KNOX DISCUSSES LABOR POLICIES

Nominee Asks Washington's Voters to Support Hartley

SEATTLE, Sept. 16 (AP)—Speaking into the bested political newspaper resulting from Seattle's newspaper strike, Colonel Frank Knox, Republican vice presidential nominee, tonight urged every law-abiding citizen to support Roland H. Hartley, campaigning for governor on a "law-and-order" stand.

"He will guarantee you a government that will not submit to coercion, threat or force," Knox said in an address prepared for delivery here.

Hartley, twice Republican governor, has charged the Democratic chief executive, Governor D. Martin, with preventing the passage of the strike which closed the Post-Intelligencer, Seattle morning newspaper, on August 17.

Near a strike

Knox was general manager of the Hearst system for four years, and is now publisher of three newspapers, the Chicago Daily News, and the Leader and Union in Manchester, New Hampshire. He told his audience that in 30 years of employing union labor he had never had a strike, nor a difference not settled by mutual agreement.

"I number among my friends many union leaders," he said. "I believe in collective bargaining. But I do not believe in governmental coercion in labor relations, either in favor of labor or in favor of employers."

A farm program, social security and the reciprocal tariff program were scheduled for discussions during the next week's speaking stops at Des Moines, Ia., Milwaukee and Minneapolis.

Before heading up the Minnesota valley, the candidate planned to

WEATHER

FORECAST FOR TODAY AND TOMORROW—(Edith Fox, Thursday and Friday); slightly warmer.

High and low temperatures yesterday as reported by the government weather observatory were 70 and 24 degrees, there was an east wind and the sky was clear; barometric pressure at 6 p. m. was 30.38 inches above humidity, range, 30 to 30 per cent of saturation.

Weather a year ago was clear with temperatures of 81 and 44 degrees.

Temperatures Rise in Western States

Pressures are low over the interior southwest and have extended northward into southern Utah and New Mexico as somewhat warmer temperatures are reported. High pressures are charted elsewhere over the northwest and the plains and Great Lakes region. Some cloudiness exists over Montana, eastern Colorado, the central plains area and the Great Lakes, with moderate rain and cooler weather over the Kansas-Missouri valleys and the Great Lakes. Clear, warmer weather is charted along the central Atlantic coast.

Civilization Stills Ancient Grist Mill

URBANA, Ohio, Sept. 16 (AP)—Evidences of modern civilization visited a creating water wheel in a 151 year old grist mill today.

Highway improvements designed to eliminate traffic hazards on bridges crossing the ancient mill stream prompted the county commissioners to buy the stream for \$3,000. It will be filled in, ending a source of power that had operated the mill since 1808. The mill will be operated by an engine.

Police shot Gas Ebbels. Tension began to mount early in the day when police shot gas shells into a crowd of strikers who were adjoining on the area. Strikers which trucks were moving to the station parking-lot. The crowd and several persons were hurt. The gas shells landed in the crowd and several persons were hurt. The gas shells landed in the crowd and several persons were hurt.

Strikers Confront Police

Although Governor Morrison said there was no evidence that the state policemen were going beyond their duty in dispersing the strikers, strikers asserted they had not confined their activities to state highways, which primarily are in their jurisdiction.

The strikers, retreating before the "flying wedge" concentrated at the hooded night riders who have been attacking a spot not far away.

Special deputies carried history clubs and pistols but the firearms were not used.

Hand-to-Hand Fight

The attack in which the 18-year-old man was injured was a hand-to-hand affair. It developed after strikers picked up the tops of trucks and spilled the rocks into the street.

The present labor trouble is the result of an effort by the Pullman and Vegetable Workers union, which recognized "White" of the American Federation of Labor, to gain recognition in the lettuce industry.

The union demanded preference for its members in the hiring of help in the packing sheds. It argued this was necessary to "protect" its members against job intrusions by transient workers.

Hurricane Moving Toward Carolina

JACKSONVILLE, Fla., Sept. 16 (AP)—A dangerous tropical hurricane moved through the Atlantic ocean tonight in the general direction of Cape Hatteras, North Carolina. Warnings of small craft on the coast north of Jacksonville to remain in port, the weather bureau said. Strikers on the North Carolina coast should stand by for advice tomorrow morning.

Suspect Grilled in Missing Baby Case

DETROIT, Sept. 16 (AP)—Richard Laska, 41, who police said had a criminal record, was taken into custody late today for questioning concerning the disappearance of 20-month-old Harry Brown September 5.

Acting Chief of Detectives William J. Collins said police had been seeking Laska ever since the child vanished from his parambulator, in Cleveland, on Sept. 5.

