TREGOICALFA, Honduras, May 2.—The woman held here as Clara Phillips, Los Angeles hammer slayer, and her woman companion, succeeded in beating the photographer and a jail guard in a hand-to-hand movie fight over a camera.

The photographer had gone to the jail to take some pictures. She steadfastly refused to permit, but he snatched the camera anyway and despite the presence of the guard the woman hurled herself upon him in an effort to destroy the film.

The woman displayed great physical talents and an actual genius for fighting. They were so determined that the reporter badly needed the assistance of the guard.

But the woman proved all night her hell, at no breakfast, was carried to the scaffold and as the noose was adjusted.

Plump Cheeks and Bright Smiles Mark Russian Children Saved by A. R. A. From Perils of Famine

An infant industry whose gross returns for the first eleven months of its existence were in the neighborhood of \$14,500,000 is being liquidated. On March 15 the American Relief Administration of which Herbert Hoover is chairman discontinued its sales of food and clothing remittances to Russia. The sale of food remittances began late in the fall of 1921 and the sale of clothing packages started in November of last year. More than a million \$10 food packages were sold and more than forty thousand \$20 clothing packages. The delivery of the packages continues even though the sale of the remittances has ended, for, although some deliveries are completed roughly three months from the time of purchase is the usual allowance made for the receipt of the package by the designated consignees in Russia. The operation was conducted by the American Relief Administration in connection with its elaborate and expensive relief program by which, it is estimated, that no less than 11,000,000 Russian lives were saved. It was carried on without profit, the excess of selling price over cost being used to extend the food-relief operations and to pay the administrative costs of the whole relief operation so that, as Mr. Hoover writes in his report to President Harding, "there has not been a deduction of one penny for A. R. A. administration purposes either from the funds provided by Congress or from funds provided by public charity in the United States." The A. R. A. is continuing its work of child-feeding in Japan, and will continue it, at least until the next harvest. Provision has been made to give a supplementary meal daily to as many as 35,000,000 children, principally those in government houses, orphanages and hospitals, where maintenance is still lacking in extent. Medical relief will also be continued among the 12,000 hospitals and institutions to which supplies have already been distributed, selected to be made in accordance with the degree of efficiency in management and with the need which exists.

QUESTION AND ANSWER BOX

(Conducted by Auntie Sue.)

Q. Dear Auntie Sue: Here I am with another question, but you don't mind because you are an answer girl, don't you? I have been reading about cultivating a personality. I am only 16, do you think I can go to young to start cultivating it? I likely you would not be successful now. How could I start to read? I am not very popular with the girls at school but try to be as sweet as I can. I am sure that a personality will help me. With bunches of love and best wishes to you, Auntie Sue. So long, my dear. A. A personality is an asset to any person in the world, Pal, and you are not too young to give thought to such an accomplishment. I would suggest that you start by reading "The Making of a Girl" by Lovett, and "Talks to Freshman Girls" by Brown. Then if you wish anything further, which I hope you will, write again more fully of your needs, or better still, arrange to come in and see me. I will decide better on what to give you. You might also try for what you can get from "The Major" of course by Jordan.

Q. They say when in doubt, consult Auntie Sue. So be it, my dear. We have formed a card club and are in doubt about the price. The boys and who looks none too experienced to play chess so is it wrong if winning, for either to accept the prize? Thank you—In doubt. A. It would be more graceful for both parties to decline the prize, allow it to go to the person holding second honors. You are very welcome.

Q. Dear Auntie Sue: I am going to be married this month and we want to keep our marriage a secret until we have managed to get away to lay up a home. Is there any paper class appearing where the marriage license is not published in the paper—T. T.

A. Please, dear, you are all wrong. The greatest handicap in your world results from an effort to do "your own thing" and neighbors in the way of things. It is never his fault, so don't do it. Don't attempt it. Likely you would not be successful in the keeping of the secret anyway, and you'd only embarrass and embarrass yourself in the effort. Always, there is a better way than that. Think again please.

Q. Dear Auntie Sue: Since I quit using shaving cream on my face, it has become dry and scummy and tight. When I use just a little bit of powder it shows up so plainly. Can you advise me how to get my skin into a better way than that? Think again please.

