BORAH ON LIBERTY

The American Liberty League, organized with the declared purpose of preserving American liberties, has been out of the headlines lately. It comes to attention again as the result of a contribution by Senator Borah. In a speech at Geneseo, expressing his satisfaction over the organization of the League, the Senator suggests that it "broaden the scope of its crusade" so as to include "economic freedom."

"What is liberty in this twentieth century?" asks Borah. "The power to fix the price of the things I must have in order that I may live is my master, and the fact that I may enjoy free speech and read a free press do not assume the cruelty of that fact or ameliorate my servitude. The power which closes the door of opportunity to me in the business world leaves me cold to panegyrics about liberty."

"The monopoly which crushes my small business and sends my family to the bread lines takes away all my enthusiasm over the right of trial by jury. The power to exploit the weaker and more unfortunate in the economic world brings more misery to men, women and children than the denial of the right to peaceably assemble and pass resolutions."

"There is no freedom worthy of the name without economic freedom and social justice."

Any believer in American Liberty is bound to take such a statement seriously.

OPPOSING VIEWS

Kansas, on-the-basis of incomplete returns, has probably turned down the government's corn-hog programme, although Nebraska farmers endorse it and will accept it for the year to come.

Thus it appears that not all the agricultural middle west believes in the principle of curtailed production as a means of enriching the farmer although the majority favoring such programme will undoubtedly be large. Secretary Wallace declares that an abandonment of the plan would surely lead straight to overproduction next year, which brings up the question as to just what constitutes over-production.

There is the thought that as long as men are hungry and in need of food of all kinds there is not much comfort for them in the picture presented by the curtailment programme. If these same men were enabled to go to work, which must in some way or other be brought about if recovery is accomplished, overproduction would probably vanish like mist before the rising sun and the farmer would receive a fair price for the product of, not a part of his acres-but all of them.

FIGHTING AND DRILLING

The assumption that the new Italian rules for military service start soldier-making at the age of eight is not exactly true.

Italian youth, however, will start early enough—far too early from the American viewpoint—in its psychological preparations for warfare. Mussolini himself declares: "The purpose of the first stage of compulsory pre-military training (from 8 to 18) is to give boys a passion for military life through frequent contacts with the armed forces, whose warlike glories and traditions will be re-evoked."

Thus they will be mentally ready for their actual military training under the Fascist organization from 18 to 21. Then they are in the army for two years of intensive training, and afterward are obliged to keep fit for

service, and subject to military call, for 10 years longer. There will be military courses of study in all high schools and colleges. Thus Italy will be "an armed nation."

It looks as if the world of the immediate future is going to be full of armed nations, in spite of all the cry for peace. Perhaps we, too, will do our share of drilling.

We can stand the hee-hepping and gun-toting, though, better than the civilian drilling of Fascism and Hitlerism. Whatever regimentation there is, we'll want it confined to army regiments, not spread through our civil life.

BLUE KAGGLE AIMS AT PARLEY

(San Francisco Chronicle)

Now Mr. Parley is to be taken over the burden of violating the fair competition of the graphic art code.

The United States Postal Department is charged with selling printed envelopes in direct competition with private job shops. This has been an old grievance, but efforts to get the government out of the printing business have not been successful heretofore.

The Sacramento Unit of the National Publishers' Association in a formal complaint alleges that the government is underselling in violation of the code and points out that the penalty is a fine of \$500 and a six-month suspension of the privilege of doing business.

"INTERLINGUA"

(Boston Herald)

The idea of a universal language, at least 300 years old—probably much older. Described, written in 1620, believed it should be possible to create one that an uneducated person could learn in six hours to compose with the aid of a dictionary. Since then there have been numerous attempts to realize this; but no scheme, so far as is aware, has gone beyond the circle of a few enthusiasts.

One obstacle has been the difficulty of devising a vehicle to be mastered without effort. We have had Volapuk, Esperanto, Ido, Lingua, Lingua Facile, Romancel, Medieval European, Universal, Latinease and Anglo-Franca. These have been criticized on various grounds, the chief being the apparent difficulty of mastering the system.

The creators of Interlingua claim to have solved the problem. Their system is simple enough. With a little Latin, one can master it in a few hours; without Latin, it can be learned quickly from a dictionary. It is in its essence Latin without inflections. That is to say, there are no variations for case, mood or tense. This should recommend it to our future rulers; now struggling with the absolute absolutes and indirect discourses.

First of all, Interlingua adopts every word common to the languages chiefly spoken today; then, every word which exists in Latin has the form of the Latin form; finally, the suffix -a denotes the plural. Now try this: Interlingua is lingua universalis que omnes populos in modo facile et intelligibile unus-de-us deus creavit. That is to say, "Interlingua is a universal tongue that every person easily writes and understands without the use (need) of special study."

The advantages of such a medium are obvious. One might suggest that the introduction of the numerous systems get together and agree on one.

INVESTMENT RETURNS

(Chicago Star-Herald)

Reduction of earnings from invested capital is, in your belief, a serious thing to contemplate rather than a happy development that has grown out of the economic depression.

The government is smiling blantly and putting itself on the back by being able to show net savings (although not a drop in the bucket to national spending) in floating new bond issues at 3 1/2 per cent interest. And if it were to sell securities through purchase of government bonds, there is only from 2 to 3 1/2 per cent to be earned.

The result is that many people are looking once again to speculation. Speculators are going the rounds, pointing out the advantages of "liberal" 5 and 6 per cent securities or investment privileges. The 6 per cent used to be considered "safe." They attracted at one time because of their relative security. Today they attract because of their relatively handsome returns.

We want our money to flow into commercial channels, not into blue sky ventures that are made all the more attractive when legitimate and sound investments hold nothing enticing to the unchooled, normal individual who lives from his salary or other income. The era of low-interest rates, necessitated because financial institutions are fearful of lending for commercial ventures, works simply to defeat its own purpose. It is to put the end to the circle of something akin, something which the writer ventures not to be able to solve.

BREAKFAST FOOD

"I haven't any case but I have some money," said the criminal when he called on the wealthy criminal lawyer.

"How much money have you?" asked the lawyer.

"I can spare you \$100,000."

"Why, man, I will guarantee that you will never go to prison with that amount of money."

And that was true. He went there broke.

Occer—"I've about decided to get married."

Occer—"Won't it increase your expenses, too much?"

Occer—"No, I think it will reduce the size of my tires and cut my gasoline bill in two."

NEW WAY

Joe was talking his girl friend to the opera for the first time. He told her about the circus and the correct time to get like an every-week attendant.

"Have you ever tried listening to the opera with your eyes shut?" he asked his fair companion, as a particularly fine aria was sung.

A voice from over his shoulder boomed out: "Young man, have you ever tried listening to the opera with your mouth shut?"

SLIPPERY

Mistress: "Mary, the maid always seems dirty."

Mary: "She has three sons, my num."

