EFFORT TO SLASH HUGE RELIEF BILL WORRIES LEADERS

Fight Over Economy Move To Reconsider 'Prevailing Wage' Amendment

WASHINGTON, Feb. 11—Administration chiefs were concerned tonight over another Democratic effort to chop a two billion dollar chunk off the \$4,850,000,000 relief bill despite a bolstering of White House hopes along other lines.

The senate appropriations committee, in which the bill has been watched for more than two weeks in argument and debate, gave the administration its hopeful sign by voting to 'reconsider' the 'prevailing wage' amendment adopted last week.

Representatives Wallgren and McNair, Washington Democrats and Democrats from Oregon, described a death-dealing attack which might be launched against the area and declared it could not be stopped with present defense facilities.

Before deciding to defer a final vote, the committee heard a report from the War Relocation Authority, which estimated it would cost \$240,000 a year to house 10,000 evacuees.

Several additional amendments were written into the bill today, but they were not discussed in the committee.

House Quiz Finds Discrimination, Waste In IERA

Discharged... Operating Expense Called Out Of Proportion

BOISE, Feb. 11 (Discrimination in hiring on Idaho emergency relief bill was found by the House committee charged with investigating the IERA.)

The chief executive gave no reason for his action, Meredith said, but he said he had no intention of making a 50 per cent reduction in them and in the number of employees.

WE COMMEMORATE

The security that we hear so much about these days had no part in the life of the Emancipator whose birthday anniversary is commemorated throughout the world today.

Born and reared in poverty, self-taught and grievously bereaved and disappointed, Lincoln was one who knew well the seamy side of a career that was storm-tossed from its beginning to its close. Yet he was not bitter. Tribulations but deepened his sympathy and broadened his human understanding.

In an earlier birth Lincoln might still have been great. This is not an argument against his worthy desire of men to gain security for themselves and their loved ones. It is intended only to point out that essential worth in men, like gold, is where you find it. The capacity for greatness is not bound by circumstances.

THE TOLL OF THE ROAD

It may be that the time will come when applications for life insurance will contain the question "Are you in the habit of riding in automobiles?" Just as they now carry the same query in respect of airplane travel.

Twin Falls has been called upon many times of late to offer its condolences or at least its sympathy to victims and stricken relatives as a result of automobile accidents and the worst feature of the situation lies in the fact that there is apparently no way of guarding against them. The long and short of the matter is, automobile riding is becoming a dangerous occupation and one which should be so regarded.

Time was when a majority of all auto accidents were caused by defects in the cars themselves. This is no longer the case. Automobiles today are far safer than they used to be. But the human equation is as weak as it ever was and the percentage of accidents due to incompetence, carelessness or worse is just as great as ever.

If there is an answer it is perhaps to be found in the proposition of some sort of penalty or punishment for the one responsible. There are such things as unavoidable accidents but there are many others easily avoidable through a decent regard for the rights of others on the highway and a common willingness to practice a reasonable degree of caution at all times.

MEN MAKE GOVERNMENT

Discussing the wave of interest in the one-house state legislature which has arisen since Nebraska decided to try the experiment, the Cedar Rapids, Iowa, Gazette makes a pertinent statement.

"Experience in the municipal field seems to show that forms of government are less important than the men who are inserted into the forms. Men of high caliber can make any form of government work fairly well; men of low caliber can make any form look bad."

There is a lesson in that for the voter who thinks his duty is done when he has cast his ballot and doesn't pay much attention to civic affairs between election days.

PROFESSING THE WRONG DIRECTION

Prophets a quarter of a century ago forecast airplanes flying a hundred or more miles per hour, carrying mail and passengers; 20-horse power motor cars selling for \$500; women participating in our national government and many other events. None of the prophets, however, could look far enough into the future to foresee war and economic disaster that followed.

The soothsayers saw the formation of the boom period. They foretold the great war of the present. They foretold the collapse of the whole world. Some of the more timid ones predicted that "it cannot last," but they were unable to hint the time the crash would occur. In other words, most of them had good hindsight, but very poor foresight. If they had had foresight powers they might have prevented the distress and suffering which the boom period has entailed.

