Secretary Perkins Forecasts 'Early End' of Shipping Tie-up; Government Starts Move to Relieve Hawaii

(By The Associated Press) SAN FRANCISCO, Dec. 5.—Thousands of maritime strikers paraded up and down the city streets today in another bid for public support while Secretary of Labor Frank P. Perkins today urged an "early end" to the ship tieup and other government officials started a movement to relieve Hawaii.

Two hundred longshoremen, a like number of women and 70 children headed the parade which occupied the city's main thoroughfare for more than an hour.

Secretary Perkins in Lincoln, Nebraska, did not state the basis for his prediction of an early end to the tie-up but said "concrete" agreements have been made on both sides which have not been termed it a "very satisfactory strike."

In Washington Interior Secretary Harold I. Phillips today is sending flood-aid ship to strike-bolted Hawaii, where Governor Joseph B. Eastman reported the situation "becoming serious" and the need of certain supplies.

Pondered related previous reports of the situation in Hawaii. (Continued on Page 2, Col. 1.)

ADDITIONAL FUNDS AVAILABLE TO WPA

Unallocated Work Relief Money Reported by Treasury Officials

WASHINGTON, Dec. 5 (AP)—The existence of a "back log" of unallocated work relief funds, which might be used to carry WPA activities well into February if the new congress is slow in voting additional money, was disclosed today by treasury officials.

The information came as WPA officials went ahead with plans to curtail payrolls and make the fund available to \$77,000,000 more, but as long as possible. They have estimated this would be exhausted January 25, if congress appropriation legislation of the organization by that date.

In addition to the sum at present available to WPA, the treasury officials said, \$7,000,000 of the current work progress appropriation still is unallocated to any agency.

To Other Bolls

These developments closely followed an unsuccessful effort by the United States conference of mayors to persuade officials here not to curtail work relief at this time. The mayors also have appeared by cable to President Roosevelt, relating news from the all-American peace conference in South America.

The mayors have issued a general economy order which it hopes will result in removal of approximately 425,000 persons from its rolls.

The economies are to be effected by transfer of 250,000 drouth victims to the rural rehabilitation division of the resettlement administration; general combing of the rolls which WPA officials say they hope will remove about 150,000 employees who have other sources of income, and dismissal of 20,000 non-relief workers and 5,000 administrative employees.

CONVICTED WOMAN DENIED CLEMENCY

Warden's Argument Unavailing for Release of Lyda Southard

BOISE, Dec. 5 (AP)—The fate of Mrs. Lyda Southard, 41, who was convicted of poisoning one of her six husbands at Twin Falls 15 years ago, was voted today into the hands of the incoming pardon board which meets January 6, 1939.

The board, whose members have served four years, granted at its final session six commutations, eight pardons, and five continuations. There were five denials.

A personal appeal by Mrs. Southard and a recommendation by Prison Warden Ira Taylor that her minimum sentence be fired by the board failed.

Mrs. Southard reviewed her case, told the board she was not guilty of the offense with which she was charged and asked to be released "so I can get out and go to work."

She was received at the prison in 1921.

Disregard of Rule
The woman Taylor declared, "has served several years more than the minimum sentence—aid her retention in the prison is disregarded by the board of the rule applied to other applicants for clemency—release at the expiration of their minimum sentence—has time for good behavior."

Said Attorney General Bert H. ...

"Had the committing judge or the jury been convinced she should remain incarcerated, she would not have been here, they would have done so at the time of conviction. But they left the matter up to the pardon board."

Director of Prisons
Governor C. Ben Ross, chairman of the board, commented:

"I don't believe that ever before, the state might go out and commit similar crimes again."

The vote for continuation was approved by the governor, Attorney General Miller and Secretary of State Franklin Girard, the third member.

The board denied the application of Dave Hoagland, 71, Valley county, who was received February 21, 1921, on a charge of murder for which he was sentenced to life. His sentence was commuted to life in 1924. He shot a man to death during to quarrel.

Governor Ross alone voted against denial, urging the fixing of a minimum sentence.

The incoming board to be composed of Barilla W. Clark, governor; J. W. Taylor, attorney general; and Ira Masters, secretary of state.

