## Majority Disregards Senator Borah's Warnings and Pledges State to New Deal Program

(By The Associated Press)

BOISE, Nov. 7 (Wednesday)—Idaho's voters have pledged the state to the New Deal.

With a sweeping vote that carried every Democratic state and congressional candidate into office, the majority of the electors disregarded the warnings of Senator William E. Borah that many phases of the Roosevelt administration policy were unsuited to the West or to the country.

As the tabulation progressed this morning, Democratic majorities grew, and brought statements from Governor Ross and Robert Coulter.

# CONTRABAND ARMS BLAMED FOR FIRE

## Morro Castle Disaster May Have Been Caused by Smuggled Goods

WASHINGTON, Nov. 6.—The possibility that an explosion of contraband munitions aboard the Morro Castle caused the fire which swept the liner and resulted in the death of 134 persons is mentioned in the report. Dickson N. Hoover has made on the tragedy.

Hoover, assistant director of navigation and steamboat inspection, said today his report after a review of the Morro Castle disaster, among other incendiary, spontaneous combustion and defective electric wiring.

His summary is in the hands of Secretary Roper. A copy also has been sent to the United States federal district attorney in New York, for study in connection with possible criminal proceedings.

The analysis follows:

I am not undertaking to state the "how" the fire started. However, today I don't know how it started. Our job is to analyze all possible causes and let others form the conclusion.

Testimony during the senate committee inquiry brought out that it is a comparatively easy matter to ship munitions on a passenger liner since the customs are lax in their examination of such bound cargoes.

Hoover said his report advocated that specific regulations be made: First, pre-fireproofing of all vessels; practical examinations for able-bodied seamen and crew; and limiting the liability of ship owners.

Acting Captain William F. Warner and Chief Officer of the Morro Castle, were charged with negligence by the most important investigation. Hearings are under way in New York to determine whether their licenses should be revoked.

# ODDITIES O—of Life

(By The Associated Press)

**Difference—**  
COLUMBIA, N. M.—Four Carlsbad residents believed they knew the difference between wild and tame turkeys—the tame ones cost more per shot.

The hunters while out in the hills near Capitan came upon a bunch of what they thought was wild turkeys. The birds were domesticated fowls.

Their owner demanded payment for them.

**Berserk—**  
HELENA, Mont.—A domestic cat "killed" a man, had its fur career ending yesterday afternoon in the mountains north of Helena.

The animal, suddenly gone berserk, attacked a hunter, bit his arm, shredded his clothing, and killed a half dozen turkeys before the homeowner could bring his rifle into play.

Turks six inches long were brought to Helena as proof of the dimensions of the maddened animal.

**Birthday—**  
CHICAGO, Wyo.—It will be coming a day late but friends and political supporters of Senator C. O. Mahoney expected to give him a fine birthday present yesterday.

The present, says his Democratic allies, will be the election to a six-year term in U. S. senate. The senator, serving by appointment, was 30 years old Monday.

**Excuse—**  
BERKELEY, Calif.—David Hippolito, 21, got his parking ticket fixed yesterday.

He pleaded "not guilty by reason of insanity."

"I work in ice cream factory," he told the judge. "I dropped a knife in the machinery. The boss gave me a week's pay."

"I was so upset I forgot all about leaving my car on the street overnight and got in the bus truck instead. I was just plain nuts."

The judge decided David may be not so "nuts," but tore up the ticket.

**Costly Sheep—**  
CHENEY, Wyo.—Various estimates of the value of a Wyoming mountain sheep have been given, ranging from nothing to \$100.

But one brought to Cheney yesterday from the Jackson hole country by A. C. Collins, veteran pilot for United Air lines, bore a price tag reading \$3,000.

## NAZI ACCUSATION TERMED 'SERIOUS'

Magistrate Promises Early  
Conclusion in Holly-  
wood Girl's Case

BERLIN, Nov. 6 (AP)—The magistrate in charge of the case of Miss Lillian Steele of Hollywood, California, said today after two days of being vigorously pursued to bring the "extremely serious" case to an early conclusion.

