CHICAGO FANS PIN HOPES ON LITTLE EDDIE CICOTTE

Star White Sox Twirler Has More Than Twenty-five Victories in His Credit—Hard Rough Road to Fame

NEW YORK, Sept. 23.—With more simplicity and pluck than any other twenty-five victor to his credit, Little Eddie Cicotte has become one of the stars of the White Sox pitching staff this season. In 1917 he won sixteen and last year he won twenty-five games with Chicago, and the ball will enter the world's series following year his pitching against Cleveland carrying the hopes of Chicago fans on its shoulder.

Cicotte, the veteran, the wizard, the marvel of the American league fans, during these two seasons. With the aid of the leading candidate of the Chicago contingent for the role of world's series hero this fall. With the first water, the wonderful work Little Williams will be depended upon to carry the heavy end of the burden of tar and bark the longer, the better of the Sox, and as he is a better pitcher than ever before, the Chicago fans are confident that he will do what is expected of him.

To add Cicotte's career in the big show is to marvel. Unlike the average pitcher in any class of baseball, Cicotte grows better with the longer he plays. He celebrated his thirty-fifth birthday on the 10th of last June, and if the American league season could last long enough he would have secured a victory for each of his years. Like Matty, Cy Young, and other great pitchers who have made their mark in their league when he was a pitcher who won a majority of the games by the use of gray matter in conjunction with his skill. FROM THE PRESS BOX JUG

We still think that the White Sox will win the world series but it must be admitted that an unusual set of circumstances, for and against has been played in their path. Fanny Feller has picked the Red.

Let this fact sink in deeply, you who have entertained intentions with respect to the outcome. The Hurley matter is about the easiest judge of baseball that it has been our privilege to abuse. Ever since his vote decided the 1911 election in favor of the Boston Braves he has been laying a subtle trap for the winter each year.

Fanny says it is the Reds, although we know that isn't true, still when we heard him say it we realized that the Reds at that moment became a team to one shot. If the White Sox know what we know about him they would give up without playing the series. But they are thankfully unaware and so will go ahead and kick the Red, without knowing the odds against them.

But it is really discouraging to have your nerve almost worked up to the point where you would be almost willing to bet, take a little chance, and then have a sure shot like this umpire step up and pull the props away. Of course the Sox are going to win but who the league would bet on them under the circumstances.

Fanny admits just one chance of slipping up on his selection of "fat" course," he says "this is just supposed to be between the Cincinnati and Chicago boys. Now if this is true, what we hear about Chicago, going to have a real battle."

SECOND GAME FOR PENNANT COMES TODAY

Burley and Rupert Battle Over State Baseball Title This Afternoon

(Special to The Times). BURLEY, Sept. 23.—With perfect record attendance, Rupert and Burley faced each other here this afternoon in the second and possibly deciding game of their most exciting series for the league championship, which carries the state title with it. Burley already has one victory to her credit and another today would clinch the pennant. If Rupert wins, a third game will be necessary, interest in both cities is at its peak and each will be strongly represented in the stands.

After, ex-club league pitcher, who start in the box for Burley with Rogers in his usual place behind the plate. Melvor has recovered from a light illness that allowed him to be replaced by Rupert, and Paul in his place against them, and is expected to show the form that he displayed in beating the Hurley, during a short time ago.

For credit and another today would clinch the pennant. If Rupert wins, a third game will be necessary, interest in both cities is at its peak and each will be strongly represented in the stands.

IDAHO'S FOOT BALL OUTLOOK IS MORE ROSY

But No Claim Is Being Made to the Conforde Ohamplionship by Bleasmaster

(Special to The Times). BOONVILLE, Sept. 23.—One week of practice has taught Coach W. C. Bleasmaster's University of Idaho gridiron candidates several football essentials and has developed the fact that men who were in the service have lost none of their football capabilities, but neither the coach nor his most ardent adherents have laid claim to the northwest title.

Work on the lacking dummy featured the training grid of Friday and Saturday. Body checking has been emphasized more than actual tackling, as many of the men have not yet been equipped with shoulder pads.
Felis Mastino, a sturdy lineman of Crockett, who had not been expected to return to college, probably will suit in his appearance about October. Mastino recently has been discharged from the army after serving as an artillery recruit (Italian) and it is believed that he will be in condition about the reports.

