VOL. 17, NO. 140. TWIN FALLS, IDAHO, TUESDAY MORNING, SEPTEMBER 18, 1934. 10 PAGES—5 CENTS

NOME, FAMED AS GOLD MINING CITY, DESTROYED BY FIRE

Government Orders Coast Guard Boats to Race to Aid of Residents; Loss More Than \$1,000,000

(By The Associated Press) NOME, Alaska, Sept. 17.—Nome, famed Alaskan gold mining city was destroyed by fire today and tonight only two business buildings, including a hotel and a few residences in the northern section of the town were standing.

The fire department building destroyed early in the fire, handicapping efforts of firemen and volunteers. The afternoon, dynamite was resorted to in an effort to destroy buildings and check the flow of flames, but the fire raged onward.

NEWSMEN AT POST NOME, Alaska, Sept. 17.—George Maynard, publisher of the Nome News and Associated Press correspondent, and his son, Russ Maynard, sent to the fire to photograph their city and newspaper while their property burned to the ground.

Puber and son returned since the younger Maynard returned to the town from his work at the University of Washington, struggled to rescue parts of their equipment in the plant but were unable to do so.

With every man, woman and child fighting the flames, the executive collapsed from fatigue and the intense heat and were carried back to the fire scene to recover.

NEW PARTY FACES TEST IN WISCONSIN Size of Vote Polled by Two La Follette Watched by Politicians

WASHINGTON, Sept. 17 (AP)—The first test of the new third party movement, the United Farmers of Wisconsin, was held today in Wisconsin's primaries.

Democratic and Republican headquarters here indicated today the size of the vote polled by Senator Robert M. La Follette, who is seeking re-election, and his brother Philip P. La Follette, candidate for governor.

Senator La Follette supported President Roosevelt in 1932 and backed much of his legislative program in the congress.

Determination to Circumvent Treaty Restrictions Revealed by Senate's Munitions Investigators

(By The Associated Press) WASHINGTON, Sept. 17.—A strong determination by Germany to circumvent treaty restrictions and re-arm in the air was read today by munitions investigators into the story of her relations with an American aviation concern.

SENATOR Nye (R-ND), chairman of the committee, interjected Germany's efforts to build up her aviation strength had the support of subsidiaries of United Aircraft and Transport corporation, a dominant American air company.

Company representatives conceded that sales to German concerns had been projected, but insisted the airplanes and other materials were for commercial purposes only.

Business Booms The figures he introduced showed an expansion in sales to Germany of United Aircraft and Transport, Inc. in 1932 amounted to \$77,000,000 compared with \$6,000,000 in the previous year.

Acquainted For Year "This first 'kiss' that they met in the first time," says the bride, "was by accident, but now it is by intention."

Roosevelt Braves Rough Sea At Race ABOARD U. S. S. CUYAVIAGA OFF NEWPORT, R. I., Sept. 17 (AP)—The ship's crew today braved the first of the roughest seas in recent months.

Government Buyer Lumps Sheep, Goats DENVER, Sept. 17 (AP)—Henry C. Bess, director of the United States government buying program in the West, said today purchasing of animals goes already in under a lump sum contract.

Runaway Heiress RESUMES TRAVELS Virginia Gates, Now Mrs. McCafferty, and Husband Leave Boise

BOISE, Sept. 17 (AP)—Arrived in a new tailored suit, Virginia Ewing Gates, 22-year-old Philadelphia heiress, now Mrs. Dan McCafferty, was seen today leaving Boise in her own car.

Sawtooth Valley Objects to Flood of Abandoned Cats

STANLEY, Idaho, Sept. 17 (AP)—Sawtooth valley is flooded again with hunting cats and residents are getting bitter about it.

For years, according to Tom Williams, old time rancher and hunting guide, residents of Stanley and Ketchum, across the ridge from the valley, have been too tender hearted to drown the cats.

"We killed more than a dozen," he said, complaining that they destroyed many game birds when they were run at large. "They got away. Now I don't mind killing these stray cats but I hate to create any ammunition on them."

Captain's Failure TO OBSERVE FIRE RULES DISCLOSED William F. Warm's, in Command of Morro Castle, Suspended—in 1926, Inspection Records Show

(By The Associated Press) NEW YORK, Sept. 17.—The startling information that William F. Warm's, in command of the Ward liner Morro Castle when fire destroyed it off the Jersey coast with a loss of 132 lives, was penalized in 1926 for failure to hold fire drills on another Ward ship was shown today by records of the Steamboat Inspection Service.

Members of the crew of the steamer Yumurti, then in command of Warm's, complained to the Steamboat Inspection Service in April, 1926 that the master did not hold fire or boat drills, as required by law, before February 23 and March 26.

STRIKERS KILLED BY MANILA POLICE

U. S. Troops Ready to Prevent Any Recurrence of Labor Disorders

MANILA, Sept. 17 (AP)—United States army troops were ordered tonight to be ready to prevent any possible recurrence of labor disorders such as the rioting this afternoon in which three strikers were killed and 19 other persons injured.

Controlling forces were instructed by Commander General Frank Murphy to stand by and preserve order, at the same time keeping watch for inflammatory activities by extremists.

First Strike Fatalities

The deaths were described as the first strike fatalities in Philippine history.

An immediate investigation of this tragic event which has no precedent in the annals of labor struggles in the Philippines was ordered by the local authorities.

SHEEP AND CATTLE CONFLICT FLARES

Colorado Wool Growers Say Notice on Grazing Districts Short

GRAND JUNCTION, Colo., Sept. 17 (AP)—The ancient feud between sheepmen and cattle ranchers for possession of Western range flared again today in the first public hearing on creation of federal grazing districts.

Colorado sheepmen came forward with a claim that their industry was given insufficient notice of the meeting called by F. B. Carpenter, federal grazing director, and that the proposed district number 1, in western Colorado, had been notified of the particular benefit of cattle interests.

Demands of Hughes and others that action on ratification of the district plan be postponed until other grazing areas in western Colorado had been discussed were overruled by Carpenter.

Gravelyard Becomes Battlefield in Textile Riot

versions of the riot with the various papers indicate that their interests extend far beyond matters of trade.

"I don't think a pretty thing," indicated of apparent military preparations in Germany," said New York.

"It would seem so, but there is nothing in this report that hasn't already been said in American press," answered Brown.

Letters were presented to show that the department's bureau of foreign and domestic commerce had arranged for United, the Curtis-Wright company and the Douglas company to cooperate in teaching the Chinese how to fight in the air.

Department Co-operates

"Then it would appear," Vandenberg commented, "that the department of commerce was cooperating with private airplane manufacturers in teaching warfare to foreign countries."

"Yes," Love agreed, "but at the request of China and for the benefit of a friendly power."

CAPTAIN'S FAILURE TO OBSERVE FIRE RULES DISCLOSED

(Continued from Page One)

quiry, Representative Samuel Dickstein of the congressional committee investigating "mishandling" activities, jumped into the Morris Castle disaster with a third inquiry.

