German Air Squadron, More Nazi Soldiers Move Into Rhineland

Hitler Increases Forces In Formerly Demilitarized Zone When France Rejects His Proposals

(By The Associated Press)
DORTMUND, Germany, April 7 (Tuesday).—A German air squadron and more soldiers moved into the formerly demilitarized Rhineland area yesterday, to join the forces which entered the area when Reichsfuehrer Hitler denounced the Locarno treaty March 7.
Hitler, in his peace memorandum to Anthony Eden, British foreign secretary on April 5, had suggested that "neither side increase its military forces along the border zone," but France had not been receptive to the German peace formula as a whole.
The French cabinet today adopted a plan to be presented at the League of Nations which flatly rejects Hitler's proposals and offers a substitute based on collective security.
The newspaper Volkischer Beobachter said the "Hindenburg" had arrived at a new field here, to which it was ordered by Dr. Goebbels.
Columns of goose stepping German soldiers from air force units marched through the streets on the way to their new garrison.

France appeals to Geneva.
PARIS, April 6 (AP)—France carried the plan to the League of Nations for remilitarizing the Rhineland a step further tonight when the cabinet voted to try to arraign Goebbels before the League of Nations.
The cabinet unanimously adopted the Foreign Minister's plan to ask the League to solve the crisis.
First it will ask the Locarno powers to seek action against Germany under the covenant of the league. Second it would refuse to allow Germany to fortify the Rhineland. Third it would reject Hitler's plan to sign a new pact with the League of Nations.

Italy's northern forces advance.
Rome, April 6 (AP)—Italy's northern army, advancing rapidly toward the border beyond the Alpine region, reached a point 25 kilometers (15 miles) south of Lake Aschgang, said a German (Italian) news agency tonight.
A cleaning up of the recent battlefield where the fascists defeated an army under Emperor Haile Selassie produced a "harvest" of the latest type of "Panzer" and English manufacture, the dispatches added.
Members of caravans arriving at Gondar were quoted as saying recent Italian victories had created a "great impression."

LIGHTS AND SHADOWS In Day's Events

(By The Associated Press)
Asleep at the Show.—PORTLAND, Ore.—A pedestrian, passing a theater at an early hour, heard a commotion and called the police.
Inside they found Sam Little, still in fallen asleep at the show and hung by the foot from the ceiling.
"Next time take an alarm clock," officers advised him.
Self Help.—AVILA, Spain.—Disembodied over a lack of jobs, 250 unemployed men acted shrewdly and peacefully and began to dig up the main streets of this city.
Civil guards finally dispersed the workers but only after considerable damage had been done.
Stars With \$9,274.—NEW YORK.—She died rich and hungry. They found her body yesterday, with rain pelting on it, by a broom on a doorway.
Bewery district saw her there.—an old lady, poorly clad—she thought she was some devil. The doctor found she had died of starvation from malnutrition—hunger; and with \$9,274 in the bank.
The bank book was found.
"To John Green in trust for Agnes Dunbar—friend."
The bank said today that "Agnes Dunbar" could have drawn against the account anytime.
The address of John Green turned out to be the Bowers, Green's than he were, though, for more than a year. At the bank they said he had been on home relief.

Mayor of Principio.—BROOKLINE—Mrs. Leonora Puller has appeared before a vagrancy conviction and a one-cent fine which a jurymen paid for her.
Justice court jury handed her slapping a county commissioner's face and "abusing" him in a poem composed of vagrancy. One of the jurors paid the one cent for her but none offered to pay costs of \$50.
Mrs. Puller hopes a superior court jury will acquit her so the state and city will have to pay the \$50.

Hot Rivet Starts Fire And Imperils Bridge Builders

SAN FRANCISCO, April 6 (AP)—A hot rivet started a fire today by igniting a wooden pier fence, which threatened the construction of the new bridge.
The spectacular fire, which called out all available fire boats and sent down the bay, burning hundreds of feet into the air, occurred at the mid-bay Yerba Island on a pier supporting the western end of a 1,000-foot bridge.
A workman on the bridge deck, 185 feet above the water, dropped a wooden fence, directly on the base of the concrete pier and about 100 feet above and below the water.

WISCONSIN VOTERS HEAR BORAH URGE WAR ON MONOPOLY

'Anyone Who Would Be Opposed to Business Is an Idiot,' Idahoan Declares in Address at Milwaukee

(By The Associated Press)
MILWAUKEE, April 6 (AP)—Senator William E. Borah of Idaho, bidding for votes in tomorrow's Wisconsin election, attacked tonight what he said was "monopolistic power" by contrasting his platform of independent business.
"They say I am opposed to business," the senator said in an appeal for convention delegates pledged to support him for the Republican presidential nomination. "Anyone who would be opposed to business is an idiot."
"What I am opposed to," he continued, "is that monopolistic power that drives independent and legitimate business into bankruptcy. Whether I have a single vote at the head of the delegation, I do not propose to surrender to force of monopolistic business."
Borah discussed the problem which he said was as great and widespread as the nation itself, and challenged the constitutionality of laws empowering the president to contract such agreements as the Canadian reciprocal trade act.

