Birdmen Again Fail in Attempt to Gain Air Endurance Mark

California Aviators Un- injured When Plane Drops Into San Diego Bay; Up for 24 Hours.

SAN DIEGO, Cal., June 29.—The second attempt of Captain Smith and Lieutenant Heister to remain aloft for 24 hours in an airplane ended at 4:30 p. m. today when their machine fell into San Diego Bay. Neither pilot was seriously injured. Fog was believed responsible for the accident. The aviators took off on Thursday morning and around and around over San Diego taking on fuel from another plane which was landing through the air at terrific speed. Their first attempt failed when mechanical trouble forced them down after only a few hours.

The plane fell just after it had been refueled by a second plane in midair.

The refueling had been successfully accomplished but soon after the aviator began to circle the engine died, the plane falling into the mid bay near the north break of the air.

The big Delatland turned completely over, throwing both aviators into the water. They were rescued by the mid and water into which they were thrown, neither being seriously injured.

The daring aviators had been in the air just 24 hours when the crash came. They had been flying during most of the night and had refueled just after daybreak. At least two world speed records had been broken when the crash came that ended the proposed four-day flight.

The gasoline hose had just been removed from the auxiliary tank when it exploded when the aviator bailed. The big ship was dented through a dome gap at a terrific pace. Smith and Heister were confronted with making a forced landing or risking a serious fall. They turned toward San Diego and attempted to make dry land but failed.

The Delatland plunged into the deep mud, the tide being out "panicked" and nosed over throwing both pilots clear of the wreck.

Twenty-five minutes later both men lay at home at health quarters on the beach.

The plane was seriously damaged, the propeller being bent and the fuselage being badly crumpled. It still lay on the mud flats early today.

At the time of the crash the aviators had broken the 2500 kilometer speed record established by Lieutenant McHenry and Kelly.

The 24-hour flight of Smith and Heister was one of the most spectacular in the history of aviation here, where aviation stunts are daily affairs.

Thousands watched the refueling of the plane over the city and bay, and were being attracted here and there by the word visible from the ground.

A full moon during the early part of the night enabled spectators to follow the course of the plane, which had been over the harbor walls pleasure-seekers boasted and danced at the resorts around the bay.

COLD WAVE SWEEP OVER THE MIDDLEWEST

CHICAGO, Ill., June 29.—A June "cold wave" swept parts of the northern middlewest today. Temperatures in Chicago dropped to 55, the raw winds following the "heat wave" that took dozens of lives last week.

SHIP LIQUOR PROSPECT POLICY TO BE CARRIED OUT BY HARDING

Government Stands Pat on Decision Regarding Contraband Transported by Foreign Vessels; Refute Statement of Lord Curzon.

WASHINGTON, D. C., June 29.—The United States stands pat on its ship liquor policy. This was the message in official circles today to the speech by Lord Curzon, secretary of state for foreign affairs in the house of lords in which he condemned American practice in enforcing prohibition within the three-mile limit, and rejected the Hughes proposal that the zone of territorial waters be extended to 12 miles.

"The following, it is understood on good authority, will be the policy of the United States on this question, as a result of Curzon's speech:

1. Since Britain will not accept the proposal of Secretary Hughes, the United States will stand firmly upon the prohibition of liquor on board of dry-tongued to enter foreign vessels that bring liquor here in violation of the court ruling.

2. However, after a certain time has elapsed for the foreign steamship lines to accustom their "stevedores" to the American law that prohibits the carriage of liquor on board, the American government will take some drastic action such as seizure of the ships, if the foreign lines persist in violating the law.

3. The American government takes the position that the extreme court ruling constitutes a final word on American law, and that no law can be upheld against all objections.

ROUGED MALES POPULAR IN SOUTH CALIFORNIA

LOS ANGELES, June 29.—Stuart Althous, reared in the middle west "where men are men," came here and engaged in the drug sundry business. Stuart is totally distinguished by the attitude of other men.

