FOREIGN EXCHANGE UNLIKELY TO RETURN TO PRE-WAR BASIS

Europe's currencies are unlikely ever again to regain their pre-war international values, according to Dr. Henry A. C. Chandler, president of the National Bank of Commerce in New York.

The exchange problem is, of course, extremely complex, and even those most familiar with it hesitate to offer explanations of some of its most puzzling details.

In measuring the extent of the depreciation by the difference between the pre-war unit parity and the exchange rate today they have been led into serious errors.

E. WHITE HAS NARROW CALL FROM BURNING

Lars contacted the owner with the property, had not neighbors, except the flames, realized at once he had been abandoned and was in a predicament. The loss of about \$1200 is covered with insurance.

Nightmare Wakened

The "lighter" of the fire aroused several neighbors who rushed to the house. They were met by the flames. E. White, who was sleeping with his wife, awoke with a start and found himself surrounded by flames. He managed to get off and only a few chairs were left standing. The fire company arrived and the house was abandoned. The house was in a very bad way.

White was alone in the house, he was sleeping in a bedroom with the door closed. He had no idea of the fire until the flames came in through the door. He was alone in the house since the previous morning.

REDUCTION OF FIRE RATE IS ASKED FOR T. F.

Local Chamber Sends Request to Insurance Underwriters and Gives Basis for Plea.

Under a law enacted by the legislature in 1918, the insurance rate in Twin Falls is based on the rate in Boise. The rate in Boise is based on the rate in Salt Lake City. The rate in Salt Lake City is based on the rate in Los Angeles. The rate in Los Angeles is based on the rate in New York City. The rate in New York City is based on the rate in London. The rate in London is based on the rate in London.

The Local Chamber has sent a request to the insurance underwriters asking for a reduction of the fire rate. The basis for the plea is that the fire rate in Twin Falls is higher than in other cities of similar size. The chamber believes that a reduction of the fire rate would be a great benefit to the city.

Goodrich Price Adjustment

Endorsed by Users and Dealers Throughout the Country

The decisive reduction of twenty per cent in the prices of Goodrich Silvertown Cords, Goodrich Tires and Goodrich Inner-Tubes which took effect Monday, May 2, received the endorsement of both tire users and dealers.

It was accepted at its full face value as a helpful economic move in tune with the times.

It conforms to present conditions and carries out in a straightforward way constructive merchandising methods.

Goodrich tires have earned their reputation and standing with motorists by sheer quality of construction and complete dependability of service.

Quality in a tire rests not only upon the materials of which it is made, but also upon the experience and skill of its makers.

Every advance in construction and improvement in making with many exclusive betterments, is in the Goodrich Tires you buy today.

Your Goodrich dealer is ready to supply your needs.