"THE THUNDERER" AT 150

Few newspapers have lived to the age of 150 years. The fact that the London Times has achieved this distinction, as recently announced by the editor, is because that through every national vicissitude, each passing cloud over England's progress, it has held the confidence of its readers. It has never stood aloof from all interesting events; it has always been in the main, the opinions of England's thinking people. It earned the title of "Thunderer" because it generally has thundered against the wrongs that have threatened the British social system.

While recording history, the Times also has made it. It was the first European newspaper to discover that the need of its allegiance to the public and not to kings or politicians. It demonstrated that to succeed a newspaper must not be a servile tool of government, but must express the independent opinions of the qualified men who have served it as editors.

In this way it became one of the great European authorities, outranking kings and potentates and inspiring Burke's famous phrase, "the fourth estate," which in turn Carlyle called the greatest of all social and political powers.

OBJECT: MATRIMONY

This said that King Zog of Albania seeks a bride, preferably an American girl with an income of one million dollars a year. She must also possess ability and charm but most emphatically—a million-dollar income.

Poor Zog, we fear, is late by about five years in instituting his matrimonial quest since rich American plums of this sort are now reported to be hanging high over King Zog's kite. Any number of American girls could be worth at least a million dollars a year—as a credit against Zog's debt—but when it comes to a cash income along with a girl such as Zog desires, we are suspicious that one individual already has beaten him to it.

What's more, Zog soon will have plenty of competition in this country if Huey Long succeeds in making every man a king, as he says he will. And since those who are not kings are to be poor, it is not surprising that a living may also be found—frankly bidding for incomes even as low as \$200 a month on the Townsend scale, what chance has Zog for an American girl and a million?

RICKS COLLEGE AGAIN

Just why the house of representatives in Boise should vote to accept Ricks College at Redding and appropriate \$400,000 for its maintenance for two years is difficult to understand. It is also difficult to understand why Representative Albrechtsen voted for the proposal.

It is pretty well agreed that the educational system of this state is already top-heavy, with too many institutions of higher learning to support. To add another one would be a serious burden.

Under present conditions the citizens of Idaho are driven to extremes to keep their children in school open in order that children may have the rudiments of education at least. It is a grievous burden and the solution of the problem calls for the best ability in the state.

For the legislature to add to the burden, to render the school problem still more complex, to load the state with another costly institution, and to deprive young children of their brightest in the way of getting an education is unthinkable.

Surely the senate will vote against this piece of folly.

BREAKFAST FOOD

"There goes the only woman I have ever loved," commented the doctor who was chatting with the doctor at a Teachers' conference at the Cathedral, London.

"Why don't you marry her?" the doctor man inquired. "I can't afford to," whispered the doctor. "She's my best patient."

Whereupon Madam, also facetious, countered with: "Gentlemen, my husband, a poorer thing, but mine own."

Schoolmaster: "Now, Willie, if the earth is flat, can you hang clothes on it?" Willie: "Yes, sir. That's good. And what sort of clothes, Willie?" Willie: "Imaginary clothes, sir."

JOB FOR THE TRANSLATOR

One of the best stories I have recently heard is that told by Mr. A. J. Fisher, warden of New College, Oxford, and former secretary of the education committee of the other day. He said that a friend of his, a great Greek scholar, when visiting a woman's college in the United States, was asked to translate for her the institution the commission of translating their college motto into Greek. He most courteously agreed and then asked what the motto was. It was placed before him and he read the words: "Pep without purpose is piffle."

SAPPING—Breakdown-of-hopes and plans has brought the American Federation of Labor to a crisis. It has failed to capture control of labor—the failure has caused it to retreat in disheartening terms from the government and industry. Internal pressure, personal rivalries, checks by industry and now the refusal of the government to regard the AFL as kingpin of labor are combining to weaken the Federation and to bring about the termination of its position as its vital chief.

