Exports of Grain and Flour Announced Today

WASHINGTON, Feb. 12.—The department of commerce today announced the exports of grain and flour from the United States during the week ending Feb. 10 as follows:
Wheat, 1,140,000 bushels; flour, 1,140,000 bushels...

ABRAHAM LINCOLN

(Feb. 12, 1809—April 6, 1865)

(By BERTON BRADLEY)

Always he saw himself as but a man;
A spirit moving in an earthly clod;
Always he held himself as of the clan
That heaves the wood and tills the stubborn sod;
He had the gift to vision and to plan...
Simply and truly. All the ways he trod
Were humble, common ways; yet now we scan
Lincoln as one who came close unto God.
Man among men, rail splitter, servant, master,
Never he lost the simple human trait;
And thus he saved a nation from disaster,
Ere it fell in small things, ere it fell in great;
Walking by common ways at last to death;
Like that poor carpenter of Nazareth.

"HONEST ABE"

Again we observe the anniversary of Abraham Lincoln's birth in 1809. And it occurs to many of us that Lincoln is steadily becoming greater with the passing of the years...
From log cabin and obscure poverty to the presidency and international fame Lincoln towers as an indelible reminder of what America offers to real ability, regardless of humble origin.

Citizens Committee Work in Arkansas

LITTLE ROCK, Ark., Feb. 12.—From the rule of vigilantes in northern Arkansas, which resulted in the fracturing of one man, will be resumed at the legislative investigating committee in session today.

BRITISH LABOR AMERICA HAS HAS RADICAL TOO MUCH GOLD PLATFORM UP SAYS OFFICIAL

First Platitudes Denounces Reparatons, Would Move French from Ruhr Asks New World Conference and Recognition of Russian Republic; Resumption of Relations with Germany.

LONDON, Feb. 12.—The British labor party, the majority's opposition, outlined today the foreign policy it is attempting to enforce upon the new parliament.

Hammy Macdonald, leader of the party in the house of commons, said they would have four main points:
1.—Great Britain should recognize reparations claims under committee arrangements.
2.—French troops should be required to withdraw from the Ruhr.

He declared he would force an immediate preliminary discussion of a levy of capital.
"I propose that pursuit of will of the war reparations will be the greatest cause of America and all nations," Macdonald said.

EUROPEAN OFFICIALS ARE DISCRIMINATING AGAINST U.S. OIL MEN

WASHINGTON, Feb. 12.—American oil producers have been heavily discriminated against by European governments while on the other hand foreign oil companies which have been handicapped in this country, the federal trade commission today reported to congress.

The Royal Dutch-Shell oil company, composed of British and Dutch oil companies, is the largest oil producer in the United States. The Shell Union Oil corporation, a subsidiary of the Royal Dutch-Shell group, now controls 20,000 acres of oil land in the United States.

AMERICA HAS TOO MUCH GOLD SAYS OFFICIAL

Comptroller of Currency States That Half the Gold Supply of the World Is in the United States; Economic Stability Depends on Free Movement of Currency.

WASHINGTON, D. C., Feb. 12.—America has too much gold for its welfare, Dr. Cressinger, comptroller of the currency, stated today in his annual report.

Nearly half of the gold supply of the world in the United States, he said. Paradoxical as it may seem this concentration is as harmful to the United States as the lack of it is to other countries.

Evolutionarily it is based on the free movement of gold, he pointed out.
That in proportion to gold in liquid, free and safe to move about the world in the process of equalizing industrial and financial requirements, so we shall have an approximation to that stability of conditions which industry and agriculture wish with neighborly parties and form rain drops.

ITALIANS ACCUSED OF BELONGING TO MURDER TRUST

CLARKSBURG, W. Va., Feb. 12.—County and city authorities today notified several Italian slayer defendants to prove innocent under a new law.

Authorities completed raiding the alleged murder Saturday night. One of the alleged gangsters was captured as they appeared at a secret rendezvous.

ENVIRED FAMILY KILLED BY GAS FROM MAIN

PITTSBURGH, N. J., Feb. 12.—Six persons, an entire family, were killed here today by poisoning when a main burst.

