For the benefit of the un informed and in behalf of the cash customers who have lost their game, it may be said that the Legion has a bill passed.

For the good of all concerned it is to be hoped that they make success in their efforts to get the bill passed.

To strengthen their position the men should do what they can to help the other club.

The Twilight Legion has a bill

passed which will be a great

real ball game, due to the bus

lesque exhibition of last evening when the Legion rallied the city to see them off.

Last night's show was a great

success, and a game of

athletics was held at the hall

shortly for the remembrance

of those who had

lost their lives.

For four hours the game was

on, "It got worse."

Legion passed the ball to the

other club, and the

Legion scored all 18 runs.

Two runs were out, two

possible, and the Legion

was still winning.

Invite your friends to celebrate the Fourth in Twin Falls where everything is in the free!

Today is the first day of summer, normal as well as solar. The weather matches with the calendar.

Last night's paper we stated that many people from this city were going to Dowley's Ferry tomorrow, but we should have Wednesday instead.

The people of Twin Falls and vicinity are invited to contribute article to this paper. These must be signed and should not be too long. If you do not wish your name published no state and your communication is worthy of consideration will be published.

Another beautiful church edifice is to be dedicated in Twin Falls June 29th. St. Edward's Church, which has been under construction for some time and it is said to be completed with pride. The substantial attachment of "Twin Falls" is surely well exemplified in its public buildings and churches.

We need more factories in this city. Too many people in this section are entirely dependent on one line of industry to support them and their families. We have a number of small, family and general stores in this city. At the same time, our stock should be grown on this tract to which a part of the enormous crops produced here could be fed rather than sold on the market. The farmer who raises his crop of grain and feeds it to his stock and then markets his stock makes a double profit on his crop.

A special cable despatched to the Washington Herald conveys the news that the British government has taken control of war industries in Great Britain, including the 600,000 cotton mill workers. It has gone on strike, yet the social world in the empire is at its gates—this may readily be believed especially since it is mentioned by the Herald. It may also be averred some color of credibility in view of the general policy of Great Britain in managing her affairs. At the same time that she is owing the United States \$1,000,000,000, which there is little interest about, that country has lost much influence in European countries for the purpose of strengthening her position in regard with the United States. There is no need to be surprised at anything.

FACTORIES AND RAILROADS

The proposal for a potato chip factory or for any other kind of a factory for Twin Falls should be looked on with universal favor and then housed with universal enthusiasm. It must be recognized that industrial development goes hand in hand with the growth of the factory.

Before Twin Falls can hope to develop industrially its full potentialities better rail connections must be secured. This situation and its wind bearing upon the growth of Twin Falls is a powerful argument for unflinching effort in behalf of the Rogerson Wells railroad.

Power over her prosperity and growth almost wholly to her industrial needs, made possible by her transportation, may bring her "made" Potatoes, or are at least making her.

Twin Falls can hope to develop better rail connections, east, north and northwest. An outlet to the south and west would, as has been pointed out before, give Twin Falls first call on the coast markets and western transportation. It would give Twin Falls a tremendous advantage in shipping manufactured products. Therefore, it would give this city an advantage in offering facilities to industrial enterprises to be located here.

"Twin Falls needs the industries and the industries need the railroad. Let's have both."

CHAUTAUQUA TO OPEN SATURDAY

Final Arrangements Are Being Completed. Many Star Attractions Listed.

The Twin Falls Chautauqua opens Saturday evening in a big tent which will be located at Fifth Avenue and Main Street. The Chautauqua, "giving the ideal Chautauqua," gives three shows daily. Last year, one-fifth of the population of the United States went to Chautauqua and Lyceum, and for the past two years the interest and attendance have increased, especially in the West.

Chautauqua is a distinctly American institution, now international, operating in Australia, New Zealand and Canada. Yesterday the Chautauqua Association, a non-profit organization, which owns July 1st, 1921, was organized.

Mrs. T. B. Thatcher, a director of the Wilson-Wells Chautauqua, attended here yesterday and will assist the committee in the arrangements for the program of music, education and dramatic feature which will be presented during the summer.

Mrs. Thatcher, who has been a member of the Chautauqua Association for many years, will be the opening night speaker. Mrs. Thatcher addressed the members of the Chautauqua Association last night at the home of Mr. M. J. Young, 524 Fifth Avenue north.

APPLIES WANTED

Two cash prizes will be applied for entries of summer white apples. Cash for each.

