ENRAGED LINE UP FRONTED UPON BY SOCIALISTS

British Splendor Warned Against of Wedding of Duke of York and Lady Elizabeth Bowes-Lyon; Violence Possibility.

LONDON, April 25.—British socialists warned today that extravagance involved in the royal wedding of the Duke of York and Lady Elizabeth tomorrow is leading to "bloody revolution or economic collapse."

As for poverty, nobility and the American visitors who have poured into the city, the socialists are protesting and presents for the great event, they are in a flurry of excitement.

"Conditions in England are rapidly approaching the state of things that existed here before the war," said the socialists, "and the sixteen half his head cut off," a labor member of parliament protested.

The extraordinary hold which the house of Windsor has upon the country, the socialists always held their fears on this subject.

When the modest general girl whom tomorrow's event may be creating a future queen of England, drives with her prince through miles of human beings, the socialists are sure that the abbey, there will be no stir of cheers.

And because of the extraordinary popularity of the princess, that of the bride being second only to the public admiration accorded Princess Mary, their health will be drummed out and the bells of London and the bells of the aristocratic ones on St. Peter's and St. Paul's.

There was perceptible even at an early hour today, a grudge-drift, a group of the city's population toward the scene of the royal wedding and the route of the procession.

## FILER LOSES, 4-0 TO TWIN FALLS TEAM

Major of the Indians. In rehabilitating the Cleveland ball club, I feel that we have already accomplished much. Three new players, Lutzke, Sumner and Myatt, will add much needed strength to the Indians. The spirit to win in uniform with every player. The boys have forgotten they ever won a world series in 1920. I am hoping at a first division berth. The fourth place will look pretty good to me. I want to stick around the first division if I can hold down a berth there, first place is never very far away.

**SPEARHEAD**

**HENRY H. GRAHAM**  
(Lance) Garritt was a fine ball team yesterday. The boys were very brilliant tonight but he dimmed everything in the consolation game by striking out Filer 4 to 0 Friday afternoon. Filer (Coach, Hanson) of the defeated team, who was defeated in the man who was first in every event during the autumn football season in the state in which the Bruins won the state championship.

Garritt's record of seventeen clean strikeouts is probably the best in the state. Ed Muszell, his battery mate turned in eighteen of his team's twenty-seven putouts. Filer hit one eye, ran inferiorly to the pitcher, who is at least half of any star battery combination. Garritt had blinding speed yesterday; he had excellent control as proved by his giving no walks. He threw well, but it won't do to go any farther without giving due credit to Jake Schaeffer, the Filer pitcher, who in his recent form yesterday and with a little better support he might easily have upset the dope and made one box score all wrong. He permitted only seven hits, which is a good record for any pitcher, and only one of the blows yielded by him was a two-bagger, that sprang from the bat of Johnny Nye.

With both pitchers in great form the Indians fought by themselves and rapidly "blasted" Hanson's team in the second inning. "Slim" Hammond singled to center and came all the way home on Nye's leg, but when Kent Geary hit the fence, Nye, himself, came in a moment later on a wild throw by the pitcher.

From the second until the sixth the score stayed two to nothing and Filer was giving the Indians an equal level with Twin Falls. Something happened in the sixth inning but it did not bring the Filer ball hitters any nearer their objective. For Muszell began by singling sharply to center. Jamison hit a fly for at least after Muszell had wiped second and then Muszell ambled home. Hammond singled through the pitcher's box, tallying Jamison and then proceeded to steal second and third. Scott, replacing Nye, ended the inning, however, by whiffing.

Filer threatened seriously in only one inning, the eighth. It was given a life when Scott fumbled his grounder. He got to second when Geary hit Filer. Don Schaeffer singled while Batteries, hitting for Cole, struck out. But Lapp singled to center on which Deal raced third and Deal to second. "The Hit" was not quite deep enough over the plate.

With the sacks stacked and endangered off the bag and was finally trapped and run down by Muszell and Cole. From the latter getting up, Albert Aman's strikeout crushed Filer's hopes.

## BIG TIME CHIEFS SIZE THINGS UP

With President Harding watching him, Babe Ruth hit his second homer out two strikes, drove in two runs and scored one, the Yanks beating Washington 4 to 6.

Three runs scored in a ninth-inning rally off the "captain" pitcher. Shantz stopped the winning streak of the Cleveland Indians and gave the Tigers an 8 to 7 victory.

After the Hobbs had knocked House out of the box and scored four runs in the fifth inning with out, Fred Johnson, rookie pitcher, stopped the rally and the Giants won the game 7 to 2.

Tolin scored when Eddie Collins pitched a throw on an attempted double play and the Browns won the White Sox 1 to 6. Van Gilder, who won the only previous victory for the Browns, was on the mound.

Three runs on three scratch hits were all the Red Sox could get out of the Yankees and the Athletics won the game 7 to 2.

## Three Pitched Balls All Came Back Hard

Byrd Hodges, big left-handed pitcher of the Chicago Nationals, recalls with a shudder the first three balls he pitched last spring in an exhibition game against Denver of an exhibition league. At the time Hodges was a member of the Austin, Mo., Western association squad.

