

THE DAILY TWIN FALLS TIMES

Published Every Day Except Sunday by the TIMES PRINTING & PUBLISHING COMPANY, Twin Falls, Idaho...

(Published at the Twin Falls postoffice as second class matter as a daily publication, April 17, 1918).

The TIMES is an independent Democratic newspaper, but it has no politics as opposed to the most unalloyed and vigorous prosecution of the war that it can...

REMEMBER OUR 600,000 MEN IN FRANCE

"We must hurry to obtain a solid victory by arms before the first leaf-arms arrive," a German paper remarks, and the Vienna newspapers echo that view...

It is now a race between the Kaiser's general staff and the American officials charged with the task and duty of hurrying to the aid of the fighting line...

Remember always that we have 800,000 men in France, but with probably not more than 200,000 in the fighting zone. The other 600,000 are back of the line...

Remember these facts when you say Liberty bonds. Think of these 800,000 men in Germany who are waiting to slumber at night—Spekman-Review.

The Spekman-Review is the most persistent "kicker" in the administration's conduct of everything pertaining to the war...

Therefore, when this paper testifies to the presence of 800,000 men in France, 200,000 in the fighting zone and most of the rest of them ENAGED IN ESSENTIALLY CONSTRUCTIVE WORK...

The first year of war ended with less than 200,000 fighting men in France.

The TIMES branded this statement as false Saturday and pointed out that McComber depended on a technicality to escape the charge of deliberate lying.

Incidentally, the Review was entirely right in its advice relative to the necessity to buy Liberty bonds and it is just as essential to buy war savings stamps and to contribute to the coming Red Cross drive.

GERMAN PEACE NOYSE That things are not going well with Germany is indicated by the renewal of peace talk within the empire.

It is reported that there are many who have German papers saying that it is clear that there is no chance of an earlier peace note on peace. This is regarded as false by diplomats in Washington.

That I do regret and every patriotic man should regret, Senator Sherman's vicious assault upon the president at a critical time when all loyal Americans should be supporting the government.

claiming to be, what he doubtless is, an agent of Germany. A careful reading of this informal peace proposition indicates some concessions on the west, but as usual with German proposals, too vague and indefinite to be of real value.

To be sure, Germany would probably concede some immaterial points not mentioned in these conditions, but she would not at this time grant enough to make the war safe for democracy or for any democratic people.

At the same time, that she will over-extend the freedom of Belgium, was that Austria was made concessions to Italy, indicates that they are trying to prepare their people for greater concessions when the day of inevitable defeat comes.

GOVERNOR ALEXANDER RETIRES The announcement of Governor Alexander that he will retire to private life at the expiration of his present term is not a surprise to those who are familiar with the career of the state executive.

Remember always that we have 800,000 men in France, but with probably not more than 200,000 in the fighting zone. The other 600,000 are back of the line, some of them in training, but the majority engaged in the construction of the fighting line.

Warning of Danger to Women and Children Through War Employment Laid Before Clubs

HOT SPRINGS, Ark., May 6.—Sounding a warning to the dangers behind employment of women and children as a result of the war, Mrs. Manola L. Rutherford-Fuller today called upon the women of America to get behind legislation and propaganda for the betterment of these workers.

"We cannot afford to have the lives of women workers depressed by unfair working conditions, thus destroying the 'seed corn' of the nation; making an utterly futile thing of the war for world democracy," she said.

"As Mr. Baker has said, we cannot afford, while we are losing boys in France, to lose children in America. Women occupations are being constantly entered by our women and girls, driven by the double demand of personal and national necessity, and these occupations are being taken over by women who are derelict of the standards which have been slowly built up for their protection in those occupations."

"I asked our Department of Labor recently how the wages of women, in the place of men in the same work, compare with the wages of the men replaced and the answer was favorably—but the somewhat disquieting fact was that the women were replaced had been demanding higher wages to meet the higher cost of living than the men who were displaced on the part of the employer, nor efficiency on the part of the employed."

CLOSE-UPS IN SPORTDOM

Alvin Markey (I. N. S. Staff Correspondent) NEW YORK, May 5.—Johnny Erlie, one of the contenders for the world's bantamweight championship, has taken over the training of his youngest brother, Mike Erlie, of Milwaukee. We may soon hear from the youngster among the foremost contenders for the title of bantam champion.

The distinctive style of boxing which has made the name of Erlie prominent in boxing circles, is being taught by the bow learner of the name. He is young, athletic and has a powerful punch. Just now he lacks the force of a finished boxer, but he will soon make an impression on the fighting world when he masters the art of boxing.

Johny is now fitting him for a series of ring engagements which promise to bring the youngster fellow hits to the ring. Mike Erlie has taken part in several scraps and in each of them has given a good account of himself. Johnny says: "All six needs now is a little experience."

