Mrs. E. B. Johnson Honored—On Friday evening Mrs. Harry Eaton and Mrs. D. H. Atkinson entertained jointly at home of Mrs. Eaton on Hill Lakes boulevard as a farewell party to Mrs. E. B. Johnson who will leave the middle of this month to make her home in Seattle. The home was beautifully decorated for the occasion. Mrs. Johnson's guests, carrying out "Hallowe'en" ideas and music, presented for the guests, Ghosts, cats, and the witch with her broom. "Hallowe'en" pot all made their appearance in proper order each with its own point of entertainment for the visitors. A real shower was given the honoree when she entered the dining room—over her head a large yellow and black paper bag, rattle, a shower of handkerchiefs upon all designs were included in the downpour. A three course supper was served at a late hour.

Old Lady Thirtiety—During the winter this division of the "Washington Center" works for the benefit of raising money for the general club fund, and at the meeting of the literature division on Friday afternoon at the home of Mrs. T. K. Blacker it was announced that the "Old Lady Thirtiety" will be started next month. Mrs. M. W. Kunkley gave a review of "The Mine With the Iron Heart" by Mrs. Harry Morton. Mrs. Kunkley brought out the wonderful understanding that the author has of Indian characteristics and the feeling of the red man toward the white man, as is characterized in the novel "Natchez" in the book under discussion. Mrs. Blacker served refreshments to the members at the close of the business session and the program.

Mrs. Aber Wilson Hostess to Luncheon Club—Today at her residence on the corner of Second and Broadway east, Mrs. Aber Wilson entertained the members of the Luncheon club. Orange and rose were used in the decorations of the house and the luncheon table. A large basket of fruit formed the center piece and in the place cards the Hallowe'en symbols were used. Refreshments were served in the reception room. Mrs. Harry Morton, of Idaho was an out of town guest. The club members present were Mesdames Thorpe, Booth, Ostrander, and the Leans. Mrs. J. M. J. Sweeley and Wilbur Hill.

Van Hellens Welcomes Monday Evening—Miss Albertine Bennett and Mrs. Harry Booth will entertain the members of the Van Hellens club on Monday evening at eight o'clock at their home, 158, Seventh avenue east.

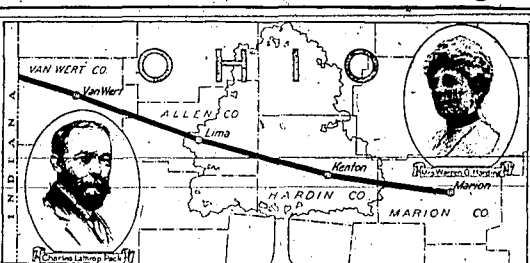

Past Matrons Honor Prominent Visitor—This evening the Past Matrons will entertain with a dinner in honor of Mrs. K. Iron, the Grand Visiter of the state organization of the Eastern Star. Mrs. Iron is here today, and will remain through tomorrow, then go to Hollister for a week with the Irons. She will return on Tuesday and make an official visit to the local Eastern Star order. A luncheon of honor at a banquet to be given on Tuesday evening by the members of the club to reserve place at the banquet is requested to notify Mrs. F. McNew, phone 721-J. Following the banquet there will be a Pastern Star meeting at the National Temple, and initiation will take place.

Bridge Party—This afternoon the Women's Auxiliary of the American Legion post in Filer entertained with a bridge party. The purpose being twofold: for a social event for the auxiliary and to raise funds for their welfare work and their Charitable contribution. This entertainment differed from most benefits in that the tables were all reserved by members of the Filer Auxiliary, and the ladies invited for the afternoon were members of the Auxiliary. No prizes were given. And a delightful social after-noon enjoyed by all. About one hundred guests were invited. The decorations of the hall were all in lavender and pink. Astors were used mostly in the decorations. A delightful musical program was given during the afternoon, and refreshments were served. A large number of ladies from Twin Falls were invited to this delightful affair.

Mrs. Addison F. With Larsen—This evening Mrs. Addison F. With Larsen will go to join Congressman Smith in his business trip in Boise. From Pocatello Congressman and Mrs. Smith will go to Sandpoint for a visit with friends with whom they will motor through southern California visiting many points of interest on the trip and also making a stop of several days in Los Angeles for a visit with Mr. and Mrs. Walter Smith, their son and daughter there. At the conclusion of their visit in California and Mrs. Smith will go to Pittsburgh, Pa. for a brief stay with their son and his family. Mrs. With Larsen will return to Washington for the winter. Mrs. Smith has been coming to the hotel at the Perline most of the time for the past week but has improved sufficiently to be able to leave this afternoon.