Miss Steele, a young model student, has been held in Mosaic prison for 30 days as a result of charges of espionage on the part of the Nazi regime.

Judge Zimmerman of the people's court, the investigating magistrate, said many ramifications requiring the greatest secrecy are being investigated.

He refused requests to see Miss Steele or to answer questions about her welfare.

The semi-official National Sozialistische Partei (National Socialist Party) of Germany, which is the official party of the Reich, said it had an opportunity to ask Mr. Johnson about his arrest.

The American student explained that the articles in the foreign press surprised him considerably. It apparently was a matter of espionage, and he and Miss Steele were not involved in any way.

He said that the attitude of the police was very different from that of the American police. He was questioned for hours was entirely wrong.

Suspects at Liberty  
Johnson and Miss Steele reported last week that secret police had arrested them on suspicion of espionage.

The American consulate has tried to secure the release of Miss Steele to learn the basis of the accusations against her.

It was said 30 Germans are involved in the Steele case and are still at liberty. The authorities fear at the exact nature of the charges.

A recalled, the "suspect" was a cape.

Miss Steele's friends were surprised to learn she may be charged with "divulging state secrets" meaning giving military information, and "preparing to flee."

To her friends she gave the impression she had excellent connections with the military of the interior and the steel helmets.

Blamed Unnamed Persons  
HOLLYWOOD, Nov. 6 (AP)—Mrs. Clara Steele, mother of Lillian Steele, 23, who is held prisoner in Mosaic prison at Berlin on an espionage charge, said today that she had been home here under a certain bar, whose name she would not divulge, "led my emotional daughter into some trap."

Mrs. Steele disclosed she visited for 10 minutes with her daughter in Mosaic prison on Nov. 24, 10 days after her arrest.

"We were seated together and I saw her in the cell," she said. "I could not tell me the nature of the charge against her. She was in solitary confinement, then and has been ever since."

Mrs. Steele asserted her daughter is innocent of any wrong doing. "If the charge against my daughter is that of high treason, as reported," Mrs. Steele declared, "a gross error has been committed."

Quarrel in Berlin  
The mother, German born but a naturalized American, as is her daughter, said she and her younger daughter, Marian Steele, 17, had quarreled in Berlin with hotel over the older girl's "enthusiasm, emotional views."

"That was last spring," Mrs. Steele said. "Marian was being paid court by a young man officer. She herself was suddenly proposed to by a hotel, a musician, emotional, foolish, became terribly out of control against this latter regime."

"She could not have been a spy, however," the mother continued, because she was too outspoken. She could never conceal or camouflage. But she was foolish, and I warned her she should not offend the Nazi government."

"Too much of a busy cleverness," time is now needed by filling in forms," he said.

"Religion is taught, not taught," was another of his remarks.

Prosecution Calls Mrs. Doak-Witness Against Husband

WOODLAND, Calif., Nov. 6 (AP)—A subpoena for Mrs. Helen Louise Doak, the "white hibiscus" of the life triangle involving the slain poet, Leland Hollinghead and Judge C. D. Dole, was issued today for the prosecution in Dole's trial for murder.

## Laval Says France Will Move Troops

PARIS, Nov. 5 (AP)—Foreign Minister Pierre Laval today told Roland Dore, German ambassador in France, that France stands ready to send troops into the Saar basin if the League of Nations so requests.

He denied, however, that special military movements—already have been ordered—would be made in executing her obligations to the league.

Laval said emphatically France could not and would not evade any obligations which might fall upon her in executing her obligations to the league.

## BRITAIN AND U. S. FOR NAVAL ACCORD

Opposition Renewed to Japanese Demand for Equality

LONDON, Nov. 6 (AP)—Great Britain and the United States agreed today that the League of Nations should continue until an accord is reached, but insisted concessions must be made from Japan.

