COUNTY FAIR HAS (Continued from Page 1) pieces of the Twentieth Century club. Complete judging. The livestock judges, including 535 head of fine stock, took all kinds completed their work late yesterday. The cattle division was unusually large, there being exhibited 41 head of cattle, 26 horses, 45 Jerseys and 24 Guernseys. They were a beautiful sight to behold as they, in the Twin Falls groups of three and four, to be judged and often brought exclamations of praise from the crowd. There is evidence at all times during the judging. The swine show also attracted much attention, especially the Duroc show. There were 23 Durocs in the show, which excels the national show in point of numbers. The quality of the swine is especially good and it is the general opinion that the swine exhibited here would win at any show.

Walnuts in Bulgaria. The walnut in Bulgaria is almost indispensable to the inhabitants. It is eaten in the raw state and used for producing a cooking oil. The meats are salted, fried in a pan and then pressed with a rolling pin. Fat is made from the green walnuts and large quantities are used in the production of a very potent brandy. The Fast Runner. The antelope or pronghorn is the swiftest runner on the continent, says Nature Magazine. He lives on the open plains, depending upon his eyes, his nose, and his swift legs for protection. There has failed to reach this country has settled up. He cannot survive wire fences and modern firearms.

## TWIN FALLS HAS GREAT FAIR

If there are those in this city or community who have not as yet visited the Twin Falls county fair they should make it a point to do so tomorrow. The fair is not perfect and never will be as long as it is managed by the humane family, but it has some very excellent attractions in practically every line you would be interested in. The livestock exhibit is much larger and better this year than ever. The agricultural exhibit will surprise you when you come to compare it with other fair exhibits in this line. As a matter of fact we produce such wonderful agricultural crops that few people from the outside world believe that we are growing what we are. But even at that, every resident should take time to glance over the exhibit even if they have seen it ever year since the inception of the county fair. We will venture that your eyes will be opened and that you will go home with a better feeling for the growers of the Twin Falls tract.

Now we have only touched two important divisions of the fair and we know already that somebody is going to feel slighted because we have left no space to praise every department as it should be praised. But the Women's Building contains some remarkable exhibits of what our housewives and the balance of the women-folks are doing to build up this community. Don't pass this building up just because you are not interested in the drop-stitch or some other woman's fancy. Then there are the sheep, the hogs, the cattle, the chickens and a thousand and one other things that walk about our barnyards which should be given at least the once over. Then the races are an attraction that is worth the price of admission alone. There are many more entries in this department than usual and several of the harness races have had such a string of horses entered that the judges have even thought that it might be necessary to run each race in double heats to accommodate them all. Then there are the buckaroo contests, the wonderful midway and the many other peculiar contrivances to interest and astonish the mind of man.

Now somebody says, well you never said a word about the fruit, and that is right, but we have already run out of adjectives and the non-dictionary adopted by our public schools seems inadequate on this subject, so what shall we do? The fruit exhibits always look better each year but it is not a good idea to make comparisons, so if you don't want to miss one of the best exhibits at the county fair don't pass up the fruit exhibit.

Take your family and especially the kiddies along, because the children will get twice as much kick out of the fair as you will and the exhibit will be quite an education to these plastic minds.

See the fair and then tell your neighbors to see it.

## TWIN FALLS MUST HELP JAPAN

The Times is receiving encouraging subscriptions for the cause of Japanese relief and will be glad to get more between this time and Monday morning, when the last will be turned in to the Red Cross for the purpose of sending it to the stricken people of the land of the Rising Sun. The most striking evidence of the essential unity of humanity that it is possible to cite lies in the fact that regardless of racial, religious or governmental difference, the heart of all peoples respond to the call of human need.

This is a Christian nation. It is fitting that Christians should act as such in this case and remember the case of the Good Samaritan. In that instance the stranger more nearly observed the principle of the law of charity than the professed follower of the law. Let us in this day the followers in deed as well as in word of the Man of Galilee.

It is fitting that the churches of this city will all take up collections Sunday. Those who are so situated that they will not be able to attend may subscribe through the Times and their donations will be thankfully received.

## CHAMPION AND CHALLENGER ENJOY REST BEFORE FIGHT

Firpo Does Little Today While Jack Dempsey Decided to Beat Trip Down Hudson in Attempt to Get Mind Off His Crucial Battle With the Cave Man from Argentine; Majority of Experts Favor Dempsey to Win.

NEW YORK, Sept. 12.—More than a million and a half dollars worth of money were bet on the fight between Jack and Mike Angelo Firpo do today's demonstration of fists at the Polo grounds tomorrow night. Estimates of the net proceeds of the fight set at \$1,500,000 and the attendance 20,000.

Interest has developed in the contest between the champion and challenger will be limited only by the expense accommodations at the ball park and the officials' receipts will be limited only by what the fans will stand for in the way of extortion from ticket holders.

Detestable today after a canvass of the ticket broker office and the stair ways for which the official seal was set the sun which New York and outside points will pay for the fight is \$1,500,000.