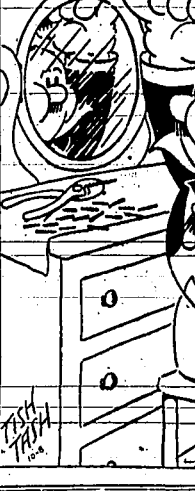

Teacher: "Mention 12 animals of the polar regions."

Johnnie: "Two seals and 10 polar bears."

ANALYSIS. Uncle Sam is just about ready to put a finger on Kingfish Huey Long, ex-Publisher of Louisiana, alleging income tax evasion. The amount involved will total several hundred thousand dollars, according to a number of sources.

Agencies have been working diligently for many months. The case should be completed and ready for presentation before Congress convenes.

That the Bureau of Internal Revenue has been after Long for some time has been reported often. Investigators first began probing the domestic Senator's receipts and expenditures back in the closing days of the Hoover administration. There were many rumors at the time that suit would be filed against him, but they came to naught. Many observers speculated that action had been withheld because it would be construed as political persecution. The Kingfisher alleged as much on several occasions after the first rumors broke.

But with the changes of administration to his own party, the investigation of Long's personal financial affairs instead of being shelved was pushed with renewed vigor.

Undercover men have spent tedious months following down leads. Their progress, though slow, has been steady. It is reported publicly that his work is about at an end.

ALABAMA. The New Deal's attitude toward the Progressive who supported Mr. Roosevelt in 1932 and who are now up-for-re-election crystallized recently in the case of Senator F. H. McRae.

McRae has given the second and personally appointed Senators H. Johnson of California and Bob La Follette of Wisconsin. These two were taken into camp some time ago.

With Senator Henrik Shipstead, Minnesota Farmer-Laborite, the administration played both ends to the middle. The President, through the state in August, he gave rides to both Shipstead and Elmer Anderson, the Democratic candidate for his seat.

That leaves Senator Thompson Cutting, the Progressive Republican from New Mexico who was a close associate of the President's. The Democrats were a bit worried about this case but finally decided to leave him to the wolves. His agitation for the bonus last season made matters easier.

TAXES. Politicians are talking again of inflation. Democratic members of the House Ways and Means Committee and the Senate Finance Committee are right up against the necessity of raising tax rates. The House Committee can't find the need. House, but it's still ahead with a tax bill just the same.

Experts of the House and Senate Appropriations committees have been asked how much Congress authorized at the last session. It amounted to \$9,600,000,000. That's a lot of money.

Democrats admit privately to their Republican colleagues that "this thing can't go on."

AUTHOR. Secretary of Interior Charles McNair told of that view which all budding authors feel about the time their first copy comes off the press.

The Cabinet officers say, "The New Democracy," as first listed in this column, will be out of the end of this month. It is a book by Herbert Hoover's "The Challenge to Liberty."

It has been confided to friends that the book takes but may two months. One would deal with the all problem, and as he is an authority on "hot oil" it might be worth a read.

NEWS IN TWIN FALLS

Taken From the Twin Falls News Files

29 Years Ago 16 Years Ago

OCTOBER 6, 1905 OCTOBER 7, 1918

CELEBRATE TOO SOON

One day after the Twin Falls was destroyed by the great fire, it was not so long ago. In the midst of a pouring rain which fell at intervals all night long hundreds of people paraded the streets armed with every sort of noise-making machine imaginable, including an occasional six-gun. A horn or two sounded, men and women cheered, shook hands with each other. Many believed that the German army had surrounded them, others that Germany had been defeated. The celebration was a mood to celebrate.

TRAIN AS STUDENTS

The local board has issued orders inducing into the students army training camp at Fort Belvoir, Ill., University, William Frederick Lerner, Raymond Butler and Vernon Starkey, who were registered at that institution. Robert Vaughn Edwards, a member of the local board, was in charge of the University of Washington, Seattle.

FLOWER BOOTH FEATURE

The flower booth in the women's building at the county fair, under the management of the Red Cross, was a feature of the fair. The booth was in demand and with a ready sale. Mrs. Kennedy Packard, Mrs. H. W. Wilson and Mrs. W. J. Edwards were in charge. The booth was turned over to the Belgian Relief fund.

SYNOD MEETS HERE

Presbyterians of southern Idaho have their annual rally at the synod of Idaho holds its tenth meeting at the Twin Falls Hotel. The synod was held from October 6 to 10. The synod was held at the Twin Falls Hotel. The synod was held at the Twin Falls Hotel.

BACK FROM CONVENTION

Rev. J. M. Smith, pastor of the First Methodist Episcopal church of San Francisco, who has been named as the successor in the pulpit of the late Rev. J. H. Barton, Boise, Rev. Hugh W. Rankin, Pocatello; President W. J. Boone of the College of Idaho, and Rev. Edward J. Murphy, Boise, as speakers.

ACCEPT PASTORATE

Rev. J. M. Smith, pastor of the First Methodist Episcopal church of San Francisco, who has been named as the successor in the pulpit of the late Rev. J. H. Barton, Boise, Rev. Hugh W. Rankin, Pocatello; President W. J. Boone of the College of Idaho, and Rev. Edward J. Murphy, Boise, as speakers.

JUDGE HUGH BAKER ADDRESSES GRANGE

RUPERT, Oct. 6.—Special guest speaker for Rupert Grange booster night, Judge Hugh A. Baker addressed an open grange meeting at the Christian church Friday night speaking by request on "The Proposed Power Contract," going into detail of explanation.

Judge Baker advised the company of several hundred grangers to acquiesce to whatever decision in regard to the proposed contract with the government until the actual contract had been submitted for consideration and an opportunity given for the contract to be made and understood.

Luke Williams, master of Pomona grange and a member of Rupert grange, introduced Judge Baker and gave also a review of an address by National Grange Master Thayer.

Preliminary to the address of the evening, a short program of music and readings was presented under direction of Mrs. L. P. Canaday. Numbers were given by Virgil Mayes; character song, Nile and Niles Gorenson; humorous reading, Mrs. Clyde Randolph; vocal trio, Mary Lou Adamson, Billie Adamson and Lorraine Bradford; song solo and whistling chorus, Mrs. Fred Schuchman.

At the close of the program the company was invited by Rupert grange to spend a social hour at grange annex where coffee and doughnuts were served by the committee headed by Mrs. Luke Williams.

NIGHT CLASSES BEGIN AT RUPERT IERA SCHOOL

RUPERT, Oct. 6.—With an average attendance of 25 students the first week of the IERA night school for commercial instruction under supervision and teaching of Mrs. W. C. Mitchell closed a successful week Friday night, classes being at work in typing, shorthand and bookkeeping.

While more women than men are enrolled, there are a number of men taking the work in bookkeeping. Much interest is being shown in the work and the students are showing both zeal and ability. It was stated by Mrs. Mitchell, Saturday morning.