Reception and Tea—This afternoon Mrs. M. C. Mitchell was hostess at a reception and tea given in honor of the faculty members of the city schools and the wives of the members of the Twin Falls Board of Education. The house was prettily decorated with all kinds of fall flowers. Miss Ruth Beauchamp assisted Mrs. Mitchell in receiving the guests. The principals of the different schools assisted the hostess in entertaining during the afternoon. Mesdames C. R. Scott, C. E. McLain, James Fitzgerald and K. S.

First Memorial To Warren G. Harding

Ohio children will start the first memorial to Warren G. Harding, which will be a Road of Remembrance, starting at Lima, Allen County, and the road will be planted through to Marion, Ohio. Mrs. Harding has been invited to plant the first tree and Charles Lathrop Pack, president of the American Tree Association, of Chicago, will give certificates of membership in the tree planting army to each tree planted with memorial trees. It is expected the work started in Lima, will be continued beyond the Indiana Line and thus hook up with the Cannonball Trail. Plans are now underway for memorial tree planting from Marion to Canton, Ohio, and the tomb of William McKinley. Thousands are planting trees this fall and registering them with the American Tree Association. Mr. Pack has just been informed by the French Embassy that the French Minister of Agriculture has awarded him the title of "Commander du Merite Agricole" in recognition of his sending millions of tree seeds to reforest the battle areas.

QUESTION AND ANSWER BOX

(Conducted by Auntie Sue.)

Q. Dear Auntie Sue: Has there ever been any earthquake along the Oregon coast?—M. L. A. The coast and geologic survey says there have been several earthquakes off the coast of Oregon. The most recent one occurred January 31, 1922, several hundred miles off the coast.

Q. Dear Auntie Sue: Is there anything that will take out scorching flies? I have some that value very highly and have had the misfortune to lose them.—Phamphing you kindly.—Mrs. J. L. J. A. This has been recommended. To restore scorched flax, peel and slice two onions and extract the juice. Add to this one-half ounce of white soap, two ounces of Fuller's earth, one-half pint of vinegar, and when cool spread over

IDAHO FALLS BEATS BRUINS

13-0 IN HARD FIGHT GAME

Jenkins, Garrity and Timm Find Idaho Falls Line Regular Gibraltar; Team Fights Hard 'but is Unable to Cross Enemy Goal; Large Crowd Thrilled by Spectacle.

Outchargin' and playing superior football in the pinches, Idaho Falls high school football team won the state championship Twin Falls high school team at Idaho Falls Friday by the score of 13 to 0. In one hard-fought game over west in the eastern end of the state.

The Idaho Falls blockade men gained consistently throughout the game, although Twin Falls offered stubborn resistance when the Idaho Falls crew threatened their goal.

Showing mid-season form compared to the green line of the Twin Falls team, Idaho Falls made a wonderful showing.

The game was a few minutes old when Twin Falls realized that they had jumped into a real team. As they would the back field were unable to make consistent gains through the Idaho Falls line.

Eight minutes after the second quarter opened, Idaho Falls kicked the first score. The Idaho Falls line failed to drop kick goal.

Neither team was able to make any gains in the third quarter, although Twin Falls unlocked some beautiful forward passes that netted touchdowns.

In the fourth quarter, Idaho Falls made their last counter, when Russell intercepted the ball and carried the ball from the 25 yard line to the 10 yard line.

Twin Falls penalized 13 times for a total of 45 yards while Idaho Falls lost 20 yards on two penalties.

Person, Gessas, Edwards and Captain Russell did fine work for the Idaho Falls team. Person's work bore most of the blame for the loss of the highest order, and his general play throughout the game showed him a top-notch.

Garrity, Jenkins, Alvord and Timm were vice captains and the offensive work of Cron featured. Musm, playing his first regular game, also did a number of the right stuff.

The game in detail:
First Quarter
Twin Falls took the toes, and took the 20 yard line. Idaho Falls kicked out the 35 yard line. Laid out to move the ball a foot, and Person kicked out on the 35 yard line.

Person failed to make point, Cron getting through and blocking. Person kicked off on the 30 yard line. Forward pass failed. Twin Falls taking the 20 yard line. Edwards penalized five yards. Pierson won around right end for five yards.