The officers planned to confront Laska with the brothers of the Brown baby, Charles, 9, and Martin, 7, who had whined him to the park and then left him while they went to a confectory.

Laska lives with his mother, a sister and a brother near the west side park where the baby was last seen.

Witnesses Vanish in Black Legion Trial

DETROIT, Sept. 16 (AP)—The disappearance of three state witnesses added mystery today to the trial of 13 men, alleged to be Black Legion members, on charges of murdering Charles A. Pool.

As the trial proceeded, police searched for the trio, neither Glasgow, Elmer Anderson and Emerson Becker, all admitted members of the hooded night riders who have been attacking a spot not far away.

Special deputies carried history clubs and pistols but the firearms were not used.

Up to two inches of rainfall were reported in Missouri while Oklahoma reported 4.5 inches at Patavia, and precipitation general in northern, central and western portions of the state.

Southwestern Missouri and sections of the Ozark region received little or no rain, the Missouri weather bureau reported, and drought conditions continued serious.

While most of Texas enjoyed generous precipitation, extremely heavy rains created a flood danger in southern and western areas. Crop authorities said the rain might harm cotton somewhat but damage would be offset by benefits to pastures.

Child Dies, Victim Of Hit-Run Driver

WICHITA, Kas., Sept. 16 (AP)—Orin W. Herrick, 4, died yesterday in an ambulance bringing him to the hospital bed of his 7-year-old child, Sarah Jane, as death approached.

Post Sergeant Paul Watson said the woman telephoned her request to police headquarters when it became certain the child would not live. She died an hour later.

Sarah Jane was struck by a motor car last Thursday as she was riding her bicycle. E. M. Miller, a neighbor who saw the accident, pursued the driver to Augusta, Kas., where he was arrested.

Merlin M. Johnson, held in jail on a warrant charging theft of the car, said he did not remember striking the child.

tempts for senatorial renomination. Oklahoma Democrats refused to renominate the blind Thomas P. Gore, who was at odds with the leadership of his party over the issue of the New Deal such as was common on the Republican side. Gore found fault with Coombs' record.

— Senate Vacancies

Re-election of Senator Wallace White in Idaho left 41 seats to be filled in November. Sixteen Democratic and eight Republican incumbents were renominated, including White. Of the other seats at issue, three were vacated by death, those of Senators Fletcher and Trammell in Florida and Murphy in Iowa.

Mrs. Huey Long of Louisiana and Senators Culligan of Colorado, Coolidge of Massachusetts, Bennett of Minnesota and Keys of New Hampshire retired voluntarily. Norris of Nebraska asserted his renomination, after a petition from his constituents, because the Farmer-Labor nominee for governor in Minnesota.

In winning the Democratic and Republican senatorial nominations in Massachusetts, both Governor James M. Curley and Henry Cabot Lodge, Jr., defeated Townsend-Coughlin rivals. So did Brown in Michigan. In Wisconsin, five of nine Townsend-favored candidates for the house failed to run independently after a petition from his constituents, because the Farmer-Labor nominee for governor in Minnesota.

Two Bank Employees Admit Embezzlement

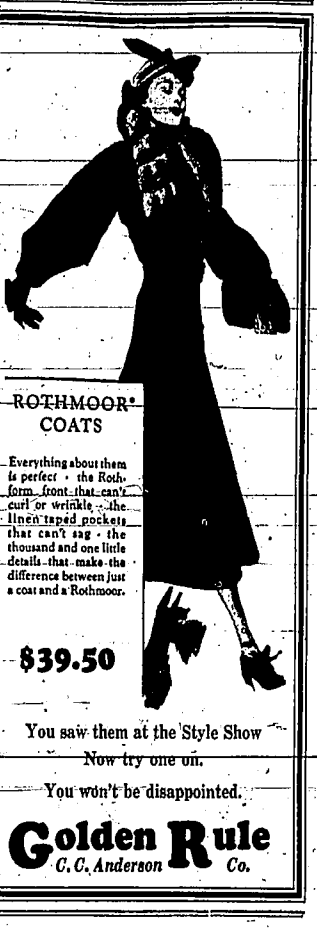

BOISE, Idaho, Sept. 16 (AP)—Richard Farnsworth of Caldwell and K. P. Buringfield of Boise pleaded guilty today before Federal Judge G. C. Cavanah to charges of embezzling funds from banks where they were employed.

The men were indicted by a federal grand jury.

Farnsworth, formerly employed in the Boise branch of the First Security bank, admitted taking \$400 from accounts of the institution, and Buringfield pleaded guilty to misappropriating \$15,000 from the First National bank at Caldwell.

