GERMAN FACTIONS RESUME FIGHT AFTER SHORT LULL

Belief That Rebellion Had Been Stopped Seems Premature—Spartacides Capture Many Tanks From the Government Soldiers After Which There Was a Short Parley—Fight for Possession of Police Headquarters Continues—Berlin a Madhouse—Allied Diplomats Awake to Necessity of Helping Stabilize Affairs—Ebert Government Distributes American Fats at Dantzig—Last Reports More Hopeful.

While conflicting reports were received today regarding the trend of the general strike proclaimed in Berlin, it is evident that the movement has failed for the time being if the troubles have not actually been settled. But despite the fact that the movement has apparently depressed, grave disorders continue in the German capital.

Violent street fighting took place in Wednesday evening, the government troops and the Spartacides used the streets as a medium through which to attempt a counter revolution for the overthrow of the Ebert government.

By Alfred G. Anderson, I. N. S. Staff Correspondent. BERLIN, Mar. 6. (The United States Staff Correspondent.)—The government troops were renewed today and after three days' street fighting broke forth through Alexanderplatz. After the red guards and the revolutionary sailors had captured a number of government tanks the government forces were enabled to move the Spartacides' headquarters of police headquarters and fighting was in progress as this dispatch was sent.

All of the ambulance supply was exhausted, so heavy was the strain upon their use. Red Cross workers passed through the streets picking up the wounded—cars were used in this service and even one day hospital. Crowds dropped into doorways to escape the bullets.

Eight-bulldozers, the latest piece of war machinery which I had taken shelter. The ambulances with the crowds in a dusty mood. Threats made of even worse trouble tonight.

PARIS, Mar. 6.—Unless the allied governments take steps to cooperate with the German government to stabilize German domestic affairs the German government may not be in a position to meet the serious preliminary when they are finally to be based on final terms of settlement from Germany.

LONDON, Mar. 6.—The first distribution of American fats will take place in Germany from Dantzig, it was authoritatively learned today. One million quintals of fat have been promised for distribution on condition that the workmen at that port do not strike.

BEEF GROWERS HEAR-SPEAKERS AT PARISH HALL

CLAIM MADE THAT PROFITS OF SUGAR COMPANIES ARE TOO LARGE

Farmers are Urged to Organize Kenyon Will Stump Iowa on Same Side

Change Made That Salt Lake Press is Controlled by Plutocrats—Form of Contract Read—Johnson Disputes Figures.

Over 100 farmers and beef growers attended a meeting at the Parish hall last evening, presided over by J. A. Cross, at which President H. K. Peterson and Secretary C. E. Johnson of the Iowa Beef Producers' Association of Sugar Beet Growers, told the Salt Lake City, spoke and urged the farmers to organize to counter what they declared to be a more profitable source of profits of the beef raising industry.

Mr. Peterson said that the purpose of the meeting is to interest the farmers and beef growers in organizing to counter the sugar trust, and an equal portion of profits received on the ground as well as the manufacturer.

He said he would eliminate the profit of 3 to 4 that the manufacturer takes in making over the "sugar" and the "beet" industry. He said that the "sugar" industry has been and is still controlled by the "trust" and "We understand the classification which has been and is still controlled by the "trust" and "We are not interested in the sugar industry."

LEAGUE APPEAL TO PEOPLE OF NATION BEGINS

REED AND THOMAS TO OPPOSE PLAN WITH THE REPUBLICANS

Hitchcock and Members of the Cabinet Will Make Coast to Coast Tours in Favor of the League Constitution.

WASHINGTON, Mar. 6.—With the departure of Senators Reed, Hitchcock and Thomas, of California, and Reed, of Wisconsin, Democrats of New York to form a "national" party, the League of Nations plan as supported by President Wilson, the first step toward the country over the proposed League of Nations.

Republican senators who opposed the President's plan and who withdrew of Senator Lodge's resignation are now making a tour of the United States to urge the people to the League of Nations.