While admitting some improvement in the farm situation over the past year, Borah said the nation still has a serious farm problem.
"The American farmer is entitled to the full American market. Any attempt to buy from abroad will frustrate the American farmer with resulting failure of the entire farm program."
A short time ago the United States signed a trade agreement with Canada for farm products. While I believe in neighborliness to Canada, the first duty of the government is to the citizenship of the United States and its people."
Borah said that upon business.

DEAN VOICES PLEA FOR LARGE ARMY

America's Forces Dangerously Small,' Secretary Warns

CHICAGO, April 6 (AP)—Secretary of War George H. Dern said in an address prepared for delivery tonight that America's army is "dangerously small."
Speaking on the 19th anniversary of America's entry into the world war, he said that "we have never been on occasion for alarm that our army becomes dangerously small."
"As a nation we have had half a dozen major wars and we were not prepared for any of them. Had we been better prepared we might not have been defeated in 1812 and we would have attained victory in much shorter time," he said.
Dern, who was in honor at an army day banquet, said the "anniversary serves to remind us that we are in any quarter of the world may sometimes involve the nations remotely distant from the point where the struggle begins. Facility of transportation and communication has annihilated distance. All countries have become neighbors."
Potential Threat
"With such a picture," he said, "an international quarrel anywhere is a potential threat to the life and geographical remoteness no longer insures safety."
Dern said that every action by

Tornado Flattens Georgia City

Tornadoes that ripped through five southern states Sunday night and Monday multiplied scenes like the one here depicted of devastation in the wake of a storm last week which struck Cordele, Georgia, killing 18 persons and causing widespread suffering. Cordele is approximately 150 miles south of Gainesville, Georgia, where more than 150 persons perished yesterday in a blast that turned the business section into a blazing wreckage. (AP)

NEW PLAN TRIMS CORPORATION TAX

Treasury Claims Levy on Incomes Would Boost Federal Revenue

WASHINGTON, April 6 (AP)—Climaxing a day of sharp attack and defense of the administration's \$129,000,000 tax program, the House today under the new plan the corporations actually would pay less money into the treasury than at present.
Testimony that the proposed high taxes on undistributed corporate income would place the entire added burden on individual stockholders was given just before the House ways and means committee suddenly decided not to press its open hearings to a conclusion tonight.
The abandonment of a proposed night session was reported by committee members to have been taken primarily in order to give the Chamber of Commerce of the United States a chance to deliver its arguments tomorrow. Daniel Bell, acting budget director, also will be heard.
Observations
A. S. McCord, treasury statistician, produced figures to show that the new plan of a tax on corporate incomes based on percentages of earnings withheld from dividends would result in a net increase of \$1,151,000,000, compared with \$1,122,000,000 under the present tax system.
Since the plan is designed to encourage distribution of earnings in dividends, however, it was estimated that stockholders would receive \$1,151,000,000, against a present \$1,122,000,000.

YOUTH'S FACE TRIAL IN EXTORTION CASE

Sheriff at Idaho Falls Reports Confession; Pair Waives Hearing

IDAHO FALLS, April 6 (AP)—Jesse Terry and Lamont Waters, both 19, were arrested today and charged with attempting to extort \$100 from a Japanese farmer.
The youths waived preliminary hearing and were bound over to court. Sheriff Harry Meppen said Terry and Waters admitted holding a "date" for the wife of a Japanese farmer, demanding money under threats of checking up on his citizenship papers.
Officers Lose Trail
The farmer was told to place \$100 in \$10 bills in a designated spot. Meppen said a car passed a few minutes later and a few minutes later the car disappeared. The car sped away and pursuing officers lost the trail.
Terry and Waters were arrested today and money found in their possession was identified as that "planted" by the officers, Meppen said.
Perry is a student at Ammon high school and Waters is employed on his father's ranch.

Rescue Workers Brave Flames To Search Wreckage

Tupelo, Mississippi, With 187, And Gainesville, Georgia, With More Than 150 Known Dead, Hardest Hit

Twister struck first in Arkansas Sunday night and moved eastward to South Carolina. Tupelo, Miss., with 187 known dead and Gainesville, Ga., with more than 150 dead, hardest hit. Telling rescue workers find more than 350 dead. Property damage expected to reach more than \$8,000,000. Fire equipment trapped in wrecked station at Gainesville and business blocks burn, flames killing five in one hardware store.
Fires in Tupelo extinguished by firemen aided by torrential downpours.
National guardmen, doctors, nurses and supplies rushed to stricken areas from all neighboring cities.
Dead by state: Mississippi 187; Georgia 150; Alabama 10; Tennessee 11; Arkansas 1.

