DEMOCRATS CLEAR DECKS FOR ACTION ON SIX BIG BILLS

Congressional Leaders Reduce 'Must' Legislative List, Seek Speedy Passage Of Important Measures

(By The Associated Press) WASHINGTON, April 20.—Narrowing their "must" legislative list to six big bills, Democratic congressional leaders today planned a drive for speed which they hoped would let them end the session, before August.

The "must" bills were: Social security, NRA extension, utilities holding company legislation, banking, taxes, and an increase in the fund available for the Home Owners Corporation.

Only One Bill Passed Of those measures, only one—the H.O.C. fund—has been passed by both houses and one—utilities—by the Senate.

In conference for an adjustment of differences over minor amendments passed by the Senate, all the other "must" bills are still locked in Senate or House committee, although the security program has been passed by the House.

In arriving at the six-bill program, Democratic leaders decided, at least temporarily, legislation dealing with transportation, ship subsidies and amendments to the farm adjustment and the food and drug act.

It was their understanding, one said speaking privately, that "the president will be willing for Congress to adjourn without acting on those bills."

Night Sessions Loom Indicative of the desire for speed was the fact that Senator Harrison (D-Mo.) is conferring tonight with his finance committee to expedite three bills now before it. Monday and Tuesday, his committee will hear witnesses on the "compromise" bonus bill; Wednesday, it is considering the bill, with Harrison hoping for prompt approval.

After a bonus bill is reported to the House, it is expected to pass.

LIGHTS and SHADOWS In Day's Events

(By The Associated Press)

Not York.—The Noddy theater gull's widely heralded play, "The Girl from Childs," has been a flop.

The trouble wasn't the nudity: The actors and actresses wore breeches and pasties. The butler got a shirton.

Licenses Commissioner Moss said the play could not be continued in Chicago, a friend of the theater, which was not accorded to the floor and there was no objection curtain.

Dances at 101 SAN DIEGO, Cal.—Mrs. Eliza Tyler, who received three proposals in 1934 when she was 101, celebrated her 101st birthday yesterday by dancing the Virginia reel at the home of a friend.

Back in 1833, when she was 19, Mrs. Tyler was considered a most beautiful belle than Jenny Lind, her friends say. She took up dancing at 90 and immediately received proposals of marriage from three Civil war veterans.

Hiccoughs Persist—LOS ANGELES.—Unchecked by "upside down" treatment, hiccoughs which began six days ago continued today for Mrs. Lucille Truesdell.

Attempts to halt the condition by holding the victim's head at a lower level than her feet proved unavailing.

27-year-old housewife, subject to hiccoughing spells for some time, remained in good spirits but her physical resistance was gradually being worn down.

Spectators 'Subscribe' to Escape Anti-Betting Law

VANCOUVER, Wash., April 20 (AP)—Dogs ran, spectators played and lucky numbers paid here tonight at the dog track which the Evergreen Kennel club management assured all that there was no violation of the state law forbidding wagering on dogs.

Prosecutors officials watched the proceedings and pondered the possibility of using the "dog" system as a precedent for the "dog" system, "clever" or "unique" and loomed their purse strings.

Tickets just weren't on the market, but you could "donate" \$2 for a postcard upon which was inscribed a picture of a dog.

Received solely as a volunteer donation to the purse fund for the purpose of stimulating dog breeding and

INFLATION SET-UP SEEN BY FLETCHER

Senator Replies to Attack On Centralized Control. Of Banking

(By The Associated Press) WASHINGTON, April 20.—Demanding enactment of the omnibus bank bill, Chairman Fletcher of the Senate banking committee tonight issued a warning that "there now lies within the hands of bankers the potential makings for one of the most stupendous inflations this or any other nation has ever experienced."

His statement was given newswoman tonight at a hearing of the committee. He said that the bill, which has been denounced by the bill's provisions for centralization of the nation's credit resources as the foremost of dictatorialism, will severally members

HAUPTMANN STAFF LISTS 143 ERRORS

Lindy's Presence at Trial 'Unduly Influenced' Jury Counsel Asserts

TRIENTON, N. J., April 20 (AP)—Bruno Richard Hauptmann's counsel charged today that Colonel Charles A. Lindbergh's daily presence at the Flemington trial "unduly influenced" the jury, which saw in him a bereaved father for whose sorrow the world demanded a sacrifice.

