MATURE PLANS FOR NOV. 11 CELEBRATION

Armistice Day to Be Celebrated by Barbecue and Band Concert in City Park

Extensive preparations have been made for the Armistice day celebration on November 11 by the American Legion under the auspices of the program will be given.

The barbecue will undoubtedly be the big event of the day. Two large steers will be roasted to perfection by a cook who understands his business. The band has not yet been obtained but the committee stated that it would be selected in the near future. The barbecue will take place on a lot opposite the city park. Each ticket is cordially invited to be present to see his judge.

The Legion hopes to finance the celebration with dance ticket sales and an effort will be made today to sell as many tickets as possible. The Legion does not desire money from local mechanics who have been asked for so they will be given a chance to purchase dance tickets for the day.

The council Thursday night decided to unfurl the flags. This action was taken as the result of a request made by H. Harold McGrath.

A history of the American Legion from the day of organization to the present time will be given in the city park by Harold McGrath, local historian. An enjoyable afternoon is anticipated.

WIFE REBELLIED AGAIN SHINING HIS SHOES—BEATEN

AUTHOR, Ill., Nov. 8.—Dominick Bonomo, mechanic, has some idea as to what a wife is for.

He believes, besides mending his socks, cooking his meals, doing his laundry and carrying his bags, his wife should shine his shoes.

FLAMES BREAK IN LARGE MINE

Shafts Stalled After Night of Frantic Effort—Mine Was Idle on Account of Strike

DICKINSON, Ind., Nov. 8.—After a night of frantic effort rescue parties succeeded in starting the shafts of American mine. It was said to be the largest in the bituminous field of the United States, in an effort to smother flames which have cut in the bowels of the earth. Last night rescue parties were unable to reach the fire. A score of foreigners who had been in the mine during the day departed shortly before the fire was discovered. The eight thousand men normally employed are idle because of the strike. No one was working in the mine when the fire was detected. The mine probably will permit a month, and it is expected that the loss will be enormous.

Government's Plea for Injunction Directed to Break Nation-Wide Walkout of Miners Is Granted in Federal Court—Recall Must Be Ready Tuesday

INDIANAPOLIS, Nov. 8.—The officials of the United Mine Workers of America must recall their order for a nation-wide strike of bituminous coal miners.

This was ordered here today by Judge Albert B. Anderson in federal court when he granted the plea of the government for an injunction directed against executives of the mine workers organization in an effort to break the strike of 400,000 coal miners.

Judge Anderson gave the miners officials until 6 o'clock next Tuesday evening to recall the strike order, which was sent to some four thousand industrial organizations.

Judge Anderson further ordered that the strike recall be submitted to him for approval by 10 o'clock Tuesday morning before it is sent out.

LOWDEN BOOM IS LAUNCHED

Republicans of Illinois Start Campaign to Put Governor on Ticket With Coolidge

SPRINGFIELD, Ill., Nov. 8.—Governor Frank O. Lowden of Illinois for president; Governor Calvin Coolidge for vice president; and a platform of "less politics" but more attention to public affairs.

The above is the Republican plan of battle for the coming presidential campaign put forward at a meeting of Illinois Republicans here last night.

Will H. Hays, chairman of the Republican national committee, attended the meeting and outlined in a general way the Republican platform of "less politics" but "more attention to public affairs."

Hays took no part in launching the Lowden-Coolidge boom, but the entire assembly—Republicans of all stripes, colors and factions—expressed solid belief in the combination.

Hays H. Hays addressed tonight on the industrial situation in so far as it is affected by politics.

LABOR LOOKS WITH FISHY EYE UPON "HELPING HAND" OFFERED

Central Body Comments Upon Attack Made by the Nine Executives of So-Called Farmers' Association—Tells Something About Organized Labor's Aims and What It Really Is.

"Again labor is offered the 'helping hand' the same kind that a drowning man receives from a man who has been rescued in the pockets, and says to the drowning man, 'I am sorry, I'll help you if you throw me a rope to throw you.'"

"The Farmers' Association, (the famous one), needs't grab the credit for helping labor. Labor should get support from unions, laborers and barons, or non-productive labor asked for farmers, tillers of the soil. Let's take the ourselves and this support labor receive."