If you have any yellow traps, send them in. Cash for each.

Follow the very interesting talk

of the meeting of the Women's club on "Know, Idaho," which covered the early days of the state, and the meeting of the club on "Pioneers Days of Idaho," covering the early history of this part of the country. Harry Kuchens, editor of the Chautauqua, also addressed the club. Those present found the evening most instructive and enjoyable one.

The Presbyterian-Masonic Society

will meet at the country home of Mrs. Blackman Thursday.

Those not having homes

are asked to meet at the park at 9 p.m. Those

who have cars are asked to be there also and carry extra passengers.

The Women's Foreign Missionary Society

of the Methodist church will meet Thursday afternoon at the home

of Mrs. M. C. Blackman with Mrs. Bates as leader.

A delightful picnic dinner was enjoyed by the members of the Eastern Star and their families last evening, meeting at the city park at 6:30 p.m. Their hostess was Mrs. Charles Jones Blackman, wife of author of "The Star," John C. N. Edwards and the above is the second son of Mr. and Mrs. C. N. Edwards.

The bride and groom are both members of prominent west end families.

Mr. and Mrs. C. N. Edwards and the above is the second son of Mr. and Mrs. C. N. Edwards.

Mr. and Mrs. Blackman have been

very happy since the groom was

employed by the coast company.

Their many friends will wait

in wishing them happiness and suc-

cess.

The wedding of Miss Ida Edwards

and Mr. Milton H. Williams, a well-

known young couple of Twin Falls,

were held yesterday at the First

Methodist Church.

The bride and groom are both mem-

bers of prominent west end families.

Mr. and Mrs. C. N. Edwards and the

above is the second son of Mr. and

Mrs. C. N. Edwards.

Both were born in Twin Falls and have

been up on the coast, coming to

thirteen years ago. Both were at

home at the high school.

Mr. and Mrs. Edwards have reared

two happy children. The groom was

employed by the coast company.

Their many friends will wait

in wishing them happiness and suc-

cess.

All Ready For Owsley Opening on the Morrow

That everything is ready for the Owsley bridge opening tomorrow was

verified by President Wilson of the

Chamber of Commerce at the lunch

meeting held yesterday.

The bridge is to open at 7 a.m.

July 2nd, 1921, at 2 o'clock P.M. at the

Chambers' room, in the Twin

Falls County court house, Twin Falls.

Bridge proposals will be in accor-

dance with plans and applications

submitted by all those who

want to bid.

Plans and specifications may be ob-

tained from the architect at his office

in Twin Falls, together with

all information concerning the

bidding. A deposit of five dollars

will be required to insure the safe

keeping of the bid.

A bidder's check in the amount of

one percent of the bid must accompany

each proposal and be made payable

to the architect.

The check will be returned to the bidder,

upon the rejection of his bid or to the

successful bidder when he has en-

tered into a contract and supplied the necessary bond.

Should the successful bidder fail to do this, the bidder's check shall be

for the amount of the property of

Twin Falls County.

The right is reserved to accept or

reject any and all bids.

MRS. LEIGHTON BADLY BURNED IN EXPLOSION

COMMITTEE IS IN MEET WITH IDA BOOSTERS

Use-of-Coal-Oil-in-Lighting-Fire
Brings Bad Results to
Hansen Home.

— Jack Leighton of Hansen, yesterday burned on hands, face, and practically all parts of the body by an explosion of coal-oil which he was trying to light a fire at his home in Hansen at 5 o'clock this morning. His husband, Llewellyn, Leighton's husband, was outside when the explosion occurred. He rushed to the house and had enveloped in the flames which had enveloped his wife and was consuming her clothes. He cut his way through the flames and got his wife out of the house and sent while ambulance and surgical attendance was called at once and a short time later she was bound up and sent to the hospital. She is now resting in a relatively easy manner, though still in a searing condition.

The burns are in the lower extremities on the surface and not at all deep and the serpentine area in the left leg is the most serious. The doctor that was sent for by the fire, Dr. Ugo Juliani, has had his hands bound up and is around.

Henry Johnson, son of Mr. and Mrs. William Graham, has arrived from Pennsylvania College, Glens Falls, N.Y., to spend the summer holidays.

financial problem was intricate

and everyting assumed the

people a good time.

— STRAIGHTFORWARD.

Now is the time if you expect to fit

by those who are so fit that it would

not be a political affair and would

not chance with change of attitude.

President Arthur H. Wilson said the
