

BEFOULDED WE MAKE SUCCESSFUL DRIVE

FREE SPEECH IS ABOLISHED IN GERMANY

Dictator Has Been Appointed Which Rule of German Empire State of Siege Exists and Heavy Fines Imposed on Violators. Confiscation and Searching of Homes May Follow.

BERLIN, Sept. 27 (Special) - Germany under a health of gloom today under proclamation issued by President Ebert early this morning.

The proclamation followed news from Bavaria that Gustav Von Kahr had been arrested and his residence limited martial law in that state.

There was every indication that the government is prepared to deal severely with any attempt at Bavarian opposition to the state yesterday proclaiming the end of resistance in the Ruhr.

Defense Minister Gessler, under President Ebert's proclamation, is given, with curtailing powers, becoming virtually dictator of the German Reich. Constitutional guarantees are partly suspended.

The proclamation cancels temporary laws concerning the press and speech and the press and freedom of assembly.

Existing laws against treason, demonstrations and activities dangerous to the nation are enforced.

Governor of Oklahoma and Chief of Staff

Top in latest photo of Governor Pinchoff. In his address to the state, Col. William E. Coy, lower, commanding officer of the Oklahoma sector under martial law proclaimed by Walton.

TWO THOUSAND ARE KILLED IN GREECE

ATHENS, Sept. 27 - The Bulgarian agrarian-communist insurrection continued with unabated violence today, according to advices from Sofia which said two thousand had been killed, seven thousand wounded in fighting between government forces and the insurgents.

Strict martial law is in effect in Sofia. The curfew law is enforced and street gatherings of more than three persons are prohibited.

A police commissioner stresses citizens to remain indoors avoiding danger from snipers and snipers in the streets.

ALLEN WILL BE REQUIRED TO REGISTER IN NEW BILL - ATLANTIC CITY, N. J., Sept. 27 - A bill for the registration of all aliens in the United States will be introduced by the next congress, James K. Beck, solicitor general of the United States told the convention of the American Bankers Association at the Atlantic City pier today.

Lloyd George Will Speak in American and Canadian Cities

NEW YORK, Sept. 27 - David Lloyd George will reach America on the Mauretania October 6, it was announced today by Sir Alfred Pope, the former premier's representative in the United States.

MAKING GOAL A POLITICAL ISSUE IS PLAN

Effort is Being Made to Discredit Governor Pinchoff's Settlement of Strike. Opponents Claim Same Discriminated Against Other States. Competitive Market Needed in New England is Claim.

WASHINGTON, Sept. 27 - President Coolidge's coalition and follow-up in Massachusetts have been a campaign to discredit Governor Pinchoff of Pennsylvania, who is widely regarded as a rival for the Republican presidential nomination.

Not content to operate since Governor Pinchoff has recommended that they absorb ten cents, will pass on one remaining 50 cents of the 60 cents which it is estimated will be the increase in the cost of mining a ton of coal under current conditions.

Competitive Market Needed - The remedy is to establish in New England a competitive market for domestic fuel by turning from anthracite to other fuels.

Opposition to Pinchoff - These same observers expect that republican bankers will attempt to spread hostility to Pinchoff throughout New England.

Distillery Robbed of Fine Whiskey - BRISTOL, Pa., Sept. 27 - The Philadelphia Pure Rye Whiskey Distillery was robbed of thousands of dollars worth of whiskey today by a gang of men.

Mother of 14 in - BOISE, Idaho, Sept. 27 - After bearing 14 children, Miss Pauline Young is seeking a divorce from Richard Young.

VETERAN WHO MADE SENSATIONAL DRIVE

HAYWARD THOMPSON. The above is a recent picture of Hayward Thompson, who made the sensational drive through the streets of Twin Falls and to Buhl while blindfolded. Great throngs gathered in front of The Times to watch remarkable feat.

Special Session of Congress Is Asked

Senator Borah of Idaho Renews Suggestion About Giving Homesteaders and Farmers Forty Years to Pay Instead of Twenty. Six Important Suggestions Offered to President.

WASHINGTON, D. C., Sept. 27 - Calling for an extra session of congress immediately, a delegation of northwest bankers and business men today held before President Coolidge two measures for assisting wheat farmers and agriculturists generally.

1. Immediate revival at an extra session of congress of the United States Grain Corporation as a marketing agency for grain surpluses.

2. Creating a board of commission to advise farmers as to acreage that can profitably be planted in various crops, so as to prevent a glut of any one crop.

3. Appointing a board of commission to advise farmers as to acreage that can profitably be planted in various crops, so as to prevent a glut of any one crop.

MARITAL LAW WILL CONTINUE IN OKLA. - OKLAHOMA CITY, Okla., Sept. 27 - Marital law will remain effective in Oklahoma until "all traces of domination of the visible government of the state by the invisible government of the Ku Klux Klan is removed."