BROTHERS ARE IMBEZZLERS
PORT WORTH, Tex., Sept. 24.—L. E. Smith and A. E. Smith, brothers, were charged today with embezzling \$10,000 of the funds of the bank of Bradensona and the Sipes Springs bank, a short distance west of this city. Both banks have been closed. The brothers were employed in the bank.

Make a Name For Yourself

The young man who can not save money is doomed to go through life unknown and unsuccessful.

The man who does save shows that he is boss of himself, and ready to assume other responsibilities that may come to him.

Saving means more than having just so much money; it means building character, winning the respect of others and being able to grasp opportunity when it comes. It means making a name for yourself.

Start now. We'll tell you how. Ask us about it.

PITTSBURGH, Pa., Sept. 24.—Party addition to the progress of the Pennsylvania state constabulary arrived here during the night to reinforce the twenty-five already here in suppressing the riots which have already caused three deaths and many injuries in the steel strike. They came from Clairton.

Through the streets were being patrolled. It is said that a house to house search will be made for weapons in the foreign quarters of the constabulary.

The tail of last night's rioting was a woman dead and one man and a woman severely injured.

No; Schilling Tea doesn't make 400 cups to the pound. Nobody's does, unless you use tiny cups and make the tea weak.

We don't like to say how many cups a pound of Schilling Tea will make. Some people use large cups, some small. Some like their tea weak, some strong.

We'll say this: Schilling Tea makes more cups to the pound than any other tea we know of.

There are four flavors of Schilling Tea—English Breakfast, Orange, English Breakfast, and one quality. In packages of 100, 200, 300, 400, 500, 600, 700, 800, 900, 1000 packages.

A Schilling & Co. San Francisco

CHICAGO, Sept. 24.—Ten men—striking steel workers, are in jail here, severely beaten in the first clash between striking workers and those who refused to join the strike, at the Mark Manufacturing company plant in Indiana last night.

The fight, between 450 strikers and about 100 men who refused to join the strike, was the first serious disturbance to be reported in the Chicago district since the steel workers went on strike last Monday.

The men were attacked, according to the police, as they were leaving the plant. Several of the strikers were planning to join the strikers today, the police say, but the crowd of strikers, not knowing of the intention of the men to join their ranks, attacked them with bricks and clubs.

PHOENIX, Ariz., Sept. 23.—The strikers and mill operators are marking time today in the big steel strike. The men received their pay for the first half of the month, and, according to a list of workers sent to the various plants today getting their envelopes. The tie up in the Marquette and Niangua valley is complete.

CANTON, O., Sept. 24.—Practically all of the 1200 employees of the Canton Sheet Steel company who quit work in response to the strike order have voted to resume work Sunday. The action followed an appeal of the officials of the company.

CLEVELAND, Sept. 24.—Practically all of the 1200 employees of the Canton Sheet Steel company who quit work in response to the strike order have voted to resume work Sunday. The action followed an appeal of the officials of the company.

CLEVELAND, Sept. 24.—With every iron mill in the Cleveland district on the "dead" and steel plant operating going on in only two or three instances to a limited extent, the steel strike in the Cleveland district continues complete today.

DUFFALO, N. Y., Sept. 24.—A rumor that a concerted attack by striking steel workers at Lackawanna, where the Lackawanna steel plant, the Donner steel plant and the Hensler-Brown Iron Works are located, would be made at three o'clock this morning, did not materialize.

NEW CASTLE, Pa., Sept. 24.—After a night of peace in the strike zone and the entire city, American workers of the Simons and Gray Castles plant of the American Steel and Wire company today returned to work in greatly increased numbers.

CLEVELAND, O., Sept. 24.—Sixteen organizers of the United Mine Workers of America were today ordered to Pittsburgh by Acting President John L. Lewis to assist in organizing the steel workers of that district. This action was in response to an appeal from the national committee in charge of the organization of the steel men.

DENVER, Colo., Sept. 24.—The third day of the steel workers strike here found the men determined to remain on their work until their demands have been granted by the Colorado Fuel & Iron company, owners of the Miners' steel plant here. President W. H. Clegg and the company had no intention of recognizing the union, declaring that the plant would be closed indefinitely.

WASHINGTON, Sept. 24.—Declaring that the radical element in labor is in the middle and responsible for the calling of the steel strike, Representative George W. Dyer, according to this afternoon's bitterly assailed W. Z. Foster, secretary-treasurer of the national committee organizing the steel workers. He charged that Foster was "a labor leader" and "disqualified to be an American citizen."