"Blacky" Miller Denied
The board also denied the application of Walter Mathis alias Walter "Blacky" Miller, who pleaded guilty to a murder charge in Cascade county and was sentenced March 27, 1928, to life imprisonment.

Governor Ross observed:
"Investigation discloses that he probably took the rap for a woman; he has a fine prison record."

Other denials were Lawrence Botcher, morris, Blaine county; Sam Myers, Nez Perce county, murderer, life sentence; Riley O'Brien,

CONVERTIBLE STORM CAP IS GIFT ANY MAN WOULD GO WILD ABOUT

With fond memories of the last few years, and some not so fond, we foresee a cold winter and hence numerous foot-licker cars and noses, just for those who have to be out-of-doors a great deal in winter, we design a way out, and here it is.

This cap looks like a hunting cap when it is folded up, but when the wind starts settling on and taking liberties with your ears, look out! Down to that only your face or even only your eyes are uncovered. Best of all, you fold the storm cap generally gets inside your collar.

So, to you who live in the country and need to carry the storm cap to your work, begin this now for his Christmas, and he'll be all set for the very worst when winter comes.

The pattern envelope contains complete, easy-to-understand illustrated directions, with diagrams to aid you. Also what needed and what material and how much you will need.

To obtain this pattern, send for No. 387 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address: Needlework Art Service, Co. Twin Falls, Idaho, 149 New Montgomery St., San Francisco, California.

Coaches, School Officials Adopt Basketball Schedule Cannon And Pierce Sign For Headliner In Twin Falls Arena

Class B's Members Vote Against Plan To Merge Tourneys

Attempt To Combine Leading Teams Of A And B Groups Failed At South Central Idaho District Meeting

Southern Idaho's 1936-37 basketball season in South Central Idaho got off to a flying start yesterday afternoon when coaches and school officials of the district assembled in annual parley at Twin Falls high school to set the ball rolling.

Attempt of the Class A schools to combine the cream of the district's class A and B hoop talent into one district was defeated when the B class meeting voted almost unanimously to retain their separate tourneys as former years.

Wood River, King Hill and South Side districts set definite dates for their class B divisional tournament to be played at Halley, Glendon Ferry and Goshute, February 23, 25 and 27. The North Side district made plans to hold its class B tournament at Decatur, Idaho, February 26, 27 and 28. Plans were not yet made for the class B sub-district meet, but it was rumored that Albion, Paul and Deco were putting in bids for the venue.

During the course of the session the coaches outlined their tournament schedules and officials were qualified.

The class A district tournament will include the eight leading outfits of the district into a double elimination tournament, at Twin Falls, W. B. Smith, Twin Falls superintendent of schools, was named as tournament manager while general arrangements will be in charge of the class A board, Mr. J. A. Goshute, H. E. Roberts of Jerome and J. A. Goshute of Halley.

Plans were made at the joint meeting, presided over by R. T. Nyblak, of the three district schools and district board chairman, to conduct school for officials again this year.

Opposition To Girls' Basketball Increases

Discontinuance Of Interscholastic Competition Looms At High School

Immediate discontinuance of interscholastic girls' basketball in Twin Falls high school loomed last evening when W. B. Commission May Hand Schmeling Surprise Package

Reports Max Would Refuse To Defend Title in U. S. Reach Officials; \$25,000 Proposed As Guarantee

By EDDIE BRIZET NEW YORK, Dec. 5 (AP)—The New York State Athletic commission may wrap up a nice little surprise package to toss into Herr Schmeling's lap next week.

When the temperamental Toton arrives Thursday to complete arrangements for a title shot with James J. Braddock, he's likely to find that out-weighing a contract is only the start of the ceremonies.

If the plan of one commissioner goes through, Max will be ordered to post \$25,000 as a guarantee that if he beats Braddock he'll come back to the U. S. within a year to defend the title.

Paul Danak, German-born fight manager, who knows Max well and who introduced the fighter to Anna Goddard, boxing secretary, says Schmeling is thinking only of the glory of "Der Vaterland" in making his jistic comeback.

