### RELIEF FUNDS FOR STUDY OF CLIMATE

#### IERA Makes Possible Research Covering Past Millenniums

POCATELLO, July 24.—The climate of Idaho for the past several thousand years has been the subject of a research project under the direction of Dr. Ray J. Davis, head of the department of botany. This work was made possible by a small grant on a relief basis from the IERA and was carried on by Warren Tonks of Driggs, Idaho, under the supervision of Dr. Davis.

By a new means of pollen analysis it may be possible to determine roughly the predominating types of plants that have lived during past ages near some of our present peat bogs. As certain plants predominate during wet cycles, oaks and others during dry cycles this may give another valuable clue to the climate of past ages in addition to the present method of studying the ring growth of trees in ancient peat bogs.

The construction of houses built by the cliff-dwellers.

**Trail in Peat Bog**

The method used was to take a continuous sample of peat from a surface layer to the bottom in some localities to 12 or 15 feet in depth. By appropriate means the grains have been secured at the various levels in this undecayed organic material. Since the pollen grains do not disintegrate it has been possible to determine the plant from which they came, and through the presence of the pollen grains.

Around the Great Lakes they have been able to correlate work similar to this with weather and find that it is checking accurately with weather conditions that have been determined in other ways so that a fairly accurate weather history for the past 40 or 50 thousand years has been secured by determining the types of plant grains which occurred at the different periods. Plants thriving best in wet weather predominate 100 to 1000 years after the rainfall is high. These are then gradually replaced by plants that can stand drier conditions and even drought if dry periods come.

The work at the Southern Branch has been confined so far to the investigation of one peat bog. Microscopic slides containing the pollen from this bog will soon be completed. Dr. Davis hopes to continue the work in other peat bogs in the future. It is hoped that material may be gathered from a number of places in order to get a fair sampling of plant growth in past ages in southeastern Idaho.

### Rally Slated for Wood River G. O. P.

HAILEY, Ida., July 24 (AP)—Republicans of the Wood River valley district will hold their annual meeting at 10 p. m. R. B. Wells, chairman of the Blaine county central committee, announced today.

Those who have been invited to attend are Henry Dworshak of Burley, Ralph Breckners of Elsie and Fred Taylor of Coeur d'Alene. A banquet will precede the meeting.

### Terre Haute Still Guarded by Troops

TERRE HAUTE, Ind., July 24 (AP)—National guard officers toured Terre Haute today and decided that although union labor's general strike is ended a tense situation still prevails.

Nevertheless it was decided to demobilize all but 500 of the 1,100 troops rushed into this city Monday when members of forty unions started a "labor holiday" to show their sympathy of fellow unionists who have been on a four-month strike to force recognition from the Columbian Enameling and Stamping company.

A force of considerable size, it was indicated, will be left to guard the remaining plant.

### Japanese Regrets Firing on Mission

HANKOW, China, July 24 (AP)—Japan's consul general Y. Mizu today tendered his regrets to Paul R. Joseph, American council general for the incident of a Japanese submarine firing on an American mission at Vochoo, Hunan province, last Friday.

Report of the incident was made by the Rev. Edwin Beck of Tiffin, Ohio attached to the mission school of Huping college. The Rev. Mr. Beck said school buildings and residences for foreigners were shelled and 200 school children and 100 missionaries were killed. Mizu said the submarine was engaged in target practice on Lake Tungting and its personnel was unaware the bullets had fallen on mission property.

THIS plane was badly damaged at the Detroit, Mich., City Airport during a storm which killed three persons as it brought relief from a heat wave. Trees were uprooted and other property damage resulted. A 42-mile gale pulled the plane's stakes. Five other ships were damaged in the rain and wind storm.—(AP Photo).