These facts are now leading out in spite of efforts of Federation leaders to keep the situation quiet. The political and industrial forces that oppose the aims of the Federation are seeking ways to increase its weakness or weaken it still more if possible, before the showdown on recommitment of the new NRA.

OVERLAY—President William Green miscalculated the situation when he figured that under enactment of Section 7A and discriminatory interpretation of that section in general, the Federation would increase its membership to 10,000,000 or even 20,000,000. For a time the Federation, including its political arm, James A. Farley, believed that Green was right.

When the failure of the Federation to gain strength at the expected rate began to dawn upon its leaders and upon industrial and political circles, the Federation's leaders substituted bluff for actual plan. Industrial managers discovered that they dared make a stand, in factories and in court. NRA executives revealed that the Federation in some cases was oversteering its strength.

GAPS—The time came for a showdown on the automobile code. Alfred P. Sloan, head of the General Motors and Chrysler factories on the following Monday morning. Nothing in the world was to be done by the President in favor of the Federation. He extended the code. He was advised to do so by Donald H. McGarvey, the ablest of fact.

President Green and John L. Lewis in harmony for the general aims of the Federation, but they are at the same time deadly rivals for the dictatorship. Lewis has gradually gained strength. Green's expenditure for the general Motors and Chrysler factories on the following Monday morning. Nothing in the world was to be done by the President in favor of the Federation. He extended the code. He was advised to do so by Donald H. McGarvey, the ablest of fact.

OMINOUS—Both Green and Lewis savagely attack Ribicoff for refusing to grant the Federation's demands in cases wherever they conflict with the interests of industry. The attack is not so dangerous as it would have been if it had been made by the President. The Federation aims before AFL leaders that they are headed for failure.

The Federation is a powerful influence in Washington which has induced Ribicoff to extend a series of bills which have not become general laws. Some of these bills are: a bill to create a new position of industrial workers on a pay scale; a bill to create a new position of industrial workers on a pay scale; a bill to create a new position of industrial workers on a pay scale.

BORAH WANTS HEARING FOR TOWNSEND PENSION

Senator Borah, deeming the administration's old age pension bill "wholly inadequate," is in favor of "bringing out the Townsend plan for consideration," he declared in a letter last February 8 in reply to a letter from the Townsend plan committee in Twin Falls. The senator's letter said:

"I am in receipt of your letter relative to old age pension legislation. The administration's bill covering old age pensions I think the bill is wholly inadequate. I am in favor, therefore, of bringing out the Townsend plan for consideration."

"I had a talk on January 31 with Congressman McGowan, who introduced the bill in the House, and we went over the matter of how to get the bill out of committee. As you know, the bill is in the House where it must originate as it deals with the question of taxes and revenue. The plan is to get 25 members of the House in order to bring the bill to the floor for consideration."

"I shall assist in this matter in every way I can. I am in favor of the Townsend plan. It will be difficult, therefore, to secure its consideration but I hope it will be possible to do so."

CREAMERY MEETING TO DRAW DAIRYMEN

JEROME, Feb. 11—Several hundred dairymen of Southern Idaho will assemble in Jerome Tuesday for the twelfth annual meeting of stockholders of the Jerome Co-operative Creamery. A. H. Lauterbach, director of the dairy division, agricultural adjustment administrator, Washington, D. C., will address the dairymen on "General Dairy Problems at the Present Time" in Jerome commencing at 9:30 a. m.

Five directors, representing the Burley, Twin Falls, Eden-Hartwell, Gooding and Jerome divisions are to be elected at the meeting. D. E. Smith, general manager of the company, announced in Jerome Monday that a "widespread program of creating features will compose the day's program."

More than 3,000 members, located in Jerome, Twin Falls, Minidoka, Cassia, Blaine and Blaine counties, comprise the membership of the company. Dairymen of Southern Idaho are issued a cordial invitation to attend the annual meeting of stockholders of the company.