Through agitators the steel strike was called, Copper said, "against the wishes of the conservative labor element." These agitators had intimidated the workers with threats to burn their homes and kill their children. These threats had been made by no foreign born workers in the mills, but to a great extent with the American born workers.

WHY PAY MORE

Why pay \$60.00 for a Coat that can be bought for \$40.00?—or why pay this extra 25 per cent to 35 per cent for such a garment today, if by waiting until the season is near over you may get it at a reasonable price? You pay \$60.00 today, a month or so later your neighbor may buy one just like it for \$40.00. IS IT FAIR?

NOW, HEAR US

Today, at the beginning of the season you pay us \$40.00 for a Coat that is worth \$40.00—should such a coat be in stock next spring your neighbor will pay THE SAME PRICE. Today, while the garment is reasonable you may have it at a fair price, and do not need to wait until out of season before the price is brought within your means by so-called "Cut Price Sales."

SEARLY BLIND BY REVOLVING COFFEE POT

REYNOLD, Ind., Sept. 24.—John Gaughan, forty two the night of both eyes when a coffee pot blew up. Gaughan and Henry Clendenen were operating a fishing and mussel shell camp and Gaughan was preparing a pot of the eyes after reaching the camp. The pot was in the third strainer as he slipped to lift the coffee pot it exploded, scalding his face and burning his eyes with the hot fluid and steam. It was believed the strainer or the pot became stopped up.

SCHOOL INCLUDES FLYING COURSE!

CLEVELAND, Ohio, Sept. 24.—Fitzgerald A. E. Reagin believes in modernization of the curriculum at East Technical High, and has announced that a flying course will be included in the course of study this fall. The flying course will be given. Ground work will be followed by flying instruction.

FRENCH SEVENTY-FIVE SHELL CALLS TOWN TO WORK

EDINBURGH, Ind., Sept. 24.—The strike of a French seventy-five shell club Edinburg to its work, sounds much like and sends it home in the evening. It's a tame shell, however, regarded to peaceful pursuit. French Law, a returned soldier, converted the shell into a whistle for a French company delivery to the new factory.

REYNOLD, MOBILE SHIP OF FARGO'S FLEET, BURNED

BOSTON, Sept. 24.—The famous old wooden warship, *Reynold*, one of Admiral Farragut's fleet of "Damp the torpedoes" built, is to be towed here from Philadelphia. Here the wooden warrior will be burned to recover the metal used in its construction. The ship was saved, its country through three military wars.

LOGANSPORT, Ind., Sept. 24.
Three watermelons, large size, were devoured by Elaine Heller in an eating contest here. Her third dropped out of the eyes after reaching the three-quarter point in the third strainer. Two and three-quarter melons were the limit, but he lipped under the wire with second prize.

A CLEAN-OUT PEACE ISSUE

Inasmuch as the senatorial factions seem to have gone beyond the possibility of compromise on the peace treaty, it is well that the controversy be taken into the open by the president and the extreme foes of the treaty.

There is now a clean-out issue. So far as the senate is concerned it seems to have become a simple choice between accepting the treaty and rejecting it.

The nation, apparently, would have been willing to negotiate a rational compromise. The nation wants to see the whole peace process cleaned up and wants to get, for itself and the rest of the world, whatever benefits are possible through an international federation.

So far as can be judged from the utterances of the American press, the public still thinks so. But if the United States senate is incapable of handling the matter in this sober, rational way, and if the "battalion of death" is determined on the extreme program now undertaken, so be it!

As between flat acceptance and flat rejection of this peace agreement, pending which the world is marking time and whose failure may plunge Europe into chaos, the public eye, as expected, is fixed clearly and promptly.

UNREPENTANT LUDENDORFF

General von Ludendorff, who commanded the German armies, and was virtual dictator of Germany the last two years of the war, has been publishing a book of reminiscences.

The achievements of our submarine crews will remain proud deeds for all time, and the country and the navy may be proud of them.

All of the stealthy assassinations of those submarine crews, all the killing of women and children, all the brutal, pitiless murder of non-combatant crews, all the innumerable disregard of civility on the part of those German crews are still fresh in the world's memory.

