# FIRPO CLAIMS HE WAS FOULED DURING FIGHT

### Defeated Challenger Is Called Poor Sport for Kicking About Things That Happened

NEW YORK, Sept. 18.—Much is being made over the number and variety of fouls that the admission of Jack Firpo alleged Jack Dempsey committed against him when the champion was wading via terrific battle Friday night to retain his crown.

Firpo's handlers charge that their man failed to win the championship because he adhered to the rules and the champion did not. LaVerne, the trainer of the South American, went so far as to state that the referee was supporting Dempsey within his best at least.

Dempsey did commit a few minor infractions of the rules, it is true, but he was not serious enough to make him liable for disqualification, and when he did transgress the rules it was done at a time when it was obvious that the champion was groggy and did not know exactly what he was doing.

Firpo might have suffered a little if Dempsey had not been so entirely erect after a knockdown, continued the champion's attorney after the bell, and again when Jack was helped back into the ring after he had been knocked through the ropes into the press box.

The South American got the best break of the evening when he was given a count of more than twelve early in the first round. He was really knocked out soon after the fight opened, and was on the floor when both the referee and counting time keeper reached the count of ten.

In the excitement, the referee thought it was the duty of the counting time keeper to declare the "out" and the time keeper thought the referee should do it. They both hesitated and Firpo got to his feet and continued the fight. This happened before Dempsey had committed any fouls.

William Muldoon, chairman of the boxing commission, says that Dempsey could have been disqualified for being assisted back into the ring. The champion, however, was not given too much assistance. He was given a little shove by a wrestler who was actuated more by the motive to get 192 pounds off him than by the desire to help Dempsey back into the ring and save the champion.

Firpo fell in such a position that he had little difficulty in getting around and pulling himself back into the ring without help. Anyone who sat in the narrow seats could see that no one man or two men could get leverage enough to push close to 200 pounds up over their heads and into the ring.

Firpo, in making complaints against the referee, is a poor sport. Those who have known him for some time feel sure that his handlers have prompted him to make these allegations.

# RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and Rheumatic Pain Starts to Leave the System Within Twenty-four Hours.

Schramm-Johnson Drug store and every druggist in this county is authorized to receive orders for this full pack bottle of ALLENBREW, the sure cure for rheumatism. It does not stop all agony, reduce swollen joints and away with even the mildest twinges of rheumatic pain; he will gladly return your money without comment.

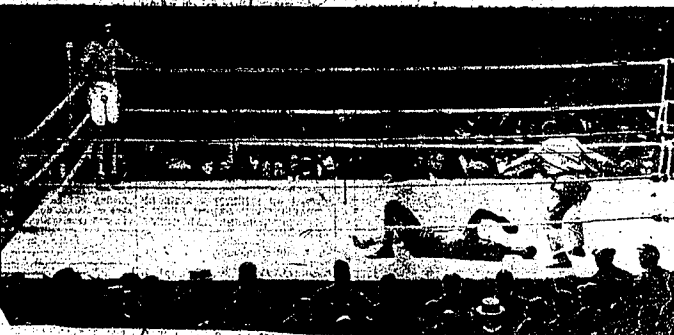

Alibi has been tried and tested for years, and really marvelous results have been accomplished in the most severe and chronic cases where suffering and agony was intense and pleasure and where the patient was helpless.

Allenbrew relieves at once. Immediately after you start to take the food work begins. It searches out the uric acid deposit, dissolves the sections and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Bleeding relieves comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of ALLENBREW, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless ALLENBREW decisively cures the worst of all diseases, and he has instructed druggists to guarantee it as above in every instance.

# WHEN DEMPSEY KNOCKED OUT FIRPO

Luis Firpo, Argentine giant, emptied in the second round of the world's heavyweight championship fight at the Polo Grounds, New York. He is flat on his back after Jack Dempsey had put over a left and right to the jaw, immediately following an avalanche of knockdowns and short rights to the heart that left Firpo bleeding and groggy. This photo shows the referee counting the final "ten."

# YANKS DEFEATED; FLAG NOT CINCHED

YANKEE STADIUM, New York, Sept. 18.—The leading Yanks failed again today with the pennant almost within their grasp and left the Cleveland Indians chest thumping out of a cinch.

The Indians won, 8 to 3. If the Yanks had won they would have clinched the American League championship and dangled themselves a place in the world series. They now still need one more game.

Walter Johnson pitched the Senators a double strategy over the Red Sox, 6 to 5.

After dropping the first game 6 to 1 the Red Sox capped the second from the White Sox at 6-5.

GARDEN SPOT OF EARTH KANSAN (Continued from Page 1.)

...ings to see that it's no wonder our benefits from everywhere come through this district. Twin Falls of the Snake river, near also Shoshone Falls, 60 feet higher than Niagara Falls, but now so much water is diverted for irrigation that the river does not carry much water over the falls.

The most wonderful of all is the climate. So above has been the warmest weather we have had. Always cool in the shade. No humidity and a coat is always comfortable after night. No tornadoes, very little lightning. 10 inches of rainfall per annum. Sun shines every day almost.

Chattanooga and O. H. Sandforn also are a future here and mere scrub along a row I have in my back yard. For fine flavor some of the fruit has it compared with what we eat.

It required just about the same man power and expense to grow a given amount here as anywhere; the great advantage is that when you plant a crop, it is up to you to get results. Irrigation takes work and lots of it. The fact that you have to do here is work—nature does the rest. And your water is supplied by the irrigation company.