Supreme Court Scores Federal Inquisitions

Tribunal Rules Securities Commission Can't Make Dealer Testify

WASHINGTON, April 6 (AP)—Government agencies were warned against "unlawful inquisitorial investigations" by the supreme court today in administering another defeat to the New Deal.
A 5-4 opinion, delivered by Justice Sutherland, the tribunal ruled that the securities commission could not compel J. Edward Jones, New York dealer in oil securities, to testify concerning a proposed \$100,000 stock issue after he had withdrawn his registration statement.
The court majority asserted the commission's action was "unlawfully unreasonable and arbitrary," and further pursuit of the inquiry would constitute "unlawful inquisition."

MAYOR DESCRIBES TORNADO FUNNELS

Storm Crushes Business Section of Gainesville, Georgia

GAINEVILLE, Ga., April 6 (AP)—Dr. W. A. Palmer, mayor of Gainesville, said today that the city was struck by a tornado in 1902, when 104 were killed, watched in horror today as a twister funnel of wind struck Tupelo, Miss., and Gainesville, Ga., and crushing the business section.
"Beyond that, the administration of the act is not affected," the commission said. "Consequently, the aims and efforts of the commission to suppress fraud in the sale of securities will remain the same."
In New York Wall street observers said that in view of the failure to rule on act itself they saw nothing that would hamper the commission in enforcement of the act.
In hitting at "unlawful inquisitorial investigations," the court sought to secure assumptions of such Dr. Palmer said. "The loss of the (arbitrary) power on the part of the government to not exercise its power to investigate is to give publicity to, to encourage fraud, and evasion; to invite the commission to suppress fraud in the sale of securities."
"And if the various administrative bureaus and commissions are permitted gradually to extend their powers by encroachment on the rights of individuals under the fundamental rights, privileges and immunities of the citizen, the result will be a complete loss of the right of the citizen to a fair trial."
The city's chief executive said he realized that instant action was imperative but added:
"I realized how helpless we were."

Destroyer In Pursuit Of Suspected Arms Smugglers

WASHINGTON, April 6 (AP)—A navy destroyer steamed toward the Caribbean Sea today through the Caribbean Sea tonight on a state department mission to prevent, if possible, the suspected arms and munitions from reaching Cuba, Mexico or other ports on the east coast of Mexico.
Two vessels were its quarry—a yacht and a pilot boat—both were believed to be carrying the contraband to the central American republic under American registry. Their names were given here as the "Adventures" and the "Tornado."
Somewhere near the Gulf of Honduras, the destroyer steamed toward the two ships, perhaps tomorrow. It was under orders not to capture them but keep them under surveillance until their exact identity and the precise nature of their cargoes could be ascertained.

OHIO VALLEY FACES NEW FLOOD THREAT
Heavy Rains Send Streams Over Banks; Farm Lands Inundated
CINCINNATI, April 6 (AP)—Heavy rains and damaging high waters over the Ohio valley brought a threat of new flood tonight.
Tributaries running bank full under the threat of new flood, Ohio river, still within only a few feet of flood stage from Cincinnati to the mouth and out of its banks for miles.
An overnight rise of 12 to 15 feet in the Little Miami river, which empties into the Ohio, forced a score of farm lands flooded.
Farm lands inundated by rain tonight, 1.26 inches at Cincinnati. Upriver sections felt downpours as great as 2.26 inches at 23, near Huntington, W. Va., but the lower stage of the river there feared the threat of new flood.
Above Parkersburg, W. Va., where damage from the \$200,000,000 flood stage that centered around Pittsburgh and Wheeling, W. Va., two weeks ago was the heaviest, rain for the most part were "less than two inches."
Predict Rise in River
Meteorologist W. C. Devereaux, flood forecaster, predicted the river would rise to the 52-foot flood stage about at Cincinnati tomorrow and Wednesday.
Fair weather tonight and Tuesday, Devereaux said, would keep the flood threat there. A new river point anticipated a rise that might exceed that at Pittsburgh 5000.

LAWMAKERS' SALES
TO STATE APPROVED

District Judge Holds Emergency Buying From Legislators Valid

BOISE, April 6 (AP)—District Judge C. E. Winstead held in a decision handed down today that the state may make emergency purchases from corporations whose officers include members of the state legislature.

As a result of his conclusions he ruled that Harry C. Parsons, state auditor, must issue warrants for the payment of a claim of \$735 to the Idaho Hardware company of Lewiston and a claim of \$728 presented for payment by the Wulff Hardware and Implement company of Weller.

Former State Senator Robert B. Erb is manager and a 20 per cent shareholder in the Erb company and State Senator George Donat of Weller is a director, and also attorney for the Wulff company. Erb regained from his legislative post when his company's claim was denied.

Advised by Miller

Parsons declined to pay the claims on the grounds that a statute enacted by the state legislature about 15 years ago prohibited sales to the state by individuals who are members of the state legislature or by corporations whose officers are legislators or any others in the employ of both the state and companies from which purchases might be made.

Parsons' action was based upon advice given him at his request by Attorney General Bert I. Miller. The state auditor said tonight the case probably will be appealed to the supreme court.

