Prominent Democrat Backs Landon After Surprise Conference

Henry Breckinridge Thinks 'Re-election Of Present Governing Faction-Would Cause Lasting Harm'

(By The Associated Press) TOPEKA, Kas., July 14—Henry Breckinridge, Democrat who entered four state primaries against President Roosevelt, announced tonight after a surprise conference with Governor Alf M. Landon that he will support the Republican presidential nominee.

Arriving into the day, Breckinridge, New York lawyer, conferred with Landon at the Kansas executive mansion. He is expected to travel eastward, he dictated a statement that he would "vote for Governor Landon and Colonel Knox."

"I think the re-election of the present governing faction would cause lasting harm," Breckinridge, battling President Roosevelt's economic policies, said in a statement after the conference was held at the close of a "day-long" session with Governor Landon.

"I shall vote for Governor Landon and Colonel Knox. Under all the circumstances, I think the election will accomplish lasting good for the country. I think the re-election of the present governing faction would cause lasting harm."

TOWNSEND TO LOSE APPOINTIVE POWER UNDER NEW PLAN

Rev. Gerald L. K. Smith Reads Announcement of Revision as Head of Movement Stands Nearby

(By The Associated Press) CLEVELAND, July 14—Creation of a more democratic organization to succeed the Old Age Revolving Pensions, Ltd., was announced today on the eve of the second Townsend national convention.

Under the new organization plan the old body will be dissolved entirely and in its place will appear a new corporation, Townsend Recovery Corp.

This would strip Dr. P. E. Townsend, founder of the movement for payment of \$200 monthly pensions to the aged, of his present power to appoint members to the board of directors.

Power to name the board will pass to the "citizens majority," the national advisory board of a member from each state, chosen at state conventions.

Dr. Townsend said the purpose of the plan, details of which have yet to be worked out, was to expand the government of the movement.

The reorganization might be considered preparatory to the formation of a Townsend political party after the November elections, he indicated.

Smith, Rev. Gerald L. K. Smith, leader in the share-the-wealth movement started by the late Senator Huey P. Long, of Louisiana, read the announcement of the revision to newsmen as Dr. Townsend stood nearby.

Dr. Townsend proposed today a one-hour congress, similar in membership to the present 43 in the house of representatives, the members to be chosen by town and neighborhood group meetings.

He said "citizens majority" is an American and undemocratic, and predicted a working majority of Townsend supporters in the next house of representatives as a gain in the senate.

Baby Injured By 'Hopper, Montana Mother Discovers

BROADWAY, Mont., July 14 (AP)—Depredations of grasshoppers are range-wide and in crops is an old story in Montana, but reports today told of a hopper biting a child.

Mrs. P. A. Reichert said today a grasshopper bit her five-year-old baby on the ear until it bled. Mrs. Reichert said she heard the baby scream when she picked the child up from the yard where it was playing and found the baby's ear bleeding freely, she said.

In Denver, A. M. Delley, director of the Colorado museum, said it was entirely possible hoppers might bite a child. Delley said grasshoppers had been known to climb into birds' nests and chew the tongues from young birds.

MARCHERS ACCEPT RELIEF PROPOSAL

Pennsylvania Compromise on \$45,000,000 Fund Called 'Dirtiest Slap'

HARRISBURG, Pa., July 14 (AP)—Shirt-sleeved "hunger marchers" reluctantly accepted the Pennsylvania legislature's "compromise" offer to appropriate \$45,000,000 for relief today after terming it "the dirtiest slap ever given the jobless."

They demanded \$100,000,000. Assured by leaders the compromise appropriation was intended only for as long as it lasted, the "marchers" who stormed the state house last night, howled from the galleries, booted speakers and held mass meetings on the broad steps of the capitol, began straggling homeward.

The Democratic administration, the first in Keystone state has had in more than 40 years, originally demanded nearly \$200,000,000 for relief and other commonwealth obligations.

The organized Republican majority in the senate balked. Judge says Gambling Debt 'Uncollectable'

MARTINEZ, Calif., July 14 (AP)—A gambling debt, was held uncollectable because "it is against public policy" by Superior Judge Thomas D. Johnston today in denying a claim for \$400 assessed by the County Club, Inc., of Reno, Nev.

The ruling was made in the suit brought against Chester N. Williams of Orinda, by Samuel Varian of San Francisco, on a \$400 claim assigned by the Reno club. Varian contended Williams stopped payment on a draft after returning to his home 1 July, 1935.