Senator Woodworth, of New York, already has plans for speeches in New York, Syracuse and Buffalo. Mr. Senator Hitchcock of Colorado, also has plans to speak in various parts of the country.

RELIEF FOR POLES ARRIVE FROM AMERICA IN DANTZIG

Food Relief Ship Brings Immense Supply of Flour—Polish Ensign Appears Where Unseen for Hundred Years—Reds Control German Port.

(By Earl C. Reeves, L. N. S. Staff Correspondent) LONDON, Mar. 6.—The United States food relief ship Westward Ho, which has just arrived at Dantzig, is the first allied vessel to pass through the Kiel canal since the outbreak of the war. Through the Kiel canal through this historic waterway on German soil was seen. The harbor at Kiel, formerly a great German naval base, was described as a "graveyard."

The steamer-armed Dantzig is described as very well fitted with the Spartacides dominating the local council of soldiers and workmen. The military authorities there are openly derided and the soldiers are forbidden to salute officers.

As an embargo was immediately expected the American sailors were not allowed to enter the city by order of the United States officer of the port, Captain Manning.

The American-Polish committee was compelled to file the accounts, otherwise they would not work. The German government cooperated with the committee in sending an armed guard with necessary supplies to the steamer.

The work of unloading the tons of flour from the Westward Ho was undertaken under an efficient organization. A long line of relief trains had drawn up before the ship arrived and the work of unloading was begun as the vessel docked.

MILLION DOLLAR DAMAGE LEFT IN WAKE OF THE STORM

Homes, Churches and Stores Destroyed

Railroad Traffic Impeded—Near Section of Follies Suffers Greatly—Reports of 'Loss of Life' Are Received.

MONTEVIDEO, Ala. Mar. 6.—Devastation, the most severe recorded there, destruction in the path of the tornado which swept southward from Alabama to the Gulf of Mexico, leaving a wide wake of homes, churches, stores, hotels and other buildings, which will toll a damage of nearly \$1,000,000.

COPENHAGEN, Mar. 6.—A revolution has been reached between the government and the Spartacides, according to information from the German capital today.

The Spartacides had the support of the Spartacides and in the fighting which accompanied the movement many persons were killed.

Part of the city hall was wiped out by fire by incendiary bombs thrown by the Spartacides.

It is reported from Paris that Lullier, minister of agriculture, has advised the Allies to bring the surplus of the war to the Allies.

NEW HAMPSHIRE HEROES HAVE FRIEND IN GOVERNOR

CINCINNATI, N. H., Mar. 5.—A proclamation calling for "personal attention and solicitation" for returning exiles and soldiers for voluntary workers for the cause has been issued by Governor John H. Barrett. The proclamation says: "Let me better step off a train upon my return from service without being met by some one who is interested in him and whose interest will never be forgotten. Let me see some one who will again a self-satisfied and happy member of that society which the committee has helped to preserve."

LAND OF PERPETUAL ICE DENIES THE COOL CHANGE

FAIRBANKS, Alaska, Mar. 6.—The Alaska news of the "cool change" in the Yukon territory has been met with a skeptical smile by the Fairbanks bureau of the United States Geological Survey. The bureau stated that the "cool change" is a myth and that the climate of the Yukon is not changing.

CONNECTICUT WEATHER WARMER IN HISTORY

NEW HAVEN, Conn., Mar. 6.—A "record" weather station at a school near the city of New Haven, Conn., has recorded the highest temperature in its history. The station recorded a temperature of 72 degrees Fahrenheit on Tuesday, March 5, which is the highest temperature recorded since the station was first set up in 1892.

THREE FOR EACH ILLINOIS SOLDIER KILLED IN WAR

SPRINGFIELD, Ill., March 6.—A bill for every Illinois soldier in the war has been introduced in the state legislature. The bill provides that for every soldier who was killed in the war, three acres of land should be granted to his family.