The indictment was one of 143 "manifest errors" defense counsel filed with the clerk of the court of common pleas today at the county tribunal, which on June 20 will hear Hauptmann's appeal from conviction of the Lindbergh baby kidnapping. Papers were served all on Hunterdon County Prosecutor Anthony M. Hawk, Jr.

Chalmers Hight, a violated Egbert Rosecrans, a member of defense staff, announced he would file the appeal, if necessary to the United States supreme court. He cited the alleged violation of Hauptmann's rights, guaranteed by the sixth and 14th amendments, as grounds for such action.

"The assignments of errors" alleged that Hauptmann's rights under the sixth amendment were contravened because he was tried in Hunterdon county and not Mercer, "the district wherein the crime was committed."

Lindbergh's presence at the trial, assisting in the jury for some time, remained in good spirits but her physical resistance was gradually being worn down.

BORAH STANDS OUT AGAINST SPREADING GOVERNMENT RULE

Idahoan Rallies Press to Battle Against Encroachment Upon Rights Guaranteed by Constitution

(By The Associated Press) WASHINGTON, April 20.—Senator Borah (R-Idaho) rallied the press tonight to battle against government encroachment upon rights guaranteed to citizens by the constitution.

In an address broadcast from the annual banquet of the American society of newspaper editors, concluding their three-day session, he also warned against proposed legislation intended to curb communism and fascism.

"The practice which has grown up of authorizing departments to make rules and regulations, the violation of which constitutes crime, is one of the most objectionable practices with which the citizen has to contend," he said.

Both Parties to Blame "This practice has been denounced by both parties when out of power, and adopted and extended by both parties when in power. There is scarcely any scheme imaginable more calculated to instill fear and confusion in the mind of the ordinary person and to finally undermine all freedom of action than to subject him to countless rules and regulations by numberless departments or bureaus, the violation of which burdens his property or restricts him in his liberty."

The editors also heard Frank H. Simonds, writer on international affairs, say that while a new war in Europe had not become inevitable, "no system of organized peace is possible under present economic conditions, and war still constitutes the sole means of escape for upwards of two hundred millions of people existing in three great powers."

Prior to the banquet, directors of the society re-elected to office except E. S. Beck of the Chicago Tribune, who retired after several terms as treasurer. He was replaced by Dwight Marvin of the Troy, N. Y., Record.

The officers of the Grosvenor pattern of the Toledo Blade, president; Marvin H. Greaser of the Milwaukee Journal, first vice-president; A. R. Kirchhofer of the Buffalo Evening News, second vice-president; and M. V. Atwood of the Gannett newspaper, secretary.

In his address, although denouncing communism, fascism and militarism as ancient evils, Borah said in modern garb. Borah said the recent flood of bills in state legislatures

Pope Pius Imparts Pontifical Blessing As Climax of Easter Celebrations

ROME, April 20 (AP)—Pope Pius himself will climax Easter celebrations in this center of the Roman Catholic world tomorrow by imparting his pontifical blessing to the thousands upon thousands of Romans already beginning to jam St. Peter's plaza tonight.

Scores of persons will take a post-dawn walk in the plaza before dawn tomorrow. They hope to be in the vanguard of the crowds which each Easter Sunday morning

Boy In Mechanical Respirator Enjoys Easter Messages

SPOKANE, April 20 (AP)—The world as Zeller has not forgotten Fred Bellach, 15, the boy who lives in a mechanical respirator.

Letters, greeting cards and other messages from many places in the United States, Canada and Alaska have been received by Fred in the last few days.

Stricken by infantile paralysis last September, Fred today passed his 20th day in the respirator. He has kept him alive since his lungs collapsed.

Very slowly he is gaining strength. In the last week he has been able to remain outside the respirator for two hours at a time.