"Although none of the testimony at the Hoover inquiry laid blame for the fire on Commodore, the New York congressman said he would delve into the testimony to see if there was any evidence of a Commodore's role in delaying the Morris Castle."

Testimony before Hoover's board today showed demotion among members of the crew and a mass of confusing statements about the fire outbreaks on the ship, designed to establish a fire at the point of origin.

Leodore Miller, a steward, testified he escaped from the ship in a lifeboat. Other passengers were aboard. The rest were members of the crew.

Heard No Orders

"Did you hear any orders to lower boats from the bridge?" Hoover asked.

"No sir, I heard no such orders," "It was a free-for-all, then?" "Yes, more or less."

"Evidence of demotion among the crew was entered by Dr. S. Joseph Bregerin of Brooklyn.

The physician said the head waiter told him that many of the dining room and kitchen boys were due to be fired for unfitness at the end of the Morris Castle's last voyage.

The question of late drinking parties on the last night out of the night before the horror of the dawn—had passed prominently in the testimony. Warm and others said such parties were in progress and that some passengers had been carried to their cabins.

The cruise director, Robert J. Smith, said he saw no late drinking parties and that the usual party of the last night was quitted by his announcement in the saloon of Captain Willmott's death.

Bertrand, usual about the boats. Hoover asked Smith: "Why did so many passengers panic so many of the crew get away safely?"

"The crew was quartered in the forecastle. They could get to the boats on the forward stairs of the bridge. The passengers, quartered aft, could not. They were cut off."

Amazing Profits Revealed

Earlier, the rapid growth of the Pratt and Whitney company and its amazing profits were developed in testimony which showed that in 1932 the concern—established in 1924—had made a return of \$14,700,000 on its original investment of \$100. The profit on the original investment was completed as above one million per cent.

The navy worked closely with Pratt and Whitney in its effort to develop a 400-horsepower air-cooled motor.

In 1928, 100 per cent of Pratt and Whitney's business was with the navy and in 1929, 97 per cent.

Gravelyard Becomes Battlefield in Textile Riot

versions of the riot with the various papers indicate that their interests extend far beyond matters of trade.

"I don't think a pretty thing," indicated of apparent military preparations in Germany," said New York.

Queen Of Centennial Celebration

MARTHA COATS in the regal gown she wears as queen of the Boise, Idaho, fête celebrating the founding of Fort Boise at the junction of the Boise and Snake rivers in 1834.—(P) Photo.

William O. Bowman and Mrs. Laura Douglas, sang two selections. Interment was in Elmwood cemetery with the Twin Falls mortuary in charge.

Mrs. Snider was born in Kentucky, January 11, 1856 and came to Idaho from Iowa in 1921.

Surviving are two daughters, Mrs. D. W. Alexander, Gooding; Mrs. Gladys Madden, Dubu; five step-children, Samuel Snider, Clayton, Texas; Robert Snider, Shannon City, Iowa; Franklin Snider, St. Louis, Missouri; Mrs. D. Frederick, Shannon City, Iowa; Mrs. Ella Blakely, Clovis, California; one brother, J. B. Wilson, Arkansas. Her husband died in 1918.

JACKSON SERVICES HELD AT SHOSHONE

SHOSHONE, Sept. 17 — Funeral services for Mrs. Joyce Jackson were held at the L. D. & S. church here this afternoon at 2 o'clock. Bishop Clarence Aston officiated, Levi J. Mackery offered prayers; speakers were Homer Tucker, J. W. Bichitis and Bishop Aston.

LEAVE FOR COLLEGE

MURTAUGH, Sept. 17 — Several Murtaugh students left Saturday to attend college. Emma Egbert, Effie Meyer, Norma Johnson and Rex Johnson will attend the University of Idaho, southern branch, at Pocatello, and Earl Carlson and Lee Rose left for the Albion Normal school.

ELECTRIC SHOCK FATAL TO WORKMAN

Frank E. Fritz, Son of Local Woman, Killed at Boulder Dam

The body of Frank E. Fritz, 39, workman at Boulder dam who was accidentally killed Sunday morning when he came into contact with high voltage wires, will be brought to the Evans and Johnson funeral home here for funeral services and interment. Details of the accident were not learned.

He is the son of Mrs. E. H. Boden, Twin Falls, and her former husband, Ben Fritz, Rupert.

Services will probably be held Thursday afternoon.

WARD CONFERENCE HELD AT MURTAUGH

MURTAUGH, Sept. 17 — The annual L. D. & S. ward conference was held in the Murtaugh ward chapel Sunday. Bishop David G. Moses gave reports of the year's activities on the old Cleveland Egbert and Claude F. Blackburn. Music was furnished by Ada Goodman, Vernon Mann and June Tolman.

Miss Blanche Pock entertained Sunday afternoon for her Sunday school class. Sixteen boys and girls were present to participate in games and entertainments.

Miss Virginia Lee entertained her Sunday school class Sunday. Thirty-four guests were present.

Mrs. Claude Earl entertained with a party at her home Saturday in honor of the birthday anniversary of her son, Reed.

Dr. Harold Grandell, Blanding, Utah, visited at the J. J. Tolman home Sunday and Monday.

Mrs. and Mrs. George Stricker, Millburn, Wyoming, arrived here Friday for a visit with Mrs. Stinger's parents, Mr. and Mrs. William Goodman.

Miss Mae Oldridge was called to her home in Castleford Saturday by the illness of her father, Lonnie Oldridge, who has since been taken to the veterans' hospital at Boise. He is a former Murtaugh resident.

SNIDER SERVICES HELD AT GOODING

GOODING, Sept. 17 — Funeral services were held Sunday afternoon at the Methodist church for Mrs. Margaret Ann Snider, who died Friday at the home of her daughter, Mrs. D. W. Alexander, four miles east of here. Rev. William C. Bowman read the service.

The Gooding quart, composed of Frank Tarpington, Bert Bowler, Mrs.

## Iron Fireman Heat Costs You Nothing!

An Iron Fireman is an investment... not an expense. Iron Fireman will cut your fuel bills in half... eliminate grate cleaning bills... reduce furnace repair bills... reduce clean, healthful heat... By buying an Iron Fireman on the "Save as You Pay Plan," as little as—

**\$12.50 Per Month**

will bring you all of these advantages... your investment will be returned to you, out of savings, and these savings will continue for years and years, so that this desirable heat really costs you nothing. As a matter of fact, you are paying for Iron Fireman Can You Afford to Waste What Iron Fireman Users are Saving?

Let us give you a fuel survey, free, and see just what an Iron Fireman will do for you.

## CONSIDER THESE POINTS WHEN YOU BUY AUTOMATIC HEAT

Can You Afford to Sell Your Confidence to the Lowest Bidder? IRON FIREMAN is the highest priced, but least expensive, automatic coal burner on the market! The poet Ruskin said: "All works of quality must bear a price in proportion to the time, skill, risk and expense attending its invention and manufacture; those things called 'cheap,' are, when justly estimated, the cheapest."