MILWAUKEE is just as proud of the new standard bearer of the Erlie name as she ever was of the old one and when it comes to supporting him the fans of that district will be there.

The case of the Erlies is practically the same as that of the other boxing brothers. Tommy Gibbons, who is now known in the boxing circles as "The Iron Kid," is making a wonderful showing. He first attained his fame by careful coaching from his brother. Tommy is now a good match for Mike.

MORMONS PLAN WORLD DRIVE WHEN WAR ENDS

NEW YORK, May 6.—As the result of the tremendous slaughter of the men of this generation, the Mormon church plans polygamy for all of the world, according to E. L. Mill, of the board of home missions of the Methodist church.

He declared that reports from their annual conference held at Salt Lake City recently suggest that they are only waiting for the end of the war to start out on their world campaign.

An exhortation by Joseph F. Smith in his presidential address before the conference, that all widows be married, not to old single life but to their duty to marry a gain is considered by Dr. Mill as the most significant feature of the conference.

"Just as soon as the war is over," said Dr. Mill, "they are going to make a tremendous drive to spread polygamy all over Europe, because they realize, of course, that the tremendous surplus of women over men will be the belligerent countries will offer such an opportunity for their propaganda as they have never had before."

DESIGNER OF WOMEN'S CLOTHES TALKS ON ART TO CLUBS

HOT SPRINGS, Ark., May 4.—The relation of costume to other forms of decorative art in the principal art periods of the world, notable in the Orient and primitive America, was on a tentatively discussed today by Mr. M. D. Crawford, designer of women's clothes, before the annual conference of the National Federation of Women's Clubs.

JEWIS IN SESSION TODAY

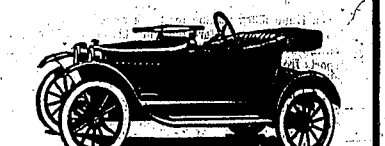

PITTSBURGH, May 6.—The Workmen's Circle, one of the largest Jewish fraternal orders in the country, is held in its 10th annual convention here today. The convention will continue a week. Congressman Meyer London and Abe Corman, editor of the "New York Daily Worker," are also in town.

The one safe and sure way to have more money is to deposit regularly all you can afford to put aside in your savings account here. Without fail it will increase by interest. Meanwhile if needed for emergency or business opportunity, it is always ready in CASH.

ALIEN FUG COSTODIAN, TAKES KOFFER STOCK, ESPIONAGE VIOLATORS GET A HEAVY SENTENCE

WASHINGTON, May 4.—The long story of A. Mitchell Palmer, alien property custodian, reached out today and took over 3,000 shares of stock in the H. Kopper Company, of Pittsburgh.

SIoux Falls, S. D., May 6.—Oscar Kornemann, German editor of this city and John D. Wall, business man of Kimball, S. D., were heavily sentenced today for violation of the espionage act by Judge Elliott. Kornemann was given 10 years in prison and fined \$1,000 and Wall was sentenced to five years and fined \$1,000.

EMPLOYERS MEET TODAY MEMPHIS, Tenn., May 6.—A conference of manufacturers and employers is being held here today, in response to a call issued by the State Workmen's Union.

Doubtful
Meeting Tomorrow—Members of the Callio Conservation congress will meet and organize at the Rogerson hotel parlors tomorrow afternoon at 4 o'clock and a number of subjects interested are urged to attend.

High School School Stamp Sale May 7.—The High School will buy war stamps and third stamps on Tuesday, May 7, and is working to beat the other schools. Watch them go over the counter to see how much is going to be taken by one of our artists.

Twin Falls Known in Paris.—That the Twin Falls was indicated strikingly by a check which arrived at the American Express company yesterday, drawn by Dr. Bro. George P. Park of the Twin Falls Bank & Trust. It was drawn for \$500 and dated March 18.

Four Pages.—While the TIMES does not print a four-page paper issued today it desires to explain it upon the ground of an accumulation of news in the department and a series of delaying break-down during the past week. A four or six page paper may be large enough for the present necessity and towards this field, but the TIMES has been giving and intends to continue giving a larger one. It desires to be judged upon what it does, rather than what it says—about itself!