PRISON TERM IMPOSED FOR MURTAUGH THEFT

Yordan Davis, 36, of Boise, must serve 180-day term in the B. D. Prison for his part in an alleged burglary at the T. W. Wuchter hardware store at Murtaugh the night of last January 23. Judge Adams of the district court here yesterday.

Davis, arrested and brought back from Ogden, Utah, had previously pleaded guilty to the charge. He was arrested on a charge that he was a burglar in the Murtaugh store. He was arrested at Bell of Twin Falls, was arrested last week at Canyon City, Colorado, and he held there a full charge of automobile theft, according to word received at the sheriff's office here.

BEDS HOLD CHIEF INTEREST

Walnut pieces harmonize with flesh-colored walls and make the bedspread. Then, since the room is not large, and as Emma B. The carpet is also white with blue and yellow appearing in the fabric on the chair at the right. The highboy, dressing table (not shown in this view) and chairs are of walnut. CONOCO USES SPACE Newspaper advertising will again form the backbone of Continental Oil company's 1936 sales promotion program, the largest in the history of the company. It was announced here yesterday by Jack Zeinen, Conoco local manager.

"Proof-of-the-value-of-newspaper advertising, backed by quality products and outstanding service," said Zeinen, "is seen in the fact that our company during 1934 showed a gain of 65 per cent in the sale of Conoco brand processed motor oil as compared to the previous year."

"As a matter of fact, Conoco's gross sales in 1934 were better than for any year since 1929—a fact that leads us to believe that general business conditions are definitely on the upgrade. This year marks the sixtieth anniversary of Continental Oil company, and we expect 1935 to be the best in our history."

NORTH SIDE FARMERS GET CORN-HOG CHECKS

JEROME, Feb. 11—Corn-hog payment checks totalling about \$15,000 will be distributed this week to Jerome county contract signers, D. E. Smith, Jerome county agricultural agent, announced today. MAN JAILED AFTER RACE WITH POLICE

Alleged Car Thief Picked-Up by Owner of Machine Stolen, Recovered

BURLEY, Feb. 11—Orville Robinson, 30, was arrested here and lodged in the Cassia county jail Sunday morning after he had been caught on his own downfall. He was charged with the theft of an automobile.

The chase started at Burley and ended at Burley, but Twin Falls officers drove their share of the excitement in the meantime.

The officers began the chase shortly after two o'clock Sunday morning when the car of Dan McFarland, Salmon, was reported as stolen from its parking place on the street in Burley. The Twin Falls police were notified. They sighted the car on the Kimberly road as it entered Twin Falls and gave chase.

Constable Leo Menzies, who was driving the car, was picked up by officers near Murtaugh, enroute from Twin Falls here. McFarland stopped about a mile north of Burley. The hitch-hiker and upon reaching Burley the hitch-hiker, Robinson, was apprehended by officers on being one of the men who originally took the car.

Robinson, after another chase, was being reported by officers to have abandoned the car and to have implicated another man who was still at large. He, however, later repudiated his story and maintains innocence.

SMART TO LOOK AT AND GRAND TO WEAR

PATTERN 3071

by Anne Adams

There are a number of reasons for falling head over heels in love with this hood-sleeved "First of its kind" being its good looks. Beautifully tailored, it gives furthermore an appearance of comfort and freedom. The "first of its kind" is in its big success lies. The skirt that wraps around makes it easy to get into, eliminates the necessity of wearing a slip, and permits of waistline and skirt being adjustable to your figure. Whether you're anticipating happy events or gaining or losing weight, or just want to thoroughly enjoy your morning's work, here is a real dress. You might like it in a small coat or pin check cotton.

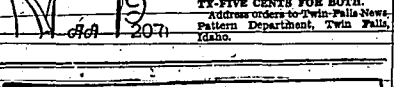

Pattern 3071 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100.

Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write your name and home address. PATTERN 3071.

BE SURE TO STATE SIZE. Send for your copy of the ANNE ADAMS PATTERNS.