### BURLEY ROTARIANS TO PURCHASE BOAT

BURLEY, July 23.—Burley Rotarians enjoyed a noon-day luncheon at the National hotel for their regular Tuesday meeting day. Singing of familiar songs was led by J. H. Harris, and Harold P. Deardoff completed a report on his trip to Mexico City where he attended the international convention of Rotary.

Miss Fern Johnson entertained with two plain dinners. Plans were made to secure a boat for adding in rescue work at Rotary Beach inasmuch as it was deemed advisable to provide quick service requiring the services of Life Guard Paul Mueller in reaching victims in distress at a distance. It was decided to give publicity to the fact that the life guard is not on duty all day nor late in the evening at Rotary beach, so that bathing will be unduly curtailed at times when the life guard is not on duty. The regular time that Paul Mueller, life guard, is on duty is from 1 to 2 p. m., daily.

A candle light service at which members of the Christian Endeavor society and Christian church were present was held at the home of Miss Helen Robinson, Saturday evening. Out-of-town persons present were Miss Marie Schram and Roger Barry of Salt Lake City, guests at the Robinson home, and Mrs. Nilling, son and daughter and Mrs. Nutting's sister, Miss Jule Cunningham, all of Burley, and Mrs. Donnan of home from Salt Lake City for a vacation from her duties in a Salt Lake City hospital where she is acting a nurse's course.

During the absence of the pastor, Rev. J. S. Nelson and family, who have been vacationing in the Sawtooth mountains, the young people of the Christian Endeavor society were in charge of the Sunday school services. At the morning service, the gospel team conducted the service at which Miss Casilda Wright presided as soloist. The evening service was a song service. Mrs. Donald McChaffin and Miss Lulu Wilkinson sang a duet, "Take Up Thy Cross" and Miss Casilda Wright gave a short talk.

"God's Avenging" a one-act play written and produced by Rev. Leroy H. Walker, was presented by members of the Epworth league at the Methodist Episcopal church Sunday evening to a large audience. The performance was a reproduction of the play as given by the local leagues of the Methodist institution.

A tea was given in the garden at the Frank Anderson home Sunday afternoon when Miss Marjorie Wright, leader, and the girl scouts sponsored a mother's and daughters' tea. A program of musical selections including a violin solo by Miss Catherine Rose, vocal solo by Miss Helen Robinson, piano solo by Miss Betty Pitkon, accordion solo by Miss Lillian Mueller and a reading by Evelyn Mueller was given. The tea table set on the lawn was covered with a lace cloth and decorated with baskets of Shasta dahlias. Girl scouts assisted in serving.

Mr. and Mrs. Glen Wyatt and Miss Laura Lee Sharp are vacationing near Ketchum. Mr. and Mrs. Donald MacRae will join them over the week end.

Mr. and Mrs. John Robinson and Roger Barry, a guest at the Robinson home, are spending a week in the Sawtooth mountains.

Mrs. George Atkins, mother of L. D. Atkins of Burley, and S. M.

Atkins and family of West Branch, Michigan, arrived here Tuesday for a month's visit with Mr. and Mrs. L. D. Atkins of Burley, and S. M. Atkins are Miss Mary Atkins and Mrs. Leroy H. Walker and sons, Bobby and Jimmie motored to Kimberly Tuesday evening where they were dinner guests at the home of Rev. C. I. Andrews. The purpose of the visit was to complete plans for a rally of the Kimberly Epworth League to take place on Sunday evening, July 28. Rev. Walker will be a speaker at the rally.

### 30,000 BODIES IN PATH OF DELUGE

#### Floods Take Stupendous Toll in Central China

SHANGHAI, July 24 (AP)—A report that 30,000 bodies of flood victims had been picked up in the Hwang area alone today provided grim measure of the toll taken in central China by the receding waters of the Han and Yangtze rivers.

Simultaneously, northern provinces continued struggling to mop up the raging waters of the Yellow river, "China's sorrow," which roared heading down to the sea, causing its surges to engulf enormous areas of famulanda.

