SUCCESSFUL LOCAL OPERATIONS IMPROVE POSITIONS OF ALLIES

Comparative Inaction Follows Grand Movements of the Past Three Weeks—Violent Artillery Fights Again the Feature of the Contest on the Front—Americans and French on Vesle River Continue to Clean Up While Repulsing All Boche Counter-Movements.

(By Henry G. Wales, I. N. S. Staff Correspondent) WITH THE AMERICAN ARMY ON THE MARNE-VESELE FRONT, Aug. 7.—(2 p. m.)—American batteries are pounding the German line north of the Vesle river incessantly.

(By Frank Charlton, I. N. S. Cable Editor) Successful local operations in which the allies gained ground and improved their position, and the repulse of German counter attacks were reported from the western battle front today.

The inevitable period of comparative inaction, which always follows a rapid advance has set in south of the Aisne river, where the French and Americans are moving up their guns, organizing their new positions and re-aligning their two elements before renewing the assaults against the Germans on a grand scale.

On the Vesle river (Aisne-Marne front) the Franco-Americans are carrying out "cleaning up" operations, meanwhile heating off German counter thrusts which are being carried out evidently with few forces.

At the close of the evening the best kind of sandwiches and coffee were served.

May Here City Market Place—The plan to keep up the market place at Ed Vance, north of Twin Falls, of selling vegetables at the fountain in the city park during the morning hours, may be the seed from which a permanent system of street markets may grow in this city. Mrs. Vance sold out her entire wagon load of corn, consisting of over a hundred dozen ears, yesterday morning before eleven o'clock. There were other merchants in the park today.

Still in Court—Judge W. A. Babcock yesterday overruled a motion by defendant in the case of The Times Printing & Publishing Company, against H. M. Sims, which it been granted, would have prevented the filing of a motion for a new trial by the plaintiff. The case is therefore still for this contest. A motion for a new trial will be heard.

Enlist in Army—Jack A. Davis, of Hoyburn, and John W. Root, of Douglas, have been accepted for enlistment in the quartermaster corps of the army through the local United States recruiting station, and will leave tonight for Salt Lake, in company with Willet Hanco, Jr., and Marcy Straight, whose enlistment was mentioned yesterday.

Captain McRoberts Leaves Company—In a letter received here dated July 5, from Sergeant Kenneth Brown, it is stated that Captain McRoberts had left that company the day before, and that neither he nor any of the company knew where he was to be sent. The boys are very sorry to lose their captain and made him presents of a watch, a ship and a keyholder before he left.

Twin Falls B. C. Responds—Regarding an appeal for 100 porcelain cups from which the soldier boys who get refreshments at the Pocatello Red Cross canteen and the local Red Cross chapter of the United States Red Cross has forwarded the number asked, for an act appreciated by the boys and their customers. The request was forwarded to Mrs. Frances Sanders, a member of the Pocatello canteen, now a resident of this city, by Mrs. C. Douglas of Pocatello and was referred to Captain H. W. Wilson, as head of the Red Cross executive committee in this city, who was promptly acted in a favorable manner. The canteen has been furnishing refreshments to soldiers passing through the "Gate City" and found his supply of cups too low and ordered that the Red Cross stores out of them.

"Bruce" of The Times—There is a toy told of Robert Bruce, king of Scotland, that having failed in seven attempts to get his throne, he was leaving discouraged, but on awakening in a barn in which he had taken refuge, he watched a spider try to reach a raft. The spider failed seven times and on the eighth succeeded. The king then gathered courage and succeeded in regaining his throne. The Times newspaper published this story and it has been widely read. The Times editor is a man who is a good deal of a spider in his efforts to get into the service. He failed in seven previous attempts, but on the eighth try and this evening leaves for Camp Fremont, California, to join the colors. The Times are good points to his service and to which the seventh star has just been added.