Crowded with exclusive patterns for the child, the young girl and the teen-ager. The Valentine's CENTS BUT WHEN ORDERED WITH ANNE ADAMS PATTERNS.

SUSPECT HELD IN EXTORTION PROBE

Sheepman Receives Threatening Note Demanding \$4000 in Cash

BURLEY, Feb. 11—James McGrover, who lives near Adams street in Illinois, is being held in the Lincoln county jail here following his arrest Saturday night. McGrover was arrested in Burley last week against Theodore Allen, Richfield farmer and sheepman.

McGrover has been employed in and around Richfield for several months and was arrested as a suspect following investigation by officers here. McGrover was arrested in Burley last week against Theodore Allen, Richfield farmer and sheepman.

Allen received a note last Wednesday demanding \$4000 in bills, to be placed in a sealed envelope on the outside of Richfield at 10 o'clock last Thursday evening. The writer of the note threatened the life of Allen's baby and also threatened to burn his buildings and to poison his livestock.

The sheepman immediately informed the sheriff's office and officers began working on the case. However, Allen received another threatening note Saturday afternoon. The money was placed at the bank at 3 o'clock that afternoon.

Largely Attended Rites Conducted For Miss Turner

White mortuary chapel was inadequate to accommodate the many friends, relatives, high school classmates and club associates who assembled here last afternoon at 3 o'clock to pay final tribute to the memory of Miss Martha Turner, 18, daughter of Mr. and Mrs. E. S. Turner, Burley, who died Thursday morning at the Twin Falls county general hospital, following a week's illness.

Quantities of floral offerings bore messages of condolence. Words of sympathy were spoken by Rev. F. P. Douglas, pastor of the Baptist church. One musical selection, "Just for Today," was sung by Mrs. O. P. Wall.

The body was borne to its final resting place in Twin Falls cemetery last afternoon at 4 o'clock. The funeral was held at 10 o'clock at the Twin Falls cemetery. The casket was borne by the following: brother, Edmund Turner, student at the University of Idaho, who was here for his father but paid for the use of the casket by the bereaved. His rental amounted to \$250, but \$30 of this was worked out by a man that rented a piece of meat and that was cut off from the main farm.

Administrator Advised Under New Procedure

A declaratory judgment under provisions of an Idaho law adopted in 1923 was issued by Judge Adam B. Barclay in the district court here yesterday, directing E. W. McIntyre, administrator of the estate of Mrs. Edna Jones, widow of Henry Jones, pioneer southern Idaho stockman and former Idaho governor, to pay to the administrator of the estate of Mrs. Edna Jones, widow of Henry Jones, the amount of the mortgage loan secured by the estate of Mrs. Edna Jones, widow of Henry Jones, the amount of the mortgage loan secured by the estate of Mrs. Edna Jones, widow of Henry Jones.

President J. W. Richins dedicated the grave in Twin Falls cemetery yesterday, under the direction of the Twin Falls mortuary. Music was furnished by a quartet.

Funeral services for J. A. Montgomery and H. A. Montgomery, Ogden, and G. A. Montgomery, Kootenai, brothers of Mr. Montgomery, and William Beane, Nampa; James Beane, Nampa and David Beane, Kootenai, brothers of Mrs. Montgomery.

Student Farm Manager Shows Profit On Crops

Outstanding among the achievements of Twin Falls chapter, Future Farmers of America, projects, is the 20-acre cooperative farm project under the management of Howard Annis, senior in Twin Falls high school and the son of Mr. and Mrs. Annis of Twin Falls.

Annis, who is an honor student, having never received a high school grade below A, was elected to manage the 20-acre farm which was rented by the Future Farmers club. He was to receive compensation for his labor and one-third of the net profits from the farm. This agreement took place in December, 1933.

The 20-acre farm was planted with potatoes, beans, and corn. The potatoes were planted with good quality seed potatoes. The beans were planted with good quality seed beans. The corn was planted with good quality seed corn.