For \$1—This Week Only

To Women Who Failed to Get It

We have supplied our famous Cookers to more than a million homes. But we want every home using Quaker Oats or Mother's Oats to have one. So we repeat for one week only this attractive Dollar Offer.

Now a Very Costly Offer

This to us, at present aluminum prices, is a very costly offer. Yet we have those Cookers made to our order in enormous lots.

Such an Aluminum Cooker, extra large and heavy, would probably cost at retail more than you care to pay. But you need it to cook cereals rightly. So we want you to have it—for your sake, and our sake—if you are cooking our cereals without it.

If you have this Cooker, our offer is not open. We cannot supply more than one to a family. But, if you failed to get one, get it now. This offer is made for one week only. It cannot be repeated unless Aluminum comes down.

Keep the Rich Flavor Intact

Quaker Oats and Mother's Oats are made from queen grains only—just the rich, plump, flavory oats. We get but ten pounds from a bushel.

This is done to secure a superlative flavor. Little grains, puny and insipid, lessen oat-food delights.

Now we ask you to cook these luscious oat flakes so that flavor keeps intact. Cook them so they easily digest. This Cooker will help you to do that, as it does a million others.

It is yours for \$1 if you send this week. And if you send the sales slip asked for, to show that you are using this delicious grade of oats. You will save enough to buy a great deal of cereal by accepting this dollar offer.

PORTO RICAN WOMEN MUST BE TRAINED

Women in Porto Rico help their part in war work according to reports received by the department of labor, but the majority were engaged in humble tasks that are poorly paid.

One of the principal groups of the island is laborers. This needs are planned in October, and in December and January thousands of women are employed in wartime, and the small plants in the field. The women work from 6:30 in the morning until 5:30 at night for 35 and 40 cents a day. There are no labor unions for women, who are subject to old customs and local by old traditions.

To these workers in the fields the war meant that they must quit their jobs, but it meant, also, that their men had entered the training camps to become "soldiers" and that the soldiers wore wonderful uniforms and shoes, which are a sign of quality even when feet are usually bare.

The Porto Rico women are still looking for the prospect of the field, but tend to be classified as one of the essential and the demand for it does not lessen during demobilization.

FINDS BOTTLE OF HOJUE HE HAD SIXTY YEARS AGO

JOHNSTOWN, Pa., Mar. 6—Perry "Uncle" Anthony "rescued" his other day that sixty years ago he hid a pint bottle of whiskey under a certain rock. Going to the place he found the bottle and part of its contents. The cork had rusted away and the contents, due to evaporation, had decreased in quantity but greatly increased in quality. Hattall described the liquor as having a "very rare old" business.

TRUE PUBLIC SERVICE

To all who did a better share in winning the great war, medals of honor or marks of distinction cannot be given, says the United States Public Health Service Bulletin. Many must find their reward in their own consciences or in the hearts of their countrymen.

Statement of Plan and Purposes of Road Improvement for Twin Falls Highway District for which Bond Election is called for March 18

The Commissioners of the Highway District have been working since the road improvement bill was passed in 1915 to improve the roads to be improved for the past month, and the map showing the classification and location of the roads is the result of their work.

Answering the second question as to the reason why it will not increase in the same proportion as the cost and that highways to the north and south Highway District, are that increased production would bring in, in each year, not only for our levy for interest, but also for our levy for maintenance.

These bonds will probably draw 5.5 per cent interest per annum. If the Twin Falls Highway District is divided into 16,843 acres, it would only amount to \$450 per acre. This would be further reduced by the property in the town of the district which is not included in the acreage.

Under the apportionment of State Highway funds, recently made by the State Highway engineer, the Twin Falls Highway district will receive approximately \$35,000 to all in work on the state highway. This amount is all we will receive from the state direct, and if bonds are voted, the state will be able to secure from the federal government an additional amount equal to one-half of the cost of the construction and improvement on the State Highway within this district.

only a fourteen-year-old girl, but she wielded a greater influence than any man or woman of mature years. She is the daughter of Miss Mary Jane was up for sometime on a charge of breaking the seal of a mailbag. The little girl tearfully pleaded with Federal Judge Jolliffe for clemency for her erring parents.