A meeting between Norman H. Davis, American delegate, and Sir John Simon, British foreign minister, and member of the British delegation, resulted in a statement of their opposition to Japanese proposals for new methods of naval limitation.

Japan intends to denounce the existing Washington and London treaties and seeks to replace them by an agreement embodying recognition of her right to equality in the S-S ratio system and use of the total tonnage, instead of the category system of limitations.

IT'S CHEAP.—A legal action of unusual interest will probably arise in Boise as a result of a suit filed in district court asking for an injunction against payment by the city of the bill for the final audit of city books following the defection of Mrs. Angela Hopper, former city clerk.

The audit, which is not yet completed, was undertaken by a Portland firm of accountants at the instance of the city. The expense is estimated at thirty-five thousand dollars. The plaintiff in the action alleges that the city had no right to incur any such bill without a vote of the people.

But the right or wrong of the action is not the main point of interest. For years past the city of Boise has had an occasional or annual audit and for years past the audit has failed to disclose any evidence of a shortage. Eventually "such shortage" was discovered and the action against the former city clerk resulted in her sentence to a term of years in the Idaho penitentiary.

Why did previous audits fail to lay bare a state of affairs which had been going on for years? Simply for the reason that the city bought its audits on a competitive basis and selected the cheapest as being the best. The auditor gave the kind of an audit he was paid for and the result was a penny saving and a loss to the city of some eighty thousand dollars, the estimate of the shortage which the penny wise audits failed to disclose.

OUR RISING FOREIGN TRADE Our American trade balance lately seems to be getting back to normal.

In September we sold abroad about \$192,000,000 worth of goods, the best we have done since September of 1930. In the same month we imported about \$132,000,000 worth of goods, leaving a net "favorable" balance of \$60,000,000 for the month. This record, continued for 12 months, would give us a favorable balance of \$720,000,000 a year, which was about our average for the years from 1922 to 1930 inclusive, and above our average before the war.

TRAVELING PUBLIC CRITICISED William McFee, writer in The Forum, defends the much-criticized seamen in the Moro battle disaster. Obviously the crew were not very efficient, and apparently they

were not very courageous or intelligent, either. But Mr. McFee doesn't see how they could be, overworked and underpaid as they were, with almost no time in port, and subject at all hours to the imperative demands of employers and passengers. It is hard to get good men for such service; and good men, if obtained, are soon worn out or driven to dulness and apathy.

A MIGHTY FORTRESS A mighty fortress is our God. A bulwark never failing. Our helper He amid the flood of mortal ills prevailing.

Adolph Hitler, in his effort to make the German church merely a part of the Nazi state, had dared greatly. Blatant Hitlerism, of some kind, had been arrested, had been stopped by Hitler's Reichsbishop Mueller. The stout Bavarian Protestants were dismayed, but they were not intimidated. Thousands of them gathered around the Episcopal Palace where their bishop was detained. They forced Hitler and Mueller; they cheered the bishop; they sang Martin Luther's immortal hymn, "Ein feste Burg."

Let goods and kindred go. This earthly life has gone. Let goods and kindred go. This earthly life has gone. Let goods and kindred go. This earthly life has gone.

PROTESTING TOO MUCH (Baltimore Sun)

It is beginning to appear as though the Japanese are protesting too much on the question of naval ratios. They seize every conceivable opportunity to declare that they must be granted equality with England and America or they will renounce the limitation treaties.

After a while such dogged persistence must begin to look a little suspicious. It may be that the Japanese are actually afraid that the western powers will not believe them unless they keep repeating their formula over and over again. But it is also possible that they are really fishing for a counter-proposal that will save the naval treaties at the same time that it spares them from the embarrassment that will very likely be visited upon them by the nations at large if they fail to win "equality" for their country.

WASHINGTON "The Grange" is a SAUCE. The other day this column reported on the determination of organized labor to kick up a concentrated rumour almost immediately.