FORMER OFFICER IN NAVY SCOFFS AT SPY CHARGES

John S. Farnsworth Pleads Not Guilty and Brands Accusations as 'Hooyey' New Arrests Expected

(By The Associated Press) WASHINGTON, July 14—John S. Farnsworth, a former lieutenant commander in the navy, scoffed today at charges of selling confidential naval information to an agent of the imperial Japanese navy.

Appearing before the United States Commissioner, Neandham C. Duran, Farnsworth—who has been shadowed for more than a year before his arrest late last night—pleaded not guilty and told newspapermen the charges were "hooyey."

The former navy officer was unable to furnish bond and was taken to the district jail to await a preliminary hearing on July 21.

A request that he be sent to a hospital for a "couple of days" because he was unable to stand in court, was refused by jail officials. Obviously alarmed by nervous, Farnsworth was instead placed in the jail infirmary for treatment and observation.

Later high ranking navy officers said that while Farnsworth, who was arrested by justice agents and naval intelligence officers late last night, was not believed to have sold any vital information, they were deeply concerned because it emphasized the seriousness of espionage of foreign powers in this country.

New Arrests Likely At the same time justice department officials said further investigation of the Farnsworth case might lead to new arrests.

Recalling that Harry Thomas Thompson, a former enlisted man, had been convicted of selling fleet secrets to a Japanese navy officer only 10 days ago, navy officers said there was no doubt there was much spying activity in the United States.

Acknowledging foreign agents, they added, are constantly seeking confidential and secret information about American defense equipment and plans and have been especially active recently in the vicinity of Washington.

The navy press office said Farnsworth and Thompson were the first navy men ever to face charges of disclosing naval secrets to a foreign nation. Farnsworth was discharged from the service nine years ago on charges of conduct prejudicial to the navy.

Death Toll Exceeds 2,800 In 12 Days Of Heat Wave; Over 1,000 In Single Day

Drought Story At A Glance

(By The Associated Press) CHICAGO—Forecasters say advancing cool air mass ending North Central states 12 days of torrid weather suffering; deaths attributed to heat pass 2,800, mounting one daily today.

ST. PAUL—Minnesota heat-metallurgies many communities before thunder showers.

WASHINGTON—New aid measures announced. Resettlement administrator Tugwell departs by plane to direct relief operations at Bismarck, North Dakota. WPA head Hopkins announces \$17,000,000 more available for drought help and the president has allotted \$7,000,000 for general program to put arid areas on "safer economic basis."

U. S. To Speed Up Payment to Farmers

AAA Indicates Early Distribution Of Cash In Drought Area

(By The Associated Press) WASHINGTON, July 14 (AP)—AAA sources disclosed today part payment of soil conservation benefits to farmers in officially designated drought counties might be made during the early fall, well in advance of the December date previously planned.

Chester C. Davis, former AAA chief, originally proposed the soil conservation payments be made in the fall and Howard O. Tipler, present administrator, subsequently said the payments would not be made before December.

During the last several weeks, however, the AAA was reported to have received numerous requests that payment of at least the benefits in those areas where farmers would be in need of funds to meet fall expenses be speeded up.

Major benefits, described by AAA as the "No. 1 payments," average \$10 an acre for shilling, land-farmers who have planted corn and other crops. The secondary benefits represent the government's share of the \$100,000,000 in soil-conserving soil-building practices such as the planting of improved types of clover.

In the western grain lands the farmer was permitted benefits on but 15 per cent of his base acreage. Thus, a farmer who normally seeded 100 acres to wheat, and had 100 of the small grains, would be entitled to primary payments of \$150 if he tilled his full acreage quota at \$10 an acre.

Cool Rain Bearing Air Mass Rolls Eastward

New Aid Measures (By The Associated Press) CHICAGO—July 14—Striking harvest areas as relief in the shape of a cool rain bearing air mass was rolling eastward 33 miles an hour, heat chief said in longest list of victims today.

The total number of fatalities for the 12-day torrid spell which accelerated a crop decline in the longest list of victims today.

Conditions in several cities were described locally as second only in the death records to those which prevailed during the great influenza epidemic of 1918.

Let reports and revisions of lists in Minnesota, Illinois, Iowa, Ohio, soaring to 500, topping even the fatality roll of badly-stricken Michigan, before cooling thundershowers arrived.

Three Deaths a Minute The "Hempstead" county coroner (Buffalo, N. Y.) today said there were exceeded for a like period only by those during the influenza onset.