The report from Hankow, coming from Red Cross authorities there, combined with reports from other areas to indicate uncounted thousands of Chinese had died like flies in the Han and Yangtze flows.

#### Five Million Homeless

Government authorities said five provinces had been devastated, saying total losses could not be estimated for weeks to come. The rivers were receding, but vast areas remained under water.

The Yellow river's toll was almost equally giant. Governor Sun Pu Chu of Shantung province reported today 5,000,000 persons there homeless. Hunan's governor said several millions in that province were destitute; Hopei, Honan and Szechwan, seriously hit, reported refugees clinging to dykes and dying helplessly under the scorching sun, while "Brethren of the road" being made to save 1,000,000 farm folk around Hinghsia, in northern Kiangsu, from the advancing waters.

Dykes surrounding Hingant lake on the Shantung-Kiangsu border collapsed before the surge of eight feet of water, flooding the countryside and destroying everything.

### Keatons, Sewells in Divorce Tangle

**NAMING Mrs. Leah C. Sewell, wife of Barton Sewell, millionaire Beverly Hills sportsman, as co-respondent. Mae Elizabeth Keaton, wife of Buster Keaton, has sued the film comedian for divorce. The action, filed in Hollywood, was accompanied by another suit for \$200,000 against Mrs. Sewell, top right, for asserted alienation of affections. Keaton, top left, who rose to screen popularity through his frozen-pan antics, was married to Mrs. Keaton, the former Mae Serlervens Hawley, in 1933. Mrs. Sewell at present is suing her husband for separate maintenance as an outgrowth of the much-publicized Emerson-Sewell wife-randing divorce suit of several months ago.**

### HAILEY CHAMBER

HAILEY, July 24.—Regular meeting of the Hailey Chamber of Commerce was held Monday evening. Dinner was served at the Star cafe.

In the business meeting following, Commissioner Hassell Blankenship explained the change in the route of the highway between Gannett and Pico. The old highway was too narrow for proposed improvements. The new road will enter Pico on the upper side of the railroad.

This arrangement makes the crossing at Gannett the only one on the valley road from Hailey to Pico.

MORAL INTERVENTION.

The United States government is remaining officially and diplomatically neutral in the Italian-Abyssinian war now developing. Our state department has carefully avoided taking sides with Abyssinia to the extent of making a formal protest to Italy, or invoking the Kellogg-Briand pact against Italy.

Here are only words, not acts. But the moral outlawing of a European power like Italy, by this country and most of the other powers, may have more influence in this case than it has had on Japan with respect to China.

ADVERTISING RETURNS

An interesting contribution to statistical knowledge of advertising—returns has been made by Charles C. Stebb, a New York researcher in this field.

His purpose was to put into simple figures just what advertising does with regard to consumers of any brand of merchandise.

He also deduces this general principle—that the percentage of profit from investment in advertising actually increases with the volume of expenditure.

WHILE GETTING IS GOOD

Strange as it may seem, there has been but insignificant criticism of the late special session of the legislature from any source.

We have had enough tinkering with the Constitution. It has served well and efficiently in safeguarding the rights of the people and forwarding the interests of the nation for more than 150 years.

GO HOME, CONGRESS!

Those who would now change the fundamentals of this solid bulwark of American liberty and safety may well consider the caution of Daniel Webster in an address delivered on the centennial anniversary of Washington's birth.

New York Day by Day

By O. O. McINTYRE

NEW YORK, July 24.—Likely no one in the modern scene has made more headlines and money in the tall, thin, John Erskine. The High G. High-brown, his professional manner is for the lecture room only.

A gentleman of an ordinary versatility, he is composed of distinction, a plainness of countenance, an author of best-selling books.

He writes a jolly piece for a sophisticated weekly as well as a treatise for the London Mercury.

One-Eye Connelly confesses his first failure in gate crashing. He came a cropper at the earliest entrance of all for the crash—a Broadway theater.