A. Use a good cleaning cream and if necessary a night cream, or leave neither, and believe that after a time the annoying tightness will disappear. And as to the redness likely that is due to the irritated skin. Mental calm is the solution, as I would suggest that you take steps to acquire it. Read "The Majesty of Calmness" by Jordan. Look to your diet and exercise, to my dear, and see that nothing impedes the circulation of the blood. You are very welcome.

ISOLATION OF SHELBY MONT. HANDICAP TO FIGHT BACKERS

Gotham Fans Cannot Understand How Anything Can Be Staged Outside of Their Own City.

By HENRY L. FAIRBELL (U. S. Staff Correspondent).

NEW YORK, May 2—The calling for a Dempsey-Gilboa heavyweight championship bout in Shelby, Mont., on July 4, was placed before the end of the week according to Jack Kearns, the champion's manager.

While Kearns and Eddie Knao, the manager of Gilboa, both say they are ready to accept the terms of the proposition, New Yorkers are not looking for the maps too intently through the characteristic Manhattan habit that nothing big can be staged outside of New York.

Boxing fans of Montana, which are reported to levy a state assessment of 50 per cent of the receipts for war relief funds, are being asked to take a financial impediment that even the richest Tex. Rice, would not take a chance in a fight over.

The isolated locality of the little mining town, it is argued, does not make it impossible for many New Yorkers to find their way to the remotest Tex. Rice, would not take a chance in a fight over.

COUNTY GRADE SCHOOL TRACK MEET WILL BE HELD AT FILER

FILER, May 2—On Monday afternoon at the county fair grounds occurred the elimination contests of the schools in the district that will compete in the mammoth track meet, here on Saturday for more than 40 of the best schools of the county.

The track meet on Saturday will be the second annual event of the kind ever attempted in this county and is arousing as much interest as the meet of last Friday that was participated in by the high schools of southeastern Idaho.

Twin Falls county has been divided into nine athletic districts representing about 40 grade schools. Twin Falls city grade schools and the high school are being barred from the meet on account of the superiority of numbers and equipment of an athletic contest for the small county schools that are limited both in the number and quality of their school plant and equipment.

Tree Outlines.
The thing next in beauty to a tree is a good cigarette. Its very qualities are always revealed, and its hold on the sky seeming so unbreakably assured, and the outline of its, the strong green of prosperity and promise which every slender twig bears and reveals in its tiny gray buds.

The Value of Shade.
Reflections and shadows form an important aid to decoration. The shadow of a spray of roses or a group of tall grasses against a light wall or table is very beautiful. So is the reflection of a well-planned group of furniture or pottery in a mirror. A gray silhouette of a vine is sometimes painted on the window shade of a sun-room to give the effect of a shadow.

Oldest Among Owners

Benno Dreyfus of Pittsburgh and Charles A. Stoneham of Brooklyn are the oldest club owners in the major leagues. Dreyfus has controlled the Pirates since 1900 and Stoneham was elected president of the Brooklyn club in 1908. The Giants passed into the hands of Charles A. Stoneham in 1916. The Cincinnati Reds have been handled by August Herrmann for twenty years. William S. Halpern and others took hold of the Phillies in 1913. George W. Grant bought the Braves four years ago. William Wrigley and partners purchased the Chicago Cubs' franchise in 1918, and Samuel Bronfen became the principal owner of the Cardinals in 1920.

It is reported that Columbia is to pay its football coach \$15,000 a year, judged from past performance. It was reported the services of a superintendent to produce a winner at Cornell.

Origin of "Patton."
A person who lies long in bed is likely to be lacking in energy, and probably in courage. A modern word making a cowardly state of a sun-room for the Polton now means a dastard, but originally only a sluggard and is derived from the Latin *patere*, to suffer. Another relative German noun, *quiescere* from which we get *quiet*.

WATCHING THE SCOREBOARD

Six runs down in the seventh inning the New York Yanks for the second time pulled a great rally and scored eight runs to win the game, and they beat the Senators 3 to 2.