There is no evidence that the German people themselves, as yet, look at their war record any differently. And in spite of such evidence as this, there are those who insist on treating Germany as a country reformed and repented, which it is not to be feared now or hereafter, and it is once more to be so late with civilized nations of equal terms.

FEMINE VOTING PLACES

In some of the states where women have been newly enfranchised the election boards complain that it is very difficult to find satisfactory voting places.

These things are indeed of the ordinary old-fashioned booth. But the women will probably have their way. And possibly there will be more significance in this fussiness than appears on the surface.

It is too much to hope that, having cleaned up the voting booths, they will clean up some of the political conditions of which the old-fashioned polling place was a fitting expression.

If women only realized how much in real pearl necklace dresses the skin, instead of using powders of face cream, powder and rouge, they would spend less on that sort of thing and own some real jewels.

There is one bit of comfort, anyway. While the woman is struggling over the peace treaty, and the disgruntled laboring man is striking a whole lot of plain, everyday people are going quietly about their business. And these are they who really make the world safe for democracy.

There are several important commodities that don't cost a cent more than usual. First, instance, fresh air, sunshine, wholesome exercise, sleep, good food, pleasant conversation, library books and the music in your untouched piano.

MR. SUN'S STORY.

"Well," said the Sun Father, "you haven't been telling us a story for some time."

"I've been busy," said Mr. Sun, "but I'll tell you one now."

"What's the story?" asked the Sun Father.

"It's about a little boy named Tom who was very brave."

"How old was he?" asked the Sun Father.

"He was only five years old," said Mr. Sun.

"What happened to him?" asked the Sun Father.

"Well, he was playing in the woods one day and he found a magic wand."

"What was the wand made of?" asked the Sun Father.

"It was made of a piece of wood that had been cut from a tree that was very old."

"What did the wand do?" asked the Sun Father.

"It could do anything that you wanted it to do," said Mr. Sun.

"What did Tom do with the wand?" asked the Sun Father.

"He used it to make himself invisible and to make his enemies disappear."

"What happened next?" asked the Sun Father.

Lafayette shaved in America

When Lafayette put aside the pomp and ruffles of the French Court, and became a fighter for your liberty and mine, he fought with him his beautifully chased set of razors.

As a soldier, he realized the part they would play in keeping him fit. But after he was wounded at Brandywine, the young general found it was not so easy to shave unaided, for in spite of their sweetness of balance and true French temper, his razors lacked the common sense element of safety.

DURHAM-DUPLEX A Real Razor - made Safe

In general form, exactly the name as Lafayette's own specially balanced razor, but with these extra advantages: (1) Absolute safety, (2) Longest, sharpest blade on earth, (3) Double-edged, detachable blade, allowing you either to cut edge or a free-edged edge at a moment's notice.

ONE DOLLAR COMPLETE Greatest Shaving Mileage at Any Price This set contains a Durham-Duplex Razor with an attractive chrome handle, safety guard, stopping attachment and package of 25 Durham-Duplex double-edged blades (shaving edges) all in a handsome leather case. Idaho being chosen for the next convention.

After a pleasant and profitable yesterday afternoon, followed by a splendid banquet served by the Chiropractic Club at 10 P. M., the convention closed an interesting address of chiropractic topics by Dr. Schuyler, Chicago, dean of the National School of Chiropractic.

This afternoon the final session of the convention was held after talks on the part of the profession had been given this morning by Dr. Wheeler of Preston, Dr. D. H. Johnson of Twin Falls, Dr. Finkquist of Blackfoot and Dr. Kettering of Idaho Falls. The convention passed into history at 2:30 p. m. after passing resolutions thanking Twin Falls and the local chiropractors for the hospitality extended to the visitors during their stay here.

The following resolutions commending the system of regulating professions in the state and praising the executive of the department in charge of regulation, was passed at yesterday's session of the convention.

Twin Falls, Ida., Sept. 23, 1919.

Whereas, The present manner of regulating the various professions in the state of Idaho is through connection with a cabinet form of government and the power of such regulation is vested in the Department of Law Enforcement, and,

Whereas, The Department of Law Enforcement is in accordance with the laws of the state of Idaho which are such as will protect the general public from unscrupulous practices, and,

Whereas, The manner of conducting the said Department of Law Enforcement by the present commissioner, Robert O. Jones, and his assistant, Paul Davis, has been such as to warrant commendation from those professionals who have had dealings with the department, it is hereby

Resolved, That the Idaho State Chiropractors Association, in convention assembled, does pledge itself on record as favoring the continuance of the present system of regulating professions in the State of Idaho, and compliments those who are now in charge of the Department upon the courteous and efficient manner in which all matters touching our profession have been handled.

