STATE CALLS BIDS ON ROAD PROJECTS

List Includes North Side and Raft River Highway Building.

BOISE, July 10 (AP)—Bids on four highway construction projects which will cost approximately \$2,000,000 and provide employment for 500 men were requested in notices of letting released this afternoon at the office of G. E. Metcalfe, Idaho commissioner of public works.

This is a portion of our regular Hayden-Cartwright federal aid program under which the state is required to contribute 40 per cent of the cost. J. H. Stemmer, director of highways, explained that "The cost of the work for which we want bids will range from \$500,000 to \$500,000 it is estimated by our engineers and when the program reaches the peak it will furnish employment for about 500 men."

The bids will be received at the commissioner's office July 23 at 2 p. m.

Lated projects
The projects on which the work is to be done by the contractor who will also furnish the materials are: Construction of a plant mix bituminous mat and crushed gravel shoulders on 7.57 miles of the Sawtooth park highway from Newman's corner to the Jerome airport and 7.354 miles of the Sawtooth park highway, Jerome branch, between Newman's corner and Jerome in Jerome county.

Construction of a plant mix bituminous mat and crushed gravel shoulders on 28.24 miles of Raft river highway between Decio and Malin in Cassia county.

Construction of a plant mix bituminous mat and crushed rock shoulders on 16.480 miles of the Palouse highway between Caesar's Grove and Mud Bay school in Kootenai county.

Construction of a plant mix bituminous mat and crushed rock shoulders on 20.834 miles of the Palouse highway between Pocatello and Tensed in Benewah and Idaho counties.

Doctor Suggests War on American 'Cancer Racket'

NEW YORK, July 10 (AP)—Existence of a "great American cancer racket" is reported by Albert Solland, M. D., of Los Angeles, to the American Medical Association.

"Institutions governed by profit seeking," he says, "and wholly mercenary" individuals are advertising and advertising the hand cures for cancer by methods which belong to the dark ages.

"There are in use steamship canteen pastes and other devilish contraptions, which with to destroy warts, moles and other surface growths of more or less serious nature, and even advanced cancer of the breast."

"These efforts produce of course a painful destruction of a great many perfectly innocent lesions, but usually fall in a cure of real malignancy lesions. The medical profession is not entirely blameless for there are altogether too many who, knowing better, will keep helpless patients in a hopeful frame of mind—by giving pills, potions and injections of all sorts, knowing full well of the total inadequacy of such agents to effect a cure or even attain a reasonable degree of palliation."

As a plan to beat the "cancer racket," Dr. Solland proposes a central bureau of cancer study and research, with branches widely distributed, and restriction of treatment to persons qualified by scientific authorities.

SPEED MARKS SERVICE OF UNITED AIR LINES

Twin Falls, although not directly on an air line, has remarkably fast airplane service through connections at Pocatello and Boise, according to a survey received here today from S. R. Newman, district traffic manager, United Air Lines, Salt Lake City, who has worked out arrangements for the handling of Twin Falls passengers at Boise and Pocatello.

Illustrative of the speed of the service is a 4 1/2 hour flight from Boise to Spokane, 3 hours to Portland, 4 hours to Tacoma, 4 1/2 hours to Seattle, and practically overnight service from Boise to Chicago, New York, Washington, and many other eastern cities.

By making connections with the plane of the National Parks Airways at Pocatello, the passengers can leave that point at 8:55 p. m. and be in San Francisco shortly after midnight, while Chicago is only 10 1/2 hours distant.

All flights from Boise and Pocatello are made in the famous 3-mile-a-minute twin-engine Boeings, such as United Air Lines uses on its coast-to-coast route, carrying two pilots and stewards.

ORCHESTRA APPEARS
JEROME, July 10—Rogers and Benny, aptly known radio comedians, are accompanying El Riego and his orchestra of 15 talented Negro musicians which will play in Jerome Friday evening at the Victoria ball. The orchestra, of Minneapolis, Minnesota, is touring the country, accompanying the comedians who give floor shows at cities through which the orchestra passes.

LICENSED AT JEROME
JEROME, July 10—Ciro D. Hendricks, 22, Rockland, and Abel Parr, 23, American Falls, secured a marriage license today in Jerome.

VISITS AT JEROME
JEROME, July 10—Superintendent Harold F. Downey, Wendell, was a Jerome business visitor today.