Likely the biggest nup-up among the press agents in several years has been that of Francis Albertini. He signed to do all the champion Jim Braddock's chief writing when that pugilist secured the foremost of hopes.

Before Harry Leon Wilson retired to Camel and when an editorial writer on Puck he launched a defense of the bicycle—all things!

WASHINGTON: BY HAY TICKER: VOTES: Congress has taken to heart the lessons learned in the Boer-Brester scrape over the public-utilities bill.

CROSSED: The White House is badly pained by unwhipped discolorations that it is planning 1935-37 relief expenditures ever before it has spent \$4,880,000,000. That sum was designed as the piggy bank against the possibility of New Republicanism.

FORESIGHT: Silver speculators banking on the administration to balloon the price to \$120 or anywhere near that figure are bound to feel disappointed. Unless silver is sold by the metal early in the game, possibly before sixty cents an ounce, they may not recoup their whole outlay.

TREASURY: Treasury purchases must be made against the price of silver before the current supply can be sold in world commerce. If the U. S. is to buy at a high figure—above 35 cents—then it is bound to lose on the sale.

THE MOTHER: Mothers who wish to entertain in peace would be wise, if, instead of turning the children out of the room with the injunction to be good children, and I'll give you some ice-cream when the guests are gone, she planned beforehand some absorbing occupation for the children during the afternoon.

### PAGEANT CLIMAXES UTAH PIONEER DAY

Colorful Display Recalls Frontier Period of State's History

SALT LAKE CITY, July 24 (AP)—Upon the thirty-first anniversary of Utah's admission to the Union, the city of Utah today staged the first party of the Pioneer Day pageant, from which 88 years ago today emerged the first party of Mormon pioneers, those pioneers came to life tonight in the persons of descendants, and relived their gallant heyday.

Prehistoric romances emerged from the shadows of the past to erect their hopes and light their campfires. Trappers and traders followed them across the stage of the past, and Franciscan monks, active in 1776 a trail from Santa Fe to Montezuma and escorted by leather-jacketed Spaniards.

Then before thousands assembled beneath the stars that saw those deeds enacted, the pony express galloped across the scene, followed by the stage coach, and then the transcontinental railroad, the last of which was forged in Utah.

Roles of many of the historical characters were taken by their sons and grandsons, and former Governor H. Wells portrayed his own part in the celebration that marked Utah's admission to the Union.

Allegorical dances and spectacles interspersed the historical tableaux, and a large chorus sang accompanying songs.

Variety Program  
Tonight's pageant was the climax of a four-day celebration of the state's holiday that was signalized by street parades here and at Ogden, daily rodeo performances and the visit here of three score pursuit and bombing planes of the first wing, army air corps, from California base.

Elephant Carries Halliburton Over Alps Into Italy

LADAUX, Switzerland, July 24 (AP)—Richard Halliburton and "Dolly," an elephant, embarked tomorrow today and crossed the Alps into Italy. The American writer of adventure stories said he was trying a 1935 version of the classic crossing made by Hannibal 2000 years ago.

After some difficulty with the customs over "Dolly" has come, Halliburton perched aboard his mount's swaying back and headed off down the narrow winding road hung from dizzy heights in the mountains.

Wide-eyed, considerably puzzled monks of the great St. Bernard hospice bade him farewell.

The adventure was threatened with disaster at the last moment when Italian customs officials passed "Dolly" over the border but demanded "papers" for the motorized feed wagon.

"Dolly" stared complacently behind the bewildered customs officials while Halliburton motored to Lausanne for the documents.

### Europe Stirred by Prospect of Hapsburg Restoration

PROSPECTS of an early restoration of the Hapsburg dynasty to the throne of Austria have grown brighter with the steadily increasing monarchial sentiment among citizens of the old empire. Archduke Otto, pretender to the throne, has been trained for his royal position constantly since the exile of the royal family 17 years ago.