The Secretary of the Idaho State Chiropractors Association is directed to forward a copy of this resolution to the Chief Executive of the state of Idaho for reading at the next meeting of the cabinet.

General Admits No Army Failure

WASHINGTON, Sept. 24.—There were no great failures of the American armies in this war. They accomplished wonderful results," vigorously asserted Major General William G. Haan, chief of operations, before the house military affairs committee. General Haan commanded a division, made up of Wisconsin and Michigan national guards, which saw service on three battle fronts in France.

Representative Hull, Iowa, had said the failures of the war department were in getting supplies to the front and that, for two years in getting guns and ammunition.

"The general staff had sufficient notice to have provided the supplies. It did not do so and as a consequence there were the failures," said Hull.

"You can't get those supplies without money and it takes time to get them with money," retorted General Haan.

MICHELIN The All Season Tires

THE tires you buy at this season of the year should be suitable for use on roads of every kind and condition.

Winter, with its skiddy, slippery streets is just around the corner. Yet ideal fall driving conditions may continue for quite a while.

We recommend, therefore, the one all-season tire—the Michelin Universal.

Its broad flat traction-surface makes it ideal for hard dry roads; yet its non-skid tread is the most effective we know of for wet, icy or rutty highways.

Buy Michelin Universals for all-around service and satisfaction. They are not high-priced. Come in and let us show them to you.

The Devils Own

A Romance of the Black Hawk War
By Randall Parrish
Author of "Cavaliers," "Sheep of the Inn," etc.
Illustrated by Edwin Hyslop

SYNOPSIS.

CHAPTER I.—In 1812 Lieutenant Knox of the regular army is on duty at Fort Armstrong, Rock Island, Ill. He is ordered to take the garrison with dispatch to the mouth of the Mississippi. He meets the steamer "Warrior" and makes the acquaintance of John Kirby, the "Devil's Own," notorious privateer.

CHAPTER II.—Knox learns Judge Heustler has a daughter, Gladys, and a creditable income, consisting of a sum which the judge has disbursed. Her father is a miser and she and her daughter never having been freed from slavery under the law, although the girl has been brought up as a slave.

CHAPTER III.—Knox orders the judge to make his plans and meet at the residence of the "Warrior." Kirby's plan is to take the judge to the mouth of the Mississippi, where he will be killed. Kirby refuses and after a hot argument he and Carver throw Knox overboard. The lieutenant swims ashore and reaches a hut.

CHAPTER IV.—Knox is unconscious for ten days. He is then taken to a cabin owned by Gladys, "from a pig" when she was a slave. Her father has been freed and she is now a free woman. Her father's lawyer, and they are attracted to each other. Kirby and Carver are the cause of an abolitionist, Amos Shunk, who is Kirby's cotter.

CHAPTER V.—At the house of the abolitionist, Amos Shunk, Kirby explains a conversation between the sheriff and his daughter, and leaves the house. Kirby is in a hurry to see an interview between Kirby and Gladys. Kirby kills the sheriff and Gladys escapes into the hills.

CHAPTER VI.—Kirby explains to Gladys that she is a slave and that she has been freed. Kirby says that she has been freed and that she is now a free woman. Kirby says that she has been freed and that she is now a free woman.

The Times Does Job Printing Right

If a Person Asks for a Price on Coal Nowadays a Conversation Something Like This Takes Place

Customer—"How much is lump coal?" Dealer—"\$10.25 at yard, \$11.75 delivered." Customer—"Why, I can get it at the City Coal company for \$9.75 at the yard or \$11.25 delivered." Dealer—"Yes, that may be so, but it's a cheaper coal."

It's a lie and to prove it we give the wholesale price on all lump coal sold in this city.

Name of Coal	Price at Mine	Freight Rate
King	\$3.65	\$4.40
Kemmerer	3.85	4.20
Hlwatha	3.65	4.40
Aberdeen	3.65	4.40
Castle Gate	3.65	4.40
Spring Canyon	3.65	4.40
Hi Heat	3.65	4.40
Cameron	3.65	4.40
Clear Creek	3.65	4.40
Black Hawk	3.65	4.40
Standard	3.65	4.40

Note that there is a war tax of ten cents a ton on the above.