Der Fuehrer Denies Nations' Right To Judge Germany

(By The Associated Press) BERLIN, April 20.—Adolf Hitler curtly struck back on his 46th birthday today at 13 nations of the world who condemned through the League of Nations his scrapping of the Versailles treaty.

"They have no right to appoint themselves judges over Germany," Der Fuehrer said.

A "rebuttal" Berlin was attempting through the foreign office described it, rejected the league's council's resolution regarding the reich's treaty violations. The note was delivered simultaneously to all the nations voting for it, and to Denmark, which abstained.

The Fuehrer gave out his note while ambassadors and ministers gathered in Berlin. Some attempted to pass the note to the executive police provided for birthday congratulations.

The Fuehrer's right to judge the right to judge Germany, declared the council's declaration, was a "grave and serious discrimination against Germany" and rejected it. "In the most formal manner," he said, "I have no objection to the league's resolution."

The Fuehrer, however, was careful not to close entirely the door leading to further international discussions. The foreign office was "quick to point out."

"On the contrary," its spokesman said, "Germany's own sentences indicate an intention of replying to Geneva charges in detail. But for this time, the Fuehrer said, "I can take up the details later."

"I presently have to serve notice that Geneva's 'handcuffs' do not apply to Germany," he said. (Continued on Page 2, Col. 7)

HITLER NOTE FAILS TO EXCITE EUROPE

Rome Surprised Only At Sharpness of Nazi Chief's Message

(By The Associated Press) Europe Saturday refused to get excited about Adolf Hitler's curt birthday note, sent to 13 powers represented on the League of Nations council, rejecting the council's censure of Germany's rearmament.

Rome was surprised only at the sharpness of the note, although officials said nothing of the sort had been expected. British opinion was summed up in the words of a London official: "The note is not so good as expected. It is essentially platonic."

No power, it appeared, planned an immediate reply to the Hitler communication, even though advice indicated he would await their replies before making specific objections to the league resolutions.

41 New Airplanes BERLIN.—Nazi Germany's recent celebration of Der Fuehrer's 46th birthday provided almost universal expression of approval of the military expansion, which was hailed as a triumph for the German people. The celebration presented him 41 new airplanes.

ROME.—Afternoon newspapers gave the German note scant dignity, carrying no editorial comment. Italy meanwhile, state officials said, "the biggest annual recruiting of aviators held in the world" by the Italian government.

PARIS.—The specialist mechanism of the government was developed. (Continued on Page 2, Col. 8)

Quake in Japan Takes Heavy Toll

TOKYO, Sunday, April 21 (AP)—At least 253 lives were reported lost today when an earthquake rocked the southwest section of the island of Honshu, according to a dispatch to the Renzo (Spandace) news agency.

In Gunma province, 152 were killed and 315 injured. More than 3,000 houses were reported demolished.

The city of Taiho in the north-west part of the province of Taihu was reported destroyed. Taihu was the dispatch said, suffered heavily.

OMAHA SCENE OF STRIKE VIOLENCE

Chief of Police Threatens To Disperse Street Railway Pickets

OMAHA, Neb., April 20 (AP)—Preparations by the Omaha and Omaha Street Railway company to operate trams after a lapse of 12 hours and threat by Chief of Police Bob Sweeney to disperse all pickets following minor outbreaks of violence tonight heightened tension among strikers.

The street car company decided late today to equip trams with protective screens and to attempt to resume operation.

Police Chief Samardick promised protection to the street car riding public, which today, on the 10th day of the strike, which began at 4 a. m., either walked or rode bicycles to and from work.

Two Arrested Two operators of a pool hall near a car barn where police found many men were arrested today.

Edgar Anderson, motorman for 18 years, said he was beaten by two men when he tried to get out of a pool hall where they broke through picket line to report for duty. Samardick suspended two policemen for failing to protect him.

Windows of a taxi were smashed by pickets when the cab tried to run the picket line with a worker. The worker was turned back.

Hundreds of jitney bus drivers and private car operators today took up the job transporting workers to and from work.