RAIN AND SNOW IS MADE BY USE OF AIRPLANE OUTFIT

DAYTON, Ohio, Feb. 12.—The use of weather is a farce is dawdling. A specific locality providing rain will be placed on the open market by American aviation fliers.

The charged said, it was explained, releases the surface tension of small particles of water, permitting them to unite with neighborly particles and form rain drops.

L. F. Warren, a co-experimenter of Prof. General, declared the area over which the artificially induced rain falls may be regulated by the pilot who liberates the rain.

Any aviation flier, equipped with the electric sand device, Warren said, may give a rain or snow shower to a specific locality providing he has the clouds through which to sprinkle the water.

EDISON SAYS AMERICA IS DRY NATION

The Country Is Law Abiding as Far as Enforcement of Prohibition Is Concerned Says Thomas A. Edison on His Seventy-Ninth Birthday; He Expects to Live to Be 100.

WEST CHANCE, N. J., Feb. 12.—"America is a sober nation," said Thomas A. Edison today, in a speech before the Edison Society.

Edison was a great deal of old-fashioned cut and a collar and tie were archaic. His desk was covered with a variety of electrical contraptions.

The United States should modify its terms of trade with Great Britain, he said. He would accept one-half of one percent interest.

"The love stories in the movies," he said, "are a lot of nonsense." He said he would accept one-half of one percent interest.

PHYSICIAN WILL USE AN EYE OPENER FOR RIGOR EYE

PATERSON, N. J., Feb. 12.—Dr. Edward Morgan, a physician here, today announced that he would use an eye opener for rigor eye.

Albers Brothers Ship Load of Oats Sinks

REATH, Wis., Feb. 12.—Lashed by heavy winds and battered by high seas, the Albers Brothers ship sank today. The ship was carrying a load of oats.

NEWS OF THE SPORT WORLD

BIG TEN TITLE IN BASKETBALL GOES TO IOWA

CHICAGO, Feb. 12.—Iowa apparently has clinched the Big Ten conference basketball title today as the Hoosiers went into the final stretch of the season. The Hawkeyes have won seven straight games and remain undefeated.

One big upset marked the last game in regular play, the defeat of the strong Ohio State team by Purdue.

Three championship matches are on the boards for tonight. Iowa meets Ohio State; Minnesota clinches with Michigan and the Red and Black plays at Bloomington.

Cincinnati Manager to Argue National League Out of Flag

NEW YORK, Feb. 12.—Prepared to wield all the words he owns, Garry Herrmann, boss of the Cincinnati Reds, is here to argue the national league out of the pennant.

Herrmann figures that all but two teams have an opportunity to play for about 20 games and he wants to know why he can't have the pennant.

SPORT TABS OF EVERY KIND

STANFORD UNIVERSITY, Cal.—Frank Sullivan, editor of Spaulding's swimming guide, has paid the Cardinals the high honor of naming three Stanford swimmers as his all-American intercollegiate swimming team.

Four all baseball teams are working out nightly under the direction of Coach Harry Wolfers, former American and Pacific coast league star. Five newly made from last year's team are on hand and a nucleus for Wolfers' nine this year. A nucleus of eight players, the nucleus will be played every afternoon until the regular season opens, giving every player an opportunity to show the coach what he can do. Eighteen players are on the card schedule; the first two February 2, the last on April 22 with California on the local diamond.

Guard Against "Fib" With Musterole

Indigestion and Pneumonia usually start with a cold. The moment you get those warning signs get busy with good old Musterole.

Musterole is a compound that relieves congestion (which is what a cold really is) and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster, without the blister.

Just rub it on your temples. First you will feel warm tingles as the healing begins to penetrate the pores, then a burning cooling sensation.

Have Musterole ready for emergency. It may prevent a cold and relieve all "Fib" and "C" in jars and tubes. Better than a mustard plaster.

ALIAS SUMMONS

In the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County.

Hazel Wilson, Plaintiff, vs. Henry Green, Defendant.