Distillery Robbed of Fine Whiskey - BRISTOL, Pa., Sept. 27 - The Philadelphia Pure Rye Whiskey Distillery was robbed of thousands of dollars worth of whiskey today by a gang of men.

Mother of 14 in - BOISE, Idaho, Sept. 27 - After bearing 14 children, Miss Pauline Young is seeking a divorce from Richard Young.

SENSATIONAL DRIVES MADE THROUGH STREETS OF TWIN FALLS TODAY

Remarkable Feat Would Indicate That Hayward Thompson Has Sixth Sense or Remarkable Intuition; Drives to Buhl and Back Without a Mishap; Parks Car and Drives Upon Filling Rack at Service Station; Great Throngs Greet Sensational Drive; Moving Pictures Taken of Event.

Defying all explanations and ignoring the black bandage of 10 thicknesses of satin which covered his eyes while it did not obscure his vision apparently, Hayward Thompson made good all his bets over his drive through the streets of Twin Falls to Buhl and back.

Whether it was hippic or intuitive knowledge which guided him on his journey it was the most remarkable demonstration of the kind ever witnessed in Twin Falls. Thompson is indeed a marvel and possesses some power unknown to the ordinary individual.

The increasing interest shown since the publication of the Times stories in regard to the marvelous achievement had been subject to heated discussions on the streets.

GOVERNMENT MAY CONSTRUCT BOULDER DAM ON COLORADO

WASHINGTON, Sept. 27 - The government's opportunity to buy its obligation to world war veterans in the development of the Colorado river basin and provision here of good farm homes for ex-service men, Gov. George A. Hartman, El Centro, Calif., is chairman of the American Legion, told President Coolidge today.

Representative Swine, California, urged on Coolidge necessity of government increasing of the Colorado "before a disaster occurs."

WASHINGTON, Sept. 27 - Sentiment exists among high officials who are members of the federal water power commission to solve the situation caused by the objections of Arizona to the Colorado river project.

It is believed by certain of these officials that such a dam would be a paying proposition for the government. Such a recommendation may be adopted by the American Legion.

OFFICER AND PRISONER KILLED - DURING FIGHT - DALLAS, Texas, Sept. 27 - Willis Champion, assistant judge, and C. E. Galt, under a fire, were killed during a fight between the Dallas police and a group of men.

PROHIBITION OFFICER REFUSES TO DISMISS CHARGES IN CAPITAL - WASHINGTON, Sept. 27 - Prohibition Commissioner Hayes will ignore an ultimatum from District of Columbia commissioners that he must dismiss certain prohibition enforcement agents.

IDAHO WEATHER - Fair tonight; Friday fair and warmer; Saturday fair and warmer.

Continued on page 1.

SOCIETY

Phone Society to 38.

District Federation of Clubs—The twenty-third annual meeting of the First District Federation of Women's clubs is being held at the McCammon room, with some sessions yesterday. In McCammon, The Twentieth Century club will meet at this convention and officers of the club would have had a vote had they been in attendance at the meeting, but many ladies who had planned to drive to McCammon were unable to do so on account of the rains yesterday and the next two nights, which have made some of the country roads impassable. Mrs. Orr Chapman, president of the Twentieth Century club, and Mrs. M. J. Swedley, general federation director, are representing the local club at the McCammon meeting.

Delegates for State Federation—At the business session held at the close of the reception of the Twentieth Century club on Tuesday afternoon, the following ladies were chosen as delegates of the club to attend the State Federation of Clubs meeting to be held in Boise next Wednesday, Thursday and Friday, October 3, 4 and 5. Mesdames Norton, Fitzgerald, E. Wolfe, Packard, Whelan, C. R. Scott, Young, Jones, Dawson, and Humphrey. Mrs. M. J. Swedley, Mrs. W. Orr Chapman, and Mrs. H. W. Clouche, and Mrs. C. J. Schroeder will drive out at the home of Mrs. W. Clouche, their officers in the Twentieth Century club.

Sewing Party—On Wednesday evening Misses Gertrude and Mary were entertained at their home on Walnut street as an especial courtesy to Misses Cora Zandberg and Josephine Camelinan of Nampa, who were guests at the home of Mrs. Lawrence Klingstad.

Blue Triangle Party—The staff of the Blue Triangle club entertained last evening at the high school with a party of the members of the club and young girls of the church, the officers of their club, and the teachers of the high school. The program was the feature of the evening being opened with an address of welcome by Valen Flowers, an officer of the club. A short burlesque "The Cactus Follies" afforded much merriment and amusement to the guests, as it depicted a young man taking his best shot in the "Cactus Follies in his flitzy, and his trials and tribulations in route. A "Chalk Talk" by Donna Dewey was much enjoyed, a song "Home and Juliet" by Misses Kieffel and Hays Duke, and other numbers made a splendid program. A large number of the friends of the members of the club were present, and enjoyed the entertainment. Refreshments were served at the close of the evening's entertainment.