The purchases from the Erb and Wulff companies were over-the-counter transactions for hardware used by the state highway bureau for construction work. They were made by Harry Abendroth, state purchasing agent.

Public Edgieries

Judge Winstead sustained the companies' contentions that the claims were not invalidated by the statute in question because the purchases covered by them were for "public exigencies."

Such purchases the court held "may be made at the most available and convenient store or place or business where such articles can be purchased for immediate delivery, without reference to who the proprietor is, whether he be an official, a legislator, or a corporation in which a legislature or officer may own stock."

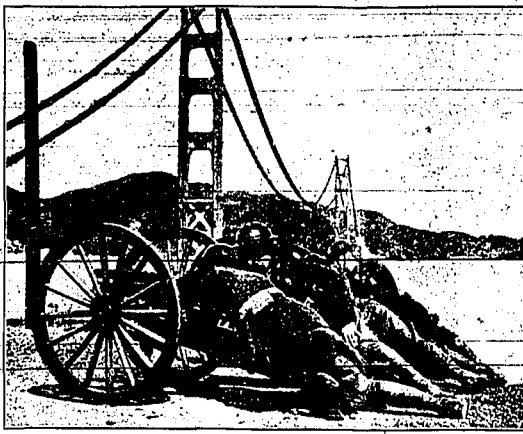

The judge did not rule directly on the question of whether purchases made by the state from legislators when no exigency existed would be valid.

Such purchases have been made by the state from other legislators. Those claims have been rejected by Mr. Parsons, who said further litigation may be required to test the validity of such claims.

AMUSEMENTS

ROXY FILM BASED ON BEST-SELLING NOVEL

"Magnificent Obsession," showing at Uncle Joe-K's Roxy theater for the last time tonight has more than fulfilled its promise of being among the very first for the 1936 award. Beautiful Irene Dunne is glorious in her new role; Robert Taylor is grand and never loses your sympathy and understanding either as the carrier young surgeon and lover. The balance of the cast is outstanding in every detail. Betty Furness as the daughter, Charles Butterworth with his splendid comedy, Ralph Morgan, Henry Armetta, Bert Meyer, Arthur Treacher, Lucien Littlefield and Little Cora Sue Collins all win your unstinted approval.

John M. Stahl, the pioneer producer of the picture based on the Lloyd C. Douglas best selling novel has not only made a true and faithful reproduction of the book but according to many who have read the book and seen the picture he has made it "live before your eyes" in an even more effective way than the printed word could do.

"Under," the feature motion picture opening tomorrow at the Orpheum, McHugh is featured in support of George Brent, Genevieve Tobin, Patricia Ellis and Glenda Farrell in "Snowed Under," a riotous comedy drama of matrimonial mix-ups. It will be shown for two days only at the Orpheum to be followed up Friday by "13 Hours by Air," a thrilling story unfolded in the clouds and starring Fred MacMurray, Joan Bennett and John Howard. The Dionne quintuplets in "The Country Doctor" are coming Sunday for a 3 day engagement.

IDAHO BOOKS 'UNDER THE PAMPAS MOON'

Beginning tomorrow at the Idaho is Warner Baxter and Keti Quallen in "Under the Pampas Moon." Flaming romance and haunting melodies blend with pulse-stirring tunes to make this one of the most colorful and romantic roles Mr. Baxter has played. He plays the part of a nomad, a descendant of the bandits, part Spanish and part Indian, controlled now but not tamed. He is a roving, hard-driving, romantic fellow—inseparable from his horse, quick to fight and quick to forgive, carries in his long-knife but tender and chivalrous to the weaker sex. The program is completed with a musical, cartoon and shorts.

Playing for the last time today is "The Private Murder Mystery," with Reginald Kenna, Gail Patrick, Frank Drake and Rod Lafoque.

CATTLE UNDERGO TEST FOR BANG'S DISEASE

GOODING, April 6—Dr. E. H. Hard, federal veterinarian, announces that he has tested 113 head of beef cattle for bang's disease during March and found about seventy per cent reactors. During the month 113 head of reactors were shipped in the Gooding cattle pool. The cattle tested were in Gooding, Elmore, Blaine, and Camas counties, Hard said.

In 1935 he tested 10,000 for Bang's disease, covering all dairy herds in the county, and 4270 for tuberculosis. Of this number 7000 were tested in Gooding county for Bang's disease and 4270 for tuberculosis.

The work is being carried on by the U. S. bureau of animal industry and is never finished, Dr. Hard said. At present he has more than 20 contracts for testing cattle, but is unable to proceed with the work due to blood poisoning, contracted while pursuing the duties of his office.

Pershing Redwood Viewed By General

ASH MOUNTAIN, Calif., April 6 (AP)—On this anniversary of the entrance into the World war of troops he commanded, General John J. Pershing stood today in a peaceful Redwood forest and saw for the first time the towering sequoia which bear his name.

The general said he was "deeply moved" at seeing the great tree, and by the reception accorded by the personnel of Sequoia national park and ex-service men of this area.