Both men asked probation and will be given hearings before sentence is pronounced.

INSTITUTIONS CALL FOR IMPROVEMENTS

Asylum Conditions Termed 'Beyond Bounds of Decency'

BOISE, Sept. 17 (AP)—Laws Williams, commissioner of public welfare, said today that Idaho must spend at least \$600,000 for improvements at the three state institutions for the insane and that conditions were now "past the bounds of decency" in some institutions.

Williams had written to the heads of the three state institutions, asking for recommendations for the improvements needed for the welfare of their patients.

Whether or not it is still in this present position now," Williams said, "I intend to see the legitimate demands of the three institutions with all my power before the next session of the state legislature."

Dr. Charles Low, superintendent of the Blackfoot asylum, wrote that "the conditions for employees are other for patients, capable of handling 150 men and 175 women, an office building to house the records, a machine shed and a shop building are needed."

Nampa Hospital Needs

The needs of the Nampa hospital, Dr. D. R. Fowler, superintendent, said, "is a means of segregating patients since conditions are now past the bounds of decency."

"The line has stretched," he wrote, "when from a humane as well as every other conceivable standpoint in this matter can no longer be discarded."

Dr. Foynter also recommended

two cottages, one for women and another for men, a school building and an infirmary.

Dr. J. L. McGowan, head of the Orofino hospital, said a building to house 200 patients is urgently needed there, and asked for more attendants, pointing out the average for other such institutions in the United States is 10 attendants for every 12 patients, whereas in Idaho it is one attendant for each 20 patients.

Williams also said there were approximately 1,500 patients in the three institutions and has a waiting list of 300.

Old Railway Depot Offered For Sale

CORONA, Calif., Sept. 16 (AP)—One well-used railway depot, heirloom of the 1890's, was offered for sale today.

It is owned by the Santa Fe, which plans to replace it with a new \$300,000 freight car repair shop. The depot, built in 1892, was a fine example of the art of the carpenter-bread wood carving, tall heating stoves, and the memory of a visit by the 23rd president of the United States, Benjamin Harrison.

CAVIN HILLS MINER LEAVELLES, Colo. Sept. 16 (AP)—A Cavin Hill miner, James G. Cole, 35, of Mosave, California, is dead in that state after the climax of a long and strenuous mine today.

WALING BOAT REPORTED BREAKING ON ROCKS SEATTLE, Sept. 16 (AP)—Coast guard headquarters reported there today the 25-foot steel whaler Westport of Seattle was breaking up on the rocks off Akutan island in the Aleutian chain.

Commander R. W. Dempsell of the coast guard being sea patrol wireless that the Westport's crew was safe and en route to Unalakleet.

CULTURE AND DEMOCRACY

The world was not particularly shocked at Hitler's announcement that Germany must regain her lost colonies. That demand has been expected for some time and many persons, outside of Germany and with no Nazi sympathies or connections have been saying that some readjustment of that part of the Versailles Treaty was inevitable.

It is true that Germany did not make much practical use of those colonies when she had them. It is the psychological effect of their loss and their restoration that is important. Chancellor Hitler spoke with considerable less justice and wisdom when he demanded that the nation was created by democracy and predicted that "unless democracy is overcome, culture will not increase but will diminish."

Democracy was overcome in Germany when Hitler became dictator. Then followed a period when the books and the exile from Germany of many world-recognized leaders in science, literature, art and music. Culture sinks to its lowest level when thought and expression are shackled or pressed into a single mold by intellectual and political dictators.

NEW STYLE HOMES

"Triple-insulated" model homes are to be built for demonstration purposes in thirty cities by a company specializing in insulating materials. One of these houses is described as follows: "It will be of frame construction, featuring asbestos-impregnated concrete walls, cellophane-raft insulation, steelex-plaster base and asbestos wainscoting for both and kitchen walls."

It is claimed for this house that it is protected against fire, insulated against heat and cold, will still be in as good as new condition in ten years and will be "practically maintenance-free."

Similar claims are made for other new type houses of steel, glass brick, porcelain enamel, and other modern materials.

WHY ITALIANS OWN FEW AUTOMOBILES

Although the population of the United States is only about three times as large as that of Italy, Americans own 40 times as many motor vehicles as Italians do.

BACK TO CONVENTIONS

Dr. Nicholas Murray Butler, president of Columbia university, urges a return to the old political convention system for nominating candidates for important offices, instead of the direct primary.