There is hardly anything in this world that some man cannot make a little worse and sell a little cheaper, and the man who considers "price" only, is that man's lawful prey.

We are all greeted today by numberless "young substitutes" for the "standardized" products that have been known and bought for years. These newcomers are the "just as good" make, who bid for your confidence with all the tricks of substitution, and who set their prices down in comparison with known and advertised makes, with the implication that their quality is "just as good."

But—you DO NOT KNOW that the manufacturer himself has confidence in his substitute, for he has never told you so through the pages of reputable newspapers and magazines, which INSIST UPON HIGHEST STANDARD of quality and integrity in all articles sold through their pages.

Most of us know that it is BETTER and SAFER business to buy a standardized article which already has the confidence of the public—and that means not only published statements, but DEFINITE PROOF... shown by the experience of THOUSANDS of users.

Competition is too keen today to allow any product to be sold for more than it is worth. The merchant ADMITS THE VALUE OF HIS PRODUCT by the price quoted. If his product sells for less certainly, IT MUST BE WORTH LESS.

The "young substitute" has no reputation to maintain... it offers you nothing but a price... therefore... HOW CAN YOU BE SURE OF ITS QUALITY? First, always be sure of quality, honest manufacture, and financial responsibility behind the product; to INSURE SERVICE and replacement parts in years to come. Be sure that the machine is not just an assembled unit.

Without practical experience in actual building, selling, and making thousands of installations WORK SUCCESSFULLY, how can any manufacturer know what is a fair price for his product, so that he will be in business for five, ten or twenty years? Are your requirements such that you can SAFELY consider possible options? In other words, CAN YOU AFFORD TO SELL YOUR CONFIDENCE TO THE LOWEST BIDDER?

### Points of Iron Fireman Superiority

- Iron Fireman is as fine a piece of mechanism as was ever built... rating in quality with the Elgin watch, the Packard automobile, the Sletson hat, and other products that have won the confidence of the buying public through advertising quality and quality that advertises.
- Listed here are a number of features that can be found in no other machine... features that are more expensive to manufacture... features that make the difference between the mediocre and the perfect... that give the buyer a satisfaction that is remembered long after price is forgotten.
- Read of these features carefully... they are what you need to give you life-long, trouble-free automatic heat!
- Pressed Steel Construction.
- Balanced Design.
- Patented Syncro-mesh Transmission.
- Patented "Tapered" Feed Worm.
- Patented "Venturi" Fire-pot.
- Patented "Water-wave" Retort.
- Patented "Timelactor".
- Automatic Banking Damper.
- Exclusive Air Indicator.
- Exclusive Mechanism Enclosure.
- Centro-balanced Retort Fan.
- Exclusive Air Adjustment.
- Safety Overload Device.
- "V" Type Belt Drive.
- Exclusive Coal Reservoir.
- Patented Automatic Controls.
- National Background of Success.
- NATIONALLY ADVERTISED.
- Product of Responsible Manufacturer.
- Availability of Service.
- Convenient "Pay as You Save Plan."
- More in use than all other makes in the same field combined.

### THE MANUFACTURER —

Of Iron Fireman, is the oldest and largest manufacturer of automatic coal burners in the world, devoting their entire three large factories to the manufacture of automatic burners.

They manufacture and sell more automatic coal burners every year, than all other makes combined.

They are the only manufacturer of automatic coal burners who has enough confidence in their product, to invest their money to advertise nationally... Iron Fireman has become a national by-word, the same as Frigidaire, Eclair, Packard, Walther, Sletson, and numerous other products that we buy with full confidence built up by reputation and advertising.

They are the only automatic coal burner manufacturers who have built up a national distribution organization... enjoying a national back-ground of success. They have built their institution so solidly that when you buy an Iron Fireman, you have the satisfaction of knowing that your machine will not become an "orphan" part and service will be available ten or twenty years in the future.

The "Iron Fireman" factory and dealer policy is to give the most in quality and service possible, price being a secondary consideration... knowing that the vast majority of the buying public forget the "price" if they get all and more than they expect... knowing further that if quality is low, and in order to "cheaper" the price, "price" is never forgotten.

### THE DEALER —

If you break an arm, do you go to a Dentist? If your tooth aches, do you call a Doctor? Would you buy an automobile from a Blacksmith?

The dealer from whom you buy your automatic coal burner, and to whom you must look for service in years to come, is as important as quality of product, or reliability of manufacturer.

IRON-FIREMAN is not permitted to be handled as a "side-line," the manufacturer requires that none but trained men install them and service them, so that the buyer will get the satisfactory results he is entitled to. IRON FIREMAN is the only automatic coal burner of REPUTATION in Idaho that is installed and serviced by factory trained men.

When you have an Iron Fireman installed in your home, you know that it will give you the economical, clean, automatic heat you want.

### SURE-TITE INSULATION

Is a companion "home betterment" to the Iron Fireman; for, after all, Iron Fireman generates the amount of heat necessary to keep your home comfortable, but without insulation, that same heat goes right through your ceilings, up into your attic; evidence of this is shown on frosty mornings or after a snow, you will notice how the heat in the attic melts the roof of while the "ceaves" are not at all melted.

Insulation will further reduce your fuel bills... lengthen the life of your heating plant... preserve your roof... reduce re-decorating bills... make your home more comfortable in the winter... make your home 10 to 12 degrees cooler in the summer.

Many Iron Fireman owners have their homes insulated also. We have a special plan whereby both of these modern improvements can be had on convenient monthly payments... making both self liquidating. Isn't it really poor business to keep a big fire roaring, and letting most of your heat escape through your ceilings?

Let us give you an estimate, free, on making this improvement to your home or building. You have friends who have their homes insulated—we will be glad to refer you to a number of them, and see what "Sure-Tite" has done for them.

TWIN FALLS DAILY NEWS

Published every morning except Monday, by The Twin Falls Daily News Publishing Co., Inc., Twin Falls, Idaho. Established 1904.

Daily edition entered as second class mail matter, April 8, 1918, at the postoffice at Twin Falls, Idaho, under the act of March 3, 1879.

Subscription rates table with columns for 'By Carrier' and 'Payable in Advance', listing rates for one, three, six, and twelve months.

MEMBER OF ASSOCIATED PRESS: The Associated Press is exclusively entitled to the use for publication of all news dispatches received by it...

NATIONAL REPRESENTATIVES: BRUDDEN, KING AND BRUDDEN, New York, Chicago, San Francisco.

The News assumes no financial responsibility for errors in advertisements but in cases where the error is at fault a correction of that part of the advertisement in which the error occurs will be published without charge.

