ROSS PROMISES OVERHAULING OF INSURANCE FUND

Auditor's Report Charges "Dilatatory, Vacillating, Indecisive, Irritating" Methods in Administration

(By The Associated Press) BOISE, Dec. 15.—Revision of pertinent laws and complete reorganization of the state insurance fund are "urgent" necessities, Karl B. Evans, director of the bureau of public accounts, informed Governor C. Busch today in an audit and investigation report released by the chief executive today.

The fund manager for several years past has been F. O. O'Neil, who is now in charge. Shortly after Evans report was placed in his hands, Governor Ross announced he intended to use "dilatatory, vacillating, indecisive and irritating" methods with which the fund administration was charged by Evans.

"I expect to correct the weaknesses brought out by the investigation and audit and make the fund an efficient and business-like department," the governor declared. "I don't know what the going is, but I'm going to do what's necessary in so far as that is within my power."

Never on Business Basis Already, he said, he has employed an attorney to handle the matter previously placed in the hands of unattached lawyers, who have been charged by critics with "dilatatory, vacillating, indecisive and irritating" methods in securing payments for clients on claims for workmen's compensation in some instances.

"It appears that the fund just grew up; it was never placed on a business-like basis and was properly organized at the first in 1917 or reorganized later to meet changing conditions," the governor stated.

Recalling that Harry C. Parsons, state auditor, had charged physicians in private practice with excessive fees for their services in individual cases, Governor Ross added that a full physician but "I'm going to do what's necessary in so far as that is within my power."

Encourage Litigation "The methods pursued in the fund are the methods of a lawyer, vacillating, indecisive, irritating to all who come in contact with the fund and are completely out of line with the business and encourage claimants to resort to legal proceedings in prosecuting their claims, whether they are otherwise," the report to the governor read in one of its most graphic paragraphs.

The report selected random from the current files, the report concluded, "revealed the following conditions in the department: "There was no effective authority in the department, and in the absence of the manager (which was the case) the department was permitted to be taken.

"Claims were permitted to lay dormant for long periods of time." (Continued on Page 5, Col. 3.)

FORTUNE TAKEN BY HOME LOOTERS Jewelry, Furs and Rugs of Between \$175,000 and \$250,000 Value

ALTADEENA, Cal., Dec. 15 (AP)—Jewelry, furs and rugs of an estimated value of between \$175,000 and \$250,000, were stolen last Wednesday or Thursday from the home of Mrs. Delphina Slattery, the sheriff's office disclosed today. Among the most valuable articles reported to have been taken by the burglars were:

A 20-carat diamond ring valued at \$10,000. A heavy evening wrap trimmed with chinchilla valued at \$2,500. Taken During Absence The burglary occurred in local animals occurred during Mrs. Slattery's absence. Police were informed of the theft Friday morning and detectives have been working quietly on the case ever since, sheriff officials said.

In Triangle Slaying

JUDSON C. DOKE (above), former San Leandro, California, farmer and assassin, acquitted of murder in shooting of the wife-losing lover of his wife, Mrs. Helen Louise Dole (below). (AP) Photo.

WOODLAND, Cal., Dec. 15 (AP)—The "triangle slaying" had its way here today when a jury of 11 men and one woman acquitted Judson C. Dole of murder in the slaying of his attractive wife, Helen Louise Dole, 34, in a shooting on the street here last night.

Crushed to death in the courtroom and broke into loud cheers as the verdict was announced. With tears in his eyes Dole, 34-year-old San Leandro, Cal., milk inspector, thanked the jurors profusely and shook hands with each.

The acquitted man then began seeking bail on a charge of embezzling \$14,000 of city funds in connection with his job. This accusation dated from the investigation that preceded the filing of the murder charge. His attorneys also said he was the suit for a divorce.

Overcomes Obstacles Dole was set free in the face of an admonition to the jury by Superior Judge Neal Chalmers that the law provides for a temporary person finding his wife unfaithful, and despite the fact that much of his elaborate defense, including an array of hearing two letters between Helen and Judson, was excluded from evidence.

It was Dole's second trial, and the jury deliberated 20 hours. The trial ended with the jury deadlocked seven to five for acquittal.

Seventeenth Body Taken From Ruins LANSING, Mich., Dec. 15 (AP)—The seventeenth body to be taken from the ruins of the Hotel Grand Hotel here was identified tonight as that of Charles R. Scarle, 34, of Fort Wayne, Ind. Firmen expressed the belief with the recovery of Scarle's body that additional victims may be found in the charred ruins of the hotel. Police officials had fixed the probable death total at 27.

Earlier today identifications were made of two additional dead whose bodies had lain in the temporary morgue across the street from the wreckage. They were H. F. Millard of South Newark, Conn., and Edward Booth of Grand Rapids.

Former President Of Cassia Stake Dies SALT LAKE CITY, Dec. 15 (AP)—William T. Jake, 77, former president of the Cassia county stake of the Latter Day Saints church, died at his home here today.

Born in this city in 1857, Mr. Jake filled a church mission in 1877 and returned to his home in 1897. He was made president of the mission now known as the Southwestern States mission.

In 1900 he was made president of the Cassia stake in Idaho and was prominent in civic affairs of southern Idaho. He returned to this city in 1912.

He is survived by his widow, five children and a sister, Mrs. Mary A. Blaine, residing near Twin Falls, Idaho. Funeral services will be held Tuesday.

RELEASE CREDITED TO UNWRITTEN LAW California Jury Finds Judson Dole Not Guilty of Murder

NEW JOB SURETY SYSTEM PROVIDES FOR PAYROLL TAX

President's Economic Security Council Works Out Unemployment Insurance; Old Age Pension Plans

(By The Associated Press) (WASHINGTON, Dec. 16)—An unemployment insurance system resting upon contributions by employers through a payroll tax and three optional old-age pension plans, few of which would carry a federal subsidy, was approved today by President Roosevelt's economic security advisory council.

Persons thoroughly familiar with the work of the council, but who declined to be quoted, said the unemployment insurance proposals to be recommended to the cabinet included:

The employer to bear the full expense of the plan. The collection of a 3 per cent payroll tax. Exercise by the federal government of a strong control over the form of state insurance plans by the payment of grants from this tax to those states whose insurance plans came up to federal specifications.

Old Age Pensions Three persons said the old age pension program approved called for three optional plans, any or all of which might be employed. They outlined them as:

A compulsory plan under which the states would pass a law compelling employers and employes to contribute to an old-age pension fund. A contributory plan by which both employer and employe would pay into a general old age fund.

A voluntary plan under which the employe would pay a specified amount each month for regular insurance that would care for his old age. A federal subsidy would help to buffer the funds built up under the contributory and compulsory plans.

In addition, the advisory council adopted recommendations dealing with hospitalization. It did not vote on proposals for health insurance.

Two Killed in Clash on Austro-German Border

Vienna Government Considers, Then Abandons Representations To Berlin

(By The Associated Press) VIENNA, Dec. 15.—Austria and Germany tonight seemed equally determined not to let the slaying of two members of an Austrian border patrol disturb their increasingly good relations.

Although the Vienna government earlier in the day was considering immediate representations to Berlin, it was said officially this evening the German government was not directly responsible for the slaying of the patrolmen, alleged to have been shot by "Austrian legion" Nazis for Germany.

Chancellor Kurt Schuschnigg and his foreign minister, Engel Engel Waldinger, left Budapest for Vienna after their two-day conference with Premier Jozsef Gombos of Hungary, giving the rumors that the conferences had been cut short due to the possibility of Austro-German tension growing out of the incident.

Their return, however, was enthusiastically received with plans quickly made, officials here stated, and had no connection with the border shooting.

The official version of the shooting, which occurred near the Austro-German border in the vicinity of Grot, was the border patrol suddenly was confronted by three men who opened fire before the Austrians had time to remove their rifles from a holster.

One of the guards was killed in the shooting. (Continued on Page 3, Col. 1.)