The latter, he complains, "has almost entirely eliminated real public opinion in any controlling part in the choice of nominees, and has substituted for public opinion a group of interested, ambitious, well-organized and self-seeking groups gathered about the personality of some highly self-centered candidate. Very rarely will the type of man who would accept nomination from a representative party-convention actually seek that nomination by an extended personal canvass of his electorate, making all sorts of promises and pledges in order to secure the support of various influential individuals and groups."

BREAKFAST FOOD

What makes farmers that way is that grain is always too high when they haven't any to sell.

Odors are detected by an electric nose that is slightly improved over the nose that slows.

The old-fashioned man who thought a bathing suit was innocuous had a granddaughter who thinks one unnecessary.

Scientists find Ethiopia has no mineral wealth but they probably do not figure in the rings D Dues has put in the antic-se.

Literature." The arrangement is by line and subject matter, with prose passages printed as prose, verse as verse, drama as drama and letters as letters. Spelling and punctuation are modernized and "unimportant passages are omitted." There are 68 or 69 fifty-thousand copies in the first printing.

The Authorized Version of the Bible which appeared in 1611, 1613 and 1619, eleven has been the most famous edition. That translation was made at a time when the English language itself was peculiarly rich and expressive. For that reason the Authorized Version had a tremendous influence on English diction and literature which has lasted to the present time.

BIBES TO PARENTHOOD

Poor success attended the Italian and German campaigns in their efforts to obtain big supplies of cannon fodder. In each country backers have been taxed, many inducements have been offered for marriage and parenthood and married men have been given preference in employment and promotion.

It was this bribery has had the desired effect. Population gains have come mainly from the increase in the rates of marriage and birth. Italy's birth rate, except for a lull in 1936, has sunk steadily since the end of the war.

To marry and parenthood, has been making rapid increases in population. The country has enough food to encourage surgery. There are enough jobs to go around, and—until the last few months, at least—war has seemed less imminent than in western Europe. Moreover, both legally and economically, marriage has been made easier.

The experimenters of these countries suggest the "difficulty of trying to change natural law." Parents are reluctant to have children in the face of a constant war.

OPINIONS FOR SALE

Two Los Angeles radio stations announced that they would broadcast the opinions of those who give any more of his Sunday night "firestorm" over their channels.

The announcement declares the belief that Mr. Roosevelt's radio talks on the state of the nation are not only the best, but the best of the address of Mr. M. L. Landon, reporting on the state of the nation as he and other Republicans say.

The point is somewhat well taken. At the same time the disparagement between the radio and the newspaper is somewhat exaggerated.

The newspaper is a commercial venture. What opinions are expressed over the air are paid opinions, even when, as in the Los Angeles instance, it is the president of the United States talking.

Although the population of the United States is only about three times as large as that of Italy, Americans own 40 times as many motor vehicles as Italians do.

The prospective driver must dip into his own pocket to pay for most of the tests and certificates, and these, added to the four hundred dollars he must give for gasoline, are a heavy financial burden.

The car must pass official inspection and government safety tests, and must obtain a certificate of good standing, be able to read and write and pass a medical examination to prove good health and non-attachment to the state.

Odors are detected by an electric nose that is slightly improved over the nose that slows.

The old-fashioned man who thought a bathing suit was innocuous had a granddaughter who thinks one unnecessary.

EASTERN military and diplomatic experts expect in sporting figure that expressing doubts on the outcome of the present crisis in Spain. Here's the kernel of their reasoning:

The great question now is whether France will take the side of Russia under the terms of their recent alliance in the event of an anti-Soviet campaign by Germany and Japan. Whether or not the French will do so, nobody knows the precise terms of the Franco-Russian agreement, which has been kept secret for many similar purposes in the past.

That would be Hitler's great moment. It would show an opportunity for a right flank attack to attack Russia with the expectation of Japanese aid in the East. Under such circumstances, Italy and Great Britain would also be jeopardized, or until one or the other of the combatants became so weakened that it would be unable to join in the Franco-Italian and British will bargain their way into—out of—any Eastern war.

FORECAST: Taking a leaf out of J. Edgar Hoover's melodramatic page, Herr Hitler has lechered Russia with "World News No. 1." But he will be interrupted if he could read the American diplomatic and military sharpshooters.

They figure that the three strongest moves in the political war within the next year are, in order: (1) Hitler (2) Stalin (3) Mussolini. Hitler's recent demand for a return of German colonies is merely the first mark of potential warmakers. He has torn up the Versailles Treaty in every respect, but unlikely to be broken.

When he attacks military students predict it will be against Russia—strong evidence of this is shown by the fact that the German O.P. machine has fallen apart like the one-horse shay.

The Democrats control the federal government, but they are not in control of the local governments in every field. The Democrats dominate the election and patronage machinery in thirty-seven of the forty-eight states through the Democratic control of the local governments. They run the works in a majority of the 23 first-class cities, with police, firemen, trenching and water works.