"Honest, it's the limit the way young men buy powder, rouged, fly sticks and other boulevard articles everywhere. Emma doesn't like the rough part of the 'wild' which Althouse loathes, 'the whole like the boys all rouged and man-cared up.'"

PROSPERITY WAVE SEEN BY HARDING

President Sees Little to Worry About in Address at Butte; Pays Tribute to Labor and Business Men of the United States.

WITH HARDING, BUTTE, Mont., June 29.—Looking over the business picture today from the pinnacle of our present prosperity," President Harding was heard to say in a speech before an audience here today in a hotel on "Business and the government."

"The speech was devoted entirely to a review of the efforts of labor, organized capital, labor and the whole American people to get the country back on its feet, and to the following the war.

"I wish to pay tribute to the just men of America, to labor, both organized and unorganized, and to my associates in government," Mr. Harding said. "It was the fine cooperation of business men and labor, the cooperation of the people in public and to compel registration of the membership of all our fraternal orders, with the state as a result of."

"There was a national modification to meet the problem of peace, and it was a fine accomplishment that has brought us back to the great cooperation to win the war."

"Some of them, he said, concluding that civilization was already a detriment and proceeded to strip its institutions and substitute new and strange experiments. We have little occasion to regret that our country anticipated these who helped us to escape in similar blunder programs. If our procedures have been plain and unobscured, they have never produced the results that justify pride and require an apology." Mr. Harding said.

"The convention will be held in connection with the World Conference on Education in San Francisco, June 28 to July 6. Headquarters for the Oregon, Washington, Idaho and Montana delegates will be maintained in the Hotel Oakland."

SOCIETY

Mrs. O. T. Bunce, Society Editor, Phone 390R.

Tea for Miss Otis—The first party given for Miss Otis, since her announcement of her engagement, was a beautiful tea given by Mrs. C. D. Thomas and Mrs. Edna Kelly this afternoon at the Thorne house on each evening. The house was decorated in white and blue, the blue being the color chosen inside while on the porch roses and pink pinks were used in profusion. The centerpiece on the dining table was of gold of yellow silk drapery, a silver centerpiece for tea. The guests were greeted at the door by Miss Betty Thomas, Miss Edna Kelly, Mrs. Otis, Mrs. C. D. Thomas and Mrs. Edna Kelly, who stood in the receiving line. Mrs. A. H. Peavey and Mrs. Zack Smith, Miss Edna Kelly were assistant hostesses, and in the dining room, Mrs. Henry Wall and Mrs. E. H. Williams, Mrs. H. W. Wilson and Mrs. A. J. Sawyer, and Mrs. H. O. Miller and Mrs. J. J. Goodfellow were during the afternoon. The ladies with one exception being mothers of the board school. They were assisted in serving by Mrs. Florence Castle, Mrs. Wilton Peck, Mrs. H. B. Heault and Mrs. Zack Smith. Refreshments were served on the porch through the afternoon by Mrs. Edna Kelly, Mrs. M. H. Graves and Mrs. H. B. Roberts.

A pleasant entertainment for the young women of the afternoon was given by the following ladies: Mrs. Edna Kelly, Mrs. H. O. Miller, Mrs. J. J. Goodfellow, Mrs. H. B. Heault, Mrs. M. H. Graves, Mrs. H. B. Roberts, Mrs. E. H. Williams, Mrs. H. W. Wilson, Mrs. A. J. Sawyer, and Mrs. H. O. Miller and Mrs. J. J. Goodfellow. The refreshments were served by Mrs. Edna Kelly, Mrs. M. H. Graves and Mrs. H. B. Roberts.