SENATE BROADENS LOBBYING INQUIRY

Utilities Bill Effort to Confer in Goes to Conference in Reconciliation

WASHINGTON, July 10 (AP)—An all-inclusive senate investigation of lobbying—past, present and future—was shaped today from the session's biller and still unmeted dispute over the compulsory dissolution of utility holding companies.

By a series of swift and unexpected strokes the senate, meanwhile, sent the public utilities bill to conference. With it went an understanding that if an agreement with the house proves impossible the conferees will ask for new instructions on the dissolution clause.

At the same time, the house routed out a spontaneous demonstration of confidence in Chairman O'Connor (D-NY) of the rules committee, after his fitness for conducting an investigation of lobbying on the utilities measure had been questioned by Representative Rankin (D-Miss).

Retires Disclaimer
Beyond that, it voted him \$50,000 for continuing the inquiry, already begun with an accusation and a denial that Thomas Corcoran, an administration aide, had tried to threaten Representative Brewster (R-Me) into voting for the dissolution provision.

The house hearings today found Corcoran going over his denial and accompanying explanation again and again, in answer to the questions of committee members. Brewster, who yesterday roared "you're a liar" at him, placidly listened from a seat at the end of the committee table.

The projected senate investigation, proposed by Senator Black (D-Ala) received the approval of the audit committee.

HONOLULU (AP)—Construction of an \$880,000 breakwater at Port Allen, island of Kauai, has been completed after more than a year's work which included a detailed geological study of the island for suitable rock, giving the territory its third harbor of major importance. The other two are at Honolulu and Hilo.

SMALLER POTATO CROP INDICATED

Government Forecasts Five Per Cent Drop Under Last Year

WASHINGTON, July 10 (AP)—A smaller potato crop than in 1934 was forecast by the federal crop reporting board, but it was expected it would be one per cent above the average production from 1928 to 1932.

Potato production based on July 1 reports was forecast at 307,540,000 bushels, nearly five per cent smaller than last year's harvest but about one per cent larger than the 1928-32 average.

The acreage for harvest was reported nearly two per cent smaller

\$350—less than \$10 an acre. The trees are among Ohio's last of virgin tulip poplar, sturdy and straight, they rise to a height of 125 feet and are nearly five feet thick at their base.

Experts consider the trees among the finest specimens in the state and say they undoubtedly are more than 400 years old.

Israel plans to preserve them in the hope that the site may some day become a state park.

than last year and four per cent less than in 1932 but slightly larger than in 1933. Condition of the crop was 82.7 per cent compared with 79.2 per cent on July 1, 1934.

The board said most of the estimated decrease in production would occur in the 18 surplus late states.

NATIONAL REPRESENTATIVES BRUDDEN, KING AND BRUDDEN, New York, Chicago, San Francisco.

The News assumes no financial responsibility for errors in advertisements but in cases where the paper is at fault a correction of that part of the advertisement in which the error occurs will be published without charge.

All notices required by law or by order of court of competent jurisdiction to be published weekly, will be published in the Wednesday issue of this paper pursuant to Section 43-121, I. C. 1932, as amended thereto by Chapter 154, 1929 Session Laws of Idaho.

A GOOD IDEA Congressman D. Worth Clark offers a suggestion in connection with the expenditure of Federal funds in Idaho which seems to have a good deal to recommend it.

There is no question but what the weed situation promises to become a menace of grave importance if it has not already done so and, as Congressman Clark points out, if Federal funds are not used for the purpose now state appropriations will eventually become necessary.

Cleaning up the canal banks should be the first step in any such program but it won't do much good to confine the job to the canal and ditch banks. The work must be done on a state wide scale and all the irrigation water used in Southern Idaho must be kept clean.

According to information contained in current press dispatches the sum of six million dollars has just been allotted to Idaho for white pine blister rust eradication.

BURYING GOLD - Evidently the United States Government has no intention of abandoning gold as a money basis.

guard the vast accumulation now in its hands. The huge gold reserve, now more than nine billion dollars, is to be buried, for the most part, in under ground strongholds in Colorado and Kentucky.

The nation's monetary gold will then be safe from foreign invaders, whether coming by land, water or air. These storage places are not only distant from the sea, but hedged by mountains on the east and west.

There is certainly no suggestion, in this procedure, of the "commodity dollar." With such a standard, widely adopted by nations, gold would sink to its commercial bullion value.