Indians Celebrate Easter And Awakening Of Spring

SANTA FE, April 20 (AP)—Easter Sunday, observed throughout the Christian world, means the awakening of spring to New Mexico Pueblo Indians, who celebrate with dances and feasts according to ancient custom.

It has been only in the last four centuries that the two—Easter and spring awakening—have been observed together.

The reservation Indians do not generally observe Easter as such because they are herdsmen and depend on their flocks and because they are nomadic. Pueblo Indians, however, like the Pueblos. They do not have the spring awakening festival. But the Pueblo Indians, some farmers and raising many crops, long have celebrated the spring festival.

When the Spaniards came through New Mexico centuries ago, the Catholic religion came also and one Indian pueblo after another was converted to the faith—but the In-

dian retained his tribal and traditional way, merely adding the religious ritual.

Today, when the Indians attend mass and church services on Easter, their traditional feasting and dancing continue out the day. There is no interference by the church with the ceremonies.

Puebloans of New Mexico are unique among the Indians because the membership of the pueblos who began in self flagellation as a punishment for sin, that they are backs with crucifixes, have early morning processions and very secret church.

New Mexico tomorrow has another outstanding day to celebrate. It is the anniversary of a Pan-American war outbreak. In this war, 300 New Mexicans joined Roosevelt's Rough Riders. General O'Leary, was governor of the territory then. He still is a resident of Santa Fe.

EASTER: Kinder thoughts and a more cheerful outlook should be induced by the great Christian festival handed down to us as Easter Sunday.

Not church attendants alone should share in such a celebration but rather should the appeal contained in the commemoration of one of the greatest events in Christian history be general in its scope and all embracing in its depth and significance.

A renewed faith through the great truths revealed in the story of Easter Sunday is offered by Christian Churches throughout the world in this sacred anniversary.

It is sincerely to be hoped that next Tuesday's City election will at least result in a reasonably representative vote being cast.

Popular elections succeed only when the people as a whole are sufficiently interested to make them succeed.

MASS WEDDINGS: The world seems to be going in for wholesale weddings. Mussolini has had them in Rome and Hitler in Berlin.

We may be doing something of the kind in America before long. A lot of young people have been waiting a long time to get married.

WHITE COLLAR PENSIONERS.

The omnibus social security bill, as finally prepared for submission to Congress, includes "white collar workers" along with overall workers.

The inclusion of the white-collar people is logical. The man or woman employed in office, store or other business is a worker as surely as the one employed in factory, or mill and, as this depression has proved, is no less in need of security.

JUST RUNNING FOR TOWN MAYOR.

Sandpoint appears to be going to have a very hot municipal election. There are two candidates in the field. One, Guy Cooper, comes forth with the announcement that he will run for mayor on a relief ticket.

Townsend with his \$200-a-month pension, Upton Sinclair with his California ZEPIC scheme, Henry Long with his "share the wealth" platform, are just pickers, just simple pickers.

NEIGHBORLY SPIRIT.

The story is told by the Boise Statesman, as a "small but convincing" thread of evidence that all has not gone awry in civilization.

It seems that Jesse Montgomery, a farmer in the Melba district, was ill. He had been confined to bed. His body was too weak to stand the hard labor necessary for spring tasks on the farm.

But Mr. Montgomery had friends, loyal farmers nearby. They were not to be done if the Montgomery farm was to reap any crops this year.

WISCONSIN PRESIDES CHEESE.

Complimentary cheese may be the latest experiment in Wisconsin, the home of so many experiments in legislation.

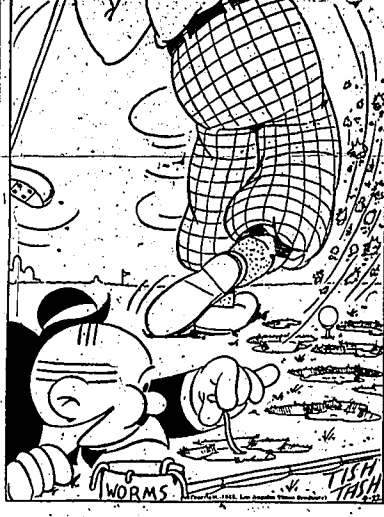

In H. H. Hedstrom Twin Falls has an opportunity to place on the Council a man naturally fitted by temperament and training for such a position and one whose general experience would be of value to the City.