PARAGUAY OPPOSES CHACO PEACE PLAN

Troops Gather Forces Before Renewing Drive Against Bolivians

ASUNCION, Paraguay, Dec. 15 (AP)—Paraguay today declared that the League of Nations latest plan to end the Chaco war would fall as Paraguayan and Bolivian troops faced each other in a wintering here reaching 114 degrees in each place.

A memorandum filed in major military operations, while General Jose Estigarribia's Paraguayan troops gathered their forces preparing to renew the late season drive that has carried them to the western edge of the Chaco and the very borders of Brazil.

It was expected Bolivians, hopeful of an invasion of Bolivian territory would provide the finishing blow to the nearly three years of warfare, would lash out again at the retreating Bolivians within the next few days.

To official sympathy to the League of Nations proposal for "peace by Christmas," meanwhile, was added the open hostility of the president, the government here has not yet. (Continued on Page 2, Col. 1.)

BANKHEAD VOTE RAISES PUZZLING ISSUES FOR AAA

Demand for Compulsory Control of Other Crops Strength in Majorities for Regulation of Cotton

(By The Associated Press) (WASHINGTON, Dec. 15)—The Agricultural Adjustment Administration tonight had before it the task of answering puzzling questions raised by the nine to one vote in favor of retaining compulsory cotton control for 1935.

One was whether products of other major commodities would be answered yes or no, should they demand compulsory control in aid in keeping their production within bounds.

Secretary Wallace has said that the strong reason to extend the principle of the Bankhead cotton control act to other major crops. The vote on the measure, however, was so overwhelmingly in favor of continuation that officials decided the sentiment in favor of so-called registration was greater than even the late vote raised.

Approximately 2,000,000 farmers were eligible to vote in the election in 1934. The vote on the measure was 907,000 to 323,000 against.

It was in the League of Nations circles tonight that Italy may refuse to recognize the league's jurisdiction over her controversy with Ethiopia.

League officials forecast the possibility that Benito Mussolini might follow the precedent set in 1932, when Italy declined to admit the league's right to interfere in her dispute with Greece over the island of Corfu.

The Italo-Ethiopian issue, nominally growing out of frontier clashes between Ethiopian and Italian forces in Africa, was also attributed here indirectly to the clash of Japanese and Italian colonial interests in Africa.

Because Tokyo's withdrawal from Geneva was following the African dispute with the League of Nations, it was said that a report that Japan plans to send a military mission to aid Emperor Haile Selassie's army in Ethiopia. (Continued on Page 2, Col. 1.)

If We Meant What We Said Last Year

HUEY LONG AGAIN CALLS LAW MAKERS

Kingfish Asks for More Dictatorial Powers at Special Session

BATON ROUGE, La., Dec. 15 (AP)—Huey Long today ordered more laws for his dictatorship and political ally, Governor John H. Allen, immediately called the legislature into extraordinary session for tomorrow night.

And, said the dictator of the third year session of 1934, the legislators may need a little money for Christmas.

The call for the session enumerated a general subject of legislation to be handled within a 12-day limit, but politicians said the time limit was a mere device to force the kingfisher to call a special session.

Outstanding among the items of the group are a bill to regulate "power" of the group and authority of the Louisiana public service commission and for revenues therefor.

This was interpreted as more power for the kingfisher to force corporations and other public utility utilities which Long says are "too high."

Pre-Christmas Program The pre-Christmas program to be enacted into law by the legislature after leaving for Washington to re-introduce his tax on capital wealth in Congress.

Tak and liquor saloons, building expansion at Louisiana state university, including a "powerful radio broadcasting station, municipal law enforcement, state supervision over industrial pensions, elections, and authority to force corporations and other public utility utilities which Long says are "too high."

There was in addition suggestions of legislation affecting municipal governments and the Louisiana New Orleans where Long is striving to acquire out his foe of foe, Mayor T. Burmer Wainwright and Mayor of the regular service commission and annex New Orleans to the state political machine.

The state was stunned by the suddenness of the call and citizens speculated wildly over what new powers would be asked for the dictatorship of Long.

MORE MONEY AND NEW LAWS SOUGHT

WAR ON CRIME

Department of Justice Prepares to Request Congressional Aid as Part of Nation-Wide Drive

WASHINGTON, Dec. 15 (AP)—The justice department, mobilizing for a war on crime, today undertook to formulate a draft of new congress for more money and new laws.

Backed by a draft of public support, given at the crime conference, the department officials checked personnel and equipment and estimated funds needed to expand and improve the division of investigation.

Into law study obtained plans for a national school to train crime fighters. The school proposed would control of small firearms by registering buyers at stores where the weapons are purchased. He predicted such legislation would be submitted to congress.

Kennan said this would reduce crime by at least 25 percent and would result in the greatest round-up of gangsters in history.

Some expressed belief that the money would be apportioned to states and it was understood efforts had been made to get private support. The general opinion, however, was that congress would act to provide the money when a definite plan had been worked out.

Two Killed in Clash On Austro-German Border

(Continued From Page One)

It was stated, and the other died later.

At the foreign office it was admitted that some confusion concerning the causes of the incident still exist. A spokesman, however, said Austria had the assurance of Bavarian authorities that the incident was making vigorous attempts to take into custody the persons who did the shooting.

Efforts on the border were stepped up. Papan, German minister, to better relations between Germany and Austria have been seconded by Chancellor Schuschnigg, who has instructed newspapers to handle with moderation matters concerning the case, the fear politicians and the like.

COEUR D'ALENE LOAN BLOCKED BY COURT

Judge Cavanah's Order Restrains Borrowing for Power Project

BOISE, Dec. 15 (AP)—Judge C. C. Cavanah in federal district court Thursday issued an order restraining the city of Coeur d'Alene from borrowing public works administration funds for construction of an electric lighting and power system.

Judge Cavanah held the proposed loan was not within the scope of the national industrial recovery act.

The decision was the result of motion by attorney for Harold Leke, United States secretary of interior, to dismiss the suit brought by the Washington Water and Power company against the city and the public works administration.

Arguments on the question were held in Coeur d'Alene about two weeks ago.

A municipal election some months ago, Coeur d'Alene electors approved issuance of \$100,000 in bonds to finance construction of a diesel engine plant and a distributing system.

The power commission assailed the proposed transaction on the ground it was a violation of the spirit of the MIRA, contending the company would use its property without due process of law, and that the loan of \$137,000 was unconstitutional because in excess of the amount of the bond issue approved by the voters.

Judge Cavanah held that consent could not give the public works administration power to grant such a loan, since the industry affected is not engaged in interstate commerce.

Jaragin Murdered, His Widow Insists

LOS ANGELES, Dec. 15 (AP)—Rejecting the official conclusion that Jerry Jaragin, movie writer, committed suicide, his widow, Irene Franklin, insisted today he was murdered. She said she would take the matter before the grand jury.

Miss Franklin said she held "a definite suspicion" in connection with the murder theory but would not explain the statement. She indicated in excess of the amount of the bond issue approved by the voters.

Hubbell Attributes Hunting Accident To 'Private Jim'

SHAWNEE, Okla., Dec. 15 (AP)—Paul Sobie, Meeker oil well driller, was in a hospital last night suffering from gunshot wounds in the right shoulder accidentally inflicted by his small hunting companion, Carl Hubbell, New York Oklaho pioneer, also of Meeker.

Sobie tonight was given three morphine injections when it was found one lung had been punctured by the shot.

Hubbell was in a downcast mood and attributed the incident to a "private Jim" which he said, had been pursuing him all year.

"My hunting days are over," he remarked, "and when December ends I'll tear it from the calendar and figure the worst year of my life is over."

Hubbell came home after the baseball season to declare he was too tired even to attend the world's series, after a hard season in which he failed to keep up the high standard set last year.

EXPENSES OF MIRA LISTED AT BURLEY

BURLEY, Dec. 15 (AP)—MIRA officials report that 444 persons employed here have been paid a total of \$59,674 for work done under the relief plans at the close of the week ending Thursday, December 6.

The total number of hours employed was 99,075 hours. \$1,317.64 was paid out during the past week for direct relief.