Missionary Meets—The Women's Missionary Society of the Methodist church entertained forty members of the high auxiliary who met to spend the afternoon on Thursday. The parlors of the church were beautifully decorated in quantities of roses and other garden flowers. The program consisted in the reading of the opening prayer by Mrs. Frank Kilgus, who took charge of the program, one of the features of which was the giving by Miss Haddam, who is located in Egypt and spoke of her work in that country. The refreshments were served by the Methodist ladies and with a most generous response, a number of useful things will be forwarded as a result of the shower. The hosts for the afternoon were Mrs. E. P. Butler, who was assisted by Mrs. L. E. Jones, Mrs. L. E. Livingston, Mrs. E. A. Wood, Mrs. C. N. Lovelock, Mrs. H. B. Blunt, Mrs. M. B. Stevens, Mrs. H. B. Stevens, Mrs. George Bradley, Mrs. Marshall Brown and Mrs. C. Beck.

Harmony Club—Members of the Harmony club were entertained at one o'clock luncheon at the club on Wednesday. Refreshments were held for eight guests. The afternoon was devoted to bridge. Mrs. J. A. Campbell was awarded the favor for best score and Mrs. A. Alexander was the guest of the club.

Adams Johnson—On Wednesday, June 27, the marriage of Miss Mrs. Johnson to Carl Adams of Rockford at the home of the mother of the bride, Mrs. E. B. Johnson, took place. The ceremony took place at ten o'clock in the morning at the residence of Mrs. E. B. Johnson, and was officiated by Rev. J. W. Hillfield. Little Miss Dorothy, wife and her twin brother, Carl, were the flower girl and ring bearer, respectively. Mr. and Mrs. Adams left Monday.

Ornaments for the Garden
Essentials That Are of a Great Deal More Importance Than Are Generally Considered.

Many beautifully arranged gardens in which the color and performance of the plants are beyond reproach lack a certain sparkle, a definite point of interest which may be supplied with a well placed bit of ornament or a grouping of furniture. The ornament may be anything from a pair of water fountains, gracefully shaped, yet imposing stone urns, to a finely decorated sundial or clock. For furniture, depending upon the character of the garden, may be anything from a simple bench of stained oak to a modern and stylish array of high-backed iron-furniture chairs, settees and tables of course. It is advisable in any instance to give the whole some sense of being used or, at least, as if it were. The urn should hold a plant suitable to its shape and color, the sundial should indicate the time with a fair degree of accuracy; the high-backed chair should be one in which birds will be apt to perch in their delight. Further, the furniture should be comfortable and lasting. Yet there will always be something attractive, "their usefulness should be shared by an equal amount of beauty and appreciation."

Fixed for After Life.
A wise man was saying good words about one's estate, and he pointed to a young couple sitting as well behaved engaged during college days. When asked why he spoke of them, he said, "In case, if the girl specializes in mathematics, the boy can take cooking too."

Community Building

CAN SERVE TWO PURPOSES

Ornamental Trees should Be Planted With a View to the Comfort of Feathered Friends.

Planting of ornamental trees can be done in such a manner that it will serve both ornamental purposes and the conservation of birds, according to authorities in the department of city forestry at the New York State College of Forestry, Syracuse university. Prof. Alan F. Arnold says that owners in planting trees, shrubs and vines might profitably take into consideration the idea of giving plants that will attract birds, inasmuch as the possibility exists of many of our native birds becoming scarce. The birds are always welcome in every outdoor place.

The list of tree shrubs and vines attractive to birds includes many of our most ornamental plants. These are the conservation of birds, according to authorities in the department of city forestry at the New York State College of Forestry, Syracuse university. Prof. Alan F. Arnold says that owners in planting trees, shrubs and vines might profitably take into consideration the idea of giving plants that will attract birds, inasmuch as the possibility exists of many of our native birds becoming scarce. The birds are always welcome in every outdoor place.

The native flowering dogwood and the Chinese crapple are two particularly beautiful trees that are favorites of the birds. The Chinese crapple, a tree, long, homelike, American elder and sparrow are also serviceable to birds, as well as ornamental. The Virginia creeper, one of the most popular vines, furnishes nesting sites and draws the attention of the birds away from grapes, apples and pears.