These reports have reached the ears of the commissioners and one of them is going to try to see that something is done about it.

Mike Jacobs, who is slated to do some of the heavy lifting, says he's the first money taken out of Max's end of the purse.

It is expected to insist that the champion not engage in any fights in the meantime, in which event Braddock probably will refuse to sign and go to the U. S. for a decision bout with Joe Louis in February.

Soldier to Meet Utah Puncher in Ten-Round Bout

Promoter Ted Primeau Announces Completion of Arrangements for Fight Card at Legion's Hall

Matching punches in what is expected to be the top-notch main event of Twin Falls' winter fight season, two husky ringmen who have emerged victorious in flatly encounters here during the past two months will headline Twin Falls American Legion's next card, to be held at Legion headquarters hall Thursday, December 17.

Kid Cannon, Fort Douglas soldier and former Twin Falls and Hildreth performer, will do battle with Aroede Pierce, fighting Utah ace, in the 10-round main event.

Defeated Birrell Cannon is well known as a rugged puncher. To win a bloody defeat, he was shown by headlining in his only start here this fall. Pierce, a slugging warrior who forsook science as he goes out to get his man, won the prize of Magic City fans when he halted Guy Nelson's comeback campaign by the knock-out route a few weeks ago.

Promoter Ted Primeau, who announced the bout last evening, declared it to be a "natural" due to the fact that Cannon and Pierce slugged out a grueling draw a few weeks ago in Utah.

Primeau has noted since that the remainder of his card was not yet complete, but predicted several outstanding preliminary bouts.

the right later to bring these players. This ruling, in spite though not in letter, relieves the much-discussed major-minor league agreement which the Cleveland club is alleged to have broken in the past.

If the majors also pass the amendment the expert says, Landis will uphold the Indians' right to keep Peller.

Dean, Feller Hold Baseball Spotlight

Club Owners And Managers Prepare To Hold Major League Meetings

NEW YORK, Dec. 5 (AP)—The baseball market shifted from Montreal to 42nd street today as officials rolled their hopes and problems south for the major league meetings.

Officially the meetings do not start until Tuesday, but most of the club owners and managers were around during the praise of players they want to get rid of.

The possibility that Commissioner Landis would declare Bob Feller of the Cleveland Indians a free agent and that the St. Louis Cardinals would trade Dizzy Dean still dominated the conversation.

A difference of "around \$100,000 was holding up the Dean-Landis deal, according to one official, at the moment Dean would be sent to the Philadelphia and when the Cincinnati Reds are willing to add \$50,000 worth of ball players to their offer of \$200,000 in cash.

As for the Peller case, the general opinion was that Landis' decision would rest on the action the majors take on the "Baltimore amendment." This amendment, already passed by the minors, permits scouts and representatives of all ball clubs to recommend players to teams of lower classification without losing the right later to bring these players.

This ruling, in spite though not in letter, relieves the much-discussed major-minor league agreement which the Cleveland club is alleged to have broken in the past.

75,000 Fans See Trojans Strike Twice To Tie Irish

Substitute Intercepts Pass And Races 100 Yards To Touchdown

Luck Deserts Notre Dame As Southern Californians Gain 13-13 Tie Before Homecoming Crowd

MEMORIAL COLISEUM, LOS ANGELES, Dec. 5 (AP)—The luck of the Irish deserted Notre Dame today and University of Southern California's Trojans struck twice on a 100-yard sprint and again on a 65-yard dash to tie the famed Green of South Bend, 13 to 13.

Seventy-five thousand fans at the Troy homecoming saw four Dick Butkus run 65 yards for the opening Trojan score. A moment later they went into hysterics when Bud Langley, a substitute half-back, intercepted a Notre Dame pass on his own line and ran the length of the field for another tally.

Coach Elmer Layden's decided favorite made his debut of smashing, battering football, and assigned the Men of Troy in top heavy fashion. Southern California made but one first down, and that late in the final period on a holding penalty against the Irish. Notre Dame made 13 and outscored U.S.C. 22 yards to 24.