WASHINGTON By George Durso: PRIVATE: Much talk is current these days that out of next month's gathering of midwest Republicans may come a definite tipoff as to the 1936 G. O. P. presidential nominee.

Those in the Republican party who really should know say that when a man finally is selected as a best bet to oppose Roosevelt, it will be done in a completely unadvertised meeting of key men.

DIET DISEASES: Since the war there seems to have been a tremendous increase in contagious skin diseases, especially infectious diseases such as impetigo and scabies, which used to be considered "diet diseases."

Much could be done to prevent the spread of these ailments if parents would realize how they are caught and take precautionary measures, instead of waiting until sores appear.

It is a nuisance to do double washing, this way, and especially when, as is so often the case in summer, the sun is so hot.

CHRISTIAN SCIENCE CHURCHES

"Doctrine of Atonement" is the subject of the Lesson-Sermon in all Church of Christ, Scientist, on Sunday.

The golden text is from Hebrews 9:22: "Christ was once offered to bear the sins of many; and unto them that look for him shall he appear the second time without sin unto salvation."

Among the citations comprising the Lesson-Sermon is the following from the Bible: "For Christ is not entered into the holy places made with hands, which are the figures of the true; but into heaven itself, now to appear in the presence of God for us." (Hebrews 9:24).

Passages from the Christian Science Lesson-Book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following: "The atonement is a hard problem in theology, but its scientific explanation is, that suffering is an error of sinful sense which will be destroyed, and that eventually both sin and suffering will fall at the feet of everlasting Love." (page 23).

French Donates Another Trophy

MOSCOW, April 20.—Burton L. French, distinguished Idaho graduate and former congressman, has donated another silver trophy, his fourth for scholastic competition among men's groups at the University of Idaho.

Mr. French has been a patron of men's sports and scholarship for 15 years. He offered his first trophy in 1920 to give the men a chance, as the best men's group at a way ranked below the lowest in the women's division. Phi Gamma Delta fraternity won the first cup in 1922. Tau Kappa Epsilon fraternity the second one in 1928, and the L. D. S. Institute the third last year. Phi Delta Phi and Kappa Alpha Theta societies hold similar trophies in their division.

Mr. French served two terms in the lower house of the state legislature before he received his Idaho degree in 1901. Two years later he was elected to congress as a representative from the first Idaho district. He held his seat almost continuously until 1933. He will leave soon for Washington, D. C., where he plans to do research work in the library of congress before joining the faculty of Miami university, Oxford, Ohio, next fall as a lecturer on government.

The Beauty Of Easter...

A beauty is attached to Easter which is far more than the beauty of the budding spring, and the flowers with which we adorn the day.

That beauty comes from the significance of the day; the symbolism of the Resurrection is the most precious promise of the Almighty.

TO FARMERS AND THEIR
WIVES
Let the profits obtained
from using Anco's Treble
Buret Phosphate add to
a new car, or a new electric
refrigerator this fall.
Your procedure now, to a
large extent, regulates your
income this fall. The first
and most important step to-
ward making a bumper crop
is PLENTY OF PLANT FOOD
in the soil. Anco's Treble
Buret Phosphate added to
this soil pays profitable di-
vidends on Alfalfa, Red Clover,
Fescues and grains. We have
a stock of this fertilizer in
Buhl at Boise Payette Lum-
ber Yard, at Bean Grower's
warehouse in Hazelton and
at Warberg Bros. in Twin
Falls. We furnish drill with
wildcatting attachment.

SINGLAIR COMPANY'S PROGRAM EXPANSIVE

C. R. Nelson, Distributor, Long Identified With Oil Business

Singlair Refining company, through C. R. Nelson of Twin Falls as distributor, has entered upon an extensive program in the Twin Falls territory having arranged to take over the E. F. Hoover service station property and entered into a lease on the Lind Automobile Service company, a pioneer Twin Falls firm established by the late C. E. Lind in 1908.