The State of Idaho and the President of the Henry Green Union, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County by the above named plaintiff, and you are hereby directed to appear and answer said complaint, within twenty days of the service of this summons if served within said judicial district, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

Said action is brought to dissolve the bonds of matrimony existing between plaintiff and defendant.

Witness my hand and the seal of the said District Court, this 10th day of February, 1923.

C. C. CROGIN, Clerk.

Hodgins, Stephen & North, Attorneys for Plaintiff, residing at Twin Falls, Idaho.

Teaching America's Beauty to Ski

Katherine Campbell, America's prettiest girl, had a hard time learning to ski. Edson Morgan, most beautiful girl in Canada who was Miss America's host in Montreal, is shown carrying Miss America on her shoulders.

Deciding Game Goes to Fast Baraca Five

Saturday night at the high school gymnasium the Baraca basketball team defeated the Hollister high school 28-23 in the rubber game of a three game series, each team having emerged victorious earlier in the season.

(Gordon Erickson, the mazy center of the Baracas, was the big star of the contest, being joyfully backed by his teammates, each of whom performed creditably. Irwin Behnson, with 17 points, was Hollister's best.

Ship Subsidy Bill Will Be Laid Aside

WASHINGTON, Feb. 12.—Senator Jones, Washington, today agreed to lay aside the ship subsidy bill temporarily if the British fleet building bill can be passed without undue delay.

Jones tried unsuccessfully today to get the senate's agreement to a plan to limit debate on the ship bill beginning this Friday. When Senator Williams of Mississippi objected, Jones gave notice he would agree to give two hours a day to the bill, beginning tomorrow and devote the rest of each day to the ship measure. However, the deal will can be allowed with a few hours additional debate on Wednesday or Thursday, Jones said he would begin the measure aside for that purpose.

Otherwise, he said, he would begin holding public sessions of the senate Wednesday.

Another good time dance, Valentine day, Feb. 14. Carnival dance at Dance-land.

BOWLING TABS

The Rogerses (Cafeteria this week) bowling, with the Idaho theatre tonight.

Tuesday night the Bendall-Wright Auto team will try and defeat the Wright bunch but they will have a big job.

The Idaho theatre team still stands at the top of the list with a percentage of 88.2. The I. D. Stone team comes next with 88.1, Troy Laundry ranks the same with 88.2, the Stone Market is just a little behind, with 88.0. Wright's store comes fifth with 86.0. Bendall-Wright fifth with 81.7. Rogerses Cafe sixth with 81.5 and Alvord and Mott are tied seventh with 81.5.

Desert Oases.

The oases are places in the desert where water comes from the more or less distant mountains breaks through a layer of sand, or is helped through it by the digging of wells. Practically nowhere in the desert is rain entirely unknown, but often, none falls for years, the cause being that the prevailing winds tend to be from the center of the region toward its edges, and so carry little moisture.

The policy of the fellow who is already caught in crime is to try and turn the spotlight on some other individual in order to take the spotlight from him. This thing is being worked right here in Twin Falls from time to time and the devil is back of the movement. Many innocent people are allowing themselves to become a party to the crime because they do not differentiate between the crooks and the other class.

We have been informed by one of our readers that no head lettuce was grown in Roseworth during the past summer as stated in the Burley Herald last week and reprinted in our Saturday issue. James T. Fay was interviewed in by the Walla Walla Bulletin and gave out some glowing facts concerning the Twin Falls tract and especially the southern part of Idaho in general. It may be that the Bulletin misquoted what Mr. Fay said because it is generally pretty well known here that no farmers are left on the Roseworth tract worth mention. In fact, we understand that there are only two of the Brooklyn settlers left there.

This is Boy Scout Week in Twin Falls and every one not interested in boys should take some time off this week and study this specie of the genus homo and interest himself and herself in this greatest of all beings that inhabits the earth today. Twin Falls has not fathered this movement as shouldhood because most cities of this size have seven or eight hundred Boy Scouts and here we have only about 150. We could have many more if we would finance the movement. Let's get back of the Boy Scout work and help make better men out of boys and make better women out of our girls. Much can be done and the movement needs your cooperation and support. We need your real self more than we need your financial help but let's have both. If you haven't a boy of your own help some other fellow's boy. We believe that this is a good investment and will pay the largest dividends.