County Supt. Bertha Nating, committee member in charge of supervision of the school is operating the classes Wednesday night speaking on the purpose and aims of the work. The school is being held in the commercial room of Rupert high school and is in session the nights each week from 7 o'clock to 10 o'clock.

BURLEY MAN CHARGED WITH DRUNK DRIVING

BURLEY, Oct. 6.—Leonard Drussel has been placed under \$100 bond by Probate Judge Henry W. Tucker for appearance Monday to answer to a charge of driving an automobile while under the influence of liquor. It is charged that Drussel passed a stop sign and collided with a truck driven by H. P. Lloyd, Albion. The truck, loaded with firewood, was overturned and badly damaged. Passengers driving with Drussel, Gene Drussel a brother, and Vic Karla were injured. Gene Drussel sustaining a dangerous cut in his neck which confined him to a hospital.

Drussel, who is confined in jail, charged with forgery of the name of Harry Goodman, Oakley. He waived preliminary hearing and is being held to district court.

BURLEY TO COMPLETE WATER PIPE SYSTEM

BURLEY, Oct. 6.—Bids will be invited by the city of Burley for two carloads of water pipe, 12 and 14 inches diameter, for completion of the high pressure water system on the south side of the railroad track. With the finishing of the high pressure system, there will also be completion of a low pressure system for delivery of irrigation water.

Cash is being paid for the pipe.

COLORS 'ENLARGE' A ROOM Blue Gives Illusion Of Size—Relieved By White

Blue walls and white draperies are interesting notes.

(Prepared by The Decorators Club of New York for The News)

A small room converted into a distinctive sitting room is shown above, and while the furnishings are primarily of a traditional type, the color scheme gives it a definitely contemporary feeling.

The walls are a deep, soft blue, which gives an impression of greater size to the room, since blue is a "receding" color. The ceiling and draperies of white relieve the darkness as do the accents of white provided by the sofa, marble table tops,

by the city, and IERA work is doing the installing. Old wooden water mains, originally furnishing domestic water for the entire city, are being unearthed and relaid at not a great depth, and water is being run through these mains for irrigation purposes. With the laying of the pipe carloads contemplated the principal carloads and business district of the city will be entirely served by the high-pressure system of iron mains.

FILER WOMEN'S CLUB TO HEAR TRAVEL TALK

FILER, Oct. 6.—The Filer Women's club will hold a regular meeting Wednesday, October 10, at 8:30 p.m. Mrs. Fred Pray will give a travel talk on "Touring the United States." Hostesses are Mesdames J. D. Cooper, C. E. Fox, F. A. Dwight and Miss Dancy Telford.

Mr. and Mrs. John Landholm left Thursday for Chicago to attend the Century of Progress fair.

Harry Riebel accompanied a car of cattle leaving Thursday for Chicago, and will visit the Century of Progress exposition.

Mrs. G. P. DeKlois entertained her bridge club Thursday afternoon at her home with Mrs. Ed Vincent as a guest. Mrs. Clifford Johnson received high score. Mrs. Charles Reichenb second high and Mrs. Earl Murray low.

Mrs. A. E. Scholten entertained at a bridge luncheon Thursday at her home for Mesdames J. L. Edwards, C. W. Cam and C. W. Potter. The appointments for the luncheon table were amber, orange and black. Filer chapter A.H. P. E. O. met Friday afternoon with Mrs. W. M. Bunch.

SHOSHONE COUPLE'S MARRIAGE ANNOUNCED

SHOSHONE, Oct. 5.—The announcement has been made of the marriage of Miss Doris E. Layne, to Edward Theodore Mullica, both of Shoshone. The marriage took place at Gooding on September 22, Rev. Beasley of the Baptist church performing the ceremony.

The bride is a daughter of Mr. and Mrs. J. L. Layne, who are well known in the community. The groom is a son of Mr. and Mrs. E. J. Mullica, also well known. The couple will reside in Shoshone.

The wedding was a simple affair, with only close relatives and friends in attendance. The ceremony was performed by Rev. Beasley, and the couple were pronounced man and wife.

The bride wore a beautiful white gown, and the groom wore a dark suit. The ceremony was held in the Shoshone Baptist church, and the couple were given away by their parents.

The wedding reception was held at the home of the bride's parents. There was a large gathering of guests, and the evening was spent in a pleasant and enjoyable manner.

The couple are both employed in Shoshone. The bride is a teacher, and the groom is a farmer. They are both very popular in the community, and their marriage is a source of much joy to their families and friends.

The wedding was a very successful one, and the couple are now happily married. They are both looking forward to a bright and prosperous future together.

RUPERT WOMEN'S CLUB ENTERS ON NEW YEAR

RUPERT, Oct. 6.—Rupert Women's club resumed meetings Thursday afternoon following the summer vacation. Mrs. L. K. Kossay was hostess. Mrs. D. H. Gregory, president, assumed the duties of her office and was in charge of the meeting with Mrs. Virgil King, secretary. Between 25 and 30 club members were present.

James Miller, returned missionary for the L. D. S. church, was special guest speaker, giving an interesting account of his journey in New Zealand, telling in an entertaining style the customs of the people and describing the scenic beauties of the country.

Mrs. A. E. Johnson, club member, gave an able book review. "Old Judge Pickett," by Irvin S. Cobb. Bob Murphy, Rupert high school student, accompanied by George Castelli, music director of Rupert high school rendered a saxophone solo.

The next meeting of the club will be October 18 with President Raymond Snyder of the Albion State Normal to furnish the program. The meeting will be a tea at the home of Mrs. L. C. Haynes.

Gooding county recorder reported 11 marriage licenses issued and three divorce decrees granted here during September.

WEDDINGS AT GOODING

GOODING, Oct. 6.—Florence Alberta Elliott of Emmett and Kinsey Kiny Biepp of Gooding were married here last Saturday by Bishop Clarence Olson. Mr. Biepp is the son of Mrs. Ray Dawson.

On September 26 Lorna P. Craig of Jacobs and Stanley McJanouse of H. man were married here by Rev. H. E. Simmons of the Episcopal church.

FOR PROPERTY
OWNERS THROUGH
THE FEDERAL
HOUSING ACT

COLORS VITAL POINT IN INTERIOR DESIGN

Rooms Should Be Decorated
In Unobtrusive Fashion
With Harmonious Blending

Walls, ceilings and doors should be "seen and not heard." The background of a room should be treated with the idea of making the entire room beautiful by blending the different colors and finishes. They should never be decorated in such a manner that they call attention to themselves.

Just as Nature gives us, in the out-of-doors, green bushes and green for a floor, the medium tones of shrubbery and trees for a ceiling, so the deepest value indoors should be the floor and the lightest the ceiling, with walls a happy medium.