All notices required by law or by order of court of competent jurisdiction to be published weekly will be published in the Wednesday edition of this paper pursuant to Section 53-103 of O. A. 1933, as added thereto by Chapter 154, 1932 Session Laws of Idaho.

GOVERNMENT ARMS MONOPOLY

The heaven of armament exposures is working. Revelations on many fronts have been acquainting the world with the part played by munition interests in fomenting arms rivalry and war.

Such procedure alone would not necessarily stop war. Governments themselves, owning and controlling the means of production, might "implement" wars started by them.

It should be understood, too, that by no means all makers of arms and munitions are under moral indictment. Many thousands of American factories contributed materials for fighting the World War.

Yet evidence accumulates that there are powerful industrial groups in various countries, operating often internationally, through political meddling and war, scars, to foment rivalry in armament for the profit they get out of it.

FORESTRY MUSTARD PLASTERS

The United States Forest Service is planting mustard seed on 3,000 acres of forest and brush land in the Arroyo Seco watershed region in Southern California which was badly burned over in forest fires late in July.

Mustard, it has been found, is a weed which roots quickly and grows rapidly even under highly unfavorable conditions. The sooner some vegetation takes root in a burned over area, the sooner soil erosion by wind and flood will be checked.

OVERWEIGHTY COLS

"A policeman's life is not a happy one" when his weight and figure become subjects for a department manual, as they have in New York City.

BREAKFAST FOOD

Down on the farm: Son (home from college): "Say, Dad, if you'd put more in the food, you know, you'd increase the milk production of the cows."

are prescribed for each class. These are to be taken ten minutes morning and evening, immediately after rising and before retiring.

Walking is recommended for each group, the youngest to do a mile in 15 minutes and to add a half-mile daily until they can walk eight miles at a stretch comfortably.

THE CASTLE OF THE CALIPH: The castle of Odama, it is said, northeast of Tarsus, in southern Turkey, dates back to the year 782 and was built by Haroun Al Raschid, the famous caliph who went around in disguise at night to see whether his kingdom was being properly administered.

NO LOAN TO RUSSIA

Our negotiations with Soviet Russia for recognition by them of the United States and a trade treaty have broken down. The Russians, backed up by a two hundred million dollar loan as a condition of their promise to repay several hundred millions they owe but have repudiated.

DR. CHENOWETH ABROAD

Dr. C. W. Chenoweth, dean of the school of economics of the University of Idaho at Moscow, is more successful than practically any other in his line. We might be able to use some of them—possibly, his pupils will be able to, too, especially the idea that "the sooner the government gets out of the money, the better off we'll be."

The Doctor addressed the Oregon chamber of commerce the other day, Rotary Klamath and Lions being guests. "There is one thing in our present situation which should not be forgotten," it is the obligatory character of our currency through the agency of the Federal Reserve Bank.

How those things are to be brought about the Doctor did not tell, either in detail or by suggestion and, therefore, much was left unsaid. Perhaps he'll tell his classes as the school year progresses.

THE LACKER "IT"

In a recent issue The News-Tribune remarked that Herbert Hoover is a politician in the best sense of the word. It is not surprising that he should be so, for he is a politician in the best sense of the word.

There is a very large cross-section of voters in this country who know little about specific issues and care less who wins than they care to see that the country is kept in a state of peace and order.

PROSPECTS

"But you advertised a bed-sitting room. I see the bed, but where's the sitting room. Landlady: "On the bed."

VAN BORING (The new one) By Tish Tash

NATIONAL WHIRLIGIG (NEWS BEHIND THE NEWS)

(Copyright, McClure Newspaper Syndicate)

WASHINGTON

YOUTH AND WAR: Young men are plentifully worried about the war. They are not only worried about the war, but they are also worried about the future.

Textile mills north of the Mason-Dixon line are so much in debt to their local bankers that they feel the well-known firm finally imbedded in them. Months ago their representatives were in Washington trying to get direct loans to industry out of the federal government.

Down south the textile owners are busy in for a final fight. Un-organized textile workers have been led into line. The New Englanders foresee shortened hours and higher wages and threats from Yarnland.

Francis J. Gorman, maestro of the striking textile workers, has his help to this situation. He knows of the tough and stay tough just that much longer.

LEFT: For a change, big-time politicians are taking hold of the reins of the Republic. A serious situation existed which behooved the government to take action.

There is a very large cross-section of voters in this country who know little about specific issues and care less who wins than they care to see that the country is kept in a state of peace and order.

There is a very large cross-section of voters in this country who know little about specific issues and care less who wins than they care to see that the country is kept in a state of peace and order.

DANCE AT RADIOLAND TO-NITE MOONLIGHT WALTZ NIGHT MUSIC BY THE RYTHM KINGS

A New Yorker at Large

By MARK BARROW

NEW YORK—Up to now the most unusual group of New York commuters has been that hundred or so who have been seen in the streets between their homes in Philadelphia and their jobs in Manhattan.

Now I submit one which, while not traveling such long distances, is a bit more unusual. It is the roller-skating and skating club between Manhattan Island and the Jersey shore. It operates a freight ferry, crafts which are not used to carry passengers, but they can carry any wheeled vehicle which is transporting some sort of commodity.

The town has suddenly gone Flaminio mad since Rosarillo de Triana brought her dancing and catering and during into that city of Spanish colomata here, El Ohio. Like the rhumba several years ago Flaminio is entirely unbecomingly and I am loath to see Rosarillo de Triana and her Flaminios.

With The Wind

CHIEF OFFICER WILLIAM F. HARMES (above), master of the liner Moro Castle as they brought the death to more than 100 of its passengers, told the government inquiry in New York he suspected the blaze was set by an individual. "Someone set it," he testified.

"Will the senorita be in this country long?" I asked in Spanish if, who can speak Spanish as well as the accented English of the Moro Castle. "Quite a while," he shrugged his shoulders. "We have just come from my way back to Spain. But, perhaps the senorita falls in love we may be here longer."

"The senorita wants to fall in love?" I ventured. "She would like to," he said again. "One must live, one must love, one must die. That is fate."

EDEN HIGH GRADUATES LEAVE FOR COLLEGES

EDEN, Sept. 15—Former Eden high school graduates who are seeking higher education have been leaving the past few days for the colleges of the west. The University of Idaho at Moscow is the choice of four boys of the 1934 senior class.

San Francisco Bay is dotted with these days with sailboats and small, which become the little northwesterners which blow in the fall. Here's the schedule for the wind—(P) Photo.

Guiding Your Child

By ALICE CLARIBEE RICHMOND

GROWTH OF LANGUAGE: "Coo," "Ooo," "Ara ara" being some of the first sounds which the language of youngsters learning to speak seem like a strange jargon of ready-made phrases strung together.

There is no use in trying to rigid the language of youngsters. It is better to make them speak correct English. In point of fact, language grows and is kept alive by the use of the same and colloquialisms of one generation being incorporated in the speech of the next.