ASKS COURT TO COMPEL MINERS CANCEL STRIKE

Judge Ames Says Nothing Counts So Much as Ascertaining if Law Is Supreme

INDIANAPOLIS, Nov. 8.—Mandatory injunction ordering the executive officers of the United Mine Workers of America to recall their order for four hundred thousand bituminous coal workers to drop their tools was granted in federal court today by Judge James A. Ames, assistant attorney general.

The court held that the miners' workers petition for a continuance of the case for one week to give the government time to prepare to effect an agreement. The temporary restraining order issued last week was not to be taken as a final order, but one that has been deemed "de facto."

When any organization defies the law of the land it is in violation of the law; the law must be enforced. Otherwise there is American revolution, said Judge Ames, adding that he "has heard the American people and reached that point, and accordingly the strike is illegal and a plain violation of the federal and coal contract laws."

ALLEGED RED BIRDS DIE FOR DEPORTATION

CHICAGO, Nov. 8.—At least 50 of the more than 400 alleged red birds and anarchists taken in the Chicago district by federal agents in their hunt for a moratorium on deportation, are being deported, according to information available at the federal holding house today.

MEETING WITH PRETTY MISS COOPER'S HIM 64,000

KANSAS CITY, Nov. 8.—Pleasant acquaintance with a pretty, stylishly dressed young woman cost James P. H. a \$64,000 ransom. The woman, who has been heard and bond, cash and jewelry valued at approximately \$4,000, who has acquaintance led him, he declared, into the clutches of two "rough birds" near Gilman road and Forty-third street. Caldwell was beaten when he attempted to put up a fight against the hold-ups.

LABOR COMMITTEE REPORTS ON STEEL STRIKE INVESTIGATION

Delivers Scathing Indictment of Relations Between Labor and Capital Which Permits Disputes to Go to Limit—Not to Nation's Credit No Better Means Has Been Devised

WASHINGTON, Nov. 8.—The senate labor committee report on the steel strike, which was delivered to the public last night, is a scathing indictment of the relations between capital and labor that has fallen from the pen of a statesman in years.

Declaring that the real victim in all industrial disputes is the public and that "it is not to the credit of our nation that no way has been devised to settle these disputes outside of strikes," the committee goes on to say that "the law is not being enforced."

Further, asserting that a large percentage of the strikers are foreign-born and illiterate, the proposition is made that the good among them is being educated, assisted in the purchase of homes and otherwise encouraged while those who come for the purpose of striking are treated as criminals.

William Z. Foster, secretary of the twenty-four international unions managing the steel strike, and in the senate committee's opinion the real leader in the walkout, was drawn and quartered.

"Such men are dangerous to the country and they are dangerous to the cause of union labor," paragon the report, and have their hands struggling for their rights to be recognized.

POSTPONEMENT IN COAL CASE NOT ALLOWED

Motion of Miners' Attorneys for Continuance for Week Is Denied by Court

INDIANAPOLIS, Nov. 8.—The coal-miners will be through out in federal court here today. There will be no delay.

Continued for the same reasons asked for continuance of the case for one week to give the miners and operating men an opportunity to raise in himself from any leadership. If an agreement, but the court denied will not remove himself the American coal-miners' union on objection of Federal of Labor should purge the coal-miners' union of any leadership.

In fixing the blame for the steel strike the committee finds that both sides were guilty of wrong.

The report with copies of testimony and original exhibits, to volume. The committee, headed by Senator William Z. Foster, of Iowa, and with Senators Thomas, Street, Lawrence, C. Phillips, Underhill, and David Walsh, all Republicans save the two last mentioned, added by a substantial majority to a report that the strike as requested by President Wilson.

TWIN FALLS IS WINNER IN HOT FOOTBALL GAME

Burley Trampled Under Foot by Score of 33 to 12—Speed Newman Is Star

The blue and white warriors of Twin Falls High School won another brilliant victory yesterday at Burley when they overcame a 29-0 defeat of a month from by running up a score of 33 to 12.

It was a practice, hard fought battle, although the margin of victory was comfortable. The seventh goal, however, left Twin Falls to choose between the two teams, but it was a touchdown by Burley which was an alternate of a month from by running up a score of 29 to 0.

The Blue and White took an early lead by smothering down the field and scoring three touchdowns in the first quarter. Burley was unable to develop this play by refusing to let it. However, they tumbled the ball and baby of the Twin Falls goal in this quarter.

