HOT NOTION DEBATED BY LETTUCE MEN

Wood of Kimberly Offers Resolution Scoring California Vegetable Union on Many Points

The Twin Falls Vegetable Growers' association meeting at the Park hotel this afternoon was electrified by a discussion which started when E. S. Wood of Kimberly offered resolutions denouncing the manner in which the California Vegetable union, organized the lettuce crop during the past year. Mr. Wood who is a member of the board of directors of the county organization closed in the affirmative that the California vegetable growers' organization had violated its five main pledges.

The resolutions follow:

Whereas, the Directors of the Idaho Producers Union organized the California Vegetable Union as selling agents for the lettuce crop during the season of 1923, the California Vegetable Union, by their representatives in meetings held in several parts of the district made the following promises:

1. Adequate and competent field service.
 2. Expert packers.
 3. Prompt payment for lettuce.
 4. Ability to secure sufficient market prices.
- All of which they have failed to do. Arguments for and against the adoption of field service: One field man was furnished for this district extending from Twin Falls to Arden, taking twice days to cover the territory. In consequence hundreds of boxes of lettuce were left in the field which could have been saved if the growers had had more service. We also claim that when field service was had, it was incompetent. Thousands of crates were turned down by our field men that could have been sold at a profit to the grower. As a matter of fact some were sold to another company at a net profit to the grower of \$100 to \$150 per acre.

Expert packers: The packers who were hired for the lettuce were utterly worthless, and through their incompetency and carelessness, they lost the growers at least a half million dollars at Kimberly two cars of lettuce.

Publicity: We were promised a weekly statement of markets and as well as letters to sell the lettuce in each of which it brought, which in no case has been done.

Prompt settlement: The statement made that 50 per cent of all lettuce was usually sold P. O. to loading station, and that the balance of the grower the highest market price. Where are the facts? Another company doing business in Twin Falls for the first year has been able to get for their growers from 50 to 75 per cent of the market price.

For these reasons and for many more, we therefore resolved that the lettuce growers of the Twin Falls district go on record as being opposed to the employment for the coming year of the California vegetable union as selling agents for the Idaho Producers union.

The resolutions were offered after the routine business incident to an unusual session had been finished. The resolutions were called to order by President E. S. Otto, who is vice president of this organization. The resolutions were not read at the meeting but were read at the annual meeting of the Twin Falls district. The resolutions were offered after the routine business incident to an unusual session had been finished. The resolutions were called to order by President E. S. Otto, who is vice president of this organization. The resolutions were not read at the meeting but were read at the annual meeting of the Twin Falls district.

Warm Debate on Motion: A warm debate on motion was held in the meeting. It was the general sentiment that in some ways the California vegetable union was a failure. The growers were inclined to distribute the lettuce in their own way. The union was not read at the meeting but were read at the annual meeting of the Twin Falls district.

Motion to Adjourn: The motion to adjourn was carried by a vote of 18 to 11. The meeting adjourned at 11:30 p.m.

CHAMPION BOY JUDGE TELLS OFF HIS RIF

Twin Falls Lad Who Went to International Livestock Show and Bought Fancy Piles on Return Journeys Tells of His Experience and Impressions.

Written for The Times by Milo Davis.

"One of the most disconcerting features of my trip to Chicago was the experience of traveling to and from there and seeing some of the wonders of this large city."

"At the Chicago International Livestock show was a wonderful exhibition of the stock of all kinds and breeds of animals, with such quality and great variety as I have never before seen. For persons interested in livestock there was enough of interest to see almost any day of the week and still they would not be satisfied that they had seen it all. In fact I was very busy from place to place trying to see some of everything, that I could not get the full benefit out of it."

"I was glad to find a place of my own kind and convenience in Twin Falls. I did not stay long enough to see much of the city, but I saw a few things that were very interesting. I saw a fine collection of the wonderful three Jersey cows and a few other fine specimens of the American livestock industry. I saw a fine collection of the wonderful three Jersey cows and a few other fine specimens of the American livestock industry. I saw a fine collection of the wonderful three Jersey cows and a few other fine specimens of the American livestock industry."

BIG DISTRICT FINDS FAVOR LEAS END

Speaker at Meeting Declares Sentiment Largely for His Meeting at Kimberly Tomorrow; C. W. Culver Held to End Endorsement for District.

That sentiment in the west end of the county is largely in favor of the American Livestock district, is the statement of J. A. Crum, who with President Frank Linton of the canal board, attended the meeting yesterday which endorsed C. W. Culver to succeed himself as member of the canal board. There was a large attendance. Mr. Crum stated on his return last evening.

The meeting was primarily for the purpose of selecting an out end candidate for the stockholders' meeting which will be held here January 26. A previous meeting held in Hansen, Idaho, which all stockholders had been invited, endorsement was given Mr. Culver, but it was declared invalid as it had not been advertised a sufficient length of time. No other meeting was called for until the meeting at Kimberly, Idaho, which was placed in nomination and the endorsement of Mr. Culver was given by the stockholders before the meeting next Tuesday. Following the endorsement President Linton and Mr. Crum returned to the benefit of the big district.

The meeting went on until approximately 11:30 p.m. when the meeting adjourned. The meeting was held in the city.

BEE-GROWERS MEETING CALLED FOR POCATELLO

Six Counties in the Eastern Part of the State Will Confer for Two Days Next Week at Pocatello, Idaho.