The pen and ink drawings and caricatures that seemed splendid and aimed miserably in execution are now considered to have a back ground of intense study here, and abroad. Those hybrid lineings of James Thurber, for instance, or the line drawings appearing at the feet of Herbie. Also the yardstick of E. P. Powers.

New York Day by Day

NEW YORK, Sept. 17 — Frank Lloyd Wright is reportedly to explode many of the myths that have clung to his friend, Jim Tulley, the writer. First Tulley never was a bookie.

He was a road kid in the manner of Jack Dempsey, Stanley Ketchel and Jack London. He quit boxing at a young age and has worked hard since.

WENDELL READY TO STAGE CORN SHOW

Directors Vote That Two Queens Shall Reign Over Exposition

GOODING, Sept. 16 — All is in readiness for the 1938 Wendell corn show which opens Thursday night, September 17 for two days, closing Saturday night, September 19, directors and committee heads said today following the final check-up meeting.

The directors voted to name two queens of the show, one to reign Friday and the other Saturday. Miss Mary Jane Matherson of Wendell topped Juanita Aspliarie of Gooding as runner-up.

The coronation of the queens will take place at the start of the show each afternoon, followed by a whirlwind program of comedy, acrobatics, sports, parades, musical revue, bands and carnival attractions.

Comparing the premiums offered for corn exhibits with those offered elsewhere it has been found that those offered at Wendell offered even those offered at the greatest corn show on earth, that at Chicago. It is likely that Wendell will be Jerome-Gooding day and the business men of the town to have arranged a contest to see which can present the largest delegation at the show. Bands from both cities have tentatively been promised.

MOUNTAIN VIEW

Concludes Visit — Miss Vera Anthis, who has been visiting at the home of her aunt, Mrs. C. L. Biggers, left Saturday to make her home with her brother and sister-in-law, Mr. and Mrs. Robert Anthis, of Twin Falls. Mrs. Ida Decker, who has also been visiting at the Biggers home left Tuesday for her home in Barber.

Remains Leave — Mr. and Mrs. J. E. Jansen of Alton, Iowa, who were guests the past week at the home of Mr. Jansen's sister, Mrs. H. W. Redeman, left Friday to visit relatives at Kimberly. Their son Charles, who was with them, spent the week end at American Falls before leaving Monday night for Moscow to resume his studies as a freshman at the University of Iowa.

Visit to Nevada — Miss Irla and Nedward Wescott, who spent some weeks this summer at the H. W. Redeman home, left Sunday to visit with their grandparents, Mr. and Mrs. Ward, at Delmo Mine, Nevada.

NEW OFFICERS TAKE OVER P-T-A-POSTS

MOUNTAIN VIEW, Sept. 16 — Mountain View Parent-Teacher Association held the first regular meeting of the 1938-39 season Monday night at the school house. The new officers, who took up their 50-hour duties were Mrs. Ted Scott, president; Mrs. Helen Williams, secretary; Mrs. Charles Darling, treasurer.

The following committees were appointed: Playground equipment, Mrs. E. E. Bauer, Charles Durling, entertainment, Mrs. Bauer and Mrs. Howard Manning; publicity, Ruth Redeman; refreshments, Mrs. T. M. Knight.

Members are requested to bring a tea towel and enough plates to supply their own family to the next meeting which is to be held October 12.

L. D. S. CHURCH OPENS AUTUMN SOCIAL EVENTS

BUILD, Sept. 16 — L. D. S. church opened the autumn social calendar Thursday evening with a short program and a dance held at the church. The program was directed by Anna Cox and Lyman Lloyd.

This was the opening event of the winter season of entertainments and class work of both the young women's and young men's associations. Dances were collected and the year's work was outlined. Mrs. Maude Hutchinson, Ruth Hansen and Douglas Hansen were in charge of the decorations.

Regular class work will begin on Tuesday evening, September 27 at the church.

GATHER AROUND, WORK SHOE WEARERS and Listen TO THE FACTS!

There is a GREAT difference in work shoes. Wolverine's are made of Shell Horsehide—that amazing leather with the inner-shell, a substance much like your own fingernail. Shell Horsehide comes only from that portion of the hide right over the horse's hips. Yet Wolverine, and only Wolverine, uses this Shell leather for both soles and uppers. This "Shell" section is grained, both horizontally and vertically, like the wear-resisting wood in a butcher's meat block.

Wolverine's exclusive triple-tanning process makes this tougher than Shell leather as soft and pliable as buckskin, yet retaining all its extra strength and wearing qualities.