At the rate of "three a minute" during the 12-day spell, the toll which saw a 1062 degree maximum in the Twin Cities, heat cases were brought to the general hospital.

In Chicago where 222 deaths were tallied for the heat wave, morgue attendants likewise described conditions as similar only during the war time epidemic.

The welcome rains sent the mercury down rapidly. Minnesota readings in the upper 70's and the 80's quickly replaced those above 100 degrees.

Minnesota police described the storm at nearby Norwood was described as a "small tornado." Sweeping rainstorms today also relieved central Michigan and Wisconsin.

RAILROAD WORKER DROWNING VICTIM

Searchers to Drag Wood River for Body of Carolina Man

SHOESHONE, July 14—Wood river will be dragged Wednesday morning in an effort to recover the body of John Harris, 25, who was reported by companions to have drowned at a point one mile east of Shoeshone tonight. Harris formerly resided in North Carolina.

Harris, member of a railroad construction crew, was swimming in the river when he was apparently seized by cramps at a deep point in the river. His body had not been recovered.

Deputy Sheriff Lee Wimmer said no attempt to drag the river would be made until morning.

TWIN FALLS WOMAN APPOINTED HOSTESS

Mrs. Harriet Stevens to Supervise Dormitory at Southern Branch

Mrs. Harriet Stevens, Twin Falls, has been selected as hostess for Turner hall, one of the women's dormitories, at the University of Idaho, southern branch, next year, according to announcement from the office of the executive dean, Miss Elizabeth E. Crandall, newly elected dean of women, who is in charge of the other girls' dormitory, Colonial hall. Budget plans for this biennium included provision for full-time hostesses in both of the women's residences halls but as funds have been needed for other more necessary items the plan as yet has not been put into effect.

Mrs. Stevens taught school for 11 years after having attended the normal school at Charleston and Normal, Illinois. Since the death of her husband she has been superintendent of the McCluskey health camp at Butte, during the summer. She is again directing camp activities there this summer, as well as taking charge of an older girls' camp.

Mrs. Stevens' elder daughter, Miss Marjorie Stevens, has been student manager of Colonial hall during the past year. The new house-mother comes recommended by many people in Twin Falls, including Dr. G. D. Weaver, Raymond S. Rees, Methodist minister, who says: "I am confident the University would find her a real asset." Mrs. Orr Chapman, chairman of the Twin Falls Anti-Tuberculosis association, who says: "Should you decide to employ her, a great many fathers and mothers in Twin Falls will gain added confidence in your school," and by Mrs. E. Here is an interesting angle to the western drought problem.

Another angle is crop rotation. The semiarid lands recently burned out by high temperatures and low rainfall have been one-crop lands.

THE people will pay for the drought twice over—once in cost of food. City folk who have only remote sympathy for drought victims are thankful that the wheat and corn are held together through this disaster.

Surveys show that sum total of wheat yield will not be below average, but shortage of hard northern wheat is likely to increase in the fall.

Short corn crop means higher pork and bacon prices. If cattle are sacrificed in the drought, meat prices are up for nearly two years.

TRAVEL: Cheaper railroad fares bring about a revival. Eastern roads bring suit to overturn the interstate commerce commission order, and yet advertise cheaper fares than other lines.

Rail travel cuts into the bus business. Three bus lines between Washington and Philadelphia obtain permission of the ICC to reduce fares.

General dead-end wrecks spur action by the motor division of the FCC. Interstate buses and trucks are coming under rigid safety rules, including new rules affecting drivers.

ROADS: The bureau of public roads has \$400,000,000 immediately available to carry on highway construction during this fiscal year.

HOBOES: A joint resolution of congress bears a curious reference to Charles Carroll of Maryland, in his petition for citizenship.

SECURITY: Uncle Sam doesn't propose to stand still while being snatched by the expense of the navy. Owners of land surrounding naval petroleum reserve No. 1 in California are urged to register their property.

Guiding Your Child

BY ALICE CLARISSE RICHMOND

FACING DANGER: A good parent must be a brave one. No one can call to thrill with admiration when he reads of the mother who sees her son go off to war with a smile on her face, and who carries on despite the fear in her heart.

But in some way the same situation comes to every father and mother, not once, but often in their lives. They do not always recognize it, and frequently they fail to rise to the occasion.

The wise parent knows that the child who has never known sorrow, privation, loss, the common weal and misadventure, is not yet full grown and ready to face life. He knows also that the object of home and school training is to prepare the child for adult life as rapidly and thoroughly as possible.

