GOOD WORK IN PIG JUDGING COMPETITION

William Silvers and Francis Jain Are the Successful Contestants

William Silvers took first and Francis Jain second place in the Murtagh pig club judging contest last evening at the Murtagh school house. One pen was constructed in the basement and four pigs placed in it. Silvers' grade was 11 and Jain's 20. Third and fourth places were won by Leo Walton and Ray Deere, with grades of 8 and 13 respectively. County Club Leader A. L. O'Reilly, who acted as judge of the contest, and out of the work of the contestants, who were Otto Walton, Ray Deere, Everett Jain, William Silvers, Fred Hart, Leo Walton and Francis Jain.

The boys showed wonderful intelligence in pig judging and O'Reilly this morning. The boys were judged by their selection, their reason for selecting a certain animal.

That the facts understood the points found in good swine was shown in the fact that every contestant placed first of several places on the pigs, according to Mr. O'Reilly's judgment, and only two misuses of the third and fourth places. It was very difficult to distinguish which animal deserved third or fourth place, said the county club leader, but most of these chose the one he did.

The new that won first place in this contest took first prize in the county fair at Piler last year and also at the state fair at Boise. It belongs to Floyd Hill. The animal that came second was a 1-year-old and weighed 210 pounds, while the second winner was only 7 months old and weighed the scales at 275.

Following the judging contest the boys of the club, of which D. D. Hignore is leader, sold 100 pounds of pork to those present. Cakes furnished by the club girls also went rapidly. The evening was a most enjoyable one. About 29 were present.

UNITED STORES, Twin Falls, Idaho OF COURSE

(Look for the Yellow Front—Opposite Perrine Hotel)

"I am so grateful for what Tanelac has done for me that I want to tell the whole world about it," said Mrs. M. E. Proctor, of 717 W. First St., Los Angeles, Calif., when speaking of the wonderful results she had obtained from the medicine. "I think that I should have entered for 50 many years and spent hundreds of dollars in vain efforts to get relief and then find complete relief after taking only four bottles of Tanelac, seems too good to be true."

"Yes, indeed, for years and years I suffered terribly from stomach trouble. Everything I ate seemed to burn when it went down and I was unable to breathe. I was so weak that I had to give up all house-hold duties. I often went for two weeks at a time without getting a good night's sleep and at times my nerves became very nervous and low-spirited. In fact, I was a confirmed invalid and my friends did not expect me to live very long."

"I sat reading the paper one evening when my eye caught the statement of a lady who had suffered with similar trouble to my own and telling how she had been wonderfully helped by Tanelac. I sent for a bottle and started taking it and the results have been most surprising."

"My appetite is splendid now and I can eat just anything without any distress afterward. The pain has stopped burning and I no longer have that smothering feeling and my sleep sound all night long and get up feeling rested. I am in better health than I have been for forty years and I feel years younger."

"I don't believe there ever was a cure for medicine made as Tanelac."

Tanelac is sold in Twin Falls by City Pharmacy and by the leading druggists in every town.

Born in 1839 Dr. Caldwell

Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin.
Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "Family" doctor, the general practitioner.

Dr. W. B. Caldwell of Minnesota was and is a family doctor. The whole human body, not only small parts thereof, is affected by the food which half his "cures" were on women. Physicians and ladies who use this cure most often sick. But their illnesses were usually of a mild nature—old-fashioned, head-aches, indigestion—and all of them required first a thorough examination. They were constipated.

Dr. Caldwell in the course of 50 years' practice, for he was graduated from the Medical College of St. Louis in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1902 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin. It was in that year the preparation was first placed on the market. The picture of Dr. Caldwell has since appeared on the packages was taken in that year.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone can be seen going into a drug store to buy it. Dr. Caldwell's Syrup Pepsin is sold and distributed over a million bottles a year.

Its great success is based on the fact on repeated trying, on one trial it cures. It is a safe medicine. There are thousands of letters in 415 countries that are sent without a fault of Syrup Pepsin and the manufacturer of that prescription doctor are to be congratulated on their wonderful success.

Women, children and elderly people are especially benefited by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most advanced constipation and in the most delicate case, it is mild and gentle in its action and does not cause griping and cramps. Containing many other qualities, not only a safe laxative, but also a food and children like it and take it willingly.

Every young child of Dr. Caldwell's Syrup Pepsin is in health in your home. Where many live five are one to need it frequently.

DR. W. B. CALDWELL TODAY
Born in 1839, Dr. Caldwell is still in his office daily. He is the founder of Dr. Caldwell's Syrup Pepsin. He is a family doctor, the general practitioner.