"I tossed the ball to the first batter and each one hit the first one on a line back to me," said Hodges. "And every one of them hit me, once on the leg, once on the thigh and once on my side. I was almost afraid to throw the fourth ball."

"And after that you bet I didn't fool with those hitters any more, I gave all I had."

## Roy Patterson Signed by Tierney as Umpire

Roy Patterson, who a number of years ago played for the "big boys" of the major leagues because of his pitching ability, has been signed by President Tierney of the Western League as a member of the first staff of umpires.

Finally Gets Letter

Because he introduced baseball at Ohio Wesleyan 37 years ago, Rev. Dr. F. S. Mitchell, seventy-seven, a retired minister now residing at Urbana, Ohio, has just been awarded the "very athletic" medal awarded by athletic officials at the university. Rev. Mitchell graduated from Ohio Wesleyan in 1887.

Many Unnecessary Deaths

From 12 to 14 years have been added to the average human life in the last half century, due to the progress of medical science. But 600,000 persons still die in the United States annually from preventable diseases.

## POLO FORERUNNER OF BALL TYPE OF SPORT

Game is Progenitor of All Past-times Played With Ball and Is 2,000 Years Old.

To many Americans, says a writer, baseball seems to be the oldest game played with a ball and bat. They forget that polo is the progenitor of all games played with a ball and a bat, and that the game has been played in the world since the earliest times.

Polo, the recreation of Persian horsemen of the days of Darius, was the sport of Indian gentlemen of the time of Charlemagne, the game of the Chinese, and the game of the Persians. It was introduced into California by Commodore Perry in 1842, and was introduced into the United States by Commodore Perry in 1842, and was introduced into the United States by Commodore Perry in 1842.

DAYTON, O., April 25.—The endurance record making airplane T-2 with Lieutenant John A. Macpherson and Captain Kelly aboard, departed at 12:30 p. m. for Mitchell field, N. Y., and expected to land within five hours.

If the weather is favorable next Wednesday the T-2 will start a non-stop transcontinental trip to San Francisco, Cal.

Macpherson and Kelly piloted the T-2 in a 24-hour record last week during which they traveled 2216 miles.

Both men were being cheered today.

NEW YORK, April 25.—A certain check-up was being made today into the sources of a dozen fire-wrecking various sections of Long Island, called forty per cent of the fire fighting force of New York to be in action at the same time.

Four fires in Far Rockaway caused damage in excess of \$250,000. One man was overcome and three flames cut seriously by flames. A building burned in Coney Island with \$200,000 damage.

Scene: New Yankee stadium, New York, largest ball park in the world. Time: First game of the season. Babe Ruth, "The Yankee" hit his first home run in the new stadium. Babe Ruth, home of Swat, at bat. Two balls and two strikes. Topky.

## JACK DAW IN BALLOON LAND

The first thing that attracted Jack's attention in the Balloon Land playground, was a football game. It was the funniest game Jack had ever seen. A group of balloons would line up on high sides and then rush out to kick a balloon football which was on the ground between them.

## GEN PEPPI

If the football went sailing into the air, the little balloons would float right up after it. Thus, most of the game was played over Jack's head. Every now and then a balloon would kick at the football, but would accidentally hit another balloon instead. This always made Jack laugh heartily.

## Millions in 1923 for Thoroughbred Owners

Purses distributed by race-track owners in North America will exceed the unprecedented total of \$100,000,000 in 1923.

The entire record is \$20,000,213, made in 1922. Of that sum the track in the United States paid over \$20,000,000 to winning horse owners. The Canadian track paid out more than \$1,700,000, and the rest of it was made up by purses donated in Cuba and Mexico.

In 1905, which was considered by many as the "golden age of racing," the total money paid out was \$5,000,000. That remained a record until 1920, when the figures went to \$17,775,000. In 1922 they jumped close to \$25,000,000.

The odd-year in racing was 1911, when the horses were not active in New York state, and the total paid out in North America was only \$2,357,507.

## Drawings by Leslie Elton. Story by Hal Coburn

Story: Since a balloon was blown, the next would be to see if it would float back into shape again. Jack never did, and his side was the same. It showed that when the balloon was blown the football ran out of wind. Copsy Bahk suggested the follow-up again. (Continued.)

# OREGON TRADE MEETING HERE

## Secretary Meacham of the Association Will Attend for Baker and Towns Between Hagerman and Burley Will Be Represented Thursday Afternoon.

In order to promote the completion of the hard surface by either gravel, brick or concrete, all the leading points of the Old Oregon Trail, which will be the first complete highway to be improved in this section, the committee, there will be a conference of representatives of the different points in the southern Twin Falls tract, Hagerman and Hagerman valley at the Twin Falls Chamber of Commerce building, at 10 o'clock tomorrow afternoon. Walter J. Meacham of Baker, managing secretary of the Old Oregon Trail association. A large attendance is anticipated.

There are only a few places on the old trail between St. Louis and Fort Union which are not now either gravel or hard surfaced and it is hoped that there will be a large attendance at the meeting to complete the stretch between the Twin Falls chamber of Commerce building and the meeting place. It is hoped to take an adjournment to meet this community at this time. It is hoped that the finishing of the complete route will be the means of increasing an immense amount of travel between the Twin Falls and the western coast by other routes, which are not either paved or gravelled.