DICTATORSHIP IN FACT

Press dispatches relate that early today Huey P. Long's puppet Louisiana legislature hurriedly enacted twenty-five measures which give Long such further despotic power as may well cause Hitler to blush with the risk of repetition, and for the purpose of emphasis of an unprecedented condition of mind on the part of American people, we have quoted a few of the enactments ordered and obtained by the dictator:

1. Control of elections. 2. Command of an army. 3. Authority over all non-elective governmental employees.

TAKING IT AWAY

The program of the administration to "take it away" from those who have and give to those who have not continues to puzzle this editorial mind.

Evidently the United States Government has no intention of abandoning gold as a money basis.

SERVICES CONDUCTED FOR VICTIM OF FEVER

FAIRFIELD, July 10.—Funeral services for Christopher Ludwig Oleske, 30, who died from spotted fever last Saturday at his home on the south side of the Snake river 20 miles north of here, were conducted Monday at Fairfield Community church with Rev. George H. Ellis officiating. Interment was in Mountain View cemetery.

Mr. Oleske was a pioneer of Camas, Ore., coming here 20 years ago from his birthplace at Mandan, North Dakota. For the past 12 years he has been a member of the Methodist Episcopal church. He is survived by his wife and a sister, Mrs. Claude Finch.

LEAGUERS LEAVE FOR WOOD RIVER INSTITUTE

FAIRFIELD, July 10.—Eleven members of the Fairfield Epworth league left Monday for the annual institute held on Wood river above Kelchum. Mrs. C. D. Merrill will act as chaperon for the group, which was also accompanied by Mr. and Mrs. Harold Baldwin and Mrs. William Reagan. Members who attend the institute this year are Lonzo Baldwin, George Reagan, Margaret and Lucille Ellis, Laura W. Burdette, Charlotte Nelson, Teddy Merrill, Tommy Wokersten, Deane Byrd, Carol Jean Miller and Esther Hagerty of Gooding who is a guest of Mrs. Merrill.

Mrs. J. W. Fields, who has been with her mother, Mrs. W. W. Fields, was visiting here with her daughter, Mrs. Will Leek and family. Monday, she hopes to spend the summer in this locality and is at present with her son, Ernest Fields, of Gooding.

REPRESENTATIVE DAY AT SPECIAL SESSION

RUSSELL LAKE, July 10.—Mr. and Mrs. Joe H. Day left Sunday to attend the special session of the state legislature at Boise. Mr. Day is state representative from Jerome county.

Miss Edith Denny, student at Northwestern business college at Spokane, arrived here Sunday for a short vacation with her parents, Mr. and Mrs. Clifford Denny.

Harmony club will meet Wednesday at the home of Mrs. Frank Basila, with Mrs. Frank McDonald assisting.

Livestock 4-H club members judged cattle Thursday at the farms of George Evans and August Walters.

Mr. and Mrs. Everett Vinyard and family left Sunday for Nevada to spend the summer.

Virginia Denny, only daughter of Will Denny, will return home this week from Wendell hospital where she recently underwent an operation for appendicitis.

TWO TOURIST CAMPS UNDER CONSTRUCTION

GOODING, July 10.—Gooding is to have two new tourist camps. The Union-Kentucky has started construction of a service station and tourist camp on the Gooding-Bias highway in the west part of the city. Six cabins are being built and will be finished in a few days. He plans to have the camp open for business by the middle of July. Contractor for some time has been wholesale agent for the Fletcher Oil company.

Mr. Pearl Perkins has begun construction of eight cabins on her acreage in the south part of town and plans to have them completed in a few weeks. She is building them in the grove near her home.

KIWANIANS OF FILER TOLD OF CONVENTION

FILER, July 10.—Rev. A. D. Hubbard, pastor of Filer Baptist church, addressed the weekly meeting of Filer Kiwanis club here Tuesday on his recent trip to a church convention at Colorado Springs. Fourteen members were in attendance.

Women's Home Missionary society

Keep your hands naturally lovely... this easy way

Ever wish that your hands could be really lovely—soft, white, smooth—throughout the year? If you use Chamberlain's Lotion, very quickly you can see an amazing transformation. This is a different lotion, a blend of thirteen, different, imported oils. Because it is not greasy, it is absorbed in only 37 seconds. Why be tormented by roughened, coarsened, cracked, chapped hands? Get Chamberlain's at any drug or department store.