Twin Falls pushed the ball over the goal line in the first quarter.

CLARK GIVES HIMSELF UP

Will Stand Trial on Charge of Wool Theft—Preliminary Hearing Friday—Damages Asked for Automobile Collision

Frank Clark, Three Creek rancher who has been sought by the authorities for complicity in the theft of wool from Joseph Denobee, gave himself up to the sheriff yesterday and will stand trial. He was arrested before Judge Dwyall in probate court and his preliminary hearing set for Friday in the same court. Monaghan's Clark was released on \$2000 bond.

Clark is said to have been hiding in Nevada since the officers have been on his trail. Nichols and Roberts, two others arrested for the same charge, are now waiting trial under bond.

200 RED ALIENS ARE ROUNDED UP

RAIDS ARE CONDUCTED BY DEPARTMENT OF JUSTICE INDUSTRIAL CENTERS OF NATION

WASHINGTON, Nov. 8.—More than 200 "reds" were arrested in the general roundup of "radicals" which began last night, the department of justice announced today.

All of those arrested are members of the Union of Russian Workers, the department announced. This organization it was stated, has more than 7000 members in the central and western states, and has been actively engaged in a widespread propaganda for the overthrow of the government.

The arrests were extended to cover more than 15 industrial centers in the United States, the department of justice announced today.

All of those arrested in the widespread raids are aliens, the department of justice announced today, and their departure will be asked for.

Attorney General Palmer directed the roundup. It was stated, and had the cooperation of Anthony Quinnell, commissioner of immigration.

Nonpartisan League Field Man Sues in Suit Against Boise Statesman

BOISE, Idaho, Nov. 8.—Ray McKaig, nonpartisan league field man, sued today in the \$20,000 limit suit of the Nonpartisan League field secretary against F. R. Gooding and the Boise Statesman Printing company. It alleges that the newspaper had published a libelous article in each case. It was shown by the witness' testimony that a certain newspaper had had with State Highway, and had published an article which had been criticized, was brought about by his Christiana condemnation for a woman apparently alone. McKaig stated that he had written the article and was not aware that she was the socialist platform denouncing the war, or that she headed the national union of the socialist party.

An advertisement in the Statesman was the basis for the suit.

ATTENTION, MEN!

Things are becoming in the Men's Class of the Methodist church. Everything is on the up-grade and going great. So when Sunday morning rolls around find some of you fellows wondering where you can go to spend a happy hour—when you are full of music, good talks and fellowship—just stroll down to the Methodist church and make yourself right at home. You will find the Men's Class in the church basement and just the minute you step into the room where the class has its regular Sunday morning meeting Charlie Potter and Elmer Peterson will be right there to give you a regular Methodist welcome and to see that you meet the rest of the fellows.

The hour when the "big things" start is 9:45. Be on time, because George Rice is going to start the music off on the det. Billy Baker, the busy president of the class has something mighty interesting up his sleeve and he is going to spring it next Sunday morning. So, if you see Harry Dicklacker, the membership rustler, just tip him off to the fact that you will be there.

The subject for the lesson period will be "Peter's Great Confession." This is one of a series of interesting lessons on the life of Peter. Supt. Hal G. Blue, the class teacher, will discuss the lesson in the light of some of the serious problems facing America.

Now, you are asked to remember just two things relative to this announcement. One is that the class begins its Sunday morning work at 9:45 and the other is that you will receive a very cordial welcome.

Most forgot to tell you that right after the meeting of the class, Dr. Bennett will preach another of his mighty good sermons. Better hear him. It's a fine way to top off your Sunday morning.

OPERATORS TOLD HOW TO GET COAL

MINES RUNNING BY REPRESENTATIVE OF MINERS

WASHINGTON, Nov. 7.—John L. Lewis, leader of the coal strike, will go to jail before he can get the strike order without a satisfactory settlement, according to an "unofficial" story by the Associated Press.

John L. Lewis, Washington representative of the United Mine Workers of America, said today that the coal operators must make the first move to "take out of the strike" by putting forward a plan for settling the strike.

"It is certain there will be no resumption of work in the mines until the operators are assured that they will not increase wages or reduce the present selling price of coal, and that the operators will not repeat the tactics of the past," Lewis said.

Lewis said that the operators must not only increase wages, but also reduce the present selling price of coal, and that the operators will not repeat the tactics of the past.
