

FEDERAL PAYMENTS
TO FARMERS LISTED

AAA Accounts for \$438-
308,068 Paid Under
New Deal

WASHINGTON, Oct. 10 (AP)—Disbursements of \$438,000 to American farmers by the AAA up to October 5 were reported by the farm administration.

The sum represented \$222,000 in rental and benefit payments and \$116,000 in purchases of hog, wheat, and corn.

The total was declared by the AAA to be only part of the \$700,000 to be paid out to farmers in the first of December.

In addition cotton farmers holding cotton in the cotton pool will receive approximately \$150,000.

Of rental and benefit payments distributed by October 5, cotton farmers received \$107,000; wheat producers, \$50,000; and corn producers, \$43,000.

Up to August 31 the farm administration had paid out \$1,100,000 in the form of surplus plus \$1,100,000 in shipping surplus wheat from the Pacific Northwest to the Pacific coast.

It also had paid out \$1,100,000 in plus butter and cheese off the market, \$1,100,000 in buying cattle in the American states and \$1,100,000 in buying land for conservation purposes.

More to the Prospect

By the end of the year the cattle and sheep purchasing program is expected to add an additional \$1,100,000 to the total paid out to farmers.

All payments, according to farm administration officials, are expected to be in excess of the \$700,000 estimated in the bureau of agricultural economics estimates which place cash income of farmers at \$1,100,000,000, compared with \$1,000,000,000 last year and \$1,000,000,000 the year before.

By the end of the year the distribution of benefit payments through August 31, 1934, totaled \$1,100,000, going into pockets of some 100,000 farmers, most of whom are small star farmers, most of whom are in the payments of cotton acreage.

Rental and benefit payments made by the AAA to farmers in Oregon, \$1,100,000; Utah, \$1,100,000; and Idaho, \$1,100,000.

was a close associate of Nash, had enlisted aid of Floyd and Richard in the attempt to free the prisoner.

The solution of the slayings was announced shortly after the department of justice in Washington released the information that Richard Tallman, Dallas, Tex., was the man who was arrested in New Orleans September 22, had been brought to Kansas City for arraignment on conspiracy charges for slaying out of the killings.

Mrs. Calais, placed next to Nash today when arraigned on a charge of conspiracy to defeat the ends of justice, said she did not know the man who was arrested in New Orleans September 22, had been brought to Kansas City for arraignment on conspiracy charges for slaying out of the killings.

Reported Arrest

William H. Miller, assistant attorney general, said in Washington investigation had shown it was Calais who informed Mrs. Nash her husband had been arrested at St. Louis.

Mrs. Nash then communicated with a roommate at Monroe, La., Chicago, Stanley said. Calais accompanied Mrs. Nash to the home of Herb and Edna Farmer at Joplin, Missouri, where last minute telephone instructions were given Miller for the attempt to free Nash.

The 18 persons named by Missouri, St. Louis, United States district attorney, as involved in the case are Floyd, Richard, Miller, Harvey, Bailey, Mr. and Mrs. Farmer, Mrs.

BORAH FAVORS OLD
POLICIES OF PARTY

Solon Urges Republicanism
of Abraham Lincoln and
Theodore Roosevelt

WEINER, Idaho, Oct. 10 (AP)—A declaration was made here tonight by Senator Borah that "the Republican party is going to have a place in the politics of the future. It must get back to the policies and principles upon which it once held the confidence of the people of this country."

The statement, made in an address to a Republican political meeting, followed a review of his campaign against asserted monopoly, under which he had been elected.

Asked as to his religion, he replied, "I was once an Orthodox Christian, now I am an Orthodox Jew."

"I understand religion as revealed through Mahatma Gandhi," he said, "and I believe that all these religions are all the same. There is no need to fly from one name to another."

His former social position meant nothing to him, he said, and he was not interested in the name of his party.

"I believe in the life of the republic," he said, "and I believe that this republic will ever fail by reason of outward force. And there is no need to fly from one name to another."

"Neither one of the old parties in this country has been able to do more than to keep the country in a state of confusion," he said, "and I believe that this republic will ever fail by reason of outward force. And there is no need to fly from one name to another."