Federal surplus relief forces are buying 200 cars of potatoes in Idaho under the direction of Harry Stark, chief of purchase section at Boise, according to W. W. Palmer, county agent.

Number two will be bought at 40 cents per hundredweight, delivered aboard cars. Spuds must be inspected, even-weighed and in good bags, though not necessarily new.

Those interested in making sales are asked to wire Yost. Sellers will be notified confirming the order and potatoes will be shipped within four days after confirmation. Growers will be given a notice as to when to load. In addition to the confirmation order and must have their shipments ready within twelve to four hours, after which the county agent explained. Many requests regarding the federal relief buying have been made at the county agent's office.

ADUCTOR'S BODY FOUND ON RANCH

Bullet Ends Life of Martin Hogan, Kidnaped of Theatre Man

YAKIMA, Wash., Dec. 15 (AP)—Two upshots in the state of the Bobank ranch two miles east of Sunnyside, the body of Martin Hogan, 23, abductor last Sunday night of Clarence Farrell, Ellensburg theatre man, was found yesterday.

Hogan was gripping one pistol tightly in his right hand while an automatic lay by his side. Two shells of the weapon in his hand had been fired. Deputy Sheriff Jack Runyan said, a ranch hand reported finding the body.

Union Recognition Denied Striking Miners

REPRESENTATIVES of Idaho workers of the Central Eureka mine at Jackson, California, were advised at a hearing before the state director of industrial relations that the mine operators would submit to arbitration if the men returned to work.

The operators, however, said they would not recognize a union. The concession of the Central Eureka does not involve the shut down of three other mines in the Mother Lode country because of wage and organization disputes.

FOUR DAYS OF FREEDOM

The ex-convict had only four short days of freedom. An individual, variously identified as Ernest Wallace, who had served a sentence in the county jail, and a youth, had forced Jailer Gus Lindeman at gun point to liberate Hogan Sunday.

Hogan was freed through darkened streets, they saw Farrell leaving his car and forced him drive at break neck speed over city roads, Hogan threatening to kill him.

His announcement followed a conference on the question with R. Walton Moore, assistant secretary of state.

PROSECUTORS WIN MAJOR POINT IN INSULT TRIAL

CHICAGO, Dec. 15 (AP)—Prosecutors won a major point in the embittered trial of Martin Insull late today when Judge Cornelius J. Harbo ruled they might drive into business records relied upon to show criminal intent.

Both sides had wanted the decision. A defeat for the prosecutors would have crippled their case, they admitted.

Pack of Wolves Pursues Trio in Nebraska Snow

ALBION, Neb., Dec. 15 (AP)—Followed by a pack of wolves, Miss Lucille Gaskill, Louis Metcalf, 77, and four-year-old Dakota Guldin, all of Albion, became lost and wandered for four hours in deep snow near Belgrade, Neb., last Friday night after their car stalled in a snowdrift. Friends rescued here. The temperature was below zero.

Waiting in snow until dawn, Miss Gaskill and Metcalf carried the child, nephew of the young woman, who they tried to reach at farm house two miles away in the Cedar river valley near Belgrade.

About a dozen wolves, they said, started following them soon after they cut across a field toward the farm home of Mr. and Mrs. William Hiltner, whom they were going to visit. Miss Gaskill is a sister of Mrs. Hiltner.

In hurrying and looking back at the wolves, which ventured as close as 10 or 15 yards, the trio became lost, and wandered about five or six miles but finally reached the farm house of Carl Anderson at 11 o'clock Friday night.

Several wolves still lingered around the house the next day. Metcalf and Miss Gaskill managed to reach the Hiltner farm home Saturday, but were snowbound there until last Wednesday.

The couple left Albion at 4 p. m. last Friday and their car stalled in the snow early in the evening. The young woman is a daughter of C. M. Gaskill, Albion newspaper publisher.

Defunct Petroleum Corporation 'Sold'

LOS ANGELES, Dec. 15 (AP)—The remains of the Julian Petroleum corporation were sold at auction in front of the courthouse yesterday. There was only one bid and the price was \$5,000—seven, not more.

Thus the pieces of the collapsed corporation, reporting in its official statement, the Suncoast Oil company will pass to control of the Sunset Oil company—a reorganization of stockholders—subject to federal court approval of the sale.

Only a handful of the 50,000 who a decade ago cherished visions of the quick wealth in the late C. G. Julian's glittering enterprise attended the auction, conducted by George B. Colby, special master appointed by the federal court.

The lone bid was by Paul O. Dronan, vice president of the Sunset Oil company, who offered \$5,000,000 in debentures of the reorganized concern for assets of the defunct.

UNIVERSITY FOUNDER DIES HOOD RIVER, Ore., Dec. 15 (AP)—John Edward Miller, 67, one of the founders of the University of Oregon, was buried here yesterday. He died Wednesday on his ranch at Dec.

In 1923 Miller came to Hood river to spend the rest of his life on a fruit orchard. He is survived by his widow, one son, John E. Miller, Jr., of Dunsmuir, Oklahoma, and three daughters.

A WORD FROM HENRY FORD. We expect to announce our new 1935 cars, and have them in dealers' showrooms where you may see and examine them, on Saturday, December 29th. Most of the improvements concern the riding qualities of the car. There is now more comfort both in driving the car and riding in it—and it was always a very comfortable car to drive. We have paid particular attention to the comfort of the back seat rider. The rear seat is now forward of the rear axle, so that all passengers ride between the axles. With new flexible springs, this gives what has been aptly described as "a front seat ride for the back seat passengers." Besides, it has permitted changes in the design of the body which have resulted in those lines of beauty so much in favor with automobile owners today. We have always had three fundamentals—Durability, Economy of operation and maintenance, and Comfort. Safety, of course, is taken for granted. The durability is just what it always was; no one needs to be told at this late date that Fords are built to last. The economy is even greater than before—an 8-cylinder engine with the economy of a four. As to comfort, however, there has been a very considerable advance, as I think you will agree when you have tried the car out. We built more than 20,000,000 cars previous to the V-8. We have built 1,300,000 V-8 cars. The V-8, we believe, is the proper engine for the low-price car field, which is our field. This 1935 car will be on display December 29th, with all details ready for your information. It is entirely probable that some of our prices will be lower than in 1934. We want them lower because we expect to build a million cars and better next year, and the price must be right. If the price is right, people will buy; men will go back to work; a thousand related businesses will feel the new impulse. At least, we are trying to make 1935 a busier, happier and more hopeful year. Henry Ford

THE COMMUNIST MENACE: The president of the National Junior Chamber of Commerce sounds a warning against Communism, as many of his seniors have done.

THE COMMUNIST MENACE (continued): His authority for this figure is not given. Arthur Brisbane says our registered Communists number only 30,000, and estimates all believers at about 200,000.

THE COMMUNIST MENACE (continued): Any way it is reassuring to learn from the young man that these radicals are planning to advance their cause through persuasion, "until the time for force arrives."

THE COMMUNIST MENACE (continued): Many of us are not much worried about the matter. A survey of the world shows that Communism in these last few years, even with the spur of world-wide depression and misery, has made little progress outside of Russia.

THE COMMUNIST MENACE (continued): Athelms, which bothers many, is often found in revolutions. There was a good deal of it in our own American revolution.

THE COMMUNIST MENACE (continued): It is not wise to fight Communism with violence unless it resorts to violence itself. Radical movements can usually be undermined by liberalism, as American Socialism has been.

THE COMMUNIST MENACE (continued): Communism thrives on idleness and misery, as it thrives on martyrdom. With ample work on farm terms, the menace will fade.

A GOOD CHRISTMAS: It looks like a good season for Santa Claus. He is feeling better than he has felt for several years.

A GOOD CHRISTMAS (continued): Business statisticians forecast the biggest Christmas trade since 1930. Retail trade has been rising all year, and naturally approaches a climax. Business indexes are generally good.