In addition, it was learned last evening, Mr. Nelson proposes to erect a modern super service station on property to be acquired in a central business location for distribution of Singlair Refining company products.

Associated with Mr. Nelson in this enterprise is R. M. Serpa who until recently has charge of sales operations for the Standard Oil company of California in Gooding county.

Mr. Nelson was for 12 years associated with the Standard Oil company of California, the last three years in Twin Falls as manager for the southwestern Idaho division. He resigned that position to enter into oil marketing business in this territory as distributor for the Singlair Refining company.

Path in Twin Falls
"After 12 years of pleasant association with so splendid a company as the Standard Oil company of California, it is with genuine regret that I now withdraw from its personnel," Mr. Nelson said last evening.

He has had wide experience in the oil marketing business, having served in various capacities in Yakima, Grandview, Sunnyside, and Walla Walla, Washington, under the company's Walla Walla agency office, and was transferred to Twin Falls in the spring of 1932 from a general sales position covering the eastern Oregon and central Idaho territory.

It takes courage to transfer your home office from 223 Bruhn street, San Francisco, to your own address," Mr. Nelson said. "However, he added, my action at this time is justified by my first impression of Twin Falls, which was a lasting one. It was gratifying, in the spring of 1932, to find that the crash of 1929 was more or less a myth in southern Idaho. Permanent identification with the Twin Falls tract confirms my faith in the future."

SCOUTING ADVANCE TOLD IN REPORTS

Shoshone Meeting of Area Council Discloses Big Gains

SHOSHONE, April 20 — Advance of the Boy Scout movement to a new peak in the eight-county Snake River area was reflected in reports delivered at a meeting here last evening by the area executive committee, attended by 22 adult scout leaders.

A new all-time high with 109 souls enrolled in 43 troops was reported by the area president, Dr. J. N. Davis of Kimberly. A year ago the area had 100 troops and 97 members of 36 troops in the area.

Advancement in scouting was reported in reports presented by Dr. P. C. Potts of Gooding, J. W. Richards of Twin Falls, Ben Potter of Kimberly, and Hal Wallington of Jerome.

W. C. Hart of Shoshone said organization of the Lincoln county scout district will be completed within a short time.

Other reports dealt with the national "Boy Scout Jamboree," leaders' training, court of honor, and cubbing.

Advance in Scoutcraft
Indicating advance in scoutcraft commensurate with membership gains, Dr. Potts reporting on court of honor records, said that in 1934 the more than three months' course has made more advancements than during the entire year of 1934. He emphasized need for developing adequate court of merit badge counselors composed of men who are proficient in one or more of the 106 merit badge subjects.

The area's jamboree treasurer, Roy Pahlner, reported receipts of \$28 deposits for 21 boys, and applications of nine others to attend the jamboree, leaving three vacancies in the 35-cout troop that is to represent this area. Vacancies are to be filled in the order of application. Frank H. Thomas of Gooding is to be scoutmaster of the area's delegation at the jamboree and Dr. Davis area president, will attend as a member of the regional staff.

D. B. Young of Twin Falls reported on cubbing, stating that this phase of boy development has been found to be as important as scouting for older boys.

Attendance were those members of the executive committee: Dr. J. N. Davis of Kimberly, Dr. J. B. Harvey, Dr. P. C. Potts, W. E. Nixon, D. R. Young, Frank H. Thomas, Hal Wallington, William O. Hart, Stanley Larkin, Coers Thometz, Lloyd

HENRY A. CRUYDER DIES AT BURLEY

Father of Deputy Sheriff Succumbs to Pneumonia At Daughter's Home

Henry A. Cruyder, 78, father of Oris Cruyder, deputy sheriff, Twin Falls, died yesterday afternoon at 4 o'clock at the home of his daughter, Mrs. Ida Parke, at Burley. The body was brought to the Twin Falls mortuary where funeral services will be held Tuesday. He had been ill with pneumonia for the past week.