Come in and try on a pair. See the difference between Wolverine Shell Horsehide and ordinary work shoe leather—Learn the facts about work shoe wear and comfort.

AMUSEMENTS

'Educating Father'

Things have changed since father was a boy—and Jed Froly, dad of the "Jones Family" featured in the new Fox hit, "Educating Father," finds it out from his up-and-coming family. The Jones Family includes Kenneth Hewitt, Sidney Deaver, Spenser Byrnes, Florence Roberts, and Dicie Dunbar. This hilarious picture begins tomorrow at the Idaho theater for a two day showing.

'Trail of Terror'

Wild battles, furious riding, lightning gunplay and action, action, action—the way that's what producer A. W. Hackel offers you in his new super-Western, "Trail of Terror," starring Bob Steele, which opens to the Roxy theater Friday and Saturday. With Bob in the saddle, his six-shooter blazing, as he sciences and fights to run to the lair of a gang of desperate outlaws! And identifying himself as an escaped convict so as to become a member of the bandit band and bring them within the net of the law. Following by so doing he necessarily loses the love of pretty Judy Baxter, who sorrowfully concludes her lover has gone wrong. Heart-throbbing scenes, moments filled with terrific thrills and unceasing suspense! You'll talk for many a day about "Trail of Terror" after you have once surrendered to its dynamic appeal.

'The Girl from the Iron Door'

The Miss with the Iron Door ends at the Roxy tonight.

HAILEY MAN WAVES PRELIMINARY HEARING

HAILEY, Sept. 15.—Ray Royce of Hailey, charged with involuntary manslaughter in connection with the death of Warren Staley of Kimberly following a highway accident last Sunday night, waived preliminary hearing in justice court here today and was bound over to stand trial in district court.

Bond was fixed at \$2000 and Royce was remanded to the custody of the sheriff. To date, he has escaped no attorney.

Staley died from injuries sustained when he was struck by a truck which the state alleges Royce drove without lights on the highway near Keetchikan.

You can use more Cheap Electricity

to Give Tired Eyes Relief from Strain

PENNIES are a small price to pay for precious eyesight—and a few pennies a day is all it costs to preserve eyes with good light. Eyestrain due to improper lighting often takes a terrific toll—fatigue, nervousness, irritability, sometimes permanent injury to the eyes... What a pity, particularly when sometimes only minor changes in home lighting will bring it up to standard. Along with low rates that make adequate lighting inexpensive, Idaho Power offers FREE—the services of trained lighting experts who will check your home lighting.

The home's most lively and willing servant—ELECTRICITY—can help here. Idaho Power's rates, reduced 20 cents in the last 10 years, are among the lowest in the nation. You can afford to use electric service freely.

Giants And Cardinals Break Even In Doubleheaders

Old Waite Hoyt Stops Terryman; Cubs Win Twice

New Yorkers Advance Step Nearer Penance by Remaining 4 1/2 Games In Front of St. Louis

NATIONAL LEAGUE
Chicago 3-5, Boston 1-2
New York 3-1, Pittsburgh 1-1
St. Louis 3-5, Philadelphia 1-2
Brooklyn 1-1, Cincinnati 4-3

NEW YORK, Sept. 16 (AP)—The Giants drew a step nearer the National league flag today although returning only a "win" break in a double-header marking their season finale against the Pittsburgh Pirates.

Three hits and a walk in the fourth inning accounted for all the Giants' runs as they pulled out a 2-1 decision in the opener. Old Waite Hoyt had too much stuff for them in the nightcap as the Pirates won another pitching duel, 4 to 3.

DUFF HADLEY

Hadley in a series of starts approximating the New York Yankees' World Series contenders.

MONTE PEARSON

Hadley from Washington exchanged for Pearson and Hill, and Monte Pearson, away from Cleveland in a trade involving Johnny Allen and Sunda, are accountable for much of the Yankees' recent success.

PAT MALONE

There was a time when the Yankees' pitcher, the pitcher department depended heavily on Lefty Gomez, not more.

JOHNNY MURPHY

His poor showing with Cleveland last year when he won only eight and lost 12. He proved to be the answer to Manager McCarthy's prayer for a 20-game pitcher.

JOHNNY BROACA

Among the most creditable showings on the Yankee mound this season was that of Red Ruffing, the big veteran who not only has pitched effectively as a 20-game

RED RUFFING

pitcher for Joe McCarthy's Yankees in the 1935 World Series and last 12 games. He is far better than the Yankees' regular, his third campaign in the support list as a winning pitcher.