"They got into Luck, they threw a moral defeat," Coach Elmer Layden said. "Headman Howard Jones tried up to his promise that the Trojans would not lose prestige in this, the seventh annual inter-sectional clash between the schools."

Notre Dame's starting team took the opening kickoff and paraded 78 yards to the end zone. Willis passing 33 yards to Denny McCormick, receiver, and Willie cut back over the line for the final three yards for the score. Pupils failed to convert.

Headmaster Jones said that the Trojans intercepted a pass on his own 20 and approved quarterback play. Schindler led off 10 yards through guard and, banking free from the line, a Danno's secondary, tossed the ball in. He was intercepted by Dick Eitzen. He grabbed it off the ground, bypassed the safety man and kicked the ball into the hands of Jim Henderson failed to convert.

Back came the Notre Dame regulars in the second quarter, reaching the 65-yard line and first down. Pupils fired a pass, but Langley, substituting back, appeared on the goal line, and, with a flourish, the sidelines, ran the length of the field for the score that put U.S.C. in the lead. Henderson's place kick for the added point was good.

In the third, Notre Dame, making a lateral, took the ball from Danborn to McCormick good for 30 yards, McCormick 88 yards in 12 plays and a 10-yard pass from Willie to McCormick.

By RUSSELL L. NEWLAND SAN FRANCISCO, Dec. 5 (AP)—St. Mary's Gaez capped an indifferent football season in brilliant fashion today with a 13-0 inter-sectional victory over veteran "pop" Warner's High and tricky Temple.

Outcome of the game traced directly to poor punting on the part of quarterback Dick Eitzen. He worked in the second and third periods but the way for St. Mary's to prevail was the result of the 23-yard punt which landed in the Temple goal.

The boys from the other side of the continent, beaten on the Olympic field by the warriors tutored by Edward "Slim" McGagan, were outscored but were far from outclassed.

They seized an opportunity early in the second quarter when the St. Mary's fumble into a touchdown and converting the extra point moved the warriors to a 7-0 lead by the fourth period.

The Temple score followed a fumble by right half Hugh Ball with the ball bouncing over the goal line when speedy left end Ed Walker fell on Bill Docherty, captain and left tackle, added the extra point.

Mid-way in the third period, fullback Maxham smashed through from the one-yard line for the initial St. Mary's score.

The point conversion failed after the last period opening, left half O'Connell kicked the 23-yard attempt to sub right end Austin who caught the ball over the end zone. Temple's last play, the quarterback Terry place kicked the extra point.

One-Touchdown Jinx Holds As Gonzagans Trim Cougars, 13-6

Spokane Football Battle Features Duel Between George Karamatic And Ed Goddard

Spokane, Wash., Dec. 5 (AP)—Gonzaga's one-touchdown "jinx" over Washington State college held for the third successive year today as the Bulldogs matched a 13 to 6 victory over the Pacific coast conference runner-up.

Sparked by the brilliant running and punting of George Karamatic, all- coast fullback, Gonzaga came from behind to tie the score in the third period and clinch victory under the annual period floodlights.

The game was a brilliant duel between two great backs. Karamatic for Gonzaga and Ed Goddard, Washington State's all- coast quarterback. Karamatic, a junior, held a slight edge over Goddard, who played the six games of his three-year varsity career.

Goddard suffered most from a slippery surface from which he could not grip a few hours before the game. "Time after time he lost his footing," said Karamatic.

The pair staged a spectacular punting duel despite a slippery ball through the air. Karamatic averaged 42 yards and Goddard 41.

Washington State scored first in the third period. Goddard whipped a 35-yard punt into the hands of all-time halfback, who dished 30 yards untouched for a score. Roger Dougherty's backfield was wide open.

Karamatic spotted the Bulldogs' 10-yard touchdown drive a few minutes later after receiving a Gonzaga fumble. He scored after a 27-yard dash to the three. His try-foot failed.

Karamatic returned a punt from the W.S.C. 45 to the 20 in the fourth period. Ray Olsen's flabby running failed during the extra point.