The first time he sends the child to school, he is sending him to a place where he is sending him to dangers almost as great as those of the battle field. He sends him to a place where he is sending him to dangers almost as great as those of the battle field.

DIRECTOR REVIEWS IDAHO CCC WORK

Federal Official Declares Protection of Forests Advanced Decade

WASHINGTON, July 14 (AP)—Robert Fechner, director of emergency conservation work, said today the forest protection program in Idaho had been advanced a decade by the civilian conservation corps activities.

The corps also has benefited business and industry throughout the state through \$26,182,000 in obligations incurred during the operation of the CCC from April, 1933, to May 30, 1936.

The state's large stands of white pine have been given "new and intensified protection from fire, insects and disease."

"Foresters report that progress has been made in the campaign against the white-pine blister disease," Fechner said. "Much work remains to be done, however, both in the fight against blister rust and in the improvement of the protection system against forest fires."

There are now 48 CCC camps in the state, 36 on forest projects, three on soil conservation projects, three on grading control projects, three on reclamation and one on a state park project.

A summary of work completed in the state to date shows: 24,798 acres covered in tree disease control operations, 147,798 in insect control work, 13,531 in fire hazard reduction projects, 1,031,222 acres covered by rodent control operations, 23,869 covered in range revegetation, 3977 by forest stand improvement.

The Idaho CCC constructed 2770 miles of trails and roads, 170 look-out towers, 511 fire towers, 1000 feet of diversion ditches, and planted 3,422,000 forest trees.

The men spent 704,748 days in fire prevention and reforestation work. Approximately 7085 men are now enrolled in Idaho camps, with 1587 of them Idaho residents.

The war department estimates, Fechner said, Idaho enrolled had allotted home to dependents \$67,750 of their earnings up to May 1, 1936.

Borah's Aide Named Campaign Director

WASHINGTON, July 14 (AP)—Carl Bachmann of West Virginia, manager of Senator Borah's unsuccessful campaign for the Republican nomination, has been named today to direct a western division office at Chicago for the Republican congressional campaign committee.

Representative Bolton of Ohio, chairman of the committee, revealed the appointment of Mr. Bachmann at a press conference.

He said that Representative Bacon of New York, director of the committee's eastern division office in New York City.

Bolton reported there was a "heroic ground swell" in favor of the Republican party because "many people resent the tremendous expenditures of the New Deal."

High Spots In World News

Silk Style—HOLLYWOOD, Calif., July 14 (AP)—The movie-beach-going girls have a new wrinkle: a garment with protective qualities that still leaves them visible. It's an elastic cape and hat.

This one is slicker than most style fads in more than one way. The cape is not of the awkward cut of the typical fisherman's slicker, since Hollywood designers have taken only the transparent material to make up into becoming beach wear.

New Star in Heavens—CAMBRIDGE, Mass., July 14 (AP)—Petter's comet, recently discovered member of the solar system, is visible to the naked eye. Dr. Fred W. Whipple of Harvard college observatory said today, but it is likely to be a disappointment to the average observer.

About 50,000 miles away, it is just a point of light in the constellation Cepheus, about 30 degrees from the north pole.

It cannot be seen when there is moonlight, nor can it be seen in large city or its suburbs, where light is radiated into the sky.

The comet will increase in brightness until August 4, although it never will be a conspicuous object. Dr. Whipple said, and will be visible throughout the night in the northern hemisphere.

His tall, Dr. Whipple added, will not be discernible.

Lawmakers Threatened—COLUMBUS, O., July 14 (AP)—Representatives of the Ohio Workers Alliance threatened last night to "haunt" members of the house of representatives who voted against immediate consideration of the new stop-gap bill to appropriate \$1,500,000 for July relief needs.

IDAHO FARMERS' INCOME INCREASES

Government Figures—Cash Receipts—Highest Since 1933

WASHINGTON, July 14 (AP)—The department of agriculture announced today Idaho farmers' cash receipts from the sale of principal products during the first five months of 1936 totaled \$26,525,000, highest of any corresponding period, 1933 to 1936 inclusive.

In addition Idaho farmers received \$807,000 in government benefit payments, raising their total cash receipts for the 1936 period to \$27,332,000.

Cash receipts from sales during the corresponding period of the previous year were \$23,070,000; in 1934, they were \$18,151,000, and in 1933, \$12,263,000. Benefit payments for the 1935 period totaled \$2,573,000, and for 1934, \$2,363,000.