A certain amount of slang does not hurt speech, but may well increase its force and make it more vivid. The thing to guard against is the importation of slang. When a child uses an expression or phrase to the exclusion of all other ways of expressing the same meaning, he is limiting himself and dulling the language.

The only way to combat the tendency is to make the child aware of it. When he has begun to use the same phrase from six to 10 times every day, show him how dull and humdrum the phrase has become. Suggest some other words which will do as well, and encourage him to enrich his speech by avoiding repetition.

In this way, the child's interest in language may be aroused and he will gradually learn to vary it and enrich it with additions; whereas constant repetition and correction of his use of slang will only cause him to resist and to incline him to a greater and more extravagant use of the forbidden phrases.

Parents who occasionally indulge in using themselves can handle the matter more easily than those who seek to the three rules of conduct. If the latter be followed, the investigation might reveal the fact that some of their most elegant children are being ruined upon as vulgarly colloquial.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all our many friends who were so kind to us during our recent bereavement, and also for the beautiful floral offerings.

### NRA COMPLIANCE DIRECTOR VISITS

Idaho—Business—Men Come in for Praise by Code Authorities

On a tour of southern Idaho visiting code authorities, the compliance director, W. T. Lockwood of Boise, state NRA compliance director, and H. P. Sullivan arrived in Twin Falls yesterday for an overnight visit.

The compliance director paid a high compliment to Idaho business men, stating that through their adherence to code provisions forcing shorter work hours, unemployment in Idaho had been reduced materially. There was little or no indication of a disposition among Idaho business men to regard the code minimums as the maximum.

In this connection he said complaints in regard to labor and wages under the NRA codes are to be sent direct to the compliance director's office in Boise, and are not to be submitted to local authorities.

### CASSIA COUNTY HAS IERA IMPROVEMENTS

BURLEY, Sept. 17 — During the past week 344 men worked under IERA supervision, producing a total of 9,239 man-hours, in Cassia county. The projects included making and repairing work on the high school and laying new water mains in Burley. Other school work included the building repairs and reconditioning of buildings and grounds in Declo, Elgin, and the Declo country was reclassified. Work on river levees was done in the Rat River country and NIA, and on the road from Idaho to Hogler.

Satisfactory drought relief operations were carried on in the Oakley district. Plans and specifications included the clearing of water channels of brush, rocks and debris, increasing the flow of water on the average about 100 per cent. The ordinary case is cited at the IERA office with reference to an Albion project, where the flow of water was increased from 18 inches to 63 inches. In these cases, the increase seems to be permanent.

### OFFICERS NAMED AT OAKLEY HIGH SCHOOL

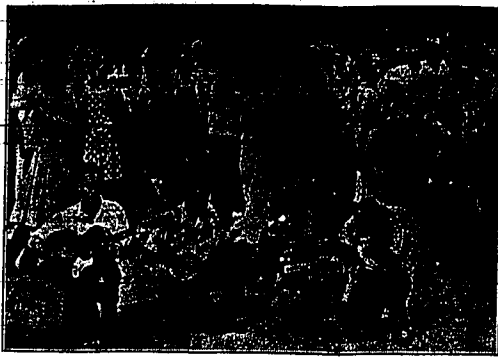

OAKLEY, Sept. 17 — The following officers were elected in the Oakley high school this week: Benj. Peterson, business manager; president, Wilson Dahlquist; secretary and treasurer, Glen Elison; boys' representative, Dennis Farnsworth; girls' athletic manager, Jim Lewis.

Senior president, Wayne Frey; vice president, Marjorie Peterson; secretary and treasurer, Jack Erickson; girls' representative, Cleo Baker; boys' athletic manager, Ray Mohrman.

Sophomores' president, Rod Corning; vice president, Mark Peterson; secretary and treasurer, Bron Robinson; girls' league representative, Hazel Blunt; boys' athletic manager, Ora Larson.

Freshmen president, Max Dayley; vice president, Mary Martin; secretary and treasurer, Laetna Butler; girls' league representative, Hazel Blunt; boys' athletic manager, David Clark.

### 'Admission By Picket' To This Dancing Party!

'MIGHT as well enjoy ourselves while picketing,' reasoned those pickets at the Clark thrill mill near Austell, Georgia, so they got a string orchestra to furnish the music and they danced in the streets at the mill entrance, blocking the way of persons wishing to go to work. Autos containing non-striking workers were halted in defiance of armed mill guards.—(P) Photo.

### Idaho Tomorrow

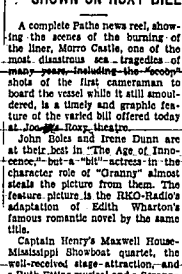

Gary Cooper and Tom Crawford appearing in "Today We Live" with Franchot Tone and Robert Young. Coming to the Idaho theatre tomorrow at Wednesday-Thursday prices.

### Showing Last Times

Frank Morgan (above) as "The Duke of Florence" in "The Affairs of Cellini" which closes its engagement at the Orpheum tonight. This brilliant comedy starring Fredric March and Constance Bennett is made even more thoroughly entertaining by Frank Morgan's great comedy role.

### MORRO CASTLE FIRING SHOWN ON ROXY BILL

A complete Pathé news reel, showing the scene of the burning of the liner, Morro Castle, one of the most disastrous sea tragedies of modern times, including the death of the first cameraman to board the vessel while it still smoldered, is a timely and graphic feature of the varied bill offered today at the Orpheum.

### ADMITTED TO HOSPITAL

BURLEY, Sept. 17 — Mrs. J. R. Pories, of Oakley, was admitted to the Cottage hospital for a minor operation Wednesday. Mrs. Pories and infant daughter left the hospital Thursday for their home in Oakley. Mrs. Pories and her baby daughter left the Cottage hospital Sunday for their home in Burley.

Mrs. M. Gard, who has been seriously ill at the Fremont hospital for the past two weeks with liver troubles and complications is reported as slightly improved.

### Legless Beggar Has New York, House, Money

NEW YORK, Sept. 17 (AP)—Magistrate Abrello in Yorkville court today suspended sentence on a legless beggar whom a probation report accused of passing off: An \$800 house in the Bronx.

Three roomers, each of whom paid \$2 a month rent.

A son earning \$18 a week.

An automobile.

The accused, Michael Bertero, 43, who admitted "wandering around crowded subway seeking alms, said he gained all his worldly goods as a mechanic before he lost his legs in an accident.

### BIRTHS AT JEROME

JEROME, Sept. 17 — Births of three boys and two girls during the past two weeks was reported today by Dr. C. Zoller, obstetrician of vital statistics of Jerome county. The births are:

September 6, to Mr. and Mrs. Stanley DeLapp, a son; September 8, to Mr. and Mrs. Dean M. Olsen, a daughter; September 11, to Mr. and Mrs. Chris Hammer, a son; September 12, to Mr. and Mrs. David Casto, a son; and September 12, to Mr. and Mrs. Darrell Pigeay, a daughter.