LEFTY GOMEZ

Also has added a big stake in a World Series game. Fortham Johnny Murphy, who had a 10-and-3 mark with the Yankees, made his third campaign in the support list as a winning pitcher.

WALTER JOHNSON

This pitching staff has had the benefit of a capable defensive club, both in the outfield and infield, but it boasts enough starting pitchers to give the National league a hot account in the World Series.

Hal Trosky Hits 41st Home Run

Coffman to Rescue
In the ninth, Smith got into hot water with runners on first and third and only one out. But Dick Coffman was rubbed in to relieve him and fanned pinch hitters, Ed Lewis and Eddie Rowan to wind it up.

The second game was an even tie, a pitching duel between Hoyt and Hal Schumacher, although the Pirates' offense was so hot in the first that they led 3-0 in the first inning. Hoyt's double, Floyd Young's triple and Jimmie Foxx's single, only other Giant run came in the sixth when Terry lined his second homer of the year into the left field bleachers.

Loughran Rallies To Defeat Giant Fighter

Old-Time Boxing Master Proves Far Too Clever For Ray Impelleriere
OAKLAND, Calif., Sept. 16 (AP)—Tommy Loughran, aging boxing star of the ring, scored a 10-round decision over Ray Impelleriere, giant Cold Springs, N. Y., heavyweight, here tonight, his third victory over the 25-year-old fighter in the last three years.

Loughran weighed 187 pounds compared to 239 pounds of Impelleriere. The decision was unpopular with some ringsters who thought Impelleriere had piled up a winning margin in the first half of the bout.

Tommy Tom Clever
Despite the handicap of 52 pounds and Impelleriere's height and reach advantages, the old-time Philadelphia boxing master proved far too clever for his younger opponent. At times his clever footwork and feinting had the bulky Impelleriere floundering around the ring.

Loughran gave Impelleriere the fight he wanted and in the eighth round not only outboxed Impelleriere but landed 20 punches to the latter's face.

Tiger Ward, 167, Philadelphia, Ind., Negro, was awarded a six-round decision over Mike Berto, 164, Philadelphia, Cal.

Max Baer, 152, Boston, won on a technical knockout over Steve Fierro, 183, San Jose, in the third of six scheduled rounds.

SETS WORLD RECORD

STOCKHOLM, Sept. 16 (AP)—Nils-Göran Östlund, 27, Swedish, set a new world record for the 3,000-meter run in a meet here today. He stepped in the distance in 8:14.4 to better the old mark of 8:18.4 set by Henry Nielsen of Denmark in 1924.

Stanford Coach Stresses Passing

Advent of New Gridiron Material Necessitates Change in Attack
By RUSSELL NEWLAND
Stanford, Sept. 16 (AP)—Stanford Coach John S. Thornhill is stressing the passing game in the new gridiron material, the ranks of which include no men of bulk nor skyscraper build.

It is a change necessitated by the advent of new gridiron material, the ranks of which include no men of bulk nor skyscraper build.

Only Four Lettermen
In the first game of the season, Stanford's attack will be a four-man attack. Favorably to those of last year, only four, on the squad, however, are lettermen.

Thornhill coached his teams into the 1935 New York state football bowl game. This season he will be highly pleased if his club loses no more than three games.

Junior High to Open Net Meet

Open-air play in Twin Falls Junior high school tennis tournament, four matches are scheduled on the physical park courts today. In boys' singles, Dick Lawrence plays Kenneth Brown and in girls' singles, LeAnn Squires plays Alice Murray and Irene Livingston.

Fourteen girls and 16 boys have entered the meet with elimination to be held in the afternoon. Singles and boys' games will be played at noon with the girls' elimination in the afternoon.

Although it has not been decided whether or not winners will be awarded points in the all-school contest, the tennis club is holding while event with Fred and Whites holding their own eliminations and playing their own finals.

Youthful Golf Stars Conquer Old Timers

Steady Marksmanship Reduces National Amateur Tournament Field To 16
By ALAN GOULD
(Associated Press Sports Editor)
GARDEN CITY, N. Y., Sept. 16 (AP)—The old guard surrendered Garden City's celebrated golfing battleground today to the double-barreled charge of the youthful birdies.

The day's firing on two separate fronts saw the last of the ex-champions pass from the picture, the field reduced by steady marksmanship from 64 to 16 survivors.

Weight in Running
The veterans still had something to say with George Vogt of New York, still victorious in the running, while the British lion roared a twin challenge, represented by the two Englishmen, the Glasgow whiskey salesman, and John Langley, 18 year old English pupil of the renowned professional, Henry Cotton.

