Money to loan on modern practice  
Victor at Kimberly—Mrs. C. T. Turner...  
Please come prepared to indicate your opinion on the following questions:  
1. If you consider it desirable, the tract into which it is divided for the preceding lease was maintained or arrangements would you suggest?

At least three tracts in competitive bids of "weight" it is better for the lessee to establish a minimum bid, rate, per acre and then lease the tract, after a consideration of the various applications. If you consider that the establishment of a fixed rate per acre is preferable, what would you propose as the minimum award?

Do you consider it desirable to have the lease for more than one year? If so, what is the maximum term you would suggest? Should it be stipulated in the contract that the lessee is to be allowed to stock to be put upon these leases should be stipulated in the contract? If so, for how many years should these leases be allowed?