After being inspected by Governor Henry H. Blood and a party of other civil and military officials, the army planes passed in review before the dignitaries this morning and then swooped and soared in formation above the business district of this city, while the pioneer parade was winding its way through the streets for an hour.

Finals of the Ogden rodeo were held tonight, with an elaborate display of fireworks.

### PARADE FEATURES HEYBURN PROGRAM

Minidoka County Turns Out for Largest Celebration in Town's History

HEYBURN, July 24.—Minidoka county turned out en masse today as Heyburn, L. D. St. Church celebrated the arrival of the Mormon pioneers in Utah in 1847, with the largest parade and program ever held here.

The program was conducted in Heyburn's new L. D. St. church, used for the first time since completion of construction recently. Hyrum Lewis, Decio, directed the main address.

As conception booths, colorfully decorated, lined the streets, the longest parade in the history of Heyburn was held, depicting various methods of transportation from the hand carts the pioneers used in crossing the plains to the present day automobile.

A softball game between two local teams and a dance in the L. D. St. recreation hall in the evening brought the celebration to a close.

### 800 Army Airplanes Declared Necessary

WASHINGTON, July 24 (AP)—An agreement for stock immediate great facilities for a \$40,000,000 appropriation for upwards of 800 army

airplanes was reached yesterday at a secret meeting of a house military subcommittee.

The subcommittee instructed Chairman Rogers (D-IND) to place before the president facts and figures showing the "absolute necessity" for the additional planes.

Harry Whittier of Boise, state director of the federal housing administration, urged greater bank participation in the insured mortgages of the FHA as a favorable channel for bank surpluses.

### DEPOSIT GUARANTY COSTS MINIMIZED

Government Agents Address Idaho Bankers at Yellowstone Park

YELLOWSTONE PARK, July 24 (AP)—The federal deposit insurance corporation was operated for 18 months at no cost to the banks, James E. Markham of Washington, D. C., representative of the corporation's head office, told Idaho bankers at the close of their annual session here yesterday.

The assessment the corporation asks for insuring depositors' accounts up to \$2500 are not refunded, he explained, but said they are credited to each bank.

The Idaho banks, he continued, have a credit with the corporation sufficient to keep them in good standing for at least two years, without additional assessment.

Markham explained pending legislation intended to prolong the existence of the FDIC.

George W. Hodges of New York City, president of the New York better business bureau and representative of the Standard Statistical company, said he believed the bond market will become an increasing outlet for bank investment.

He said he could see no signs of inflation of currency this year, and added that building increases reduced a continued business improvement.

# THROGS CELEBRATE PIONEERS' ARRIVAL

Approximately 10,000 Persons Assemble for Annual Buhl Festival

July 24—Throgs from all parts of Idaho flocked to Twin Falls today to celebrate Pioneer day, commemorating the arrival of the first settlers in Utah in 1847. With the parade starting off the day at ten o'clock the program kept moving until the two dances in the evening closed the celebration.

Attendance during the course of the day was estimated at 10,000 persons. Following the parade, children's sports and water events were held at city park and a huge crowd gathered in the park during the lunch hour.

At the afternoon program, the main speaker was Clifford Tolman, Murtaugh L. D. S. state president. The program was followed by a baseball game and a rodeo and in the evening a mammoth pageant and fireworks program was presented.

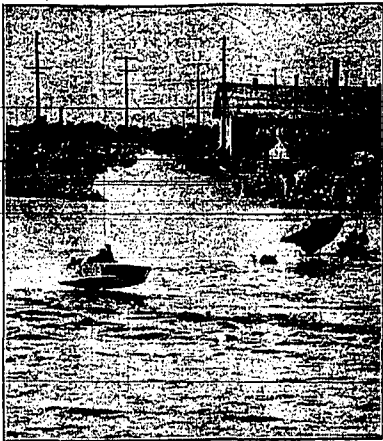

**Outstanding Float**  
Outstanding in the parade was the queen's float, beautifully decorated with pink and white streamers and large bunches of flowers and ferns. The queen, Miss Myrtle Ralph, and her four attendants, Misses Dorothy Parker, Ruth Campbell, Vivian Swiger and Joan George on the float. The queen was sitting on a throne, with her attendants sitting to her right. The queen wore a pink formal gown and the attendants wore white formal dresses. J. H. Barker performed the coronation ceremony at the intersection of Main and Broadway streets during the parade.