Church Reception—All the members of the congregation of the Methodist church and friends are cordially invited by the church officials to attend the church reception to be given on Friday evening in the church parlors. The new pastor, Rev. C. L. Witting, and Mrs. Witting, and Mrs. L. E. White, former pastor and his wife of the church, and also the teachers of the city schools. The reception will give a short word of welcome, followed by a "community sing" led by the new pastor. The members of the church committee in charge of this affair, and also the official board, had all members make a special effort to attend this reception since it is really the church's party, and there will be so many guests, that the members must be there to extend a cordial welcome.

Yemen Meeting—The Yemen lodge meeting will be held on Friday night at eight o'clock in the club rooms of the Business and Professional women's club. At this meeting plans and arrangements will be made for the annual children's festival, and it is hoped that all members will make a special effort to attend.

Bechtie Meeting—On Wednesday evening twenty-five of the Second ward Bechtie girls, some of the officers of the district, and the teachers had a lovely social hour and a good business meeting at the home of Mrs. Geo. Sandholtz. Due to the almost impossible conditions it was impossible to arrange and divide the evening, but this will be done at an early date. After the business meeting, the young people danced.

and played games and had a generally good time, refreshments being served by the hostesses at the close of the evening's entertainment.

Club Meeting—The Music department of the Twentieth Century club will meet at the home of Mrs. D. I. Alexander at 1205 Poplar avenue on Monday afternoon at 2:30 o'clock. This is the first meeting of the winter and is naturally a very important one.

Local Football Star—Hurt—The many friends of Leonard Scott, the captain of last year's high school football team, will rejoice that he was recently hurt in football games at the University of California in football where he is a student this year. He had already made the Freshman class team, and prospects for his athletic work for this winter were bright, but the lacerations in his knee were torn in such a way as to make it impossible for him to play any more this year. Mr. Scott had been playing for the Pal Shams Glee and Fraternity to which Coach Bryant of the high school belongs.

Harmony Club—Members of the Harmony club were entertained on Wednesday evening at the home of Mrs. Ernest White at a new o'clock luncheon. Bridge was played during the afternoon, high scores being won by Mrs. A. W. Gordon of Idaho.

Mr. and Mrs. H. C. Beach are in Boise for a few days.

C. E. Wright has been in Odeon on a business trip buying goods for the Wright department store.

Mrs. M. J. Swedley and Mrs. M. J. Swedley are in McCammon attending the District Federation meeting of the first district. They are expected to return to their homes tomorrow.

Menor Club—At the meeting of the Menor club held on Wednesday afternoon at the home of Mrs. George Justice, it was announced that the next meeting of the club will be Wednesday afternoon, October 3, at the home of Mrs. C. E. Shewey. The meeting was a very enjoyable one.

Walter Louisa Social—Last evening the Walter Louisa of the Lutheran church celebrated their regular monthly social meeting at Tom's cafe. Before making an able speaker, Mr. Hotcher, who is president of the club, and also a member of the league acted as toastmaster. Rev. Gilmer, pastor of the Lutheran church, made an address on publicity. Rev. C. E. Spake spoke to the young people, using as his subject, "Onward, Walter Louisa." Mr. Hotcher was connected with young people's Christian organizations for a number of years and is quite an able speaker. The members were unanimous in their vote that George Gilmer and F. H. Hotcher uphold their growing faith as after dinner speakers. A number of young people were present in spite of the bad weather and a most enjoyable evening was spent. Before making all members sang together the International Walter Louisa song, "Onward, Walter Louisa."

Addison Avenue Club—On Wednesday afternoon the Addison Avenue social club met at the home of Mrs. M. A. Stron for their regular meeting. No program was prepared for the afternoon as all the members had been unusually busy with other matters the past two weeks, but a very pleasant two-hour was spent. Misses Marygrove and Mildred Williams were guests of the club at this meeting. The next meeting of the club will not be held until October

25, on account of the extra calls made on the time of the ladies at this season, this dispensing with one of the October meetings.

All Day Sewing Party—On Tuesday the members of the Ladies Aid of the Baptist church met at the home of Mrs. Cazen on the Blue Lakes road for an all day sewing party. A picnic luncheon was furnished for the occasion. The sewing was done for the November which this society will hold in November.

Episcopal Guild Meeting—This afternoon at the home of Mrs. T. R. Peterson on Ninth avenue north, the church held their weekly meeting. The third meeting of each month the program of the Guild is given to missionary study. This afternoon, Mrs. Henry Hooper is in charge of the program which will be The Sunday Work of the Episcopal Church in Mexico. Quite an interesting program was worked out on this subject, showing the accomplishments of the church in the Mexico field. Refreshments were served, and a good meeting was held in spite of the weather.