Making a leisurely tour with his aide, Miss Ann Pershing, the general came here to visit his former staff officer, Lieutenant Colonel John H. White, now superintendent of the park.

TO INSPECT GUARD

GOODING, April 6—Federal inspection of the local unit of the Idaho national guard, Troop A, 160th cavalry, will be held today. A regular army officer will conduct the examination. Following the inspection the troop will hold the eighth annual military ball at Elmore hall.

HEADS HOSPITAL

BURLEY, April 6—Miss Naomi Kerner, Salt Lake City, is now in charge of the Cottage hospital as superintendent and will also have charge of the new modern laboratory which is being installed. Community Gossip Blamed For Killing

FERRYVILLE, Md., April 6 (AP)—"Community gossip" was charged today with responsibility for the death of Mrs. Emily Fisher.

Sheriff Eugene Smith said that Mrs. Fisher was shot, March 28, by Mrs. Rachel Gillespie because of rumors that Walter Gillespie, her husband, had been paying attention to Mrs. Fisher. Mrs. Gillespie, mother of two children, is in jail and Sheriff Smith said that a murder charge would be placed against her.

The sheriff said in spite of the rumors he had been unable to find any evidence of "unwanted" relations between Mrs. Fisher and Gillespie.

GUILD MEMBERS CAST IN RELIGIOUS DRAMA

BURLEY, April 6—A religious drama entitled "In His Strength," written by Lydia Glover Deane, was presented to a large audience here Sunday evening at the Wesleyan church of the Epworth Guild, at which Miss Josephine Walter presided.

The play cast included Harry Wade, Pearl Mitchell, Marjorie Thompson, Vern Johnson, Delmar Majors, Fred Dendrickson, and J. A. Wrench. Colorful costumes, emblematic of biblical times, were worn by the actors, who were picked by the Rev. Roy H. Walker, Methodist pastor, from his newly organized troupe of the older young people, between the ages of 20 and 25, newly named the "Epworth Guild."

Remarkable dramatic talent was exhibited by all participants in the presentation of the drama. Mr. Wade and Mrs. Mitchell took the leading roles in "The Crucifixion" which would reflect credit on professional actors.

It was indicated that additional plays would be presented by the association in the future, as a part of the Rev. Walker's service that are different plans of Sunday evening worship inaugurated upon his taking charge of the pastorate here. His efforts to interest the young people in the church are meeting with a great deal of success.

BETTE STICKS TO VILLAINOUS ROLES AND HITS TOP OF HOLLYWOOD HEAP

By HUBBARD KRAVY

HOLLYWOOD — Four years ago Bette Davis had her trunk packed, prepared to leave Hollywood because directors had no use for her. She had played a few small roles but she got nothing important done, she was told, to her taste, her face, her eyes, her undergrowth appearance, her lack of a name and her lack of sex appeal. (One director, when her name came up, said, "That girl has no higher sex appeal than Slim Sumnerville.") This, by the way, is Bette's favorite laugh.

The young lady who has overcome so many handicaps, which were, of course, mostly imaginary, gave the best performance in 1935—Hollywood has agreed. It voted her the annual academy award. The role she played in "Dangerous"—that of a disreputable, unsympathetic actress—was in many respects like that of the previous year in "Of Human Bondage." She almost won the academy statuette for that.

"A Lucky Girl"

When she learned the result of the voting last year, which placed her second, her comment was, "Good! I'm a lucky girl to have come that close."

Remembering the discouragements of her earlier days in Hollywood, Bette still is grateful that her work is a factor to be reckoned with when the best performances are weighed.

"I can't forget that not so long ago I was leaving Hollywood because no one would give me a chance," she says. "George Arliss wanted me for a part in 'The Man Who Played God' and, since that

Though Bette Davis has won the academy award for the best performance in 1935, she still can remember the discouragements of her earlier days in Hollywood.

time I have worked hard and I know I am making progress."

A Career Woman Now

Bette, who was born in Lowell, Mass., 26 years ago this April, realizes she is best suited to villainous and semi-villainous roles and she is out to make the most of it. She was a thoroughly unsympathetic murderer in "Border Town" and she wasn't much better in "Cabin in the Cotton," trepanning it.

Bette married Orchestra Leader Harmon O. Nelson three and a half

years ago. She lives here in a rented house and she declares she never will own anything—until she retires—that she can't put in a trunk. Her ambition is to own a large New England estate and to settle down on it. She talks vaguely about a "family," but just at the moment she is a career woman.

She and "Ham," as she calls her husband, have a social arrangement. They pay for the upkeep of their home in proportion to their incomes. It was Bette's idea. The Nelsons have two cars: Bette's expensive coupe and Ham's less expensive, less glossy roadster.

