DIRECT PRIMARY IS RIGHT

One of the paramount issues in the political campaign for the coming election is the direct primary. One of the major political parties has by legislation and by their platform virtually turned down this progressive form of choosing candidates for the general election. The other major party (the Democratic) has endorsed the direct primary and the candidates on that ticket are stamping the state-in-behalf of that issue. Senator William E. Borah is touring the state speaking in behalf of the direct primary. We have always favored direct primary elections and see no logical reason for changing our minds at this time. Therefore, we shall support the candidates who stand for the direct primary. In our opinion the Progressive party stands very little chance of electing their ticket and therefore if we are to secure the direct primary in Idaho it behoves us to vote for the democratic candidates.

Some time ago the Times indicated that there was a great demand for a change in the county tax we believe throughout the state. The burden of taxation has become intolerable and the farmers, stock men and property owners in general are groaning under the terrible burden which has been imposed upon them. Unless some relief is given by those elected to office this state will suffer immediately by a tremendous exodus from this beautiful commonwealth. For four years we have entrusted this sacred duty to the Republican party and now we believe that the majority demands a change. Whether a change will lighten the burden of taxation remains to be proven, but there seems to be a universal cry for a change.

The direct primary has been tried in many states and it has not been found wanting. If it was wrong we believe that many other states which have used it for years would turn it down. The tendency of government should be forward and not backward. If we repeat the direct primary law by our vote at the polls on November 7 we will be going back to the old convention plan which has been used for years to manipulate political nominations. The day of "Boss" rule has passed and the invisible governmental shadow be driven out of our political system and the people again be restored to power. Any political party which repudiates the direct primary is a menace to progressive government and should be defeated.

It is not the policy of this paper to become rabid and try to persuade the youths of southern Idaho that they should rise up and rid themselves of any political party because under our system of politics we must have political organizations. But we do believe that the interests of the people will be more carefully safeguarded and the rights of all protected by the party which brings the power of government more closely to the people. The purpose of all governments is to bring the governed into as close a relation as possible to the machinery of government. In our humble opinion the direct primary whose same functions properly tends to do this. Therefore, we urge you to hear Senator Borah on this great theme which he appears here Thursday evening of this week.

Since the democratic state and county candidates stand four-square for the direct primary, the Times is inclined as it has previously indicated to support this ticket at the coming election. But we shall be free to express our opinion on any political issue that may arise and our readers should feel assured that we will stand as we have always stood for the rights of the common people against "Boss" or machine rule.

Our political system must be cleaned and purified until we shall attain the high aims and principles for which the founders of this nation set out when they established this great democracy.

Let's stand together as free Americans and fight for the up-building of our state and nation and for the eradication of graft and corruption of every kind in our political system.

Yours for cleaner government,

H. MASTERS, Editor of The Times.

ROGERSON

E. C. Rossen was operated on for appendicitis at the county hospital and is reported to be recovering nicely. Dr. Wilson of Twin Falls is the attending physician.

Mr. and Mrs. Rogerson went to Twin Falls Friday and returned Sunday.

Mr. and Mrs. C. A. Rossen went to Twin Falls Sunday to visit their brother, Mr. C. Rossen, at the county hospital.

Miss Hattie Whalen of Shoshone Basin was among the shoppers in Rogerson.

A. L. Dodd made a business trip to Twin Falls Saturday.

Mrs. Don Hobey of California arrived in Rogerson Tuesday to visit their work here Saturday.

Mr. and Mrs. W. H. Snyder of Antelope Springs were Rogerson visitors Thursday.

George Frater returned Thursday

MASK IS TORN FROM ODIOUS HOUSE BILL NO. 77

View of the House of Representatives from the chamber of the Senate, showing the Senate adjourned in the anger and it affords uncontrollable United States. The angry crowd of that assembly in Washington we behold the pitiable crowd by two men totally unfit for spectacle of two huge little ones, George Smith and Frank Smith, Capital, with the good unquainted, for whom the bill, the bill, the bill.

The Northern Pacific Railway Company, a large corporation, and beheading him to raze them from the wraths to come by venting their spleen, they had the right to bring to bear their banner for signaling the shameless betrayal of their people.

