Alf Landon Declares 'For Housecleaning' Of Federal Politics

Branding Administration Government 'Of Spoilsmen,' Nominee Promises To Strengthen Civil Service

(By The Associated Press) DUQUEME GARDEN, PITTSBURGH, Oct. 27.—Governor Alf Landon named the new deal a government "of spoilsmen, by spoilsmen and for spoilsmen" in a native-state address tonight and pledged a "housecleaning" of "this political debauch" if elected.

Before a Keynote State through overruling the 10,000-capacity Duquesne Gardens, the Republican presidential nominee said Postmaster-General Farley, also Democratic national chairman, had been "authorized to create a vast army of political mercenaries in order to intrude the present administration in power."

Promises Consolidation

President-elect Landon, to enlarge and strengthen the civil service and consolidate government agencies—including "the new alphabetical Washington, London and President Roosevelt had created instruments capable of shattering the most crucial of the minor liberties and enabling the people."

Finally, at the outset of his final personal bid for 32 Pennsylvania electoral votes, the governor told an audience which shouted, cheered and sang as his appearance for the fourth time.

"I am going to talk about the most important audience in this country has ever seen."

"You tell 'em Alf," shouted the crowd, quickly drowned out by applause.

Speaking just a week from election day, Landon had only a final personal address Thursday night to close his last, nationally broadcast, Atlantic coast-drive for the presidency.

Heavers were able to detect traces of the hoarseness attending his recent odyssey.

Introduced by Davis The Kanawh was introduced by Senator James J. Davis from a platform where audience indications followed Governor Clifford Pinchot and Ernest T. Wely, chairman of the National Retail Corporation, Davis declared Landon a man of "birth, training and achievements show him to be a personification of the American ideal."

LIGHTS and SHADOWS In Day's Events

(By The Associated Press) For Pale/People—NEW YORK—The Rev. Dr. Adolph William Meyer addressed fellow pastors to keep their lives alive and they want to keep their congregations awake.

"A torpid liver produces a dull sermon, a dull sermon produces a dull congregation," he said in his annual pastoral conference of the Atlantic district of the United Lutheran church yesterday.

"A preacher should keep physically fit—get a good sleep—Saturday night" he counseled.

Kitchen Secret

NEW YORK—Hotel men showed something new today—"restaurant" guaranteed to soften his toughest steak—and then explained it wasn't really new at all but centuries old.

At the banquet guests were told that, for ages have used the "tenderizers" a liquid extract of the fruit of the castor beans plant which softens the tissues of the meat within a few minutes. It was included in the national hotel exposition.

Nature's Airliner

WILLIAMS LAKE, British Columbia—The bird that kills it—A Canada goose also killed a passenger—a humming bird traveling with the soft feathers of the larger bird.

Ornithologists say it is common practice for humming birds to slow away, and frequently when the great are brought down the small creature darts away from their crashing air.

The Governor Has Put Up a Good Fight,' Observes Mrs. Alf Landon

TOPEKA, Kas., Oct. 27 (AP)—"It is alternately serious and smiling, Mrs. Alf M. Landon discussed today her husband's bid for the presidency and the possibility of a week from today might find her the nation's chosen first lady.

"Of course, I'm anxious. The strain and the possibility of a week from today might find her the nation's chosen first lady.

In English Divorce Court

MRS. WALLIS WARFIELD SIMPSON, friend of King Edward VIII of England, whose divorce decree granted after a brief hearing in America court at Towhee leaves her free to marry again, 15 days before the king's coronation.

King's Woman Friend Gets Speedy Divorce

English Court's Decree Leaves Mrs. Simpson Free To Wed Again Next April

(By The Associated Press) BRIGHTON, England, Oct. 27.—Wallis Warfield Simpson, port blue-clad friend of the king, received a 17-minute divorce today—and with it leave to wed a third time six months hence.

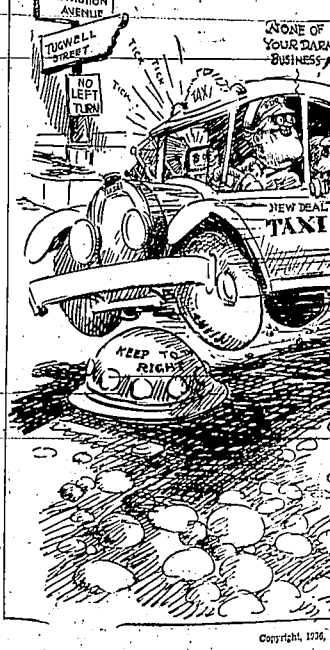

It was the world's turn to wonder whether the man she marries next—if she does wed again when her decree becomes absolute April 27, 1937, will be his most excellent majesty, Edward the Eighth, of Great Britain.