... AT THE THEATRES

BLIND DRIVER AT IDAHO
Mr. Hayward Thompson, the man with the sixth sense, who made an enormous attendance on our downtown streets today, will make a personal appearance on the stage of the Idaho theatre tonight immediately after the first show of playlets. Mr. Thompson is first introduced in the pictures of Idaho, taken by Pathé News in Denver. He will try to explain to the audience the method by which he accomplishes his marvellous feats. Mr. Thompson has made numerous appearances in the largest theatres of the country such as Grauman's in Los Angeles, so it will be a treat to host him here.

BARKLIMESMAN'S SPECIAL
"DREAMS OF 'BRIGHT SHAWL'"
A picture representing the most beautiful undertaking Richard Barklimes has yet made for the screen is being shown in the Orpheum theatre today for an engagement of three days. It is the film version of Joseph Herpold's tremendously popular story, "The Bright Shawl," dealing with the days of Spanish oppression in Cuba. In order to obtain the proper atmosphere, a large part of the story was filmed in Cuba, the balance being made in New York.

BY
TEST

You've Tried
the Rest
Now Try
the
BEST!

—HAYWARD THOMPSON

Alworth Service Station,
Twin Falls, Idaho.

Twin Falls, Idaho,
Sept. 27, 1923.

Attention Mr. Earl G. Alworth

Dear Mr. Alworth:
Allen's Oil and Gas? That's easy! I use it for reasons that should make it the choice of every motorist. We mutually agree that more mileage means more smile-ages! Correct? The lubricating oil is above par. Perfect lubrication of the motor, plenty of grease in the grease cups, a tank full of Allen's gas and away we go for a drive, be it business or pleasure, that will not be marred by an empty gas tank, hot bearings, nor the "killjoy" squeaks that make an automobilist revert to the type of generations past. Tell Mr. Allen for me, that as long as I can obtain Allen's gas and oil and find a service station that has a grease rack as efficient as yours, he will never hear me plagiarize Henry Ford by muttering, "My kingdom for a horse!" Tendering my sincere good wish for your continued success, I am,

Sincerely,
HAYWARD THOMPSON.

DOINGS OF THE DUFFS— Tom Should Have Been Running for Office —By Allman

NEWS OF THE SPORT WORLD

U. S. MAY NOT BE ABLE TO SEND TEAM TO OLYMPIC MEET

BY HENRY L. FARRELL.

Three Hundred Thousand Dollars Needed to Send American Athletes to Paris Next Summer. Appeal is Sent to Large Cities for Help.

NEW YORK, Sept. 27.—Response to the appeal for funds to finance the American Olympic team has been so poor that the committee frankly admitted today they might be unable to go through with all the plans made for the team. Unless more interest is shown by the public in contributing to the fund needed to send the team to Paris next year, the number of athletes will have to be restricted and other retrenchments made. The committee needs \$300,000 to send a representative team to Paris and maintain it there in first class style as the committee feels that the United States athletes are nowhere near that amount.

JAMES J. JEFFRIES AS LECTURER

Diamond Squibs

Hubie Bush has been fined one cent for not exceeding his home run limit. Lytle Higbee, reputed to still be a pitcher, has been added to the Louisville staff. Halthorn has sent Sewell-Dixon, young infielder, to Frederick of the Blue Ridge league. Jimmy O'Neill, shortstop has been sent by the Washington club to New Haven of the Eastern. Runyon says Hughie Jennings will manage the Braves next season. And Hughie such a nice fellow. The Shreveport club has recalled Pitcher Harvey Harris from Marshall of the East Texas league. The dope from Muskogee is that Pitcher Jimmy Lowy, Brownouth has been sold to the Cincinnati club. Fred Marberry, Little Rock, Southern association club pitcher, has been sold to the Washington Senators. Joe Klumback, star second baseman with the Des Moines Western league team, has been traded to the Brooklyn club. Leslie Mann, National league outfielder, is quoted by Tribune as saying he had quit professional baseball for good. Billy Bagwell, one of the Boston National league, has been released to the Worcester club of the Eastern league.

PIGSKIN DOPE

BY GOBIT.

Word comes from Hupert, that the Michigan coach, who will visit the Twin Falls through, duck and fish, feeling that the school that uses the pig and white, in the interest of the charges brought against them.

This attitude taken by Hupert and Professor Turner and Professor Culbertson to be at the head of an institution that stands for a principle.

Sticking in Twin Falls in this erudite content in the Report high school. First, they had a good deal of money for new equipment this year and figured on the year, schedule to pay the deficit.

Finding themselves with the equipment, and no camera, didn't face the Hupert. Hupert would they do without games and stick to what they thought was right. Hupert, in full knowledge, knowing they had wronged a school in the district.