Before the slump after the war land values were very high some reaching the dizzy height of \$1,000 per acre. Good improved land can be bought as low as \$100 but near Twin Falls gardeners ask \$200 per acre without improvement.

The one thing that has done most for Idaho is its improved highways and probably Twin Falls county has done more to improve its highways than any other. Over 50 miles of concrete highway and 225 miles of gravel highway has been constructed in the past three years and they are still at it.

Idaho has a state highway system and from all I can learn is far ahead of any other western state and Kansas. Also Kansas can never do much with highways until she adopts a state highway system that does business right.

Another thing about Idaho they are not altogether with the farm bureau. The appropriation for this county is \$2500 per year. Now, they do things out here but I hear lots of wailing about taxes. I visited the county treasurer's office and found taxes \$1 to \$10 per acre on the best land. But remember that most of this tax is for improvements and this is a new territory and by the way, the school buildings in this country, both city and country, will put to shame anything in Jackson county.

Twin Falls has its share of organizations, including clubs of all kinds. Also churches to suit the multitude—Methodist, Presbyterian, Lutheran, Baptist, Episcopal, Christian Scientist, Synagogue, Mormon and Catholic.

I almost forget to say that I see the Sawtooth mountains 70 miles to the north. Utah mountains 40 miles to the south and in the far southwest, the mountains of Nevada.

Yes, I had a trip to Ontario, a small mining town 70 miles away from Nevada. It is claimed that a certain county contains 10 times as much lead copper ore and other ores as British Columbia.

A new railroad will soon be built thru this district.

# POCATELLO WILL ENTERTAIN STATE FIREMEN'S MEET

POCATELLO, Idaho, Sept. 18.—Everything is in readiness for the sixth annual convention of the Idaho State Firemen's association, which will meet in this city September 20-22. Approximately 100 delegates and their ladies from all sections of the state will be in Pocateello for the convention, and the local department has left nothing undone in providing plenty of entertainment during the three days' session.

Station No. 1 on the west side of the city will be the firemen's headquarters and the convention headquarters will be held at the change of numbers hall.

The officers of the state association are as follows: W. A. Foster, District of Boise, president; Julius Marker of Boise Falls, first vice president; E. C. Hutchingson of Light, second vice president; C. W. Craig of Pocatello, secretary; J. Greenleaf of Burley, treasurer; Ed Cost of Preston, I. M. Fisher of Burley and J. C. Hoyt of Wallace, trustees; A. H. Cartland of Pocatello, J. C. Hoyt of Wallace, E. Card of Preston, H. W. Burroughs of Jerome, and Lyde Stillman of Coeur d'Alene, legislative committee.

The Twin Falls bean growers are making good this year, it is a remarkable fact and we hope that this crop will continue to be one of the big life savers for the farmers of this state.

We received a letter from a stranger to this office the other day in which he said some very complimentary things about The Times and yet he has never been in Twin Falls.

The address given last evening in the Twin Falls high school auditorium had been heard by a much larger audience than those who did hear it drunk deep of this remarkable address and will ponder these things over for weeks and months to come.

BURROUGHS SCORES MOB RULE

Frank G. Burroughs, editor of the Idaho Freeman, through the columns of his other publication, the New Freedom, defends his position in regard to mob violence and judicial whimsies.

In the last issue of your valuable paper you commented rather severely on the news filling the papers now of whippings in Oklahoma, Georgia and elsewhere.

There are conditions existing—and I know whereof I speak—in many sections of the country that have been existing for years and years and the authorities are conversant with the facts and nothing is done.

"MARCHING MOTHERS OF 1873" HONORED AT W. C. T. U. NATIONAL CONVENTION

Temperance crusaders of '73 picketing saloon in their first organized prohibition effort. These women were honored by the thousands of delegates attending the National Woman's Christian Temperance Union Convention in Columbus, O., September 4-14.

Today, woman's responsibility as a voter is immeasurably great," said Mrs. Anna Gordon, world and national president of the W. C. T. U., at the Columbus, O., convention.

Miss Gordon urges that committees be waked up, saying: "There are churches of rocking-chair saints to be wakened from a torpid slumber. I believe that the big campaign ahead is woman's mighty moral power, added to that of the best, best womanhood of the past."

She announced that in the special membership campaign more than 25,000 new members joined the W. C. T. U., of which 5,000 was reported by Ohio.

They might be accused. Any man or body of men who undertake to administer justice in defiance of such constitutional right is criminally defying the laws of the land and should be punished.

Our laws are not perfect, our judges are not perfect, our judicial methods might be improved, and there is no doubt but what our correspondent is correct in stating that conditions do exist and have existed that ought to be corrected and about which something has been done.

WOMAN SO ILL COULD NOT WORK

Gained Strength, Weight and Now Doing Own Work, by Taking Lydia E. Pinkham's Vegetable Compound

Marion, Ind.—"I was all run-down, nervous and bent over, I could hardly drag a round, let alone do my work."

I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for other women and I thought I would try it.

My husband and I had a very bad time and I wanted him to be well and I thought I would try Lydia E. Pinkham's Vegetable Compound and was doing my own work. I took it before my first baby was born and it helped me so much.

Five Dollars To Be Given Away. This community is primarily a farming community and therefore anything like a County Fair is of great interest to the farmers of this county. In order to get some more ideas and new suggestions for the Twin Falls County Fair the Times is offering a five dollar cash prize for the best essay of from 500 to 1,000 words on "How to Improve the County Fair". We hope that many of our large list of farmer subscribers will respond on this subject and if you prefer your real name need not be published with the article. We will publish only the best essays submitted. The TIMES PUBLISHING CO.