May 12—fifteen days later, Edward formally is to be crowned, unless the plans are changed.

Mrs. Simpson's freedom was granted in a little sky-lighted court of Ernest Aldrich Simpson, former Coldstream guard's officer she married eight years ago. There was no contest; the co-respondent went unannounced in open court.

No one did Mr. Simpson face the spectators and newswriters. When it was over and the court had been held against Simpson, her big black coat rolled out of the guard's courtyard behind the old court-house, past motor gassing behind British bay coaches at the point quickly dubbed "Simpson's" and on over heavily patrolled roads, to No. 18 Cumberland Terrace, London.

IDAHO GRANGE HEAD STRIKES AT SALES TAX

W. W. DeWalt Urges Members of Farm Organization to Work for Decisive Defeat of State Levy on Buying

(By The Associated Press) BOISE, Oct. 27.—Eight hundred representatives of Idaho's 12,000 grangers played tonight after hearing W. W. DeWalt of Shamp, state master, deliver a scorching denunciation of the 2 per cent retail sales tax act.

DeWalt urged members of the organization to "become workers on election day to see that this tax is so overwhelming defeated it cannot be re-enacted."

He predicted a resolution will be passed tomorrow or Thursday condemning the law which will be subjected to a statewide referendum vote November 2.

The act has produced approximately \$1,000,000 for the schools since it became operative March 29, 1935.

Most of the tax has been devoted to degree work in secret sessions and tonight the delegates from the 200 Granges in the state met at the annual banquet of the organization.

The legislature gave us the best law they could under prevailing sentiment two years ago, yet it is common knowledge that enforcement is lax.

Drunkens Drivers

"Drunkens drivers on the highways are ever increasing menace and the accident toll which caused 36,000 deaths last year in this nation should be a teacher of the stern reality of the death dealing, character blighting crime of careless driving.

"Dishonest laws must be more strictly enforced and the enforcement officers must be held to a far stiffer standard in the future if Idaho does not want to be abandoned by the tourists and, her own lives placed at stake.

"The most serious toll is out of proportion to the population—and demands active, intensive and everlasting enforcement, engineering and education."

Sail Conviction

DeWalt returned to the federal soil conservation act as "most commendable act and deserving of the thoughtful support of all farmers."

Idaho vital statistics bureau records showed 16 persons perished in the state in motor accidents in 1935.

DeWalt stated somewhat in the evening.

They reached velocities as high as 80 miles an hour over England and Scotland, with seven aboard had not been heard from hours after it had finished a distress signal.

A crew of six men were detected through a hurricane in the North Sea. Coast guards, after vainly trying to haul their boats in the stormy seas, were unable to respond to most of them.

Seventy ocean-going steamers were ordered to the life buoy.

The Great Western was forced to return to Portland after suffering a storm when it started on a scheduled trip to South America with 22 passengers.

President's Wife Chooses New Gowns

NEW YORK, Oct. 27 (AP)—Franklin D. Roosevelt was fitted for new gowns today—and when she left, the shop she walked down the street with a package under her arm.

Among the gowns for which she was fitted was a black and white marquisette bertha flowing to the floor, with a high collar which she will wear to the White House Friday night.

The others were a navy blue satiny gown dinner gown, embellished with small stars of navy blue beads and bead-length, with choker sleeves a silver wire formed evening gown with jeweled straps placed diagonally at the neck, and a simple red crepe afternoon gown, with its knee-length tulle bordered in quilted fabric flowers.

Rebels Seize Five Towns In New Advance Close To Goal At Spanish Capital

Britain's Lord Plymouth Target For Soviet Press

MOSCOW, Oct. 27 (AP)—The Soviet press, on the eve of the forthcoming Leningrad meeting of the Spanish non-intervention committee, tonight unveiled a heavy barrage against the committee chairman, Lord Plymouth.

Lord Plymouth the authoritative Francis said: "was a 'simpleton' and the committee may try to continue the 'comedy of non-interference.'"

If it does, the newspaper warned, it should not hope for Soviet participation in London when representatives of Germany, Italy and Portugal deny violations of the agreement.