BETTER AUTO GUARDS: Millions of automobile owners must have wondered why, with all the wonderful progress made in automobile design and functioning, fenders and bumpers remain so primitive. There is inefficiency in the very

names themselves. The fender doesn't fend or protect the car; it merely serves as a mud-guard, and is always getting smashed. The bumper is supposed to break the force of a collision. In practice, it inflicts damage on other cars and doesn't properly protect its own car.

HOW TO PREVENT UNDUCE WEALTH CONCENTRATION

Figures just released by the federal treasury for 1933 show a sharp gain in incomes in the million dollar class, coupled with a falling off in incomes of \$500 and below, obviously an unwholesome sign.

THE COMMUNIST MENACE (continued): The real answer to the swollen fortune problem is taxation and Uncle Sam is on his way to put himself into a position to apply it, since "big capital is more heavily taxed in other countries and will not flee beyond our boundaries."

FREEMEN CLAIM THE GLORY

Serious minded Washington correspondents find that many of the minor government employes are puffed up almost beyond endurance because the Democratic administration was so strongly indored in the recent elections.

THE COMMUNIST MENACE (continued): The fact that the Democratic victory caused a lot of tomtoms and peevish to think they are turkey does not obscure the fact that in the rippling Republican days a lot of duffers from the alkies thought they were the glory of the day.

FEATHER-BEDDED

In some households there are never enough blankets and quilts to cover the family warm in winter, not because of poverty, but because of the excessive amount of covering used in the form of bedclothes.

During the daytime these same people will go about clad in such scanty clothing that one finds it hard to believe that at night they will be much better than poor little children.

This does not mean that it should be cold and uncomfortable in bed. The child who is made physically "soft" by the indulgence of an extra warm bed is often self-indulgent and in fact the necessary self-denial and inevitable hard knocks of daily life.

RETIRING JURIST HONORED BY BAR

Idaho Lawyers Honor Judge W. A. Babcock at Dinner Session

Three scores of Idaho's jurists and barristers, including two justices of the state supreme court, gathered at a dinner meeting here yesterday honoring William A. Babcock of Twin Falls who next month will retire after serving continuously for 20 years as judge of the Eleventh judicial district.

WILLIAM A. BABCOCK of Twin Falls, retiring after 20 years on the bench.

Chief Justice Alfred Budge, delivering the principal address, voiced the appreciation of the state bar for his distinguished service. Judge Babcock was discharged of the duties of his office fully, cordially and courteously. Justice Raymond L. Cliven also spoke briefly in appreciation of his honored colleague.

Arraigned and Sentenced Judge Babcock responded with an expression of gratitude after he was arraigned in business procedure and sentenced to spend "the remainder of your life in good health, happiness and prosperity" and accepted throughout the Eleventh district a civil disqualification as a jurist.

Judge Adam B. Barclay of Jerome, re-elected, and T. Bailey Lee of Burley, elected last November, to the judges of the Eleventh district, the coming four years, were introduced. Judge Babcock was not a candidate for reelection.

J. H. Barnock, Twin Falls attorney, delivered a humorous address on the judiciary, and Harry Bennett, Twin Falls attorney, and W. H. DeWitt of Hazelton, former state representative, staged an uproarious farce skit, the latter declaiming a lawyer's views of the legal profession while the latter made elaborate gestures for the speaker.

A program of music was arranged by Charles Shirley.

In memory of St. Ives As the first order of business, the meeting adopted a motion by John W. Graham, Twin Falls attorney, authorizing a contribution by the Idaho bar to a fund for purchase of a window in a French cathedral in memory of St. Ives, patron saint of lawyers.

T. Bailey Lee presided as judge at business proceedings in which Judge Babcock was arraigned and sentenced. John W. Graham, former law partner of Judge Babcock, was the prosecutor. Marlin J. Sweeney, Twin Falls was defense counsel, and J. L. Hodgins was the court clerk.

J. H. Blandford of Twin Falls, president of Twin Falls bar association, introduced speakers.

In charge of arrangements for the dinner meeting toward which bar associations of Cassia, Blaine, Jerome and Twin Falls counties, constituting the Eleventh district, cooperated, the following committee was named: James R. Bothwell, former district judge; Marlin J. Sweeney, Frank L. Stephan, Orr Chapman and John W. Graham, all of Twin Falls.

F.D.R. CALLS FOR STATES' ADOPTION OF NEW DEAL LAWS

(Continued From Page One) lions of dollars to already burdened budgets.

Tax Problem Presses Increased taxation in present channels and new subjects of taxation are favored for providing the cost of recovery in modern times. Others, considering that the tax burden has reached its saturation

point, incline to drastic reductions of government expenditures to compensate for the growing demands on the state purse.

Still a third group of legislators line a nice combination of the two, holding down inevitable tax increases by a consolidation of duplicating governmental functions.

New York state will need to raise \$150,000,000 in new revenue to meet last year's \$100,000,000 deficit and this year's slump in tax returns.

Lawmakers in Pennsylvania need an additional \$17,500,000 to balance their budget. The greater portion of this is designed for unemployment relief.

Deficit in California A nominal increase of \$72,000,000 in state revenue in California, if the budget is not to go out of balance on the basis of present hopes, does not include any relief expenditure, which conservative estimates put at \$15,000,000 for a total budget of \$28,500,000.

Increasing school costs and abolition of state property taxes has caused the prospective deficit. Retention of the sales tax appears inevitable with possible extension of its field.

Sentiment generally in the Middle West and West seems to be turning to the sales tax and the income tax with emphasis on the higher brackets.

Committees working in Oklahoma, Utah and Iowa have planned consolidation of duplicating state departments and overlapping county administrations to obviate the need for increased taxation.

In other states where control legislation is already in effect it will be up for revision. Pennsylvania, for example, will have action on her state monopoly set-up while in Indiana the package law will be under fire.

The war against crime, given added impetus by President Roosevelt's appeal, will loom large on the calendars of some state legislatures.

Seven states, Nebraska, West Virginia, South Carolina, South Dakota, Wyoming, Idaho and Utah, having repealed their state prohibition laws, are faced with the setting up of liquor control regulations.

Christmas Calls For Homemade Goodies

Spicy and pungent odors coming from the kitchen these days indicate that Christmas cookery is under way. The magic word "homemade" is never more appealing than when applied to holiday confections. Nothing ever seems to take the place of these cakes, cookies and candies.

A sufficient quantity of "goodies" can be made to last well into the New Year and with careful packing and storing in cool places they will remain fresh as long as needed and taste good to the last crumb.

Here are some favorite recipes:

Candied Grapefruit Strips (Pack in box covers) 1 grapefruit 1 cup sugar 1/2 cup water 1/2 cup orange juice 1/2 cup lemon juice 1/2 cup salt

Wash shells, add salt and 8 cups water. Simmer 20 minutes. Drain and rinse in cold water. Cover by 4 inches with cold water and simmer 10 minutes. Rinse in cold water and remove all pulp and white portion next to skin. Use scissors, cut into thin strips. Boil sugar in cup of boiling water 2 minutes. Add grapefruit and cook slowly until well glazed. This will require about 20 minutes. Remove a few strings at a time and roll in granulated sugar. Straighten out and dry on waxed paper. As soon as strings are cool, store in lightly covered container.

Fruity Fudge 1/2 cup sugar 1/2 cup chopped nuts 1/2 cup milk 1/2 cup chocolate chips 1/2 cup chopped raisins 1/2 cup chopped walnuts 1/2 cup chopped almonds 1/2 cup chopped vanilla butter

Boil gently, stirring frequently, sugar, milk, chocolate and butter. When soft ball forms when portion is tested in cup cold water, remove from fire and stir 20 minutes.

Peppermint Brittle 1/2 cup molasses 1/2 cup sugar 1/2 cup butter 1/2 cup vanilla 1/2 cup peppermint 1/2 cup nutmeg 1/2 cup cream

Mix molasses, sugar and butter. Boil gently, stirring frequently, until thick and clear. Add peppermint and nutmeg. Pour into shallow pan. Press nuts in this mixture and place on shallow pan. Bake 15 minutes in slow oven.