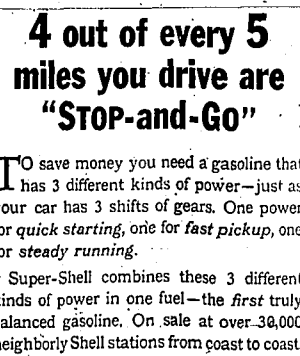

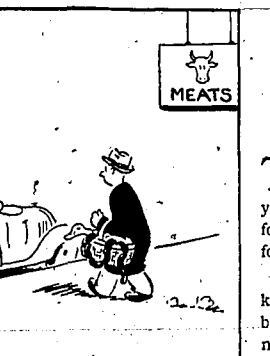

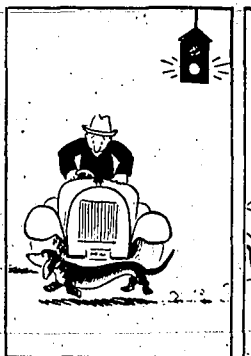

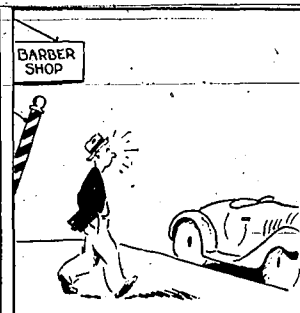

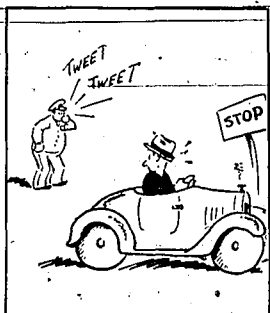

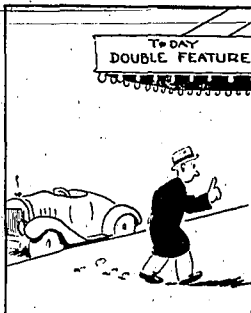

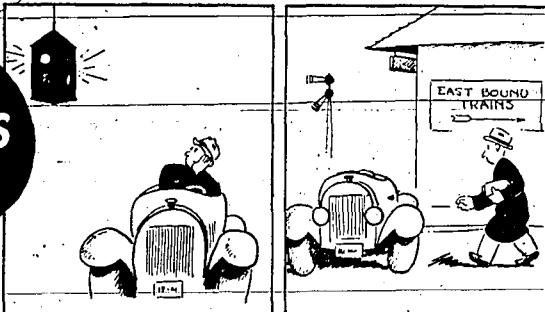

CASSIA RESIDENTS GAIN CITIZENSHIP

BURLEY, April 6.—Thomas William Lyons, Burley, Emmet, Pava, Decio, and John Milner, Burley, became citizens of the United States here today morning, when District Judge T. Bailey Lee granted their petitions following hearings at which the government was represented by J. C. Grier of the bureau of naturalization, 850 E. Lake City.

The petition of Margarette Whitely of Oakley was denied and passed for the term of court, on account of allegedly failing to show sufficient knowledge of the constitution. Witnesses for Lyons were Alvin E. Melville and William Salmon; for Pava, Presley D. Price and H. V. Gresson, and for Milner, William Hilt and Dan Brown.

The naturalization hearings followed the calling of the court calendar by Judge Lee. The calendar is comparatively light this term, and whether or not a jury will be called has not yet been determined.

Each Puff Less Acid
A LIGHT SMOKE
OF RICH, RIPE-BODIED TOBACCO

Over a period of years, certain basic advances have been made in the selection and treatment of cigarette tobaccos for Lucky Strike Cigarettes.

They include preliminary analyses of the tobacco selected; use of center leaves; the higher heat treatment of tobacco ("Toasting"); consideration

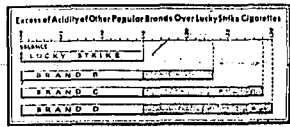

of acid-alkaline balance, with consequent definite improvement in flavor; and controlled uniformity in the finished product.

All these combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobacco—A Light Smoke.

SPORTY SHORTWAIST FROCK
MAKES YOU READY FOR SPRING
PATTERN 2710

by Anne Adams

"I'm perfect for sport!" says a sporty shortwaist frock, which is invaluable in showing lines, and for showing "I'm perfect for business!" carols the same frock, whose owner likes her to be in a dress-ground, necktie, and sporty, with harmonizing scarf, tucked jauntily at the neck. And so it goes, for each interprets this young design to suit her own needs. Such an easy frock to make, too, whether one is experienced or new at sewing, for adding a shortwaist to a pattern is no problem at all, and shirred touches at the bodice are as simple to make as the crinkly notched collar or the single, returned skirt pleats. Oh, it's a "Must have!"