Chamberlain's Lotion

Social Note—Any Moonlight Parties For July 15 Certain To Be Eclipsed

BY STEPHEN J. McDONOUGH (Associated Press Science Writer) WASHINGTON (AP)—Nightwatchers, astronomers, late revelers, and romantic couples will be given a special treat on the night of July 15 when a full eclipse of the moon is due.

The sky show, one of the outstanding astronomical events of 1935, will be visible in the western hemisphere, except in the extreme northern part of North America, and will be seen, wholly or partially, in most of Africa, southwestern Europe, the Atlantic ocean and the eastern part of the Pacific ocean.

Lasts Five Hours

During a period of five hours, beginning at 9:15 p. m. eastern standard time on July 15, the shadow of the earth will cross the face of the moon from east to west, the earth at that time being in direct line between the sun and moon to intercept the sun's rays.

The earth's shadow will cover the moon completely for one hour and 40 minutes, the time required for the lunar body to traverse the 5850-mile-wide breadth of the shadow at its point in the heavens.

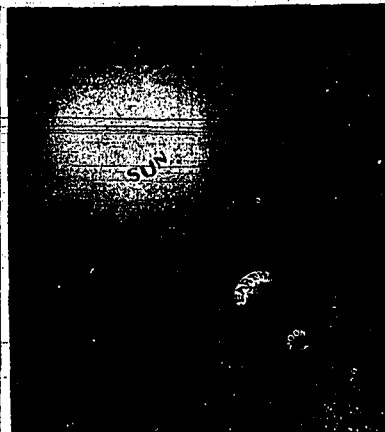

For much of the United States this will be the first total eclipse of the moon since 1927.

Moon Gradually Darkened

At the beginning of the eclipse the bright surface of the moon at its eastern edge will begin to darken as it enters what is known as the umbra, or outer or partially, in most of Africa, southwestern Europe, the Atlantic ocean and the eastern part of the Pacific ocean.

At 10:12 p. m. eastern standard time, the umbra, or darkest portion of the shadow of the earth, will touch the moon's edge and from then until 11:09 p. m. the shadow progressively will darken it until it disappears from view.

From 11:09 p. m. until 12:50 a. m. on July 16 the moon will be passing through the earth's shadow, with the leading edge of its surface coming into view again at the latter time. It will pass through the umbra

This drawing illustrates what will happen on the night of July 15-16 when much of the United States will see its first total eclipse of the moon since 1927. The earth's shadow, cast by the sun, will cross the face of the moon, completely covering it for an hour and 40 minutes.

at 1:47 a. m. and be entirely out of the shadow at 2:43 a. m. At the time of the eclipse the sun will be about 84,410,000 miles away from the earth and the moon will pass through it in this eclipse to be 226,740 miles away on exactly the opposite side. The shadow cast by the earth will be cone-shaped, its base being a cross-section of the earth through its 8000-mile diameter. It will extend into space about 629,100 miles beyond the moon.

The width of the earth's shadow at the point where the moon's orbit crosses through it in this eclipse is nearly its maximum possible width, says the American nature association, making the approaching eclipse (may) the maximum possible in time duration.

of Filer Methodist Episcopal church will hold the organization's annual picnic at Twin Falls county fairgrounds here Thursday afternoon, July 18. Mrs. Kim McCauley will be in charge of devotional and Mrs. D. H. Showers will be in charge of textbook study.

Mr. and Mrs. S. H. Kalbfleisch left Tuesday for their home in Pasadena, California.

W. M. Bunce left Sunday on a business trip to Nevada.

Mr. and Mrs. L. C. O'Hanlon and daughter Joan motored to Boise Saturday and returned Sunday. Mrs. J. D. Gilliam accompanied them and will visit relatives in Boise for some time.

E. S. Lathie returned home Tuesday from the county hospital where he has been a patient following a major operation.

Mrs. H. S. Corless left Monday for a visit with relatives at Lewiston.

Benyon's moving and storage, private rooms for furniture and household goods. We call for and deliver, Ph. 142.

LEAVE BUIH HOSPITAL HAGERMAN, July 10.—Mrs. Margaret Russell returned home Wednesday from the Buih hospital where she was operated on for appendicitis. Dewitt Trovillo, who has been in the Buih hospital for some time, was brought home Wednesday.