The final date has not been set for the Twin Falls state at Hupert, but whenever he plays the case of lane-can't get assured that Twin Falls will be along, considering of rosters, not alone to help the team but to salute and mingle with the other teams in the same apartment without an equal.

The local team is fast, round, tight and mean from, and within a week will be ready for all comers.

Every effort is being made to schedule games but it is a trifle early for replies.

SPECIAL SESSION OF CONGRESS

(Continued from page 1.)

farm products he made immediately.

2.—By Representative Sydney Araman of Minnesota, that the tariff on wheat be sharply increased under the flexible provisions of the tariff law.

3.—By Representative Sinclair, of North Dakota—that the Norris-Sinclair grain marketing bill be recommended for passage at an extra session of congress. This, and the wheat and wool marketing bills, were taken up for consideration.

4.—By number of members of congress—that the price of wheat be fixed at a figure that will pay cost of production and leave a profit.

5.—By Senator McNary, Oregon, that more adequate credit facilities be assured the wheat farmer.

WASHINGTON, D. C., Sept. 27.—Senator Charles McNary will present a definite plan of farm relief to President Coolidge at the White House today, and will strongly oppose the suggestion of a committee of northern bankers that the United States grain corporation be revived as an extra session of congress as a means of saving the wheat farmer.

6.—By Senator McNary, Oregon, that more adequate credit facilities be assured the wheat farmer.

Among the business of South Africa if a man dies his brother inherits his law and speed, and the wife and children.

Custom Order Making (fit the order from your own supplies).

All Newspapers Appear Under Own Captions in N. Y.

NEW YORK, Sept. 27.—New York newspapers abandoned their combined heads today, each paper appearing under its individual heading for the first time since the "collar strike" of pressmen.

Under an agreement the papers will be limited to 16 pages for the present, due to the shortage of print paper, caused by the sympathetic strike of paper handlers.

This condition is expected to be relieved by the end of the week, according to the shortage of print paper, they plan to resume to normal size.

500 SHEEP DROWNED. FRENCHOT, Aug. 27.—Eight hundred sheep were drowned when a cloudburst struck the Williamson valley. It was heavy here today. Storms of the past week have done considerable damage all over western Arizona, particularly to roads.

Idaho Theatre advertisement for 'The Last Man' featuring Zane Grey's story, now showing at 2:15, 7:15, and 9:15. Includes cast list and showtimes.

"What did he ever do?" is the argument of the ignorant.

So many of us want this kind of liberty; we want the liberty to run over somebody else.

They say sleeping out of doors makes one beautiful. This accounts for the charming appearance of our babies.

The Modern Woodmen of Twin Falls have taken a flying start in the drive to get ahead of the Capital City. Great speed has been shown so far and there does not seem to be the slightest tendency to emulate the hare that huffed on the job until the tortoise won the big end of the purse.

Speaking of things that worry, the rain yesterday stirred a lot of folks with grave misgivings lest it should ruin the bean crop. Speedy assurance that unless there should be a week of rain no harm would be done had a bracing effect on those who for the first time had a fine crop of beans and who had not been able to get them threshed.

It is interesting to follow that the reservoir on the line from Rogerson to Wells is going on rapidly and is now approaching a satisfactory conclusion. The greatest evidence of the certainty that the road will be completed at an early date is the activity displayed by those who, if apparently reliable information is to be taken as correct are representatives of the Guggenheim interests, which in turn are undoubtedly heavy stockholders in the Union Pacific system. The interests which these men represent would not put money into Contact without knowing that the road would go through. Those who are not identified with the large interests and have no inside information have sometimes become impatient because they could not see the wheels all go around; but if they would watch developments in Contact, their fears would be allayed.

Report of Condition of THE TWIN FALLS NATIONAL BANK at Twin Falls, Idaho, at the Close of Business on September 11, 1923.

1. Loans and discounts, including redemptions, acceptances of other banks, and foreign bills of exchange or drafts sold with indorsement of this bank (except those shown in b and c)		\$449,553.20

Brings Your Choice of These Three Splendid Models for Your Next Washday

A Remarkable 30-Day Offer On the 3 Best Electric Washers Made

This is the largest and most important Electric Washer offer we have ever attempted because it compares all three of the wonderful machines manufactured by the Hurley Machine Company, makers of the famous Thor for more than thirteen years.

The three most back-breaking tasks of domestic washing can be made a pleasure in your home if you will select one of these splendid washers, now. Each model, either the Thor model 32, model 25 or the new Oscillating type Hurley washer in your home, and the balance is payable in easy monthly terms.

THOR MODEL 25 is the popular see family washer that meets the requirements of thousands of satisfied householders. It is the best cylindrical machine on the market, and sells at a popular price.

THOR MODEL 32 has larger capacity than the other models and is especially adapted for use in large families. It is of all metal construction with heavy castings.