Pattern 2710 is available in sizes 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100, 102, 104, 106, 108, 110, 112, 114, 116, 118, 120, 122, 124, 126, 128, 130, 132, 134, 136, 138, 140, 142, 144, 146, 148, 150, 152, 154, 156, 158, 160, 162, 164, 166, 168, 170, 172, 174, 176, 178, 180, 182, 184, 186, 188, 190, 192, 194, 196, 198, 200, 202, 204, 206, 208, 210, 212, 214, 216, 218, 220, 222, 224, 226, 228, 230, 232, 234, 236, 238, 240, 242, 244, 246, 248, 250, 252, 254, 256, 258, 260, 262, 264, 266, 268, 270, 272, 274, 276, 278, 280, 282, 284, 286, 288, 290, 292, 294, 296, 298, 300, 302, 304, 306, 308, 310, 312, 314, 316, 318, 320, 322, 324, 326, 328, 330, 332, 334, 336, 338, 340, 342, 344, 346, 348, 350, 352, 354, 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396, 398, 400, 402, 404, 406, 408, 410, 412, 414, 416, 418, 420, 422, 424, 426, 428, 430, 432, 434, 436, 438, 440, 442, 444, 446, 448, 450, 452, 454, 456, 458, 460, 462, 464, 466, 468, 470, 472, 474, 476, 478, 480, 482, 484, 486, 488, 490, 492, 494, 496, 498, 500, 502, 504, 506, 508, 510, 512, 514, 516, 518, 520, 522, 524, 526, 528, 530, 532, 534, 536, 538, 540, 542, 544, 546, 548, 550, 552, 554, 556, 558, 560, 562, 564, 566, 568, 570, 572, 574, 576, 578, 580, 582, 584, 586, 588, 590, 592, 594, 596, 598, 600, 602, 604, 606, 608, 610, 612, 614, 616, 618, 620, 622, 624, 626, 628, 630, 632, 634, 636, 638, 640, 642, 644, 646, 648, 650, 652, 654, 656, 658, 660, 662, 664, 666, 668, 670, 672, 674, 676, 678, 680, 682, 684, 686, 688, 690, 692, 694, 696, 698, 700, 702, 704, 706, 708, 710, 712, 714, 716, 718, 720, 722, 724, 726, 728, 730, 732, 734, 736, 738, 740, 742, 744, 746, 748, 750, 752, 754, 756, 758, 760, 762, 764, 766, 768, 770, 772, 774, 776, 778, 780, 782, 784, 786, 788, 790, 792, 794, 796, 798, 800, 802, 804, 806, 808, 810, 812, 814, 816, 818, 820, 822, 824, 826, 828, 830, 832, 834, 836, 838, 840, 842, 844, 846, 848, 850, 852, 854, 856, 858, 860, 862, 864, 866, 868, 870, 872, 874, 876, 878, 880, 882, 884, 886, 888, 890, 892, 894, 896, 898, 900, 902, 904, 906, 908, 910, 912, 914, 916, 918, 920, 922, 924, 926, 928, 930, 932, 934, 936, 938, 940, 942, 944, 946, 948, 950, 952, 954, 956, 958, 960, 962, 964, 966, 968, 970, 972, 974, 976, 978, 980, 982, 984, 986, 988, 990, 992, 994, 996, 998, 1000.

FIREPLACE IN A BEDROOM

Arrangement is Inviting For Breakfast Or Tea

Reproductions of old mahogany pieces are used.

Prepared By The American Home For The Twin Falls News

When one is fortunate enough to have a fireplace in one's bedroom, there is an opportunity for a delightful effect.

The little sofa with its coffee table, and a comfortable big feather chair, make a perfect place for breakfast, or for afternoon tea when one is alone.

Reproductions of fine old mahogany furniture are used, from the beautiful canopied four-poster to the little folding desk in the corner.

The view on the mantelpiece and the lighted are in keeping.

Pale gray, a beautiful color particularly suitable for bedrooms, is selected for the conventional, diamond patterned wallpaper. White dotted draperies, hung over the green and rust chintz, and a white candle spread, introduce a refreshing note.

ROOFLINE INTERESTINGLY 'BROKEN' FEATURES EXTERIOR OF COTTAGE

are two fireplaces in this room, one of which serves as the dining room. Broad windows, and a door-way leading to a terrace, feature the dining room end, which is the fire place, is a distinct unit.

There is also a fireplace and bay windows in the bedroom on the second floor.

The office of Reginald D. Johnson designed the house, which is one of a series of distinguished small homes appearing in "Architecture."

will be in charge of Mrs. William Baker, and will include musical selections and a short play directed by Mrs. Stella Oaks.

SPECIAL SERVICES ARRANGED AT BUIL

BUILT, April 6.—Pro-Kat service will start this week.

On Monday evening, at the Methodist church there was a special service. These services will be held promptly at eight o'clock and will last for one hour. While somewhat irregular, the service is reported to be both devotional and inspirational and it is hoped that they will result in a better understanding of and a closer relationship to Christ.

There will be varying features each evening and an opportunity to hear some of the best music and an inspirational talk. The meetings are held at the home of Mrs. H. R. Smith, 1010 N. 1st St.

The Presbyterian church is holding special meetings each evening this week with Rev. O. G. Goldthwaite in charge.