"If one has a place where plants of a winter soft can be introduced," said Professor Arnold, "and wishes to make a special point of attracting birds, there is a great variety of native plants that could not perhaps be used for many ornamental effects, but they would be just the thing."

ZEAL AHEAD OF JUDGMENT

Reformer's Act Dictated by Conscience, but Injudicious, to Say the Least of It.

The most important, and the most injudicious act in the life of John Knox, Scotland's famous hero, was performed at Geneva—an act which he undoubtedly felt to be called for at the time, but which sadly handicapped him afterward. Anxious to free indignation by the cruelties of "Bloody Mary," who had exiled him to the continent, he wrote a treatise against woman's rights, which he called "The First Blast of the Trumpet Against the Monstrous Regiment of Women," in which he inveighed strongly against the right of woman to hold the reins of authority. He gained excellent comment never to raise a second bludge. The book made him odious to two queens, during whose reigns he had to start to flee to Mary, Queen of Scots, who was won to take her hereditary throne, and to Elizabeth of England, who was to exert as great a power in Scotland as any of its sovereigns. Knox said in his preface to "The First Blast":

"My purpose was first to follow the triumph in the same matter, if God so permit; twice I intend to do it without name, but at the last, to take the blame upon myself, that all others may be purged."

HE'S BETTER OFF

"Look at that poor motorist being towed to a home!"

"Lucky guy, I call him. He isn't had to buy no gas where he broke down."

MILK IN SHIPMENT.

It is now possible to ship milk several hundred miles without having it spoil. The old-fashioned milk can has given way to huge glass-lined tanks similar to the familiar vacuum bottles. These tanks are mounted on trucks and are insulated from the heat by the use of cork packing. Less than two gallons of milk stick to the sides of these 5,000-gallon tanks. Milk has been handled in these tanks over distances of more than 100 miles with a rise of less than two degrees in temperature on hot summer nights. When these outside temperatures of 85 or 90 degrees.

JOKE ON THE COMPANY

Senator Green of Vermont is credited by the New York Herald with the following anecdote.

"One of the funniest stories I know is that of a friend of mine—a lawyer—who was retained by the Pullman company to look after a certain case."

"The work necessitated his traveling around the country to play a considerable joke. And this is the joke he played: He tipped the Pullman porters \$1 every time he got on a train and then put it on the expense account of the Pullman company."

QUESTION AND ANSWER BOX

(Conducted by Auntie Sue.)

Q. Dear Auntie Sue: How are unbreakable glasses made?
A. So-called unbreakable glasses are made from hard glass, composed of which are usually potassium. The chief factor in their strength is the method of cutting, this being done by dropping the lenses in oils of various viscosities.

Q. Dear Auntie Sue: Will you please advise me what signal to stop a party in a car when coming up behind them, when you wish for information? I have been studying your hints but that only results in tanking them for the faster, or else they drive out of the way, you study—Mass.

A. This is one time the touter don't work. No one you wish to stop any one on the road when coming up behind them, drive up along with them, so that you can get a car and hold out your right hand. This is the correct signal and I think will stop.

Q. Dear Auntie Sue: Will you please answer these questions: How does crossing a car that has a "put" lock" when? What does it consist of? How is it served? And will you please tell me how many years it is before a woman can re-hair, without retting a divorce?

Thanking you in advance—Whose name the term "put lock" always gets the name from what ever you happen to have ready when company comes in unexpected. It would be a course, consist of whatever you had and would be served, each dish in its own way.

It is necessary to obtain a divorce before re-hairing. However, if the lady has been deserted by her husband any length of time, she should have no trouble in obtaining a divorce. I suggest that a lawyer be consulted before any steps are taken. You are most welcome.