FARMER AND GUNMAN TRADE FATAL SHOTS

SPRINGFIELD, Mo., July 9.—Hondo Ellison, 25-year-old Douglas county farmer, and an unidentified gunman—one of three who, officers said, raided the Ellison home—were killed in an exchange of shots late tonight. Investigators reported the gunman carried a chauffeur's license bearing the name of W. H. Morfield, 28, Oklahoma City.

BURLEY ROTARIANS TOLD OF CONVENTION

BURLEY, July 10.—Burley Rotary club met in weekly session at the National Hotel Tuesday at noon. Harold P. Dwyer gave a report of his trip to the convention held at Mexico City recently, where 5000 Rotarians from throughout the world were congregated. Robert J. Hill, president of International Rotarian, was the principal speaker at the convention and many other noted speakers also addressed the Rotarians at various times, according to Mr. Dwyer.

Marie Wynn of Paul entertained the Burley Rotarians with musical numbers at the Tuesday luncheon, singing two songs accompanied by George Morris at the piano.

IDAHO BARRISTERS MOVING ON HAILEY

Judicial Section Hears Discussion of Powers of Courts

HAILEY, Ida., July 10 (AP)—Representatives of the legal profession in Idaho converged on Hailey tonight for the opening of the annual meeting of the State Bar here tomorrow with John W. Graham of Twin Falls, presiding.

The judicial section of the bar met today with Judge Charles P. Keady of the third district court at Boise presiding and Judge Jay L. Downing of the fifth district court at Pocatello, acting as secretary.

The principal speaker was Justice James F. Allshie of the Idaho supreme court, who gave a technical discussion of the subject, "The Inherent Power of Courts to Make Rules."

Coming to the Orpheum

ROXY THEATER TO SHOW 'FLIRTING WITH DANGER'

"A running gag" to the uninitiated, might mean a joke or a funny story that's in a hurry, but to film folk it means a humorous line of dialogue, a bit of mechanical action or a "gag" which establishes itself in the opening of a picture and "zings" up as the picture is developed.

Of course, in the development of just such humor, the right player must be had to add the right amount of punch to the gag. Ordinarily, one player is given the gag and plays it all through the picture, sometimes two players bandy it back and forth but in the Monogram feature "Flirting with Danger" which opens tomorrow at Joe's Roxy theater three sterling screen performers, Robert Armstrong, Ed-

SNAKE RIVER OUTLAWS RETURN TO RADIOLAND

Radio historians during 1935 and 1931 will remember the original Snake River Outlaws, "old time" entertainers featured over station KTRZ over the period. The program, "Snake River Outlaws" will furnish the music tomorrow evening at the regular "old time dance" in the open air Radioland pavilion, according to the management. Arrangements were just completed last evening for their appearance.

In addition to the Friday night dance engagement the "Outlaws" will broadcast today at noon and Friday at noon, also at 8 o'clock. Their first personal appearance will be Friday evening at Radioland, when such favorites as Sleepy Sam, Cactus Kid, Fence Wire, Hatfield and the Idaho Kids, Ike and Mike, will greet the old-time dancers. A vaudeville show at 8 o'clock will start the evening's entertainment.

NEW DEAL DEMANDS LAW'S PROTECTION

Stable Money 'Impossible' Without Ban on Gold Clause Suits

WASHINGTON, July 10 (AP)—The brief, but significant statement of Senator Thomas (D-Okla.) urging faster silver buying and stabilization of a gold-silver-metallic standard.

Attorney General Cummings, advocating outlawry of gold clause suits, said "international agreement to establish a gold standard would be almost impossible" without such legislation.

IDAHO ORCHARDISTS MEET AT FRUITLAND

FRUITLAND, Idaho, July 10 (AP)—More than 1000 fruit growers of southwestern Idaho and eastern Oregon met here today for the mid-summer session of the Idaho state horticultural association at which Governor Ross was the principal speaker.

J. H. Beaver of Twin Falls, president of the organization, and former senator from Twin Falls county, presided.

Governor Ross paid a brief tribute to the industry and commented the leaders in it who are striving to improve the quality of their production and thereby broaden the market for Idaho products.

MUNICIPAL POOL AT JEROME DRAWS THROUG

JEROME, July 10—Large numbers of Jerome residents are enjoying swim at the Jerome municipal swimming pool, open this year, after a two-year period of inactivity.