CHIPPED INDEED TO BE SANTA CLAUS THIS YEAR WINGED MEN, MARS, '18. The court decreed that Mike should spend one hour of 'spare' of the United States marshal.

SUGGESTED LEGISLATION

The Capital News has been suggesting legislation to the state legislature and some of it is apparently worthy of consideration. Among other ideas advanced are:

1. Memorial to congress asking for enactment of the long and short haul bill. The west has been discriminated against long enough in the matter of freight rates. This is particularly true of Idaho. The rates for this state were excessive, before the new laws were passed, and they are 25 per cent to make up for mismanagement.

2. A legislative resolution prohibiting the sale of liquor in public places. In any manner, the cutting of state timber around the Payette lakes. The people of this state are entitled to the use of these beautiful playgrounds. Payette lakes should be preserved as a public resort. It is his should not be sold to private parties.

3. A constitutional amendment giving the constitution power to enact ordinances for home government, without consent of the state senate, and they are half the time of every legislature that is taken up under the present abuses in the system with pure business. The legislature should be divided into two sessions of 20 or 30 day periods, with 20 or 30 days for the recess, with 20 or 30 days for the recess.

4. Same law to protect the state from being held up by concerns which are not doing business in the state. The public law for the state should be amended so that the state can't be held up by concerns which are not doing business in the state.

5. The public law for the state should be amended so that the state can't be held up by concerns which are not doing business in the state.

6. The public law for the state should be amended so that the state can't be held up by concerns which are not doing business in the state.

Mr. Coon came from Whiteville county, Illinois and speaks in a way that is good as country as that. There were fifty-one town people present last Sunday night. It is believed that a large attendance will attend this number. Mr. Moore's sermon for the evening will be on "Qualifications for Public Officials."

White Apks Correction—Involutive to a statement made in "The Times" of the recent of W. A. Fox last evening, John B. White, one of the jurors mentioned in a former article, had been recalled this morning that his affidavit, when sworn to, was incomplete and therefore misleading. He said that on the last trial he had been asked to give his voice to the jury and he did not deny that some jurists had been asked to give their votes to the jury. He said that his conviction and the verdict, Mr. White said that it was impossible to state what voted one way or the other, as all ballot were secret. "I have no desire to deny the jury voted and am quite willing for everybody to know what the verdict was." He said that he did not say anybody could tell how anyone voted.

PEACE MEET IS TO HURRY UP DELIBERATIONS

Robert J. Price (T. N. Staff Correspondent)
PARIS, Mar. 6.—(Press.)—Lloyd George having arrived, the big question as to the future of the peace negotiations is now before the world.

The date of the German fleet's entry at Scapa Flow (the coast of Scotland) is now due to come up for discussion.

The proposal to sink the German fleet has so far attracted from the British naval men, but they have had considerable support from American experts.

The German battleships that were surrendered are in such bad condition that each would require about \$1,000,000 worth of repairs to make it fit for use.

The attack upon the American fleet by the British navy during the battle of Jutland was described by Mr. Anderson in a column in the "London Daily News Service," but at that time the name of the person in the cabinet who had been in the cabinet was not known. The attack took place on Tuesday afternoon, March 1st, in the cabinet of the British navy. Mr. Anderson said that the cabinet was very much surprised by the attack, and that the British navy was very much surprised by the attack.

is a term that could be applied to Times' "For Sale" ads because of the great results these little ads bring.

IT'S A MIGHTY POOR PROPOSITION

that does not bring some answers when offered in the "For Sale" Column.

If you have something to sell a little "For Sale" ad run for about a week in The Times, will usually find a buyer.

Rates—10c per word where your ad runs for a week or more; 2c per word one day only.