The New Hurley Oscillating Type Electric Washer

\$99 Cash \$110 Terms

The best Electric Washer we have ever offered for the price. The Hurley engineers who designed and perfected this machine, had one big thought in mind—perfect construction, long service and LOWER PRICE.

The simple control is operated with an oscillating motion, washing the water in a figure 8, continuously churning the clothes through washing sides.

You must see this washer to appreciate its worth, visit our Electric Shop.

Studebaker

"YOU CAN BUY A "LIGHT SIX" STUDEBAKER BLINDFOLDED"

—HAYWARD THOMPSON

was the statement of the ex-marine after finishing his sensational "blind" drive to Buhl and return this afternoon. Thompson uses the Studebaker for his hazardous performance and in spite of his uncanny ability, is a young man who appreciates value and dependability in a motor car.

READ!

Twin Falls, Ida., Sept. 27, 1923.
ATTENTION
J. A. Barrett Automobile Co.,
Twin Falls, Idaho.
Mr. J. A. Barrett, Mgr.
Dear Sir:

Now that it is over and you have tendered congratulations that are sincerely appreciated, I take the liberty of returning the compliment by assuring you that the order should be reversed. Truly, I must emphatically disclaim all credit for the wonderful performance of the "light six" Studebaker during my "blind" drive to Buhl today. In a word, the Studebaker performed as usual. I expected it to perform perfectly and today, as in the past, it did not fail me.

To be brief and to the point I tender you and the Studebaker a compliment worthy of the consideration of the motoring public. You, for your splendid judgment for handling such a sturdy car and the Studebaker for its perfect performance, for me, during the past eight months. The perfect functioning of every unit of an automobile, considering the nature of the performance we naturally agree that the element of safety is a prime factor. During the past fourteen months in my tour of the U. S. I admit I have used many makes of motor cars. My final selection was the Studebaker. It has never failed me.

To make further comment on the mechanical construction of the Studebaker and to lapse into details would be a waste of words. We who drive the Studebaker know its true worth and my final good word is—the Studebaker is a woman's car that every man should drive. Thanking you for the splendid service tendered me by your shop foreman and the co-operation of Mr. Dean, I am,

Cordially and Sincerely,
HAYWARD THOMPSON.

Thompson and His Studebaker

SPECIFICATIONS

LIGHT SIX

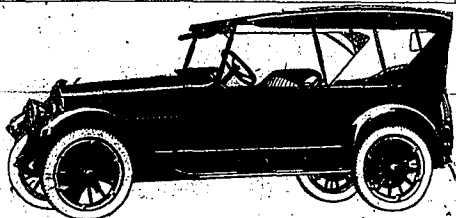

SEATING CAPACITY—Five passengers.
WHEELBASE—112 inches.
WEIGHT—2,550 pounds.
MOTOR—Six cylinders, 3 1/2 inches by 4 1/2 inches, cast en-bloc, with upper half of crank case cast integral; detachable cylinder head; 40 horsepower; three-point suspension; valves act at an angle of 26 degrees silently operated by ball crank construction; three timing gears driven by silent chain, with convenient outside adjustment; 10 inch connecting rods; 4 bearing crankshaft; connecting rods and crankshaft machined on all surfaces.
LUBRICATION—Splash and positive distribution.
CLUTCH—Single disc, dry plate type.
DRIVE—Hotchkiss.

THE SPECIAL SIX

SEATING CAPACITY—Five passengers.
WHEELBASE—110 inches.

ZR-3 AND INTERNATIONAL AIR DERBY

Above, the ZR-3 nearing completion for the United States at Friedrichshafen, Germany. This ship is a reparations payment and will be used by the government to chart the way for future commercial airlines in this country. Its mission will be one of prosperity promotion since under allieed agreement the cannot be used for military purposes.

Community Building

EXAMPLE-COUNTS FOR MUCH

When One Citizen Makes Exterior of Home Attractive, Others Will Be Found to Follow.

A systematic effort has been made for several years in Cass county, Tex., by the house-demonstration agent to induce a greater love for his country by making it more attractive on the exterior as well as on the interior. As a rule where one finally makes the yard attractive with plantings and gives the house a freshening coat of paint or whitewash, others in the community soon follow.

Emphasis has been placed on neatness and suitable plantings which would be possible for even the smallest home. Plantings can be achieved at small expense. If fences, gates, and steps are kept in repair. Trees, flowers, grass, shrubs, window boxes and bird-flower beds cost relatively little to the members of the family are all willing to do their share in planting and caring for them. The extension work on has brought out these points in encouraging the rural people to improve the exterior of their homes. The United States Department of Agriculture has received a report stating that since home beautification work started in this county four years ago there has been the greatest interest in a better understanding of artistic planting and the farmer hit or miss color masses of flowers, there is considerable harmony. Many yards and lawns are seen everywhere, even in the poorest rural homes. There has been an annual flower show at the Hughes Springs community. This year there was both a flower show and a chrysanthemum show in the county. Several women are making a successful business of selling hoes, plants, slips, seeds, stumps, and other things in cases where it has not been possible to plant, the home has been white-washed. More homes are being repainted, more homes are being repainted, and screened than ever before.