Portugal Threatens Neutrality Line-Up

Lisbon And Moscow Disturbing Elements In Europe's Non-Intervention Committee

(By The Associated Press) LISBON, Oct. 27.—Portugal tonight served notice on the international "hands-off Spain" committee she retains the right to withdraw from it at any moment.

Members of the body, she pointed out she joined the committee on the understanding that the committee's own rules would be observed.

Portugal's new note came at a time when the member nations of the committee had two new worries on the eve of the 10th anniversary of the 1926 revolution.

Windstorm Takes Toll Of 24 Lives

1. Portugal's recognition of the Spanish insurgent provisional government, recently reported, and

2. A new Russian note charging Italy, Germany and Portugal with additional pact violation.

Russia on Defenses

Russia, who thus far has made the most drastic tonight was placed on the defensive and felt obliged to reply to counter-charges from the three signers nations also originally signed the pact.

Russia's note was to have been delivered at a session of the committee today, but was postponed because of a 24-hour postponement of the meeting.

Britain steered clear of the Portuguese charges today with authoritative assurances declaring the fascist government set up in Spain has not yet formally asked for British recognition. Those assurances were said Portugal, which last week averred nations with Madrid, already had recognized the insurgents.

Roosevelt Guesses On Election Result

WASHINGTON, Oct. 27 (AP)—Talking with reporters, President Roosevelt disclosed today he had made a guess on the outcome of next Tuesday's election—one last winter, the second in the spring, and he should a doubt a guess.

But he said they were seceded in an envelope in a White House safe and no one could see them, at least until after November 2.

He said he might make a fourth guess the night before election.

Hopkins Asks Court To Protect Records

WASHINGTON, Oct. 27 (AP)—Harry L. Hopkins, works for the federal district court yesterday to deny New York Republicans access to WPA records and records on the ground of inspection would be for political purposes.

Resisting retroactive or waste for the mother's marriage most fantastic, lawyers were asking somebody tonight to explain what a baby is, anyway.

This important detail had been more or less taken for granted until inquiry showed perhaps premature births mean the bulk of the WPA records was desired to check diversion of funds from relief to political purposes.

Justice Joseph W. Cox did not rule on the Republican request, merely receiving Hopkins' answer.

Outcome of Stork Derby May Hinge On Interpretation of Word 'Baby'

TORONTO, Oct. 27 (AP)—Just to confuse the matter most fantastic, lawyers were asking somebody tonight to explain what a baby is, anyway.

KNOX CALLS LABOR MEASURES UNSOUND

Vice Presidential Nominee Makes Security Act Special Target

DAYTON, O., Oct. 27 (AP)—Colonel Frank Knox, Republican vice presidential nominee, told Ohio labor last night "the best interests lie with the Republican party."

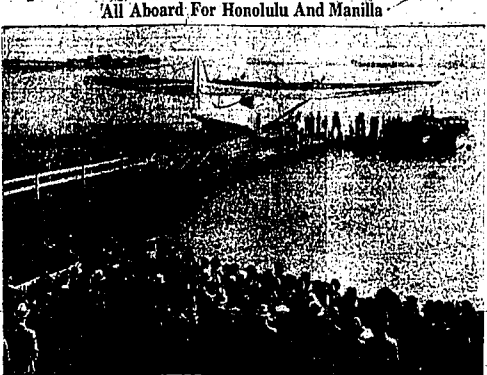

"Only unconstitutional or unsound features, Knox said, have been given labor by the Roosevelt administration. He held up the prospect of "a look for all" and "real recovery" under a labor-Knox regime.

"Recovery is on its way," the Chicago said in an address prepared earlier here. "But if it is still bogged down by fear and uncertainty and debt and taxes."

"Real and final recovery will begin a week from tomorrow, when the people throw off the weight of federal interference with freedom of enterprise, when they elect Alfred M. Landon."

"And the one who will benefit most from the restoration of free enterprise will be working man."

"The social security act, the fixing of farm labor and domestic help, the raising of the minimum wage, the Cullery act, all were included as Knox attacked the administration's labor record."

At the Idaho Theater

Jack Benny and Ted Hiley are featured in M.G.M.'s laugh riot, "He's in the Air" with Una Merkel and Nat Pendleton. This is the picture that has been chosen to show a return engagement at the Idaho theater today and tomorrow. The program is completed with a musical played by Don Becker and his orchestra and the latest news flashes.