We quote the price and freight rate on lump only as price will not permit us giving Egg and Nut. They both cost less and the freight rate is less, but all brands are the same price laid down here.

The next time a dealer tells you the City Coal company sells a cheaper coal just bear in mind that he is doing so to enable him to get away with the high price.

Because we refuse to join the combination we are the target for all sorts of criticisms.

Our creed is to live, and let live. We believe in free competition in business, and assert our right to sell our product at a price that will be fair to the consumer.

We again declare that we will not join any combination to maintain prices, no matter what quotas should arise.

We specialize on King and Kemmerer Number Five coal because we believe there is no better coal mined. We guarantee them to please and satisfy you in every respect, or we will refund the full price paid and stand the drayage expense of returning the coal to our yard after a three-day trial.

City Coal Company's Fair Prices

	Yard Price Ton Lots	Price From Car
Lump	\$9.75	\$9.50
Egg	9.35	9.00
Nut	8.35	8.00

A further reduction of 50c per ton will be given on coal in 5 ton lots.

Paint Now--- Paint Right

How sun and rain and wind can raise havoc with poor paint or varnish on exposed surfaces.

So does constant wear on the surfaces of things indoors.

But the right paints and varnishes, as well as the best way to apply them, are the only way to keep the surface in tact under all conditions.

A master painter knows good paint and varnish and how to apply them. It is a business in itself, like everything else.

DEBS SEEKS NO PARDON--KEEPS TO PRINCIPLES

Predicts No Good Will Come From Industrial Conference at White House

ATLANTA, Ga., Sept. 24. (Times)—Debs is not particularly seeking a pardon from the president, has relinquished none of his principles and will serve out his ten-year term and for the rest of his life if necessary if it requires a surrendering of any of his principles to get a pardon, he said at the federal penitentiary in Atlanta today. Debs said Clarence Brown, Chicago lawyer, was interested in his case and had discussed with Secretary of War Baker and Attorney General Palmer the question of obtaining a presidential pardon. He said the matter had been discussed with the president with the result that word came to Debs that "now is not the time" for the granting of the clemency.

There is a germ of a revolution in the strike of the steel men now in progress, according to Debs. "All the chances of labor that have generations are watching the strike of the steel men. If they lose, next month it will be the miners. If they lose, then it will be the railroad workers, unless they are given their demands. All of this serves its purpose. Some day they will all strike together."

Debs declared that the league of nations was a failure because within two years there will not be any of the governments of Europe that signed it in existence. He predicted the overthrow of all these governments through the success of the "great will of the people against the nation."

Debs asked no difference whether you call it a republic, kingdom, absolute monarchy or despotism. It is the same old system. The people have at last found out that they own the earth and they are getting ready to take charge of it," he said.

Debs said President Wilson's conference toward the "round table" which will be held in Washington next month will not achieve any results.

"It is calling together representatives of the master class and the wage earners. These two classes have fought an unequal struggle, the exploitation of workers to the right. You just as well might try to harmonize fire and water as to try to bring them together at that conference," he said. Debs said he is enjoying good health and good treatment of the prison. He said he had asked no favors and wants none.

He said he has given the matter of getting out no thought. I simply feel that I am continuing my work as usual. I feel like this prison is my office and that I am conducting my affairs uninterrupted by prison bars," he said.

BAKER FEARS SMALL ARMY NOT ENOUGH

Tells House Committee If League Plan Fails Large Force Must Be kept

WASHINGTON, Sept. 23. (Times)—Secretary of War Newton D. Baker is not convinced whether the United States army should number 200,000 men or 300,000, he told the house military affairs committee.

"We have very little national guard in this country and our national guard is not for police duty in the states, along the Mexican border and elsewhere," he explained.

"The world has not settled down to talk or orderly government when it shall be settled down a smaller army will be possible. But whatever army we have ought to be a complete and sufficient army."

"If the league of nations is not formed an army of 500,000 for this country will be child's play. We must be strong in the world to keep our place in the world. Conditions in the world are vastly disturbed. I don't know when they will settle down."

General Carter, head of the military division, explained that the reorganization of the national guard is not for police duty.

"Men just back from Europe are not up on war," he declared.