The parade took 50 minutes to pass and there were over 60 floats entered with prizes going to: New Deal club, most beautifully decorated float, \$15; best decorated auto, \$5. Motor company: most original float, \$5. William O'Donnell; most comical float, \$5. Ideal Barber shop; best industrial character, \$5. O. D. Huston and John Caffaro as "Father Time"; most comical character, \$5. Wise Owl by Jerome Cooperative creamery; best horse and rider, \$5. Mrs. Russell Lyons; Idaho's best crop, \$10. L. D. Jimmy Duncan; grand float, \$10. Buhl Grange.

**Miniature Parade**  
The miniature parade by the children led the large parade. The Buhl municipal band, the army band and a German band were in the parade. Mayor H. A. DeNeal led the procession and he was followed by Dag Parker, honored guest of the day.  
Prizes awarded in the miniature parade went to: Best Brigham Young, \$4. Dean Cox; best ox team, \$4. Dee and Clyde Harris; best hand cart, \$2. Nile Cox; best Indian square, \$2. Phyllis Stallings; best demonstration of pioneer family, \$5. Edson Wood; pony express, Jess Eastman, Jr. \$2; best decorated doll buggy, \$1. Marian Allenbach. Jess Eastman was awarded a prize for a decorated bicycle; Phil Eastman was given a prize for a pony express and the following were given an special prize for representing the five throgs: Mr. and Mrs. Dionne and Dr. Deford; Jimmie Holmes; mother, Delva Curtis; Doctor, Foster Sorenson; nurse, Audrey Hulsehead; Janet Love; Wilma Hutchinson. Florence and Merle Sorenson. The five nurses wheeled their five identical doll buggies with dolls representing the quintuplets.

**Children Told Races**  
Following the parade the sports races took place at the city park. The children's races were run off first with L. H. Van Ripper, Eddie Wilson and Jim Hart acting as judges.

Arnold Patchell won the tub race for a prize of \$1.50 and Dean Percy received a prize of \$1 for his exhibition of fancy high diving.

Following the sports time out was the lunch hour. Hundreds of people partooked in the city park and enjoyed the pool and the shade. At 1:30 o'clock the afternoon program began in the park with the high school band, under the direction of Oral Lake, playing several numbers. President J. W. Rich-

ona of Twin Falls gave the benediction. Mayor H. A. DeNeal gave the address of welcome and Dr. Venturi, chairman of the celebration, voted his thanks to all the people cooperating and helping to make the celebration possible. A harmony trio composed of Frank Spears, Tassie Rich and Esale Pettungill daughters of Mrs. Esale Stark, sang two numbers. The harmony trio was accompanied by Miss Betty Jane Lunney, sang two numbers.

**Tolman Speaks**  
President Clifford Tolman of Murtaugh was the guest speaker. He told of the history of the pioneers—the Oregon Trail, and how the people of today needed to take the spirit of the pioneers to carry on their work of this day and age.

Following President Tolman's address, Florian Hunt played two instrumental numbers on the occasion and James Wright, bass, sang two selections. Rev. W. H. Herliog gave the benediction. Superintendent M. M. Van Patten acted as master of ceremonies and Bob Miller had his large sound truck set up for the program in the park.