'THE GREAT ZIEGFELD' CONTINUES TWO DAYS

Heralded by all Twin Falls as the "greatest show on earth," with a cast of 205 speaking roles, 200 different American beauties and 5,000 extras topped by the stellar triumvirate of William Powell, Myrna Loy and Lubo Rainer, "The Great Ziegfeld" Metro-Goldwyn-Mayer's giant entertainment will be held over at the local Orpheum theater for an additional two day engagement, closing Thursday night.

"The film story of Florenz Ziegfeld covers every phase of his career from the time he first exploited Broadway, "Strenght Man in the World," in the 1920's world's first up to the time of his death. The musical numbers are possibly the most dazzling ever conceived either for stage or screen. Staged by Guy M. Elmer, formerly Ziegfeld's dance director, they include the beautiful "American Girl Circus" number, featuring Harriet Hector in a daring original ballet; the "Old Bouquet" number, featuring the spotted American girls and Ray Bolger. Also, the "Voo" number, featuring the charming dancing girls on the Ziegfeld Roof; the "Honey-moon Cottage" number, again featuring the girls; the "Pretty Girl is Born" number, featuring Virginia Bruce and a parade of the most gorgeous Adnan costumes ever designed and the "Pinule," a breath-taking panorama of music, song, beauty and spectacular stage sets.

Billion in Taxes

Making the social security act his special target, he did call the day during a tour of Ohio cities, Knox said it would take billions in taxes from working men and make them the slayers of "federal bogging."

Knox took a man 35 years old, earning \$4 a day for an illustration. For 30 years, the worker would pay \$4 a year, Knox said, although he will be needing his wages for a growing family. And then if in the age of 60, he will get a pension of \$8 a day. "I have no quarrel with a government that tries to promote social security," Knox said. "But the government that does not know what it is doing."

The candidate's speech in this industrial city climaxed a final day of intensive campaigning for Ohio's electoral vote.

CLARK QUINIES 5-POINT PROGRAM

Democratic Nominee for Governor Addresses Jerome Audience

JEROME, Oct. 27.—Barbara W. Clark, Democratic candidate for governor, outlined a five-point program which she said, "will build a greater Idaho through farm-market roads, developing the south-eastern Idaho's phosphate beds, conservation of natural resources and development of areas previously by the state."

"I decline to discuss personalities in this campaign, even though I am general and varied have been made upon me," she declared.

"According to me the opposition my biggest sin is being your candidate who wants to build a greater Idaho."

responsibly — without fireworks and without showmanship. It will call for the simple virtues of honesty, integrity, and a government can long endure.

"But the task can be performed. I shall devote myself to this task with all the energy and determination that I possess. As chief executive, I intend to have good government."

London spoke at the close of a day spent conducting his hotel audit. His special train arrived at 8:15 a. m. (EST) but the governor did not get into his hotel until 10:30 a. m. Senator James E. Davis and former Senator David A. Reed greeted him at the station.

Taylor at Harrison. HAZLETON, Idaho, Oct. 27 (AP)—The Republican party "do-nothing" theory "which forced millions of hungry American citizens out of their homes and into the streets" is more to advance Communism than all the red propaganda ever sent into this nation from the streets of Moscow.

J. W. Taylor, Democratic candidate for attorney general, told a political rally here tonight that "Roscoe" is the first president to recognize that something must be done for the common people."

"Mr. Hoover tossed his billions of FBI funds into the Daves, Mellon, Dupont and other families to keep them from their wild squabbles of Wall street gambling and not one dime ever reached the people of the street, in his district and on the farms."

"Governor employs have been forced into the ranks of a national political machine headed by the president and his political advisers — a machine organized by the president's campaign committee, supported by public relations agencies and controlled by the president's power of appointment and removal. And this is not good government."

Chairs were the Kansas here. References to Mr. Roosevelt and Farley repeatedly were booted by the crowd.

In rapid-fire order, London told his listeners both in the hall and throughout the country.

The new deal went "hog-wild" in adding new agencies and accumulating "new powers" to the federal government. "What's new" and "40 corporations" the candidate said.

Broken Promises

In "disfranchisement of the president's promise," it tripled payroll to make 32,000 jobs available instead of 100,000 and supply "more than twice as many" jobs as the president had ever had in this country.

The federal payroll was boosted \$300,000,000 "for this political year" twice as big as the regular payroll.

The proportion of civil service to all executive employees declined from 50 per cent in 1933 to about 30 per cent today.

STEPHAN DEMANDS STAND ON ISSUES

Republican Nominee for Governor Challenges Opponent

RIGBY, Idaho, Oct. 27.—Frank L. Stephan, Republican candidate for governor of Idaho, tonight demanded that his Democratic opponent, Frank Bingham, Republican candidate for governor of Idaho, discuss the issues.