Q. Dear Auntie Sue: What is the difference between alternating and direct current in electricity? Is that while the latter is a continuous and practically constant flow in one direction in a conductor, the former is a flow first in one direction and then in the opposite direction. The alternation usually is made to occur either 25 or 60 times per second.

Shrub.
For foundation planting, use hardy, long-lived, evergreen, dogwood, Myrica, a honey-suckle, hydrangea, Japanese yew, rhododendron, hebe, privet, snowberry, rugosa roses, apricot and wickelia.

For border use flowering annuals, cuttings, dogwoods, forgetful, upright lonesuckles, Philadelphia, flowering currants, chamaerix, columbine, larkspur, thistle, blue and white, sunflower, nasturtium, elder, black, blue, blue and white, and evergreen.

For evergreen use flowering, elder, magnolia, tree, coriander and multiflora vine.

CHAPLIN, SEEKING PEACE

MEETS MEXICAN REVOLUTION
Charles Chaplin has a rough time in "The Pilgrim" as the first National comedy-chauc of the Ozpinism theater, a real trial.

Ever since he left California, he has been a minister, is exposed by the sheriff of the Texas town in which he has sought refuge as an escaped convict.

But when revolutionists get busy on all sides he changes his mind. He's in Mexico and he can't find in the United States. His is a baffling problem with an unique solution.

Gained 16 Pounds On 3 Bottles of Tanlac

S. F. Man Declares Famous Medicine Ended Long-Standing Stomach Trouble and Restored Perfect Health Eats Anything Now.

As a general thing people who work out in the open and get plenty of exercise enjoy more vigor and health than those who work indoors and who lead a sedentary life. But even those who follow the carpenter's trade which brings every minute into play, do not always escape stomach trouble with its many attendant ills. Take, for instance, the experience of John Cogorno, a well known caterer, living at 121 Concord St., San Francisco. He will tell you that:

"For over a year before I started on Tanlac my stomach was so out of fix that everything I ate gave me indigestion. I had no appetite at all, had a heavy depressed feeling in the pit of my stomach, and would build up with gas until I was in such misery I could scarcely rest or sleep. I kept losing weight, had the feeling of food all the time for indigestion, and was so weak and shaky I didn't feel like work or anything else.

"I started on Tanlac, I gained a fine appetite now, eat good food hearty, and that indigestion, gas and distressed feeling is entirely gone. I have gained fifteen pounds on three bottles, my work doesn't tire me out, and I feel like a new man in every way. I simply think Tanlac has got the world beat.

"Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.

keep your diet "in season"

This warmer weather calls for a health-guarding diet—light and cooling but plentiful in nourishment. That's Shredded Whole Wheat.

Eat plenty of berries and fruits, too, with wholesome milk and cream. By eating them on your Shredded Wheat Biscuits you'll have a perfectly balanced summer luncheon or breakfast, with all the essential food elements in their correct proportions, and "roughage" enough for healthy, natural laxative effects.

IN THE LAND OF MINNEY MOE

Finally a loud bawled attracted Jack's attention. And, at the same time, he saw the gates of Elephant Palace swing open, and elephant he was standing on started to move toward them. "Goodbye," shouted the bawler. "I show you trumpet to let you know that Benny Meany is outside.

And, sure enough, as Jack was carried out of Elephant Palace, he saw Benny Meany standing on the ground, patting Flip. The big elephant, on which Jack was riding, stopped down and let the little adventurer slip to the ground. Then he turned and walked back into the great palace.

"And now," said Benny Meany, "where would you like to go next?" But before Jack could answer a big black cat with a long tail went scampering by them, with Flip in pursuit. "Oh, my," shouted Benny Meany, "that cat is Spook. We mustn't let Flip hurt him." And he started after the dog. (Continued.)

NEWS OF THE SPORT WORLD

SOUTH DAKOTA TEAMS READY FOR SABBATH

Strong Teams Will Come Together When Twin Falls and Hansen Collide; Other Contests Will Be Thrilling Exhibitions.