After the program in the park a ball game between Kimberly and Buhl was played at the Paris field with Buhl winning, 10 to 3. Immediately following a rodeo and bucking contest was held. The bucking contest turned into a free-for-all and the police were called out to quell the crowd that had gathered on the field to witness the feat. Two of the participants in the fight, Percy Green and J. E. Thompson, were escorted from the field, arrested and charged with disturbing the peace. The rodeo continued.

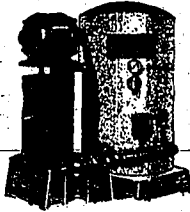

**Mammoth Pageant**  
At eight o'clock in front of the grandstand, which was packed to capacity, the pageant was put on under the direction of Oral S. Lake. The pageant had a cast of 190 persons and was entitled "America, Yesterday and Today."

The first episode was entitled, "Spirit of Indian Days" and showed the Indians gathering for a corn dance, the arrival of another tribe

and the laying of the peace pipes. The second episode, "The Spirit of the Wilderness," had the small children representing daisies, butterflies, birds and other denizens of the wilderness; then portrays the coming of the pioneers. Finally the third episode, "The Spirit of Patriotism," shows the spirit of state, the little town spirit, the grown town spirit, the grown town interest, (Christianity, Education, Music, Play); the spirit of yesterday, (O. A. B.); the spirit of today, (National Guards and Legion); the spirit of new America.

To close the program for the day a large display of fireworks was put on immediately following the pageant, and two dances were held.

Farm Equipment and Retail Issues Feature Market Uplift

NEW YORK, July 24.—The stock market appeared finally to seek up the profit taking lull and resumed its sedate advance into new high ground.

While gains, except in a few high priced points, were generally confined to a point or two, the general firmness was sufficient to lift the Associated Press average of 60 stocks to the best level for 1935.

The new high replaces the 46.3 peak made on Monday, July 30. Industries included in the average were likewise at a 1935 top of 63.8 as a result of a 3 of a point advance today and were more than points above the best level of 1934 at 61.4.

Farm equipment and retail stocks calculated to benefit from the improved position of agriculture were prominent in the list of shares gaining major fractions to 2 points or more. The group included among others J. Case at 67 1/2, Sears Roebuck at 31 1/2, Montgomery Ward at 31 1/2, Deere at 32 1/2, International Harvester at 46 1/2, International Paper at 37 1/2, Briggs and Stratton at 30 1/2, Borg-Warner at 45, Bristol-Meyer at 31 1/2, Bethlehem Steel at 33 1/2, Chrysler at 36 1/2 and American Can at 14 1/2, etc., dividend.

### WARNING GIVEN TO PRODUCE HAULERS

#### State Posts Inspection Patrols Along Idaho Highways

Idaho's department of agriculture is establishing a system of highway patrols to see to it that all fruits and vegetables carried in trucks meet the required marketing standards of the state, according to a statement given out by the department yesterday.

The marketing of fruits or vegetables are expected to stop at the patrol stations where members of the patrol will "ascertain whether or not they are carrying inspection certificates, or if not, to see to it that the fruits and vegetables meet the required marketing standards of the state."

The department's statement also called attention to a new law which requires all carriers of farm products to register with the department. No charge is made for this registration, which may be made at the department headquarters in Boise or at any inspection office.

The department explained that its statement was a warning given to assist people in the industry to take the necessary precautions before starting on the highway with their loads.

U. S. EARNS RIGHT TO CHALLENGE ENGLAND FOR HISTORIC TROPHY

(Continued From Page 9)

In the second set, broke the Turtion's celebratory wide-bounding delivery in the first game and ran up a lead of 4-2. Von Cramm took the set on service; and then, for the first time in the match, Budge whipped across his famous backhand, assumed a commanding advantage of 5-3 in games. He had two set points against the German's service in the ninth game but he couldn't win one of them as Von Cramm broke down. Von Cramm pulled level in the next frame and thereafter games went on service until Budge broke Von Cramm in the 15th and went out with a brilliant burst of tennis.
