

SMITH'S WET PLAN TO BE BITTER PILL

Bourbons Will Find It Hard to Turn Down Governor's Anti-Volstead Plan; Democrats Wish to Forget Prohibition Issue in 1924.

WASHINGTON, D. C., June 12.—Governor Al Smith, of New York, is going to make it hard for the democratic party to vote for him in 1924. With the assistance of Tom Taggart of Indiana and Geo. Brennan of Illinois, with whom he will now work at French Lick, Smith is in a position to put in a hole what the democrats want to avoid in the prohibition issue in 1924 or to pass it off on it.

Two developments are likely to grow out of the French Lick conference. These are:

1.—To form in defiance terms the Smith-Taggart-Brennan wet plank. 2.—Counter movement by other democrats to head off the wet triumph presenting the Smith-Taggart-Brennan 1924 democratic convention or its resolutions committee.

No political candidate in years has so riveted democratic attention as this one. Whether Smith intends to be a presidential candidate or a senatorial candidate or no candidate at all he holds the question to democratic political control in 1924 of presidential aspirations man notification. The point of the conference is whether the Smith-Taggart-Brennan group and the political life they represent shall dominate democratic party destiny.

Their wet plank will be cleverly framed. It will not attack prohibition as expressed through the Eighteenth amendment. Rather, it will attack strict enforcement. It will, however, attack as unwise and unproductive of prosperity the Volstead law's standard of "intoxicant—the one-half of one per cent alcohol in solution."

Their appeal will be to the common sense of democrats, who will be told that it has been shown that the prohibition based on reasonable liberalization of the Volstead law, thereby will find themselves in the "bone dry" republicans in whose political life wet democrats see nothing that is more reasonable than the Volstead law, and who would therefore be reasonable enough to accept prohibition altogether and who therefore are reasonable enough to accept the country's public sentiment.

Finally, Smith's alliance with the powerful Taggart-Brennan group will appeal to the rest of the Democratic party which cannot be written as a negligible factor.

Supreme Court Calls Wage-Fixing Provision Violation of Constitution; Ruling Blow to Very Heart of Court's Authority, Newspapers Say.

WASHINGTON, June 12.—The Kansas industrial court act is now but a shell, the supreme court having taken the heart out of it by declaring that its wage-fixing provisions are unconstitutional.

Justice Brandeis, in a dissenting opinion, declared that the industrial court's power to fix wages, not only in the future but in the past, was a violation of the constitution. He said the court's power to fix wages, not only in the future but in the past, was a violation of the constitution.

The Screen

WORKED SEVEN YEARS ON COLOR FILMS

Seven years of experiment were behind the marvelous process by which "The Toll of the Sea," the natural color photograph being shown at the Orpheum theatre was perfected.

For years scientists have sought a means of reproducing with either the still of the motion camera the actual colors of nature without resort to dyes. According to Dr. Daniel F. Comstock, principal inventor of the Technicolor process, which "The Toll of the Sea" has made, the sole reason why it has not before been realized is that it is so intricate and laborious for the most part, thorough scientific training.

BIG CROUVS GREET THE NEER-DO-WELL PLAYERS

Thomas Meighan, star, and members of the Paramount company play appear in "The Neer-Do-Well" which is to be shown at the Orpheum theatre. The principal scenes of that picture, were accorded a hearty reception on their arrival at the canal zone, according to the Panama Star and Herald.

A crowd of several hundred persons were on hand when the Santa Fe train, carrying the cast, including Lila Lee, Director Grech and other members of the company, walked down a hand camera. A hand camera recorded their every move. The reception committee also greeted the visitors and it was not long before all were aboard the "Republic of Panama," the only parlor car of the Panama railroad, and bound for the capital.

At Panama, more officials greeted them, and they were soon made to know that they owned the town. The Strangers' club, the Union club, the Panama Golf club and the Century club all presented visitors' cards to the company and announced elaborate programs of entertainment. The Cristobal-Colon Rotary club claimed the star as its guest of honor at a dinner to be given a week later. The dinner at the Union club, given on the Sunday following the arrival of the party, and which was attended by Mayor Parrax, president of the republic, and all the high government officials, proved the big social event of the season.

(Conducted by Ample Sue.)

Q—Dear Auntie Sue: You are always so willing to help others. I thought I would come to you. I have always thought everything in the world was good for something but I have always wondered what good mice are. Could you possibly answer this question? Thanking you in advance.—Maybell.

A—I don't love to look in Who's Who, or refer to the city directory or

peruse the Boston Cook Book to find that. Can answer it right offhand! Mice—Well now wouldn't this world be a dreary old place for poor old puss, were there no chiding in it? We all like our fun, even to the cats. You are most welcome.