Rooms Should Blend

Rugs and carpets can be rich in color and texture, but it is essential that they blend or contrast with the walls and drapes. For best effect, rugs should be placed to follow the structural lines of the room and not thrown about hither-thither. Scatter rugs, contrary to their name, are not to be scattered aimlessly. They are more useful and attractive when placed in front of the fireplace or a large piece of furniture, where they will best "tie in" as a definite part of the scheme.

Since walls are more prominent than any other part of the background, they receive extensive care in handling. An infinite variety of treatments available in both color

LABOR COSTS LOW, SAYS BUILDERS' HEAD

Head of Contractors' Group
Holds Public's Cooperation
Will Determine Program's Success

The general public must cooperate with the government if the Better Housing Program is to stimulate the spectrum make a room appear cooler and larger.

Any color becomes warm when red or yellow is added to it, and cool when blue is applied. Thus yellow-green is warm and blue-green is cool, and an orange-yellow is warm while a green-yellow is cool.

business to the extent of national recovery, according to N. P. Helmers, president of the Associated General Contractors of America.

"There must be a revival in the capital goods industries," Mr. Helmers said in a statement commending the modernization movement, "in order to successfully promote real recovery. To this end, the entire public must become 'modernization-minded.' In times of retrenchment, the average householder immediately cuts off expenditures, such as upkeep, renovation, and above all, modernization of his property. The minute he does this, he automatically forces others out of employment."

"When the average man can be sold on the idea that it will be his own good to spend a real amount

of money on his home, we are indeed on the upgrade."

The public should be made to realize, Mr. Helmers pointed out, that materials can now be purchased at reasonable prices, that labor is obtainable on a reasonable wage scale and that the certainty of better times ahead make it safe for most people to assume obligations in the form of easy modernization credit.

In assuring the Federal Housing Administration of the support of the Associated General Contractors, Mr. Helmers said:

"I believe that our entire membership realizes fully that when your program is in full swing, it will do more to revitalize general construction and national recovery than any other move which could be made."

IMPROVE YOUR HOME ... by all means, BUT

don't neglect to protect yourself and family with sound insurance

The National Housing Act has made millions available for improvements, and wise property owners are taking advantage of it—but all the improvements in the world will not prevent fire.

We can protect your city property for as low as \$7.00 per thousand. Come in and talk it over.

"EVERYTHING FOR THE HOME"

Modernization LOANS

It is our earnest desire to assist in the Government's Modernization Credit Plan relating to the alteration, repair and improvement of real property.

Applications for loans coming under this classification, must necessarily be considered, and will be accepted provided they individually meet the credit requirements of this bank.

It must be understood that the funds loaned by the banks on Modernization Loans are the same as on all other loans, their DEPOSITORS' FUNDS, and that there has been no special deposit by the Government with the banks for that purpose.

ALL LOANS

Many people are under the impression that the banks are unnecessarily refraining from loaning money. This is a wrong impression, as banks are desirous of building up their communities and assisting worthy individuals, and welcome applications for loans to responsible people; however, all loans made by this Bank, of whatever kind or nature, must be sound in the Bank's opinion to the end that the interests of DEPOSITORS and STOCKHOLDERS are safeguarded.

IRON FIREMAN

is easy to buy... easy to pay for
under the National Housing Act!

For Commercial Buildings
up to 300 h. p.

A national survey of this type of installation shows average annual fuel savings of 71.6% over previous fuel methods—equal to an average saving of 25.4% on the cost of fuel.

NOW you can have Iron Fireman automatic coal heating on practically your own terms. Under the National Housing Act no down payment is required. You have from one to three years to acquire ownership of the machine. Monthly payments are small. Interest rates are reasonable.

You can make no finer investment. In your home, Iron Fireman will provide all the convenience, automaticity and safety of your present fuel costs with hard-fuel coal or with automatic fuels. In your business building, factory, school, apartment or hotel, church or institution, Iron Fireman should cut fuel costs 15% to 30%—provides steady, even heat, or even—radiates firing room labor costs—eliminates the wasteful and unhealthy smoke nuisance. Installation can be quickly made in your present heating plant. The money with which to buy is available under the terms of the National Housing Act. Consult your bank for full details, or phone us for information, and for free survey of your heating plant.

For Practically Every Kind
of Home Heating Plant

Quickly installed to warm air, hot water, steam or water heating plants. A modern survey shows home owners save 25.4% average yearly fuel savings with Iron Fireman over previous methods of heating.

Frisch Selects 'Dizzy' Dean; Cards Supremely Confident

Virginia Van Wie Retains National Women's Golf Championship

'You Can't Hurt Me', St. Louis Mound Ace Declares After X-Ray Examination of Head

Tigers Gloriously Happy Over Win In Fourth Game

By CHARLES DUNKLEY
(Associated Press Staff Writer)
ST. LOUIS, Oct. 6 (AP)—The red badge of courage flared like a beacon in the fighting lineup of the St. Louis Cardinals tonight as they accepted defeat graciously and soberly reflected the close escape of their star of stars, "Dizzy" Dean.

Three Cardinals had been nearly slayed to pieces by the revelling Bengal Tiger, suffering their worst licking in a month, yet, they were grinning and supremely confident they would triumph in this end.

"We looked like we were playing for Detroit," said Pepper Martin, Cardinal third-baseman, with a big grin on his face.

Frankie Frisch, leader of the Cardinals, accepted the defeat with a smile.

"What's there to say?" he asked. "We simply got the hell beat out of us."

Dean, knocked unconscious when Billy Storer, Tiger shortstop, hit him in the head with a vicious throw when Dean came charging into second base, will pitch for the Cardinals tomorrow, according to Frisch.

Dean was taken to a hospital by Dr. Robert F. Hyland for an x-ray examination merely as a precautionary measure. He said Dean was not seriously injured and showed no ill-effects of the crushing blow except a big head-ache.

"Stars and Moons

"You can't hurt me," Dean said. "I never knew I was until I woke up on the ground. I don't see the throw again. I saw a lot of stars and moons and cats and dogs."

The victorious Tigers were gloriously happy over their triumph. Manager Mickey Cochrane, with a grin on his face as broad as a trough yesterday, dragged his weary body into the dressing room, sat down on the edge of the bed and looked at a tremendous wasp-shaped "Dizzy" he said, "these guys have started hitting at me. Well, he looks to be a lot of fun. We couldn't go on forever without scoring some runs."

Cochrane will start Tommy Bridges, the 155-pound pitching ace against the Cardinals in the fifth game of the series tomorrow.

Wyoming Phalanx Defeats B. Y. U.

Cougars Lose When Quarterback Scores for 7 to 0 Gridiron Victory

LARAMIE, Wyo., Oct. 6 (AP)—Coach Willard Dixon's new Wyoming Phalanx scored once late in the game here today and nipped the Brigham Young hawks 7 to 0 in one of the great upsets ever registered on historic Corbett field. A crowd of 2100 watched the action.

Quarterback Eddie Dunn took over the punter's attack at the start of the fourth quarter and ran yards through the Cougar line for the lone score of the day. He placed the extra.