A Patriotic Family.—Ell. Rev. James D. Funston, Episcopal Bishop of Idaho, who is well known in Twin Falls both in and out of church circles, has just returned from Washington, where Mrs. Funston has spent the winter in order to be near their children. All of the writing on it is work. Standard is a lieutenant in the chemical reserve, James has been accepted in the aviation department but was not yet assigned to his post of duty. Robert is in the medical reserve and will be graduated in June, and is taking a course in the William in the naval reserve; and Miss Elise in the fleet emergency. While Mrs. Funston has been busy with all manner of activities, she is foregoing the "Statesman" adds the fact that the bishop had the pleasure of visiting the city of Washington, where Margaret Oldfar at St. John's Episcopal church in Washington, April 26. And also quotes the Bishop as saying: "I noticed a great change in the atmosphere on this trip from a previous one last winter. Conditions were greatly improved; there was more of the former confusion, there was a sense of preparation for the war and a growing confidence. Everywhere there was a steady step, conscious of ultimate victory."

Assessment Day Service.—Assessment day services will be held at St. Edward's Catholic church in this city at 6:30 and 9 o'clock a. m., and at 7:30 o'clock p. m., Thursday.

Mr. Stank, Taylor left Saturday evening for a trip to Seattle on business. He will be assisted by Mr. E. M. Macvic as his manager.

Dr. H. V. Wilson returned the last of the week from a somewhat extended stay at the Rochester, Minnesota, infirmary, and if he feels as much better as he looks, he will be well upon. The doctor says that troubles were found by which he knows not, and at least two operations were found necessary—with the result of which he is more than satisfied.

Trains.—Three loads which had been missing from their homes in the country in the vicinity of Twin Falls, and in behalf of whom the services of the Sheriff, John P. Smith, were requested by the parents, were found yesterday in a sheep shearing camp near Three Crook. They are now safely home, and no charges against them seem to be in the air, but they will probably be prosecuted for their disappearance. It shall have been given a little more time for reflection.

A Wonderful Escape from sudden death was given to an eleven-year-old Twin Falls lad last Saturday. This child, Glenn Sears, son of Mr. and Mrs. M. P. Sears, was playing on the bank near the toll house at the top of the Blue Lakes garage on this side of the Snake river. No one standing at the point where he lost his footing, would dream that any human being, young or old, could go over the edge of the bank and live. He was killed. Yet, in this case it was just that impossible thing that happened. The boy was playing with his friends on the river with a party; and, desiring to get down the grade without being questioned at the toll house, was crossing the bridge. He slipped and fell into the water. He was not hurt, but he was very tired. He was carried to the toll house and he was very tired. He was carried to the toll house and he was very tired. He was carried to the toll house and he was very tired.

They Were Held Bad Boys.—They contemplated a career of outlawry and robbery. They were from 11 to 14 and the case selected for their future fastness and forays was the Blue Lakes garage. They were held in the night. It is evident from the fact of the boys' escape that the boys were held in the night. Win Both Games Hands Down

Statesman Says First Game Lost by Failure to Hit, Second by Errors. Boys Report Record Treatment and Fine Time.

The Twin Falls high school baseball team returned from the capital city yesterday with a record of two wins and one loss. "We have met the enemy and he is ours!"

Win Both Games Hands Down

The first game of the series was the first game of the series. The "Statesman" says of it: "The game was fast, clean and interesting, but good pitching by Fix of Twin Falls and Hollar of Boise. Both twirlers pitched good ball and the lack of hitting was particularly noticeable. Twin Falls' Hollar and Boise's Hollar were the main attractions. Hollar, fanned 12 Twin Falls men and was only touched two times. Hollar fanned 12 Twin Falls men and was only touched two times.

SCOREBOARD REFLECTIONS

Jack Velock (L. N. S. St. Louis) Tough on Tate. There was a young hater named Tate who could pitch through the heart of the plato. He had a fast ball. His ball was all so. The rest is too bad to relate. Fred Toney pummeled the Pirates in his first appearance on the mound for the Reds. The Cubs have had nine hitnings of victory and are crying for more. Detroit hit the White Sox. Jim Vaughn gave up only three hits to the Cardinals and scored a shut out for the Cardinals. The Browns scored again in the eighth on a three batter; and the game was clinched in the ninth by Nemo and Fix, coupled with a couple of solo errors.

Gregory Conducts Aircraft Probe

President Dirreus Attorney General to Take Charge of Investigation.
WASHINGTON, May 6.—President Wilson today directed Attorney General Gregory to conduct an investigation into the aircraft situation. The director stated that it was the general view to investigate specifically the charges of Gustav Borglum, who made an inquiry into the work of the aircraft board at the request of the president. Borglum charged in congress that a ring controlled the out-plying of the aircraft industry and that reason great progress was not made.

Court Upholds Right to Send Men Over Sea

WASHINGTON, May 6.—In a sweeping decision upholding the right of congress to legislate as it deemed necessary in prosecuting a war the supreme court today overruled an appeal filed under the selective draft law a man could not be forced to go abroad to fight. The attempt to have General Leonard Wood cited in contempt of court for sending Robert Cox abroad while conscripted in this case was pending was automatically lost.