Frank Smith, a member of Congress, supported by both French and Smith

"What does this measure mean? If we understand it correctly it means

a strip of land six miles wide along

the western boundary of Idaho, Wallace, Idaho, and Joe French, a

serve from Salmon river to the city of Wallace, and which

follows on H. B. 77, which was introduced by Burton French and supported by both French and Smith

"It is a bill to prohibit the sale of public servants brought to look under more jurisdictional circumstances, Idaho, but Congressmen Smith and

French, and Frank Smith, the bill.

Frank Smith secured an option and contract to purchase

BABCOCK RULES AGAINST THE COSTELLO PLEA

Judge Sustains Demurrer to Complaint of Plaintiff and Dismisses Temporary Injunction to Call Big Irrigation Election; Plaintiffs' Course in Doubt.

The demurrer of the county commissioners to the complaint filed by Thomas Costello and others to prevent the calling of an election for the creation of a new irrigation district was sustained this morning by Judge W. A. Babcock of the district court.

In his opinion the three-story pleader said the main contention on which the plaintiffs relied was the fact that the territorial boundaries of the proposed district were not contiguous, and that for this reason, it was impossible to call an election legally.

He also ruled that the election if called, under the statute of the state, the commissioners could not call it unless they obtained then and disclosed the information.

Whether the case will be carried or not is impossible to say, said Brad H. Hodges, who represented the plaintiffs, left for Boise on legal business this morning. Hodges said the case was handed down. In the presentation of the case for the demurrer, Judge James H. Bethel, presiding, said he had been unable to get the other commissioners to go along with him to stop the election on the filing of the petition before the commissioners had been called.

It is thought possible that Mr. Hodges may amend his complaint and endeavor to stop the election after the commissioners have been called.

Mr. Costello said two weeks ago the case would be decided in the next few days. He has been in contact with the attorney general and other later developments have altered this determination or not is unknown.

WHO WERE GREATEST WOMEN IN IDAHO?

Women's Universal Alliance Asks State Legislature to Consider "Who Were Idaho's Greatest Women" Offered for Best Answer.

Who were the 25 greatest women of Idaho? Is the question asked by the Women's Universal Alliance with national headquarters in Washington, D. C., and the answer is the same problem of selecting the names of Idaho's greatest women—not now having a place on a list in the front of the library of the Alliance's plant in Washington.

All citizens of the state will have an opportunity to nominate the woman to be named for this honor.

As a preliminary step a contest will be held to select the 25 greatest women for the list of 25 greatest women, not now being, from this state accompanied by brief descriptive material.

The contest is open to all persons age of 12 years or older to compete.

Full details of the contest can be had from Mrs. Anna M. Wilson, Convention Director, Women's Universal Alliance, University Avenue, Concord, New Hampshire, avenue northwest, Washington, D. C.

Selection of the names will be in the hands of a special Historical Research committee of the Women's Universal Alliance of the state who are now being selected. This committee will include newspaper editors, reading educators, historians, and other prominent women.

Among those who have been asked to serve on this committee from Idaho are:

Arthur E. Clarke, Lewiston; Helen Daniel M. Gorham, Boise; H. H. Arnold, Caldwell; Alice Vin. W. Woodard, Idaho Falls; Mrs. Frank J. Johnson, Salmon; Walter H. Hildreth, Pocatello; Frank M. Erickson, Moscow; John W. Johnson, Coeur d'Alene; Mrs. Frank Loveland; Oliver E. Elliott, Lewiston; Bishop Hyrum L. Hudspeth, Idaho Falls; Frank L. Godding, Gooding; Oscar C. Johnson, Ketchum; Mrs. Frank Bouldin, Colton; Wm. J. Boone, Caldwell; Miss Ethel C. Westfield, Idaho Falls; Mrs. Frank C. Johnson, Bryan, Boise; Hon. Fred T. Dibrell, Blackfoot; Mrs. Cas. W. Terney, Gowen; Mrs. R. J. Beers, Boise; Mrs. Ned V. Peck, Twin Falls.

That's so.