The Whittens played safe thereafter and aided by Dixon's splendid punting, protected their lead in handsome fashion. The Cougars opened up in a brilliant attack by air, with Hart and Hubbard doing the flying but the attack fell flat as Wyoming displayed an irreparable secondary defense. Carl Dillingham kicked four passes during the game, and the majority of the rest of the piches went wild.

Purdue Gridsters Fall Before Rice

LAFAYETTE, Ind., Oct. 6 (AP)—The Grids of Rice Institute came out of the bomb today and with a fourth-quarter drive that netted two touchdowns defeated Purdue 20 to 0.

McCauley, a brilliant performer all season, scored one touchdown. A pass from Wallace Green recovered a fumble behind the Purdue goal for the other.

Colorado, Missouri Play Scoreless Tie

BOULDER, Colo., Oct. 6 (AP)—When football season began in the North stadium today went unwarmed by the football teams of universities of Missouri and Colorado and they struggled to a scoreless stand-off.

'HANK' REGAINS BATTING EYE

HANK GREENBERG, heavy bomber of the Tiger squad during the American League season, regained his old batting form all of a sudden in the current world series with the St. Louis Cardinals. The plate first baseman closed the lid four times out of five trips to the plate yesterday after making a miserable showing in earlier games. (AP Photo)

'Pepper' Martin Cheered One Day, Boomed The Next

By PAUL MICKELSON
(Associated Press Staff Writer)
ST. LOUIS, Oct. 6 (AP)—In baseball, you're a hero one day, boom the next. "Pepper" Martin was cheered yesterday as he led the big rally today, he was booed for making three errors.

One-one play, Frisch shoofied him away before he could start for a play in Durocher's territory.

When Rogell smashed out his single, scoring Cochrane and Gehring in the third inning, it marked the first time in the series that the Cardinals were behind save for the winning 12th inning tally in the second battle at Durocher's before game time. Cochrane vowed that if the Tigers ever got the lead they'd hold it. They were left "dazed," even now.

Babe Ruth wanted Mickey up before game time and had a serious talk with the Tiger pitcher, telling him to "beat it." The Babe was a "thoroughly in brown" Eddie Collins of the Red Sox, who whipsawed advice into the ear of his old pal.

Mickey's a "spotted guy even in a world series game. Remember first.

Detroit's Tigers Roar Back Into Thick of Fight

(Continued From Page One)

my Bridges, as the Cardinals again seek to gain the upper hand. If they pitches the full game tomorrow, the Cardinals will have Bill Hallahan and Paul Dean for the sixth and seventh outings.

Today's whittling, which ran the gamut of good and bad baseball, thrills and spills, developed one of the most startling reversals of form in the history of world series play. Dean, a 1-3 choice to capture the world championship after their dazzling performance yesterday behind Paul Dean, the Cardinals went away to a 3-0 start this afternoon, only to have their pitching fall apart and then give a battering exhibition that helped run the total of errors for both clubs to 19 for four games.

Ute Power Attack Smothers Bengals

Colorado College Team on Short End of 61 to 6 Grid Drubbing

By OTIS J. FUSEY
(Associated Press Staff Writer)
SALT LAKE CITY, Oct. 6 (AP)—Where's the tiger, where's the tiger? The Colorado college tiger? He's buried under an avalanche of blows down from the Utah university Indian country.

This is the tale of the football battle between the University of Utah and the Colorado college in the Ute stadium here today. The Utes piled the lid off their Rocky mountain conference schedule with a 61-to-6 drubbing of the hapless Bengals.

Favored to win the contest by two or three touchdowns, the Red-Devils succumbed to the Ute attacks they have displayed since Coach J. Armstrong came from the Indian state of Iowa from Denver university eight years ago.

The tribe started off with a bang, scoring on touchdowns in each of the first two periods to lead at half time, 26 to 0. In the third quarter they added a fourth touchdown, but the final period saw the Utah steamroller crush the Tigers four times in 10 minutes.

The Ute's turn and exhausted from a merciless attack, even at the hands of Utah's second, third and fourth string riders, the Bengals' closing minutes of play to register their last marker. With the ball in Colorado college territory, Swartz, a reserve halfback, tossed a beautiful pass to Riley, Tiger end, who raced 35 yards to score. The Ute's impetuous drive was blocked by Utah's surging line.

Harvard Gridsters Down Bates Team

HARVARD STADIUM, CAMBRIDGE, Mass., Oct. 6 (AP)—Fred Mosley and Gene Littman scored late of first period touchdowns to give Harvard a 14-0 victory over the scrappy Bates eleven in the opening game of the Crimson season here today.

Threatened three times in the second half but once lost the ball on down. Another time on a fumble and third time on an intercepted pass.

TO-RE-UP HIGHWAY
JEROME, Oct. 6—Re-rolling of the state highway from Jerome to Eden was begun today. The work is being done by a truck owned by the state department of highways, capable of re-rolling nearly a mile per load.

Reason, your Aberdeen Coal is great. Call 141 for prices.—Ad.

Bobcats Hold Utah Aggies to 6 to 0

LOGAN, Utah, Oct. 6 (AP)—Montana State college's Bobcats, long the doormat of the "big six" football teams of Rocky Mountain conference, rose up in all their power here today and held the Utah State agricultural college Patman to a 6-to-0 score.

The Farmers, who overwhelmed Montana yesterday, lost a touch-heavy favorite around the 30-man eleven, but the Cats had other ideas and held their ground when threatened. Several times they turned back the Farmers who lacked the drive displayed last week. In the third period, the Aggie broke through the Montana State line for a series of "yanks" but the Bobcats checked the Farmer's advance on the Montana State line.

THE GREAT DIZZY MEETS THE GREAT SCHOOLBOY

ALTHOUGH DIZZY DEAN (left) and Schoolboy Rowe have met before, this meeting during the world series was considered of special significance because of the anticipation that the two big pitching heroes of the year eventually would oppose each other during the current series between the Cardinals and Tigers.—(AP Photo)

Stanford Downs Oregonians, 17-0

Cardinals Blank Beavers in Opening Battle of 1934 Drive

PORTLAND, Ore., Oct. 6 (AP)—Putting on the power in the second half after he had "melted" down the former "iron man" grid machine of Oregon State college, the mighty Stanford-Cardinals blanked the northern Beavers, 17 to 0, in opening their 1934 drive toward the Pacific Coast conference football championship in Multnomah stadium today before 12,000 fans.

The Stanford fancy-draping Stanford end, started the string of victory points in the second period when he kicked a field goal from the 23-yard line.

After being held away from a touchdown by the margin of 12 inches early in the first quarter, the Cardinal running attack finally began to function in great style in the last half.

Charles Leightner rang up touchdowns in the third and fourth periods respectively. Mosier contrived the extra points from placement.