Today we are celebrating the birthday of one of the greatest men that ever trod the earth. His name is revered not alone in America but throughout the world he is remembered because of the noble principles which he stood for and the high ideals of civilization which he fostered and sponsored. He not only freed the slaves in America but he struck the shackles from slavery throughout the world. The great lessons which Abraham Lincoln lived and taught by his example are being re-lived throughout the world. There is an old maxim which runs something like this: "What you are speaks so loud I cannot hear what you say," and this was verily true of Abraham Lincoln. He was not such a wonderful orator but he lived his thoughts so loud that everybody heard them whether they came under the sound of his voice or not. Let us today live the life of the sturdy, upright emancipator in our short sojourn here and try in a small way to exemplify the great ideals for which Lincoln stood during his remarkable life.

The fellow who parades his goodness is very often called a "Sissy" and nothing is more disgusting to other boys and men than a sissy. On the other hand, we do not believe there is any good to come from parading our wickedness and the old-time preachers who tell a harrowing tale of how deep down in the gutter they were when God saved them is not the kind of preaching we are looking for today. Neither do we care for the fellow who tells us how wicked our city is and how much vice and crime there is in Twin Falls. But we do honor the man who goes out and gets the evidence of this crime and helps present it to the court and convict these law violators. No father or mother likes to have any one get up in public and point the finger of shame at their boy or girl but any reasonable father or mother will appreciate your coming to them and telling them in a manly way of the waywardness of their child and the pointing out a better road for that one to travel. There is no place here for grandstander.

PIKE BILL INTENDED TO SAVE MONEY

In attacking the Pike bill for the raising of Twin Falls county into the first rank, some objectors assume that the principal effect, if not principal purpose, is to raise the salaries of the county board. They mention the monthly allowing of bills, indeed, and the continuous session of the board, but treat these features lightly. The value of monthly payment under the construction of the law by Attorney General Black's office, was a distinct advantage to the county. In the first place it enabled the county to buy more cheaply, and at the same time proved of benefit to the merchants who get cash more quickly.

In another way it also helped. Where bills are allowed to run three months, there is a tendency to spend more readily than if the payment and the checking up is made every month. The city and the school board pay monthly. There is no more reason why the county should extend its payments for a whole quarter, to the discomfort and inconvenience of its employes than there is for the city to do so. A constitutional amendment during the whole trouble in all counties is commendable, but if the Black construction of the law as it stands is correct, prompt payment can be secured through the enactment of the Pike bill.

Former Prosecuting Attorney Frank L. Stephan says that he found the policy of paying monthly under a first class county classification in effect when he took his office. He was informed that the office of the attorney general ruled on it and knew that this system prevailed elsewhere. He did not make any examination of the statute for the purpose of handing down an opinion in

regard to first class counties. When the county was reduced to the second class he was asked by the commissioners whether they would continue to pay monthly and he gave his opinion that they could not. He never did pass formally on the question of monthly payments by counties of the first class. He believed they would and that monthly payments should be made if possible. The courts have never passed on the question whether first class counties could pay bills legally every month or not. In addition to the financial benefits of monthly payments, the reduction in the number of employes where the board is in continuous session is well worth careful consideration.

These facts, with the very frank statement of Senator W. F. Pike and the assurances of the commissioners ought to convince anyone of the good faith of both the senator and the board and refute the insinuation that the bill is intended as a salary grab. Any one who can get the courts to reverse the ruling of the attorney general's office, acquiesced in or approved by various county attorneys in different counties and make some bank pay back the money expended on the ground of collusion.

IF LINCOLN SPOKE TODAY

If Lincoln, man of tempered mold,
Should speak to us today,
What would his word to us unfold
Of progress in his day,

What would he say of racial strife
Against which he gave his life,
Of selfish greed and lawless life,
That heeds not God's high call?

What of the chains we forge anew
In shop and market-place;
The slaves we make to serve the few
Not to uplift the race?

