'THE TEXAS RANGERS' SHOWING AT ORPHEUM

Action, drama, romance, comedy and melody have been admirably worked into a magnificent screen achievement in King Victor's latest picture, "The Texas Rangers," which opened yesterday at the Orpheum theater.

Presented by a cast headed by Fred MacMurray and the wide-croaking Jack Oakie, the film fills a page from the history of the frontier organization which made Texas safe for pioneers, and combines it with a love story unusual in its kind.

Jean Parker, young star who captured the movie public with her singing in "Little Women" and "Se-quita," holds the feminine lead role as the daughter of a commander of the Ranger unit which MacMurray and Oakie join. Though almost identical to the sweeping theme of the film, the romance with MacMurray is presented modestly and sincerely.

Church Ministers Unto Its Own Farms Keep Mormons Off Relief

Needy members of the Latter Day Saints church of Salt Lake City stay off relief rolls by growing truck on church-sponsored farms and canning it, as women and girls are shown doing here.

SALT LAKE CITY, U.P.—The poor of the church shall be well-fed and well-clothed; they shall not want. With this in policy, the Latter Day Saints church is keeping its members off federal relief rolls by employing them on numerous projects for winter security.

As H. B. Lee, managing director of the church's social security program, describes the operations, men and boys work on church farms, planting home-grown seed, cultivating, weeding and finally harvesting. The church also contracts with horticulturists and growers of best pro-

TWIN FALLS GETS HOUSING PROGRAM

George Bremer of Jerome Announces Launching-of Big Project

George Bremer of Jerome, former chief estimator and underwriter for the federal housing administration at Boise, announced here last evening that the Bremer Construction company of Boise is to start construction of 18 modern dwelling houses at a tract north of Twin Falls.

The project which contemplates building of 60 new Twin Falls residences, is one of four similar projects planned for Idaho counties, including Franklin, Idaho Falls and Boise, Bremer said.

It is the company's purpose to construct medium-priced, modern, two-bedroom dwellings on lots having 70-foot frontage, and to sell these houses at reasonable prices on liberal terms.

Acreage purchased by the Twin Falls sub-division which is a part of the acreage owned by the Randol Floral company plant is situated, was purchased by the Bremer company from the former owners, the Boise-Payette Lumber company and Henry McCormick.

The tract is to be landscaped, and winding streets are to be laid out. The houses will be made available and average disposal will be provided for, Bremer said.

Contracts for building materials, Bremer said, have been awarded to the Boise-Payette Lumber company; Walter Penstetter and F. W. Reed, contractors, and the W. A. Wellner and Sons planing mill.

COUNTY OFFICIALS FORM ASSOCIATION

J. L. Barnes of Hansen Named President of State-Wide Organization

A state wide association of Idaho's county associations was formed at the opening session here yesterday of a three-day meeting of county commissioners and county officers convened to consider relief, weed-control and other problems.

Elected president of the new organization was James L. Barnes of Hansen, chairman of the Twin Falls county association.

Sam W. Tunks of Paris, Bear Lake county auditor, was elected secretary, and those who presided were: Mayor, T. M. DeCoursey, Canyon; Oscar Naser, Camas; Ray Sims, Boundary.

Visiting county officials were guests yesterday afternoon and evening at Twin Falls county fair at which, and Twin Falls citizens and Commerce has arranged a sightseeing excursion for them today.

POPE SEES TEND TO RECLAMATION

Senator Optimistic Over Supplemental Water for Upper Valley

Senator James P. Pope (Idaho) expressed himself as "highly encouraged" over the prospect for supplemental water for the irrigated tracts of the Snake river valley here last evening.

Senator Pope returned that evening from Idaho Falls where he and other members of the congressional delegation discussed irrigation problems with John C. Payne, acting United States commissioner of reclamation.

"The bureau of reclamation," Pope said, "is just as anxious to reach a solution of water shortage problems as we are. The engineering and financial difficulties which are always present, however, prevent hasty action. It is the intention of the bureau to bring about the full conservation and utilization of the waters of the Snake river. Two of the most important problems at the present time are supplemental water for the Boise valley and additional storage and water on the upper Snake river. Mr. Payne said that the report of his bureau on the proposal to divert water into Idaho from the other side of the continental divide, was quite favorable.

All-Idaho Changes
"In the past the senators and representatives of eastern states which do not have reclamation have taken an unfavorable attitude. Two things are working to change this attitude: First the fact that industrialists of the east are beginning to realize that their own best market; second, the fact that eastern and western farm lands are wearing out. People are beginning to move west and homes must be provided for them. Reclamation has been proved to be an economically and socially sound investment for the government."

The program undoubtedly will be carried out and probably will be expanded. Every member of the congressional delegation is cooperating fully for the benefit of reclamation and the state of Idaho.

WANNACK OBTAINS DELAY ON APPEAL

Convicted Wife Slayer Gets Additional Time to File Brief

BOISE, Sept. 9 (AP)—The legal fight of Douglas Wannack to escape the gall was postponed today when attorneys for the condemned slayer won an extension of time in which to file an appeal brief.

The busy-haired former Tacoma, Wash. man was convicted of first degree murder in Twin Falls in the shooting of his pretty ex-wife, Mildred Hood, and two officers. He pleaded insanity.

Wannack was granted until September 30 in which to file his brief with the supreme court. It had been set for Saturday.

The law allows the state until October 30 to file an answering brief. Arguments will be heard when all briefs are in.

THEFT—ACCUSED YOUTH ASKS \$10,000 DAMAGES

Alleging that he was forced to sign a confession of theft while he was held in a hotel room at Gooding, Idaho, for more than six hours the night last July 3, Walter Crow, 20, of Gooding has started suit for \$10,000 damages from his former employer, Knack Wall of Boise, owner of a number of Idaho grocery stores.

In addition Crow asks for return of his automobile, \$200 worth of stock in a silver mine at Murray, Idaho, and \$30 in cash which he claims he lost in the hotel.

Crow claims that he was threatened with prosecution for the theft, that he says he has persistently denied.

The suit was started in the district court at Gooding, and transferred here by District Judge D. H. Simpson of Gooding on motion by the defendant's lawyer.

E. James of Gooding is attorney for Crow, who appears in the suit by his father, J. S. Crow, as guardian ad litem. The defendant's attorney is Harry Bonell of Twin Falls.