Peppermint Candy 1/2 cup sugar 1/2 cup butter 1/2 cup vanilla 1/2 cup peppermint 1/2 cup nutmeg 1/2 cup cream

Mix sugar, butter and cream. Boil gently, stirring frequently, until thick and clear. Add peppermint and nutmeg. Pour into shallow pan. Press nuts in this mixture and place on shallow pan. Bake 15 minutes in slow oven.

Home for Christmas—Miss Margaret Magel returned yesterday from Santa Coloma, California, to spend the Christmas holidays with her parents, Mr. and Mrs. Frank Magel.

Car Collision—A pick-up driven by Elia Allen, Eden, collided with a truck driven by Edson Durk Hansen, at the intersection of Elbowe street and Fourth avenue west at noon yesterday. Damage to both machines was slight.

At License Counter—Two marriage licenses were issued at Twin Falls county recorder's office yesterday. Applicants were William Hornaming and Myrtle Bowers, both of Kimberly; W. L. Bond and Nellie Mithven, both of Idaho.

Attend Funeral—Truman T. Greenhalgh left yesterday morning for Logan, Utah, to attend the funeral services of his father, T. A. Greenhalgh, who died in Logan, Utah, while visiting relatives there.

Car Stolen—Twin Falls county and city officers last night were on the lookout for a tan model Ford car bearing Idaho license 6H-5673. The car was stolen from Ernest Peterson at Dubl yesterday afternoon.

Condition Critical—BREMINGTON, Wash., Dec. 15 (By Victim of two heart attacks, Admiral Robert E. Coombs, U. S. N. retired, was in a critical condition at the navy yard hospital here tonight. Physicians despaired of saving the life of this 70-year-old, one-time chief of the U. S. fleet and former commander of the Pacific sound navy yard. He is a past commander of the Veterans of Foreign wars.

Admiral Coombs established his home here after his retirement in 1928.

Purse Stashed—Dick Pope, Hartman, informed police here yesterday that someone had snatched a

(Continued From Page One) without attention for weeks and sometimes months.

"The fund's methods of dealing with claims was irritating, inefficient and generally of the most distasteful nature."

"Correspondence with claimants and others was often irritating and offensive."

"There was found to be an excessive amount of litigation on claims, aggravated by the fund's methods."

"Slovenly" Records "The claim records were, in some respects, kept in a slovenly manner."

"There was a complete absence of many statistics vitally necessary to a properly organized claim department."

"There was a marked lack of prompt and effective investigation of claims."

"There was a marked lack of coordination between the field investigator in north Idaho and the Boise office, according to the divisions in the Boise office."

"There was no effective control of medical and hospital costs, which were rapidly becoming an unconscionable burden upon the fund."

Calls for Revision The report called for revision of present actuarial records, modernization of accounting practices,

elimination of "discourteous and irritating correspondence," changes in procedure in presenting claims in office management and in many other matters.

It was recalled that "the women's compensation law was enacted to provide ease and certain relief for injured workmen, and an industrial accident board was created for the

purpose (among other things) of providing, or at least minimizing, litigation by removing as far as possible its causes." But the board, "much against the expressed desire of the members has become merely a battleground for unnecessary litigation," the report continues.

Paris brought out in previous audits are revised, state laws in-

volved were mentioned and numerous corrective suggestions were included in the 1933 report.

In the financial statement including business up to December 31, 1933, there is shown a total surplus and reserve during 1933, there is \$200,000 in the catastrophe reserve, and gross assets are listed at \$1,100,000.

ROSS SEEKS COST OF INDIGENTS CARE

Governor Declares Present Old Age Pension Not Workable

BOISE, Dec. 15 (AP)—For his guidance in making recommendations to the legislature, Governor C. Ben Ross today asked Idaho's 44 county auditors for information regarding the cost of caring for indigent aged. He said his move was prompted by a letter received from an Illinois newspaper who is collecting such information from each of the states with a view possibly of introducing a measure in the near future to provide for aged indigents. "I feel," Mr. Ross said, "that the federal government should be held responsible for caring for unemployed. It is the federal government's policy to take care of the unemployed, so the federal government ought to care for the aged. It isn't fair. But when it comes to the indigents that is a federal matter. It should be on a state or federal basis."

EDEN JUNIORS STAGE ANNUAL CLASS PLAY

NORTH SIDE HIGHWAY CONSTRUCTION ENDS

EDEN, Dec. 15.—With the arrival of cold weather, construction work on the new North Side highway from Eden east through Hazelton has been practically abandoned until spring. The Hoops Construction company has removed most of the working equipment into winter storage during the past week. A large portion of the grading of the road between the two towns was completed prior to the arrival of the winter weather. Most of the culverts and siphons were also placed. A small crew of men has been working the past few days to complete some of the necessary work. Completion of the work is to be rushed early in the spring.

IRRIGATION BOARD MEMBERS RE-ELECTED

BURLEY, Dec. 15.—Members of the board of the Burley Black Canyon Irrigation district were re-elected here this week. J. L. Morgan of the Declo district ran unopposed and received 123 votes while J. W. Boddy defeated Richard Romberg, 123 to 87. The former carried all-voted daily. The board will meet on the North Side. F. J. Stevens of Acquia and George G. Brzel of Burley were elected. The board will meet at Jackson lake this week. Total 13 of an inch with snow increasing to 60.000 acre feet. Moran showed eight inches of snow. At American Falls a six thousand acre project is being carried out to total up to 137,000 acre feet Wednesday.
Late fall irrigation work and below American Falls dam has impeded the storage in that reservoir. Work is being done to clear the outlook is more favorable than the storage figures show. The Minidoka district is in the same position. It says its power district will allow the water users to pay a part of the construction costs of the Canadian project on the Payette river. It burdens the water users in the Minidoka district with an annual payment of \$20.00 without any provision for changing conditions.
Under the arrangement adopted as a result of the election, the water users of the American Falls reservoir district will make up any deficit up to \$100,000 which is provided by the district annually on its failure to pay \$50,000 from the sale of power. Considerable expansion of the power market would be necessary before any profits will accrue to the North Side.

IRRIGATION BOARD MEMBERS RE-ELECTED

BURLEY, Dec. 15.—Members of the board of the Burley Black Canyon Irrigation district were re-elected here this week. J. L. Morgan of the Declo district ran unopposed and received 123 votes while J. W. Boddy defeated Richard Romberg, 123 to 87. The former carried all-voted daily. The board will meet on the North Side. F. J. Stevens of Acquia and George G. Brzel of Burley were elected. The board will meet at Jackson lake this week. Total 13 of an inch with snow increasing to 60.000 acre feet. Moran showed eight inches of snow. At American Falls a six thousand acre project is being carried out to total up to 137,000 acre feet Wednesday.
Late fall irrigation work and below American Falls dam has impeded the storage in that reservoir. Work is being done to clear the outlook is more favorable than the storage figures show. The Minidoka district is in the same position. It says its power district will allow the water users to pay a part of the construction costs of the Canadian project on the Payette river. The following weeks are punctuated by a number of social events which will contribute brilliantly to the holiday season. Tentative plans of a few weeks ago have been permanently made, and definite dates established for all the major dances of the Christmas season. Paramount on this week's calendar are the O A club's program dance tomorrow evening at Radioland at nine-thirty o'clock; the twenty-fifth annual Charity Ball at the Elks' hall Wednesday evening at nine o'clock, and for the younger

group, the Sigma Delta Psi annual crystal ball Thursday evening at Radioland. All proceeds from the Charity Ball will go to the Elks' Charity Fund. Following are the more important events of the December calendar:

December 17—O A Dance, Radioland, formal.
December 19—Elks' Charity Ball, Elks' Hall, informal.
December 20—Sigma Delta Psi Crystal Ball, Radioland, semi-formal.

December 26—Zu Zim dance, Radioland, formal.
December 27—McF Alumnae dance, Radioland, formal.
December 28—Pan-Hellenic holiday dance, Elks' Hall, formal.
December 29—Tri-O Alumnae dance, Elks' Hall, formal.
December 30—Elks' annual New Year's dance, Elks' hall, informal.
January 1—Red Knight's dance, Shawland, Kimberly, formal.