What would he say of bigot's plan
To shackle freedom's mind,
To keep us with the tribe and clan
Traditionally blind?

What healing words for open sores
Left by war's heated breath,
For ills that love alone restores,
While malice gives but death?

O Captain, breaker of men's chains,
Speak to us as of yore,
Touch us that only love reclaims,
And leads forevermore.

—ARTHUR E. COWLEY.

Bible Thought for Today

THEY SHALL NOT BE WEARY.—They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk and not faint.—Isaiah 40:31.

PUBLIC FORUM

SENATOR PIKE EXPLAINS COMMISSIONER BILL

The Times Publishing Co., Twin Falls, Idaho.

Dear Sirs: You will note that this morning I introduced a bill which would place Twin Falls county in the list of first class counties, where it was, three years ago, until the session two years ago.

I did this in direct response to a ruling that was made by the county attorney of Twin Falls, which ruling had previously been made by the former attorney, to the effect that it is of doubtful legal standing for county commissioners, of a county of the first class, to pay salaries or other bills outside of the quarterly. It is a fact that many counties of the state are doing it, but it is also a fact that they are probably in jeopardy and might receive the same treatment at the hands of the law for so doing as was used out to our school trustees and our highway board. The savings in discounts by paying bills every thirty days instead of every quarter is very considerable. The present county board has evidenced their entire willingness to go on to a first class basis and have announced their intention of so doing whether the county is put in the first class or not. The things we have mentioned they cannot do under the legal statutes of second class counties. By giving all expenses they would be able to dispense with at least two paid employes, which action they have already taken.

Under the constitutional provision that salaries raised during a term of office cannot apply to that term, the commissioners are forbidden to create any increase during the biennial, despite the fact that first class counties carry higher salaries than second class counties. By the unanimous request of the present board, I will say that the change is made regardless of the fact that a raise of salary does not go with it, as they believe it best for the county. It would seem therefore, that the county stands to gain very heavily in the matter of saving money by becoming a first class county.

The Twin Falls delegation is anxious to receive the ideas of the public in this matter. The bill has been introduced with the intention of allowing the various counties of the state to be heard from in order to receive any suggestions or criticisms. This bill will be in committee for a week or ten days, in order that all may be heard. We have already received extensive opin-

ions in favor of the change, but there is any decided opposition we want to know. If you care to bring this matter to the attention of the public, we shall appreciate it. Yours truly, ILL. W. PIKE.

COUNTY CLASSIFICATION

Regarding the proposed change of Twin Falls county from its present rating of second class to that of first class it occurs to me that I may be in a position to explain the situation. I was responsible for the bill making it a county of the second class before introducing that bill to the senate two years ago. I took counsel with the attorney general and was advised by him that the classification of counties in Idaho had to do only with the amount of the salaries of commissioners. This can be verified by reference to the code. The state constitution provides that the county commissioners shall pay all the county salaries and other expenses quarterly and a statute contrary to this of course would be null and void, though passed by both houses of the legislature and signed by the governor.

The commissioners may take a recess from one month to another and in that case may continue to transact business, whether they are classified as a county of the first class, the second class, or of the third class, if they are willing to spend the time, but to change the classification from the second class to the first class, as proposed in Senator Pike's bill, simply means that each of our commissioners will receive \$1000 a year instead of \$500, as at present. This difference in salaries of the three commissioners of a county of the first class instead of a county of the second class, will amount to \$1800 per year.

It was for purely economic reasons that I introduced this bill two years ago, and I quite agree with your editorial that the financial condition of our people is such that they are unable to increase salaries but this time Very truly yours, ILL. W. PIKE, Twin Falls, February 10.

... AT THE THEATRES

TWO BOXING BOOTS IN NEW CHRISTIE COMEDY

There are two boxing boots in "One Stormy Knight" an Educational Film "Christie Comedy" coming to the Idaho Theatre today. Two prominent California middleweights, Joe Coffey and Matt and Jeff, fight a real round before the camera. Then a comedy scene is staged between two of the Christie comedians, Henry March and George Durbin, who are about as near the camera as any of the comedians in the film. Matt and Jeff, when the big boy is knocked to the floor and the referee picks him up to declare the winner it seems perfectly reasonable that there should be a riot as there is. This is all part of the new Educational Comedy Theatre, featured pic-

ture. Into comedy comedians that make one of the finest of the new series of Christie Comedies.