A terrific drive is about to start in an effort to prove to the general public that the employers are being singled against sadly. Reverberations of the debate, pro and con, will shake the U. S. Capitol's walls materially this winter.

Employers are setting themselves to convince Congress that the National Industrial Recovery Act, particularly Section 14, is a "discrimination" against them in the first degree.

TOUGH. The New Deal was having plenty of trouble making its proposed trade between capital and labor stand up when the Great Atlantic and Pacific Tea Company got involved in a labor dispute. This one really is in labor circles a good case of jitter.

Guiding Your Child

SLOW TO TALK Tommy was three years old and still unable to talk. His parents were definitely worried and took him to doctors and psychiatrists, but with no results. Tommy was physically normal so far as any known factor could prove.

There are children who are very slow in talking and no psychiatrist except that they do not want to talk. Perhaps if they were not satisfied with the condition of life about them they would make the effort to put their needs and desires into words. But granted food and the other physical comforts of existence, they accept life without comment and so about their own affairs in silence.

Generally, children who help in such cases, for a child is often forced into expression if he wants to hold his own in a group. Certainly the parents should make sure that there is no physical or mental cause for the retardation of development.

HOME PSYCHIATRY Adele was a girl who was unaccountably and proving so unmanageable that her parents finally took her to a psychiatrist. For some months she went to the psychiatrist's office to play, but in reality for observation.

At the end of that time the mystery at the bottom of the child's behavior was solved, and the specialist's bill which amounted to some hundreds of dollars paid. Adele was a straight case of jealousy, which showed itself in everything she did.

# CONTEST SET FOR YOUNG MUSICIANS

National Federation of Music Clubs Offers Opportunity to Students

The biennial contest of the National Federation of Music Clubs will be held in Pocatello, March 30, 1935, when juniors, middle pupils up to and including 18 years; advanced students, 19 to 23 years inclusive; and young adults, 24 to 30 years inclusive, will compete.

All contestants must be members of federated clubs. Those interested in being eligible to a music club, whether a contestant or not, should communicate with the vice president in their respective district. The district is No. 4, and Joy Beem, Jerome, Idaho, is in charge. Those applying for information are asked to give their names, address, name of teacher, if receiving, and enclose a self-addressed envelope.

Those receiving the highest grade in the advanced classes of juniors receive a gold medal, first and second winners in all other classes, honorable mention, and a certificate. Advanced students first compete with students from Idaho. The winners will then compete with the winners from Utah and Montana, receiving prizes to be announced later. Philadelphia is goal.

The young artists—piano, violin, voice and opera voices, will compete first with Idaho contestants, then with the winners from Utah and Montana. The winner from the district will proceed to Philadelphia for the national contest. The winning instrumentalists of piano or violin will be given an opportunity to appear at solo with the Philadelphia Symphony orchestra in New York. The winning opera voices will be given a major role with the Metropolitan Opera company. There will also be a prize of \$1000 to each of the winners in piano, violin, voice and opera.

Dancing teachers are asked to communicate with Maud Lowery, chairperson, at 600 State street, Boise, for information concerning their part in the contest, which is a separate feature.

# RENEWED INTEREST IN CHURCH URGED

Deanery Hears Addresses on Missionary Extension and Service

Renewed interest of individual members in the world-wide missionary work of the church was urged by Bishop Frederick Blighman, Alhambra, New Mexico, last evening at the Assumption Episcopal church. Bishop Hadden and Mrs. Charles Carter, Jr., Portland, member of the national executive board of the women's auxiliary, yesterday brought a series of messages from the triennial convention, Atlantic City, to the Twin Falls deanery.

Rev. George A. Wetland, Seattle, third member of the "Flying Squadron" assigned to this section of Idaho, was unable to be present. The convention is sending out over the United States a number of squadrons to interpret the activities and recommendations of the national convention.