The Southern Idaho League schedule for Sunday, June 24, shows the following games: Hanson at Twin Falls, Jerome at Eden and Shoshone at Kimberly. The tie between Twin Falls and Jerome is sure to be broken, unless the game should result in a knockout or victory for both leaders, Jerome and Kimberly on the opposite side by the other winners of the day.

All the ties should be good ones, especially the one to be played here. Twin Falls has been materially strengthened by the addition of Syd Klefner and Wally Johnson. Infield is now a punch and so is the outfield. The catching staff is the same and the pitching staff is ditto.

On the other hand Hansen has a team that is rarely found in small town baseball. Its members have played smoothly together for several years. The hitting is crisp and sure. Jimmie Thompson is a pitching staff all by himself and all in all, it is a team to be feared. The games that Hansen has lost this year have all been close and, whenever a wild free hitting attack is given, these plugging boys are prone to be on the desirable end of the stick.

Phil Fix, whose work this year has been distinctly to his credit, will probably be slung after the pitching chores, though this decision is usually not made until the eleventh hour. Klefner and Kelley, work like levers and "Dinked" used to argue the keystone sack and, like, our infielder, works as an All-Star. In the past, Krenke's work at the first position in the Jerome game stamped him on a capital base runner and with Bruce Watson, ever reliable, will round out the infield in line shape. "Whizzer" has been playing fine in practice, however, and may be seen there shortly.

Harry Rile, outfielder de luxe, has come back to the fold and they don't make ten much better than the general Harry, Hulbush, Smith, and Hill as an outfield, "Doc" that would like the "Aristocrat" through to their palmist days?

As to the other games, Erickson and Carthy ought to have a climactic duel, but "Bick" will probably have the edge in support and may pull him out in the fifth or sixth. The game may be a pair of slubbers these boys are and how they arrive to outdo each other. The good nature of the game is a remnant of high school days.

"Nig" Lemp will show his curves at the Shoshone batters on the same as he would take a game from almost anybody. Barlogi, the hitting Shoshone second baseman, will be a good one and batting eye, will be the main obstacle in the path of Kimbrey, although a number of Kimbrey's teammates are also "banded" with the willow.

Corbett vs John L. Gibbons vs Dempsey

SHELLEY, Mont., June 20.—Hoping SHELLY was won one heavyweight championship. Corbett did it at New Orleans Saturday 7, 1922, in twenty-one rounds when he beat John L. Sullivan.

The purse was \$25,000 and the stake money \$20,000, making his total winnings \$45,000. Corbett had five years ago. There is a great deal of similarity between the Corbett-Sullivan fight and the coming Dempsey-Gibbons tilt at Shelby July 4. Sullivan was rated as a superman at that time. They laughed at the job bank clerk as he went up against the great John L., whom the country had named five years ago.

JOHNSTON BEATS RICHARDS BADLY

MILWAUKEE, England, June 20.—Vic Johnston of California eliminated Vincent Richards from the all-England tennis singles championship, beating the scores were 6, 6, 5 and 7. The result, which justified by the spectators, was a surprise. Richards was disappointed to the thing which backed the stigma of a recent loss to Johnston in the early stages of the tournament had endeavored to make his first game play in the Yonkers youth a new sensation. Johnston now is in line for the championship.

WYOMING, England, June 20.—Vic Johnston of California won the California tennis singles championship at California, although now a resident abroad defeated the veteran Max Craddock of England in the final round play of the women's singles, in the all-England championship, 6, 6, 6, 6.

YORK, England, June 20.—Mike Yokel of Salt Lake City, recently crowned high heavyweight champion, retained his title here last night when he won a decision from Ted Tays of Portland, former world professional champion, who won one last during the two hours clinic, the decision going to Yokel according to T. H. Wright, who has made an intensive study of the subject.