Q—Dear Auntie Sue: I have a boy friend whom I should like very much to call on at. I live in Twin Falls and it has just recently that I found

out he lives here also. Would it be proper for me to write him a note asking him to call? If so, how should I state it in the letter? I hope you will not find this too much bother and that I may come again. Sincerely yours—M. H. L.

A—Just write a spontaneous little note, one right from the heart out. There's nothing like being natural, you know. Tell him that you've just had a surprise, and now that you have one for him that you have just discovered his presence here, and now want to announce yours. Tell him your address, give him your phone number and I think he'll do the rest.

Yes, do come again little friend. The latch string is always out.

Nobody can blame Jack for being a bit tarted as he watched the long, brownish cord stand straight up in the air, and slowly move up and up. "Why, I never saw a rope do that before," he exclaimed. "Where is it going?" "Right; straight to the land of Miney Moe," replied Keny Moe.

And then the old, friendly man sang a little verse: "If to the land of Miney Moe is where you'd really like to go, just grab the rope and hang on tight. This woods will soon be out of sight." Jack paused a minutes and then took hold of the rope. In an instant he was sailing up. (Continued.)

The success of the children's programs given in the various churches of Twin Falls Sunday is a hopeful sign. The religious spirit inculcated in the young will remain through life. Father's day and Mother's day, important though they are in themselves, are still more significant because they are a means of impressing spiritual truths on the children.

The great increase in auto sales this year indicates more than anything else could the return of prosperity to the state and to Twin Falls. The figures furnished yesterday by the county treasurer are eloquent in their expression of betterment. Think of it, more than 4515 licenses sold since January 1 of this year. No other business in the Magic City has shown any such a gain since the first of the year.

The Rotary clubs of North America, numbering about 85,000 business men, are undertaking to give every crippled boy and girl a chance. The Rotarians are engaged in the work of seeking every crippled and disabled boy or girl and give such a new chance. Little folks with twisted backs and crooked limbs are to be treated by experts and educated so that they can take care of themselves. To successfully carry out this plan the Rotarians have formed the International Society for Crippled Children, headed by Edgar F. Allen, president, Elyria, O.

Recently an American trade commission was appointed from a number of states. John King, Suffolk, Va., a prominent and active layman of the Christian church, was appointed on that commission and is now in Germany assisting in the survey assigned to his commission. Mr. King publishes to his church through The Christian Sun that in his opinion thousands of dollars are being wasted in contributions sent to starving children in Europe. Mr. King declares that so often money never reaches its destination, but is absorbed by some agency or taken over by some people for whom it is not intended.

One of the most enthusiastic church workers in the country is the present Lieutenant Governor J. E. West of Virginia. Mr. West has been a church member all of his life, and before becoming lieutenant governor of the state was a member of the house of representatives of the old dominion, and for many years has been a leading attorney in the city of Suffolk. Despite his large practice and many responsibilities, he has always taken time to attend the conferences of his denomination. He is a member of the Christian church and is connected with some of its largest boards. He is a frequent contributor to the church press and lets the public know at all times that his motto is progress.

The Boy Scout movement is worthy of consideration for every citizen in Twin Falls. It is unfortunate that this drive for funds must follow so closely on the canvas for the Fourth of July celebration. The Twin Falls Rotary club is backing this movement and it is certainly worthy of their efforts. This method of raising funds is not the fairest to all concerned by any means. But movements of this nature are never based on a strict equality basis but they should be. Some of those who are giving \$5 are better able than others to give \$1. In other words, the division of such largess are not divided equally according to ability to bear them. But regardless of this fact the joy and satisfaction which comes to the donor is the best part of the game.

Former Governor M. Alexander just back from the east predicts the nomination by the democrats and the election by the people of William G. McAdoo in 1924. Governor Alexander as usual follows words with action and is urging the organization of a new follows words club in Boise. He says that there will be but two names before the next democratic convention; McAdoo and Senator Samuel Haldston and that the former will win. The former governor says that on his trip he investigated conditions in Massachusetts, Connecticut, Maine, New York, Delaware, Maryland, Indiana, Illinois and Michigan and is convinced that fruit and potatoes will bring a good price, with lower prices for wheat and grain. He predicts better times for Idaho in consequence of the fruit and potato situation, but says that the boom in the east is flattening down.

matter has been receiving our attention for some time past and just recently the handling of the American trusts for storage of such films in a vault to be constructed in the White House. The earliest example of the industry effort, the handling of the American trusts in France; the burial of the unknown soldier at Arlington; and that of the handling of the arms conference. The films will be preserved on a special quality of celluloid. With kindred regard and co-operation in the matter is very helpful, which I appreciate.