"I believe in the life of the republic," he said, "and I believe that this republic will ever fail by reason of outward force. And there is no need to fly from one name to another."

"I believe in the life of the republic," he said, "and I believe that this republic will ever fail by reason of outward force. And there is no need to fly from one name to another."

"I believe in the life of the republic," he said, "and I believe that this republic will ever fail by reason of outward force. And there is no need to fly from one name to another."

MIRA, DISCIPLE OF
GANDHI, VISITS U.S.

(Continued From Page One)

dream of independence in his life.

"He leaves that to God," Mira said.

His eyes were glowing under thick, black brows. Her hair framed a tattered face and a prominent nose. She sat feet in sandals.

A year and three months of his discipleship has been spent in prison for her part in Gandhi's civil disobedience activities.

"She said she had left Gandhi in good health," but under a great strain of work.

Sole Problem

Of the little mystic's campaign against "unbelievable," she said, "the 'unbelievable' problem is being solved much more rapidly than we expected. Gandhi is well pleased with it."

Asked as to his religion, she replied, "I was once an Orthodox Christian, now I am an Orthodox Jew."

"I understand religion as revealed through Mahatma Gandhi," she said, "and I believe that all these religions are all the same. There is no need to fly from one name to another."

His former social position meant nothing to him, she said, and he was not interested in the name of his party.

FARMERS APPROVE CORN-HOG PROGRAM

Early Returns From Vote In
Mid-West Favors Plan;
Kansas Opposes

(Copyright, 1934
by The Associated Press)
CHICAGO, Oct. 10.—The American farmer's stamp of approval on the administration's corn-hog program was indicated today by early returns from nearly 215,000 voters in the Middle West.

The poll of farmers on their attitude toward a continuation of the production control plan is being conducted by the AAA at county and township meetings throughout the corn belt, under the supervision of county extension workers.

The corn-hog program provided that the farmers who agree to raise corn and hogs will receive benefits from the government.

Nine States Ballot
Balloting in nine states showed 111,456 farmers voted for the continuation of the AAA program for 1935 while 102,549 voted against it. AAA officials estimated that 450,000 more cast their votes in final tabulations were made.

No returns have been announced in Michigan and North and South Dakota.

One state—Kansas—voted against the plan.

Iowa, Illinois, Missouri, Nebraska, Indiana, Ohio, Minnesota and Wisconsin farmers cast their votes for another year's trial of the AAA corn and hog production control plan.

Representative Owen-Thomas of the early tabulation of the 275,000 voters in nine states represented approximately one-third of the 817,000 farmers in these states who signed corn-hog contracts this year.

For the 14 states where the referendum was conducted 193,000 contracts were signed.

On the question, "Do you favor a contract program for corn and hogs, dealing with grain and livestock, to become effective in 1937?" Middle Western farmers voted 119,413 against and 112,534 for.

In a report made in Washington Secretary of Agriculture Wallace said that from August, 1933, to June, 1934, checks totalling \$311,000,000 had been paid to the American farmer, including wheat loans and tobacco payments as well as corn and hog benefits, the entire AAA program as now planned would cost a redistribution of \$770,000,000, he said.

RELIEF GROUP FETES OUTGOING PRESIDENT

MURTAUGH, Oct. 10.—Members of the Murtaugh L. D. S. Relief society honored Mrs. Goldie Tolman, outgoing president, with a party at the L. D. S. recreational hall Tuesday evening. Community singing was led by Thelma Lee with Alice Christofferson at the piano.

"The Masterpiece," a re-told story, was given by Mrs. Edna Lee. A vocal duet was sung by Thelma Lee and Marie Taylor. Thelma Lee sang a solo and "Whispering Willows" was read by Mrs. Minnie Pickett. A gift was presented to the honoree and games were led by Mrs. Mildred Patterson.