SHETTY ENJOYS BRIDGE A LA SPANISH.
"No English Spoken" might well have been the placard over the door of the Kael home Friday evening when Miss Wilma Keel entertained her adult Spanish class at a bridge party. Upon arrival guests were given typewritten sheets containing bridge bidding terms in Spanish, and all conversation was carried on in Spanish. High score prize went to Miss Jean Sprague and low to Miss Lillian Farrar. Spanish music was featured in the busy cards and prizes.

Refreshments were served at smartly appointed tables. The Spanish music imported from the home brought back from Madrid by the hostess, formerly secretary to the consular attaché at the American embassy in Madrid, Goretta included.

Misses Florence Schultz, Gora Jensen, Lillian Lind, Jean Sweeley, Violet Adams, Jane Maxwell, Martha Farrar and Jean Sprague.

"BUTTONS-UP-THE-BACK" FOR COLORED FABRIC PATTERN 1934

by Anne Adams

When a dress that buttons up the back is fashion, adds a wide collar, capelet cuffs and a pleated jabot, the effect, as you can see, is something to stand up and cheer about. This frock is the latest slip through a slash and gives a gay air to the simple bodice—a neat belt defines the nicely rounded waistline—and the skirt, according to the dictates of the mode, is slim as a reed. For a bit of under-the-rust color, slits make it of bright diagonally woven wool with taffeta used for collar and cuffs. Or if you prefer, it is available in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28 and 30. Slip 16 laces 3 1/2 yards 19 inch fabric and 7 1/2 yard contrast ribbon. Send for step-by-step sewing instructions included.

Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and size number. BE SURE TO STATE SIZE.

Send for the new Fall and Winter issue of the Anne Adams Pattern Book and new in smart clothes. It takes you through the whole of fashion from fingerings to undergarments. Full containing some alluring new house frocks—and bearing in mind the needs of the younger generation, a FULLY OF BOOK FIFTEEN CENTS' BOOK AND PATTERN TOGETHER TWENTY-FIVE CENTS.

Address orders to The Twin Falls Daily News, Pattern Department.

Cardinals' Amazing Triumph Stands As Monument To Dizzy

Giants' And Solons' Failure, Cochrane's Record, Ruth's Farewell, Heydler's Retirement Mark 1934

EDITOR'S NOTE: This is the first of a series of eight articles re-telling the 1934 sports season. Others on the American Cup race, golf, tennis, racing, track, football and boxing will follow.

By JAMES B. BESTON (Associated Press Sports Writer)

NEW YORK (AP)—You may describe the 1934 major league baseball season with a single word—dizzy!

And the description is even better if you use a capital "D" for in the long history of professional baseball no season stands out as a monument to a single player as the 1934 campaign does to Dizzy Dean of the St. Louis Cardinals.

The collapse of the Washington Senators and the New York Giants, champions in 1933; the unexpected rise of first as a major league manager, Mickey Cochrane; the farewell of Babe Ruth; the retirement of President John Heydler of the National League; and the great record of Lou Gehrig were all unexpected, but Dizzy's accomplishment of winning 30 games in the regular campaign and two more in the world series remains the outstanding feature of the season.

But even the great Dizzy could not have carried the Cardinals alone. In the last month of the campaign his brother Paul took a regular turn on the mound and his winning streak which was topped by a no-hit run victory over the Brooklyn Dodgers.

Who dwarfed the Giants? Riddled by injuries, the Washington Senators slipped to the second division in the American League early in the campaign. Black misfortune continued to follow the team which youthful Joe Cronin had elevated to the league championship in 1933, his first as a major league manager. Cronin himself came in for his share of the bad luck, breaking his leg in the last month of the campaign.

The collapse of the Cardinals' collapse is not so simple. Leading the Cards by seven games in the first week of the last month, the New York club lost one game after another in the Polo Grounds, where they were supposed to be unbeatable. If the Giants were to slip, and the critics they would surely do so on the next road trip, but they managed to get back this all right only to see their tattered power vanish at home. Alton Ouse who tied with Jim Collins of the Cards for the National League home run title and his worst slump since entering the majors, and his teammates went down with him. In the last week of the campaign, when they still had a slight margin, the team's confidence was so completely shattered that defeat seemed inevitable. Meanwhile, the Cards were the final four game series with the Reds and took the lead as the Giants dropped the last two games to their neighbors, the Brooklyn Dodgers.

The Babe Passes On In years to come, it is probable that the baseball year 1934 will be remembered as the year in which Babe Ruth ended the final game of the most brilliant career in the history of the American League with the Yankees was memorable because of the tribute paid him in every city. The winter found the Babe in Japan with a team of American league stars, while newsmen concerned themselves with possibility of his leaving for the National League.

Perhaps the two most interesting figures in the American league campaign were Mickey Cochrane and Lynwood Rowe of the Detroit club. Put in a difficult position by an over-enthusiastic Detroit following who somehow believed the addition of Cochrane was sufficient to change the Tigers from a second division team into a pennant winner, Mickey did exactly as they predicted. The pitching of Schoenrock Rowe and the play of an infield composed of Frank Gehrig, Charley Gehringer, Bill Rengel and Marvin Owen, which played together in every game of the campaign except one, combined with Cochrane's play behind the bat and his leadership to give the Tigers an pennant.

Frick New National Prexy The retirement of Alton Ouse as president of the National League came as a distinct surprise, though he was known to have been in ill health for some time. His successor, 40-year-old Ford Frick, former English teacher and New York sports writer, was elevated to office on December 11 at the New York league officers.

Lou Gehrig grabbed the major league batting honors just as Dizzy Dean commanded of the pitching situation. Lou led the American league in batting with a mark of .352 in batting in 1934. In home runs 49, and in total bases, 409. He has now played in 1,564 games without missing. In the National League, Paul Waner of the Pirates topped Bill Terry in the batting column to lead the league with a mark of .362. Paul was also first in runs with 122, and in hits with 212.

The first stroke in what promises to be an active winter trading season was made by the Boston Red Sox, who took Joe Cronin away from the Philadelphia Athletics. Cronin was traded to the Red Sox for \$100,000. Griffith was forced to accept a policy \$100,000 exchange.

MARK down 1934 as an important year in the careers of these baseball men! Ford Frick is the new president of the National League, succeeding John Heydler, who resigned because of poor health; Paul Waner led the National League batting; Frankie Frisch managed and Paul and Dizzy Dean helped to pitch the St. Louis Cardinals to a world championship; Lefty Gomez led the pitchers in the American League, while Lou Gehrig won practically every American league batting crown in slight, and Mickey Cochrane, in his first year as manager, whipped the Detroit Tigers into first position in the American league.

Fred Perry Plans Long Rest at End of Australian Tennis Campaign

MELBOURNE, Australia, Dec. 15 (AP)—Despite his statement that his two recent defeats here were just "slips that pads in the night," Fred J. Perry of England, world No. 1 singles tennis player, apparently has reached a point of strenuous exhaustion after five years of strenuous campaigning.

A few weeks ago he dropped a match to Jack Crawford, top ranked Australian star, and two days ago he could do no better than win two games in three sets from Adrian Quist, Aussie Davis cup player, in the semi-finals for the Victorian cup.

His spirit and flesh still are willing but mentally the black-haired Briton is worn out. "Right now I can't even think clearly about tennis," Perry said, while O. P. Hughes, playing captain of the invading British team, added that Fred would take a long rest at the end of the present tour and wouldn't play again until the Wimbledon championships in June and the Davis cup matches in July.

Candescents Takes Opener of Season

Florida's 92-Day Racing Season Opens at Tropical Park

MIAMI, Fla., Dec. 15 (AP)—Florida's 92-day racing season opened today with the nerve-tugging thrill of a "one and two" final at the Tropical Park.

A concourse of 10,000 spectators, swarmed the grandstand and club house. Long lines formed at the partitioned windows and it was estimated \$100,000 was bet on the seven races.