Speaking at a Republican rally here, Mr. Stephan said he had planned to have the entire campaign stand upon each and every question and issue. The voters of Idaho are entitled to it, and "any man who seeks the high office of governor should have the courage to do this."

Time to Take Stand

"My opponent is not making upon these important questions, and it is time that he cease being evasive and take the people of the state where he stands upon all these issues."

Flashy Footballers Compete For All-America Honors

Kid Cannon Decisions Stan Birrell In Thrilling Ring Battle

Top-Ranking Teams Rely On Abundance Of Reserve Power

Minnesota Machine Boasts Many Inter-changeable Parts, With Uram And Wiseth Outstanding Stars

NEW YORK, Oct. 27 (AP)—This week's all-America football roundup, based upon country-wide reports to The Associated Press, offers the most striking proof thus far that concentrated manpower, rather than individual brilliance, is the main answer to gridiron success. Top-ranking teams, of course, are the ones that are being steadily toward the use of offensive or defensive specialists, kicking or passing stars, in a scheme of operations calling for talent two or three deep in each position. Andy Uram was the flashiest of Minnesota's flock of ball-handlers as the Gophers' star, but his twenty-first consecutive triumph but Purdue's gallant charge, led by brilliant Earl Bickel, crumpled finally under steadily increasing pressure, exerted by fresh manpower. Added from a back who has a particularly big career, a lineman such as Co-captain Ed Wiseth, at such, Minnesota's individual goes amp in and out of the machine so rapidly that it is difficult to detect any particularly glistering parts. Marshall Goldberg captured the headlines in Pittsburgh's crushing defeat of Notre Dame but the Panther forwards, led by two stars, Ed Miller and Danzell, cracked the Irish resistance.

Risiko to Battle Terrific Puncher
Young Harry Balsamo Steps -16 of 20 Professional Opponents
NEW YORK, Oct. 27 (AP)—Fights followers expect to get a real line on the punching ability of young Harry Balsamo when the best-selling pugilist goes to the post against Eddie Moran at the Hippodrome tomorrow night. Their ten-round bout will head-line the first half of a double-billed boxing program which winds up in Madison Square Garden Friday night. Balsamo, a terrific puncher with 16 of 20 professional opponents. Although no great shakes as a hitter, Risiko is figured by the man to test Balsamo. Despite his knock-out by Jack McVey, British heavyweight king last winter, the Syracuse brawler, former middleweight champion, proved his can take plenty of punishment by withstanding six rounds of mauling from Frank Battaglia, Freddie Steele and Paul Pirron, three of the sharpest punchers among the middleweight class. Balsamo's manager, George J. Williams, well-known center, and Jimmy Zammit, New York's No. 1 candidate for Barney Ross' crown, are the men at work for their fighter. Balsamo has agreed to defend his title against the former November 27.

Dizzy Dean Not On Trading Block
Rickey Willing to Consider Offers For Pitcher or Any Other Cardinal
ST. LOUIS, Oct. 27 (AP)—There isn't any ball player so good he wouldn't be traded if his club thought it would benefit by the deal, and Branch Rickey, vice president and general manager of the St. Louis Cardinals, said today that he is willing to consider offers for pitcher Dizzy Dean, the team's star pitcher. Rickey admitted that in the past he would have refused to consider an offer for him. Now, however, we feel that we might trade him for "player strength of equal or greater value." That does not mean, Rickey pointed out, that Cards have put the pitcher's right-hand on the trading block. It means "if some other club makes an offer for him, it is our policy to consider it, not to say no without finding out what is offered."

Experts Vote Unanimously For Minnesota As Nation's Outstanding Eleven
NEW YORK, Oct. 27 (AP)—Without a dissenting voice, Minnesota's Gophers have been nominated as the nation's No. 1 college football team in the weekly ranking poll conducted by The Associated Press. Forty-four experts participated in the poll and agreed unanimously that the powerful Gophers deserved the top place on the list. Pitt's Panthers, routing Notre Dame, 26-0, in an amazing show-of-strength that rivalled Minnesota's 33-0 trouncing of Purdue, moved up from ninth place to second, although Northwestern's Wildcats and Washington's Huskies gave the Panthers a taste in the balloting. Duke, which had been ranked second, was bumped down to sixth place as a result of its defeat by Tennessee. Notre Dame, rated No. 7 last week, fell close out of the rankings in a first round.