 WILL HAYS CONGRATULATES THE TWIN FALLS TIMES
 The following letter is most explanatory and yet rather interesting, and that some of the big men (even Republicans) are taking note of this. Hays is generally known since his designation as postmaster general in President Harding's cabinet, as the author of all motion picture troubles and disputes.

Here is Mr. Hays' letter, June 7, 1923.

BEHIND HIGH TIDE
 Calvin Gray, living in Dallas at the most exclusive hotel, is the son of a well-to-do banker. Gray fell in love with the daughter of a wealthy family. Friends of Gray, have seen him with a girl and a daughter. Gray shows the professor how to make a girl's eyes sparkle by his advances. Mrs. Higgs, the tutor, who was the bride of Gray's father, told him to arrange for him to remain in Dallas.

NEW GO ON WITH STORY
 "Nothing simpler," I readily showed Mr. What-his-name that he was making an ass of himself. I've spent a fortune here; know the owners, too. Nice chap, that man, but he has no business running a hotel, and I so informed him. The speaker laid a finger upon his lip; his eyes were dancing. He knickered sharply at the Britton's door and cried, "Barrage ready, ma'am!"

HIS TOUCH WAS DEFT AND CHERITAIN.
 To have Calvin Gray alone, all to himself, was a case of head and shoulders above the rest. He was a man of great tact and discretion, and he was a man of great tact and discretion. He was a man of great tact and discretion, and he was a man of great tact and discretion.

JOY OF HEALTH WOMAN'S RIGHT
 Mrs. Evans Freed from Female Weakness by Lydia E. Pinkham's Vegetable Compound
 Detroit, Michigan—"I had female weakness with pain in my back and could not stand the length of time, I was working in a factory and I was too much on my feet. A friend recommended Lydia E. Pinkham's Vegetable Compound, and I can't help but believe it myself. I am now free from all my troubles. It is a grand thing to have your health! I feel well all the time and can go out and do the work I love and do not feel that awful tired. When I first made this first purchase, I should cure after the first bottle, but I am glad my husband kept me at it. I have a box of bottles of Lydia E. Pinkham's Vegetable Compound, 1601 LaSalle St., Detroit, Michigan. I am suffering from all the symptoms, irregularity, backache, nervousness, and all the other things. You, you should take Lydia E. Pinkham's Vegetable Compound. The reason is given in letters like these, and we have published thousands of them. You may expect that a number of letters that have helped other women will help you. The week underlines in wheat con-

plowing. The damage to crops from
the result of floods in Kansas and
Nebraska will be heavy, and the re-
sulted need of extra seed material.

Notice is hereby given that it has
been determined by the Mayor and
council of the City of Twin Falls,
Idaho, that a tax levy of ten mills on
the dollar upon all taxable property
of said City will be held at the High
School Auditorium in said City at 7:30
o'clock P. M., on the 14th day of June,
1923, at which meeting it will be de-
termined whether or not there shall be author-
ized a tax levy for general revenue
purpose of said City of Five Mills
on the dollar upon all taxable property
within the limits of said City.
(a) The assessed valuation of said
property in said City of Twin Falls
for the year of 1922, was \$1,115,732.65.
(b) The amount of money a levy
of ten mills on the dollar as author-
ized by law without the consent of
the electors in a general meeting, will
raise only the sum of \$11,157.32.
(c) It is estimated by the Mayor
and Council that the amount of money
necessary to pay the expenses of the
City of Twin Falls for general pur-
poses will be \$76,223.60.
(d) The entire purpose for
which the money to be raised by said
levy and above ten mills will be used,
is to provide for the expenses of the
City of Twin Falls for a period
of three months preceding said meet-
ing, and who are duly registered as
provided by law, may vote at said
meeting.
(e) It will require a two-thirds
vote of the qualified electors of said
City present at such meeting to au-
thorize any tax levy in excess of ten
mills on the dollar.
(f) Only voters qualified to vote
in said City at a general election will
be entitled to vote at such meeting.
(g) If at such meeting two-thirds
of the qualified electors qualified, as
aforesaid, of said City are present
and voting, vote in favor of author-
izing the City Council of said City to
raise a levy in excess of ten mills on
the dollar, in any amount not exceed-
ing five mills on the dollar, the said
Mayor and Council shall thereupon
be authorized by such vote to levy in
addition to the ten mills as provided
by law, such number of mills not ex-
ceeding five mills.
Dated this 4th day of June, 1923.
(SIGNED) RALPH L. HODGINS
Mayor of the City of Twin Falls, State
of Idaho.
ATTEST: JAMES L. MEE,
City Clerk.