BELONGS TO EVERY CITIZEN

Community Building and Gymnasium in Maine Town First of Its Type in the State.

First of its type in Maine will be the new community building and gymnasium that is being erected in Bangor, a correspondent there asserts. In Washington county, in a paper-mill town that grew up suddenly in the woods like a mushroom, the building has been materialized which provides for a one-story structure, 60 by 50 feet, with a basement. It will accommodate 200 persons for dancing, games, and other amusements. It is a stage that may be raised out of the way when not needed. It is being built on a picture book in compliance with the state law, storage capacity for extra seats. This will accommodate 200 persons for dancing, games, and other amusements. Other towns in the state are considering the construction of this building. It is a community building which will multiply home—at moderate cost, with possibilities for great service.

Bird Protection Good Insurance.

The bird-lovers of Brandon, Man., are enjoying this summer the fruit of their labors. Although the authorities to have the fair grounds set apart as a bird sanctuary. It is a splendidly wooded, and abundant trees, shrubs, and lawns, to attract and retain a great variety of birds; and as they find themselves safe within its precincts, more and more birds will take advantage of the situation. This is an example—fortunate not only to the birds but to the people in every community that can offer the birds anything of the sort. This is not only a more argument for the general policy of setting aside bird spaces within the town's small limits, but it has the additional advantage of setting up a permanent demonstration agent against the abuses of insects that prey on village gardens and city parks as well as on the crops of the rural agriculturist. Many birds are the best insurance.

The Old Garden Boys.

Fruit trees in the home garden are worth more attention than they ever were before, because the country's supply of fruit is not keeping pace with the demand. It is advisable to keep careful watch of newly set trees and to rub off any buds that are not wanted. This is done by cutting them off. It is called, can be kept up advantageously for several years, and no other cutting will be needed unless branches have developed which cross each other or which have been broken. Pruning.

Has Done Splendid Work.

Dr. A. McKeever's train of making American cities and communities better places in which to live brought him to the attention of the half-dozen community welfare centers for buildings, as many new city halls, thousands of beautiful lawns, miles of paved streets, wide ways and more than fifty playgrounds and parks of cities in Oklahoma during the latter part of his career. He was in the center of the construction of the city of Tulsa, Okla., under his direction, according to Betty Kelly, state editor of the Daily Oklahoman.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America)

NEAR EAST WANTS SCOUTING

The Near East relief after a number of experiments has decided the boy scout program of high ideals, constructive work and wholesome play is the best means of restoring morale, health and aim in life to the boys of that weary land who have suffered such cruel effects of the World War. The American committee has turned to the Boy Scouts of America for assistance in securing trained leaders to carry on scouting in Armenia and the surrounding territory. In Armenia there are at present 6,000 scouts, and three times that many boys eagerly awaiting leadership. The largest orphanage in the world at Alexandropol in the Caucasus, caring for 17,000 children, is another example of the vast field into which Near East offers the worker in child welfare.

By its present program the committee carries fully for 54,377 Armenian orphans, and feeds 50,000 more. There are thousands for whom nothing is done. Food, shelter and clothing are the major items of expense and need. But the main objective is to instill into these boys and girls hope, faith and ideas that will develop moral and spiritual leadership for the coming years. This can be accomplished through a well-planned program of study, work and play, and thus scouting can play so important a part.

The brotherhood of the scout movement has been strongly denominated by the good turns of American members for their afflicted friends in the Near East. In scores of cities and towns our scouts have achieved noble records in donations of money, attention, and in the collecting of clothing for the orphans and in the preparing of bundles for shipment.

At the time of the recent induction into scouting of Governor Davis of Kansas, a big piece of work for the Near East was in progress. Standing on the state-house steps, the governor made the great scout promise and was installed as a "thousand-dollar scout." A bodyguard of scouts saluted the distinguished new member, and then promptly set him to work packing up his gear. The bundles amounted to a carload.

SCOUT MAKES BRAVE RESCUE

Five weeks a scout and then a hero is the record of Albert Bentley of the American Legion scout troop, Battle Creek, Mich.

Scout Bentley and eleven-year-old Mark Kinley were on the ice of Battle creek about fifteen feet from shore, when the ice gave way and both boys slipped through into water eight feet deep.

Although the lads were good swimmers, they were handicapped by their heavy coats and clothing and could not swim. Bentley, however, remained afloat, and the scout finally struck a solid place in the ice, climbed up and was starting for the shore when he saw that his companion was still in the water and crying for assistance. Bentley, therefore, from his icy bath and under the cold wind that blew from his distressed clothes, hauled back over the treacherous ice and dragged the manly boy to safety.