Candescents paid \$5.50 on a \$2 ticket to win. A trunk outsider, J. Kovinsky's Marcella II, came through in the closing race to pay the longest odd of the day, \$25 to a \$2 ticket.

Net Association Demotes Shields

Sidney B. Wood Elevated to First Place in Eastern List

NEW YORK, Dec. 15 (AP)—Frank Shields' tennis stock, weakened by an unimpressive season this year, took its first fall today as the Eastern Lawn Tennis association, announcing its rankings for 1934, demoted the tall New Yorker to No. 2.

Shields' demotion in the eastern rankings, which places Sidney B. Wood, Jr. of New York at the head of a list of 23 ranked players, is expected to be followed by a similar reduction in his standing in the national "first ten," which he topped last year. Naturally, it is generally figured that Shields will drop to third place.

Berkeley Bell Advances The elevation of Wood to No. 1 vied for importance with the lift of Berkeley Bell, the erstwhile Texas firebrand, from No. 9 to No. 3 and the dropping of Gregory Mangin of Newark, N. J., from No. 2 to No. 4.

Bell staged a spectacular comeback on turf last summer and was going at breakneck speed until he fouled out of the Clifton matter in the national championship. Despite the defeat he was ranked a notch above Butler.

Mangin, admittedly a better player on boards than on turf, even lost his grip on his indoor game, dropping the national championship to Lester R. Bloeden, and generally had an "off" season, partly occasioned by an eye ailment.

'Pug' Fund Wins Football Trophy

Arkansas City College Claims 'Losing' Title

NEW YORK, Dec. 15 (AP)—Move over, Knox and Hobart; on the mourners' bench of football, here's a new claimant for the title of team losing most consecutive games.

More in sorrow than in anger Brian Coyne, sports editor of the Arkansas City, Kas., Daily Traveler, writes the Associated Press editor that Arkansas City Junior college completed a string of 23 consecutive losses, one more than old St. Louis and two more than Hobart, this fall and then started their own streak by losing its last two games of the season.

Coyne's letter said in part: "I notice that Knox college of Galesburg, Ill., has been given credit for a national record which does not belong to it, a record of losing the most football games in a row."

"Not that we consider it any great honor but I think you ought to know that the record belongs to Arkansas City, Kas., Junior college, which lost 23 consecutive games. The losing streak began in the season of 1931 and was ended this year with a 6-0 victory over the Chilocco, Okla., federal high school."

PAUL COURT TEAM Noses Out Malta Invaders Scare Champions Only to Lose, 18-16; Paul Girls Win

PAUL, Dec. 15—Malta high school basketballers threw a scare into Paul hopes for a second consecutive South Central Idaho championship here Friday night, but the locals finally pulled out of the slump and went on to an 18 to 16 victory. In the curtain-raiser the Paul girls downed the Malta sextet, 31 to 21.

Rich, finally Paul forward, took high score honors with ten points while Smith led the Malta attack with six.

Paul led throughout in the girls' game and its half ended in a 10 to 10 count.

Calland Quits As University Of Idaho Football Coach
Louisiana State Gridders Defeat University Of Oregon, 14 To 13

Resignation Follows Demands Voiced By Dissatisfied Alumni

President M. G. Neale Notified Of Grid Mentor's Action In One-Sentence Telegram From Riverside

MOSCOW, Idaho, Dec. 15 (P)—Leo Calland, for six years football coach and director of athletics at the University of Idaho, telegraphed his resignation, without explanation, today to President M. G. Neale of the university from Riverside, California, where he went after the meeting of Pacific coast conference coaches and graduate managers this week.

"I heartily tender my resignation as director of athletics and football coach at the university at Boise, Monday."

Calland, one of the greatest guards ever developed at the University of Southern California, came to Idaho in February, 1929, after having been freshman football and varsity basketball coach at Southern California. He was given a three-year contract, which was renewed in January, 1932.

Despite the fact Idaho has been consistently the "underdog" in Pacific coast conference football, having won only five conference games during the six years that Calland coached the team, he was held in high esteem at the university and by alumni for his work with intra-mural and non-competitive athletics and physical education.

Alumni Demands New Staff
Alumni dissatisfaction with Calland's football teams, however, reached the point this year where demands were made that a new coaching staff be employed. The alumni pointed out that Idaho teams have succeeded in defeating only Montana five times in Pacific coast conference competition. Calland was more successful, however, in non-conference competition, winning 14 games. In all, Idaho won 19 games and lost 23, of which 25 were conference games, under Calland. The nearest Idaho came to winning a conference victory since from those over Montana was the 9 to 8 defeat suffered at the hands of Washington State college in 1931.

Calland succeeded Charles Erb, a member of Coach Andy Smith's California "wonder teams" of a decade ago, as coach at Idaho.

SANTA ANA, Cal., Dec. 15 (P)—Leo Calland said here tonight that lack of cooperation from alumni caused him to resign as football coach and director of athletics at the University of Idaho.

"There appeared no future there for me," said Calland. "The cooperation of students and faculty was excellent, but I did not receive the support desired from the alumni."

"My resignation is final. I am now considering two or three offers, one in California. I expect to remain in southern California, at least until after the Rose Bowl game New Year's day."

Calland said he was not ready to say what offers he was considering.

Western Eleven Outclasses Foe In First Half

Southerners Overcome Two-Touchdown Lead to Nose Out Webfoot by Narrow Margin of Extra Point

By QUINCY EWING (Associated Press Staff Writer) BATON ROUGE, La., Dec. 15.—Snapping back with scoring thrusts after being outclassed for nearly half the game, Louisiana State University's gridmen overcame a two-touchdown lead today to shade Oregon 14 to 13.

The accurate extra-point kicking of Ernie Sengo, plus an Oregon decision that put misjudged Hain in a pass instead of a kick for conversion, directly accounted for Louisiana's triumph. From the first play until the midway of the second quarter the Louisiana were subjected to a power battering and a dazzling air attack that made them look bad. Sengo's punts, however, were playing smart fast football, and led by the dashing back, Mitchell, and Van Vleet, hammered and passed to touchdowns in the first and second periods to lead LSU, 14 to 0.

After their first touchdown, which came when Mitchell skidded around left end for three yards after an air bombardment and line smothered the ball in striking range, the Webfoots tried to pass for the extra point instead of kicking.

A pass by Van Vleet fell dead behind the goal.

Races to Goal
Early in the second period, Van Vleet, as if to make up for the missed point, broke through left end for a 14-yard touchdown. The line and dedged State tacklers to the goal. This time Walker, substitute end, kicked the point.

Then Captain "Duff" Jones, State coach, after sending in his reserve who kept the Oregonians at bay for a while, gave his first stringers some pointers and shot them back in. From then on it was a different game.

Mitchell began "kipping" passes to Barrett, B. U. and end crack receiver, and worked the ball to the 4-yard line. From there Mitchell slipped a fist one to Barrett over the line and converted.

With the game end nearing, and with Mitchell out, Patterson tore through left end for 39 yards and a touchdown that knotted the count. Sengo came through again with an extra point, and the game was won.

Oregon had the better of it in first downs, 14 to 12.

The lineup:
OREGON: E. F. B. Eagle, L. T. Carter, H. G. Frye, R. T. Herdian, Q. B. Morgan, L. S. U. Walker, R. H. Walker, E. F. B. Eagle, L. T. Carter, H. G. Frye, R. T. Herdian, Q. B. Morgan, L. S. U. Walker, R. H. Walker.

Bay Meadows Race Richest In History Of California Turf

\$25,000 Handicap Nearly Doubles Highest Stakes Offered During State's Golden Racing Era

By RUSSELL J. NEWLAND (Associated Press Staff Writer) SAN MATEO, Cal., Dec. 15.—California will revive the color and turf pageantry that was traditional with another horse racing generation with the running tomorrow of the \$25,000 Bay Meadows handicap, richest in the history of the state.