Boise High School Beats Emmett, 27-0

BOISE, Oct. 6 (AP)—Boise high school clicked off an easy victory over the Emmett high school football team here today, 27 to 0. The invading team offered little resistance and only occasionally gained through the Boise line.

Navy Conquers Virginia, 21 to 6

WASHINGTON, Oct. 6 (AP)—With Fred "Buz" Bortles, husky midshipman from Louisville, Ky., engineering all the scoring maneuvers, Navy came to a convincing 21-to-6 triumph here today over the University of Virginia.

The 147-pound senior made two touchdowns himself and was on the throwing end of a pass to a substitute and James Mimi, that resulted in the other.

LICENSED AT JEROME
JEROME, Oct. 6—A hairline corpse was found here Friday to-day after a drive away from the city.

R. Crawford and Olaf Burnett, both of Buhl, the couple was married later the same day by Rev. J. B. Kendall, pastor of the Jerome Methodist Episcopal church.

Dr. R. R. Craft, children and maternity cases. Ph. 212.—Ad.

Titleholder Beats Western Prodigy In Final Match

Chicago Star Is Fourth to Win Three Successive Crowns as Result of Triumph Over Californian

By The Associated Press
PHILADELPHIA, Oct. 6 (AP)—Finishing with a burst of brilliance, Virginia Van Wie of Chicago today turned back the stubborn challenge of Dorothy Frang, 20-year-old San Francisco golf prodigy and won the national women's championship for the third successive year.

As darkness was setting in and after both players had made bold bids for eagle three that missed by inches, the 34th annual tournament ended dramatically on the 18th green with Miss Van Wie the winner by a margin of two up and one to play.

Thus the golf hall of fame had welcome to the 25-year-old Chicago star, who became the fourth woman to win three successive titles. The others were Beatrice Hoyt, Alex Stirling, Frances and Mrs. Glenn Oulick-Voss.

GOVERNMENT BONDS SHOW IMPROVEMENT

Stocks Settle Back Into
Easy Course in Final
Session of Week

MARKETS AT A GLANCE

NEW YORK, Oct. 6 (AP)—Stocks: Treasury; trading quiet, under reaction.
Bonds: Firm; U. S. governmentals advanced.
Curb: Mixed; metals and specialties higher.
Foreign exchanges: Steady.
Chicago: Quiet.
Coffee: Quiet; reports increased crop destruction Brazil.
Cotton: Quiet; steady spot market.
Sugar: Quiet; steady spot market.
Wheat: Weak; aggressive support lacking.
Corn: Easy; increased selling pressure.
Cattle: Moderately steady.
Hogs: Moderately steady.

By FREDERICK GARDNER

(Associated Press Financial Writer)

NEW YORK, Oct. 6.—Stocks set

back today in a final session of the week.

The States government bonds

carried the banner of recovery in security markets.

Minor price concessions were necessary to absorb the stock which

came into the market as traders

settled up accounts and retired

the sidelines to wait for the next

turn.

With volume of only 230,000 shares

in the two-hour session, the Standard

Statistics company average for

90 selected stocks dipped two-tenths

to a point to 71.4.

Final prices were mixed. General

Electric rose more than a point, to

102.4, after a decline of 1/2 point.

It was 102.4 when directors de-

clared extra dividends of \$3 each

on the common. Otherwise it

was a routine trading affair.

Yield Fractions of Gains

American Can, American Tel-

ephone 1, Case, Montgomery

Ward, Bethlehem, Steel, San Pe-

ters, Republic, Chrysler and Gen-

eral Motors yielded fractions of

their gains in the preceding ses-

sion.

Grains eased off, wheat finishing

at 1 1/2 cents a bushel lower while

cotton fell to 23 cents a bale. Rub-

ber rallied in the face of an easy

line to the British pound.

The treasury offer of a 4 1/2 per-

centage for the called Fourth Liberty

bonds became more attractive as a

further rise in the government list

widened the premium on the 10-10

year 2 1/2 to more than a point. Cor-

porate bonds generally held the

ground they won earlier in the

week.

Except for a sharp seasonal de-

cline in motor production, business

carried little weight.

Gold price in Spain had no ap-

parent echoes in financial markets

here.

FOREIGN EXCHANGE

NEW YORK, Oct. 6 (AP)—Foreign

WHEAT AND CORN QUOTATIONS FALL

Grain Dragged Back by Absence of New Speculative Demand

By JOHN P. BOUGHAN

(Associated Press Market Editor)

CHICAGO, Oct. 6.—Trading

on early sales in prices, wheat

and corn fell downhill today as

the lack of new speculative

demand weighed heavily.

Temporarily, fears of frost

damage in the wheat crop in Ar-

izona, and a bullish report, but

the cables indicated that no

great harm from frosts reported

was apparent. The fact that the

Wheat market will not be open

Monday influenced a good many

traders to act with caution,

and to restrict holdings rather

than indulge in fresh buying ven-

ture.

Wheat prices were dragged

back by absence of any

new speculative demand,

and the fact that the wheat

crop in the United States is

estimated at 1,100,000,000 bush-

els, or 1,100,000,000 bushels.

Wheat prices were dragged

back by absence of any

FARMERS DEFEAT ONE CONTRACT PLAN

Hog-Corn Producers Accept One, Reject Another
AAA Proposal

Twin Falls county farmers who contracted to reduce 1934 corn-hog production, in a referendum for the payment of approximately \$100,000 distributed by the federal department of agriculture, voted, 261 to 14, in favor of a corn-hog production adjustment program for 1933, but rejected 143 to 172 the proposed contract-per-acre dealing with grain and livestock to become effective in 1934.

The vote was recorded in connection with sign-up here this morning more than 800 corn-hog production contracts for 1934, and results of the referendum were announced last evening by Tom Parks of Dubu, chairman of the county corn-hog allotment committee. All but 48 of the contracts for this county were signed during the two-day sign-up, notwithstanding a 19 cent reduction in the corn-hog production quota.

Signed contracts, Parks said, represented 22,943 hogs and 2066 acres of corn.

One-Contract Plan—Farmers who signed the one-contract plan for 1934, which Twin Falls county farmers rejected, would provide, according to AAA explanation, "a shift from several single-crop contracts to a broad program of developing better systems of farming through less intensive use of land, reduction of soil resources, and use of the land in the production of crops for which it is best adapted, according to the soil authority, through the desired device of control over the combined acreage of the several crops involved and be flexible enough to permit as much freedom of action on the part of cooperating farmers as is consistent with the objective of maintaining the proper balance between production and effective demand." It would be financed by a 10-cent tax on grain and livestock and might or might not include the control of land.

Continuation of the corn-hog adjustment program for 1933, AAA officials would probably pay 1933 benefit payments somewhat larger for corn and materially less for hogs than were paid under the 1934 contract.