"ORPHANS' PICTURE GRIFFITH'S GREATEST" A motion picture development of a scope never before equaled, and presented in a manner far more colorful than any yet attempted, is what Mr. W. Griffith promises the people of Twin Falls when he presents for the first time in this vicinity the New Orphan's picture for a limited engagement beginning today, his latest work, "Orphans of the Storm," an Artistic Corporation release. The picture is really an expansion of D'Annunzio's famous old stage classic "The Two Orphans."

Mr. Griffith announces that he has taken the classic's original version and added to it characters and scenes of the French revolution on a gigantic scale. Ten thousand actors were used by Mr. Griffith in the making of this picture. The title roles are played by Lillian Gish and Dorothy Gish. Other principals are Joseph Schildkraut, Frank Lester, Catherine Emmett, Morgan Wallace, Lucille La Verne, Monte Blue, Stanley Herbert, Sheldon Lewis, Frank Puglia, Crestina Hale, Leslie King, Ruth Bruce, Leon Kulkarn, and Adolphe Lestina.

AT THE LAVERING The program at the Lavington for tonight will be "Desert Gold," the story by Zane Grey, and described as his greatest motion picture. In addition an interesting story of movie life will be shown, which interest is already being shown in the coming of the Pathé serial on next Friday and Saturday, featuring "Clara Huchison" and said to be one of the most thrilling pictures ever made.

The joy of motion, which we are all trying to enjoy, seems to have found a receptive chord in the new vehicle of the Motion Picture of George M. Manno, the noted cartoonist which is to be the attraction at the Lavington Theatre Feb. 19 and 20. "The Great Stage Version" based on the famous comedy of Mr. McManis, "Bringing Mr. Balthazar," is entitled "Father on his Vacation." In this most entertaining of the "Father" series offered thus far, it plays Maloney.

Little Bobby was watching his aunt comb her hair. Seeing her take her switch to brush it out, he looked at her with surprise and said: "Oh, Auntie, is your hair broken?"

DEAR TO ALL OUR HEARTS

Small Ted May Not Have Been Exactly Right, but He Was Very Close to It.

The county superintendent stepped into the county district school last night in the state grand class in geography was preparing to retire, says the Lamson City Star. The lesson was on the geography of the United States, and after the regular recitation the teacher invited the superintendent to ask the class a few questions.

"Now, who can tell me the name of the largest state in the Union?" the superintendent began.

"Texas," replied a little girl, proudly.

"That's right. Now, let's see what is the largest city in the United States?"

"New York," eagerly.

"Correct again. Can anyone name the New England states?"

"Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut," a boy rattled off brightly.

"That's fine," praised the superintendent. "Now, some one tell me the capital of the United States?"

"Washington city," came the reply.

"Good! And a wonderful city it is. Who can tell me what building is located there that is very dear to the hearts of citizens of this country?"

"There was no answer this time. Finally one little fellow held up his hand.

"All right, Ted, you may answer," the teacher put in.

"The United States treasury!" Ted gulped.

ROY KIRKMAN.

FARM PRODUCT SHIPMENT OF GREAT MOMENT

Train Longer Than from Twin Falls to America Falls for Product of the Past Year.

With engines, the freight trains which carried farm products from Snake river area would make a train reaching from Twin Falls past American Falls, according to the figures compiled by the Oregon Short Line railroad.

The following are the figures: Wheat, 2,000,000 bushels; Barley, 1,000,000 bushels; Flour, 490 cars; Hay, 250 cars; Apples, 451 cars; Other fruits, 47 cars; Potatoes, 250 cars; Hides, 360 cars; Livestock, 629 cars; Eggs, 300 cars; Total of these products, 912 cars.

This report does not include the 11,000 acres of lemons the Oregon Short Line produces, nor poultry products which would add another 200 cars of products exported.