Hansen-Epworth League entertained Sunday evening at the Murtaugh Community church. Speaking and musical numbers made up the program which opened with group singing. A piano solo was played by Dorthen Waffle; saxophone and trumpet duet, Raymond and Lewis Jennings, accompanied by Mrs. Martha Froelich; duet, Martha and Ruth Froelich. Sixty-five people attended.

The Mutual Conjoint program was held in the L. D. S. chapel Sunday evening. Community singing was led by Miss June Tolman and the M. I. A. slogan was led by Clifford Tolman. A girls' chorus, directed by Miss Irene Tolman, sang; William Egbert gave a short address; a quartet composed of Claude E. Blackburn, James Clawson, Vernon Mann and Frank Egbert sang; a re-told story was given by Mrs. Thelma Lee; and Miss Rosie Kestner sang a solo.

The Ladies Aid society "country store" in the M. E. church basement Friday and Saturday was successful, netting approximately \$40.

Henry Rees, Edgar Moomman and Glenn Briggs returned Sunday from Los Angeles.

Miss Kathryn Sturgeon spent Saturday and Sunday in Coaling.

Mr. and Mrs. Henry Krueger and daughter Etale of Kimberly, were dinner guests at the J. R. Sturgeon home Sunday.

Mrs. A. O. Lee and granddaughter, LaVerna Lee, and Mrs. Harley Ward and children of Pocatello, and Mrs. Pearl Brewster of Acequia, spent Saturday at the home of Mrs. Edith Hale.

Miss Geneva Bland returned to Salt Lake City Sunday after a vacation with her parents, Mr. and Mrs. John Bland. She is attending business college.

Rex Tolman, Pocatello, spent Saturday and Sunday visiting at the home of his parents, Mr. and Mrs. Clifford Tolman.

Mrs. Charles Johnson is visiting.

Introducing the Candidates

R. H. Young of Parma—Republican Candidate for
Lieutenant Governor

This is another of a series of portraits of the candidates for the coming election. Others will follow.

BOISE, Oct. 10 (AP)—R. H. Young of Parma entered the race for lieutenant governor on the Republican ticket with a record of participation in Idaho's agricultural industry beginning long before he came to this state.

As early as 1899 he handled Idaho potatoes as a produce dealer and in 1915 came to Idaho to get into the potato business first hand. Since 1917 he has engaged exclusively in farming and is known as one of the outstanding farmers of the Boise valley.

He shipped the first consignment of potatoes under a contract, Idaho round, to the market in 1917. He has since been a traveling salesman for five years.

A Kentuckian of about 50 years of age, Young was educated in that state and in Tennessee and later taught school three years in Mississippi before becoming a traveling salesman for five years.

A varied career has been his. In the early days of the aviation industry he was advance man for a pair of barnstorming fliers and followed that up with entry into the produce business, which eventually brought him to Idaho.

He is known in his home city as a well educated man, plays golf for diversion and enjoys automobile trips about the state when not pressed by farming activities. He was prominently mentioned for a time during the summer as a candidate for the Republican nomination for governor but settled this by announcing for the lieutenant governorship.

He is married and has five children. In Parma he is chairman of the city board of education.

R. H. YOUNG

INJURIES KILL BOISE MAN STRUCK BY CAR

BOISE, Oct. 10 (AP)—James Ruth, 42, of Boise, died in a hospital here yesterday of injuries received Sunday when he was run down by an automobile driven by Jack Nichols of Boise.

Coroner J. T. McCann said he had not decided whether an inquest will be held.

Nichols told police that Ruth was walking along the edge of the sidewalk and suddenly stepped into the path of the automobile.

relatives in Burley.

Mrs. Clifford Evans, Pingree teacher, is spending a two-week harvest vacation with her parents, Mr. and Mrs. P. Fahy.

Mr. and Mrs. Pat Cockrum entertained Tuesday at their home with an supper.

WRECK INJURIES FATAL TO FORMER IDAHO ARCHITECT

BAKERS, Ore., Oct. 10 (AP)—Edward Mienier of Baker, former Idaho architect, contractor and builder who was injured in an automobile accident here recently died in a hospital here yesterday. He was injured when an automobile driven by James Lee Masters of Baker, plunged off a bluff and overturned three times.