The only mile and one-eighth feature, climaxing the first meeting of the new Bay Meadows track, will pit 12 outstanding thoroughbreds and America's greatest jockeys for a purse that nearly doubles the highest stakes offered during the golden turf era from the '80s to 1900.

The last big stakes race in the state was the Burns handicap at Los Angeles, 24 years ago. It was worth \$15,000 and was won by King James, the winner's share being \$1,800.

Until the \$100,000 Santa Anita handicap is run off at Carondelet next February, the Bay Meadows feature of tomorrow will be the most valuable this state has offered.

Top Row Again Favorite
On the basis of a reasonably fast trip, Time Supply and Azeux, otherwise considered unlikely starters, were expected to be at the post. For the same reason Top Row, holder of the world one mile and one-eighth record, was considered a favorite in the overnight odds.

Top Row, by Penna and out of Top High, cut one-fifth off the listed record for a mile and one-eighth a week ago with a clocking of 1:42.

Muzique Peters, leading jockey in the country this year, was slated to have the leg up on Top Row at 106 pounds and this combination found the A. A. Baroni three-year-old heading the field at odds of 3 to 1.

Normalites Fall Before Onslaught Of Tiger Quintet

U.I.S.B. Five Takes Second Game of Series, 48-23; Burley Bobcats Crush Albion High Team, 23-9

ALBION, Dec. 15.—University of Idaho, southern branch, court artists made a clean sweep of their two-game series with the Teachers of Albion State Normal school here tonight by smothering their opponents with a barrage of baskets to win, 48 to 23. In the preliminary encounter Coach "Dabe" Brown's Burley Bobcats trounced Coach Wes Shurtliff's Albion high school team by a 20 to 9 score.

During the first few minutes of play things looked as if the invaders would have something to worry about as the Normalites showed their court at three-a-1. However, the branch quintet soon started popping them in from all sides and by half time had rolled up an impressive 19 to 1 lead.

Coach Guy Wicks then sent in a gang of Portacello reserves who played most of the remaining portion of the game to hold the Teachers on even terms. Virtually every man on the Albion squad also set action during the final minutes of play.

Halo High Scores
Hale, Tiger forward, was the high scorer of the game with 12 countouts. He was followed by his team mate, McDermott, branch center, and Brown, Normal forward, with nine each.

Burley had little trouble in capturing the curtain raiser as soon as Jack shooting netted an 8 to 1 lead at quarter time. The Bobcats kept up this furious pace and when the whistle sounded for the half the count stood at 13 to 3.

Burley continued to bang onto the ball in the third canto and with the count at 19 to 3 as the third quarter ended, sent in three reserves. Albion outscored the Bobcats 4 to 1 in the final frame.

Premiad, lowering Burley center, and Keaton led for second honors with five each. Amanda, Sears, Macfarlane and Newman each dropped in two for Albion.

Red Grange Ends Gridiron Career

Nagurski Leads Bears to 28-14 Win Over Eagles of Philadelphia

PHILADELPHIA, Dec. 15 (P)—Red Grange's advertised last gridiron gallop turned out to be just a romp for Bronko Nagurski and a couple of other Chicago Bears backs today as they punched out a 28-14 win over the Philadelphia Eagles in a post-season professional football struggle.

While the one-line galloping ghost of the Illinois was playing catch on the sidelines, Nagurski, who had a more or less average performance, Nagurski led a four-touchdown parade in the first three quarters, after which the Bears proceeded to relax and give the Eagles a chance to make good in the closing minutes.

Hawaiian Football Team Wins Over Denverites, 36-14

Pioneers Will Under Tropic Sun While Rainbows Unleash Smoothest Performance of Grid Season

HONOLULU, Dec. 15 (P)—Flashing a power and aerial offensive, the University of Hawaii overwhelmed Denver University, 36 to 14, in their football game here today before the largest turnout in Hawaii's gridiron history.

Nearly 20,000 fans, sitting in warm sunshine, saw the Roaring Rainbows of Hawaii unleash their smoothest performance of the season to turn back the mainlanders. The Pioneers, who left the Colorado campus already touched by snow this fall, were at a disadvantage over the Hawaiians, converted four tries for extra points and booted their total 20 points with a safety. The Pioneers put over two touchdowns and made both extra point tries good.

didn't have a good year in 1934, but if he comes back next season the Indians ought to win the pennant—if the strongest club ought to win."

And why didn't he expect the Tigers to repeat?

"Everybody had a good year for Mickey Cochrane," he said. "That's what made it possible for the Tigers to win. If anything had happened to the infield, they couldn't have won. It was these infielders all clicking at once that gave Detroit the championship."

"The Boston Red Sox, despite Tom Yawkey's lavish spending, 'won't go anywhere' he predicted.

The race for the 1935 American League pennant, the Rajah thinks, will be "wide open."

Law To Protect 'Black Ram' Teton Proposed

CODY, Wyo., Dec. 15 (P)—The "Black Ram" Teton may be perpetuated in legal enactment.

The big buck occasionally sighted on the rugged crags of Jackson's Hole, as much an outlaw as the brigands who used to infest the mountain hideouts, would be made safe from hunters if the Dude Ranchers' association succeeds in enactment of a law to be proposed to the Wyoming legislature next January.

The ram is easily distinguishable by a coat of wool much darker than that of the ordinary sheep. Hunters have approached him quite close to him but the animal's intelligence seems to give warning of his presence as he senses approaches with firearms.

Mineral shares expanded previous gains moderately for no obvious reason in the day's news, although they have been in speculation for some time because of the rise in prices of gold and silver.

WHEAT DECLINES IN FLURRY OF SELLING Setback More Than Wipes Out Gains Registered Earlier in Session

By JOHN P. BOUGHAN (Associated Press Market Editor) CHICAGO, Dec. 15 (AP)—End-of-week selling flurry late today much more than wiped out price gains accrued earlier both by wheat and corn.

Wheat in Chicago closed weak about the day's low point, 1 1/4-1/2 cents yesterday's finish, May 87 1/2-1/2; corn 1/2-1/2, down, May 85 1/2-1/2; oats 1/2-1/2, and provisions variously 1/2-1/2 cents to 3 cents.

Market Weak at Outset A tendency to sell showed itself at the outset in Chicago wheat markets going to the fact that Liverpool quotations followed only in part yesterday's rise at the end of the week.

ACCIDENT VICTIMS AWARDED DAMAGES

Jury Gives G. C. Hendrickson \$1530; J. W. Porter \$335

Willie Willis by Robert Quillen

A jury in the district court here has awarded damages to Willie Willis to G. C. Hendrickson, attorney, from a negligence company of Seattle, on account of injuries received when the car in which they were riding with three other Twin Falls men was allegedly forced off the highway near King Hill the morning of August 15, 1933, by a caravan of touring cars belonging to the Gallagher company.

The jury reached a unanimous agreement after nearly 10 hours of deliberations, marking the conclusion of a three-day trial.

Porter received a broken plate and collar bone, sued for \$2887 and was awarded \$1530. Willis, who suffered a fractured arm and wrist, sued for \$1033 and was awarded \$335.

Captain Ralph E. Leighton, former Twin Falls police chief, who drove the car that was allegedly forced off the road, sustained a skull fracture and is pending in the federal district court an action for damages from the Gallagher company.

Welfare Clearance Association Suggests Gift Lists for Needy

"Do you as organizations or individuals wish to adopt a needy family, an elderly person or a child for the holidays?" is the question asked by the welfare clearance association as Christmas approaches.

Since the clearing house has been set up, 30 families have been placed with various organizations, and there are many more in need of special assistance. Mrs. Dorothy Reynolds announced last evening. In order that no duplications may arise, all plans to assist needy individuals or families are asked to communicate with the clearance association, with headquarters at the city hall. The association also wants information concerning persons in need of aid.

What They Need One woman, ill for the past several weeks, is sleeping on a bed without springs. The mattress rests on boards and is uncomfortable.

Among the gifts already received for the expected infant, Bell selected one and took it to the hospital with him. It was a tiny pair of boxing gloves presented by Max Starr, the heavyweight champion, who evidently expected the youngster would be a boy.
