIKERS COUPLE PEACE PROPOSAL WITH NEW TREAT

(Continued from Page One)

proposal would be unacceptable.

Miss Owen's charges and the mill owners, close observers were convinced, some already charged of arbitration, would at least justify the normal operations through the night the board might find necessary for reaching a deal.

However, the Gorman proposal was regarded as a hopeful sign and a disposition to believe that some agreement would be reached in the near future with the mills in operation meanwhile.

Means of arbitration of operating plants were discussed earlier with the board by William Green, president of the American Federation of Labor, but no definite plan of procedure was agreed upon.

Gorman, too, contacted with the board given it possible to assemble a mass of facts and figures over the week-end through conferences with officials of the national, regional and agricultural adjustment administrations.

Now To Reopen Mills — Determined to open an number of mills Monday, employers devoted the week-end to intensive study of the measures. Labor accepted their challenge by increasing the scope of the walkout.

Gorman called out all workers in the upholstery, drapery, carpet, rug, pile fabric, plush and velvet plants for the holiday workers to follow. It was preceded by night conferences between officers of that union and members of the strike committee.

Gorman estimated that 85,000 employees in a dozen states would be affected by the holiday call which occurred Wednesday midnight, although mill workers were expected to quit Monday.

The strike leader also said that letters were would be told to quit next week unless their employers met union terms.

Strike Front Quiet — For the second successive day, the strike front was comparatively quiet. Many mills were closed on Saturday in both north and south as a regular thing, a circumstance which served to make conditions even more "peaceful" than yesterday. Wednesday 10 men had been killed and scores wounded or injured.

Virtually the only outward activity in the troubled Carolinas was the funeral of five strikers killed in a sun-baking meler at Honesville, North Carolina, Wednesday. It was this tragedy which caused Secretary Francis Perkins to denounce the denials of mounting mill workers as a practice fraught with grave dangers.

Neatly the mills have reopened in the Carolinas since "flying squadrons" forced their closing Wednesday and Thursday. They have not made objects of renewed strikes.

FUNERALS

DUBSON — Funeral services for Barbara Louise Dutton, five daughter of Mr. and Mrs. Benjamin J. Dutton, 718 Van Buren, will be held at 2 o'clock this afternoon on the lawn at the Dutton home, in charge of the Latter Day Saints.

Twin Falls Man On IERA Committee

M. A. Stronk of Twin Falls, president of the Southern Idaho Production Loan association, was yesterday named by the board of directors of Governor C. Ben Ross as a member of IERA state committee, which is to meet next Tuesday at the governor's office in Boise, to outline program and policies for the coming year.

Other members of the committee are: L. A. Latta, of Twin Falls; J. H. Davis, Boise; J. H. Lowell, Caldwell; John Hood, Pocatello.

The members of the committee serve without salary, meeting once or twice a month as occasion requires.

STRIKERS COUPLE PEACE PROPOSAL WITH NEW TREAT

proposal would be unacceptable.

Miss Owen's charges and the mill owners, close observers were convinced, some already charged of arbitration, would at least justify the normal operations through the night the board might find necessary for reaching a deal.

However, the Gorman proposal was regarded as a hopeful sign and a disposition to believe that some agreement would be reached in the near future with the mills in operation meanwhile.

Means of arbitration of operating plants were discussed earlier with the board by William Green, president of the American Federation of Labor, but no definite plan of procedure was agreed upon.

Gorman, too, contacted with the board given it possible to assemble a mass of facts and figures over the week-end through conferences with officials of the national, regional and agricultural adjustment administrations.

Now To Reopen Mills — Determined to open an number of mills Monday, employers devoted the week-end to intensive study of the measures. Labor accepted their challenge by increasing the scope of the walkout.

Gorman called out all workers in the upholstery, drapery, carpet, rug, pile fabric, plush and velvet plants for the holiday workers to follow. It was preceded by night conferences between officers of that union and members of the strike committee.

(All National League games postponed—rain.)

DETROIT, Sept. 8 (AP).—The Tigers rallied to gain an even break with the Athletics in a doubleheader today, winning the second game 2 to 1 in a brilliantly-played mound duel between Tommy Bridges and Merritt (Sugar) Cain after the A's had made it three-in-a-row by winning the opener 4 to 3.

As a result of the split the victorious New York Yankees cut a half game off Detroit's leading in the 14th game of the season.

Detroit managed to get only two hits out of Cain in the second game, but the Athletics scattered 10 blows well pitched by the opener with the aid of Bob Johnson's 11th home run of the season, the first of which was the first of those two to win.

In the first inning 3-to-3 Whitey Walker and Earl Bower were pitched back—the pair worked a double steal to get into scoring position and Earl Bower pitched with a single that brought them both home. The only other Tiger blow came by Charley Chisox in the fourth.

Bridges, who was seeking revenge for having been knocked out of the lead in yesterday's first game, took care of the rest by limiting the A's to four hits, all of which came in the first inning. Philadelphia's only rally came in the eighth when Johnson's double brought Doc Cramer, who had singled, all the way home from first. The A's jumped on Edin Aubert in the open inning, but he was out before Detroit could rally against Bridges, who by Graham, Jimmie Fox and Eric Mathews brought in the first three runs of the game in the third; hits by Dink Miller and Charley Berry with an error by Merwin Owen and Finley's sacrifice and a single by Johnson set the scene for the fifth.