Cash receipts from sales of livestock and live stock products in the 1936 period, totaled \$14,231,000 other products bringing in \$12,294,000. In 1935 the ratio of livestock to other crops was \$11,127,000 to \$11,177,000; in 1934, \$8,716,000 to \$9,453,000 and in 1933, \$6,287,000 to \$5,998,000.

AUTOMOBILE ACCIDENT VICTIMS RECOVERING

BOISE, July 14 (AP)—Mrs. Emma Clouchek of Twin Falls, Idaho Republic national committeewoman, and her uncle, William Litzenwood, and her uncle, William Litzenwood, are recovering tonight in hospital here following an automobile accident near here yesterday.

Physicians said Mrs. Clouchek is suffering from a fractured clavicle, bruises and shock.

Litzenwood, also of Twin Falls, received a broken rib and bruises. They were injured when the automobile Mrs. Clouchek was driving struck the highway on curves near here late last night and turned over.

He died at Albuquerque, New Mexico, Feb. 2, left an estate valued at \$4795,548.88 in real estate, stocks, bonds and cash. The residue went to Northwestern university at Chicago.

Millions for Youth—WASHINGTON, July 14 (AP)—Distribution of \$10,000,000 for youth administration work projects during the first three months of the new fiscal year was announced today by Aubrey Williams, NYA director.

This was the first allocation from the year's fund of \$17,250,000. Williams announced modification of the recent rule establishing 18 as the minimum age, saying projects between 16 and 18 years who already have NYA jobs would hold them but no new applicants under 18 would be assigned to work.

Allowments by states include \$23,100 for Idaho.

Community at Bar—PORTLAND, Ore., July 14 (AP)—Reform of communities as well as prisoners will play a large part in the successful rehabilitation of the criminal, Ray L. Huff, federal parole director, told the western states conference on probation and parole today.

"We have hundreds of instances where the criminal community cared for the family of a prisoner serving time," he said. "The convicted children were led into crime and his family was furnished with funds by underworlding. When he was released, it was only natural that he would go back to crime."

Responsibility devolves upon the respectable elements of communities, he said.

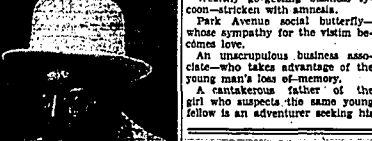

AMUSEMENTS

'Florida Special' at the Orpheum

It's unheard-of—but it's true—a squadron of police meet a gang of crooks at a railroad station with a brass band instead of Tommy Gun. It happens in "Florida Special," the new Paramount mystery-thriller which opens today at the Orpheum theater, featuring Sally Eilers and Jack Oakie and it's just one of a dozen things that keep audiences in an uproar of mirth. Friday the Orpheum presents the king of comedy, W. C. Fields in "Poppy" with Rochelle Hudson.

'Charlie Chan' at Idaho

Beginning today the Idaho theater presents as its regular midweek feature his "Charlie Chan in Shanghai" with Warner Oland, Irene Hervey and Charles Locher. It is the story of secret service men of two nations who encounter a desperate ring of dope smugglers who defy and battle them at every turn, so they send for Charlie Chan. From the moment he sets foot in Shanghai Chan meets with perilous adventures, the first being the murder of his host who is a secret service division in England. With the help of his amateur detective son Chan solves the mystery. The program is completed with a Grandstand Blue Spotlight, Popeye cartoon and news.

'TICKET TO PARADISE' HEADS ROXY PROGRAM

Wealthy go-getting business tycoon—stricken with amnesia. Park Avenue social butterfly—whose sympathy for the victim becomes love.

An unscrupulous business associate—who takes advantage of the young man's loss of memory. A cantankerous father of the girl who suspects the same young fellow is an adventurer seeking his daughter's money.

English butler who takes the victim's follies seriously. Mental experts, police captains, shysters, spotters and stooges. These are the amazing characters ingredients in Republic's unique romantic-drama, "Ticket to Paradise," which comes to the Roxy theater today for a 2 day run.

Interpreting these roles in the order named are: Roger Pryor, Wendy Barrie, Andrew Tomba, Claude Rains, and E. E. Clive, Louis Alberni, Charles Wilson, Charles Lane, Harry Harvey and James Curtis.

