

# EXPECT ADJUSTMENT OF PACKERS DISPUTE

Meat Packers' Officers Meeting  
Report to Harding on  
Results So Far

WASHINGTON, March 25.—President Harding on Tuesday afternoon received a report from the meat packers' officers meeting, which was held at the White House.

The outcome is very encouraging, said the officers. They believe the dispute will be settled within a few days.

WASHINGTON, March 25.—The progress made by the commission in settling the meat packers' dispute was reported to the president by the commission's chairman, Mr. J. H. Clegg.

The commission's report was very favorable, said the president. He expects the dispute will be settled within a few days.

## BUILD MODERN HOME IS PLEA

Local Man Gives Interesting Facts and Possibilities Awaiting Leader.

Not only to build a home but to build it modern is the thesis of a discussion in the "modern electrical" by Walter E. Smith, manager of the Citizens Electric company of this city. Smith, speaking from an authoritative position, gave some interesting possibilities and facts along that line.

He encouraged efforts to the prospective home-builder in Twin Falls is anxious for the condition in which the home is to be built.

He pointed out that the demand for something like the modern home in which it is to be housed some 500,000 American families. The modern home is not a new thing, but it is a new type of home.

Every home should be an electrical home and while a number of Twin Falls residents are using electricity, there is much to be done to make it a home of the modern type. The electric fan, washer, range, heater, refrigerator, and other conveniences are not to be had without a complete electrical system which they may be attached without sacrifice.

In several of the electrical homes have been built in the city. The modern electrical home is a home of the future.

Win. Smith asks for our attention and opportunity. In our city the revival of home building and its attendant benefits are at stake.

## Why do you like Coffee?

Some people say on account of its flavor, others for its appetizing aroma, many because of the zest it adds to any meal, but all will agree that coffee is liked because it is an enjoyable drink.

To make it a perfect one care must be used in preparation and the coffee must be of the highest grade. If

Hills Bros. Red Can COFFEE

is used, the most critical will be pleased.

## Think Twice Before You Have Your Eyes Examined

for Cheap Optical Work Is False Economy

There seems to be a thought that is ever prevalent in the minds of some people and that is if your eyes are weak, if you are nearsighted, if it is hard for you to read fine print or if you are cross-eyed that the first thing to do is to see a doctor.

There is a great deal of truth in that philosophy, for a doctor has made a study of that work and he is able to be of service to you. But doctors are like every thing else in this wide world—there is a difference in them; difference in their methods and a difference in their equipment.

Friends, I have been an optometrist for 20 years, 11 years of that time have been spent in Twin Falls and the entire 11 years have been spent in experiments, equipment, diligent study and service to the forwarding of Optometry to the place it should occupy.

That I have given service and satisfaction to people with defective eyesight is well proven in the thousands of satisfied patients that I have treated in my 11 years' practice here.

There are a few things that I would like my old patients, as well as people that are being bothered with improper eye-sight to know.

FIRST—That we are the only exclusive optometrist and optician in Twin Falls at this time.

SECOND—That this is the best equipped optical office in Southern Idaho.

THIRD—That here is the only surface grinding department in this section, and this department is so essential to a well-equipped optical office.

FOURTH—That we are the only opticians in this part of the country who have the latest and best equipment.

FIFTH—That there is a difference in the quality. Some are passed on, others are rejected.

SIXTH—That we make three kinds of bi-focals that are ground in the ULTEX, KRYPTON, and the ULTEX.

THE ULTEX is the best bi-focal that can be made, being made from one piece of hard crown glass and practically invisible.

THE KRYPTON is practically invisible, but made from two pieces of glass joined together and ground separately.

THE ULTEX is made from one piece of glass but is more visible than the ULTEX or the KRYPTON.

If you are not in a position to pay for the ULTEX or KRYPTON, we will make you the ULTEX, which is the best of the three.

Putting glasses is not a side line with us, but our business and in a profession that only years of diligent study can make you of service and of value; and the important of all, a correct fitting in your glasses.

OUR PRICES ARE ALWAYS CONSISTENT WITH FIRST CLASS OPTICAL WORK.

# Are You Waiting for Rents to Come Down

Have you considered that it may be cheaper to build than to wait for lower rents? Do you know that building is on the average of 25 per cent cheaper today than it was a year ago?

**A Last Year's Home Worth \$6,800 Can be Built this  
Year for \$4800. This Means a Saving to the  
Builders This Year of 25%**

Believing that many Twin Falls people desire homes of their own, a few of the local business men have made some interesting investigations into the present building situation.

It finds on reliable information that the cost of building a complete home in Twin Falls is now 25 per cent less than a year ago.

The price quoted above for this beautiful bungalow is a definite figure made by responsible builders doing business in Twin Falls.

The cessation of building which has brought about

the present low cost of construction was based rather on emotion than actual lack of resources.

The most feverish building activities cannot bring the rents down very soon, and yet it will make it harder for you to build.

## Solve Your Problem by Building Now.

The fact that Twin Falls is an ideal home city makes our housing problem even more serious and these well-represented business men believe it to be a duty to bring forcibly to public attention that with local agencies ready to facilitate building, and with prices down, now is a most favorable time to build.