In a normal point of view, the life of the agriculturist is the most pure and healthy of any class of men; pure, because it is the most beautiful, and rich can hardly find time to contemplate it and enjoy it, because it brings the city hurriedly before his eyes, giving him thereby the most excited notions of supreme power, and the most fascinating and interesting view of moral grandeur—Lord John Russell.

THE TRAGEDY OF THE IDAHO PRUNE.

It might be said that tragedy is written across the face of the 1923 Idaho Prune crop—tragedy for the producer and tragedy for the consumer, for the former cannot sell at an even narrow margin of profit the fruit he has labored to raise and the consumer therefore will not be given at a fair and reasonable price the fruit that is destined to rot on the trees of southwestern Idaho unless the market price picks up.

Something is radically wrong. Southwestern Idaho grows the best prune in the world a prune that can stand shipment to European markets—a prune that is rich in color and delicious in flavor. Indeed the southwestern Idaho prune should be and can be marketed as to bring a premium on the market, yet in face of one of the biggest and best crops of prunes grown in this territory, the bottom seems to have dropped out of the market and unless there is a sudden rise—growers stand to lose hundreds of thousands of dollars.

It might be said that Idaho virtually has a monopoly on the choice prunes, but it seems so far to be powerless to realize on such a tremendous asset.

But while Idaho prunes are threatened with disaster in the future in which they are grown, it may be estimated that there will be approximately 1,000,000 bushels of prunes raised in Idaho and weiser that will not be picked, the few prunes on the Chicago market are being offered at fancy prices to the consumers.

The Capital News in a receipt of a letter from a consumer at Frenchburg, Ky., written under date of September 28, of the present year, saying:

"I wrote to... asking the price of a box of prunes. I received the enclosed letter in reply. I thought perhaps these people might be interested in the price of prunes in Chicago."

The reply referred to, written by a large and responsible Chicago wholesaler and retailer of fruits, vegetables and groceries, under date of September 22, 1923, says:

"Dear Madam: Your card at hand and we have fresh prunes, that is the variety of blue prunes used for making dried prunes, at 20 cents a dozen. We can send you any quantity you wish at that price and can pack them in a basket."

So the Kentucky consumer, if she desires to taste Idaho prunes at all, must pay the fancy price of 30 cents a dozen on the Chicago market, while in Idaho where the prunes are grown, the market price has been so hampered down that it is very doubtful if many growers will ever get to the trouble of picking all of the fruit.

Need it be said there is something radically wrong somewhere.

THE VITAL RURAL PROBLEM

The low prices the farmer receives for what he produces and the high prices he pays for what he must buy involve several problems. But a more vital problem is involved in the cheapest thing the farmer uses. That is the country school. It is too cheap, reports received this year from about half the countries in the United States show that there are 28,000 one-teacher schools in these countries and that the average salary paid the teacher is \$729. This is that thousands of teachers regard even that low average as practically nothing. In 20 states 3100 teachers of one-teacher schools receive less than \$200 a year. In 32 states 4280 teachers receive between \$200 and \$400, in 34 states 5380 receive between \$400 and \$500, in 40 states \$500 receive between \$500 and \$600, in 42 states 16,222 receive between \$600 and \$700, in 45 states 16,392 teachers receive between \$700 and \$800 a year, or something near the average of \$729. More than half the teachers are thus accounted for but is little consolation to them to know that the other half receive more than \$729.

A circular on the salaries of teachers in rural schools in 1922 is nearly ready for printing for free distribution by the U. S. Bureau of Education, Department of the Interior, Washington, D. C.

BOYS AND GIRLS AT THE FAIRS

This is to be recorded as the banner year for boys and girls at the state and county fairs. The youngsters have been encouraged by the promoters of the exhibitions to make club and individual exhibits and these have already captured many prizes. At the New York State fair at Syracuse two entire exhibition buildings were occupied by the boys and girls with their exhibits. One building was devoted to the junior extension work and the other to school exhibits. The Rochester exposition also featured the junior work, notably the steel judging contest for boys and girls. Reports from other states tell of the encouraging achievements of the boys and girls at the agricultural fairs. It is more than likely that next year the exhibits of boys and girls clubs will be made a feature of practically every state and county fair in the United States. The country schools, the country newspapers and the extension departments of the agricultural colleges are behind the club movement and there is no doubt of its beneficial results. This fall and winter will witness the organization of thousands of corn, call and canning clubs, pig, potato and poultry clubs, in the rural schools and the youngsters will begin the work for next year's achievements.