Officials, Athletes Engage In Hectic Drive For Dollars

All Groups Return With Money Except For Women Swimming Team; Final Workouts Held

NEW YORK, July 14 (AP)—As the zero hour neared for Allen Sam's athletic agony to the 11th Olympic games in Berlin, officials and athletes alike engaged today in one of the greatest-dollar-chases in history to assure a full team of 384 men and women when the liner Manhattan departs tomorrow.

All the passes returned with their prey except for the women's swimming team. Unless Herbert Holm, a little red-faced gray-haired hustler, suddenly runs up change of fortune, only 15 of the 18 female swimmers will represent the United States overseas.

Over the men's swimming team, the women's track and field team and the men's hockey team—each with shortage last night—obtained the necessary for any cuts in their squads by some of the fastest and most daring individual financing ever known.

Doc Bookman, of St. Louis, coach and manager of the women's team.

"FASTER IN BERLIN"
LOS ANGELES, July 14 (AP)—Young Louis Zamperini lost little time wiring his family here after running down the coast for first place with Indiana's Don Lash in the 8000-meter grind in the Olympic trials at New York last Sunday.

Send the money and I'll run faster in Berlin.

The money, promised to 19-year-old Louis if he won a place on the American team, was promptly forwarded east.

track and field team, and her girls set the tempo for the thrilling, four-minute drive. Ten days ago Miss Bookman was told to reduce her squad to four competitors.

"We've got to beat it," Miss Bookman informed A. C. Gilbert, chairman of the administration committee, as she lay on her back, "I've got to see the boys off, but she came up with a check for \$600, to be paid to her on the morning her friends will be at the pier to see her off.

Youngster Shoots 68 to Top Field
Iowan's Brilliant Sub-Par Play Features Tourney Qualifying Test

By WILLIAM WEEKS
(Associated Press Sports Writer)
OMAHA, Neb., July 14 (AP)—A brilliant 68 by Billy Condingley of Des Moines, Iowa, today topped the first day's qualifying test in the Western amateur golf tournament.

The Des Moines youngster was out in 34, members of the team speeded up for a 27 to finish four under even par.

Don Edwards of San Jose, Calif., and Jack Solberg of Ocala shared second place with 69.

Jack Minger, Dallas, was five over par after 12 holes, but came out to finish with 34-36-70.

FAVORITE DEFEATED
SEATTLE, July 14 (AP)—Major E. C. Woodruff's Mad Joss of Mesa, Arizona, beat the odds on favorite Lacy Bowman by 100-1 today in the Derby handicap at Longuevue race track.

The winner paid \$94.80, \$4.50 and \$1.00.

ALLEZ-OOP—TOBERLIN

ST. LOUIS, July 14 (AP)—Pepper Martin, the "wild hoss of the Osage," went on a tear today and personally accounted for an 11 to 7 win by the Cardinals over the aroused Brooklyn Dodgers.

He hit a homer with a mate on base in the fourth to keep the Cards in the running, despite a six-run Brooklyn surge in the fifth. Then, in the last half of the ninth, with the score tied, he broke up the ball game with another homer—with the bases loaded.

The scorecard:

AB	R	H	E	O
Conroy, 1st	1	1	0	0
Wagner, 2d	1	1	0	0

Alan Gould Sees Stiff Battles Ahead For U.S. Track And Field Stars

(NOTE: this is the second of two stories on American Olympic track and field prospects by The Associated Press sports editor, who has covered the last three Olympiads and will accompany the U. S. team to Berlin.)

NEW YORK, July 14 (AP)—Although the United States track and field team includes athletes who have broken world records in six of nine field events, including the decathlon, this amazing prowess carries no guarantee of Olympic triumph with it.

The Americans have potential winners in all but the hop, step and jump and the javelin, but they will meet sturdy competition right down the line. Japan will oppose outstanding challengers to our jumpers and vaulters. Germany has developed potential winners in the steeplechase, hammer and javelin. Finland and Sweden likely will score big numbers in the sprints, especially the javelin and discus.

Hypodermic Story

'A Big Lie,' Says Detroit Scrapper

DETROIT, July 14 (AP)—A sister of Joe Louis emphatically denied today a copyrighted story in the Chicago Evening American quoting her as charging that Louis was given a hypodermic June 10, 1935, the day he was knocked out by Max Baer in their heavyweight fight in New York.

"Why I'm just a big lie," Joe said. "Absolutely not a scrap of truth in it," Baer once said.

The American said Sheridan A. Bruken, Chicago private detective, had mailed a sworn affidavit, setting forth the charge by attributed to Mrs. Gains, to John O. Flatau, chairman of the New York State Athletic commission.