Held at Parish Dinner—Bishop Hadden compared the attitude of persons and backward nations 70 years ago and today, after the Christians had been in the United States a number of generations in those countries.

He also spoke at the parish dinner last evening at the New England hall, attended by 40 guests. Rev. Victor E. Newman, rector of Assumption Episcopal church, and dean of the Twin Falls deanery, presided. He also directed the group singing. Bishop Hadden is a member of the national convention of the Episcopal church, which is being held in New York.

Women Convene—Mrs. Carter, addressing a women's auxiliary meeting at the Assumption church, interpreted the annual convention theme by presenting a "WOMAN'S PLACE" theme. Women are given the opportunity of Christianizing the nation through home influence. Mrs. Carter pointed out that it is a privilege to give the service of self in church work, and that spiritual benefit, she stated, outlasting women's status as Christian and non-Christian countries.

One of the greatest works for the national union is the United States. The thought offering, collected once in three years from women throughout the United States in the cause of missions. The thought offering, collected once in three years from women throughout the United States in the cause of missions.

# WOMAN IN IDAHO CLAIMS ESTATE AFTER 50 YEARS

HAMILTON, Ont., Nov. 6 (AP)—Unheard from and her whereabouts unknown for half a century, a widow has traced her husband to a third estate of the \$2200 estate of her husband.

The disclosure was made today by Judge Henry Carpenter following upon review of accounts connected with the estate of the late John Smith.

It was shown that Smith, after the death of his first wife, married a second time in Port Huron, Mich. Some 40 years ago, Smith disappeared. That was 50 years ago. Smith died intestate recently and it devolved upon the administrator to "locate the heirs." Little thought was given to the possibility of the widow's being alive. By some means, however, word of her husband's death reached Mrs. Smith in Great Britain. She sent affidavits, pictures of herself and her husband, and other proof of her existence.

Other beneficiaries, including several of Mrs. Smith's step-children, have admitted her claim, and the widow, now 89 years old, will receive her third of the estate.

# Court To Pass On Humphrey Ouster

WASHINGTON, Nov. 6 (AP)—An old political dispute roused up again today when it was learned that the right of President Roosevelt to reappoint William E. Humphrey as federal trade commissioner will be decided by the United States supreme court.

Humphrey was appointed by President Hoover in 1929 on the commission to expire in 1932. In 1932, President Roosevelt removed him from office.

The ousted trade commissioner recently agreed to accept his removal and a claim for salary. After he had lost his salary, his estate proved the suit. Final arguments were completed yesterday on whether the estate should get \$5000 as pay for services from October, 1932, to February, 1934.

In his final argument yesterday, George C. Sawyer, assistant attorney general, told the court of claims that the president had authority to remove Humphrey for any reason. Humphrey was acting with a due sense of his official responsibility, thought Sawyer.

The publicity chairman's duties will be to see that the public is kept informed by the committee. The first feature of the publicity campaign will be a poster contest similar to the one conducted last year.

POUGHKEEPSIE, N. Y., Nov. 6 (AP)—Ann Roosevelt Dall, daughter of the president, did not return her absentee ballot today, thus sidestepping the challenge made to her franchise by Miss Natalie Couch on the grounds of non-residence.

Mrs. Couch, Republican candidate for representative at-large, declared her intention of challenging Mrs. Dall's vote in a telegram sent yesterday.

# ALBERT F. TADDIKEN ANSWERS SUMMONS

Albert Frederick Taddiken, 77, resident of Twin Falls for the past 10 years, died yesterday morning at his country home, route 2, after an illness of 19 days. He was born May 3, 1857, in Germany.

A sister, Mrs. Annie Sellers, Kanabake, Illinois, has been notified of his death. The body rests at the state mortuary chapel. Mr. Taddiken was a bachelor.

The date of the funeral has not been set, awaiting word from relatives. Rev. E. L. White will be in charge of the services, and interment will be in Twin Falls cemetery.