The beans yielded 22,170 pounds of beans. The potatoes yielded 42,000 pounds of potatoes. The corn yielded 27,000 bushels of corn. The total value of the crops was \$2,500.

The net profit from the farm was \$1,000. This profit was used to purchase new farm machinery. The machinery included a tractor, a plow, and a harrow.

Big Timbers for Drive-in Market Come from Coast

Two big sticks of Douglas fir, each 10 inches thick, 34 inches wide and 40 feet long, have been delivered from a Pacific coast lumber mill to be placed as roof beams in a reinforced concrete structure, 4000 feet on Shoshone street east, that Fred Reed and George Stinson, contractors, expect to have completed about April 1 for Ronald Cranston of Boise, who will occupy it with a modern drive-in market.

The big timbers are believed to be the largest of the kind yet to be placed in Twin Falls structures, although the contractors said, larger timbers may be obtained on order, but they are not available in the area.

In construction of the new drive-in market here, the big timbers are to be placed as roof supports across the full width of the building, which is rising on Shoshone street between Second and Third streets east. Cost of the building is estimated at \$47,000.

CHANGE IN STATE TAX LAWS URGED

County Commissioners and Taxpayers Committee Sign Request

Twin Falls county commissioners and members of the Taxpayers League committee in attendance at a public hearing yesterday on the county's 1937 tentative budget for the current year, urged a request to members of the county's legislative delegation to support state bill 22 which would relieve counties of direct responsibility for paying the state's ad valorem tax bill and provide this tax should be paid to the state by the local county.

LONG ILLNESS ENDS FOR MRS. CAMPBELL

Resident of Twin Falls for Twenty-Three Years Called by Death

Mrs. Mabel Ethel Campbell, wife of J. A. Campbell, proprietor of the Home Plumbing and Heating company, died at 12:15 o'clock yesterday afternoon at her home north of Twin Falls. Mrs. Campbell, 43, had been ill for more than a year.

As a floral culturist and gardener, she was known throughout southern Idaho to lovers of beauty. She was a resident of Twin Falls for the past 23 years. The body rests at the Twin Falls mortuary. Funeral services are being held at 10 o'clock pending word from relatives living elsewhere.

"The Wrestler And the Lady"

"I don't like wrestling, it's rough!" the first young woman Matrose Kincaid said as she sat next to her. Twin Falls informed him frankly, smiling engagingly the while, and giving an approving look to his friend, the Coosack, a young man which her own was a smart, athletic, cooncut of this winter's attire.

"Life is rough, too!" came the thoughtful answer of the Russian wrestler, whose steel-gray eyes twinkled and laughed, and whose broad mouth widened into a laughing smile, as he bowed his tuniced waist in continental manner. Very contemptuously, he snatched the girl's hand and turned on her heels and away she went.

The broad-shouldered gentleman in picturesque garb turned to, but not on his heels. He was wearing the unbecomingly shiny riding and dancing boots, typical of the Coosacks before the Soviet banished all class-distinction. He turned just in time to prevent a feminine nose-hunter from snatching one of the white-tipped cartridge cases from his tunic. Leave it to the ladies to be attracted by a uniform.

To the first he told her that he was of Coosack descent; that he had fought against the Bolsheviks and that he had been in the United States for the past five years before that had been first a strong man in "cerceusa" in Germany, Poland, Havana and "just about everywhere."

The question was, "Won't you tell me all about yourself?" That's the first question a woman asks a man, he is a wrestler, actor, newspaper reporter of what-do-you-work-at.

RIGHTS ASSIGNED RESPONSIBLE TASK

Church Officials' Son-Aids in Plans for Memorial Dedication

Preparations for the dedication of a monument on the Hill, Cumorah, the hill from which Joseph Smith obtained the plates for the Book of Mormon will be largely the responsibility of the Young Men's Society, according to communication received yesterday from Brooklyn, New York.

Jesse Richins, son of J. W. Richins, president of the Twin Falls stake, and Mrs. Richins, has been transferred to travelling elder in the Tilden district, and appointed in similar capacity in the Cumorah district.