Statistics gave W.S.C. an edge with line first down to seven and a total yardage of 223 to 182. Gonzaga held a rushing edge, but W.S.C. gained 100 on passes to Gonzaga's 57. W.S.C. completed 176 passes out of 193; Gonzaga four out of 14. Gonzaga made the lone interception.

The highest take of the season was the 33 per cent reported from the Burtworth forest in Idaho where 100 percent were issued to take deer from the Boulder Mountain game preserve.

One hunter in the Burtworth river country bagged an albino deer, which was pure white and was said to have had pink eyes and white hoofs. All game animals were in fine condition and a number of large Fresno State's heavy Bulldogs with deer, better than in any other year.

The largest was an even 300 pounder. Its nearest competitor weighed 260 pounds. The greatest number of points reported for a deer was 9 on one side and 10 on the other, but uses not included.

METHODIST CHURCH MERGER ENDORSED

Union of Three Branches Finds Favor With Conference

COLUMBUS, Ohio, Dec. 5.—(AP)—A program of merging three great Methodist churches into one the world's largest—in the largest Protestant bodies moving steadily today toward consummation, with annual and lay conferences of the Methodist Episcopal church voting overwhelmingly for the plan.

Launched at a quadrennial conference of the Methodist Episcopal church here last May, the plan of union would merge the Methodist Episcopal, the Methodist Episcopal, South, and the Methodist Protestant churches into one with a total membership of 7,210,000.

John M. Afters, of Bangor, Maine, secretary of the quadrennial conference, said he voted so far only two of his conferences rejected the two-thirds of the church's units, mainly the program.

Only the conferences of Texas and West Texas have voted against the merger, he said.

The remaining conferences will vote between now and June 1, 1937.

Church leaders heard as the only objection to the plan was that some young members at their segregation into a separate conference would constitute racial discrimination.

Bishop Criticizes King's Private Life

UNPRECEDENTED comment was sounded in provincial British newspapers by the criticism of King Edward's private life, including his friendship with Mrs. Wallis Simpson, by Dr. A. P. Blunt at the conference of Texas and West Texas have voted against the merger, he said.

The remaining conferences will vote between now and June 1, 1937.

Church leaders heard as the only objection to the plan was that some young members at their segregation into a separate conference would constitute racial discrimination.

Wings for Sally

by BAILEY WOLFE

Continued From Last Issue

SYNOPSIS: Despite the engagement of attractive Sally Warren, society editor of the Warren's Courier, to Terry McLaughlin, the blond aviator, her twin brother, Warren Terry and Sally's pretty headstrong younger sister, Tip, of Twin Falls, returning to his boyhood home, buys the Courier and backs the workmen of the town mill in their fight for better homes. He quietly admires Sally, Terry, despised to leave for a South American job in which he is released from his engagement by Terry, but before he can tell Tip she disappears.

Chapter 20
Scouring The Town

When she reached home, Sally found her stepmother in the living room, weeping over the telephone director, which she was searching for some of Tip's belongings. "I called your father," said Mrs. Warren. "And Ray it out with you Morris, looking for a house something happened to her. I just know it. She never did anything like that."

"Don't you fret, Mother," Sally comforted. "She's probably spent the night with her father and sent me a message which someone forgot to deliver."

"That's just the way," Mrs. Warren said. "She's not a bad girl. She wouldn't treat me this way on purpose."

Sally was moved. She had never seen her stepmother cry but once before, and that was when Ray had been over and the doctor had given him up.

"If anything had really happened to Tip, she'd be the first to tell me," she said practically. "It's a good sign that they heard nothing."

"That's true," said Mrs. Warren, taking heart. "I called the Morris and they haven't been home yet. I'm nearly crazy. I can think of a thousand things that might have happened to a young girl—"

"Don't let yourself imagine things," Sally's voice was sharp. She was remembering how she had looked when she left her home in the morning. Tip had been so nervous. She herself had been angry and said what she thought for the first time in her life. She had said that she was going to find a job for herself. For the first time since she had been called, it came to Sally that she had been the cause of Tip's disappearance. She had said that she was going to find a job for herself. She had said that she was going to find a job for herself.