AGED MAN SUCCEUMBS AT SON'S HOME HERE

John E. Roper, 83, died at 1 o'clock yesterday at the home of his son, James T. Roper, southwest of Twin Falls. He came here from Grand Junction, Colorado, about two years ago to make his home with his son.

Funeral services will be held at the Twin Falls mortuary this morning at 10 o'clock. The body will be taken this afternoon to Grand Junction for interment beside the grave of his wife, who succumbed there four years ago.

Surviving sons and daughters are: Lewis Roper, Mrs. Alice Roper, Mrs. Clara Roper, John and Paul Roper, Kenneth Paul, Oregon; Thomas Roper, Grand Junction; and James T. Roper, Twin Falls.

HOMECOMING PLANS ARRANGED AT ALBION

ALBION, Oct. 6—Cars from Albion will meet in Burley and will call at the National hotel at Albion Normal alumni expecting to attend homecoming, October 27, providing free transportation here and back, according to Mrs. Violet Cook Hagar, secretary of the Albion alumni association.

Six hundred cards are being sent this week by Mrs. Hagar to Albion graduates, inviting them to the annual homecoming celebration. Possible cards are being sent to alumni may detach the one and mail it back to her saying whether or not they will be present at this gala occasion. All of the district representatives are expected to be present. Mrs. Hagar reports, and they include: Sharon Albertson, Jerome; Meredith McVieker, Idaho Falls; Melvin A. Olsen and William Parke, Blackfoot; and Marguerite Beers, Burley. Members of the legislative and publicity committees will also be present. John Hillman-Baker, Nimitz-Good, H. B. A. Thomas, Kimberly; H. E. Weel, Albion; Elmer Olson, and Ted Peters, Lacey, Twin Falls; Lucille Smedgrass, Burley; and Miss Harriet E. Lattin-June, Albion.

The program for the day is in-

Willie Willis

"I know why germs don't hurt that little kid. They can't get in him through the dirt."

BREVITIES

Home for Week End—Miss Barbara Thompson is home for the weekend from the State Teachers' college at Albion.

Surgical Patients—Ruth Snow, Hansen; Allen Egbert, Murtaugh; and Mrs. Hester, Sanderson, Twin Falls, are surgical patients at the Twin Falls county general hospital.

Walla Hest—John Green, Seattle, has been visiting at the home of Mr. and Mrs. C. P. Cogswell. He is a fraternity brother of Melbourn Cogswell at the University of Washington.

At License Court—Orval B. Severen of Chinook, Montana, and Hazel Nelson of Paul, Idaho, obtained a marriage license at Twin Falls county recorder's office yesterday.

Former Residents Here—Mr. and Mrs. George Harlan, Hamilton City, California, are the house guests of Mr. and Mrs. F. W. McChesney. Mr. Harlan was formerly water master here.

Get College Office—Miss Dorothy Weaver, daughter of Mr. and Mrs. W. H. Weaver, who is attending Aubrey college, Wilmore, Kentucky, has been elected vice president of the senior class.

Visit In Nampa—Mr. and Mrs. G. E. Rupp, Santa Monica, California, and Wallace Skinner, left Saturday for Nampa where they will visit Mrs. C. L. Sower, another daughter.

Leave Hospital—Eliodoro: President, Twin Falls; Howard Hildreth, Twin Falls; Mrs. J. W. Henry, Eden; Mrs. O. C. Wheeler, Hansen; and Miss Norma Koch, Boulder City, Colorado, have been discharged from the Twin Falls county general hospital.

On Editorial Staff—Miss Margaret Brown, Twin Falls, student at the University of Idaho, southern branch, Pocatello, is a member of the editorial staff of the Brigid university student paper, "Rialto Kimes," Twin Falls, a member of the business staff, and Miss Dorothy Carpenter, also of Twin Falls, is typist.

Include besides the football game with Boise Junior college, and dance in the evening given by the men's "T" club, and a 6 o'clock dinner in the college dining hall with music furnished by the Cardinal glee club and the "T" club. The women's athletic association will also serve tea to all visitors during the day.

Just Received!
Mer 1935 HIGH-FIDELITY PHILCO

Here for the first time is a radio that will reproduce the entire musical range—with tone so magnificent, so REAL, you will be amazed.

Never before such true, faithful reproduction!

The ordinary radio, reproducing only up to approximately 3500 cycles, can never give the realistic tone quality which modern High-Fidelity broadcasting makes possible. That is why PHILCO has been able to produce new radios with a musical range of from 50 to 7500 cycles!

Through PHILCO's sensational engineering achievement, which includes the new "Sound Control," a newly designed Audiotone type Electro-Dynamic speaker and a special Sound Diffuser and Sound Damping Chamber, you can enjoy total brilliance never before achieved in radio!

MILNER DISTRICT NEGOTIATES LOAN

Reconstruction Corporation Advances \$317,000 for Re-Financing

Millner Low Lift Irrigation district, comprising approximately 10,000 acres in Twin Falls and Cassia counties, has secured a \$317,000 loan from the Reconstruction Corporation, following negotiations of more than a year's duration.

Direction and attorney for the district announced completion of the transaction following their return yesterday from Los Angeles where the deal was consummated through the federal reserve bank this week.

The loan, which is believed to be the first to be granted by the Reconstruction corporation to an irrigation district, is to be used to retire all of the district's outstanding bonds and indebtedness. The refinancing will reduce the district's debt from approximately \$100 to about \$40 per acre.

Harry Bennett of Twin Falls is attorney for the district, and members of the board of directors who took part in final phases of the loan negotiations in Los Angeles this week are Elmer W. Moorman, Twin Falls, and Henry Reta and Eldon Briggs of Murtaugh.

BEET PRODUCTION CONTROL OFFERED

Washington Proposes Bonus Payments for Crop Regulation

MOSCOW, Oct. 6—Immediate launching of a sugar beet production control program was announced this morning by the Soviet government.

K. J. Idlinger, state director of agriculture, Organization and administration methods will be similar to those of the wheat and corn programs.

"The importance of the sugar beet control program in Idaho is indicated by our annual production of from 300,000 to 600,000 tons of sugar beets in this state," Idlinger said.

Business sections of the good will be held Thursday. Also scheduled for Thursday are two devotional services, one at 12 o'clock and one at 3 o'clock, directed by Rev. M. Drury, Moscow. His first devotional service will be for Wednesday afternoon at 2 o'clock.

Thursday evening Rev. J. C. Pryor, San Francisco, will conduct the final service and will preach a popular sermon.

Mrs. M. N. Massey, Boise, is president of the Idaho state symposium.

Other features of the symposium announced by John F. Dalton, chief of the state section of the AAA, will include: (1) Deliberate payments in 1935 in case growers are forced to abandon planted areas; (2) a 50-cent-per-ton on estimated production for 1935; (3) A final payment of the 1935 crop to give the grower a parity price for his beets; (4) Two crop payments and possibly a delinquent payment in 1936 in the territory of agriculture decides to extend the contract to that year.