Jay Bravaga Well Attended—The gospel revival meetings being conducted at Second avenue and Fourth street, are being largely attended and much interest is being awakened by the stirring messages delivered by Rev. Jay and other members of the evangelistic party, who are here under the auspices of the Pentecostal Church of the Nazarene, of Nampa. Excellent singing and enjoyable music are being largely attended at 8 o'clock each evening. Very comfortable seats are provided, and the service is well attended. A most cordial invitation is extended to everyone to come and hear the Bible sermons in old-fashioned revival parlors. Meetings will continue through this week, after which the evangelists go to Mountain Home.

Sells Lots of Corn—That the city marketing plan can be made a success is the opinion of Ed Vance after two days' experiment with his corn market at the park and he intends to keep on for the time at least. The corn "goes like hot cakes," he says.

Many Called; Few Chosen—A number of men about town have signed up for the Times Harvesting club but whether through being so busy that they could not call up, or whether due to question as to whether the urbanites were long on shucking things there seems to have been no demand for the "Willing Workers" so far.

HENRY F. SAMUELS, OUR CANDIDATE FOR GOVERNOR. FIONEEL, FARMER, BUILDER

Nonpartisan Choice for Governor is Man Who Has Made Good of Farm on Grand Old Road West—The Next Governor of Idaho is Like

and complete, convenient and efficient in every way. Mrs. Samuels took charge of building a home as she wished it, so selected a site on a hill in the corner of the valley which gave a view all over the ranch.

Mr. Samuels has four children, two girls and two boys. The oldest daughter is married and her husband, a physician, is enlisted in the navy. Her name is Arnon Collins. The next is Walter, Helen, twelve years old. The next, Henry Floyd, the third, is also years old. The next is Harry, five years old. Mrs. Samuels is a woman who is devoted to her home and family.

OUR LIEUTENANT GOVERNOR NEEDS LITTLE INTRODUCTION TO YOU

Former Senator O. G. Zuck, endorsed by the Nonpartisans for the office of Lieutenant governor of Idaho, is a former of Kimberly, and needs little introduction to the voters of Twin Falls county, as his past record in public office stands out to his commendation.

Senator Zuck is 50 years old. He was born on a farm near Lanark, Carroll county, Illinois. He at the age of 18, taught until for a year in a rural district. At the age of 21 he moved up on a 100-acre preemption in Logan county, Colorado. Here he also taught school for two years.

He is married and has six children, three boys, aged 24, 21 and 18, and three girls, aged 17, 17 and 18 months. The eldest son of the family volunteered for service with the colors, but was discharged physically. The second son registered among the 21 year olds last June. He has made no claim for exemption or deferred classification, although all the boys are engaged in farming. The youngest son is working on a farm near Gooding. Some collection is not a new part in public life. He was a member of the city council at Lanark for three terms.

NONPARTISAN PLATFORM 1918

- The paramount issue is to win the war.
- The chief qualification for citizenship is loyalty—100 per cent Americanism.
- Greater food production and better distribution being absolutely essential toward winning the war, we therefore pledge our candidates, one and all, to the carrying out of legislation to the following as fast as safe progress will permit:
 - State-owned packing plants, terminal elevators, flour mills and sugar factories.
 - State owned warehouses and storage plants for farm products.
 - Rural credit banks operated at cost.
 - State ownership and distribution of the water power.
 - Other public utilities, one and all, to the carrying out of legislation for labor laws which will meet perfectly the needs of the farmer, employer but which will amply protect labor as well, in accordance with the just demands of organized labor.
 - The taxation of all property upon an equitable basis.
 - The taxing of life property at a higher rate in order to force such property to more largely assist in the financing of the war.
 - A workable, legislative, referendum and recall.
 - Other public utilities and plants included in the supplementary statement are as follows:
 - Woman Suffrage
 - We urge the immediate enfranchisement of the women of America. We hold that to deny the mothers of this nation the right of suffrage is inconsistent with the professions of equality set forth in our national declaration of independence and that a government in which the question of sex determines the right of participation is not a government which respects the fundamentals of human liberty are dominant.
 - One man operation of street

half of which time he had the distinction of being the only "dry" in the caucus. He has served two terms as county commissioner of Twin Falls county, and in 1911 and 1912 served in the legislature in the senate.