Mr. Cruyder was born August 17, 1856, at Belle Plain, Iowa, and was a resident of the Twin Falls tract since 1905. A school teacher and forest ranger, he was educated in Gold Hill, Oregon, before coming to Twin Falls. He purchased and lived on a farm near here. Mr. Cruyder was a member of the Methodist church, having been a member of the church for the past 60 years.

He is survived by his son and daughter, Mrs. Parke, and two other daughters, Mrs. C. A. Pihl, Burley and Mrs. Rhoda Smith, Piler. He was preceded in death by his wife and his son, Harry Cruyder, who died in Portland.

SPECIAL TRAIN TO BRING MUSICIANS

Idaho Falls Charters Cars To Carry 250 Contestants to Festival

A special train will bring the Idaho Falls contestants to the State Music Festival in Twin Falls, May 3 and 4, announced A. L. Clifford, president of the State Music Association, in his Twin Falls making arrangements for the festival Friday. The Idaho Falls delegation of 225 students will be one of the larger of the representations expected to total near 2000 that will come to the Magic City for the contest.

Clifford met with J. T. Bainbridge Friday to outline a schedule for the event and classify the entries. Bainbridge is the local high school music director and general chairman of the festival committee. To date, 26 schools have made known their intentions of entering the various contests. Buhl, Burley, Blaine, Piler, Kimberly, Gooding, Driggs, Heyburn, Hatley, Idaho Falls, Nampa, Montpelier, Malad, Pocatello, Rigby, Weiser, Eden, Emmett, Saint Archaire, Twin Falls, Lava Hot Springs, Ammon, Jerome, Oleness Ferry, Hansen and Rexburg, have registered 17 entries in the band contest. 18 orchestras, 26 glee clubs, 38 vocal solos and 60 instrumental solos excluding the piano solos.

Band Prizes Offered
The latest bulletin on the band contest announces that the Dunsmuir company of Twin Falls has offered a \$25 down payment on any Conn instrument in stock for band making the best showing in the marching contest and a "Ludwig" street drum as a second prize. The marching contest and massed band feature is to be held at the Lincoln field on the evening of the first day.

300 MEN TO WORK ON POWER PROJECT

Idaho Power Company Manager Sketches Magnitude of Undertaking

Three hundred workmen will be employed at the peak of construction of the Idaho Power company's million-dollar 800 kilowatt hydroelectric plant at Twin Falls which directors of the company authorized last Friday. R. W. Carpenter, Jerome-Twin Falls division manager, said last evening.

Work in connection with the installation of the new plant is to be started this week, and probably will continue for almost a year, although it is the company's purpose to put the new unit in operation by next February 4, if possible.

Building of a mile-long road grade from Snake river canyon rim down the lava rock wall to the power plant site on the south side of the river is to be an initial step in the construction program. A temporary road is to be constructed to permit transportation of materials for dining hall and sleeping quarters for the workmen on the power plant site and for the first stages of the plant's installation. A permanent road is to be built later, over which heavy machinery is to be hauled for installation in the plant that is to be of the very latest semi-automatic type and connected with the company's system through a bank of 122,000-volt transformers.

Thirty million miles of Ford Economy

MORE MILES. Faster miles. Greater economy... that is the story of the Ford V-8. There are conclusive figures from owners to show that it is the most economical Ford car ever built.

A particularly interesting and complete report of costs comes from a national fleet owner who has owned 854 Ford cars which were run more than thirty million miles in business use.

1,575 Model T Fords which were run 3,017,075 miles. 593 were Model A Ford cars which were run 2,404,632 miles. 80 cars Ford V-8 cars which have been run 2,982,886 miles.

This owner's cost records show that Ford V-8 cars cost 12% less to operate than the Model A Fords, and they covered more miles per month! The monthly average for the Model T Fords was 1509 miles. For the Model A Fords, 1856 miles. . . . And 2571 miles for the Ford V-8.

Each year the Ford car gives you more in value and performance and costs you less to operate. The Ford V-8 was an economical car in 1934. This year it gives you still greater reliability and economy, new beauty, new safety, new ease of control and remarkable new riding comfort.

Actual Figures Show the Ford V-8 is 12% more economical than the Model A, and 31% more economical than the Model T.