Mienier was born in Minnesota 60 years ago and came to Baker this summer, after spending several years in Idaho. He is survived by three daughters, a son, two sisters and three brothers. Burial will be in Minneapolis or Boise, Idaho.

FOOTBALL PLAYER DIES
CHICAGO, Oct. 10 (AP)—Waldemar Zinter, a member of the Morgan Park military academy football team, died last night of a head injury suffered in a game with Pullman.

Tech, a Chicago high school. Saturday's condition was not considered serious until last night when he became unconscious.

Man-look at him go!
He's got what it takes to carry that ball. He's a fighter. He's alert. He has endurance. A thoroughbred through and through.

Introducing the Candidates

R. H. Young of Parma—Republican Candidate for
Lieutenant Governor

This is another of a series of portraits of the candidates for the coming election. Others will follow.

BOISE, Oct. 10 (AP)—R. H. Young of Parma entered the race for lieutenant governor on the Republican ticket with a record of participation in Idaho's agricultural industry beginning long before he came to this state.

As early as 1899 he handled Idaho potatoes as a produce dealer and in 1915 came to Idaho to get into the potato business first hand. Since 1917 he has engaged exclusively in farming and is known as one of the outstanding farmers of the Boise valley.

He shipped the first consignment of potatoes under a contract, Idaho round, to the market in 1917. He has since been a traveling salesman for five years.

A Kentuckian of about 50 years of age, Young was educated in that state and in Tennessee and later taught school three years in Mississippi before becoming a traveling salesman for five years.

A varied career has been his. In the early days of the aviation industry he was advance man for a pair of barnstorming fliers and followed that up with entry into the produce business, which eventually brought him to Idaho.

He is known in his home city as a well educated man, plays golf for diversion and enjoys automobile trips about the state when not pressed by farming activities. He was prominently mentioned for a time during the summer as a candidate for the Republican nomination for governor but settled this by announcing for the lieutenant governorship.

He is married and has five children. In Parma he is chairman of the city board of education.

SUGAR BEET CROP SHOWS SMALL GAIN

Estimate Represents Slight
Increase Over Forecast
Made September 1

WASHINGTON, Oct. 10 (AP)—The farmers who fill the nation's sweet tooth—the beet sugar growers—have started to harvest their 1934 crop which the agriculture department today estimated would amount to about 7,551,000 tons.

This represents a small increase over the forecast, made September 1, of 7,500,000 tons.

The crop forecast placed the estimated production this year in California at 1,020,000 tons as compared with 1,000,000 tons last year and 1,000,000 tons for the five year average for 1927-1931.

The crop forecast placed the estimated production this year in California at 1,020,000 tons as compared with 1,000,000 tons last year and 1,000,000 tons for the five year average for 1927-1931.

California is second on the list with an estimated production this year of 1,430,000 tons as against 1,012,000 tons in 1933 and 678,000 tons as an average for 1927-1931.

Michigan will be the third highest producers this year, the report indicated, with 1,020,000 tons as compared with 1,000,000 tons last year and a 1927-1931 average of 500,000 tons.

Estimated production and comparisons in other sugar beet producing states follow:

State	1927-1931	1933	1934
California	678,000	1,430,000	1,430,000
Michigan	500,000	1,020,000	1,020,000
Idaho	352,000	857,000	857,000
Utah	587,000	912,000	912,000
All other states	730,000	1,060,000	1,060,000

Political Use Of Tax Money Charged

WASHINGTON, Oct. 10 (AP)—Chairman Fletcher of the Democratic national committee today charged in a statement that the "New Dealers" were "taxpayers' money" as a campaign fund.

The O. O. P. leader referred to an invitation the Democratic national committee extended in its campaign guide book to candidates to ask for information on how much federal recovery money had been distributed to the various states.

"Chairman Fletcher of the Democratic national committee," Fletcher said, "recently told me that if an accruing the administration of distributing relief emergency funds with a view to influencing the results of the coming election, it was a wholly illegitimate attempt to reply to criticisms from myself and from other Republicans. It evaded the issue."