### ESPECIALLY FOR THE STUDEBAKER

There may not be a blizzard next week. But then again, there may. You can't tell what Old Man Winter has up his sleeve. That's why it's wise to get your car protected by the Studebaker.

Look up your dealer's chart and see just how little it costs to give yourself the satisfaction of dependable insurance protection against frost-freezes-up. Haven't these been important Eveready Prestone advantages? No frost-up. No odor. No damage to car finish. Protection against rust.

The makers of the Studebaker approve Eveready Prestone. It's all 100% Prestone—no water. One shot lasts till Spring. Won't damage the car finish. Don't confuse with alcohol or glycerine.

Based on a twenty-year average, freezing weather reaches Twin Falls about October-1st.

### Deciding Vote Cast By Referee Donovan After Furious Fight

#### Majority Of Experts Around Ringside Believe Little-Barney-Ross At Least Earned Draw

By EDWARD J. NEIL (Associated Press Staff Writer)

MADISON SQUARE GARDEN, BOWLING, Sept. 17.—Jimmy McLarnin, 146½, greatest Irish warrior of his day, climbed back on his welterweight throne tonight, battering back the savage gameness of little Barney Ross, 147½, his one-time conqueror, in 16 fierce, controversial rounds.

He came back on as he left the throne room three months ago—by a split decision of two judges and a referee—amid a storm of boos of protest that flooded down on the ring like the rain that forced four postponements of the battle over the past seven days.

Experts call it a draw.

It seemed to a majority of the experts around the ringside that the fight was a draw, about 25,000 filling under a dark, heavy, first man ever to hold both the lightweight and welterweight titles, at least in the deciding deal that shifted first in one direction, then in the other, three back and forth through the entire fifteen rounds.

There were no knockdowns, as the Irishman's right hand seemed to be completely closed, his nose-bleeding blood, his lips split, slipped twice in the tenth from their sockets. He never went all the way down either time—Ross taking more of the Irishman's right hand than any other warrior ever did and survived, was equally battered, with his nose split, his lips split, his right cut and his lips as badly cut as McLarnin's.

### CHAMPION

JIMMY McLARNIN

### The Fight By Rounds

By EDWARD J. NEIL (Associated Press Staff Writer)

MADISON SQUARE GARDEN, BOWLING, Sept. 17.—The round-by-round account of the Jimmy McLarnin-Barney Ross, welterweight title fight here tonight follows:

#### Round One

The main event saw each other in the opening round. McLarnin, coming out of the ring with a new look, was the first to strike, landing a right hand to the head of Ross. The battle was so close that the referee called the fight a draw. Ross landed a left hand to the head of McLarnin, but McLarnin's right hand was too strong for Ross. The fight was a draw.

#### Round Two

Both of the men were off their heads around the ringside, 10 to 10. McLarnin landed a right hand to the head of Ross, but Ross landed a left hand to the head of McLarnin. The fight was a draw.

#### Round Three

Continuing, McLarnin dropped a left hand to the head of Ross, but Ross landed a right hand to the head of McLarnin. The fight was a draw.

#### Round Four

Both of the men were off their heads around the ringside, 10 to 10. McLarnin landed a right hand to the head of Ross, but Ross landed a left hand to the head of McLarnin. The fight was a draw.

#### Round Five

McLarnin landed a right hand to the head of Ross, but Ross landed a left hand to the head of McLarnin. The fight was a draw.

### Rosenbloom and Wolgast Shorn Of Ring Titles

#### National Boxing Association Criticizes Light-Heavyweight's Tactics and Lists Fighters' Ratings

TORONTO, Sept. 17 (AP)—Two world champions were shorn of their titles by the National Boxing Association today.

The detested fighters are Max Baer, heavyweight, and Jackie Brown, king of the flyweights.

The convention criticized Rosenbloom's "admirable" and "criticizing" opponents in the ring.

Wolgast was ousted for an alleged assault on a referee.

Jackie Brown, the English flyweight, was ruled out for his behavior during a recent bout in Great Britain.

The ruling against the two fighters does not affect their standing in the United States, Canada and other states not affiliated with the National Boxing Association.

Almost 100 delegates from 18 American states and the Canadian provinces of Ontario and Quebec met in Toronto today.

Following are N. B. A. ratings for 1934:

Heavyweight—Champion, Max Baer; contender, James J. Braddock; Primo-Carner, King Levinsky; Tommy Loughran.

Light-heavyweight—Declared open, Rosenbloom (ineligible); Tony Shamo; Joe Knight; Al Celler; Louis Brown; Jimmy Braddock; Middleweight—Champion, Teddy Yarosh; Young Corbett; Young Shubert; contender, Fred Steele; Fred Henneberry; Vince Dundee.

Welterweight—Champion, Jimmy McLarnin; contender, Tony Barr; light-flyweight, Tony Barr; flyweight, Barney Ross; Harry Duhinsky; Franky Britt; Tony Leo.

Superweight—Champion, Barney Ross; young Peter Jackson; Lou Ambers; Wesley Ramey; Paris Apice; contender, Max Baer.

Featherweight—Champion, Freddie Miller; contender, Baby Armiendo; Leo Rock; contender, Hel Taitel.

Bantamweight—Open for champion; Sixto Escobar; Darkie Blanton; Young Cavanaugh; Young Tommy; contender, Young Tommy.

Welterweight—Champion, Jimmy McLarnin; contender, Tony Barr; contender, Tony Barr.

### Rating the RIVALS

CHARLEY GEHRING and HUGHIE CRITZ

Editor's note: This is the second of a series of articles comparing the New York Giants and Detroit Tigers. In this article the second basemen are discussed.

By JAMES B. BESTON (Associated Press Sports Editor)

NEW YORK, Sept. 17 (AP)—Hughie Critz, whose speed and ability on a baseball diamond are remarkably similar to those of the late, great Ty Cobb, is celebrating his 34th birthday September 17, in nevertheless generally believed to be inferior to Charley Gehring of Detroit, who is perhaps the best second baseman in the business today.

Next to Manager Mickey Cochrane and Sporting News, Charley Gehring is the hero of Detroit. He is a ball player's player, who has been appreciated by the crowd because he lacks the fire which attracts attention. Critz, in contrast, can be counted on for one great play a game and is almost certain to be one of the defensive heroes of the series. High strung and superstitious, Hughie gathers pebbles on the infield during plays, never starts an inning without a pinch-hitter and putting it down.

Critz's real value is not revealed in his 348 percentage of errors not included in the average.

Gehring may even outthrow Critz.

### Endeavour Wins Over Rambow in First Cup Race

#### T. O. M. Sopwith's Yacht Administers Unexpected Beating to Harold S. Vandertill's Defender

NEWPORT, R. I., Sept. 17 (AP)—In one of the swiftest and most dramatic races ever staged for the famous America's cup, the big blue challenger from England, T. O. M. Sopwith's Endeavour, evened out a procession of sail-holding difficulties today and administered an unexpected but decisive beating to the defending ship—Harold S. Vandertill's Rainbow.