In notifying Elder Richins of this new appointment, Don B. Colton, mission president said in his assignment will carry with it unusual responsibilities because we are planning to dedicate a monument on the Hill, Cumorah, the hill from which Joseph Smith obtained the plates for the Book of Mormon.

Elder Richins, 29, attended Twin Falls high school, and Brigham Young university at Provo. He entered mission work a year ago last February.

CITY FATHERS ORDER NEW STREET LIGHTS

Twin Falls city council last night voted to order the Idaho Power company permission to install two new street lights between Twenty-third and Maurice avenue. One will be located on Ninth avenue east and the other on Popular avenue.

Building permits were granted as follows: \$1000 to Henry McCormick to install a maple floor at the Idaho stock exchange; \$1000 to the Idaho department store to install fixtures; \$500 to Ralph Burns to erect a frame dwelling on lot 25, block two of the Senior addition; \$250 to Ralph Burns to install new floors in a dwelling at 201 Fourth street; \$100 to G. A. Smith to build a dwelling on skids at 150 Alexander street.

Jack Vohl, who recently purchased the Ucceda Lanch from W. D. Mumpower, was granted a city license to sell beer.

like the Gorky and Tolstol people. You don't seem sad," was her next comment.

"I'm satisfied . . . like this moment. Be happy in each moment you live. That is my philosophy. I am a lamb in best cities, buy a ticket to Two Falls, and I am happy here," he declared gaily. "Right now I read 'life of Ceteri' translated into Russian, and he believed so well."

He then explained how happy Russian men are to see perfume bottles today; how they would pay and sing, and when they had enough "inspiration" they would "temporarily" dance.

"Inspiration" (meaning something in liquid form) is bad for wrestlers. So I no longer dance," he told the inquisitive young woman, who looked skeptically at his boots. They looked like dancing feet to her.

LOGAN GARMENT STORE MANAGER APPOINTED

Miss Nina Newman, Twin Falls, has been appointed manager of the Logan Garment store, 140 Main avenue north. She succeeds G. J. Bateman who has received an aquiescent notice from the company.

HAGAR ENTERS SUIT FOR REMOVAL OF TOLLS

A. R. Hagar, former manager of the American Hagar company, Twin Falls plant, was listed yesterday as an intervenor in a suit lately brought by FLOYD McDONALD, stage driver, against the district court to secure removal of tolls from the Twin Falls-Jerome intercounty road. Hagar asserts in his complaint that he owns land on both sides of Snake river and is compelled to pay an average of \$20 a month for crossing the bridge.

McDonald, a resident of Jerome, Idaho, also appears as Hagar's attorney in this action.

BOARD RE-ELECTS SCHOOL PRINCIPALS

Twin Falls District Spends \$90,099 First Half Year; \$94,725 Balance

All principals of Twin Falls public schools were re-elected by the board of education at a regular monthly meeting last evening. Salaries were not fixed.

The re-elected principals are O. H. Bond, high school; Mrs. M. E. O'Leary, junior high school; Miss Myrtle Nelson, Washington school; Mrs. H. H. Taylor, Lincoln school; and Miss W. A. Lincoln school.

The district's expenditures during the first half of the current school year total \$90,099, leaving a cash balance of \$94,725 on hand for the remainder of the year, the treasurer's report showed.

TWIN FALLS MAN ELECTED HEAD OF GAME ASSOCIATION

W. D. Mumpower, of the Idaho fish and game department by commission; division of the state into five game districts with one commissioner in each, and the appointment of conservation officers and administrative details embodied in the creation of such a commission.

The delegates adopted the resolution recommending approval of this plan to the hands of the referendum committee.

Amos Eckert, state game warden, presented proposed regulations for the game commission as given by appointment of the state to joint meeting of house and senate fish and game committee.

Later the legislative committee of the newly formed organization, met with district committees to present recommendations. Horning, Creson and Thomas N. Marlow, Missoula, for 12 years president of the Montana game commission.