It took the Tigers four hits to get one run back in the fifth, but they produced two more in the seventh on doubles by Walker and Frank Bellah, a single by Merwin Owen and a double by Edin Aubert. First game: Philadelphia—10 110 000—4-13; Detroit—00 010 000—1-2. Batteries—Bridges and Berry; Aubert, Rogers, Marberry and Cochran.

Second game:— N. Y. H. Philadelphia—000 000 010—1-4; Detroit—00 010 000—2-1. Batteries—Cain and Bower; Bridges and Hayward.

Summary— Rain halted in midgame. Philadelphia—5 runs, 4 hits, 1 error. Detroit—2 runs, 3 hits, 1 error. Walker, Marberry—Rogoli; double play—Miller and Berry. Miller in Weather to Finley; struck out; Bridges 4; Cain 4.

SCOUTING SPORTS

SAN FRANCISCO, Sept. 8 (AP).—From the observation post at the University of Washington, Coach Henry Falson, who coached the three—Southern California, Stanford and California—the powers of Pacific coast conference football this season.

It is not on the conference road would be U. A. C. Stanford and California; with such slight difference that it would almost have been the same with the same figures, writes the man who in a conference popularity contest among the sports writers probably would win in a landslide.

The sports writers like Falson because he is a broad gauge, a direct question and has the happy faculty of explaining details in the simplest fashion. A twelve-year-old school boy could understand them. He also is "one of the gang" and invariably holds open house when around.

Slip Madigan of the same pattern. St. Mary's, of course, is not a member of the conference. But Madigan is a member of the all American team of popular coaches.

As a coach, Falson and Madigan have the same aim—water-Navy Daze.

Earlier Schedules
Falson's teams: "The Northwest, Washington State and Oregon look the best, with Washington and Oregon State next. The first two are close and have arranged schedules."

The new schedule and lighter schedule will be announced in a few days. Falson is in favor of the new ball. "Believe it is approaching the point where it is close to a practical improvement over a little more like a cucumber. The ball does not handle well either for kicking, punting or place-kicking. However, it

will try to get along regardless, although I have not seen any two coaches of balls that measure up to the same.

The rule permitting of one incomplete pass in the end zone was a very good change and will keep up the rubber stamp goal line defense. I believe that within a year the end zone will be considered the same as any other part of the field on incomplete passes.

"The removal of the five yard penalty for incomplete passes in the field of play should help the offense. It is a very good change."

Old Staff
The change permitting a ball to be punted while another player is holding same is like the old square-load better shoe—a relic of the past. This so-called multiple kick makes a nice topic for conversation at "the boys' dining room" and will give some coaches a chance to make the local headlines during a bad season by inventing a new rule that has a grand new idea."

Football fans will be interested to know Coach Madigan, great Washington State halfback two seasons ago, will coach Olympia high school this season. He is noted in similar capacity at Kelso high last year. Sander was a real star, although this year he is much more of a manager as it is applied to every former player who breaks into the headlines through graduation through trouble, illness or accident.

Los Angeles Wins Over Solons, 10-4
Angels—Batter—Six—Runs on Five Hits

LOS ANGELES, Sept. 8 (AP).—Los Angeles defeated Sacramento's Solons, 10 to 4, in a four-inning game at the Los Angeles Coliseum today.

With things all square at four runs apiece into the last half of the fifth inning, the locals went to a pre-arranged and the smoke of battle cleared away had gathered six runs apiece in the sixth and seventh.

U. S. Track and Field Aces Lead By Single Point

Touring Americans in Front, 38-37, at End of First Day's Program of International Meet in Japan

TOKIO, Sept. 8.—The touring United States track and field team today led the Japanese forces by a single point 38 to 37 at the end of the first day's program of a two-day international meet.

Charles Hornbostel, co-captain last year of Indiana university's great team, provided the feature of the meet with a chestnut relay team of 400 meters run in 1:34 with Glenn Cunningham, holder of the world-mile record, as one third.

Other American victories were scored by Ralph Metcalfe, Massachusetts, world record holder, in the 100 meters, Gordon "Stinger" Dunn, former Stanford star, in the 200 meters, and a relay team of Michigan, Ohio State, California, Howard Green, Abilene "Tex" Christian and Charley Parsons, southern California in the 400 meters.

Japanese victories were scored in the 500 meters, the broad jump, the high jump and the 100 yard dash.

Marty-Defeated
A surprising defeat was that of Walter Marty of Iowa, who had a record in the high jump, Marty finished third behind American and Yuki of Japan, the winner clearing only 12 meters (39 feet 4 inches).

The meet was scored: First—400 meters run—Glenn Cunningham (U. S.); 200 meters—Gordon Dunn (U. S.); 100 meters—Ralph Metcalfe (U. S.); 500 meters—Charles Parsons (U.