The scout, when asked about the affair, related it in a matter-of-fact, brief way, devoid of any thrill. Despite the most accounts, the heroism of the boy will be brought to the attention of the local court of honor.

BOY SCOUTS' VETERAN FLAG

Boy scout troops that have served in the World War have been in the front lines of the war, naturally take considerable pride in their classification as veteran troops. The special veteran troop that now exists for these groups is identical with the familiar red and white troop flag with the green streamer, but the American Legion gold upon a diamond-shaped field of blue muslin.

"A SCOUT IS CHEERFUL"

A good turn that required real scout citizenship to bring it to a successful conclusion was the following performed by a twelve-year-old member of the Milwaukee "Eagle" in his grandfather for an hour and a half from a book that I did not understand.

BOY SCOUTS AS FORESTERS

Little Sam was the beneficiary of good turns by scouts of the Little Park (Colo.) region, when a number of these lads co-operated with the government forester in the protection of the 1,000 trees. A half a century ago the Indians are reported to have ruthlessly cut down the forest in the area, and the game. Today some of the Boy Scouts of America with their program of construction, adding in repairing the destruction of the forest, by planting where nature has failed to reforest.

WHY YOU ARE WHAT YOU ARE

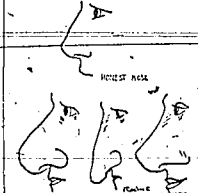

By EDNA PURDY WALSH

IS HE CONSCIENTIOUS?

The honest one shows a healthy development of conscientiousness. The owner of such a name will fight for a right principle in an open, fair way.

A large faculty of conscientiousness is shown in the nose of logical reason. When this faculty is well developed in an intelligent head it gives a large tip that comes being the certain of the nose, as well as the outward curve of the nose, central part of the forehead where the faculty of comparison is located. With it goes a critical appearance, keen, closed and tremulous eyelids, or vice versa and the other tremulous.

There is not an upward line of hope about the nose of ambition and pessimism. He sees only the faults

LEADER, HUNTER, GEORGE, SPYMASTER

In systems, organizations, institutions, and people. With such a nose the faculty of destructiveness at the tip of the ear on the hand will be well developed. The sympathetic nose is lacking in conscientiousness in its upper extremity, it is a kindly feeling nose, and the emotions here are predominant in the individual instead of the will. Who shall say, however, that opportunity given at the right time to a brother, is not as valuable in the place as is conscientiousness and the ability to act by facts for him? Especially in the power that makes conditions sometimes to such an extent that the individual will seek for a less emotional field to fight the wrong conditions for his friend.

Humor of the Innkeeper. "Seems to me," said the ladder, "I'm always up against it."

PERSONALS

Frank Clever left for Portland, the guest of Mrs. Carl Nohle, his sister.

Alvin F. Hanchman is back from a trip to California.

Julius Davidson is here gathering statistics for the federal agricultural bureau.

Miss Iva Guthrie has come back to the University of Washington at Seattle.

Mrs. E. E. John of Miramichi is taking treatment at the Royal Hospital.

Miss Gladys Hanson, daughter of C. J. Hanson of Hansen, and granddaughter of Mr. and Mrs. John E. Hanson, will be here to enter the office of the White Pine Lumber company.

The sure-footed, lion's mane, All-Weather Tread of a Goodyear Cord is the best insurance you can have. The high, thick, sharp-edged blocks of that famous tread dig wedge-like through mud or snow to slip-footing, carrying on steadily on coming to a sure, safe stop. As Goodyear Service Station Dealers you will receive the best of all tires. Get with the best of all. Goodyear tires are made with standard Goodyear compounds.

Good Year. "Wanted: Made the Women's Team."

UNFOLDING VEY JARES

(Continued from Page 1)

The next stop was made at the Alworth service station, where he further replenished his supply of gas and, driving upon the rack, drained his car. The next stop was made at the Troy laundry where various sorts of clothes, collars and blankets were checked out and their color designated.

At the edge of town he made a mistake due in no way to lack of proper grasp of direction but due to failure to realize where the road turned that led to the west end metropolitan. This resulted in his turning to the right instead of the left, and driving a mile before he discovered his error. "Am I on the road to Buhl?" he asked, and when informed that he was not, he promptly turned and

made the proper connection which sent him on his way to that town. What-nationed folks more than anything else was the rapidity with which Thompson made turns at the street intersections in an immense town without adding. Extra drivers did not cease to marvel at this, and none of those who followed the Troy laundry were able to initiate him fully in this respect. He always gained in the turn.

Thompson was in most intense nervous state during his performance. "Do not talk to me!" he said nervously when a suggestion was made to him, and at times he seemed on the verge of giving away, especially when going slowly, but he never lost his grip at any time. The universal sentiment was that the exhibition was the best ever seen in this city.