HELP HELP M AFIRE

Imagine that pitious cry coming from one you love . . . yet it happens somewhere every day through the foolish use of inflammable cleaning fluids in the home. Even though death does not follow a fire, destruction and loss invariably does. . . STOP AND THINK. . . is home cleaning really worth the risk you take?

HOME CLEANING IS DANGEROUS . . .

Few people realize the danger of inflammables in the home, until it is too late. If you doubt this danger, just pay our plant a visit and let us show you the extensive precautions—consultants—installed here to safeguard life and property.

TWIN FALLS IN LINE FOR MILITARY SCHOOL

In connection with the visit here next Wednesday of Major Luke D. Zuch, fourth reserve district, and a semi-annual dinner of army reserve officers in Twin Falls and vicinity is a reserve officers' symposium to be held at 8:30 p. m., according to arrangements completed by Captain J. O. Hammons of Twin Falls. Major Zuch is to address the group immediately following the dinner.

He is expected to stress establishment of a reserve officers' general school for Twin Falls, and a course of study continuing from October 14 to May 21, next, and including a wide variety of military subjects such as operation of tanks, programs of rifle, machine gun and organized rifle companies, and can of honor and state maintenance. Summer schools have been established at Boise, Moscow, Idaho Falls, Pocatello, Wallace, Sandpoint and Bonanza.

Presbyterians to hold state meet

Twenty-Fifth Anniversary of Organization of Synod Will Be Observed

Presbyterians throughout the state will assemble here Thursday and Friday for a three-day Home Modernization show in Twin Falls. October 10-11 and November 1, following an enthusiastic endorsement of the project recorded at a meeting of 50 dealer representatives who are members of the association at dinner at the Park hotel Friday evening.

Sponsored by Twin Falls Junior Chamber of Commerce, the Home Modernization show is designed to establish a wide range of modern conveniences in the fields of building, electric appliances, sanitation and so on.

A feature of outstanding interest will be the showing here of the Century of Progress "House of Magic," Grand C. Mayor of Boise, illuminating engineer, delivering the principal address at the association's meeting, discussed the necessity of better light for modern life in relation to the national home modernization act.

Captain J. W. Porter, chairman of Twin Falls Junior Chamber of Commerce, endorsed the Home Modernization show, and offered several suggestions as to how it might be conducted in relation to the modernization program. Other speakers included H. S. Tofflemire, junior chamber of commerce secretary; John W. Boden and C. H. Detweiler of Twin Falls.

In the absence of H. Potter, president of the association, Captain C. H. Krenzel of the Krenzel Hardware and Machine company, presided and introduced the speakers.

FILER RESIDENTS LEAVE FOR RIRIE

FILED, Oct. 6—Mrs. G. W. Porter and daughter, Mildred, accompanied by Miss Winifred Pryor, mothered to Ririe Friday where they are spending the week end with Mr. and Mrs. Byron Roper.

Clifford and Mrs. Roper, Thomas expect to leave Saturday for deer in the Sawtooth mountains. The Cliff Ropers entertained Friday evening at the rural high school in their big and little sister party for new members.

Mr. and Mrs. Marshall Hook and daughter, Donna Mae, of Pocatello, are visiting at the G. W. Anthony home. Mrs. Anthony and Mrs. Hook are sisters.

Wallace Newspaper Man Dies Suddenly

WALLACE, Idaho, Oct. 6 (AP)—A. J. Dunn, editor of the Wallace Mirror, and well known mining authority in the Coeur d'Alene region, died suddenly late today while attempting to take his car from the garage.

Death apparently was from a heart attack or apoplexy. Dunn, in his 60's, was at work today, apparently in good health. Dunn and his brother, R. M. Dunn, late supreme court justice in Idaho, established a paper here nearly 40 years ago. He was editor of the Mirror 28 years. He was born in Wallace, Missouri. Surviving are his widow, a son and a daughter here.

CHECK WRITER IN TOILS

Accused of check forgery, Philip, 22, resident of Manila, Utah, was held in the county jail here yesterday following his arrest by Twin Falls police officers last Thursday. He is alleged to have attempted to pass a forged check at a local department store.

NEWELL—Funeral services for H. J. Newell will be held at 2:30 o'clock Monday afternoon at the White mortuary chapel. Rev. E. L. White officiating.

HANSEN MAN DIES AFTER SON'S DEATH

A. R. McFarland, 63, Succumbs to Attack of Pneumonia

A. R. McFarland, 63, died yesterday afternoon at his home at Hansen, following pneumonia, with which he had been attacked two days previously. He was born May 1, 1871, at West Weber, Utah. He came to Hansen 10 years ago.

Funeral services will be held Monday afternoon at 2:30 o'clock at the White mortuary chapel. W. L. Shlager, of the Latter Day Saints church will be in charge of the service. The body will be taken to Ogden, Utah, for interment.

He is survived by his wife, Mrs. Elizabeth Ann McFarland; five sons, Leonard, Richard, Lee, Herman and Carl McFarland; Hansen, and one daughter, Mrs. Pearl Whetzel, Indian, near Pocatello. He was a member of the Hansen Grange.

He was a member of the Hansen Grange. He was a member of the Hansen Grange. He was a member of the Hansen Grange.

PARENT-TEACHER WEEK PROCLAIMED BY ROSS

"Realizing the need of proper education in order to uphold our American standard, especially in these times when the foundation of our government is being shaken, and realizing the important position of the Parent-Teacher association in this great work, I deem it my duty as chief executive of Idaho to issue a proclamation calling upon the citizenry to observe the week of October 7 to 13 as Parent-Teacher Week," was in part the proclamation issued by Governor C. Ben Ross.

Life urges that appropriate exercises be held in the communities and schools throughout this state; and that the people rally to the support and encouragement of the P-T-A. Local associations affiliated will conduct a complete week's observance.

CHEVROLET

21% Economy

CHEVROLET

Last year Chevrolet was enthusiastically acclaimed by hundreds of thousands of owners as "The Car of Matchless Economy!" Because the 1934 Master Chevrolet is again the heaviest car in the low-price field—by even a greater margin—motorists speculated whether it could meet the hitherto unchallenged economy of its predecessor.

The answer is being demonstrated daily!

The 1934 MASTER CHEVROLET SIX NOT ONLY MEETS THE CHALLENGE, BUT IS A FULLY MORE ECONOMICAL AT FLASHING, MODERN DAY TOURING, SPEED THAN THE 1933 ECONOMY MARVEL!

These facts become more emphatic than ever:

- (1) A "Six" is synonymous with Economy!
- (2) Economy is the result of advanced engineering!
- (3) Chevrolet's progressive engineering has been proved in 4,000,000 successful Valve-In-Head Sixes.

Thus, the unusual becomes the usual, the expected, from Chevrolet, 20 miles to the gallon is routine . . . hardly ever is oil required between changes.

Glen G. Jenkins