The South American was to establish a new precedent for "day before the battle" by attending a banquet and love feast to be given in his honor today by the Spanish society of New York.

Firpo's plans were not announced until the day but it was known that he might do a little work on the battlefield in Central park and known to be at the gymnasium in Madison Square Garden.

His champion was not due here until tomorrow morning. He decided on a boat trip down the Hudson from Albany and will arrive in New York tomorrow.

There are two many "ifs" in over come in doing this fight and these are the little known about how much Firpo can take and as far as that goes it has never been established how much Dempsey can take.

On form Dempsey should win six or seven or eight rounds. Whether he will continue to be seen. As long as he is in the ring, Firpo has a chance and the longer he remains in his feet the better his chances will become.

## RACES THRILL FAIR THROUGH ON SECOND DAY

Seeds Cover Distance In Good Time; Winners Are Announced; Bucking Contest Attracts Pleasure Seekers After Races.

PHILIP, Idaho, Sept. 13, (Special to The Times).—Wednesday evening marked the close of the most successful week of the fair in its entire history. In the morning hours the crowds began to fill the grounds and the "mud" performance of the grandstand and both of the bleachers were packed to overflowing.

The racing program proved of universal interest, the races being of a high order with many entries. In the 2:30 trot or pace the first heat was won in 2:19 1/2 by the Italian horse owned by D. S. Barham in 2:24 3/4.

The second racing event, a half-mile run, was snappy from start to finish and was won by Dennis H. owned and driven by Swanik in 2:04 1/2.

The three-furlong mile running race was won from three spectators by Sleepy Kate, entered by E. Murray of Philo.

Following the races the crowd adjourned to witness the antics of the bucking horses, in the arena and were thrilled and thrilled alternately by the narrow escapes of the daring riders—the "mud" performance of the grandstand and both of the bleachers were packed to overflowing.

Friday's races will be featured by the free-for-all pace which will be entered by horses barred by their speed from all the other races. The race, as a whole, followed in this and the best race of the fair.

## ATTENDANCE AT FAIR IS URGED BY DIRECTORS

The directors of the Twin Falls Chamber of Commerce last evening went on record in formal resolutions in favor of the largest possible attendance at the Twin Falls county fair on the part of the people of this city and of adjoining counties. The directors have strongly favored the fair at all times and declare that it is a wonderful success.

The resolution of Secretary Nowell S. Wight of the chamber of commerce has caused a great deal of commotion in the organization about its desirability for public relations and bureaus throughout the county have been compiled and forwarded to the fair.

# CITY LEVY OF TAXES IS MADE

Little Difference in Total from Last Year; Dog Vaccination Is Discussed by Commission and Laid Over; Water Rate Question Still Open.

A general fund levy of 10 mills, the amount permitted by law, with an interest and sinking fund levy of 18.5 mills, a street lighting levy of 2.75 mills, a library levy of 1.25 mills and a warrant redemption levy of two mills were made last night at the adjourned meeting of the Twin Falls city council. Special levies in sewer district No. 20, and paving district No. 24, and water rates were made, these showing the usual regular annual reduction. The question of a dog vaccination ordinance was left for consideration with the county commissioners. The water rate question was not settled.

The total levy last year was 28 mills for all purposes as compared with this this year. The sinking fund and interest levy of last year was 13 mills, but was increased last year, and the street lighting and library levy included in the general current expense fund last year.

When the present administration started office it was assumed that it would continue the current expense fund as part of the general fund, and this would leave the general fund inadequate in view of shrinking valuations. It has since been discovered that a special tax may be levied for lighting and this will enable the city to get by.

Dog Vaccination Approved.

The matter of dog inoculation for rabies was discussed favorably. A copy of a tentative ordinance introduced in the Emmett city council was passed. It was learned, however, that this ordinance was not passed. Instead, the council approved, to the board of commissioners of Ben county, which made an order similar to the outline of the proposed ordinance and the city must endorse by resolution. It was decided to have City Attorney A. J. Myers take the matter up with the board here when they meet after the county fair. The idea was expressed that this was the better way since it took in the whole county and since when dogs are responsible for much of the hydrophobia. The idea is in hand dogs muzzled, tied up or vaccinated with danger tags.

The water situation was not completed and will be discussed on Monday night.

## UTAH CONSTRUCTION COMPANY HAS BUILDING CONTRACT

Dental of the claim that the Utah Construction company had received a contract for the construction of the first floor of the new building reported in an engineering magazine, was proven today by the company at the headquarters of the company at Salt Lake. It is called attention to the survey now being conducted.

## NEW TELEPHONES IN TWIN FALLS MOST IN STATE

That there have been more new telephones installed in Twin Falls during the past month than in any other city in the state is the report of they (Grandin, manager of the Mountain States Telephone & Telegraph system here, of the Twin Falls Chamber of Commerce.

This agrees with the increase in the number of new taps for a dog vaccination ordinance.

## CONSTITUTION TO BE THEME OF AN ADDRESS

Twin Falls Kiwanis Club Will Hear Twin Falls Laid Dishes at a Meeting Here During Constitution Week.