A pass to O'Connell, Snyder's single, a wild throw by High and Gianco's error on the field gave the Giants a 2 to 1 victory over the Robins.

Cy Williams hit two homers, a double and a single but they weren't enough, and the Pills lost to the Braves, 12 to 10.

Simon by Duncan and Bohne, and a wild throw by Heathcote gave the Reds the only run against Knickerbocker, and the Cubs won 3 to 0.

After a single to right field, a double by Perkins, hit in the ninth inning, broke the tie, and the Red Sox won from the Athletics 6 to 4.

Cherry's homer with Miravento's base batted the Pirates' break the winning streak of the Cards with a 5 to 3 victory.

The fifth homer of the season for Cy Williams in the ninth with Zobos on second two runs hit Laverette stopped the rally, and the White Sox won 4 to 2.

Depressed pushed over a run in the first half of the ninth but the Tigers came back with two and won the game 6 to 3.

I'd have won the 1922 pennant. Phillete couldn't do it all by himself. Flip Collins, as good a pitcher as there is in the country, will be with him next year and we'll coast."

Pratt is delighted with the shift from Boston, according to Detroit scribbles. He was not contented in Boston.

Daily Fashion Hint. Many of the latest frocks in silk and wool, as well as in tub materials (except of course the hosiery), are monograms that give them an air of exclusive distinction. The style of the monogram is often indicative of the discriminating taste of the wearer. This dress may be carried out in respect of color, with or without an electric effect. It is also effective in wool jersey and in light-colored materials. Medium size requires 3 1/2 yards 44-inch material.

BEFORE THROWING IT IS WELL TO WARM UP. This May Be Best Done by Two Players Tossing the Ball Back and Forth. Before throwing the ball with any speed the players should always warm up well. This may best be done by two men tossing the ball back and forth between them at first for a short distance and later for a longer distance. Both players should always throw or toss and not land in practice. The result is they will have deep grooves or arms that are permanently injured.

Change His Gloves and Is Now Big Star. When Terry Cobb became manager of the Detroit team in the spring of 1922, he was reported to him in San Antonio (Tex.) training camp Sammy Hale, an outfielder, because he could not hit. Cobb's feeling was the first big worry of the new manager. Hale's hands were anything but sure. He played ground-ball balls badly and he fumbled more frequently than not. Finally Cobb decided that Hale was unable to field because the glove he wore was too small. He tried to induce Hale to adopt a large, loose-fitting fielder's glove, but Hale stuck to his little brown one, claiming that it felt more comfortable.

Pitcher John Cooney. Fred Goodie added to his fame by his victory in the recent flag bicycle race in Madison Square Garden. He has scored eight victories in New York since his first with Tom Switzer in 1915, as well as other triumphs in Paris and Chicago and has the one-mile sprint record of 1:47 4/5.

AT THE THEATRES. RICHARD BARTHELMEUS MOHRS ANOTHER SCREEN SUCCESS. Richard Barthelmess, star of "Tall Boy", produced one of his latest best pictures of the present season, which has the feature at the Orpheum theatre this week in his latest First National attraction, "Sonny". This is the illustration of the stage play by George Hobeit which ran so successfully on Broadway last fall and which was headlined by one of the most human stories ever dramatized. Pauline Gann, who created the leading feminine role in the stage play, retains her part in the screen production by virtue of her excellent acting. Paterson Dale, who had an important part in "Barthelmess' "The Seventh Day", has the role of a Red Cross worker, while the remainder of the cast includes Margaret Seddon, Lucy Fox, Herbert Grimwood, Fred Hohlman, James Corbett, Margaret Pittsford, Pauline Gann, and Virginia Saxe.

Automobile Notables in "Racing Hearts". Johnny Wondrich, well-known famous automobile driver, is one of the participants in the race which will be held at the Orpheum theatre this week. Another man equally known in Eddie Hefferman, who runs with Eddie Hefferman in the famous Kama City races, where Hefferman was injured, almost fatally, last where Hefferman met his death in a terrible accident. Both of these drivers came against Miss Ayres in the picture.