Endeavour demonstrated conclusively that she is a superior heavy weather craft, completely reversed her sorry showing in Saturday's difficult match that wound up in a "no contest," and today was one up in the first conclusive test of the 1934 series.

Speed Before End Wind Endeavour's margin of victory at the finish was nearly a half mile, exactly two minutes and nine seconds in time; as the challenger came from behind to capitalize her advantage before a wind that shifted from a brisk 14-knots to about 13.1 at the finish.

The winner's elapsed time of three hours, 43 minutes, 42 seconds, was approximately 10 minutes short of the America's cup record for a similar course, despite the fact both boats surpassed the former mark for a 15-mile "trial" race run with a stiffer breeze blowing. Rainbow's time was 3:46:50.

The race tomorrow will be over a 30-mile triangular course, with the start at 10:40 a. m. (E. S. T.).

### Ruth Comments On Pennant Race

#### Babe, Limping Badly, Says 'Nothing But Miracle' Can Stop Tigers

DETROIT, Sept. 17 (AP)—Babe Ruth today said the American league pennant to the Detroit Tigers, as the Yankees opened a four-game series here.

"I guess the fans are in," said the Babe in an interview. "Nothing but a miracle can stop them now."

Ruth, limping badly, said it would be the biggest miracle in baseball if the Yankees overcame Detroit's lead and a half game lead.

"Maybe I'll be out for the rest of the season," said the Babe. "I've had a charity horse in my left leg for some time. Sunday I went to pinch hit and I tore the charity horse open again."

### 3-0 Triumph Boosts Tiger Margin To Six And One-Half Games

#### Alvin Crowder Limits Gothamites To Half-Dozen Scattered Hits; Leaders Pound Gomez

DETROIT, Sept. 17 (AP)—Alvin Crowder, veteran Washington cast-off, today shut out the New York Yankees with six scattered hits as the league leading Detroit Tigers took the first of their four-game engagement, 3 to 0 to increase their advantage to six and one-half games.

Crowder, pitching the second complete game he has turned in since joining the Tigers two months ago, worked smoothly and without a tight situation.

The Tigers closed their last series with a 3-0 victory over the Yankees' hits were infield blows, while an other Tiger, Lefty Grove, scribbled down in the sixth, was a fly ball into the center field.

Alvin Crowder, who has given up only one run in 10 games, advanced to third on Gehring's infield hit and scored when Grove dropped a single in center. The second Detroit run was fashioned in the third on a double by Charley Gehring, a double steal and forced in the third on a walk.

Gomez gave the Yankees a run in the fourth on a walk and a walk tied the bases. Another run scored in time to force forward double home.

### Salt Lake Champs Beat Burley Nine

IDAHO—Tittus Holders Lose to Wasatch Oilers by 4 to 3 Score

DUMKIRK, Sept. 17 (AP)—Burley diamond article closed their season here Sunday when they dropped a 4 to 3 decision to the Wasatch Oilers.

Clayton Starnes, champion of the Salt Lake City league. The Oilers broke up the battle in the final frame when they put over the winning run.

### Senators 13, Indians 6

CLEVELAND, Sept. 17 (AP)—With only three regulars in the lineup and with an 18-year-old stand-out rookie, four pitchers by credit, the Senators today thrashed the Cleveland Indians 13 to 6 in the opener of a five-game series.

Bumpane's error ranks, held the Indians to eight hits, including Earl Averill's 28th home run of the year since another four-run homer by Charlie Gehringer.

Bob Wetland, Wetland's circuit ball was the first he has hit in six years for the American league.

Wetland's first baseman, led the Senators' attack on Cleveland, where he has been in Cleveland since 1928.

Wetland, who has pitched with five hits in six trips to the plate, among them a triple and a double.

Score by innings: R. H. E.  
Senators—5 0 1 0 0 0 0 8 4  
Indians—0 0 0 0 0 0 0 6 1

### Hansen Takes 10-5 Win Over Kimberly

KIMBERLY, Sept. 17 (AP)—In a knockout exhibition baseball game here Sunday, Hansen outpitched Kimberly to the tune of a 10 to 5 score.

Hansen, who showed amazing aptitude in hitting the ball and had an easy time with the offerings of Chandler, Kimberly threw the first pitch.

Hansen held down the mound for Hansen and Miller caught. Paul was behind the bat for Kimberly.

### Red Sox 3, Browns 0

ST. LOUIS, Sept. 17 (AP)—Grove, rockett, recent southpaw pitcher from Kansas City, pitched shutout ball here today, gave the Red Sox a 3 to 0 victory over the Browns.

The first hit of the rookie came in the eighth inning, a single by Stan Hack.

The second, another in the third, and the final tally in the fourth. Johnson singled R. Groves, who had doubled, home the score.

R. Johnson's triple scored Bishop in the third, and Bishop counted again in the fifth on a double.

### TWIN FALLS MAN'S CAST TAKES TITLE

#### Bassett Wins Intermountain Association's Championship Event in Utah

BAIT LAKE CITY, Sept. 17 (AP)—L. R. Bassett, Twin Falls, Idaho, won the national championship of the Intermountain Larcers' association, held here today in the annual competition here yesterday with a cast of 87 feet, and with two other contestants won the team event.

Bassett is well known among fly-casters of the Intermountain region. He has been "in the money" at all contests held in the vicinity of Twin Falls in recent years and took first place in the contest held here at the recent Fourth of July celebration.

Bassett captured championship on two occasions, in 1930 and 1931, and took second money at the contest held in conjunction with the Stone-Isaac Pioneer celebration in 1932.

### EAST-WEST POLO GAME SCHEDULED

NEW YORK, Sept. 17 (AP)—The United States polo association today announced that the first game of the East-West inter-sectional series would be played Wednesday in International field, the Meadow Brook club, Long Island, when there was further rain.

### NRA COMPLIANCE DIRECTOR VISITS

#### Idaho Business Men Come In for Praise by Code Authorities

On a tour of southern Idaho visiting code authorities, chambers of commerce and others interested in NRA codes and their enforcement, W. T. Lockwood of Boise, state NRA compliance director, and H. B. Sullivan arrived in Twin Falls yesterday for an overnight visit.

The compliance director paid a high compliment to Idaho business men, stating that through their adherence to code provisions forcing shorter work hours, unemployment in Idaho had been reduced materially. There was little or no indication of a disposition to force Idaho business men to regard the code minimum as the maximum wage.

In this connection he will complainants in regard to labor and wages under the NRA codes are to be sent down to the state office in Boise, and are not to be permitted to local authorities.

### CASSIA COUNTY HAS TERRA IMPROVEMENTS

BURLEY, Sept. 17 — During the past week 354 men worked under NRA supervision, putting in a total of 209 per cent. An extraordinary case is cited at the IERA office with reference to an Albion project, where the flow of water on the average was increased from 15 inches to 63 inches. In these cases, the increase seems to be permanent.