Mrs. Cora Reubin, secretary to William E. Borah; Mrs. Julia Taylor Bell, state assistant director of women's activities of the Republican party, and Miss Maynard, all of Boise, were speakers at a tea for 40 Republicans of Marion, Fla., Kimberly, Kansas, Murtaugh and Twin Falls yesterday afternoon at the home of Mrs. Emma Clouche, national Republican committeewoman. Among the guests were a large number of young women interested in Republican politics.

Mrs. Bell outlined the need for a stronger women's organization and meeting prior to the primary election of this section in the immediate future.

Among features on the program of the Boise meeting were talks by John H. Lincoln, Lincoln, Neb., and Miss Maynard. A round-table discussion of club and association problems will be held.

An exchange of ideas in a similar meeting prior to the primary election of this section in the immediate future.

SYNOD ATTENDANCE SETS NEW RECORD

Presbyterians Approach End
of One of Most Success-
ful Conferences

Largest attended sessions of the Idaho Synod and Synodical of Presbyterians churches in many years will be brought to a close here today when officers to the synodical corporation will be elected, the place for the next meeting determined, and committee reports completed. One hundred sixty guests attended a fellowship banquet last evening at the Presbyterian church, preceeding a popular service at 7:30 o'clock.

Sessions have been presided over by Moderator George D. Peabody, Idaho Falls, and Mrs. E. N. Murphy, Boise, president. Eighty delegates, representing ministers and one man and one woman representative of each Presbyterian church in the state, are present for the conference. Rev. Claude Richmond, Portneillo, was appointed vice moderator.

Resolutions Adopted
Following an address yesterday morning by Rev. J. J. Handwerker, Portland, representing the National Council for the Prevention of War, the synod adopted a resolution, addressed to Senator Gerald Nye, which read:

"We, the Synod of Idaho, Presbyterian churches, urge the consideration of munitions investigation until all the facts regarding their part in the World war and in fomenting other wars and providing war materials to each and every nation no matter what their relations to other nations be laid bare before the American public and the world. We approve the fine piece of work which is being done and give you our encouragement for continuing investigation."

The synod recommended to the New York board of national missions that aid be given mission churches in the several drought-stricken regions in the United States, following report of Rev. William C. How, Boise, on national missions.

A ten per cent increase in foreign offerings was set as a goal for the coming year, following report of Dr. W. T. Johnson, San Francisco, representing the board of foreign missions on the Pacific coast. The synod recommended the continuance of the present prohibition laws in Idaho, pledged cooperation with the League of Decency, looking toward better talking pictures, and recommended that Christian education be regarded as a primal necessity.

Indians Entertain
Informal entertainment during the banquet hour was furnished by the Nez Perce Indian delegation from the Lapwai and Kamia country in northern Idaho. They sang a group of songs in their native tongue. At the popular evening service at 7:30 o'clock, Mrs. E. N. Murphy presided.

She introduced Rev. James Thomson, Seattle, representative of the board of national missions, who, outlined missionary work in the Northwest. Miss Ellanore Ewing, San Francisco, representing the women's board, spoke on educational work among the Indians and Spanish-speaking people. Special music by the choir and an offering for the women's board completed the service.

Anniversary Service
Dr. J. H. Barton of the College of Idaho, gave an interesting address on the organization of the synod 25 years ago, at joint devotional services yesterday morning. Dr. C. M. Drury took as his subject for the devotional period the unwritten appraisal and life of H. M. Spaulding, missionary and educator in the days of Marcus Whitman. R. W. Wescott sang a baritone solo. The Lord's supper was celebrated, conducted by Rev. E. N. Murphy, Boise, and Rev. W. J. Boone, president of the College of Idaho. Rev. Drury, at the afternoon devotional period, chose the life and missionary work of Rev. J. H. Parker as his subject.