Built Christian church has outlined services to begin at eight o'clock Wednesday, Thursday and Friday evenings. Rev. H. J. Reynolds of Twin Falls will speak Wednesday evening and Mrs. U. N. Terry and James Reynolds will sing. Rev. W. E. Harman of Twin Falls will speak Friday evening and Mrs. Lloyd Harby of Boise will sing Sunday evening's speaker has not yet been announced.

The organization was fifty-two or more of two members over an increase of two members over last year's enrollment.

Representatives of the local club are making arrangements to attend a district meeting at Jerome, April nineteenth, at Wood's Cafe. Miss Lucy Higgins, state president, will be a speaker at the district meeting. Luncheon will be served at 12:30.

Arrangements were made for a card party to be held April twelfth at the Park Hotel, with Mrs. Alice Ann, Mrs. W. C. Clough, Mrs. Frank Anderson, Miss Beanie Dinning and Miss Gladys Ballinger in charge.

RED KNIGHTS

AFTER a hard winter, working indoors—wakened by frequent colds and coughs or other signs of weakness—worn-out, no pep.

It requires only a little effort to get back your old-time energy. Do this by going to the drug store today and purchasing a bottle of Dr. Pierce's Golden Medical Discovery, which is backed up by nearly 70 years of success.

It will increase the appetite and improve digestion so that food, the natural body-builder, will be digested and assimilated. For there is generally present in these cases loss of appetite and loss of sufficient nourishment. It also helps to put on solid flesh when the weight of the individual is below normal.

Many women, business men and women and rapidly growing boys and girls find the "Discovery" just what they need. New size, tablets 50 cents, liquid \$1.00. Large size, tablets or liquid \$1.15.

Here's the difference... This alloyed oil goes beyond any oil-film protection

Don't laugh... Somewhat as a beauty expert youthifies complexion, Conoco Germ Processed oil can do a youthifying job inside your engine.

Because it's alloyed—under patents!—this different oil really changes the character of your engine's working surfaces. The cylinders, pistons, valve gear, and any bearings of any type can actually surface themselves with this alloyed oil. It doesn't merely go ON, like an everyday oil film. It goes IN. Attaches itself. Combines. Makes a

slippery, durable skin of oil-filled metal, entirely in addition to the extra toughness and heat-resistance of the Germ Processed oil-film.

Protection in duplicate! You can count it up. And you can't race it away or burn it away, or cake it into carbon, on the most tempting days ahead of you. In an old or new car you can change your whole idea of a good day's run, by changing to Conoco Germ Processed oil—THE ALLOYED OIL. Continental Oil Company.

Logger's Triumph In Crossing River Marred by Finis

Loggers' Triumph In Crossing River Marred by Finish

THE DALLIES, Ore., April 6 (AP).—Dave Poirer, 34-year old lumber jack, crossed the wind-swept Columbia river on a log to make good a boast which had drawn jeers from rival loggers. But Dave's triumph was somewhat dimmed at the finish because its couldn't jump four feet.

Dave and his partner, Matt O'Connell, 40, started with a jump of 12 feet long and 14 inches in diameter and propelled it with jake poles across nearly a half mile of water with spectators cheered. "It never had been done before."

At the finish Dave waded to the crowd and jumped off the log, intending to alight on a raft. He missed and fell into the river.

"I decided," said Dave in explaining why he heeded not the stunt, "that Saturday morning when I started drinking in the morning and got drunk in the afternoon it would be a little better for me to get some sport in the mornings and drink later. This here's the start."

"I guess what I'll do next Saturday."

GOODING, April 6—John Lemke, 80, resident of Gooding for the past 20 years, died Sunday morning at ten o'clock at the home of his son-in-law, John Kohrner, here, following a week's illness.

Funeral services will be held Tuesday afternoon at two o'clock at the Gooding Methodist Episcopal church. Interment will be in Idaho Falls cemetery beside the grave of his wife. The body rests at the Thompson mortuary here.

John was born in North Dakota to John and Mary Lemke and came to Idaho Falls many years ago and 10 years ago came to Gooding.

He is survived by his daughter, Mrs. Kohrner. Another daughter living in North Dakota, and a son of New Plymouth.

SENSUS OF BUSINESS
PUSHES TOWARD CLOSING

BOISE, April 6.—Benjamin E. Bolso, area supervisor of district No. 2, the census of business, Boise, today announced that an effort is being made to finish the canvass in Idaho Falls and environs within the next few days. He said that the business firms cooperate by furnishing the necessary census information as quickly as possible. He said that the firms have been working more time than other areas assembling the information. "Mr. Thomsen is said, 'but it is imperative that reports be sent to Philadelphia by the 15th of April.'"

"The census of business in Idaho is to be completed and issued by April 15. The timeliness of such statistics," added, "greatly enhances their use. More than 5,000,000 reports are handled by the bureau."

Blast Leaves Roof But No Walls

THIS was the freak result of an explosion, apparently caused by an accumulation of gas, at the home of Mr. and Mrs. Ed Burris at Kansas City. Although the blast blew out all four walls of the home, it left the roof intact supported by the room partitions. Neither of the occupants was seriously hurt.—(P) Photo.