Twin Falls delegates attending the meeting here were Priebe, I. A. Apple, Lawrence Murphy and A. T. Knight, president of the Southern Idaho Sportmen's association.

YOUNG GOLF PRO CAPTURES TITLE

Cooper, Chicago, and Chicago Henry came up from fifth with a par 71 for show position. They divided \$1000. Jaffson, also of Chicago, slipped rather badly on the final round and wound up with a 74, three over 200. This gave him fourth with Jim Demaree, however, and they split \$385 in prize money.

While Jaffson was winning the championship, Harold McSpaden, Kansas City, Kas., was burning up the course with a 67, the lowest round of the tournament, low in the tournament pool and \$69.40, or 10 percent of the take.

McSpaden was 111 Sunday and took himself to the betting booths to "improve the odds" — to sell tickets on his chances. His 67 followed, to pay those who disregarded the report, \$37.80, or 42 tickets. He made no bet himself.

Tied for sixth place were McSpaden, Co. Jimmy Hines, Long Island, and Byron Nelson, Texas. They were tied at 211. Their prize money was \$237.50 each.

HUNTER GETS DELAY FOR SECOND TRIAL

Lewis Hunter, under sentence of 10-to-20 year prison term for second murder of R. O. Zetich, Twin Falls realtor, on November 8, 1933, obtained postponement for his second trial when Judge Adam B. Barclay in the district court here yesterday approved his request for

continuance of the trial to the next district court term in Twin Falls. The state supreme court granted Hunter a new trial, holding the trial court had erred in its definition of the term "malice."

In support of his request for postponement of the trial, Hunter's attorney, E. L. Haysborn, of Twin Falls, said it would be necessary to call a number of witnesses including Mr. and Mrs. John Mead of Pocatello, Idaho; A. Chamberlain and Joe Slater of Coeur d'Alene; Lyle Schmidt of Cotton Camp,

Idaho; and Walter Oates of Boise. "Time" also was added to prepare to meet testimony by Bernard E. Agost, whose name as a juror witness for the state was ordered on the information last February 8.

NEW DEALERS MEET KIMBERLY New Deal club will meet at 7:30 o'clock this evening in the basement of the Kimberly Methodist Episcopal church.

BEN MARTIN INFANT SUCCUMBS AT HOME

The infant daughter of Mr. and Mrs. Ben Martin died early Sunday morning at the family residence, 1304 Seventh avenue east. The body lies at the Twin Falls mortuary pending funeral arrangements.

Surviving the infant are the parents, a grandmother, Mrs. Julia Martin, and a grandfather and grandmother, Mr. and Mrs. J. A. Bigley.

TOWNSEND PENSION PROGRAM ENDORSED

Speakers Express Approval; Senators' Letters Read at Meeting Here

Rev. H. J. Reynolds, Christian minister of Grand View, a member of Twin Falls junior high school faculty and former college of Idaho teacher, addressed a well attended meeting of Twin Falls Townsend club in the high school auditorium last evening. Each expressed endorsement of the Townsend old age pension plan.

In Twin Falls, Mr. Wallace said, there are 75 persons who are eligible to receive Townsend pensions under the Townsend plan, so that payments here at the rate of \$200 a month would total \$15,000,000.

Letters from Senator Borah and Senator Bone, speaking for the Townsend plan, were read. Senator Borah said that he considered the administration's old-age pension proposal "a bold leadership" and applauded his efforts to secure congressional approval of the Townsend plan.

Senator Bone said that he favors an old age pension and placing the amount to be paid as high as possible. "If the plan in its present form appears to be workable, I will be glad to support it," he said.

During a business session four delegates were elected to represent the Twin Falls club at a meeting in Boise next Sunday at which a state-wide Townsend plan organization will be formed. Names of delegates were Fred H. Drake, president; Frank Belleville, H. H. Hedstrom and H. E. Bohler.

Wilton Peck contributed a vocal number to the program at last evening's meeting.

GIRL CRASH VICTIMS' CONDITION FAVORABLE