TAX LEVY IS ONLY TO USE THE SURPLUS

Commission Decides Unanimously That Privilege Will Not Be Used to Increase Burden on City If Granted; All Warrants Are Legal; Dogs Get Another Week of Grace.

That no tax levy will be made under permission to levy five extra mills taxes, should the same be granted Thursday night, was announced unanimously at the meeting of the city commission Monday evening. The sole purpose of asking the privilege is to enable the city to issue warrants against the \$42,000 balance for delinquent taxes of past years, to the extent found necessary, and for no other purpose.

Dogs Get New Lease

The hitting of a dog catcher was deferred a week until the next meeting at which time the question will be taken up.

SOLD THE PIPIN IN A VERY SHORT TIME

A few days ago William George placed an ad in The Times offering "Ketchikan" pipes for sale and before long the pipes had sold for more than the asking price. It is stated that he got the best results on this advertisement of any that he has ever run in any newspaper. Times ads always pull.

comes before the commission with other matters where the appropriation is made. Mr. Moore was given a license to sell milk.

The following is the opinion of the Attorney Myers in full: "The words 'income and revenue provided for each year' means income and revenue which are derived from taxation and includes not only delinquent taxes of the past but also taxes collectible, but also not only the levy actually made for that year but also such as could have been legally made for the purpose of the binding obligation of the city's contracts. I find that the expenditures of the year ending April 30, 1923, do not exceed the authorized revenue for that year, and therefore legal, so far as exceeding the debt limit.

WOLFE SUE FOR PRIVATE MATTER BETWEEN MEN

Much Interest in Action but Lawyers Say It Involves Only Plaintiff and Defendant May Go to U. S. Court.

The suit of Conrad Wolfe against Joseph L. Stewart filed yesterday will have an effect whatever on the construction of the line from Hood River to Wells in the opinion of attorneys here. This agrees with the opinion of the Times of Attorney Turner K. Hackman, attorney for Wolfe, who said that he took no notice of the fact that directors had been duly elected for the Idaho Central as was determined by the court in the case of the construction of the road, and says that he is not the risk of losing the money for it to avoid the election. The election took place Saturday. All the books and all the stock are in the hands of the present stockholders of the Idaho Central. It was stated by Senator M. J. Stewart today, so that the suit between Wolfe and Stewart is a matter of indifference to the people aside from the parties to the suit. The suit is purely a private matter between individuals.

May Meet Suit

The suit in now pending before the federal court in Boise. It will go to the federal court on the ground that he is a resident of that state. In the event that he should appear here, service can be had on him at the home of Mrs. J. Stewart. Judgment rendered accordingly. The suit could only be entered for the amount of money belonging to him at the time of the suit. The balance would have to start in California. The complaint is drawn in California.

Girl Hurt When Stage Hits Meat Truck Near City

Miss Willy, sister-in-law of Mrs. D. E. Hudson suffered a broken arm and other injuries last evening when a meat truck which was under way at the time it struck her. The truck stage in which she was riding, came into collision with the meat truck of the Central meat company beyond the crossing of the Rucker bridge, and the other side of the crossing. The meat truck was driven by Mr. Irvine. It is said, according to E. H. Keeler, who with Vernon Skinner, was on duty at the time the driver of the stage said that as they crossed the track he thought the meat truck was on the wrong side of the road and turned his machine to avoid a smashup. They got that way when the meat truck in a manner to avoid a direct truck which is the ordinary method, but never got on the wrong side of the road.

Indian Lands May Be Sold Without More Legislation

Secretary of the Interior has all the power he needs to sell Indian lands and he does not need that the committee will say that any additional authority is needed from congress when they meet in a few days to pass on the legislation of the government right to buy certain Indian lands which are owned by the Indians and which will be flooded by the waters from the American Falls dam, said Congressman Addison T. Smith last evening in speaking before the Kwanza club relative to the new project at American Falls.

This statement followed a question by John W. Graham relative to the legislation which has been introduced throughout the state by newspapers after the question came before the committee. Mr. Smith said that Congressman Smith stated that following this meeting a newspaper reporter had asked the secretary of the sale of these Indian lands and that the construction of the American Falls dam would be necessary for the project. The secretary has all the authority he needs.

Mr. Smith stated he expected to return to Twin Falls to look into the fact that the railroad to Nevada and the various construction of American Falls project would soon be a reality.

They got that way when the meat truck in a manner to avoid a direct truck which is the ordinary method, but never got on the wrong side of the road.