At yesterday's sessions, the synod also heard a talk by Dr. James Thomson, Seattle; a report of the foreign missions committee, Rev. Joseph Cook, Fort Hall; a report on Christian education, Rev. James Miller, College of Idaho; reports on religious work among students at Moscow by Dr. Drury, and at the University of Idaho, southern

BUHL-GLENNS FERRY HIGHWAY PROPOSED

Geodetic Survey to Begin

Next Week to Map Plans
for Short-Cut

Possibility of a new highway between Buhl and Glens Ferry was outlined here last night by R. J. Lynam, director of the state geodetic survey. A survey of the proposed route is scheduled to get underway next week, he said.

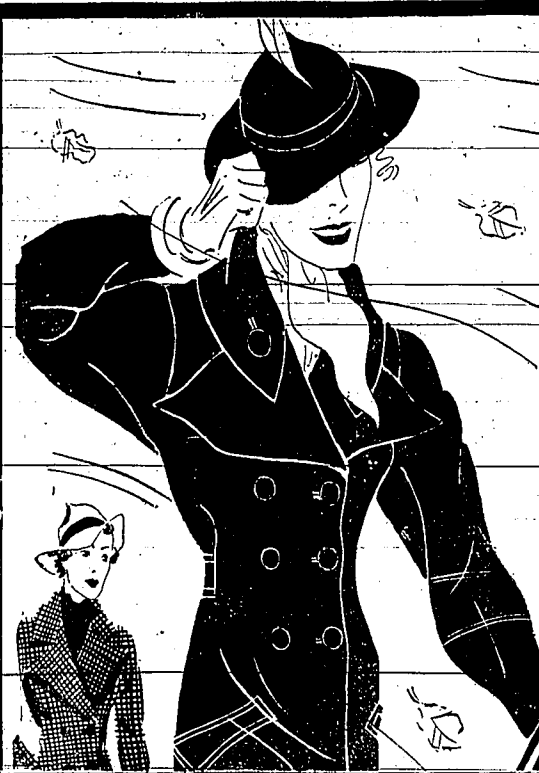

The plans call for a straight road between Glens Ferry and a point between eight and ten miles directly west of Buhl. This proposed route would cut 17 miles off the present highway distance between these two points, or 17 miles off the distance between Boise and Twin Falls. Lynam said that the survey would necessitate the bridging of the Snake river at Glens Ferry and also the bridging of the Salmon river canon six miles west of Buhl. The survey will be conducted by the use of \$2300 in IDFA funds, all of which will go toward the employment of the 15 men at work on the job. Lynam estimated that the survey, which will cover territory three miles in width and 27 miles in length, will be completed within the next six weeks.

The proposed road is linked indirectly with the proposed reclamation project, recently filed upon by I. B. Perrine, Twin Falls, which would irrigate land on the south side of the Snake river from Buhl west to the Bruneau river. This road, when completed, would go in a northwesterly direction from Buhl through the heart of the proposed project, now a vast, unbroken desert.

Lynam said: "This topographic survey will determine the feasibility of such a road and contours will be placed at every two-foot change in elevation. Over the entire route I believe that in no place would a grade of more than three per cent be necessary. This road would lead through one of the newest and richest undeveloped tracts in the entire west and now in the opportunity to build such a road; before the tract is developed and the cost of a right-of-way is necessarily added."

Lynam stressed the necessity for the change in the road also as a safety measure as well as a time and money saver. "This road would cut our toll gates in the dangerous mountain valley and would eliminate dangerous curves in the present highway. It would also eliminate 17 miles of highway at present and would cut the distance from Buhl to Glens Ferry from 34 miles to 17 miles. My estimate shows that if 500 cars travel over the short-cut daily, \$70,000 would be saved to motorists over a period of one year," he said.

branch, Portneillo, Rev. Richmond, reports on the summer conference, committee on pensions, committee on narrative and Christian life work, and a report of the committee on program and new activities will be heard today. Synodical delegates were greeted by Mrs. J. D. Barnhart. A conference of synodical objectives was led by Mrs. E. N. Murphy. Committee reports were presented by Mrs. J. H. Barton, Mrs. G. M. Hall, Mrs. C. E. Heckelhorn and Miss Ellanore Ewing. A general conference is called for today, climaxed by election and installation of officers.