The pool, measuring 30 feet by 60-feet, is modern in every way. The city, aided by the local chapter of the Red Cross, is paying running expenses of the pool which is kept open daily from noon until 9 p. m.

Washington Breaks Detroit's 11-Game Winning Streak

Baer's Ailing Hands To Be In Condition For Fight Next Fall

Senators Defeat Tigers After Wild Slugging Spree, 12 to 11; Giants Conquer Pirate Crew

Nats Drive Bridges To Showers In First Frame

WASHINGTON, July 10 (AP)—The Senators shattered Detroit's ten game winning streak today as the Tigers opened their eastern tour, but they won only after one of the season's wildest scoring and slugging sprees, 12 to 11.

Washington jumped on Tommy Bridges with both feet in the opening inning and scored seven runs before Joe Sullivan broke the die out. The Nats continued to clout and led 12-6 going into the final inning. Then a home run by Charley Gehring touched off the fireworks and the Tigers batted clear around, leaving the tying and winning runs on base when Gehring and Fred Schulte for the final out.

Tigers Outbit Solons

The Tigers' outbit the winners 10-14 and lost in ten two batters to equal the American League record along with Gehring's circuit swing, his fifth of the season. Two Detroit errors came at costly junctures to help the Nats with their first inning burst and with a run in the fourth while two of the Tigers were in the fifth scored when Gerald Walker slipped and fell as he started after Jake Fowlkes.

The victory enabled Washington to climb back into sixth place a few percentage points ahead of the Athletics who lost to St. Louis.

The box score:

HIGHWAY DISTRICTS ASK ROAD-WIDENING

Five Divisions Form Unit In Attempt to Gain Federal Works Funds

Forty citizens of Twin Falls county, including directors of Twin Falls, Buhl, Piler, Murtaugh and Rock Creek highway districts, in conference last night went on record as favoring the widening of U. S. highway 30 in Twin Falls county from 18 to 30 feet.

The proposed widening would be done under provisions of a federal government works project that calls for local procurement of required additional right of way.

The highway districts, all in favor of the wider highway, went even further and organized a Twin Falls county highway district as a move in furthering the proposal. Named as chairman of the executive committee, which includes a representative from each of the districts, was Vern Morgan, Twin Falls. Other members elected from the various boards are Peter Link, Rock Creek; C. T. Thomas, Buhl; Ray Shearer, Piler; Hyman Plater, Murtaugh; Stuart H. Taylor, secretary to Twin Falls highway district, was elected as secretary.

To Contact Governor
Mr. Morgan was instructed by the group to contact Governor Rose as soon as possible and arrange for a meeting at which a representative of the federal government would be present to outline requirements for the widening project.

A. L. Swin, chairman of Twin Falls county planning board, opened the discussion by saying that "the planning board feels that, due to heavy passenger and truck traffic on U. S. highway 30, there is a vital need for widening of the transcontinental highway. At this time I believe that if the highway districts will cooperate, state and federal aid may be secured to widen the arterial from 18 to 30 feet."

J. D. Sinema, Twin Falls highway district engineer, estimated that if the highway districts put up \$1000 per mile to pay a portion of the right of way cost, the balance between \$20,000 and \$30,000 per mile construction cost can be financed by the government.

Leo Howard, secretary for Buhl highway district, proposed that the road be widened by using the present right of way and narrowing the width of the borrow pits at each side.

Mary's mad again and she'll just have to stay mad a while. I won't have a bit of chocolate soda monkey before Saturday.

VETERAN ENGINEER ANSWERS SUMMONS

Mark M. Murtaugh, One of Twin Falls' Builders, Dies on Coast

SALT LAKE CITY, July 10 (AP)—Mark Maurice Murtaugh, 55, who built the first brick house in Twin Falls, Ida., and for whom Murtaugh, Ida. was named, died today in San Francisco, friends here learned. Mr. Murtaugh, the builder of the Twin Falls canal, succumbed to an illness aggravated by a fall two years ago into San Francisco bay from the San Francisco-Oakland bridge still under construction. As an engineer, Mr. Murtaugh led an unusually active life. He was identified with construction of numerous projects in eastern cities, in California and in South America. He came to Salt Lake City in 1903 and then moved to Twin Falls in 1904. It was in 1906 that the engineer constructed the brick house in Twin Falls. He was honored upon completion of the canal there by the naming of a nearby community for him. He is survived by his widow. Funeral arrangements will be announced later.