### OFFICERS NAMED AT OAKLEY HIGH SCHOOL

OAKLEY, Sept. 17 — The following officers were elected in the Oakley high school this week: Secretary, William Hunter; secretary, Winona Dahlquist; secretary and treasurer, Glen Elson; vice president, Doris Hahn; girls' representative, Marie Johnson; boys' athletic manager, Jim Lewis; junior president, Wayne Boren; secretary and treasurer, Jack Erickson; girls' representative, Gino Baker; boys' athletic manager, Ray McIntyre.

Senior president, Roy Gonsky; vice president, Eric Martin; secretary and treasurer, Byron Robinson; girls' league representative, Mrs. Wilma Nelson; boys' athletic manager, Thelma Smith; girls' athletic manager, Ora Larson.

Probation president, Alvo DeJoy; vice president, Mary Martin; secretary and treasurer, LaRene Butler; girls' league representative, Hans Husted; boys' athletic manager, Ed Wild Clark.

GETS IERA POSITION  
BURLEY, Sept. 17 — Kathryn Payne, following the completion of a six-week course in social service and public health at Peoria, Ill., has been appointed aide to Mrs. Emma C. Davis, county supervisor for the IERA. Miss Payne has been designated to investigate applications for emergency aid, and report as to whether or not applicants are deserving. Her headquarters will be in Burley.

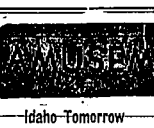

SENTENCED TO JAIL  
BURLEY, Sept. 17 — In probate court, Thomas Blanton was sentenced to jail for disturbing the peace and quiet of Mrs. Ida Stanger, Okays, his former wife, and their minor children, was sentenced to 30 days in jail. The sentence was commuted to five days in jail. Stanger is placed on probation for 30 days. The remainder of the sentence being suspended pending good behavior.

STATE CALLS FOR BIDS ON MALAD VALLEY HIGHWAY  
BOISE, Sept. 17 (AP)—The state is advertising today for bids on constructing, draining and surfacing with crushed gravel of five miles of the Malad Valley highway between Downey and Malad. The bids will be opened here October 3.

### 'Admission By Picket' To This Dancing Party!

"MIGHT as well enjoy ourselves while picketing," reasoned these pickets at the Clark thread mill near Austell, Georgia, so they got a string orchestra to furnish the music as they danced in the streets at the mill entrance, blocking the way of persons wishing to go to work. Autos containing striking workers were halted in defiance of armed mill guards.—(AP) Photo.

#### Majority Of Experts Around Ringside Believe Little Barney Ross—At Least Earned Draw

By EDWARD J. NEIL  
(Associated Press Sports Writer)

MADISON SQUARE GARDEN, BOWLING, Sept. 17—Jimmy McLarnin, 146½, greatest light welterweight fighter in the world, tonight, having beaten a big game of little Barney Ross, 140½, his one-time conqueror, in 15 fierce, controversial rounds. He came back as he left the throne room three months ago—by a split decision of two judges and a referee—but amid a storm of boos of protest that flooded down on the ring like the rain that forced four postponements of the battle over the past seven days.

Experts Call It A Draw  
It seemed to a majority of the experts around the ringside, and certainly to the small crowd of about 1,000 sitting under a dark, fog-boding sky, that little Barney, first man ever to hold both the light welter and welterweight titles, at least earned a draw in the dazzling duel that shifted first in one ear and then in the other, then back and forth again through the entire fifteen rounds.

CHAMPION  
JIMMY McLARNIN

### The Fight By Rounds

By EDWARD J. NEIL  
(Associated Press Staff Writer)

MADISON SQUARE GARDEN, BOWLING, Sept. 17—The fight between Jimmy McLarnin and Barney Ross, welterweight title fight here tonight, followed:

**Round One**—The main event was over in less than five minutes as McLarnin landed a right hand to Ross's head, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Two**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Three**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Four**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Five**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Six**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Seven**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Eight**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Nine**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Ten**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Eleven**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

**Round Twelve**—McLarnin dropped a left hook to Ross's chin, dropping him to the canvas. Ross was up in 10 seconds and the fight continued.

### Rosenbloom and Wolgast Shorn Of Ring Titles

#### National Boxing Association Criticizes Light-Heavyweight's Tactics and Lists Fighters' Ratings

By EDWARD J. NEIL  
(Associated Press Sports Writer)

TORONTO, Sept. 17 (AP)—Two world champions were shorn of their titles by the National Boxing Association today.

The convention criticized Rosenbloom's "clowning tactics" and Wolgast's tactics in the ring.

Wolgast was cited for an alleged assault on an army veteran, Jackie Brown, the English flyweight.

### Rating the Rivals

CHARLEY GEMINGER (left) and MUGNIE CRITZ (right) in a boxing match.

Editor's note: This is the second of a series of articles comparing the New York Giants and Detroit Tigers. In this article the second basemen are discussed.

By JAMES B. RESTON  
(Associated Press Sports Editor)

NEW YORK, Sept. 17 (AP)—Hughie Critz, whose speed and ability on a baseball diamond are remarkable, considering the fact that he celebrated his 34th birthday September 17, is nevertheless generally believed to be inferior to Charley Gehring of Detroit, who is perhaps the best second baseman in the business today.

Next to Manager Mickey Cochran and Schoolboy Rowe, Charley Gehring is the hero of Detroit's baseball reform.

Gehring is batting approximately 172 points higher than Critz. The Detroit boy has been hanging around the top of the American League batting column all year with a mark of around .325, while Hughie has been hovering around .250.

Gehring may even outgrow Critz.

### Endeavour Wins First Cup Race

#### T. O. M. Sopwith's Yacht Administers Unexpected Beating to Harold S. Vanderbilt's Defender

NEW YORK, N. Y., Sept. 17 (AP)—In one of the swiftest and most dramatic races ever waged for the famous America's cup, the big Swedish challenger, Endeavour, administered an unexpected and sound beating to the defending sloop, Harold S. Vanderbilt's defender.

Endeavour demonstrated conclusively that she is a speedier heavy weather craft, completely reversed her early advantage in the race, drifting back that wound up "no contest," and today was one up in the first conclusive test of the 1934.

Speeder Before Bait Wind  
Endeavour's margin of victory at the finish was nearly a half mile, though she was in the lead only in time, as the challenger came from behind to capitalize her advantage before a wind that shifted from a brisk 14 knots to about 13 at the finish.

The winner's elapsed time of three hours, 43 minutes, 42 seconds, was approximately 10 minutes short of the America's cup record for a sloop of this class, despite the fact that Endeavour was in the lead for only a 15-mile windward leg, with a "hitter" blowing down. Rainbow's time was 5:45.

The race tomorrow will be over a 30-mile triangular course, with the start at 10:40 a. m. (E. S. 7.)
