REVOLUTION BREAKS OUT IN BOLIVIA

Split-up Has Been Averted in Third Party

HOT FIGHT IS EXPECTED FOR FARMER VOTES

Question of Secretary of Agriculture Will Be the Bone of Contention

Harding Makes Retort

Strikes Back at Statement of Governor Cox and Slams at the Democrats

By Harold C. Chapman.

MARION, July 13.—A hot fight between the two parties over the farmer vote has been started by the republican nominee's slights, refers to the statement by Governor Cox that he favors a "third party" for secretary of agriculture. It was the first long shrill hullabaloo that fired into the fox camp and promised to be off to the races in the fireworks.

Harding Strikes Back.

Harding's statement declared that the republicans had kept "real farmers" in office as secretary of agriculture for 16 years continuously, under the names of Taft, Coolidge, and Wilson, and appointed a university president to the post. He referred to "Uncle Tom" Wilson of Iowa who was secretary of agriculture under McKinley, Roosevelt, and Taft, and was succeeded by David S. Houston, then president of Washington University, St. Louis, recently succeeded by E. T. Merrell, publisher.

Jianes Remonstrates.

The high cost of living problem would have been solved in advance had other representatives in relation to the department of agriculture been carried on, Harding said.

Harding expected to work on his speech all day today, hoping to make up for what was lost yesterday, when he was engaged in conferences with the party leaders.

There was apparent disappointment at the White House in the arrival of Governor Clement to call the Vermont legislature into special session to rally the women suffrage amendment.

"I hoped he would do it," Harding said when the news was brought to him.

Court Refuses to Grant Injunction Against Issuing Ratification Proclamation

WASHINGTON, July 13 (UPI)—Opponents of woman suffrage today received a temporary set-back in their attempt to forestall ratification of the amendment, which will take effect by the 36th state.

The paper says a statement of the case was made to the district attorney and will be placed before the grand jury investigation of alleged police graft.

Wanderer Refuses to Add More to His Deliberate Depression & Brutal Crime

CHICAGO, July 13.—The murderer, confessed murderer of his bride of eight months, his unborn child and a enraged stranger, here today, refused to add to his sentence of life imprisonment to police today.

Mrs. Julia Schmidt, 41, years old, with whom he had been living, was held in "status" beginning shortly after the murder of his wife, released by police today, taking into account the conduct of the murderer with the authorities.

Wanderer on further question refused to add to the additional term of life imprisonment, but declared he had told all "I have to tell and I want them to hear it."

SHOOTS WOMAN, AND THENSELF

CHUMPTON, N.H., July 13.—Another man, while two sons are on joy ride.

NEW LONDON, Conn., July 13 (UPI)—Bernard Gidder, chauffeur, who apparently helped shoot and killed Mrs. Arthur De Cordova, wife of his employer, in a futile manner last night, died in a hospital here early today.

The shooting came as a climax to what authorities said was apparently a joy ride.

The body of Mrs. De Cordova, found lying amid an automobile in front of her home, was taken to a hospital and the new "dead man" was formally launched after an all-night search for the body.

De Cordova, 43, was a member of the Auto Club of America.

Examination disclosed he had half-filled bottle of whisky and many cigarette cases in his pockets. Valuable jewels and cash were found on Mrs. De Cordova's body.

She was shot during the summer here and her two children, a boy 21 and a girl 19, had been brought home here early in July.

The chauffeur came home with his family. He is married and his wife, Mrs. Gidder, 30, said he had been the chauffeur for the De Cordova family for two years.

The couple left the hotel early in the morning and were seen about noon.

The first known of the wife was when a party of autoists passed along the road.

NEW YORK, July 13.—Arthur E. De Cordova, member of a New York brokerage firm, whose wife was slain here yesterday, Conn., last night, left here today for the scene of the shooting.

Chairman Christiano said that words "and" and "democratic" control" in certain parts of the statement of demands were omitted.

A motion to lay the partial report on the table until a full report was ready was defeated.

Parties Still Rejected

By an overwhelming vote the convention declined to receive the partial report of the platform committee of the new party, which was interpreted as equivalent to adoption.

F. W. Whipple, Maryland, chairman of the political action committee, said: "An adoption motion by the conference in effect accepted the demands of the new party."

RANS-BAIKAL IS EVACUATED

**Japanese Forces Have Been Ordered
To Evacuate Portion of
Siberia Says Report**

WASHINGTON, July 13.—Japanese forces have been ordered to evacuate the trans-Siberian region of Siberia, according to reports from the state department.

A large number of box and passenger cars have been sent to the trans-Siberian region for repatriation of Japanese subjects. Details of the evacuation, administration of the forces and other details of the evacuation were not recorded. The decision of the Japanese government to withdraw from the trans-Siberian is believed to fit in line with a decree of Tokyo to evacuate Siberia east of Lake Baikal so that the government of the Soviet Republic can be relied on to sustain order.

The Mikado will get the Japanese Ambassador, who has been held here to keep the Siberian port open and maintain order on the eastern coast.