During the week of September 16-22 known as "Constitution week" the Twin Falls Kiwanis club will join in celebration of the signing of the constitution of the United States with more than one thousand Kiwanis clubs throughout the country.

The object of this celebration is to bring about a greater knowledge and respect for that great document which has benefited by the world's greatest authorities to be not only the outstanding contribution of the United States to the science of government but, in with its fine balance between order and individual liberty, the hope of the world. The more one studies actualities of our government the more he becomes convinced of this conclusion.

Senator Martin J. Sweeley, chairman of the speaker's committee, who was in Boise yesterday, where he sought a first class exponent on the constitution, said today that he had learned that Attorney Henry Z. Johnson had a splendid address on the subject. He was seeking to get him to come here to deliver it before the Twin Falls Kiwanis club at an evening meeting.

## MASONS CLOSING STATE MEETING IN BOISE TODAY

BOISE, Idaho, Sept. 13.—A banquet and entertainment Wednesday evening at the Hotel Idaho was the feature of the second day of the fifty sixth grand lodge, A. F. & A. M. of Idaho, being held in this city at the Masonic temple. This banquet will be attended by officers and members of the grand lodge, more than 200 of whom have been attending the meeting.

Wednesday routine business was attended to. Featuring the first day's meeting of the lodge was the address of welcome by Governor C. Moore and the response by Deputy Grand High Priest Peterson.

Addressing the evening work was put on by the three Idaho lodges, was followed by comments by Arch Cunningham of Boise.

Thursday the closing day is devoted to the usual in connection with the grand lodge.

# JAPANESE DONATION IS URGED

Red Cross Calls Attention to the Need for Immediate Action as Contributions Should be Forwarded Monday; First Estimate Insufficient.

Urgent request for immediate contributions for the Japanese fund was issued today by the local Red Cross association. It is pointed out that the campaign is closing and that the money should be sent forward not later than Monday. The following statement was given today:

Reports from the local Red Cross chapter show that contributions for Japanese relief work are coming in daily, but in small amount. The officers ask that an effort be made to do this, as personal contributions are not being made, but they hope that everyone will feel the appeal is directed to him and will give whatever he can. The national organization had set as its first quota five million dollars and this has now been reached, but further investigation shows that this sum is not sufficient to meet the call for help. Therefore all chapters are requested to continue the appeal for donations. Even the smallest gift is of value. If every individual would give at least ten cents, the amount raised in this district would be sufficient to "swing good" in the stricken area of Japan.

Contributions should be made this week if possible, as the amount desired to make a full report to the national headquarters. Many of the churches will take collection for this cause next Sunday.

## Tubercular Test for Cattle Starts on November 1st

Tubercular tests for cattle in Twin Falls county will begin November 1st. It was announced at stockmen at the fair yesterday afternoon by Dr. Wendell H. Smith, state veterinarian. There seems to be few tubercular cattle in this part of the country, the monthly report of Dr. W. P. McMahon, city veterinarian, showing less than 1 per cent of the country. The federal and state authorities are endeavoring to wipe out the disease and assert that its extinction will greatly benefit the stock business and conserve public health. Dr. Sullivan, Ellis and Neary of the federal service, Dr. Nye of the state bureau and Drs. Groves and Smith of Twin Falls and McMillan of Piler, also assisted with the work, including Dr. A. A. Newberry of Jilar, Dr. Davis of Kimberley and Dr. Leele of Twin Falls.

Mrs. S. J. Euen, who is connected with the work of the "Sheppard" tower act, and is also president of the State Parent-Teachers association attended the clinic tests here in Boise and reported that of the fifteen counties in which the demontagnons had already occurred, that here they found the largest number of defective children in the state more than 2,000 children under school age and their mothers have been examined with startling results in some places. She also reported that the greatest cause of trouble with young children is from improper feeding, many mothers saying with pride, "Oh my child can eat anything," not thinking of the danger results when different diseases develop in maturity caused by the im-

## BABY CLINIC IS A BIG FAIR FEATURE

One of the most interesting and successful features of the fair closed on Wednesday evening when the baby clinic under the supervision of the bureau of child hygiene of the state finished inspection of the 200 babies registered in this county. Almond of Boise, who is the only outfit baby specialist in the state, had charge of the work and was assisted by the state nurse, Miss Chaffee and a number of local nurses from both Twin Falls, Piler and Buhl. A number of our local physicians

also assisted with the work, including Dr. A. A. Newberry of Jilar, Dr. Davis of Kimberley and Dr. Leele of Twin Falls.

Mrs. S. J. She also reported that the greatest cause of trouble with young children is from improper feeding, many mothers saying with pride, "Oh my child can eat anything," not thinking of the danger results when different diseases develop in maturity caused by the im-

directions of babyhood and childhood feeding.

Dr. Almond emphasized among the mothers the necessity of more fruits and vegetable juices. In the diet of young children and a less quantity of starchy foods for growing children. He will leave shortly for the east, where he will take a post graduate course in the study of baby diseases and children's hygiene.