FRANCE PLEDGES BRITAIN, BELGIUM

Foreign Minister Promises 'Military, Air and Naval Aid to Nations'

PARIS, Dec. 4 (AP)—Foreign Minister Yvon Delbos Friday promised French military, air and naval aid to Great Britain and Belgium if they are attacked without provocation and at the same time held out the olive branch to Germany and Italy.

He also told the chamber of deputies, that France soon would propose to Geneva a practical plan for reduction of armaments which will include provisions for publicity on military expenditures and limitation of air forces.

Determined to defend France, Democratic nations of the world, Delbos asserted, are unanimously determined to defend peace with all their energy and force against those who menace it.

France harbors no animosity against any country however, he added, and hopes for rapprochement with Germany and improvement of relations with Fascist Italy.

France-Italian relations, somewhat strained during the Italian Ethiopian war when France applied sanctions, have become less friendly with Italy's completion of peace with Germany and her recognition of the Spanish Fascist government. The sympathy of the French leftist movement for the Spanish government defenders.

Communist deputies launched a sharp attack on the government's policy of non-intervention in the Spanish civil war, asserting it increases the danger of a general European struggle.

YOUTH FREED OF ASSAULT CHARGE

Jury Acquits Raymond Netz of Criminal Liability in Jerome Trial

JEROME, Dec. 5.—Partial defence of Raymond Netz, 20, was used as part of the defense testimony that saved him Friday from a criminal charge of assault against Theodore Schultz, whose jaw he broke by striking and fracturing October 27. Henry M. Hall represented the defendant, and Frank Reiling, the state, in the district court trial before Judge T. Bailey Lee yesterday. The jury returned the verdict of not guilty early this morning.

"Because they are unable to understand what is said around them, the deaf and dumb are inclined to be irritable and slow of perception," declared Dr. P. C. Potts, director of the state school for the deaf and blind testifying as a defense witness. Netz attended the Gooding Institution.

In Bed Fit
 At the time of the alleged assault, the two principals were in a beet field owned by Thomas Schneider, who was directing the beet tugging. Witnesses testified that Schultz had been a gallon away from the beet tugged by the two across would surpass 30 tons.

Schultz declared on the stand that he was not looking at Netz when he warned young Netz, one of the workers, that so much of the beet tops were being cut off he was in danger of losing his bet.

Witnesses agreed that Netz threw aside his post and beat Netz and struck Schultz twice upon the face. Schultz testified that he could not say for three weeks because of inability to move his jaw and that the pain he suffered interfered with sleep.

In behalf of Netz, evidence was introduced to show that the young laborer was only exercising his right of self-defense.

Successful Pupils
 Miss Margaret McLaughlin, principal of the deaf and blind school, declared the youth to have been one of her best behaving and most successful pupils.

Edward Netz, father of the defendant, testified that his son was quick to anger, and Matthew Schneider of Parma, one of the workmen, declared on the stand that Schultz had waved his arms in a menacing manner before the blows were dealt.

Henry Polman, probate judge, and Emmert Smith, deputy sheriff, state witnesses, told that the words of Netz after the alleged assault were that he had "had it in for Schultz for the past three years."

Other state witnesses were Richard Fisher, Charles Fisher, Ed Fisher, Henry Fisher, Edward Wolfers and A. W. Doctor, all workers in the field and Dr. Edward T. Reed, who treated Schultz.

HUNDREDS HERALD SANTA'S ARRIVAL

Youngsters Crowd Downtown Area; Gift Candy Is Distributed

Several hundred Twin Falls children crowded the intersection and near vicinity of Main and Sherman streets Saturday morning, 10 o'clock to bid Santa Claus a rousing welcome to the city.

Starting with a truckload of candy, explained lack of snow forced him to abandon his plan of bringing his annual reindeer to Twin Falls. The occasion was none the less popular, as Santa, accompanied by local Boy Scouts and P. O. Thompson, secretary of the Chamber of Commerce, distributed hundreds of various colored candy canes.

City police blocked off the area to automobile traffic as a precaution that none of the children would be injured in any mishap.

Willie Willis

That new kid never gets tired. He says his folks saw radio him on 't'wos, but I don't see how they can see a guy like that.