McLean won a spectacular 20-hole title from California's Dimpie Pieper with birdies on the second and sixth holes. Alan Lacey, captured the "brooks" to beat Chicago's Johnny Johnson, and Goodman put an end to the giant-like efforts of the Kansas City (Mo.) long-hitter, Joe Lynch, one with a 6 and 4 victory this afternoon.

Defeat Chick Evans
"Plucker" dropped Chick Evans, 31, New York state, in the final hole, the Californian to have here this year with the Bobcats making the trip south next fall.

Wolves Ready for Dietrich Invasion

Castleford Plays First Game With Less Than a Week of Practice
CASTLEFORD, Sept. 16 (AP)—The Wolves are in a week of serious practice. Coach George Black's Castleford Wolves will take the field against Coach Chick Evans' team in an effort to have a winning team on the field for the opener. Six lettermen are in suit and several reserves show promise, although the squad as a whole is exceptionally light.

Returning veterans are Perrell Black at fullback, Don Bess and Jim Thompson, halfbacks; Paul Neuman, center; Ed McCurtrey, tackle; and Dick Evans, end.

Other members of the squad who are slated to see action in the non-conference opener are Webb, Spradling, Cleveland, Mitchell, Halcy, Owin, Larson and Drury.

Hagerman Trains For Grid Opener

HAGERMAN, Sept. 16—Opener in intensive training program for the first game of the season here October 2 against King City. Coach Chick Evans will train his Hagerman high school griders daily.

With seven lettermen returning from last year's team, the coach predicts a fairly successful season and has 25 substitutes battling for places on the first string.

COURT STUMPED BY EXAMINER'S QUIZ

Two Applicants for Naturalization Become U. S. Citizens

Two applicants for naturalization became citizens at the United States district court here which District Judge Adam B. Barclay, presiding, interrupted at one point to admit doubt whether he could himself apply a definition for "dose procedure" which one of the applicants for naturalization had been asked to define.

The examination continued, with the question unanswered.

Of the six applicants scheduled for hearing yesterday, three failed to put in an appearance, and their applications were continued along with that of one applicant who passed his examination but must await the return of one of his witnesses who was out of town.

Admitted to citizenship following the hearings William Williamson of Twin Falls, a native of Ireland, and James Adolphus Campbell of Kimberly, a native of this country who had been naturalized in Canada where he made his residence for a number of years.

Applicants who did not appear for hearings yesterday were Anton Mayer, Antonio Lozano and Jose Francisco G. P. Gower of Salt Lake City, Immigration Inspector, assisted in the examination of applicants.

FUNERAL AT KIMBERLY FOR ACCIDENT VICTIM

Funeral services for Warren Staley of Kimberly were held yesterday afternoon at two o'clock at the L. D. R. church in Kimberly, Bishop of the Twin Falls cemetery under the direction of the Twin Falls mortuary.

JUNIOR HIGH STUDENTS NAME COUNCIL MEMBERS

Student council members for the Twin Falls junior high school are to be elected from each of the 26 home rooms during the activity period today. Chancy Abbott will sponsor the council this year. Eligibility for the council include attendance in the junior high school for two six weeks periods of the previous semester and no red grades in citizenship or scholarship. Members cannot be elected for two consecutive terms.

INVITED TO INSTITUTE

Delegates, which include the officers and advisers of the local H-Y club, are invited to the tenth annual H-Y institute and their annual H-Y institute and their annual H-Y club, on Friday, September 19, at the Pocatello Y.M.C.A. The institute is conducted by Ralph H. Wolf, executive secretary of the Y.M.C.A., and at this time the officers of H-Y clubs of southern Idaho exchange plans and experience looking to the program for the coming school year. Mr. Nichols of the University southern branch, is to address the institute at the evening session under subject, "Problems of Youth."

ESTIMATES OF GOLD VALUE RANGE WIDELY

Among 80 persons who assessed the value in gold of a sample of ore which Oro Grande, Incorporated, displayed at Twin Falls county fair at Twin Falls, the estimate of \$400 per ton submitted by H. R. Sentien of Challiford was closest to the survey report of \$407.28 per ton. Mrs. J. A. May, Twin Falls manager for Oro Grande, announced last evening.

Close to the mark also were the estimates of \$42, per ton by C. Brownell of Pinar, and of \$428 per ton by Zenobia L. Julian of Twin Falls.

Estimates ranged from nine cents to \$20,000, Mrs. May said.

The Oro Grande corporation, which is operating an extension of the old Oroville vein at Silver City, Idaho, has opened offices in Twin Falls at 114 Shoshone street west, with Mrs. May in charge as manager. C. R. Hanan of Boise, president of the company, announced she is the wife of the mine manager.