"A disgruntled telephone subscriber would never leave a good telephone." "Why not?" "Because he would come home instinctively if he found his line was busy."

OUR FELLOWS BET GOD ELKS HALL

The J. O. O. F. lodge of the Elks at the Elks Lodge over the Idaho theatre in the Stalls and Whalen building and with plans to build a hall, will transform it into one of the finest fraternal lodges in the state of Idaho.

The hall is a splendid one and affords ample room for the erection of booths necessary for initiatory work.

WAR MOTHERS ADOPTED MANY STRONG PLANS

Shareholders of the War Mothers' Shareholders' Association of the State Protest Against Concentration of Power and Favoritism of Some.

Strong resolutions on various subjects were passed by the Idaho War Mothers, at their Lawton convention October 12, to protest against concentration of power and favoritism of some.

One circular, "Particularizing" at the meeting,

The resolution favors the bonus bill, but against the war bond and paper public offering, the "Elks' Order's Own" story to discontinuing the name.

The following are the officers elected for the ensuing administration:

State War Mother—Mrs. MacKey—re-elected.

First Vice War Mother, Mrs. Howay—elected.

Second Vice War Mother, Mrs. Corning of Wallace.

Recording Secretary, Mrs. Yates of Nez Perce.

Treasurer, Mrs. Gross—of Shoshone.

Auditor, Mrs. Howard Stay of Wallace.

Historian, Mrs. Jane Scott of McCall.

Correspondent, Mrs. Sleight of Twin Falls.

Chancellor of Record, Mrs. Bennett of Sandpoint.

The following resolutions were adopted unanimously:

Resolved, that we renew our efforts to assist in securing the passage of a suitable law to prohibit the practice of women as tokens of appreciation for their services in our country in time of need during the present emergency.

Resolved, that the Idaho state chapter, American War Mothers, thinking it to be the best interest of the members, will not allow the foreigners now within our borders before admitting more of them, the petition on ratification of the peace treaty.

Resolved, that the Idaho state chapter, American War Mothers, in its convention next month, will protest against the cancellation of the foreign allied to the United States in the cause of the war.

Resolved, that each local chapter and each local chapter in Idaho send letters of protest to our various senators and congressmen, and to the president, as all the above have paid their soldiers a home for flight in the world, or at least a home in the United States. It would virtually place us in the position of putting the United States in a position of strength and at the same time, repudiating and refusing to pay additional compensation or a soldier's pension to the foreign allied to the United States.

Resolved, that we adopt State War Mother, Mrs. MacKey—re-elected.

Resolved, that we support the

Arch Preserver Shoe.

Resolved, that the radius of

the bridge to the happy feet

is a real bridge concealed in every Arch Preserver Shoe—an integral part of the shoe—built in. It keeps your foot archways in normal shape—supportive—so as intended for the foot to be happy.

Resolved, that the radius of

the bridge to the happy feet

is a real bridge concealed in every Arch Preserver Shoe—an integral part of the shoe—built in. It keeps your foot archways in normal shape—supportive—so as intended for the foot to be happy.

Resolved, that the radius of

the bridge to the happy feet

is a real bridge concealed in every Arch Preserver Shoe—an integral part of the shoe—built in. It keeps your foot archways in normal shape—supportive—so as intended for the foot to be happy.

Resolved, that the radius of

the bridge to the happy feet

is a real bridge concealed in every Arch Preserver Shoe—an integral part of the shoe—built in. It keeps your foot archways in normal shape—supportive—so as intended for the foot to be happy.

Resolved, that the radius of

the bridge to the happy feet

is a real bridge concealed in every Arch Preserver Shoe—an integral part of the shoe—built in. It keeps your foot archways in normal shape—supportive—so as intended for the foot to be happy.

Resolved, that the radius of

the bridge to the happy feet

is a real bridge concealed in every Arch Preserver Shoe—an integral part of the shoe—built in. It keeps your foot archways in normal shape—supportive—so as intended for the foot to be happy.

Resolved, that the radius of

the bridge to the happy feet

is a real bridge concealed in every Arch Preserver Shoe—an integral part of the shoe—built in. It keeps your foot archways in normal shape—supportive—so as intended for the foot to be happy.
